Ouachita-Central System.

Article V. of the Constitution of the Arkansas Baptist Convention provides that it shall be one of the objects of the Convention "to encourage Ministerial and Gospel and General Education. . ." For the accomplishment of this purpose, there have been organized, under the auspices of the Convention: Ouachita College, at Arkadelphia; Central College, at Conway; Ouachita Bentonville Academy, at Bentonville; Ouachita Maynard Academy, at Maynard; Magazine Ouachita Academy, at Magazine; and Mountain Home Academy, at Mountain Home.

The Convention at Paragould in 1901 adopted the foltowing report of the Committee, appointed the preceding year, to consider the advisability of affiliating all the schools under the auspices of the Convention:

A Plan for the Affiliation of all Baptist Schools in Arkansas under the Auspices of the Arkansas Baptist Convention.

It is hereby declared to be the object and purpose of this act of addition to promote and foster the best interests of, and to increase the patronage of, and to reduce the expense of operating, and to increase the amount of money to be raised for, and to destroy friction between, and to preserve the integrity of all the schools entering the system.

 The system is to be known as "The Ouachita-Central System of Colleges and Academies."

2. All schools of the system shall be under the direction of one board of trustees, composed of fifteen members to be nominated by the present boards of Ouachita and Central Colleges, and to be dected by the Convention at its present session; and one-third of that pumber shall be nominated annually by the board, subject to tiertion by the Convention. 3. An executive or advisory committee for each school, consisting of three or more discreet persons, suitably located and who may be others than members of said board, may be appointed by the hoatd of trustees, who shall have supervision over its respective school. There shall be only two schools with power to issue diplomation namely: Ouachita, for men and women; and Central, for women only.

4. It shall be the duty of the board of control to see that the two colleges and all the academies are well equipped with such apparatus, fixtures, improvements and additions to grounds and builde ings as will best fit them for the work mapped out for each; and, in apportioning funds for this purpose, the schools shall be kept as nearly abreast as possible, no intentional discrimination being made in schools of the same class.

5. All property, moneys, incomes, rights, credits and effects belonging to the several schools entering this system shall belong to and be controlled by the board of control as trustees for the respective schools, and said board shall assume the debts of both the colleges.

Historical Sketch.

At the Arkansas Baptist Convention at Fayetteville in 1883, Ouachita College received its first impulse. It was then decided that such a college was a necessity, and a commission was appointed, with R. J. Coleman as President, to agitate the question and to report at the next annual meeting of that body. They reported to the Convention in 1884, at Pine Bluff, stating that the suggestion met with almost universal favor, but they did not think the time had arrived to begin the work, and recommended that the commission continue its work another year. At the Convention of this body in Hope, in 1885, the commission reported that after another year's agitation, many of the associations in the State had passed resolutions requesting the Convention to build the College, pledging their support. The commission suggested the selection of a board of trustees, with instructions to begin the work of locating and building the College. The board was selected by the Convention and properly organized.

After a thorough canvass had been made of the desirable places in the State for the location of the College, the historic grounds of the old Blind Institute, at first the propert of the State, and afterwards converted into the Red River High School, crowning the eminence on the banks of the beautiful Ouachita River, at Arkadelphia, were chosen for this seat of learning. Nature seems to have fitted the place for the purpose to which it was dedicated. In July, 1886, J. W. Conger was elected President of the institution, with instruction to select his faculty and organize the College, and to prosecute all necessary work.

Ouachita-Central System.

The College was duly opened September 6, 1886, with a faculty of six teachers, and with 100 pupils enrolled the first day, in the old frame building located on the present campus of thirteen acres. The old building was in bad repair, but the citizens of Arkadalphia contributed about \$600 for improvements. The first year there was an enrollment of 235 pupils, 60 of whom were non-residents. The main College building was begun in 1888 and finished in August 1889. The old building was enlarged in 1889 and used as a Young Ladies' Home. This building was burned in May 1890. The generous people of Arkadelphia immediately raised a subscription to begin the erection of our present beautiful Young Ladies' Home. It was begun in 1800 and finished in February, 1891. In 1898 the Conservatory builds ing, valued at \$15,000.00, was erected. The Young Men's Home was purchased in 1902. The President's house was erected in 1898. The five buildings and campus are estimated to be worth \$100,000; libraries, laboratories, furnis ture and general equipment of the five buildings, about \$28,000; total valuation of the property, \$128,000.

Dr. J. M. Hart served as first President of the Board of Trustees and continued in office five years, ending in June, 1891. Col. M. F. Locke succeeded him and served as President dent until June, 1894. Hon. W. E. Atkinson was elected and served until 1899; Eld. C. W. Daniel was President one year, when Mr. Atkinson was re-elected and is now President.

There has been a net average enrollment during the past nineteen years of about 400 pupils, representing during this period seventeen different States. There have been 214 graduates from the academic schools, and 124 in the Conservatory of Fine Arts, making a total of 338 graduates of the institution. There has been a yearly average of about 40 beneficiaries who have received tuition free gratis amounting to about \$1,500 per year.

Purpose.

It is a narrow and false conception of education that fosters only the development of the intellectual side of man's nature. True education demands the symmetrical training of the intellectual, æsthetic, moral and spiritual natures. It is only thus that the student can be best fitted for accomplishing the greatest good for himself and his fellow-men, and for doing most for the glory of God.

Christian Education, or the building of character upon the fundamental principles of the Christian religion, must be given by Christian schools,—not that the Bible must necessarily be taught as a text-book but that the Book of Books must be placed above all others, and its truths taught by precept and example. The atmosphere of the institution must be a Christian atmosphere.

We strive to furnish as broad and thorough training in literature, science and art as that given by purely secular schools, and yet under the best religious influences—in this is our superiority over the secular institution.

Founded by the Baptists of Arkansas, and fostered by their State Convention, Ouachita College is a distinctively Christian institution. Its aim is to teach its pupils to place Enlure above wealth; usefulness above social position; to foften the heart and guide its emotions; to broaden and deepen the intellect; to so mold, under the best Christian influences, the characters of its students that, when they go out from its walls, they will be prepared not only to meet and grapple successfully with the problems of life, but to become loyal servants of God, and thus a blessing to mankind.

Onachita College,

Buildings and Grounds.

There are four handsome brick and stone buildings and one cottage on the campus, and two frame buildings a few blocks from the campus.

All buildings are of modern architecture, well ventilated and lighted, and have steam heat. All dormitory buildings are equipped with the latest improved appliances in the way of electric lights, hot and cold water, bath rooms, etc.

The campus is situated on a high bluff within a few hundred yards of the churches and business portion of the town. No college enjoys a more beautiful location and more cheerful surroundings. The campus is shaded, has concrete walks, beautiful shrubbery, and a constantly active fountain.

Main Building.

The main building is 126x80, three stories high and contains offices, chapel hall (55x65), library, museum, reception hall, laboratories, society halls, and class rooms for the Literary and Business Departments.

The Young Ladies' Home.

The home for young ladies is the gracious gift of the people of Arkadelphia and their friends, at a cost of more than \$20,000. This building is 150 feet long, with a projection in the rear of 125 feet. It has corridors 14 feet wide, extending the full length of the building; three stairways; double parlors; reception halls, in addition to conveniently arranged bed rooms. The rooms are carpeted and the corndor floors are overlaid with linoleum. The building is heated with steam. The gymnasium for young ladies is on the third floor.

Conservatory Building.

This elegant structure is admirably arranged for its intended use. It fronts 144 ft., is 75 ft. deep, and three stories high. On the first floor is the art studio, offices and lecture moms of the Director of Music, and the spacious auditorium, which is elegantly furnished with over 600 opera chairs, pipe organ, etc. On the second floor is located the School of Oratory and Elocution, and Stringed Instruments, etc. The third floor contains practice rooms of the Conservatory.

President's House and Cottage.

These buildings are on the campus and are occupied by the President's family and Business Manager's family, respectively. By this arrangement the President and Business Manager are enabled to have the general oversight of the College day and night.

Ouachita Business College.

The most beautiful residence property in Arkadelphia is now the Home of the young men. Only about fifty can be accommodated. Board \$100 for the year, one-half paid in advance and one-half February 1st. Rooms are furnished, electric lights, fuel, etc., supplied without extra cost.

Library.

About 7000 volumes, for which a complete card catalog is now being prepared, are at the disposal of the students. The leading periodicals, dailies, weeklies, monthlies, both foligious and secular, are found upon our tables. The library is a work shop, in which students are aided and

Ouachita-Central System.

encouraged to make the best possible use of available material. Contributions have been received from S. L. Holloway; National Sound Money League; Col. J. H. Kellogg 68 vols.; J. H. Milburn; Col. W. H. Halliburton, 46 vols.; Mrs. A. L. Crudup, 29 vols.; Dr. J. S. Pierson, 17 vols.; S. B. C. Sunday School Board; Brooklyn Ethical Association, 2 vols.; William Tudor; E. J. Runk; Prof. J. S. King. 24 vols.; Richard Rowland; Dr. Isaac Adams; Prof. R. B. Pace, 2 vols.

We are constantly adding specimens, more than \$2000 worth having recently been secured. In all there are about 7000 specimens illustrating the salient features of Geology, Biology, Botany, Physics and Chemistry. It is particularly desired to increase the collection of Geological speciment and State minerals. Biological materials, such as skeletons embryos and pathological tissues, both human and animal, are also greatly desired.

Since the publication of the last catalog specimens have been presented to the College by

Class of 1904, towards cost of gas generator, \$65.00.

Miss Neva Green, Indian Relics.

Mr. Julius Garner, Bones of Fossil Lizard and Sulphur Concretions.

Miss Fay Harris, Fossil Shark's Tooth.

Dr. W. M. Moore of Hollywood, Four Embryos in Alcohol,

Friends at Mountain Home, Zinc Ores.

Apparatus.

Several thousand dollars' worth of apparatus and labor ratory material has recently been acquired, so that all science courses offered are suitably supplied. The equipment is constantly being increased as new courses are added. A arge part of this apparatus is built in the laboratory shops, the equipment of which includes engine, lathe with turret, milling machine, drill press, circular saws and many small mols.

Literary Societies.

The Alpha Kappa, Corrinnean, and Polymnian Societies for young ladies, and the Philomathean, Hermesian, and Athenian Societies for young men are thoroughly organized and full of interest.

These societies are strong factors in developing the social and literary tastes of their members. Self-government is secured by the constant practice of parliamentary rules. Pupils are urged to connect themselves with one of the societies.

The societies have large and elegantly furnished halls. Secret societies and fraternities are prohibited.

Religious Life.

The pervasive Christian atmosphere of Ouachita College is due largely to the excellent influences emanating from the well organized church life of Arkadelphia. The regular prayer meeting is largely attended by pupils.

The Sunday Schools, at the Church and at the College, are full of interest.

The Young Men's Prayer Meeting, at the Church each Monday evening, is rich in results.

The Young Ladies' Prayer and Bible Meeting, at the College Home every Sabbath afternoon, is largely attended,

The Young People's Union meets every Sabbath afternoon at the Church.

Ouachita-Central System.

Much interest is manifested in daily Chapel service, expository talks, and singing.

Athletics.

The most thorough scholarship and the greatest usefulness are compatible with vigorous health. The student's health should improve during his College course.

The ideal college teaches its pupils to aim for bodily strength, vigor, grace and beauty. Athletics in Ouachita will have this in view. We will not violate on our grounds the principles taught in our lectures on Ethics. No hired professionals or brutal contests.

The Ouachita Athletic Association for outdoor exercises, including tennis, basket ball, and field sports generally, is organized with a membership of almost all the male students.

Ouachita Business College.

Instruction is thorough and practical in every department. The pupil is put in charge of a set of books—buys and sells merchandise, declares profits and losses and closes out the business. He is in actual business from the start.

A business education seems to be necessary for everyone, in this progressive age. There is a greater demand today than ever before for proficient business men. The banks, mercantile business, railroads, telegraph companies manufacturing enterprises, demand experts. Our Business College is designed to prepare men and women to fill worthily the best positions.

The President of the College and the Principal of this school will spare no effort to insure good positions for our graduates. We deal honestly with our pupils. We do not promise positions, but we think we are in position to do as with for graduates as are those who make certain definite minises, many of them never being fulfilled. Scholarships will be issued. Pupils can take their own time to finish the course. It requires from twelve to twenty weeks, acording to the application and ability of the pupil. Our course has been extended and perfected until it includes everything necessary to a first-class business education, and is equal to that of any Commercial College in the State.

Our course of study is so arranged as to combine Theory and Practice in the most admirable manner, and includes:

Legal and Business Forms, Correspondence, Penmanship, Spelling, Commercial Law, Business Arithmetic, Political Economy, Shorthand and Typewriting.

Military Department.

A sound mind in a sound body, both controlled by sound morals, is what Ouachita endeavors to give every student that enters her portals.

As one of the means toward this end a military department has been established.

Military discipline teaches neatness, promptness, courtesy, and devotion to duty.

The drill insures a regular amount of moderate exercise for every student and is thus conducive to health. It also improves the apperance and carriage of the student.

Exercises both with and without dumb-bells are carefully used to symmetrically develop the frame and muscles.

It is in youth that the hollow chest, stooped shoulders,

Ouachita-Central System.

weak and other physical defects, may be most readily overcome this we endeavor to do.

All most students are required to drill unless excused by the first dent for some physical disability and must provide first with the prescribed uniform within a reason able for entrance. The full uniform and cap of regulation mate ial is furnished at \$15.00, made to order.

The United States Cadet rifles and other necessary supplies are used.

Drum ane Fife Corps.

A set of U. S. Regulation Drums and Fifes belongs to our equipment. This adds much to the Battalion Drill.

Government.

The central aim of our work is to aid in the acquisition of culture, critical judgment, concentration of thought and moral purpose. Our government is mild, yet firm. Childish caprice and youthful passion will be directed into a channel of improvement. No gentleman pupil will be allowed to visit young ladies. No lady pupil will be allowed to receive regular attention from young gentlemen. A faithful earnest pupil has no time for such diversion. Receptions are given at the Home under the direction of the President and the faculty at stated periods. Special rules and regula tions will be read and explained from time to time with advice. The admission of pupils to the institution and the enjoyment of its privileges imply a sacred contract on their part to observe promptly all regulations.

Upon entering College the pupil is furnished with printed regulations.

Prohibitions.

 Entering or discontinuing a school without permission of the President. 2. Withdrawing from a class without permission of president.

3. Lessons of any kind taken outside of the College

4. Contracting debts at stores or elsewhere, without written permission of parent or guardian and the consent of the President.

5. Attending balls, parties, theatres, or any public musement calculated to interfere with regulated study or good morals.

6. Absence from regular work, or from town without consent of the President.

7. Absence from boarding-house after study hours begin, without permission of the President.

8. Keeping in possession a concealed weapon, playing cards or dice, or drinking spirituous liquors.

Pupils unwilling to keep these regulations should not apply for admission.

Dress.

Uniform dress not only promotes convenience and economy but has greater tendency to suppress the feeling of pride and rivalry in the matter of personal decoration. For these reasons, and to prevent extravagence and promote economy, the young lady boarders will be required to wear uniforms.

The uniforms are tailor-made and unique in design. The entire cost of uniform (including cap) of good serviceable material, will not exceed \$13.50. This does not include shirt-waists.

Shirt-waists of white or cream-colored material will be worn by the young ladies throughout the year. Each young lady must be supplied with rubbers, mackintosh and umbrella.

Conservatory of Fine Arts.

EMIL LIEBLING, Director General, F. D. BAARS, Local Director.

It is a source of great pleasure to announce that Mr. Liebling's connection with Ouachita College has been eminently satisfactory from every point of view. He is now in close sympathetic touch with all the work of the Conservatory. His examinations, personal interviews with student and lecture recitals have given enthusiasm and inspired confidence. Many teachers of the State have been greatly helped.

REPORT.

MR. J. W. CONGER,

President Ouachita College, Arkadelphia, Ark. My Dear Sir:

After visiting your College twice during the past session I beg to inform you that I find the Music Department in excellent form.

The spirit of progress which has always been manifest continues to work its potent influence, and in connection with conservative teaching methods secures thoroughly satisfactory results.

Your teachers are competent, faithful and enthusiastic; and the students almost without exception have done admirably.

It will be my earnest endeavor to serve the interests of your College in the future.

Yours truly,

EMIL LIEBLING.

May, 1905.

The most marked progress has been made in our Conervatory of Fine Arts.

The beautiful new building, one of the most elegant in the South, with its spacious auditorium, its perfect arrangement for convenience, comfort and work, would not be comolete without good instruments.

Thirty grand upright pianos add much to our work. Not only a good teacher but a good instrument is needed; and combine these two, a good teacher, a good instrument, with a good student, all located in an attractive, convenient building, the results can only be of the highest order.

A Pipe Organ.

One of the finest instruments in the State, the largest in any college, adorns the auditorium.

Equipped as we are now, with a Faculty who have had the best advantages, theoretically and practically—

Thirty instruments in the piano department-

A new pipe organ-

A full set of orchestral instruments-

A good cornet band-

We challenge comparison with any institution, anywhere, outside of the few great conservatories.

Lectures.

Professional lecturers and distinguished men are secured to lecture before the school. Members of the Faculty also serve in this capacity. Announcements will be made from time to time during the year.

Ministerial Students.

All young ministers, irrespective of denominational affiliation, with proper credentials, will be admitted free of literary tuition fees. Before entrance, however, the Board of Ministerial Education must examine the credentials and Ouachita-Central System.

give a certificate of admission to the College. Correspondence is solicited. Aid in payment of board is given as far as possible.

Ouachita Ripples.

The following is the Ripples staff for next year :

T. L. Ballinger	Editor-in-Chief
Miss Rebecca Richardson	Associate Editors
N. N. Bailey	
W. A. Gardiner	Local Editor
Miss Ruby Hunt	
C. N. Baker	Exchange Editor
Miss Ruth Wise	Literary Editor
W. J. Hammond	
F. D. Wood	
Prof. R. B. Pace	Faculty Editor

The college magazine has been increased to eighty pages. Space will be given for reports from the various Academies and the Alumni. A strong effort will be made to make the College paper more nearly representative of the student body than it has ever been.

Price \$1 per year. For information write to the business manager.

To Teachers.

A strong course in Pedagogy leading to the A. B. degree has been added to the Curriculum. Association with mature students and progressive teachers, access to a good library, thorough instruction, a healthy, moral and literary atmose phere, all combined, offer many inducements to worthy and ambitious teachers. The teacher who desires advancement will do well to spend some time at least in Ouachita College During the past year about fifty pupils secured positions through the efforts of the President and Faculty. About 250 of our former pupils are teachers. Directors who desire efficient teachers will do well to correspond with the President.

Board for Young Men.

Many of the best homes near the College are open to roung men boarders. Usually from two to eight board in a family. Board, furnished rooms, light and fuel, \$10 to \$14 per month.

All young ministers who depend upon the Ministerial fund, will board in the Young Men's Home. Our object is to give poor, worthy, ambitious young men advantages at cost. The cost for the year for board, furnished room, fuel and lights is \$100.

Young men who board in the Home will bring with them a pair of blankets or quilts, sheets, pillow cases, towels, napkins, knife, fork, spoon, and mug or glass.

Ministerial students desiring to board in the Young Men's Home will write to President Conger or R. E. Major. Those desiring to board in private families will correspond with the President, or R. E. Major, who will make satisfactory atrangements.

To New Students.

Young ladies should notify the President upon what train to expect them. All young ladies must go immediately to the Young Ladies' Home upon arrival. Young men must have the approval of the President in securing homes. It would be well for new students to bring certificates as to character from former teachers or pastors.

The College colors, old gold and royal purple, will be sent to all new students upon application. All students are requested to wear the colors in coming to College, for purpose of identification. Committees of pupils or teachers will meet trains at opening.

General Items.

I. Arkadelphia, a little city of 4,000 inhabitants, is noted for its culture, refinement and morality. It is the college center of the State, having 700 college students, 1,300 mem bers (white) in its churches, no saloons, no billiards or ball rooms.

2. Matriculation on the first day is very important.

3. Health of pupils, moral, religious, and cultured surroundings were taken into consideration in locating the College. We feel that no mistake has been made. By special Legislative Act we have prohibition for a radius of ten miles.

4. Church and Sunday-school advantages are excellent.

5. Parents should write cheerful letters to their children. Do not encourage them to visit their homes, as it is a positive disadvantage.

6. Parents will be notified if sickness occurs. Prompt and kind attention will be given. Trained Nurse in charge of Infirmary.

7. All letters and packages should be addressed in care of the President.

8. Pupils, accompanied by a teacher, will occasionally attend lectures. No young lady boarder will, under any circumstances, be permitted to spend a night out of school, and parents are respectfully asked not to make such requests.

9. Boxes of EATABLES WILL NOT BE DELIVERED. The table is well supplied with wholesome food, and we cannot be responsible for the health of pupils who eat irregularly and withour regard to diet. Fresh fruit may be furnished

10. Any pupil whose moral influence is not good will be dismissed at once. Flirting with young men or indiscret conduct in public will subject a pupil to discipline. There will be no association with young men except in classroom

11. The very best table fare possible, under the most careful management, will be supplied. Those desiring bed

rooms for only two young ladies will pay \$10 per year more than those who room with three or four in a room.

12. Steam heat, water works, bath rooms, closets, electric lights, telephone and telegraphic connections are in the buildings.

13. NOTE WELL.—Young ladies and teachers are required to furnish their own towels, soap, combs, brushes, mapkins, one pair of blankets, one pair of sheets, one pair of billow cases, one spread and one spoon.

14. Students will be held responsible for unnecessary damage done to furniture or buildings.

15. Indiscriminate correspondence will not be allowed and parents are requested to limit the number of their daughters' correspondents.

16. If pupils find fault, make complaint, or do not seem to make satisfactory progress, justice to both sides demands that a personal investigation be made.

17. Visitors cannot be accommodated in the Young Ladies' Home.

18. Every article in a pupil's wardrobe should be plainly marked.

19. All young ladies boarding in the Home will be required to attend all lectures and entertainments held in the Auditorium.

Honors and Medals.

1903-1904.

The Liebling gold medal was awarded to Miss Laura Hickey for the best execution in piano music.

The Mrs. E. W. Thomas gold medal was awarded to Miss Lena Pelt for improvement in Art.

The Mrs. C. C. Scott gold medal to Miss Julia Goodwin for Christian Graces.

The Miss Mabel Garrett gold medal to Miss Bessig Eagle for improvement in violin music.

The J. W. Wilson gold medal to George Tatum for best drilled cadet.

The J. W. Conger gold medal to Miss Edith Swanson for best housekeeper.

The Ouachita Ripples gold medal to Miss Corrie Dudley for best essay contributed.

The Inter-Society gold medal to Miss Bessie Eagle for best essay.

The following are offered for 1904-1905:

Director Liebling, gold medal for best execution in piano.

Mrs. E. W. Thomas, gold medal for best improvement in Art.

Mrs. C. C. Scott, gold medal for improvement in Christ tian Graces.

J. W. Wilson, gold medal for excellence in cadet drill,

Mrs. Mary Boothe, gold medal for excellence in harmony.

Mrs. Jeannie Perrin, gold medal for housekeeping. Inter-Society, gold medal to best essayist.

Lecture Course.

1905-1906.

Lou Beauchamp? Eugene Laurant, John P. D. John, Miss Eva Hamilton, Temple Quartette.

Central College.

History.

This College is the outgrowth of a desire of the Baptists of Arkansas to have under their fostering care an institution layoted exclusively to the higher education of young ladies. This desire first began to materialize at Eureka Springs, in the fall of 1890, when in convention there assembled, the Raptists adopted a resolution, offered by Col. G. W. Bruce, and appointed a committee to report at their next annual meeting upon the "necessity, advisability, and practicability of building a college for the separate and exclusive education of lemales in this State." At the appointed time, at Arkadelphia, in October, 1891, this committee reported with manimity in favor of such an institution, and the report was adopted by a unanimous vote of the convention. This ostitution, then, is the property of the Arkansas Baptist Convention, and its affairs are conducted by a Board of Trustees appointed by that body. Under this management the College has constantly grown in equipment, patronage, and influence.

Location.

In the spring of 1892, ground was broken, and the boundations of the College were laid at Conway, a thrifty lown of 2,500 people on the Little Rock and Fort Smith Bailroad, thirty miles north of Little Rock. This beautiful lown is situated on the edge of a high, rolling prairie, one mile south of a range of the Ozark Mountains, and hence is while the neither to rigorous winters nor to sudden climatic

Ouachita-Central System.

changes, so injurious to delicate constitutions; and yet its altitude is sufficient to give freedom from malarial influences, while the fresh breezes from the prairie render the climate pleasant in the oppressive months of summer. Parents may rest assured that their daughters could not be more favorably placed in respect to all external circumstances of topographical or climatic influences.

Aims.

This school, owned and controlled by the Baptists, aims at Christian education in the highest sense. The religiou views of its patrons are respected, and the pupils are allowed to attend the church of their choice as far as practical without interfering with proper discipline. It is our purpose to educate girls to be strong in intellect, in sympathy, in love of right; to set in motion an influence that will make the standards in education and society better; to cultivate a love for what is really beautiful and true. We would fit our girls for the grandest sphere in life—that of wife and mother in a refined and cultured home. This training the better enables her to become a "bread-winner," should necess sity demand it.

We, by no means, neglect the social side of the girl's life, but fit her for ease of manner in polite society. We have none of the dissipations of the "city finishing school" that so frequently wreck the health of girls, nor the distrations which prevent growth.

Buildings and Grounds.

The campus consists of about ten acres of high, rolling land on the outskirts of the town. The growing shade trees shrubs and flowers, the curving walks and broad drives varying the smooth green expanse, combine to make a must attractive lawn. The ladies of Conway have recently erected a very handsome fountain on the campus, which adds much to the beauty of the grounds. Near the center of the grounds stands an elegant three-story brick building, erected especially for and adapted to the wants and conveniences of young ladies. Here under the same roof are the school rooms, family rooms, parlors, dining hall, library room, concert hall, and ample quarters for about one hundred boarders.

Faculty and Methods.

The teachers are chosen for their peculiar fitness for their respective departments. They have graduated from our best institutions of learning, and afterwards have specialleed at a university or conservatory.

They do not confine themselves to class room instruction. Their influence extends to the daily life of the students, where, on account of their close relation in the College Home, they are friends and advisers. Everywhere, the teaching is distinctly and positively religious,—the great inmlamental truths of the Bible being inculcated both by precept and example.

The methods used are modern in so far as they have stood the test of experience. They are such as will teach pupils how to study, and will cultivate in them habits of application and self control requisite to the building up of true womanhood. The pupils are taught that study means work, but agreeable work.

Equipment.

The building is lighted by electricity, and supplied throughout with hot and cold water, which is secured from a deep well. We have our own system of water-works. There are well ararnged bath rooms on each floor. The building has recently been fitted up with a steam heating plant; this not only adds to the comfort, cleanliness and

Ouachita-Central System.

for the study of history, civil government and political economy.

Central College Magazine.

The Literary Societies publish the Central College Mage azine, which enables them to gain practical experience in business matters and arouses an interest in their literary work. The Magazine has been a great help in the past, and it is proposed to improve it in the future.

Laboratory.

While our laboratory is not large, it is equipped with apparatus sufficient for ordinary experiments, and it is being added to as requirements demand.

School of Music.

The importance of this department can hardly be overestimated. We feel no hesitancy in stating that, in addition to the correct musical knowledge usually acquired by good pianists, we offer such advantages for higher study as will make it to the interest of those resolved to become specialist to enter our School of Music and devote their whole time to this art.

It is our aim to advance the pupils as rapidly as their ability and the time they conscientiously give to the work will admit. Particular attention is given to a correct beging ning, for we realize that the foundations must be most carefully laid. A pure taste and accurate execution is cultivated from the first, in order to secure finished musicians in technique and interpretation. This school is supplied with elever pianos, cottage organ, and pipe organ. This school has already taken a high rank, and it is our purpose to improve it.

Pipe Organ.

Students of this instrument must have good attainments

in piano playing, and ought to join the classes of Harmony, Counterpoint, and Musical Form, as these studies are of speeial importance to organists. A special course is provided for those who wish to become professional church organists. All pupils will have opportunity for playing in public, either in concerts or during chapel services. The student of exceptional technical ability, who has passed through the theoretical examinations successfully, will be entitled to a Diploma, with the title of Graduate in Organ Music.

Teachers' Training Course.

Two years ago we instituted a course for the training of teachers for work in the public schools, and it will be continued in the future. It prepares the student in Theory and Practice and School Management and takes a rapid review of public school studies, with stress laid on the manner of presenting them to a class. It is taken up the latter part of the session, and can be carried on by those pursuing a regular course. Quite a number of our students who are in the higher classes avail themselves of this opportunity that they may be better prepared for work, while it is almost mispensable to those who have never taught or wish to secure a higher grade license.

Primary Department.

This department has recently been added to the school and is intended to do the work necessary to fit the girls for the Preparatory Department. It will consist of four grades. There is a special teacher in this department, and she is assisted by the teachers in the regular college work—in art, expression and physical culture.

Central College Cottage Association.

We have had many applications from young women

Ouachita-Central System.

who are anxious for a college education and will find it necessary to economize in order to secure it. To meet the needs of these worthy and ambitious girls, the Central College Cottage Association has been formed and accommodations have been provided for twelve or sixteen students. This cottage will be under the supervision of the Colleges and its matron will have the powers of a teacher.

At the cottage, the young ladies do all the work for themselves, no servants being hired for anything. They do their own housekeeping and cooking, under the direction of a matron, who will judiciously divide the work so that no one will be overburdened.

With this arrangement, it is estimated that a student can bring her board and tuition within the neighborhood of \$100.00 for the entire session. The accommodations are limited, and the applicant must furnish evidence that she is worthy and unable to pay the regular rates. Write us for further information.

Medals.

Every incentive will be offered for excellency in the different departments. Mr. J. H. Black, of Hope, has offered a gold medal for the young lady making the highest grade in housekeeping. The Board of Trustees offer one for the highest scholarship. Mrs. Jo Frauenthal has given one in voice. There will probably be others in different departments.

The Home.

An excellent feature of this institution, and one in which all thoughtful parents are interested, is its excellent, convenient and well-arranged College Home. This is presided over by the President and his wife, assisted by the teachers. The Lady Principal will have especial supervision over the oung ladies in the Home. The young ladies are members of the family, and are carefully looked after in regard to their studies, health, exercise, and habits. The discipline is mild, yet firm, and made to conform as nearly as possible to that of a Christian household.

All freedom that is consistent with safety and good government is allowed; but every thoughtful parent will understand that there must be more restrictions in a large barding school than in any private family.

All pupils from a distance should board in the institution. We cannot be responsible for them when they are mattered through the tourn.

Parents can not overestimate the importance of boarding their daughters in the College. Here they entertain no company; they are not exposed to inclement weather; they lose no time on account of rainy days; they have the careful attention of the teachers at all times, and many other real advantages which no private family can afford.

Requirements.

Each boarder-teacher as well as pupil-must provide berself with all needed toilet articles, napkins, one pair of sheets, one pair of pillow cases, one pair of blankets, and one white counterpane. In addition to this, each one is required to bring a plate, cup, saucer, knife, fork, and spoon, to be used in her room in case of sickness.

Uniform.

For convenience and economy, as well as for placing a check upon the extravagances of such as are fond of display and to remove all causes of mortification on the part of those who are unable to afford it, we have adopted a neat and inexpensive uniform to be worn on all public occasions. In to case will it cost, complete, more than \$12.50, including

Ouachita-Central System.

the modified Oxford cap. This uniform will, with proper care, last two years.

Pupils will bring plain white dresses, to be worn as a uniform during the first month of school. For Commence ment nothing but plain white dresses is allowed. The candidates for degrees wear Oxford gowns and caps on the day of graduation.

It will save trouble and expense if mothers will provide at least three white shirt-waists for their daughters; also a plain walking-skirt to be worn until uniforms are purchased.

For everyday use plain dresses must be worn, such as would be suitable at home—calicoes, ginghams and the like.

These regulations are insisted upon, and we hope that parents will assist in maintaining them.

To Our Patrons.

It is important that all pupils be present on the first day of the session and remain to its close. The loss of a few days at any time during the term is a serious matter to the pupil, Every class has certain work to do which cannot be suspended nor retarded to suit the convenience of members who are absent. As a rule, pupils who visit home during the session become discouraged and suffer loss.

Parents and guardians will be cordially welcomed to visit their daughters and wards, and to see for themselves the College, its spirit and its methods; but other visiton seriously interrupt study and dissipate the thoughts of the students, therefore we request that parents will not encour age them, nor ask us to allow that their daughters receive such visitors except for excellent reasons.

No visitors or day students are admitted to students' rooms without permission from the Principal.

Pupils are not allowed to spend the night away from the College unless they are accompanied by their parents or present a written request from them. If the President thinks best he may refuse even then. Correspondence is restrictd to the pupil's immediate family, unless parents furnish the President with a list of those with whom their children may correspond. All letters bearing other postmarks are forwarded to parents for examination. All letters, whether incoming or outgoing, must pass through the hands of the President or Lady Principal, and are subject to inspection.

No young lady is allowed to leave the premises unless accompanied by some one of the teachers.

Parents should always confer with the President or Lady Principal when called on to incur any expense not anticipated.

All questions regarding studies, examinations, habits, social privileges, visits, and recreations, must be decided by the President, and all communications from parents respecting the same should be sent to him direct, and not through the medium of the pupil.

Pupils will be charged for damage done by them to the school property. The occupants of the several rooms will be held responsible for the damages done in their rooms.

Accessibility.

Conway can be reached by pupils from almost any part of the State on the day they leave their homes, and pupils returning can reach nearly any part of the State the same day they leave Conway.

Honors and Medals, 1903-1904.

Medals.

The Trustees' gold medal awarded for highest scholars ship, to Miss Jennie Webb.

The Mrs. Leo Schwarz gold medal for best performer in piano music, to Miss Mabel Vann.

Gold medal for greatest improvement in music was awarded to Miss Lily Sims.

The J. H. Black gold medal awarded for highest grade in housekeeping, to Miss Lula Thurston.

Gold medal for greatest improvement in junior music class was awarded to Miss Eula Hartley.

General Information

Applying to both Ouachita and Central Colleges.

*

Conditions of Admission

To Either School.

Pupils from other institutions, bringing certificate of proficiency in the Preparatory Courses outlined on another page, will be admitted to the Freshman Class, with the provision that the students admitted on certificate are on probation and must prove their ability to do the College work as condition of remaining with the class. Pupils who do not bring such certificates will be examined on the subjects outlined under "Schedule of Preparatory Work."

Pupils will usually not be given credit for work in College branches. Any who expect such credit must submit a certificate from their last teachers, giving in detail the work on the basis of which advanced standing is desired.

Schools.

Instruction is given in the following schools:

I. Philosophy.

II. Bible.

III. Latin Language and Literature.

IV. Greek Language and Literature.

V. Mathematics.

VI. Modern Languages and Literature.

VII. English Language and Literature.

VIII. History and Political Science.

IX. Sciences.

X. Pedagogy.

Courses of Study.

School of Philosophy.

PRESIDENT CONGER.

The subjects are treated mostly by topics. Wherever conflicting theories are encountered, the various arguments and their necessary tendencies are presented to the student and he is encouraged to inrestigate and judge for himself.

We endeavor to present the basal principles of all knowledge and helief so as to avoid bigotry on the one hand and skepticism on the other.

In Psychology the student is referred to his own consciousness as the final test of all psychical truth.

The principal theories of ethics are carefully considered and applied to questions of duty—individual, domestic, social, civic, and meistic.

Logic. Hyslop. Three hours a week. First Term. (57.)*
 2. Psychology. Dewey. Three hours a week. Second Term. (57.)

3. Ethics. Gregory. Two hours a week. First Term. (38.) 4. History of Philosophy. Weber. Two hours a week. First and Second Terms. (76.)

Courses 1 and 2 are required of candidates for all degrees.

School of Bible Study.

PROFESSOR MAHAN.

The purpose in this course is to impress the unique fact that the Bible is a history of God's revelation of Himself to man. Also to enable the pupil to know the Scriptures and especially to enable the Ministerial student to "rightly divide the word of truth." The following indicates the work proposed:

I. The Study of the Old Testament. The English Bible is the lext-book. Special attention is given to the periods of Old Testament history, prominent persons, substances of the books, etc., that the student may become familiar with the facts and general teachings of

the Old Testament. Three hours a week. Fall Term. (57.)

2. The Study of the New Testament. The English New Testament is the text-book; also Broadus' Harmony of the Gospels. The object is to make the student familiar with the New Testament, in its chronology and teaching, and skilled in the use of it. The life of Christ will be a special feature. Three hours a week. Spring Term. (57.)

The Geography of the Bible, Biblical Introduction, and Inter-Biblical History are taught in connection with courses 5 and 6.

3. Systematic Theology. Text-book, Dr. A. H. Strong's work. This alternates with Old Testament studies and comes twice a week Fall Term. (38.)

4. Homiletics. Text-books; Broadus' "Preparation and Delivery of Sermons," or Pattison's "Making of the Sermon." This embrace written work, exposition, analysis of the texts, etc.

Course 4 alternates with course 2 twice a week. Spring Term (38.) The entire course is required of all ministerial students and is open to all literary students of sufficient advancement.

Courses 1 and 2, Freshman year. Courses 3 and 4, Sophomore year.

School of Latin.

PROFESSOR MOORE.

Applicants for admission to this school should have completed a course made up of grammar, prose composition, reading and mythology, as follows:

First Year .- Bennett's Foundations of Latin. Easy selections for reading. Brief colloquia.

Second Year.—Any four books of Caesar's Gallic War. Book I of "Writing Latin," by J. E. Barss. Bennett's Latin Grammar, Colloquia based on the leading events of the Gallic War.

Third Year.—Four books of Virgil's Aeneid. Guerber's Myther of Greece and Rome. The first twenty-five lessons in Bennett's Latin Composition. Bennett's Latin Grammar. Colloquia on various topics.

The undergraduate work in Latin comprehends the following:

[The bracketed courses are not given in 1905-1906.]

1. Cicero and Composition. The Four orations against Cataling Bennett's Latin Composition complete. Five hours a week. First Term. (95) Required of Freshmen.

2. Cicero; de Senectute. Horace; selections from the Odes Five hours a week. Second Term. (95) Required of Freshmen Course 4 alternates with course 3.

3. Horace; Satires and Epistles. Tacitus; Germania and Agri-Two hours a week. First and Second Terms. (76.)

[4. Roman Comedy. Four selected plays of Plautus. Critical andly of versification, language and syntax. Livy; Book I. First and Second Terms. (76.)] Either 3 or 4 required of Sophomores.

5. Latin Literature. Mackail's Roman Literature supplemented by lectures History of Roman Literature, Capes' Early Empire. Two hours a week. First and Second Terms. (76) Elective.

(6. Roman Antiquities. A systematic consideration of the Roman family, staus of women, marriage, children, education, the Bernan house and its furniture, food, dress, baths, games and amusements, books, travel, religion, death, burial, etc. The aim of this centre is to afford a more thorough and sympathetic knowledge of Roman private life than the course in literature alone would give, through systematic lectures copiously illustrated by lantern views and photographs from the remains of Roman civilization preserved in Pompleii, Hyrculaneum, Rome and elsewhere. Two hours a week. First and Second Terms.) (76) Elective.

Course 5 alternates with course 6.

7. Roman Satire. Lectures on the History of Roman Satire, with translation and exercises of selected satires from Ennius to Juvenal. Two hours a week. First and Second Terms, (76.)

8. Teachers' Training Course. Problems in teaching Latin; estimates of text-books; examinations of questions in pronunciation and entax; peculiarities of orthography; exercises in teaching preintralory authors. Two hours a week. First and Second Terms. (76.)

9. Latin Epigraphy. Introductory lectures and the reading of institutions of different periods from squeezes and facsimiles. Two beaux a week. First and Second Terms. (76.)

10. Latin Palaeography. A study of mediaeval manuscripts from fuesimiles. Two hours a week. First and Second Terms. (76.)

School of Greek.

PROFESSOR MOORE.

Hereafter college credit will be given for one or more of the

I. White's First Greek Book. Easy selections for reading.

2. From books of Xenophon's Anabasis. Arnold's Greek Prose

Composition. Goodwin's Grammar.

3. Ten selected orations of Lysius. Four books of Homers Iliad. Advanced prose composition.

The under-graduate work in Greek comprehends the following:

[The bracketed courses are not given in 1905-1906.]

4. Demosthenes; De Corona. Advanced Prose Composition Three hours a week. First Term. (57.)

5. Greek Tragedy. Aeschylus; Promethus; Sophocles; Philor tetes; Euripides; Hippolytus. Three hours a week. Second Term (57.)

6. Greek Literature, Lectures, A summarizing history of the development of the literature in connection with the political and social history of the people. Two hours a week. First and Second Terms. (76.)

17. Greek Antiquities. The land and the people. The entire ment and environment of ancient Greek life. A study of the private life of the Greeks. Lectures illustrated by lantern views and photon graphs from ancient monuments and remains. Two hours a week First and Second Terms.] (76.)

Course 6 alternates with course 7.

8. Herodotus. Reading of books I., III. and VII., with special reference to local history, topography and antiquities. Homer: Reading in the Odessey; Study of Homeric poetry and Homeric life. Three hours a week. First Term. (37.)

9. Aristophones; The Knights, Wasps, Peace, Birds and Frogs. Thucidides; reading of books six and seven mainly with referenced to the literary and historical questions connected with the subject matter, Three hours a week, First Term. (37.)

Course 9 alternates with course 8 and is collateral with course 7.

10. Teachers' Course. Lectures on Greek Grammar. Aims and methods in translating Homer and Xenophon. Bibliography for the teacher of Greek. Two hours a week. First and Second Terms (76.)

11. The History of Greek Art. Tarbell's History of Greek Art and Garden's Handbook of Greek Sculpture. The course will be illustrated with lantern slides, most of them made especially for this College. Two hours a week. First and Second Terms. (76.)

12. New Testament Greek. Reading of Mark and selection from the Acts of the Apostles. Study of N. T. Grammar. The most interesting scenes in the Holy Land will be illustrated with lantern views. Three hours a week. First and Second Terms. (114.)

School of Mathematics.

PROFESSOR SHARP.

Higher Arithmetic and the equivalents of Taylor's Elements of Algebra. Taylor's College Algebra to part second, and Beman and smith's Plane Geometry are required for admission to these courses.

L Algebra through Logarithms. Taylor's College Algebra. Two hours a week. First Terma (38.)

2. Solid and Spherical Geometry. Beman and Smith's Geometry. Three hours a week. First Term. (57.)

3. Plane and Spherical Trigonometry. Lyman and Goddard's Trigonometry. Second Term. Three hours a week. (57.)

4. Algebra. Continuation of course I, First Term. Three hours a week. (57.)

5. Analytic Geometry. Three hours a week. Second Term. (57.)

6. Analytic Geometry. Continuation of course 5. Three hours a week. First Term. (57.)

7. Differential Calculus. Two hours a week. First and Second Terms. (76.)

8. Integral Calculus. Two hours a week. First and Second Terms. (76.)

o. Surveying. Three hours a week. Second Term. (57.)

Courses 1, 2, 3, 4 and 5 are required of all candidates for degrees.

School of Modern Languages.

German.

PROFESSOR BRISCOF

1. First Term; Elementary German. Thomas' German Grammar, Part I. Van Dael's German Reader, Andersen's Bilderbuch uhne Bilder, Second Term, Storm's Immensee; Heyse's L'Arraobiata; Schiller's Der Neffe als Onkle; Von Hillern's Hoher als die Kirche. Sight reading, exercises and conversation. Five hours a week. (100.)

2. Second Year German. First Term: Selected reading Buch as Riehl's Burg Neideck; Bumbach's Frau Holde, etc., Bernmardt's German Composition, sight reading with review of grammar. Second term: Freytag's Die Journalisen; Chamisso's Peter Schlemihl; Goethe's Herman und Dorothea; Schiller's Egmont's Lehen und Tod, etc. (190.)

Quachita-Central System.

3. The German Drama. Schiller, Lessing, Goethe. First term: Wilhelm Tell, Maria Stuart, Wallenstein. Second term: Lessing's Nathan der Weise; Goethe's Egmont; Faust, Part 1. Particular attention will be paid to the development of dramatic art and to the philosophical value of Faust. Three hours a week. First and Second Terms. (114.)

4. Modern German Literature. Selections from recent and contemporary writers. Study of the modern German novel. Reading of Ebers, Auerbach, etc. Two hours a week. First and Second Terms (76.)

5. Elementary French. Fraser and 'Squair. Reading: Van Daell's Introduction to French Authors; Daudet's La Belle Nivernaise, etc.; Selected Plays as La Poudre aux Yeux, Le Voyage de M. Perrichon, etc.; Halevy's L'Abbe Constantin. Conversation and exercise. Five hours a week. (190.)

6. Second Year French. Selected reading such as Sand's La Petite Fadette, Merimee's Colomba, Rostand's Cyrano de Bergerad The Modern French Poets. Sketch of the history of French Literat ture. Conversation, Composition and Syntax. Five hours a week (190.)

7. (a) Victor Hugo. Shorter Poems, Hernani, Ruy Blas, Notre Dame de Paris, Selections from Les Miserables. First Terms Three hours a week. (57.)

(b) Modern Prose. Selections from the best works of Dauded Loti, De Musset, Augier, Souvestre, etc. Second term. Three hours a week. (57.)

8. The Classic French Drama. A critical and linguistic study of the classic dramatists; Racine, Athalie, Esther; Corneille, Le Cid, Cinna; Moliere, La Misanthrope, Les Femmes Savantes, etc. Two hours a week. First and Second Terms. (76.)

School of English Language and Literature.

PROFESSOR PACE.

To be prepared for entrance into the first College course (course 1 below), students must have had: (1) an advanced technical course in grammar, (2) an elementary course in rhetoric, (Hill's "Foundar tions," Genung's "Outlines," or Waddy's will indicate the amount). (3) the equivalent of six hours a week of literature. This last requirement should include about two hours of American literature and most of the texts set for "College Entrance Requirements." It is recommended that the work in literature be given simultaneously with that in language and composition, e. g.: grammar, four hours; hetature, one; rhetoric (first year), three hours; literature, two; hetoric (second year), two hours; literature, three.

1. Advanced Rhetoric and Composition. Text-book; Espenhade's Composition and Rhetoric. Weekly themes of from 100 to 200 words, with longer themes at stated intervals; certain reading is also required outside of the class, usually one book a month; selecions made from standard novels and books for all time; written reports required of all Freshmen. Three hours a week throughout the year. (114-)

Course I is prerequisite to all other courses.

2. English Literature. A general survey of the field from Chancer to Stevenson. Text-books: Howes' Primer of English Literature, and selected texts. Required of all Sophomores. Four neurs a week, Tuesday, Wednesday, Friday and Saturday throughout the year. (152.)

Course 2 is prerequisite to all courses following.

3. Shakespeare. Two plays will be read critically in class, with due attention to language and versification, as well as to literary and Bramatic qualities. Six plays will be read as parallel on which written reports will be required of students, and informal lectures will be given by the instructor showing the development of the poet's mind and art. The Arden edition of the plays and Dowden's Shakespeare Primer will be used. Two hours a week, First Term. (38.)

4. Milton, Study of the minor poems, four books of Paradise Lost and Paradise Regained. Johnson's and Macaulay's Essays on the poet will be required as parallel. The Clarendon Press edition of R. C. Browne will be used. Two hours a week. Second Term. (38.)

[5. Prose Fiction. A study of representative English novels from Richardson to the present time. Two hours a week throughout the year. (76.) Omitted in 1905-1906.]

[6. Nineteenth Century Poetry. (a) The Romantic movement-Wordswurth, Coleridge, Byron, Shelley and Keats. (b) The Victurian period—Tennyson, Browning, Matthew Arnold, Swinburne. Three hours a week throughout the year. (4) Omitted in 1905-1906. Usually given in alternate years.]

7. Old English. Introductory course. Smith's Old English

Ouachita-Central System.

Grammar; selections from Bright's Anglo-Saxon Reader. Two hours a week. First Term. (38.)

8. Middle English. Chaucer. The Clarendon Press (student'a) edition is used. The Prologue and five or six of the Canterbury Tales. Two hours a week. Second Term. (38.)

(Course 8 presupposes some knowledge of Old English and is a natural continuation of course 7.)

9. American Literature—advanced course. A knowledge of the principal movements in our literature will be presupposed. Attention in this course will be centered on the prose of Poe, Hawthorne. Emerson and Lowell. Three hours a week throughout the vear. (114.)

10. History of the English Language-Emerson's larger book, supplemented by lectures. One hour a week (Thursday, 1.30 P. M.) Throughout the year. Required of students who elect 7 and 8.

School of History and Economics.

History.

PROFEFSSOR NETHERTON.

The applicant for admission to this school must be familiar with Montgomery's Leading Facts in United States History, Meyer's General History (or their equivalents), Arkansas History, and some primary work on Citizenship.

This subject is taught from the standpoint of cause and effect. A systematic study of the most important facts is required. Much time is given to literary and research work. Sources are consulted as much as possible. Written reports on assigned subjects are frequently required.

History of Eastern Nations and Greece. Three hours 2 week. First Term. (57.)

2. History of Rome. Three hours a week. Second Term. (57.)

3. Mediaeval Europe. Three hours a week throughout the year. (114.)

English History. Two hours a week. First Term. (38.)

Two hours a week. Second Term. (38.)

6. Other Modern Nations. Library work. Two hours a week. First Term. (38.)

7. Church History, Two hours a week. Second Term. (38.)

Economics.

The first part of this course is designed to familiarize the stutent with the principles of Political Economy. The text-book will be upplemented by lectures on the application of these principles to practical affairs. Much time is given to Library work.

Courses 9 and 10 give much attention to the governments of modern States and to the laws regulating their intercourse in peace and their relations in war.

8. Political Economy. Two hours a week throughout the year. (76.)

9. Institutional History and administration. Three hours a First Term. (57.)

10. International Law. Three hours a week. Second Term. (57.)

11. Sociology. Two hours a week. Second Term. (38.)

12. Economic Problems. (A continuation of course 8 and open only to those students who have completed course 8.) Two hours a week throughout the year. (76.)

Courses 1, 2, 4, 5 and 8 are required of all candidates for degrees.

The School of Science.

PROFESSOR BUCKMINSTER.

H. W. YOUNGER, O. T. RICHARDSON,

Laboratory Assistants.

It is the object of the work in this department to lead the pupil to find for himself a proper interpretation of nature. The introduction to each new science gives him a "new pair of eyes,"—eyes which must be properly trained before their judgment can be relied on. To this end practical laboratory work with the most modern apparatus and facilities is included in all courses where practicable. Besides this, the work is illustrated by lautern and microscopic slides and the many hundreds of specimens in the geological, chemical, physical and biological departments of the museum.

The attention of prospective medical students is directed to area 1, 2, 5, 6, 8, 9, 10, 11, 12a, 12b, in which work is done the bully the gauivalent of that given by the medical colleges and which the student should have no difficulty in getting credit in medical gourse.

Ouachita-Central System.

Engineering students will find that the courses 6, 8, 9, 10, 11, 12a, 12b, will replace similar courses offered by the technical schools. By making these courses a part of their work at Ouachita, the time required for the professional degree will be materially lessened without in any way sacrificing the advantages of a liberal college education

The requirements for admission to the school are elementary Physiology, elementary Physics and Elementary Chemistry (with laboratory work).

I. Physiology. Two hours a week. First Term. Martin's Human Body as a basis; lectures, illustrated with lantern, speciment and microscope; laboratory work; collateral reading. (38) Required of Freshmen.

2. Botany. Two hours a week. Second Term. Bailey's Botany as text; supplemented by Gray, Chapman and Coulter; Individual laboratory work with compound microscope; lectures and excursion (38) Required of Freshmen.

3. Geology, descriptive. Two hours a week. First Term. (3&) Required of Sophomores who do not take course 6.

4. Anthropology. Two hours a week. Second Term. A general discussion of the origin and development of the human race, based upon the most recent investigation. Lectures, fully illustrated Collateral reading. (38.) Required of Sophomores who do not take course 6.

5. Zoology. Two hours a week. First Term. The study by dissecting and text-book of typical forms from Protozoa to Vertebrate; lectures, excursions. Course I prerequisite. (38.) Elective

6. Physics, general. Two hours' recitation a week and two hours laboratory. First and Second Terms. Trigonometry prerequisite! Text, Hastings and Beach. The work is divided as follows:

First quarter, Mechanics.

Second quarter, Sound, Heat.

Third quarter, Light, Magnetism.

Fourth quarter, Electricity.

For all of these the new Physical Laboratory provides excellent facilities. (95.) Required of Sophomores who do not take courses 3 and 4.

7. Astronomy, Descriptive. Two hours a week. Second Term. Text-book. Young's Manual. Practical work with the telescope and practical use of the standard works of reference; lectures. (38) Elective. Course (6) and Trigonometry are prerequisites.

8. Chemistry, Descriptive. Three hours' recitation and three

neurs laboratory per week. First Term. Text-book, Newell's Deacriptive Chemistry. Lectures profusely illustrated with specimens. In the laboratory each student is provided with individual apparatus and works at a desk provided with water, plumbing, illuminating gas, avdrogen sulfid, air blast and suction. (57) Required of Juniors.

7 g. Chemistry, Qualitative Analysis. One hour a week recitation, six to eight hours a week laboratory. Second Term. The analysis and record of fifty unknown substances is required. Parricular attention is paid to the opportunities this course offers in training the student to the habit of rapid, accurate reasoning. (57) Required of Juniors.

10. Chemistry, Qualitative Analysis, Advanced. One hour a breek recitation, ten hours laboratory. First or Second Term. In this course special methods are applied and substances treated that would be out of place in the general course (9). The work is made to meet the needs of the individual and may include assaying, blow one analysis, etc. (95.) Elective to those who have had 9.

11. Quantitative Analysis. One hour recitation, ten hours laborstory per week. First or Second Term. Practical familiarity with the atandard methods, both Volumetric and Gravimetric is first mined, then the analysis of twenty substances is completed. The work is individual, and may also include gas analysis, water analysis and sugar analysis. A student may thus take this course four different times, getting full credit each time, and each time doing work that is not a repetition of what he has already had. (95.) Elective to those who have had 9.

12a. Organic Chemistry. Two hours recitation and five hours inhoratory per week. First Term. Hydrocarbone of the methane, elefine and acetylene series are studied, together with their most important derivative. In the laboratory are given first exercises to train in technique, when each student prepares pure substances repreleming the compounds studied. (95.) Elective to those who have had (9).

12b. Qrganic Chemistry. Two hours recitation and five hours laboratory a week. Second Term. A continuation of course 12a, including a study of the aromatic hydrocarbons and practice in ultimate organic analysis. (95.) Elective to those who have had (9) and (12a).

13. Reperimental Physics. First and Second Terms. One hour recitation, ten hours laboratory per week. A course of one hundred experiments in Sound, Heat, Light and Electricity. (190.) Elective.

Degrees.

Requirements for the Degree of Bachelor of Arts,

The numbers to the left, in brackets, indicate the number of recitation periods per week; the numbers to the right refer to the number in the same course.

The required studies for the degree of Bachelor of Literature are the same as those for the degree of Bachelor of Arts, except that no Latin or Greek is required, and that the course is one year shorter in electives. Seventeen recita-

Credit will be given towards undergraduate degrees for the following Conservatory courses:

Theory of Music, one year	(2	hours	per	week)	50	hours
of Music, one year	(2	hours	per	week)	50	hours
mestory, three years	(2	hours	per	week)	150	hours
History of Art, one year	(2	hours	per	week)	50	hours

Requirements for the degree of Master of Arts.

The work for this degree includes the equivalent of twenty hours a week for one year, to be divided into two parts. Major and Minor. The Major requires thirteen hours a week in one department and a thesis; the Minor, seven in another. The heads of the respective departments will provide a schedule of the work required of each applicant, which schedule must be filed with the Faculty not later than the first day of October before graduation.

No degrees will be conferred upon any student of the College who has not sustained a good moral character.

Pupils completing any course of study in any school shall be entitled to a certificate in that course.

No degree will be conferred on any pupil until all bills are paid or satisfactorily arranged.

Conservatory.

Courses of Study.

In the Conservatory, instruction is given in Pipe Organ, Plano, Violin, Mandolin, Guitar, Cornet, Theory, Harmony and History of Music, Voice Culture, Elocution, Painting in Oil and Water Colors, China Work, Drawing, Crayon, Perspective, Repousse, Pastel, and Gymnasium. Courses of instruction in these subjects are outlined on the following pages.

Piano Course.

Grade 1.-Emery's Foundation Studies. Easy studies by Czerny. Laschhorn, Koehler. Sonatinas by Clementi, Diabelli, Kulau and Schmitt. Five finger work and major scales.

Grade 2.-Studies continued, also Sonatinas. Easy Sonatas by Mozart, with additions from similar works by Lange, Wolff, Merkel and Lichner. Beethoven opus 49. Modern selections by Behr, Bohm, Hendel, Koelling. Minor scales, chords and arpeggios.

Grade 4.-Mozart, Haydn, and Beethoven Sonatas. Studies continued, also those by Herz, Biehl, Hasert, Duvernoy, Lecouppey, and Heller, op. 47. Salon pieces by modern masters for the development of musical taste and variety of touch. Introductory octave work. Lessons in theory. Transcriptions from standard operas. Lebert and Stark Book 2. Selections from Schubert, Schumann, Mendelssohn.

Grade 4 .- Sonatas continued. Heller's Etude op. 45 and 46. Jeusen opus 33. Loeschhorn op. 67. Hasert, Kalkbrenner and Neupert Etudes. Compositions by Weber, Chopin, Reinecke, Mendels-Nohn, and others. Mozart Concertos. Czerny op. 740, Cramer Etudes, Clementi Gradus, Kullak Octave studies. Bach Inventions. French and English Suites.

Grade 5.-Bach's Preludes and Fugues. Moscheles Etudes op. 70.

Chopin studies op. 10 and 25. Concertos by Weber, Mendelason Beethoven, and Schumann. Modern works by Reinecke, Greig, Rubenstein, Henset, Thalberg and Liszt. Review the entire course Musical History.

Pipe Organ.

The student should have two or three years of thorough work on the piano before taking lessons on the organ.

We offer a thorough and practical course of instruction, begins ning with Stainer's method, in which the student is made familian with the mechanical parts of the instrument, the pedal, manual, stops, registration, mutations, etc. Organ technique is made a specialty, and a course is selected from the best organ literature.

Violin.

The violin is becoming more and more popular, and justly so. Next to the piano it is the sweetest instrument we have, and capable of the greatest variety of expression. It is pre-eminently an instrument for young ladies, requiring delicacy of touch, gentle care and accurate treatment, qualities with which God has so generously endowed woman. Still, we believe that the piano is the instrument of all instruments, but next to the piano, or auxiliary to it, we recome mend the violin.

We have a class large enough for duets, quartettes, etc. As soon as pupils are sufficiently advanced they are admitted to the College orchestra.

Guitar and Mandolin.

Every young lady or gentleman who sings should learn to play the guitar. It makes the softest and sweetest accompaniment, and is also capable of some excellent solos, or may be used with other instruments. It is one of the most convenient instruments, as it is light and easily carried about on a trip and to social gatherings where no piano or other instrument is accessible.

The mandolin is a sweet-toned instrument, easily learned, and capable of splendid solo and ensemble work. Our Mandolin and Guitar Club is always very popular.

During the coming session we shall arrange a special course for instruction in the simplest method of teaching singing in the public schools. All children should be taught to sing. It will perhaps be but a few years before singing will be taught in all our public shools.

Cornet.

[In Ouachita College only.]

The cornet is becoming more and more popular, both as a parlor instrument and as an instrument for leading congregational singing in our churches. It is also a means in "physical culture." We know of nothing that will so deeply develop and strengthen the muscles and prives of the throat, chest, and lungs as the moderate but regular eractice on the cornet.

Voice Culture and Solo Singing.

The production of a pure, resonant and musical tone is the result of patient and intelligent study. The natural and easy control of the voice is obtained only by the correct use of the breath and vocal organs. Every voice requires special treatment, consequently to use exclusively either the so-called German or Italian method is erroneous. When one can focus and place the voice easily, without contracting the throat or other necessary muscles, all habits of bad tone production are then conquered. The following is the course as laid out :

Grade I.-Rules for breathing; development and blending of registers; study of the scales, major, minor and chromatic; arpeggios and slow trills; concone studies; selected songs.

Grade 2.—Continuation of Grade I. Correct placing of tones; exercises for agility; trills; concone studies; Exercises Elementaries Gradues by Mme. Marchesi; songs from American and European composers.

Grade 3.—Exercise for flexibility; study of rapid trills; mordente, the turn, gruppetto; strict attention given to enunciation and interpretation. Studies from Marchesi, Seiber, Panofka, and Vaccai; tongs by Schumann, Franz, Rubenstein, Schubert and others of the Roman school. Oratorio.

Grade 4.—Vocalises and solfeggio continued; the trill, turn, etc., with rapid cadenza passages. Selections from oratorio and opera; selected German and Italian songs. Artistic interpretation and phrasing is insisted upon throughout the entire course.

Students completing the above course, and the first three grades in the Piano course with Theory and Harmony and History of Music,

will be entitled to graduation in Vocal Music. Glee Clubs of young ladies are organized.

Free Advantages.

r. A series of practical lectures on different subjects related to music, such as "What does music teach?" "Art, its mission," "Music in religious worship," etc.

2. Two concerts given by the faculty with explanatory lectures presenting some of the best works in vocal and instrumental mutice

3. "Semi-monthly recitals" given by the students, showing the work of the department, and helping, students to overcome the timidity of playing before an audience, together with "Talks on Music"

School of Expression.

The aim of this course is to correct bad habits of speech to develop ease of manner and grace of body, to secure proper enunciation and pronunciation in reading aloud, to cultivate a taste for the best literature and become able to interpret it to others, to broad the character, to develop the personality and give a harmonious cultural education to the individual. This work is of special value to clergymen and others whose life-work will call for a continued use of the voice.

Public recitals are given frequently throughout the year wherely the student may gain confidence before an audience,

The course offered covers a period of three years, as follows: First year:

Voice Culture, Vocal Expression.

Articulation and Pronunciation.

Analysis and Reading.

Visible Expression-Del Sarte,

Movement and Pantomimic Action.

Sight Reading. Studies in Lyrics and narrative poems, Burns, Wordsworth, Scott, Longfellow, etc.

Second year:

Voice Culture and Vocal Expression continued.

Pantomimic Action, Dramatic Action, Impersonation.

Expressive Reading. English Classics, selected. Special study of Shakespeare's Merchant of Venice, Midsump mer's Night's Dream, Julius Caesar.

Vocal interpretation of the Bible. Extempore Speech. Oratory. Recitations from masters of English and American Literature. Third year :

Advanced Voice Culture.

Special study of Shakespeare's Hamlet, Macbeth, Richard III. English Classics, selected. Expressive Reading, Dialectic Reading. Bible and Hymn Reading. Criticism. Orations, Recitations. Acting of Individual scenes and of whole plays. A liberal English education is requisite to good results.

Physical Culture and Gymnasium Work.

The purpose of this work is to increase chest and lung capacity, to straighten stooping shoulders, raise drooping head and strengthen the weak back; to secure grace and ease of bearing; to learn how to sit, how to stand and how to walk. Courses are given in Swedish symmastics and in harmonic gymnastics. Special classes arranged for those needing special work. Each school is well equipped with gymnasiums for young ladies.

Many students feel the need of work of this kind in college life, and those who follow out the prescribed courses of free and machine work will find themselves better students and more capable in every marticular; for a strong mind must be supported by a strong body.

School of Art.

The teacher in this department has enjoyed extensive study under the best masters, and brings to her work the latest methods.

Special courses for those desiring simply artistic work.

The regular course includes:

I. Object drawing in pencil, sepia, charcoal and pen and ink for illustration.

II. Cast work, oil and water colors from still life and flowers.

III. Sketching from life and out-of-door work, landscape and fure. Advanced oil and water colors. Pastels and time sketches.

The study of the History of Art and Architecture continues throughout the course. Italian, Flemish, German and Dutch schools are treated separately and illustrated.

Lectures open to all students will occur frequently on the "Old Masters," practical art questions, and topics of the day as related to art. It will be shown how Art molds character and influences thought.

Time given to each pupil, three hours per day, three days in the week

is for any other cause, except with the full consent of the president, charges at full rates will be made to close of term.

The Annual Session is divided into quarters. Payment for board and tuition of young ladies is required quarterly in advance. No deduction for lost time can be claimed, except on account of protracted sickness, and then for no length of time less than a month No deduction for absence for the last four weeks of the session.

Liberal Propositions-Reductions.

1. A reduction of 25 per cent. from all tuition fees in excess of \$100, paid by any one pupil or by the parent or guardian of one or more pupils, will be made. This does not apply to the Business College fees, nor to fees for room and board.

2. All non-resident ministers of the Gospel in active service, who will become active agents for the enlistment of students, and who will undertake to give the institutions full benefit of their influence in their respective circles, shall have free tuition for their minor children in the regular literary course.

3. All resident ministers in the pastorate will be granted free tuition in the literary department for one minor child.

4. Pupils in the extra branches and Business College who do not take full work (17 hours per week) in the Literary Department will be charged in proportion to the number of hours per week taken. For illustration: A pupil taking piano and voice and English (reciting three hours per week) will be charged for the English three-seventeenths of the regular literary tuition.

Affiliated Academies.

Elsewhere in this catalog will be found a course of study for the Academies and the preparatory departments for the Colleges. The Academies are owned by the Board of Education, and are entering upon a useful career.

Ouachita Maynard Academy.

J. M. SHAW, A. B, Principal.

In 1900 committees under instruction from State Line and Current River Associations purchased the property of Abbott Institute and asked the Trustees of Ouachita College to accept it as an Affiliated Academy. The request was granted and the academy has been very prosperous. In 1903-1904 a two-story brick was erected by the munificence of friends of the school. The property is valued at about St0.000, has good campus and is situated at Maynard, Lawrence County. The enrollment was 161 the past year, under a faculty of four teachers. There were 71 boarding students.

Ouachita Magazine Academy.

J. L. SMITH, A. B , Principal.

In 1900 the generous people of Magazine proffered to the Ouachita Trustees a beautiful plat of ground and \$8,000 in good notes and subscriptions with which to establish an academy. As a result we now have a beautiful two-story brick building, well equipped. Many improvements have been made during the past year. Two hundred pupils have

been enrolled, one hundred and forty-eight of whom werd non-residents, under six teachers.

Ouachita Bentonville Academy. E E. BAGWELL. A. B., Principal.

This property (\$20,000) is located in Bentonville and was formerly known as Bentonville College. In 1900 the property was deeded to the Ouachita Board. The main building is a three-story brick, well furnished, situated on a beautiful campus of five acres. The generous people of Bentonville made donations for a dormitory, and a beautiful twostory brick building was erected and furnished the past year. Six teachers and 134 pupils were registered.

Ouachita Mountain Home Academy.

L. A. MORTON, A. B, Principal.

This property, formerly known as the Mountain Home College, is now free from debt. The buildings and campu are valued at \$20,000. Prof. Morton has proved himself a wise, cautious and energetic builder. A beautiful two-story stone building on the campus is used as a dormitory. Twelve teachers and 310 pupils the past year.

All these academies will open in September with encours aging prospects. Expenses very moderate. Circulars, giving full information about the academies, may be had by addressing cards to their respective principals.

Accredited Schools.

The College desires to promote the growth of thorough econdary schools. The academies at Magazine, Bentonville, Maynard, Mountain Home, Fordyce and Bodcaw are affiliated with the colleges, having the same course of study, with the same text-books, as is given in the preparatory department of Ouachita and Central. Hence we give full credit to students from these academies who bring from their principals certificates stating in full the work done in the academies.

With reference to the relation to the colleges sustained by other schools, with different courses of study, and different texts, it is difficult to state any thing more definite than that the College desires in all cases to give full credit for actual work done, and that certificates from principals, stating the time spent in recitation, the text used, and the parts of books completed in the various courses will be honored, and the student will receive credit for the equivalent work in the preparatory department of the colleges, provided always that if the student fail to maintain his standing in the class assigned him, his work at Ouachita or Central is to be the final test of the character of previous work.

Advanced college standing will be given on the same conditions. in case such work has been done with proper equipment and under such conditions as make satisfactory college work possible.

IIO

Schedule of Preparatory Work.

Courses of study for the preparatory departments of Ouachita and Central Colleges and the affiliated Academies. The numbers in brackets refer to th ~ceitation periods at Ouachita. * Three times a week. † Twice a week
