Dr. Raouf Halaby

Halaby selected for CNN interview

Dr. Raouf Halaby, associate professor of English, was featured this month on the Cable News Network for an article he wrote earlier this year on the significance of the Statue of Liberty. Halaby submitted his article entitled "To Ramzy, Ryan, and Lady Liberty," the first two names being his sons', in response to a CNN advertisement inviting viewers across the nation to write essays in order to help celebrate the Statue's 100th birthday in July.

In his article, Halaby said that what is important "is not so much the celebration or the commemorating of the Statue as much as commemorating the idea of what liberty truly means. It's a joy to me that my two sons were born in the United States and that they live in a land of freedom and opportunity."

A native of Palestine, Halaby came to the U.S. in 1965 after living for five years in Lebanon. He is a graduate of Ouachita.

Halaby was one of three persons in the nation chosen to be filmed for feature segments by the Atlanta-based network. A Cable News Network broadcast team filmed him in Arkadelphia in May, in both his home with his two sons and wife, Rachel, and in his office and classroom among Ouachita students.

Halaby has been further honored in having been selected to read a paper entitled "Culture, Religion and Politics: Their Impact on Lebanese Personal Names" at the University of Manitoba in Canada on May 29.

The invitation was issued by the Canadian Society for the Study of Names which participated in the Royal Society of Canada and the Learned Societies' 39 annual meeting.

Old Main pictured on china tea-tile

Alumni interested in Ouachita memorabilia during the Centennial year may consider the purchase of a china tea-tile fired with a picture in color of Old Main. Mrs. Vernon Shambarger of Arkadelphia commissioned the tile in connection with the Class of 1933's 50th anniversary and Gold Tiger reunion in 1983.

As a limited edition, a small number of the tiles still are available in the Ouachita Bookstore at \$10. A brief history, researched by Mrs. Ruth Shaver Means ('33) of Baton Rouge, La., accompanies the tile. This item is non-mailable.

"OBU Around the World" is one of the most dramatic aspects of the newly established Center for Christian Ministries (CCM) at Ouachita.

Lisa Campbell and Greg McKenzie, new Ouachita graduates, are teaching conversational English to high school teachers in China this summer.

Another OBU student, Ian Kosh, is spending part of the summer in Africa helping to promote media missions on that continent through on-site research. He is participating in media conferences and working directly with both the media director of Africa and media planners from French-speaking African countries.

Still more summer missions students are in Brazil, serving primarily in youth ministry areas or accompanying local church groups in the Arkansas-Amazon volunteer mission linkage, just one part of the newly established CCM.

According to Dr. Bud Fray, director of the center and chairman of the department of religion at OBU, the CCM is an effort to integrate learning with practical experience in ministry on campus, community, state and international levels.

The center officially opened in November of 1985 during the meeting of the Arkansas Baptist State Convention on campus. OBU President Dr. Daniel R. Grant, Dr. Fray and Mark Baber, associate director of the center and director of the Baptist Student Union at OBU, began drawing up proposals for CCM functions early last year. Several proposals have already been put into action, and a gift of \$15,000 from the Keith Smith Feed Company of Hot Springs was donated to sponsor these CCM events and programs during its first year.

As part of "OBU Around the World," a summer missions program for credit, the CCM held its first Cross Culture Commu-

nications Seminars in May for students preparing to go to another country.

"This seminar gave them insight into how to cross over foreign barriers and equip them to become insiders there," Dr. Fray said.

Another dimension of the CCM is the internship program where students are "ac-

tually doing the kind of ministry that they are learning how to do." Greg McKenzie, now in China, was an internship student at Ouachita, working each week as a chaplain/counselor at the Arkadelphia Human Development Center where he led Bible studies and worship programs. Tommy Lowe, an intern at the First Baptist Church of Arkadelphia, participates in the organization and directing of FBC's educational program.

Dr. Fray follows up on their progress with monthly conferences to "make it real" to the internship students. "I quiz them so they can see things such as which goals they worked toward that month, what problem areas they had, and how they are dealing with them," Dr. Fray said.

The CCM is also providing follow-up

sessions for the 53 students who made commitments to missions during Global Focus Week, an event which the CCM helped to organize and carry out.

Related to the internship program are two more functions of the CCM: a ministry-request response service, and its church and pastoral services function. The CCM secretary and coordinator receives and tries to fill requests from churches, associations, and institutions for full-time ministry students, in cooperation with the BSU and the Religious Activities Placement Service (RAPS).

Within the church and pastoral services division, the CCM proposes to hold programs and workshop events in the following areas: marriage and the home, parenting skills, emotional growth of teens and parents, conflict management, in-depth discipleship, living together in peace in the church, and missions. According to Dr. Fray, the CCM is now providing help in the above areas on an individual basis.

Concerning on-campus ministry, the CCM plans to organize workshops, retreats and symposia for ministers and others interested in improving coping skills and enhancing their ministry. Special emphasis will be placed on areas such as stress management, burn-out, philosophical, and ethical issues. The CCM will be conducting their own research in these and other areas, according to the proposal outlines.

Establishing a curriculum laboratory and media resource center is another CCM goal which they have begun by obtaining several "equipping" tapes on in-depth discipleship and missions. The CCM will organize this church library of literature and audio-visual aids in cooperation with the Southern Baptist Convention, including the Sunday School, Foreign and Home Mission Boards.

Three named Professors Emeriti

Ouachita honored three retiring faculty members who together have accumulated 96 years of service to the university. The three, named Professors Emeriti at the Commencement Luncheon in May, were Dr. Randolph Quick, professor of sociology, 1953; Virginia Queen ('44), professor of music and holder of the Addie Mae Maddox Chair of Music, 1946; and Mrs. Jean Raybon ('61), assistant professor and assistant director of library services at Ouachita since 1969.

PRESIDENT'S CORNER

Why choose Ouachita?

by Marianne Morrisett Gosser

As parents, one of our responsibilities is to guide our children in making wise and meaningful choices.

Bob and I have guided our children to Ouachita. They have grown up in a Christian home and church environment. We wanted that same Christian influence at a university where there are still rules of conduct and moral expectations.

We wanted a stimulating learning environment where the professors have a genuine interest in them, not just a number among the masses.

We wanted our teenagers to be associated with other Christian young people and to fall in love with someone who has the same basic beliefs as they do.

Most of all, we wanted their college president, administrators and faculty to be Christian men and women who pray for God's guidance and leadership.

We wanted the best for them, so we sent them to Ouachita.

"OUACHITA, WE SING THY PRAISES."

'Ouachita in the Roaring Twenties'

Donald Tatman ('27) writes rousing account of flapper era

Members of the Gold Tiger Club received a surprise gift at Commencement this year: "Ouachita in the Roaring Twenties," a 28-page recollection written by Donald Angus Tatman of Pine Bluff. He and his wife, Laurie McMillan Tatman, are members of the Gold Tiger Class of 1927.

In covering such subjects as "Uncle Doc Green's roosters at Ouachita," "Expose' in the boys' dorm," "The Blackhand strikes again" along with other flapper-era concerns, Mr. Tatman has filled his book with humor, charm and a strong case of Ouachita spirit.

Illustrations are by Scott Crider, a junior communications major from Fayetteville. Mr. Tatman financed its publication and is donating all proceeds from its sales (\$2 per copy) to the Former Students Association. An order form is on page 6.

LIBERAL ART — Robert Duffer, a senior computer science major, produced a new interpretation of designer jeans for the Student Art Show during Commencement. The jeans were displayed in full color, freestanding in a pair of shoes, in Mabee Gallery. His parents are Rev. Bob and June Zimmerman Duffer ('61) of Kihei, Hawaii.

'TCBY' company awarded \$4,000, Hickingbotham gives it all to Ouachita

Just minutes after learning last month that his TCBY ("This Country's Best Yogurt") franchise had swept all three categories of the first Arkansas Investor Awards program, Frank Hickingbotham ('54-'56), TCBY chief executive officer gave the entire amount to Ouachita's business administration department, totaling \$4,000 in prize money.

TCBY, which has become one of the nation's fastest growing businesses, was named as the state's leading publicly held growth

company in terms of stock price gain, sales and earnings.

Started by Hickingbotham in 1981, TCBY now operates 316 stores in 41 states and is the nation's only publicly owned retailer, franchiser and manufacturer of frozen yogurt products.

Last September, the Frank D. Hickingbotham Foundation presented Ouachita with a challenge grant of \$500,000 to be used in the \$2 million library improvement project.

Trio of Ouachita chemists involved in off-campus research projects

Three members of the Ouachita chemistry faculty, Dr. Wayne Everett, Dr. Joe Nix and Dr. Joe Jeffers, will be involved in summer research projects away from campus.

Dr. Everett, professor of chemistry and chairman of the natural science division, has been selected as a visiting lecturer and researcher at the University of Texas at Dallas. He will teach a graduate course for secondary science teachers entitled "Chemistry, Technology, and Society." The course will include tours of chemical industries in the Dallas area. He will also conduct research in the laboratory of Dr. Warren Goux studying glycoproteins. Dr. Everett received his Ph.D. from Purdue University and joined the OBU faculty in 1961.

Dr. Joe Nix, the W. D. and Alice Burch Professor of Chemistry, will work with the Waterways Experiment Station of the U.S. Corps of Engineers in Vicksburg, Miss. He

will spend part of his time in their analytical laboratories providing technical expertise and guidance in the use of analytical research techniques. He will also travel to WES operations at Eau Galle, Wis., Calhoun Falls, S.C., and Washington, D.C., to coordinate analytical efforts and field training. Dr. Nix received his Ph.D. from the University of Arkansas at Fayetteville and joined the OBU faculty in 1966.

Dr. Joe Jeffers, associate professor of chemistry and chairman of the Department of Chemistry, will serve as a Visiting Researcher in Biochemistry at the University of Arkansas for Medical Sciences in Little Rock. He will work in the laboratories of Dr. Sam Goldstein, continuing a project studying the molecular biology of aging, using human fibroblast cells as a model system. Dr. Jeffers, who joined the OBU faculty in 1972, received his Ph.D. from Purdue University.

Gifted and Talented program for grades 9-12 offered at OBU

Ouachita is initiating a "first" this summer in its offering of two two-week interdisciplinary programs for gifted and talented youngsters, in grades 9-12, through the Arkansas Department of Education's Special Education Division.

Mrs. Judae Thompson Royston, mathematics instructor at Ouachita, has directed the first session in computer science, entitled "Programming in PASCAL," June 15-27.

Dr. Raouf J. Halaby, associate professor of English, will direct the program "From the Frontier to the Freeway: One Hundred and Fifty Years of Arkansas People, Places and Culture," which will be offered August 3-15.

The June session has been geared to gifted and talented students with an interest in computer science. Programming was approached using a top-down design of iden-

tifying the major components of a solution and then resolving them, using the structured language of PASCAL.

'Programming in PASCAL'

The program staff included: Dr. Alton Crawley, professor of mathematics and computer science; Dr. Ken Locke, professor of psychology and a licensed psychologist; Toby Daniell, a Ouachita sophomore as recreational director; and two aides, Camille Hardwicke and Darrell Barton.

All students participated in classes designed to respond to the social and emotional needs of gifted students, with group discussions and individual and small group counselling sessions. School administrators and counselors nominated the 20 participants selected by the screening committee.

Ouachita's computer facilities and faculty will continue to be available on an appointment basis and all participants will be in-

vited back to the campus in the fall for a day of follow-up activities.

The history program is an Arkansas Sesquicentennial event, geared to students with an interest in the State's history and in the humanities. Fifty students will be chosen for the program which includes discussions, field trips, lectures and recreational activities.

The history of Arkansas art, music, literature, history, language, sociology, and natural resources will be studied. The students will meet an Arkansas novelist, archivist, and environmentalist, and will visit

an antique bookstore, the Caddo Indian museum, tour Old Washington, and have a specially guided architectural tour of Clark County's pre-Civil War homes. They will have opportunity to play old and modern musical instruments, and to participate in a study of Arkansas expressions and sayings with computer analysis and interpretation.

The 11 instructors participating include Dr. Anne Early, professor of anthropology at Henderson State University, Mrs. Mary Medearis, archivist and director of the Southwest Arkansas Regional Archives in Old Washington. The remaining eight faculty members all from Ouachita include: Lavell Cole, history; Dr. Fran Coulter, history; Dr. George Keck, music; Dr. Herman Sandford, English; Dr. Mike Arrington, history; Dr. Joe Nix, chemistry; Dr. Alton Crawley, mathematics and computer science, and Dr. Halaby.

\$250,000 challenge grant made to OBU for library improvement

The J. E. and L. E. Mabee Foundation, Inc., of Tulsa, Oklahoma, has made a \$250,000 challenge grant to Ouachita Baptist University to aid in the construction of a \$2 million library improvement project.

"The Mabee Foundation has invested generously in Ouachita Baptist University, and this latest decision will help students studying at OBU better capitalize on the opportunities of the information age," according to President Daniel R. Grant.

The gift is designated for one of Ouachita's major Centennial year goals, that of construction of a new wing to the present Riley Library, renovation of the existing structure, strengthening library holdings, and a cooperative project for automation and an electronic link with Huie Library at Henderson State University.

The challenge grant by the Mabee Foundation, according to Roger Harrod, vice president for development, will be used to help meet the \$500,000 challenge presented last September by Frank Hickingbotham, president and chairman of the board of This Country's Best Yogurt Enterprises, Inc., an Arkansas-based firm.

Hickingbotham presented a check for \$100,000 to Dr. Grant in September and

specified that the additional \$400,000 would be given after the remaining \$1.5 million required for the project has been raised at the end of 1986.

"We now have before us two splendid challenges, and Ouachita's alumni, former students, and friends have always responded positively to challenges," said Harrod. "Since the University's master builder program began in 1971, they have eagerly accepted and met seven similar challenges, making it possible for Ouachita to replace a number of older, energy inefficient buildings with modern ones that promise to serve our students well into the school's second century of service."

The challenge grant by the Mabee Foundation represents the fourth investment that the organization has made to Ouachita over the past 13 years. Previous grants assisted in building Mabee Fine Arts Center, McClellan Hall and Sturgis Physical Education Center.

The Foundation was formed in 1948 by Mr. and Mrs. John E. Mabee, both now deceased, for the purpose of aiding, among other causes, all Christian religious organizations and institutions of higher education.

CHALLENGE GIFT — Frank D. Hickingbotham, president and chairman of the board of TCBY Enterprises, Inc., the Arkansas-based national frozen yogurt company, writes a check for \$100,000 to President Daniel Grant as a challenge gift designated for a \$2 million library improvement project, a major centennial goal.

New scholarships, financial aid programs are announced

Scholarships and other financial assistance programs continue to close the gap between tuition costs at Ouachita and those at state-supported colleges.

"While most scholarships are for less than full tuition," says Roger Harrod, OBU's vice president for development, "they certainly make it easier for young people to study in the distinctively Christian environment at Ouachita."

Recently announced scholarships include:

■ The Ralph Davis Scholarship was established upon receipt of \$20,000 from his estate to endow a scholarship for students studying to be ministers of education. Brother Davis was for several years the director of the Arkansas Baptist Church Training Department. At his death, he was retired and living in Little Rock.

■ The Hearst Scholarship was endowed with a \$25,000 gift from the William Randolph Hearst Foundation. It is available to students attending Ouachita Baptist University without regard to their field of study.

■ The Lynda Webb Harris Scholarship

was endowed with a \$10,000 gift from her children, John and Mary Lynn Reese. She was a 1937 graduate of Ouachita and lives in Rogers, Arkansas.

■ The Florence M. and Morgan L. Phillips, Jr. Scholarship was established in 1977 with a gift of land, but will be awarded for the first time in the fall of 1986 following a recent sale of that land. This scholarship will be awarded for the educational expenses of a worthy student without regard to his/her field of study.

■ Mrs. Blanche Fleming Marler ('34) and Mrs. Harriet Fleming Richards ('37), and other members of their family have made a gift to Ouachita of \$6,200 to establish a scholarship for persons preparing for the teaching profession, known as the Fleming Scholarship, with the expectations of future additions to the fund.

■ Dr. and Mrs. Weldon Vogt have established a Psychology Faculty Scholarship with a gift of \$5,120 for returning seniors majoring in psychology. Vogt is a psychology professor emeritus, serving part time. Donors have contributed an additional

\$500 to fund the first annual award.

■ Arthur Bruce (f.s. '33) of San Francisco, Calif. has established a pattern of giving to Ouachita which is designated for scholarships for outstanding students from Stuttgart, Ark. who excel in athletics and academic work in high school. Contributions will accumulate in years when a male or female student does not qualify.

■ The Donald Seward and Lois Gardner Scholarship has been established by William C. and Jenny Petty, (1952 and 1962 respectively) of Pacific, Mo. with an initial gift of \$1,500. Additional funds are to be added to equal or exceed \$12,000 by the end of 1986. The recipient is to be a major in physics, math, education or modern languages, to be alternated between the sciences and the humanities.

■ Mike Threet has established a scholarship fund in honor of his father, James D. Threet, with an initial \$1,000, to be added to annually, producing a \$500 scholarship.

■ Beta Beta men's social club, with an initial gift of \$1,500 from club members

and alumni, has established a \$500 scholarship for a member of the club. The first award will be made this fall.

■ The family of the late C. T. Hinshaw, Sr., of Texarkana, has made another significant contribution to the C. T. Hinshaw Scholarship Fund that was established in 1985 with a beginning endowment of \$10,000. Mrs. Loma Hinshaw and her sons, Dr. Elton Hinshaw of Nashville, Tenn., and C. T. Hinshaw, Jr., of Texarkana, have initiated the scholarship in memory of their husband and father, for senior students committed to full-time Christian service. The latest addition increases the principal to \$20,000.

■ The A. C. Snider Memorial Scholarship, established by his widow, Mrs. Retha Snider, for students choosing to attend Ouachita from First Baptist Church, Warren, Arkansas, or from Bartholomew Association.

Additional information on these and other scholarships is available from the financial aids office at Ouachita.

GLANCES

Downs narrates video on photography, design

Dr. William D. Downs, Jr., chairman of the OBU communications department and director of public relations, has written and narrated a video production (on Walsworth Publishing Company) on photography and design to be marketed worldwide.

Downs, one of six publication advisers in the nation selected for the project, is responsible for answering Ouachita's annual requests for video presentations, including this year's Centennial video-tape.

The 30-minute program was taped on campus.

Endowment honors Mrs. Margaret Jones

An endowment fund has been established at Ouachita in honor of Mrs. Margaret Jacks by Reverend and Mrs. Wilson Deese of Little Rock and Mrs. and Mrs. Louis Jacks of Sparkman.

The principal of the fund will be invested and the annual earnings will be used for the purchase of supplies and equipment for the School of Music and for maintenance and travel for that department.

Dr. Joe Jeffers promoted to full professor

Dr. Joe Jeffers has been promoted from associate professor to professor of chemistry and biology by the University's Board of Trustees, effective for the 1986-87 academic year, according to Dr. Thomas Turner, vice president for academic affairs and dean of the School of Arts and Sciences.

Dr. Jeffers is a native of Warren and a 1962 graduate of Warren High School. He received his bachelor of science degree from OBU in 1966 and a doctor of philosophy degree in professional chemistry from Purdue University in 1972, the same year he joined the Ouachita faculty.

Frances McBeth and Marvin Lawson at concert

McBeth dedicates Centennial work to Marvin Lawson

Marvin Lawson, assistant professor of music at Ouachita and director of bands at the University from 1962 to 1984, was honored at the spring band concert when Dr. Francis McBeth announced that he had dedicated to Lawson his composition written for the University.

The musical composition entitled "With Sounding Trumpets," was authorized by the University as part of the school's Centennial Celebration being held during the 1985-86 academic year.

"The dedication of 'With Sounding Trumpets' has a special meaning to me," Lawson states. "The reasons being: The composition was premiered by the O.B.U. Band, was written by an internationally known and respected composer and was presented and co-dedicated to Ouachita University as a part of its Centennial Celebration. Having been a close friend of Francis McBeth's for over 25 years, I know how much of himself goes into writing a piece of this quality. For this I am extremely proud that he would freely honor and dedicate this composition to me at this time."

Dr. McBeth is the chairman of the theory-composition department of the School of Music, resident composer, composer laureate of Arkansas and is a renowned composer of band music heard around the world.

GOING UP! — Beta Beta social club members helped inflate and operate the \$2-per-ride hot air balloon in April, with the proceeds going to the Barb Griffin Endowed Scholarship Fund.

TRUE GRIT — The Arkansas Sesquicentennial Wagon Train stopped long enough in Arkadelphia May 10 for Tammy Wilson (left) to receive her diploma from Ouachita. She then resumed the 1,700-mile, 106-day tour which ended in early June. About 50 wagons joined the entourage through the state.

Ouachita students scattered throughout world this summer

While most of us are sweltering away the summer in Arkadelphia, Ouachita students are scattered around the nation and the world in a variety of academic and mission projects.

The 22 summer missionaries are located in Alaska, North Carolina, Kentucky, Colorado, Michigan and California, as well as Arkansas, with its G.A. Camps, state parks, Emergency Shelter, Youth Home, etc.

Alberto Gomes, a junior from Brazil, has returned home for the summer to assist the Arkansas BSU group, and two teams from First and Second Baptist Church, Arkadelphia in the AMAR project (Arkansas-Amazon region of Brazil partnership), as interpreter. In addition to several Ouachita staff members, emeriti faculty, and alumni, Doug Barlow and Phil Baugh, current students are joining with Henderson students

in rounding out these teams.

Ross Sawyers, a senior math and physical education major, is traveling and playing in Europe this summer as a member of Campus Crusade for Christ's Athletes in Action baseball team. The U.S. team is scheduled for games in West Germany, Czechoslovakia, Sweden, Romania and Yugoslavia in addition to speaking to religious and secular gatherings in their host cities over the eight week period.

Rhonda Clark, a senior political science major, is spending six weeks in the Soviet Union, thanks to a new use for the Ben Elrod \$2,500 scholarship given to an outstanding member of the Carl Goodson Honors Program. Originally used for the recipient's senior academic year, it is now intended for summer study outside of the University.

Four Early Academic Orientation sessions scheduled

Ouachita is conducting four Early Academic Orientation sessions this summer, giving incoming freshmen and transfer students for the 1986-87 academic year an opportunity to visit the campus, meet the faculty and staff, and arrange a schedule of classes before Ouachita's 1986 fall semester begins in late August.

Orientation sessions scheduled for June 21, July 18, August 7 and August 22 follow the same agenda with students choosing the day they wish to attend.

Registration is at 9:30 a.m. in the lobby of Evans Student Center, followed by a general session for students and parents at 10:30 a.m. in the Recital Hall of Mabee

Fine Arts Center.

At 11:20 a.m. the visiting students and parents will attend one of the seven divisional meetings in religion, education, natural science, music, social science, humanities or business.

The registrants are served lunch in the Banquet Room of Evans Student Center, with the price of their meal included in a \$5 registration fee. Parents and other family members may purchase tickets for \$4.75 at registration.

From 1 to 4 p.m. the students meet in Lile Hall with assigned preceptors, or academic advisors, to help arrange a fall schedule of classes. Parents of the students have

the opportunity to attend a parent discussion session at 1:10 p.m. in the Recital Hall of Mabee with President Dr. Daniel R. Grant and other members of the administrative staff. From 1:30 to 3:30 p.m. students may have their identification pictures made in the audio-visual department in Riley Library. There are campus tours at 2:30 p.m. and at the same time a reception for parents and students on the Bridge of

Evans Student Center.

Students planning to attend one of the sessions need to have an ACT test result on file, or bring the results, and to provide a transcript. Ouachita offers a residual ACT test on the day prior to each Early Academic Orientation date for the benefit of those students who missed taking the test on the national testing dates over the past year.

For more information on the Early Academic Orientation schedule and forms for registration and ACT testing, persons should contact the Dean of Academics Office at OBU, P.O. Box 3755, Arkadelphia, AR 71923, or by calling (501) 246-4531, ext. 196.

Second Century goals discussed in Hot Springs

Ouachita's Second Century Planning Retreat in Hot Springs May 15-16 drew 172 faculty and staff representatives, students, alumni, trustees, Development Council members and other friends of the university for a two-day discussion of goals recommended by eight Centennial task force committees.

The recommendations included second-century plans concerning curriculum, faculty and staff development, student enrollment, student development, the Christian dimension, buildings and grounds, financial resources and support, and the development of a new mission statement and marketing plan.

In calling for "constructive critiques" of the task force recommendations, OBU President Dr. Daniel R. Grant said the revised goals for the school's second century will be submitted to the Board of Trustees on Aug. 14. A public announcement of the approved goals will be made during Founders' Day on Sept. 6.

The Centennial planning process began in 1975 with a similar retreat at Marble Falls near Harrison. The 1986 retreat was at the Arlington Hotel.

PLANNING AHEAD — Serious discussion and good-hearted fellowship characterized Ouachita's Second Century Planning Retreat at the Arlington Hotel in Hot Springs May 15-16. Dr. Mark Coppenger (left), pastor of First Baptist Church in El Dorado and an alumni representative, led one of the eight discussion groups. Above, faculty members Lavell Cole, Dr. Richard Mills, Dr. Bud Fray and Betty McCommas have a light moment with Rev. Carroll Caldwell ('55), director of missions for the Southwest Arkansas Baptist Association in Texarkana. He is also a Ouachita trustee.

CLASS NOTES

1912

Mrs. **Clyta Daniel Agee** (f.s. '12), mother of **Clyta Agee** (f.s. '69) **McAtee** and mother-in-law of **Rev. Delbert C. McAtee** ('43), recalls her days of playing basketball at OBC. They all are living in Forrest City, Ark.

1930

Mrs. **Neva Bennett Talley-Morris** continues to call forth recognition and honors for her legal career. At 75 she received her Ph.D. from World University at Heidelberg, Germany, and after years as a recognized authority in family law, she is devoting most of her energies to the search for international peace, a study which involves her in trips and meetings around the globe with World Peace Through Law.

Her introduction to overcoming obstacles came at the age of 2 when she survived a struggle with polio. In 1983 she received an artificial hip, and during the years has been twice widowed. Retired now, she has attended a National Conference on Peacemaking in Denver this month, followed by a planning session in Washington, D.C., for a 1987 meeting in Seoul, Korea, of World Peace Through Law where she will lead a legal ethics discussion. Her honors and achievements, some of which have been recorded in earlier bulletins, would take a column.

1933

Katye Lou Russell, who taught English, journalism and creative writing for 41 years in Arkansas schools, the last 27 in Ole Main High School, North Little Rock, left retirement in 1978 to serve three years as part-time instructor in yearbook production at UCA, Conway.

Her lyric poetry, which began to be recognized nationally in 1935, has appeared in 14 national anthologies, including the National Poetry Center exhibit in the 1939 New York World's Fair. She wrote lyrics for most of the songs used in the Arkansas Education Association's Centennial Pageant in 1969, has been published in literary quarterlies, received a Jon T. Griffith National Poetry Award, had her work read on many radio programs, and appeared in *Who's Who of American Women* and *Who's Who of American Poets*.

Her first book of verse, "My Wee Muse Sings," is in Riley Library, and she is working on a volume of collected works. She is related to Dr. Robert Graves Bowser, former president of Ouachita.

1935

Seth Thompson (f.s.) is a wide-ranging journalist whose assignments have included newspapers in Arkansas and Mississippi; information specialist with the U.S. Departments of Agriculture and Interior in Washington, D.C.; service with the U.S. Navy; director of information with the Kentucky Rural Electric Cooperative Corp., Louisville; city editor of the *Daily Democrat* in Neosho, Mo.; U.S. Foreign Service, with embassies in Karachi, Pakistan, Amman, Jordan, and the Trust Territory of the Pacific Islands, Saipan, and the Marianas. He has retired to his ranch, Ziarat, at West Fork, Ark., where he taught English for two years at the high school and now carries on a worldwide business in breeding gamecocks. He writes a column for his hometown (Waldron, Ark.) weekly newspaper, and freelances articles to trade publications, the *Arkansas Gazette* and *Arkansas Times*.

1936

CLASS OF '36 50th ANNIVERSARY REUNION (by Juanita McMillan Barnett, who has faithfully recorded each previous get-together of this class which graduated during Ouachita's 50th anniversary)

Late afternoon sunshine filtered through the tall pines. The mockingbird's evening song was lost in the joyous sounds of reunion. Ouachita's Class of 1936 was returning home to celebrate 50 years!

More than 50 guests were greeted at the

door of 14 Pinewood Drive by Jimmy and Katherine Hobgood. Arrangements of golden yellow mums with purple iris graced each room. Interest centered around a table displaying Joe Bill Gillespie's scrapbook of newspaper clippings and pictures of unforgettable days, 1932-36. Also displayed was a scrapbook being compiled by the FSA office staff about the achievements of the Class of 1936 since graduation. Pictures of earlier reunions (25th, 40th, 45th) were also included.

In the dining room, Hope Riner Bethea and Marie Braden Whitten served punch and coffee while guests nibbled at assorted cheeses and crackers — and talked endlessly as cameras flashed to preserve the moment forever.

At 7:00, our class and guests moved on to Evans Student Center on Ouachita's campus for the Gold Tiger Dinner. Entertainment by the Ouachi-Tones gave us "beauty in song" while Dolphus Whitten gave us laughter with "Reminiscences" of our college days, including re-telling of Dr. J. R. Grant's famous jokes.

An update on Ouachita and a look into her future by Dr. Dan Grant preceded the induction of the Class of 1936 into the Gold Tiger Club. Each member was presented a Gold Tiger Pin and a certificate which recognized the occasion of the 50th anniversary of our graduation from Ouachita Baptist University.

J. W. Bethea then presented a gift to the university from our class, explaining it was interest earned on the pennies left from our graduation gift in 1936 of the campus flag pole. Ten thousand pennies (\$100) were poured into an authentic 1936 dish pan from money sacks by Joe Bill Gillespie, Lewis Urton, Hubert Cone, and E. M. Sleeker.

A film on Ouachita's Centennial concluded the evening.

Morning brought us together again for a breakfast buffet at Palmere's Restaurant. As master of ceremonies, Dolphus Whitten set the tone of hilarity with his own fresh store of jokes and gave each class member the chance to "have his say." Nancy Pearl Keeling Boren received a gift for the class member who traveled the greatest distance to attend.

Those attending were: Dolphus and Marie Braden Whitten; Dr. C. S. Holt; J. W. and Hope Riner Bethea; James T. and Lerie Riner Rainer; Smith and Anna Laura Jones Gooch; Red and Jimmie D. Brock Baylor; E. M. and Elizabeth Sleeker; Edward and Elizabeth Warmack.

The list continues: Harry J. and Ann Hall; Gerald and Elizabeth Trussell; Lewis Urton; Mr. and Mrs. Seth Thompson; Walter and Helen Smith Bruening; Herman and Marjorie Meador Hankins; Martha Jean Meador Pacifici; Rebecca Harrelson Dallas; Jim and Leila McMillan Shaw; Juanita McMillan Barnett; Frances McMillan Elledge; Elizabeth Daniel McMillan; Jane Daniel Cole; James and Virginia Tompkins Tull; James and Katherine Hobgood; Mr. and Mrs. John Harris; Linda Webb Harris; Arnetta Herbert Williams; Mr. and Mrs. Wallace Herbert; Mary Lynn Harris Reese; Nancy Pearl Keeling Boren; George Jernigan; Christine Stranburg; Helen Holland; Sinclair and Elizabeth Bennett Winburn, and Helen Holland.

Throughout all the joy, there were unshed tears in our hearts as we remembered those who were not here.

Alma (Hope) and Harvey Elledge had planned to attend until Harvey had heart attacks on April 5 and 6. He is recovering rapidly, now at home, 6400 N.W. 19th, Oklahoma City, Okla. 73127. Alma says they would enjoy hearing from you.

Bill Shuffield's brother, Cecil, was here and asked us to write to Bill at 10284 Hackberry Drive, Baton Rouge, La. 70809. Nolan Crawford was very disappointed at having to miss the event.

1939

Nelson Eubank of Pine Bluff, retired credit manager of E. C. Barton Company's Pine Bluff building material yard, with a strong record of civic and church activity, has identified one of the three nameless young men in **Dub DeLaughter's** picture of Ouachita's first male home-ec class which appeared in the March '86 bulletin as **Joseph Gibson**, a chemist in Houston. The **John Luken** identification looks to him like **Don Thompson** or **J. C. Halsell** (this is 50-year recollection we're talking about).

1940

Mrs. **Marguerite Glover McCoy** of Malvern, Ark., has retired recently after 27 years of teaching, most in elementary public school music. She is a former member of AAUW and belongs to the Malvern Women's Club, Delta Kappa Gamma and Malvern Musical Arts Club. She has been named Church Musician of the Year. Her parents, Mr. and Mrs. D. D. Glover, date back to the days of Dr. J. W. Conger when Ouachita was an academy and her mother was a student. Her father was a longtime OBC board member. Her daughter **Donna** (Mrs. Ed Hogan) is an '81 graduate, and daughter **Lauren** and son-in-law, **Rev. John Lindsey**, are '74 and '71 graduates, respectively.

1941

Rev. and Mrs. Ottis E. Denney (Margaret Onato Wiley, f.s. '45), were honored recently at Sherwood Park Church in Akron, Ohio, with a banquet "Celebrating Ottis Denney" for his services since 1953 as a missionary and pastor in the state.

Ann Wollerman, retired missionary to Brazil, whose "lifestyle has always been one of being unencumbered by things," will continue to call Tucson, Ariz., her home where she works at the Baptist missions in the inner city. However, dear friends from Corpus Christi, Tex., who help to support the Seminary in Dourados, Mato Grosso, Brazil, are taking her back to her foreign mission field so that they can get to know the people personally with her guidance.

1942

Mrs. **John T. ('40) Berry (Carolyn Carpenter)** of Arkadelphia, a current Arkadelphia area member of the FSA Advisory Board, is regent of the Arkansas State Society, Daughters of the American Revolution. Serving with her is **Evelyn Bowden**, '30 and '31, also of Arkadelphia.

Martha Hairston passed up her furlough last summer to remain in Peranbuco, Brazil, to continue directing work in Poca and Riaz, sites of two new missions. Her brother-in-law and sister, **Rev. Luther** ('40) and **Geneva Hairston** ('41) **Dorsey**, spent three weeks with her in September. He preached so many times, she writes, that "he forgot he is 'retired.'"

1946

James and Tanna Murry Howell are in North Little Rock, Ark., where he has retired from AT&T and she from teaching at Trinity Cathedral Day School. Their son **Jim** ('76) and wife, **Camilia Ann Evers** ('77), are OBU graduates. Mrs. Howell belongs to Park Hill Baptist Church, where she is outreach director of the median adult department. She has been first vice president of the NLR Association of Classroom Teachers, historian of Alpha Delta Kappa sorority, is past president of the Metropolitan Lioness Club and member of the Pulaski County Liontamers Association, and DAR.

Rev. Don (f.s.) and **Sue Hubbard Williams**, parents of **Donna** (f.s. '67), **Diana** (f.s. '74), **Chuck** and **Tara**, are in Fordyce, Ark., where she is guidance counselor at Warren High School and he has been director of missions for Carey Association, retiring this year.

1947

Ed and Doris Cornell Knight came from Lincroft, N.J., for the February meeting of the FSA board, combining it with visits with their daughter and son-in-law, **Rev. Jim** ('70) and **Pamela** ('76) **Elliff**, and son **Charles**, a dentist, in North Little Rock and Little Rock, respectively.

The Knights moved to New Jersey in 1969 with the Christian Service Corps of the Home Mission Board from Stuttgart, Ark., where they had served in the public schools, she as a math teacher and he as principal. They are serving as church planters and are now in their fourth church. Their daughter **Kalla** ('74) is married to **Isaac Byrd**, whose father is **Isaac Byrd, Jr.**, a '58 graduate.

1949

Rev. William Clarke and **Veta Maxine Davidson Smith**, parents of seven children and 14 grandchildren, are in Modesto, Calif., where he is pastoring Trinity Baptist Church. They have been in California since 1951, and all of their children are located there except for one in Alaska. He reports that "for reasons known only to the publishers," his biography appeared in *Who's Who in the West* and *Who's Who in Religion* this past year. They hope to make it back to the campus on a trip to Arkansas in late summer.

To update some obsolete information in the last alumni bulletin, **Drs. Harrison** (f.s.) and **June Summers Pike** have returned to the mission field after resigning the Northgate Baptist Church in Kansas City, Mo., and were reappointed to Brazil in October, 1985. Both are on the faculty of the Equatorial Baptist Theological Seminary in Belem. They formerly were in Wynberg and Clarmont before leaving South Africa in 1981.
