The Ouachitonian

1921

Published by the Literary Societies of
OUACHITA COLLEGE
ARKADELPHIA, ARKANSAS

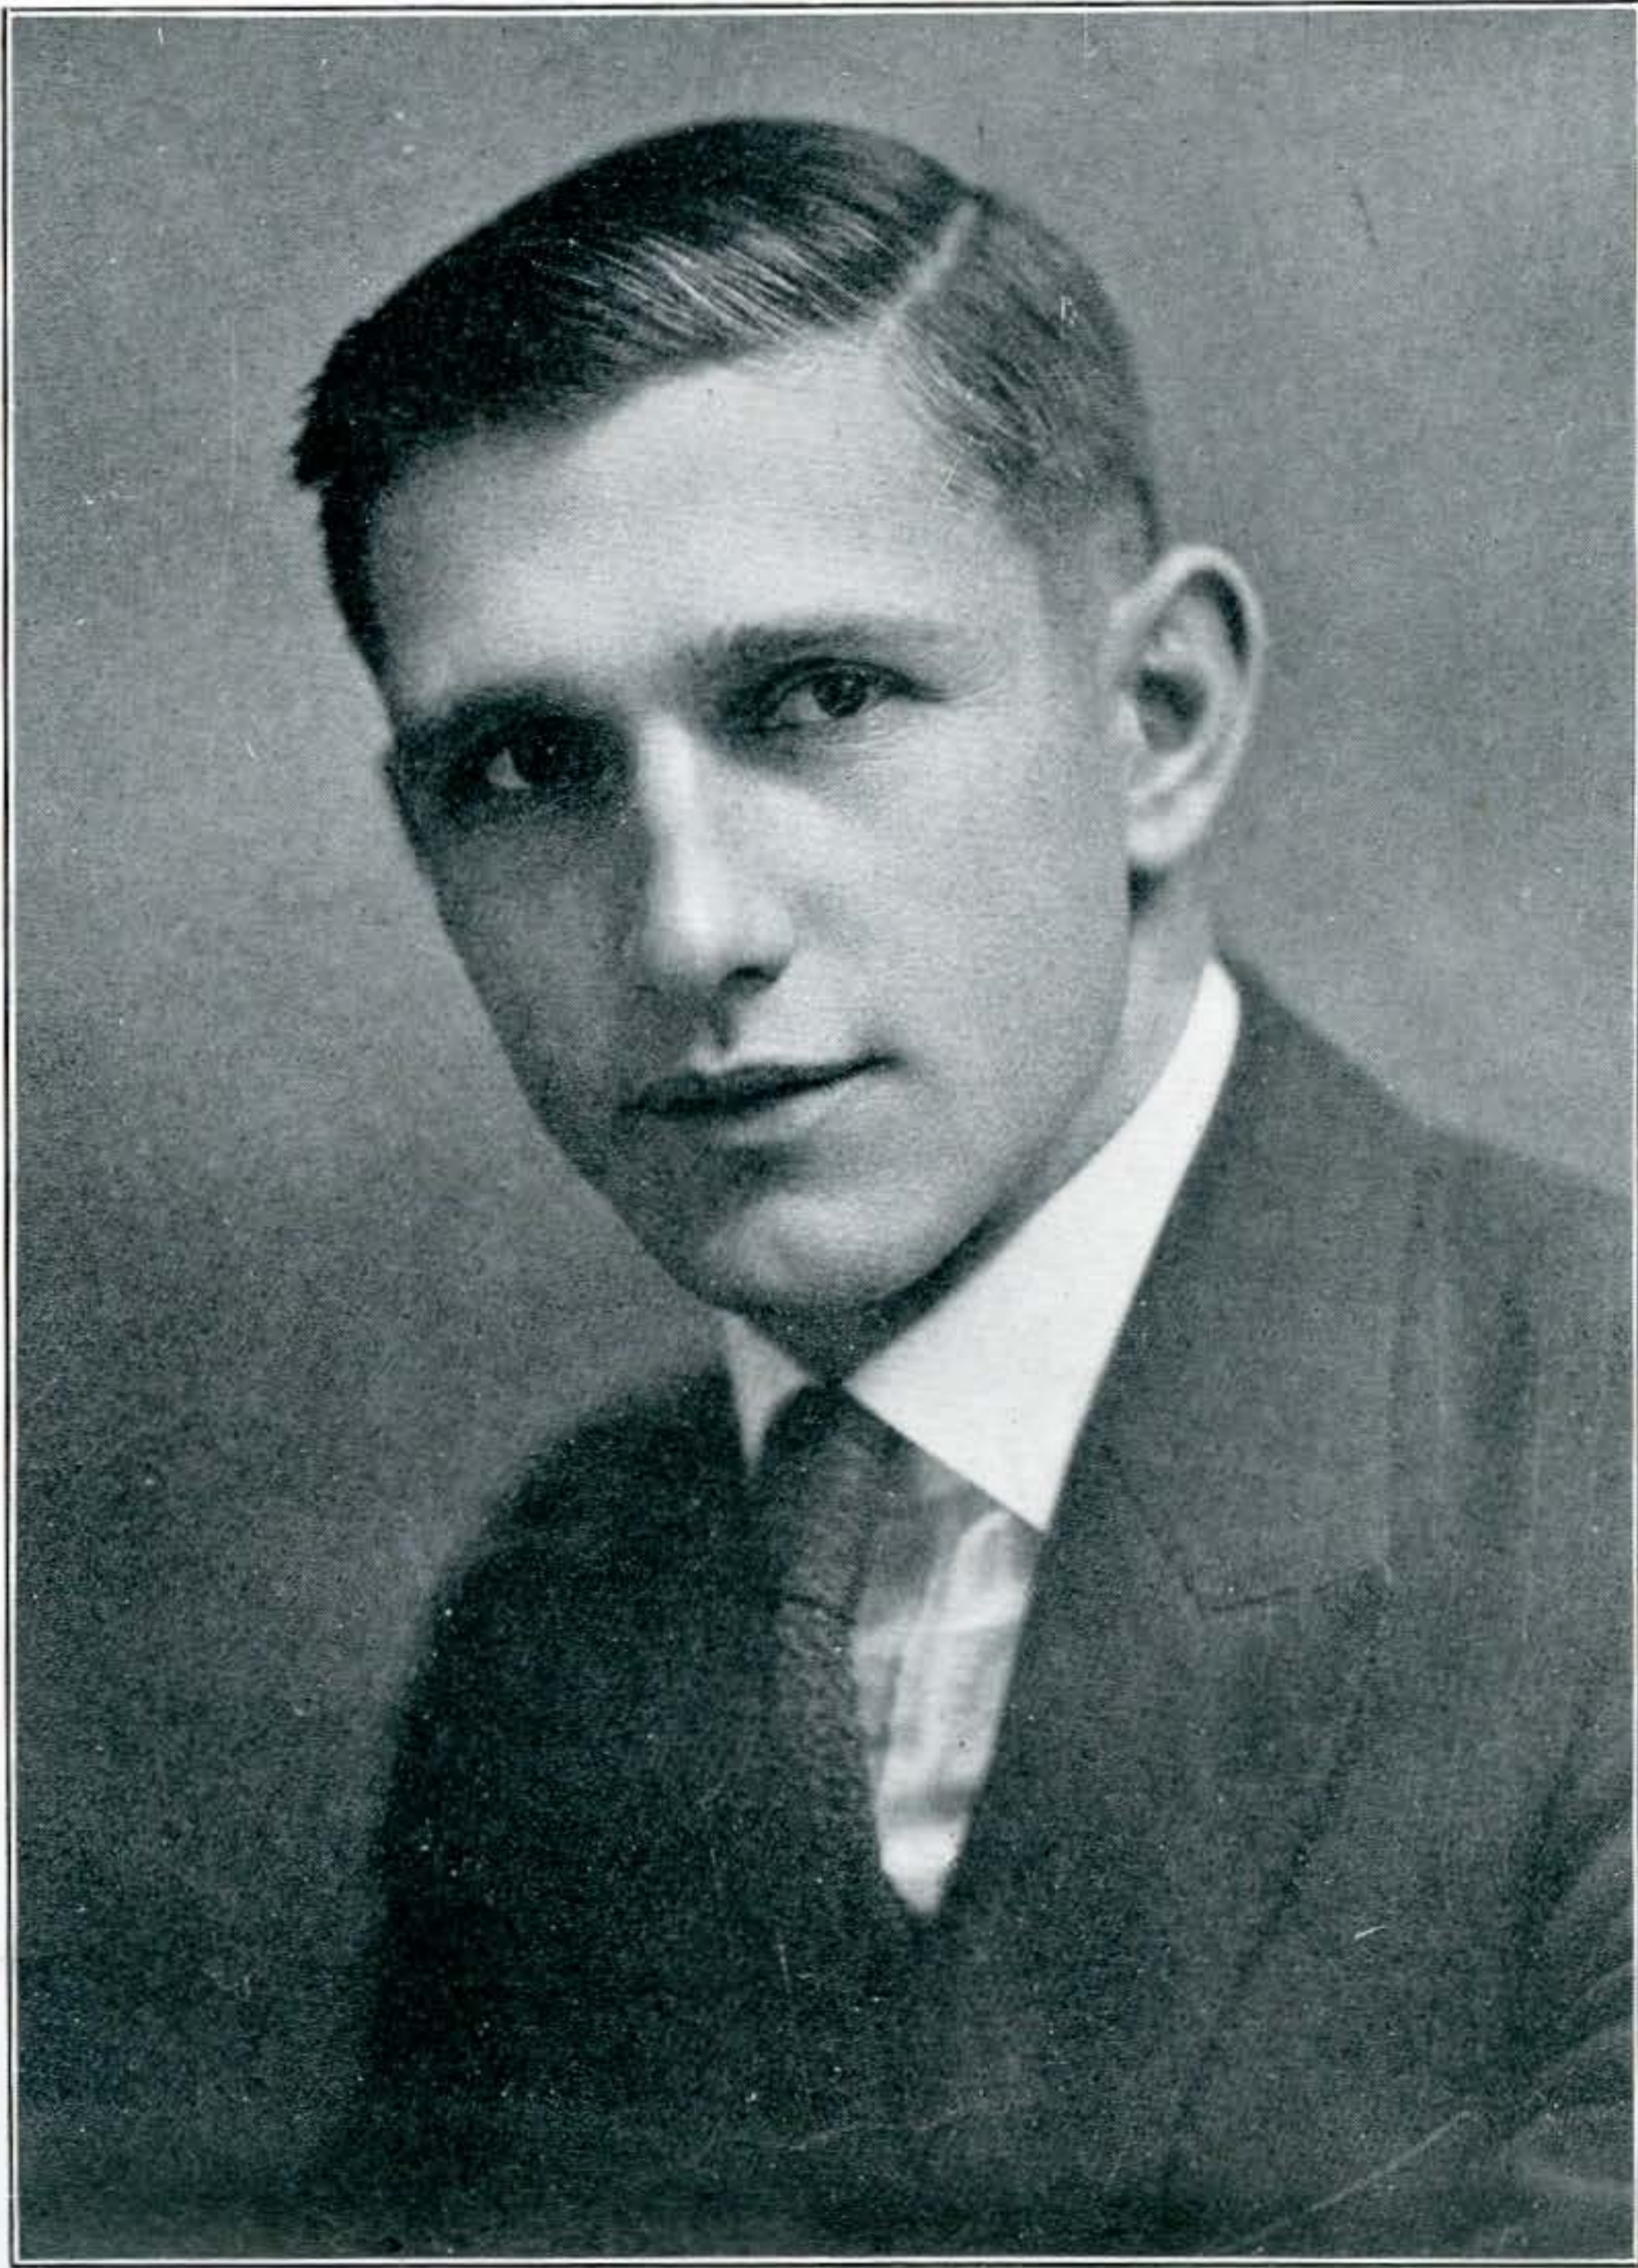

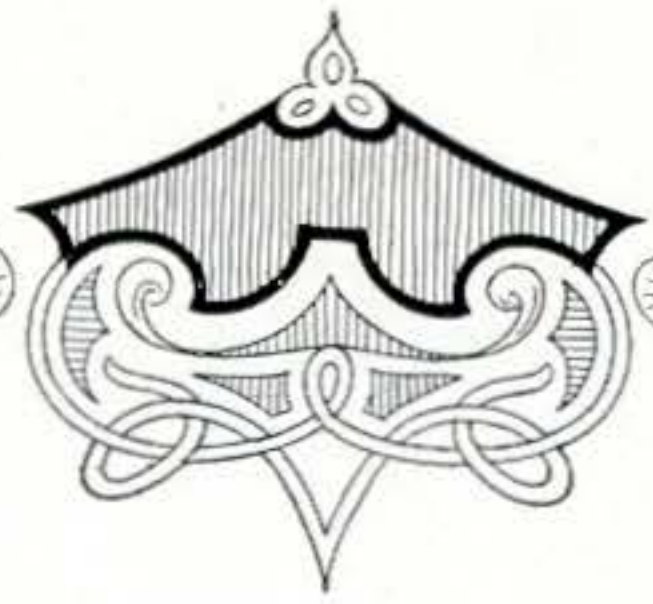

Dedication

TO

Coach Morley Jennings

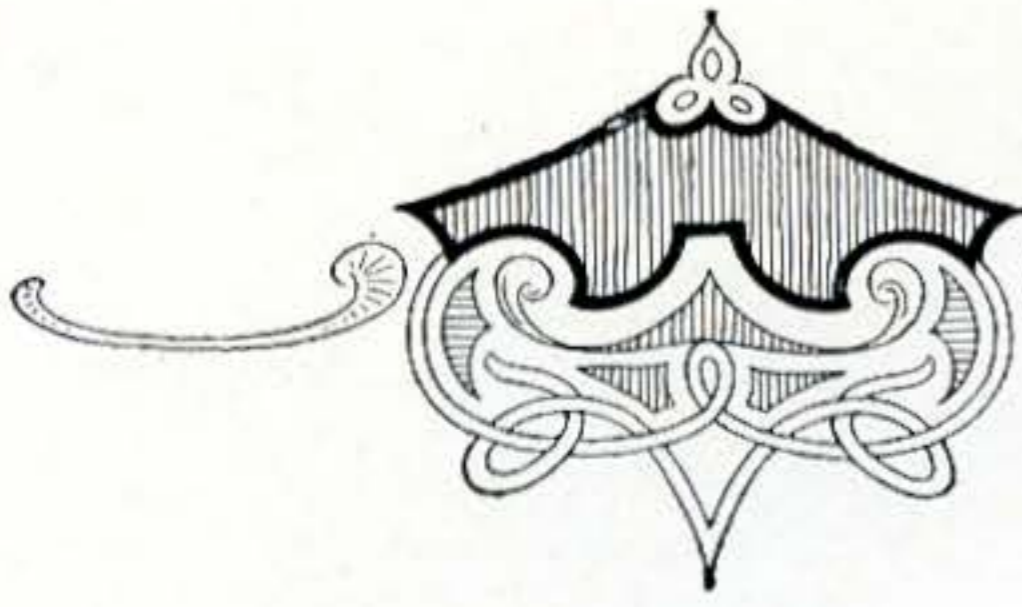

WHOSE CHRISTIAN LIFE AND INFLUENCE BOTH ON THE ATHLETIC FIELD AND IN THE CLASS ROOM IS LINKED SO CLOSELY IN THE SPIRIT AND REPUTATION OF OUACHITA COLLEGE AND THOSE IDEALS FOR WHICH IT STANDS, THIS VOLUME OF THE OUACHITONIAN IS AFFECTIONATELY DEDICATED.

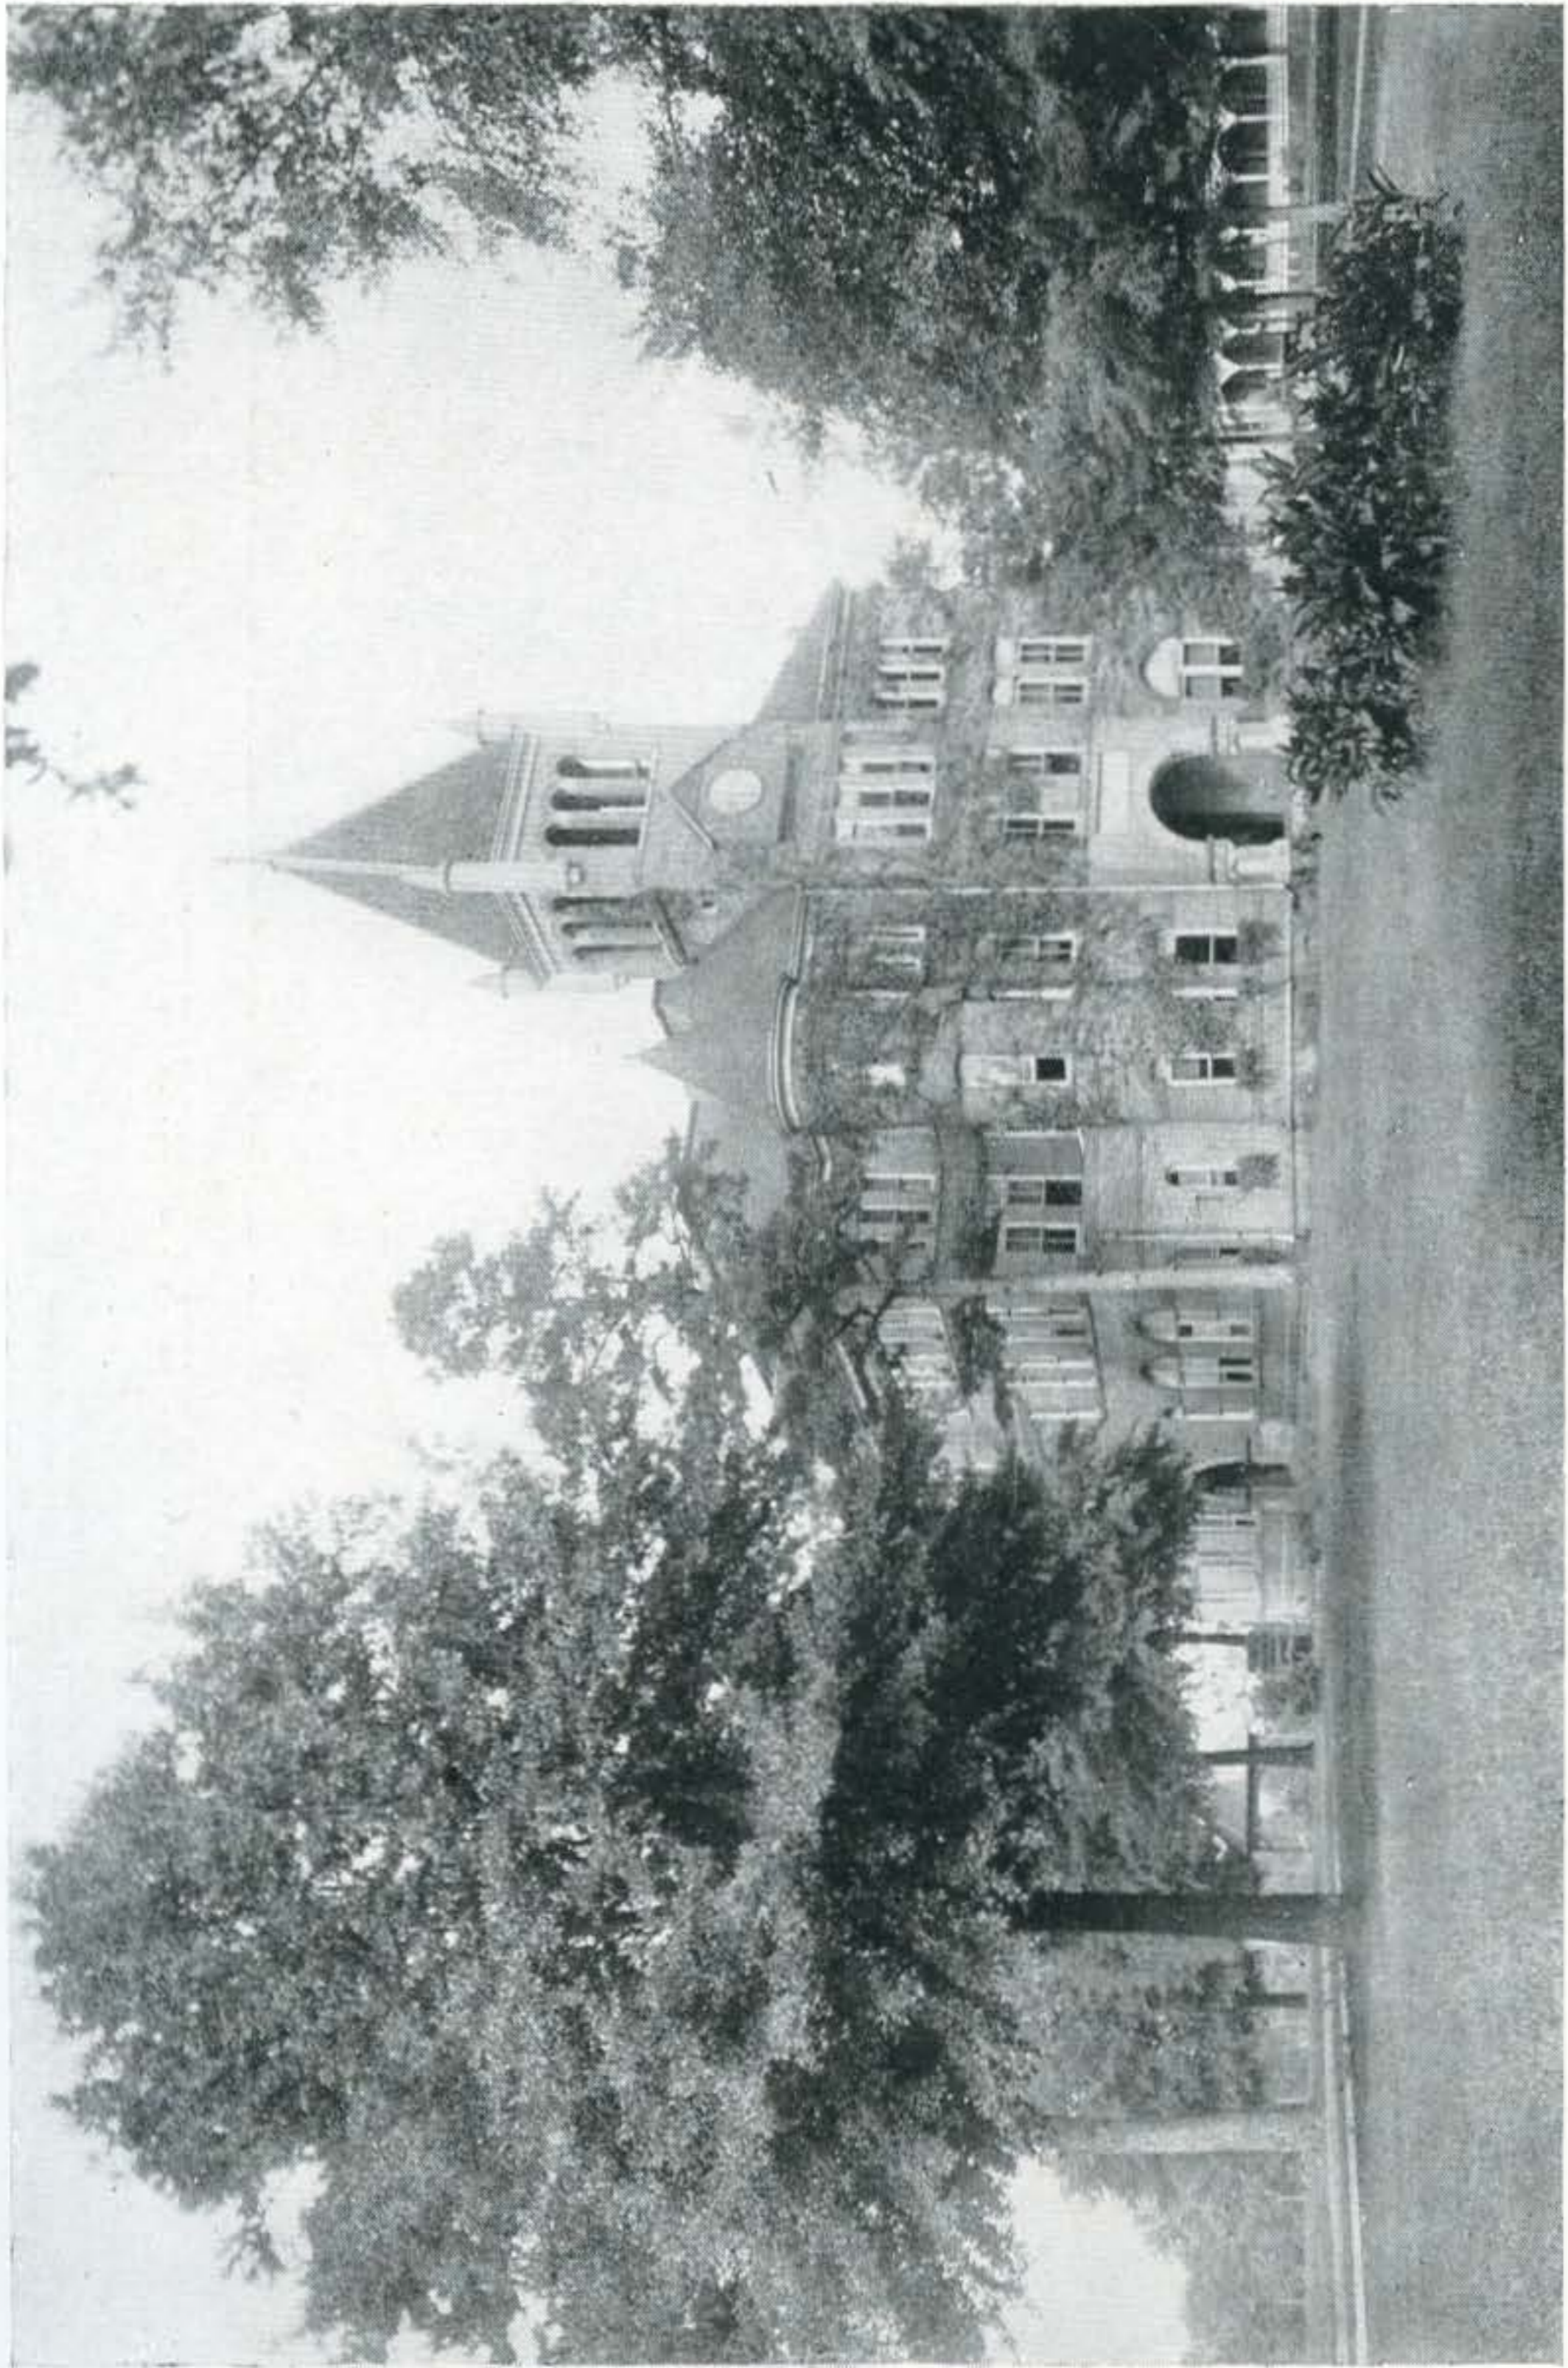

COACH MORLEY JENNINGS

Clean, strong, sane in conversation, and for nine years has given his best to Ouachita

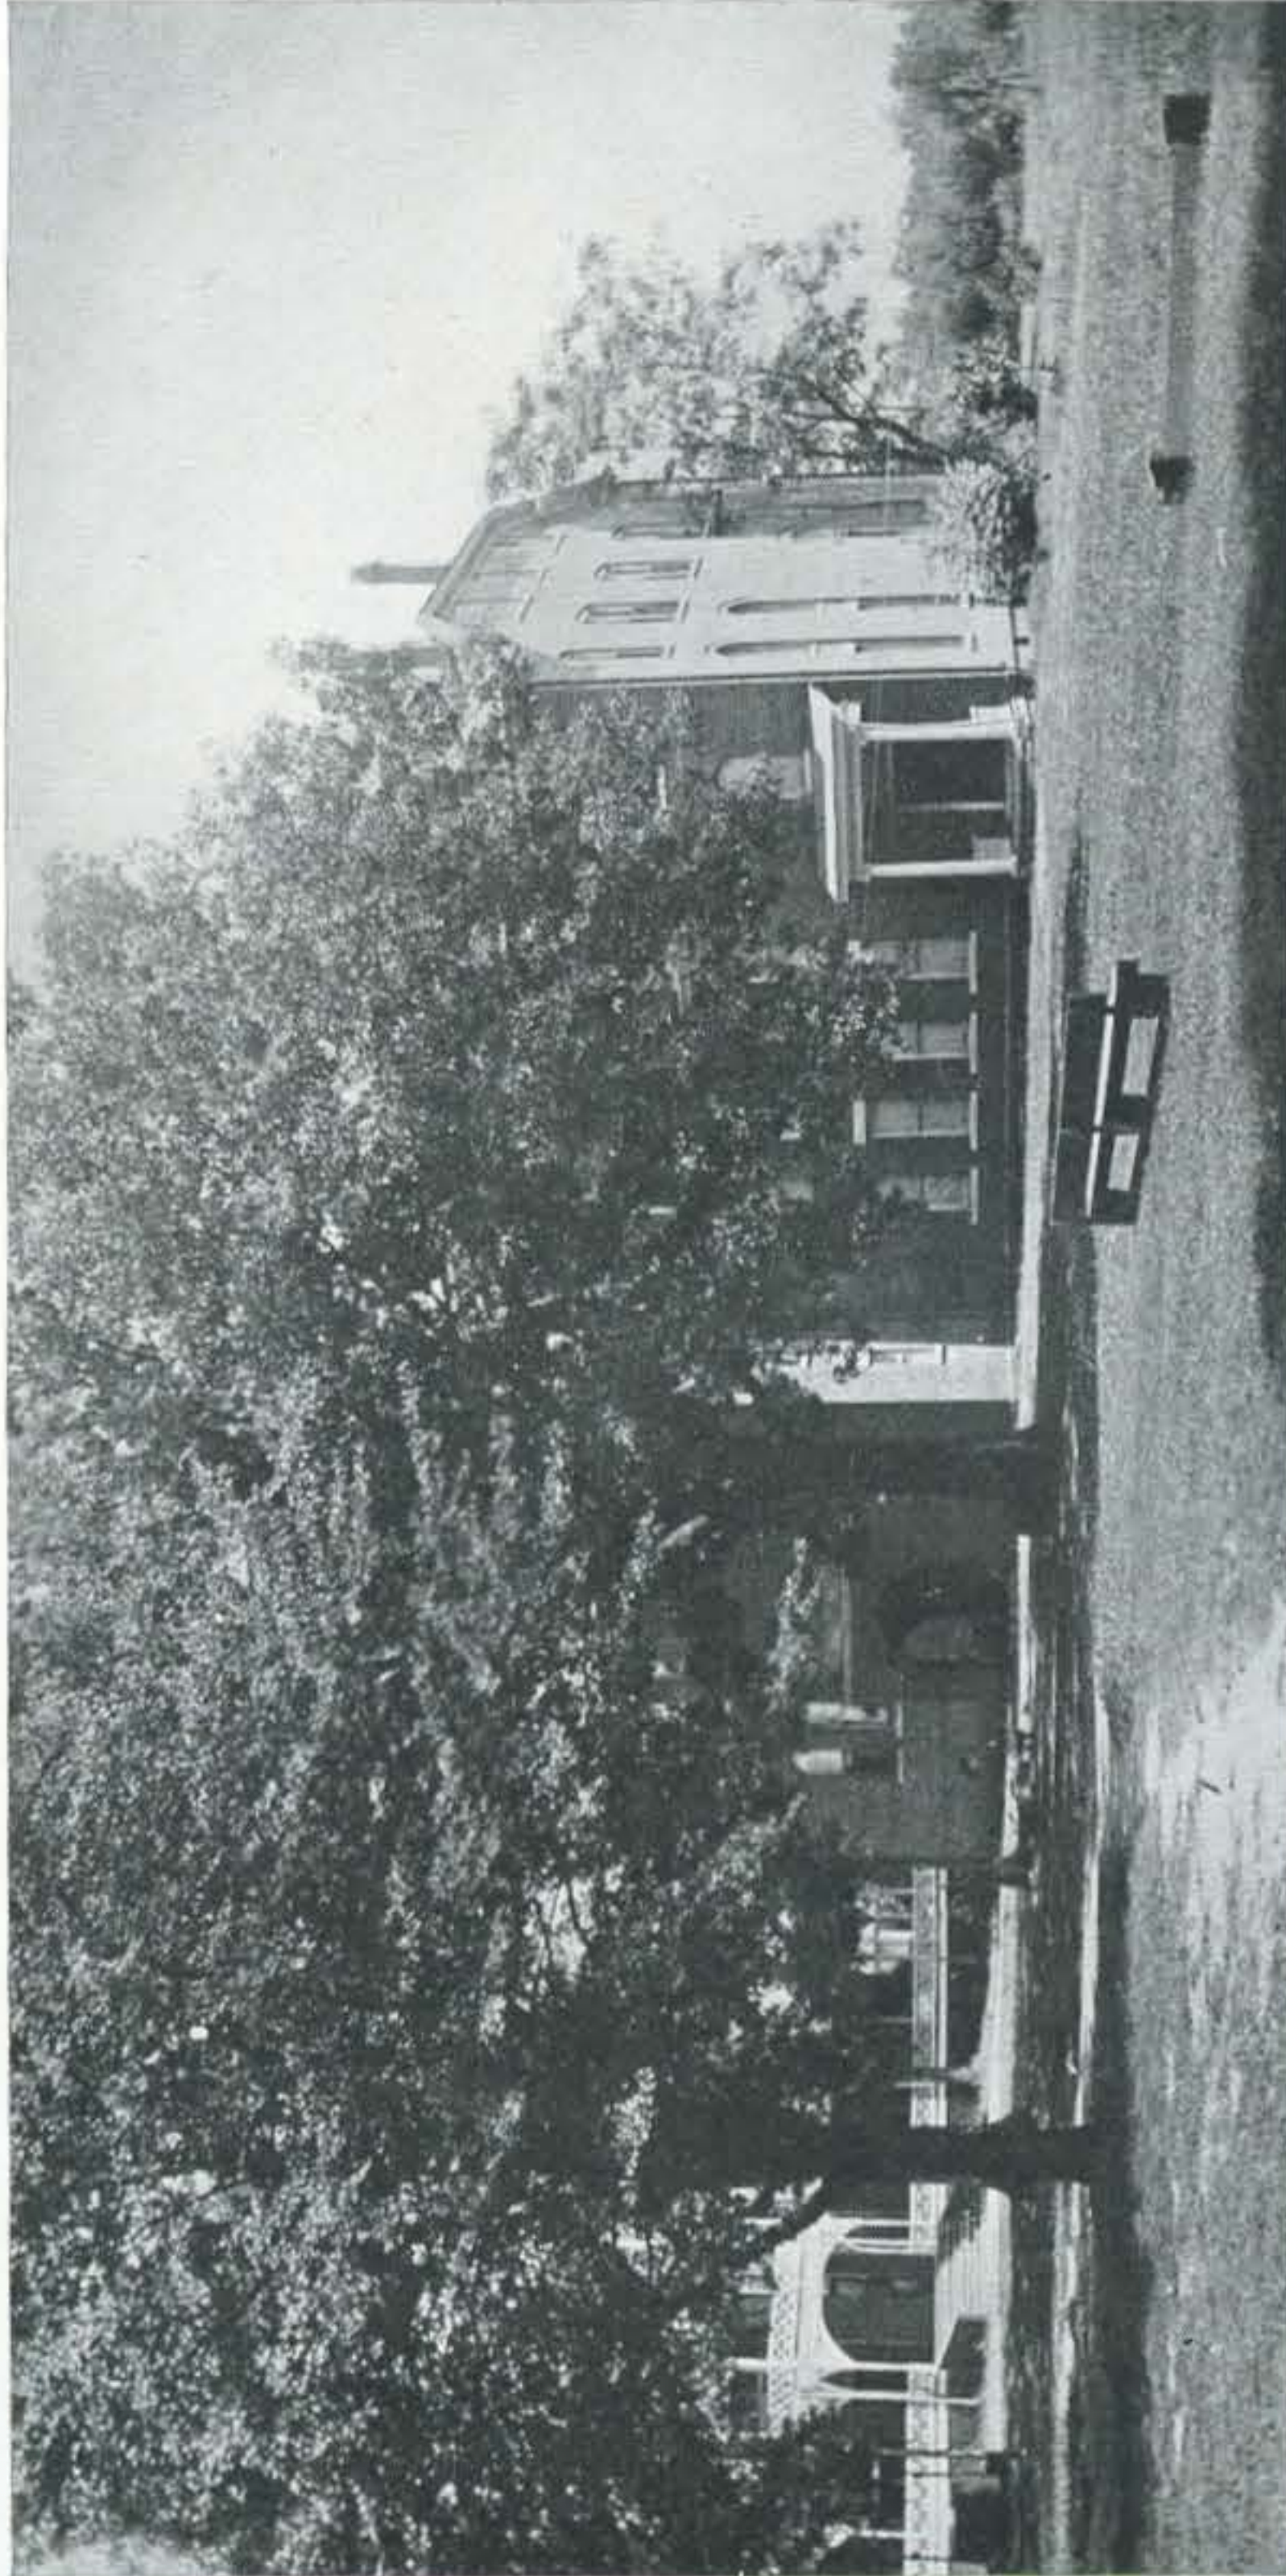

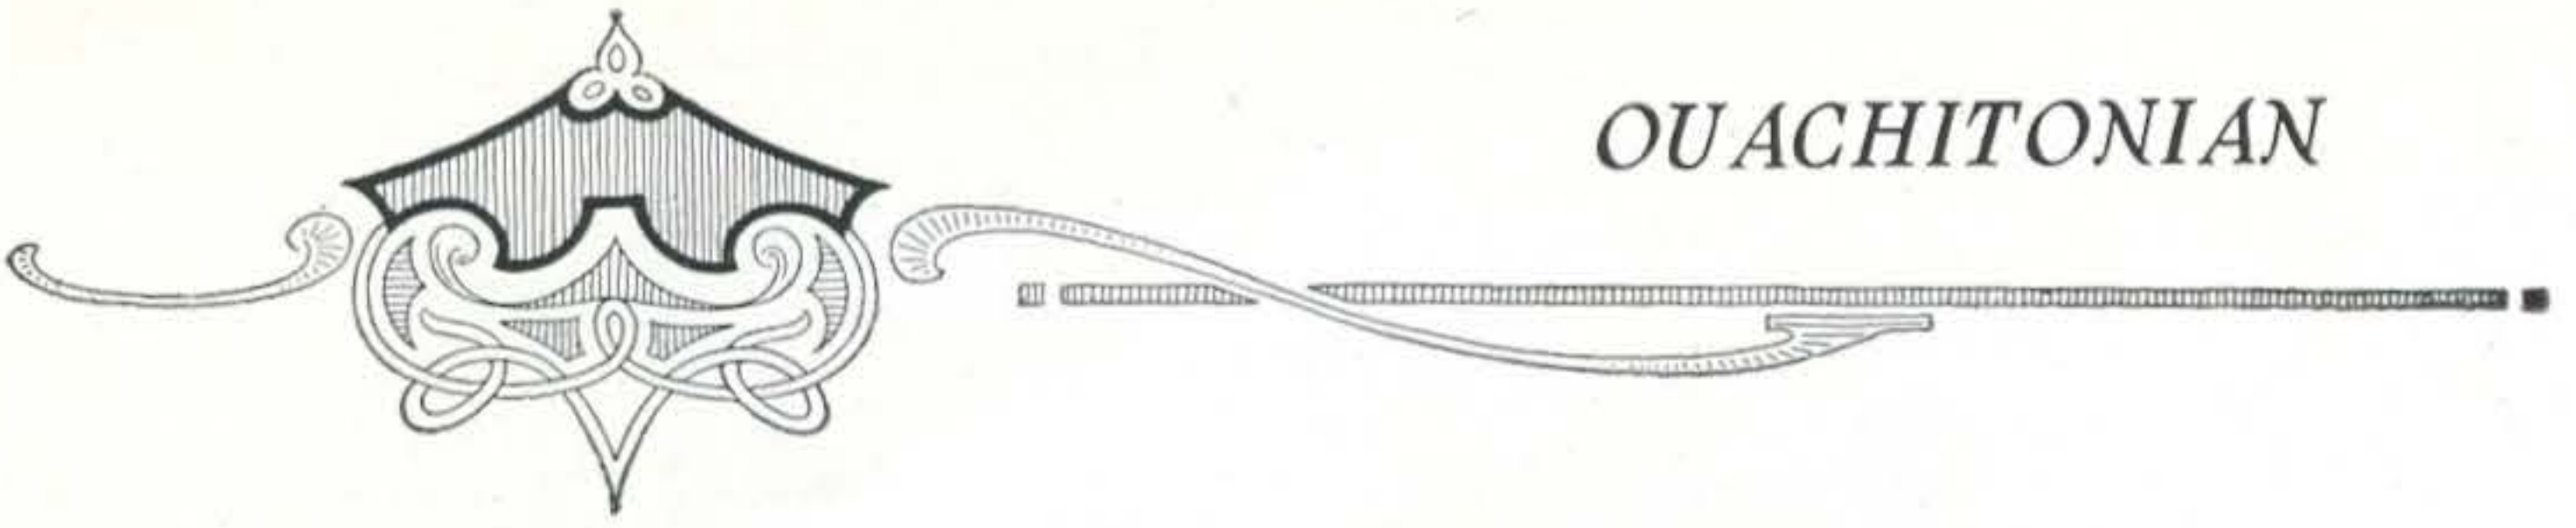

OUR VOICE

In accepting the responsibility of publishing this volume of the Ouachitonian we see before us two roads. The one smooth and easy, but with many crooks and turns which cause to be hid from us any goal that might serve as a crowning point to our efforts. The other a narrow, rugged way, encumbered by many obstacles. We see, however, towering above all these hindrances the ultimate goal, SUCCESS. It is towards this goal that we direct our steps and are constantly striving, and if this book will serve as a record of the past year to recall those events, some good, some bad, which, in after years will bring us back to live again in memory our college days, we shall consider that we have reached that goal.

FORTY-TWO TO RECEIVE DIPLOMAS THIS YEAR

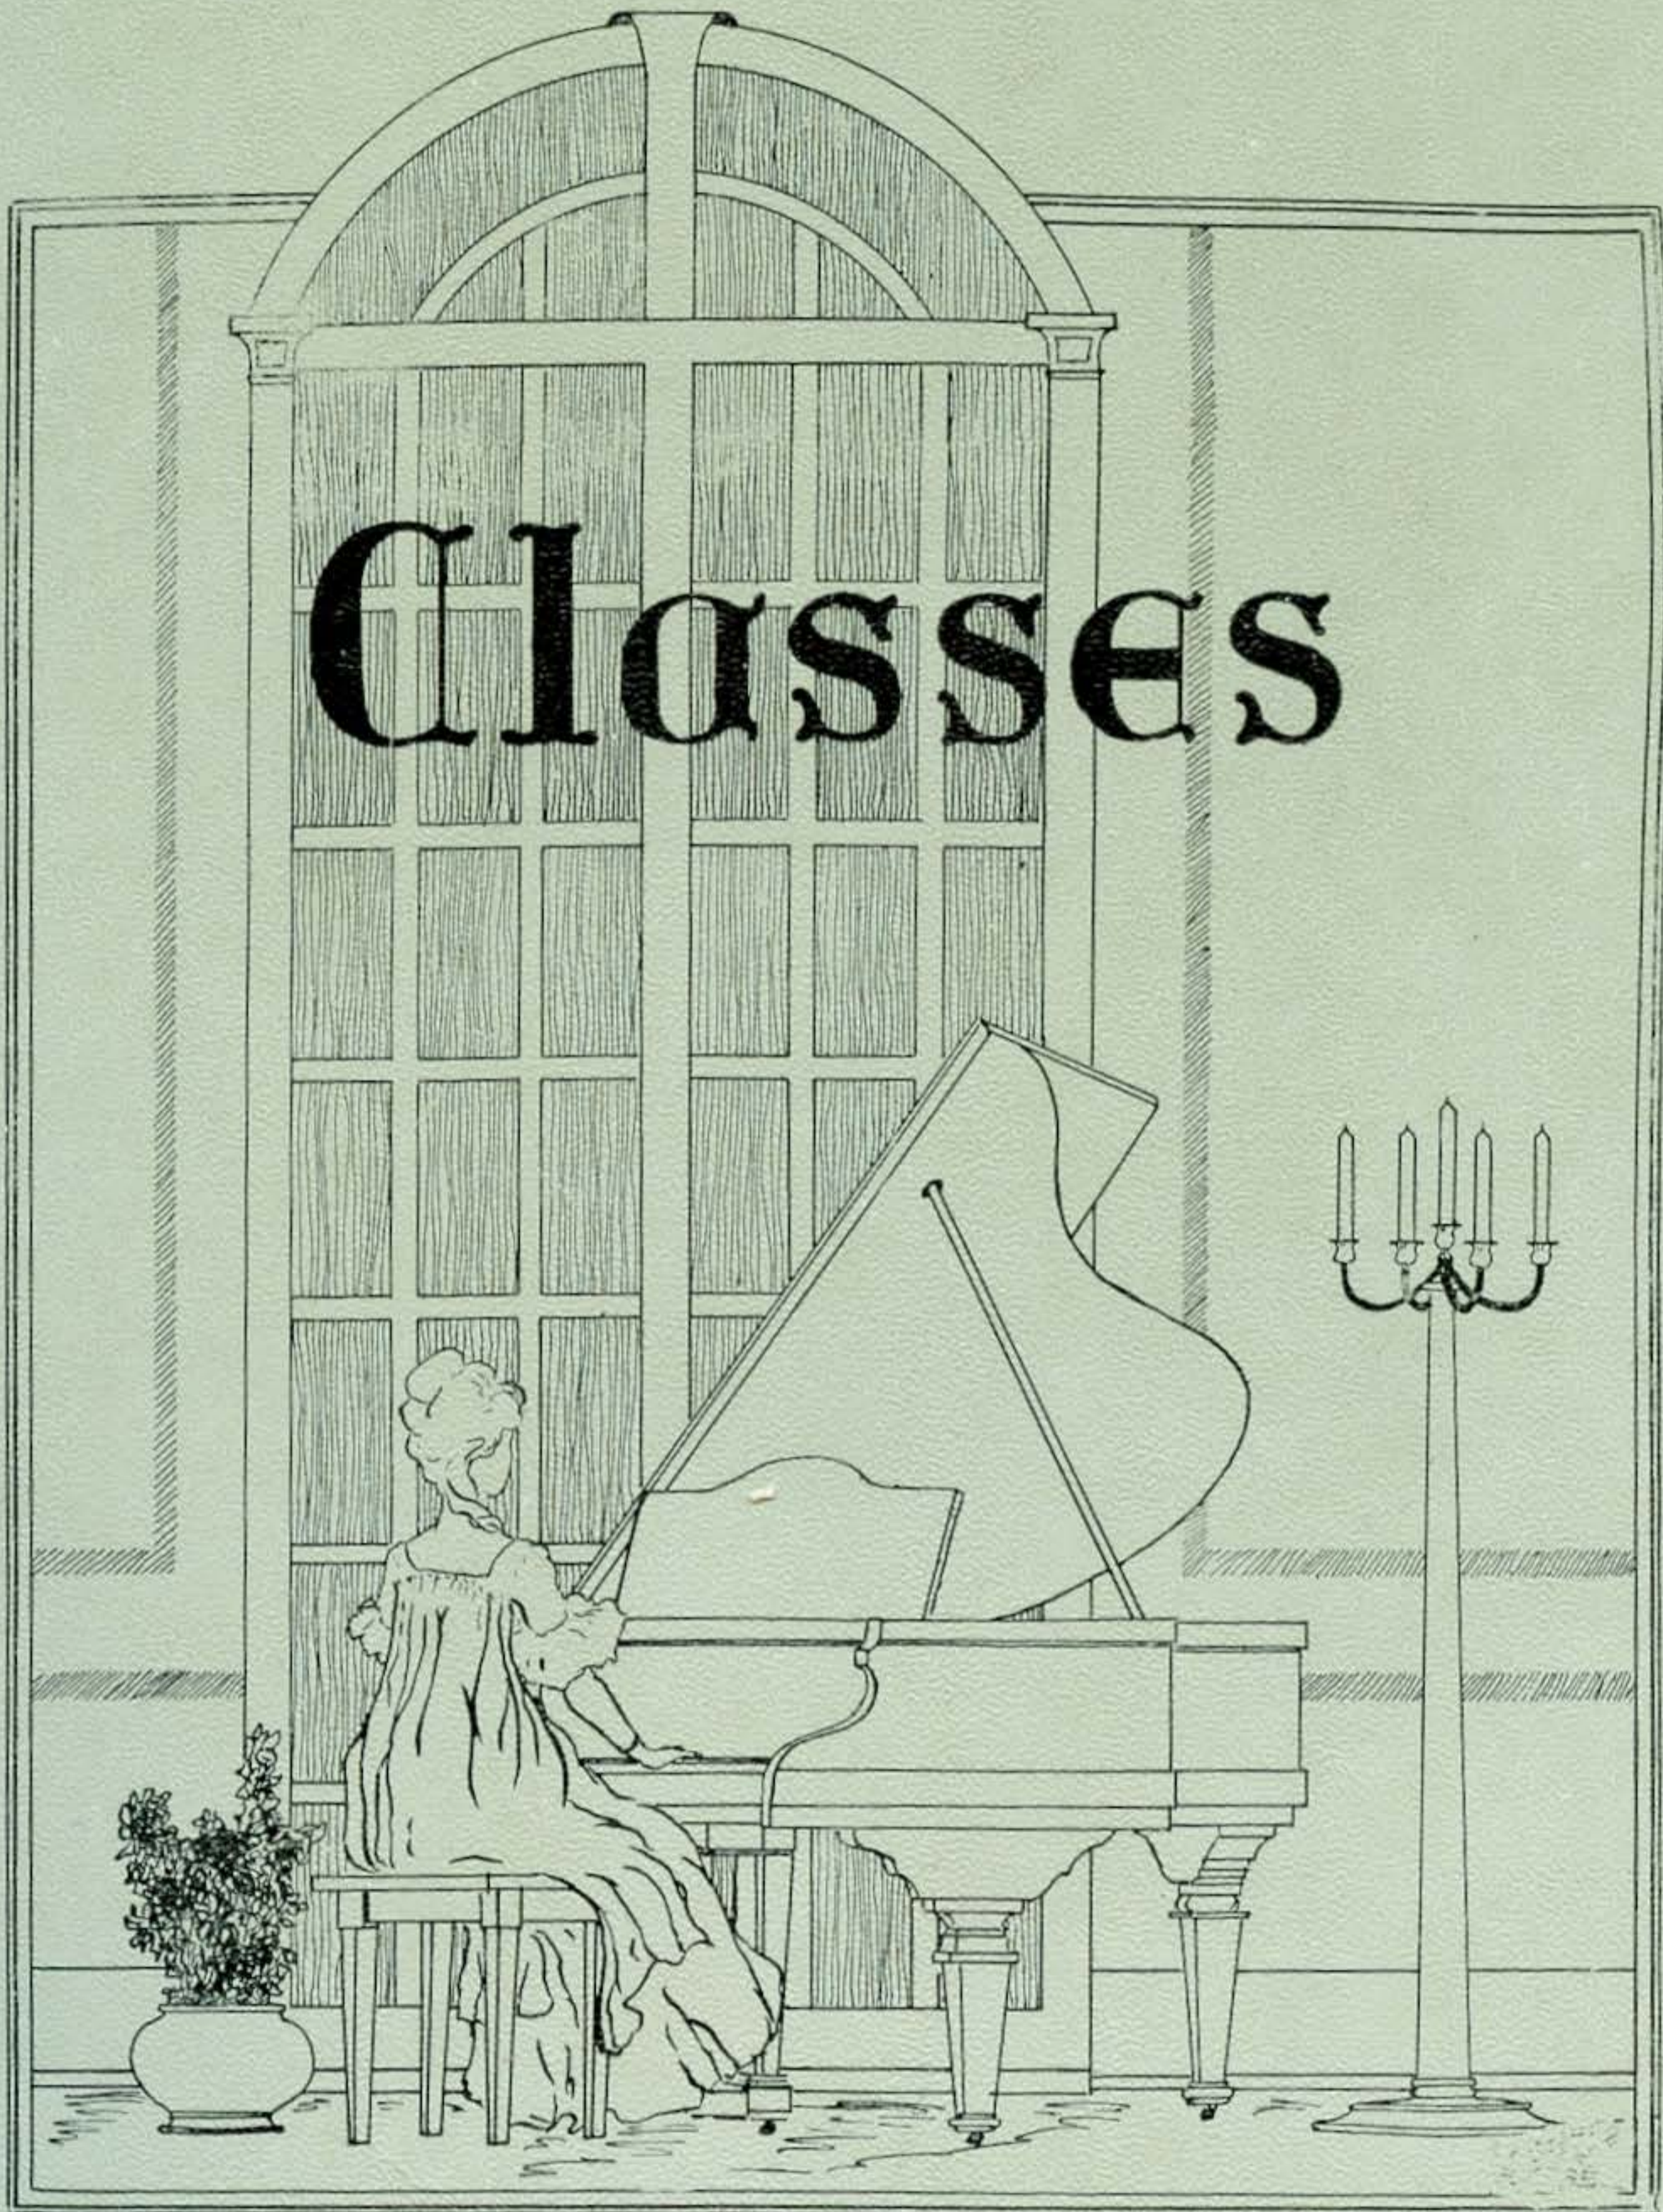

The Senior Class of 1921 is, indeed, an excellent one, with an enrollment of forty-two, twenty-one boys and twenty-one girls. The class is unusual, due to the fact that there is an equal number of boys and girls. Most senior classes have had a larger number of girls.

A number of the seniors have won honors of which the class may well be proud. Stella Fairchild, the only B.O. senior, had the honor of being the winner of the Jessie Woodyard expression medal last year. Ben Condray, A.B., was the winner of the annual intersociety contest this year held at Thanksgiving. Genevieve Tims, B.M., was one of the representatives who won the loving cup in the state contest last spring, where she won in voice. Lloyd Irwin, A.B., had the honor of being elected editor-in-chief of the *Signal*, and Frank Edwards, A.B., was elected to the position of editor-in-chief of the *OUACHITONIAN*. Frank Cargile, A.B., was the much-loved captain of the 1920 football team. In the recent feature contest Wade Wallis, A.B., was voted the most popular boy in school. Inez Hill, who is to receive a degree in art, is the only graduate for several years in that department.

Those seniors who helped Captain Cargile pilot the Tigers to an all-state championship were Tom Patterson, A.B., Emmett Dews, A.B., Bob Cowan, A.B., and Bob Cowger, A.B. Jake Lowman, a former football star, helped coach the 1920 second team.

The Class of '21 will have two A.M. graduates, Ruth McCurry and Ray Kelly. Ruth is teaching two Spanish classes and also preparatory English. Ray, a former quarterback, whom all our opponents feared, played football during the 1921 season as much as his shoulder, which was injured last year, would permit.

AS the year '21 slips from our grasp the doors of Wisdom close with a slam—and re-echo through its majestic halls the names of those who have—sought, found, and departed. But there still remains within its chambers of knowledge a few who are still seeking and toiling to turn their talents, and who dream of the day when the great doors shall again open, and Life with its luring smile, invites them out for a frolic.

The Junior Class of '21 has watched with eager eye the passing of each year. The freshman year was a year of adventure and romance. Though frequented with obstacles to college life it was a year extracted from the Golden Age, and in spite of its "salty atmosphere" the "Freshie" gradually lost his "freshness." The sophomore year was the year of all years—"Ignorance clothed in the robes of the wise, and Dignity in the bells of the jester"—the habit of acting the part of the learned became very monotonous and after a final break from the mask of intelligence, the remaining half of the Soph's year was spent in the environment of a lunch counter, a soda fountain or a seat in the "Movies." From that time marked the fall of the ambitious and now we, in our junior year, are trying to follow our predecessors and correct the mistakes that we have yielded to in the past.

The Class of '22 has its share of the college honors. In all degrees we have students of talent. From the music hall to the laboratory, from the field of sport to the open book we are among the leaders and the quality of the class is measured by its ability.

As the Commencement Days draw nigh we look upon those who finish with a hope that ere another year passes we will be the happy wearers of the cap and gown—but yet, as we watch the pals of the class just above us depart forever, we are brought to a state of weird meditation in which we dwell upon the memories of the past. Each face like the bobbing of a cork passes before us to fold itself among the acquaintances of college days and to nestle with us through the journey to success.

All that is good stays with us, but the evil like the gray ashes of a cigarette is but the remnant of a forgotten whim.

Senior Class

RUTH McCURRY, A.B., Ouachita, 1920

Candidate for A.M. Degree

Miss McCurry has taken the major part of her work for both degrees in the Department of Romance Languages. This year, in addition to doing her graduate work, she is instructing in Spanish and English. Miss McCurry is noted in Ouachita circles for her wide interest in college affairs and her ability as a student.

WILLIAM RAY KELLEY, A.B., Ouachita, 1920

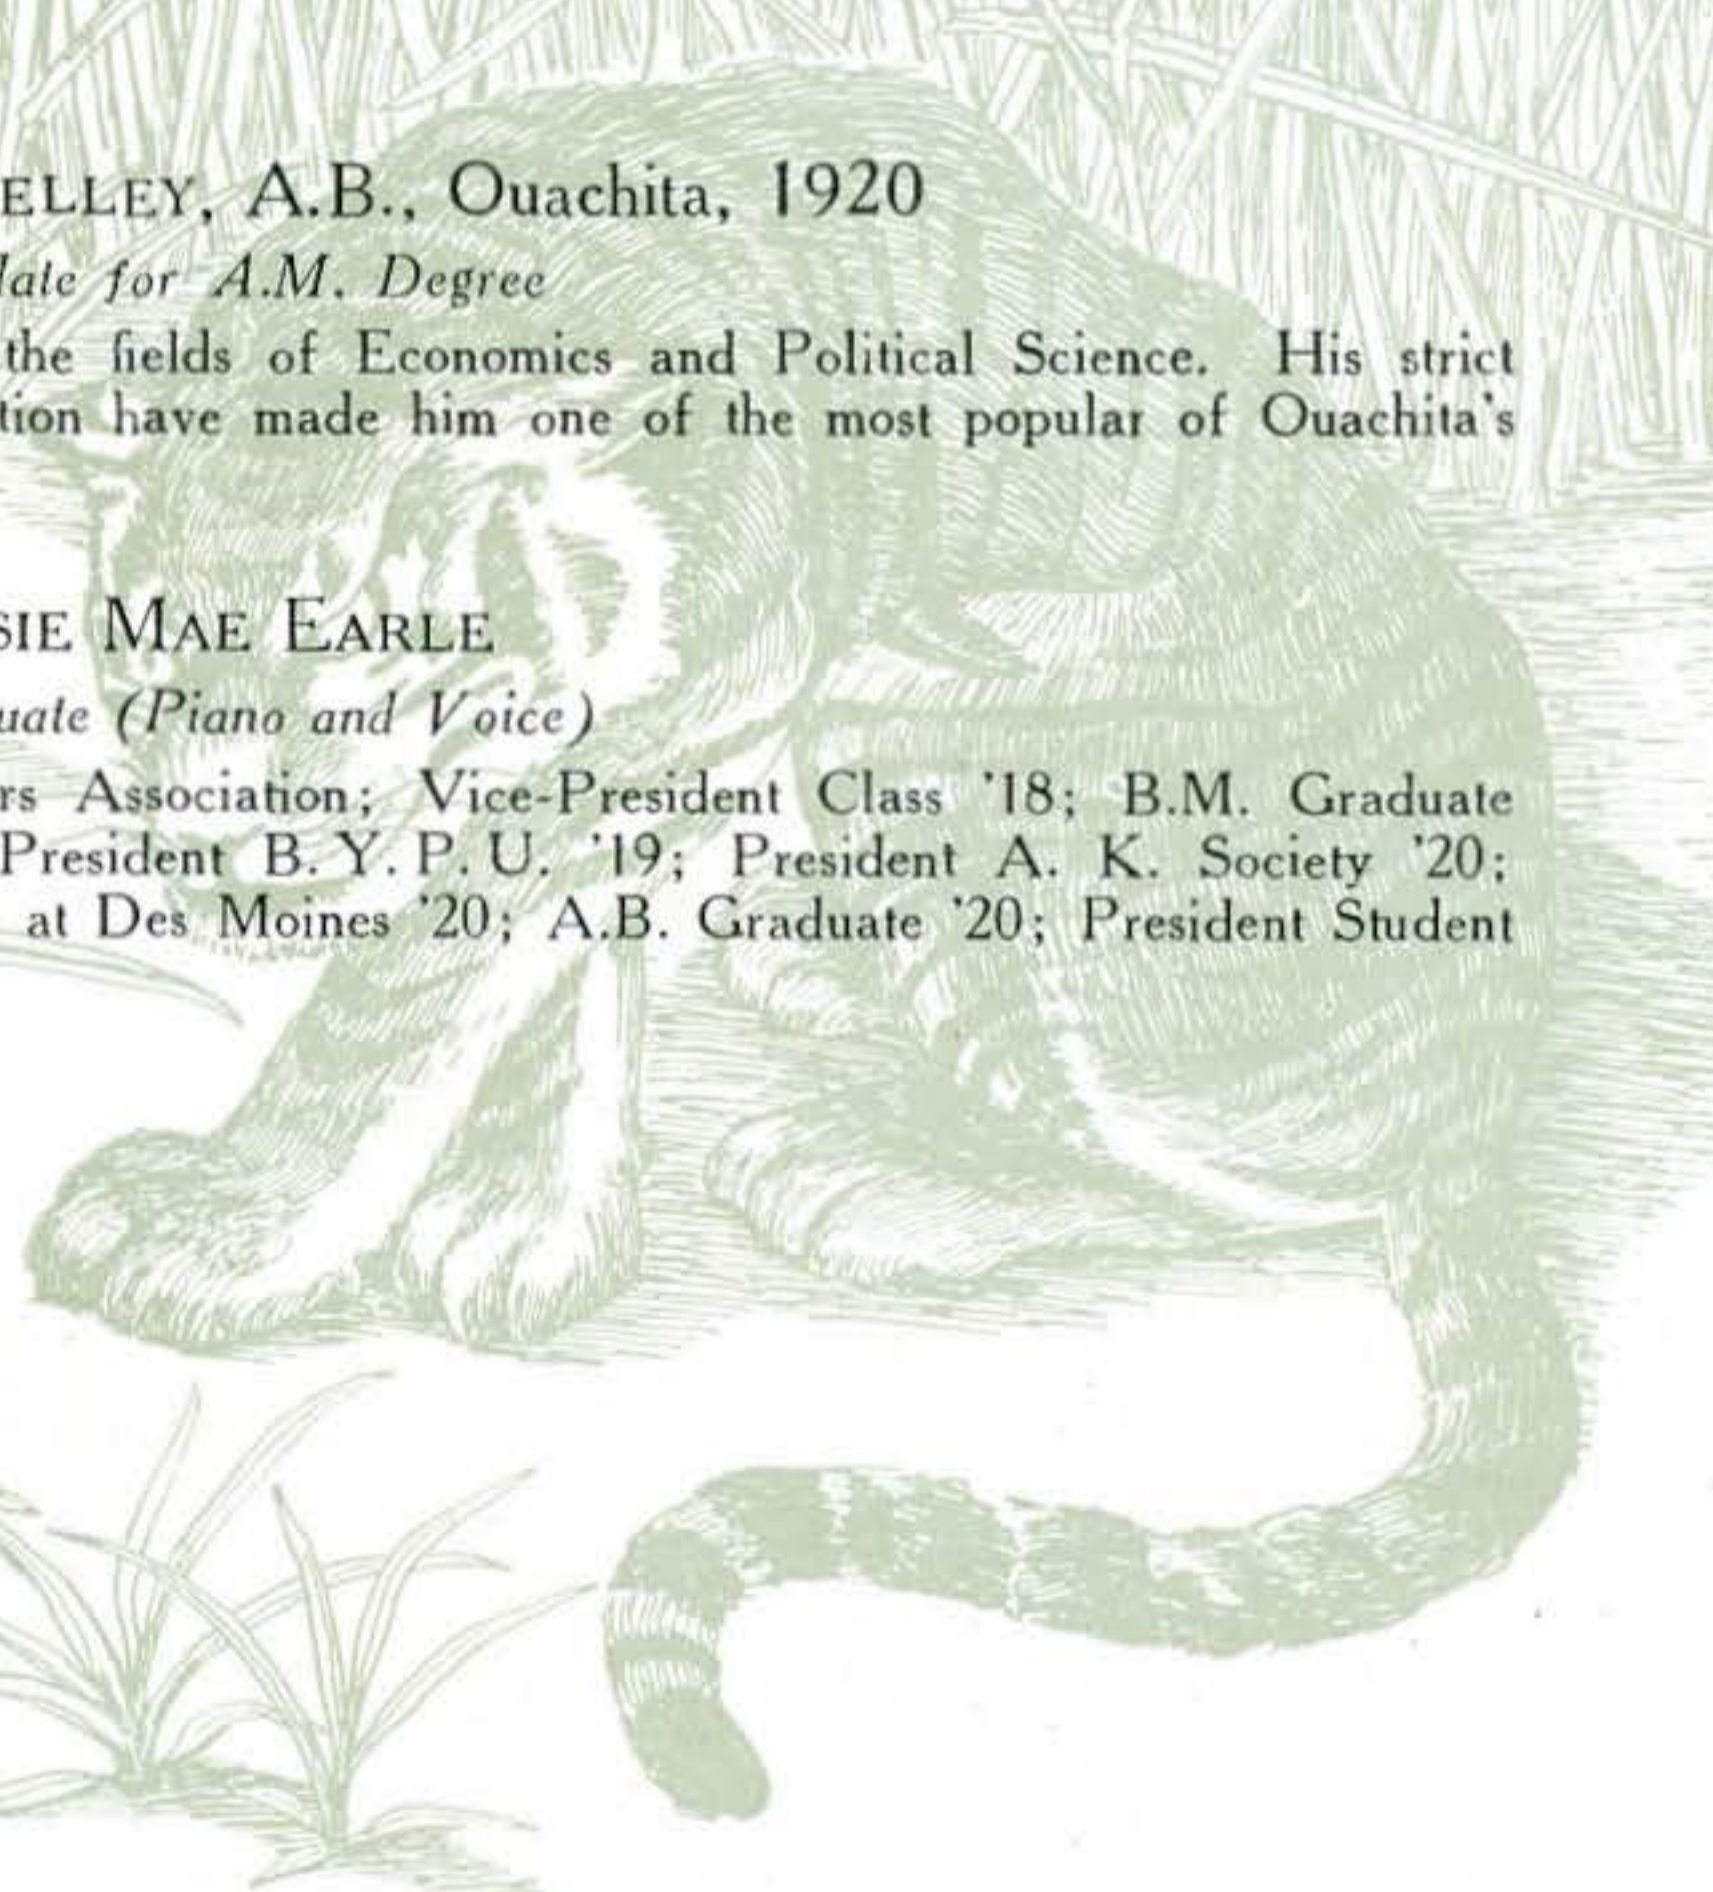

Candidate for A.M. Degree

Mr. Kelley is doing his graduate work in the fields of Economics and Political Science. His strict attention to business and geniality of disposition have made him one of the most popular of Ouachita's young men.

JESSIE MAE EARLE

RUEL R. ROBBINS, B.S. Ozan, Arkansas
"Doc"

*"No, I will be the pattern of all patience, I will say nothing."
 Philomathean.*

Junior Class

VIOLET McRAE, B.M.

Of steadfast purpose and unexcelled efficiency is our musician. We know not what her future will be, but at least time she always clamors for "Moore."

LUCIEN ABRAHAM, A.B. "Abe"

Lucien is president, and therefore makes all the announcements. It is not that he objects to speaking, but he is very particular what he talks about. The girls don't know it, and probably never will, but Lucien can "yodel."

HAZEL JONES, B.M., A.B.

Hazel has just the amount of initiative, helpfulness, and congeniality needed to lead, direct, and command. These attributes are bearing, and will continue to bear fruit in the future.

OTIS GALLOWAY, A.B. "Ike"

Pre-eminent on the field of athletics, "Gally" is also an added attraction to the College Book Store. Dormitory rules and regulations never bother him—he has a girl in town.

INA ZOE CURTIS, B.M., B.O. "Zoe"

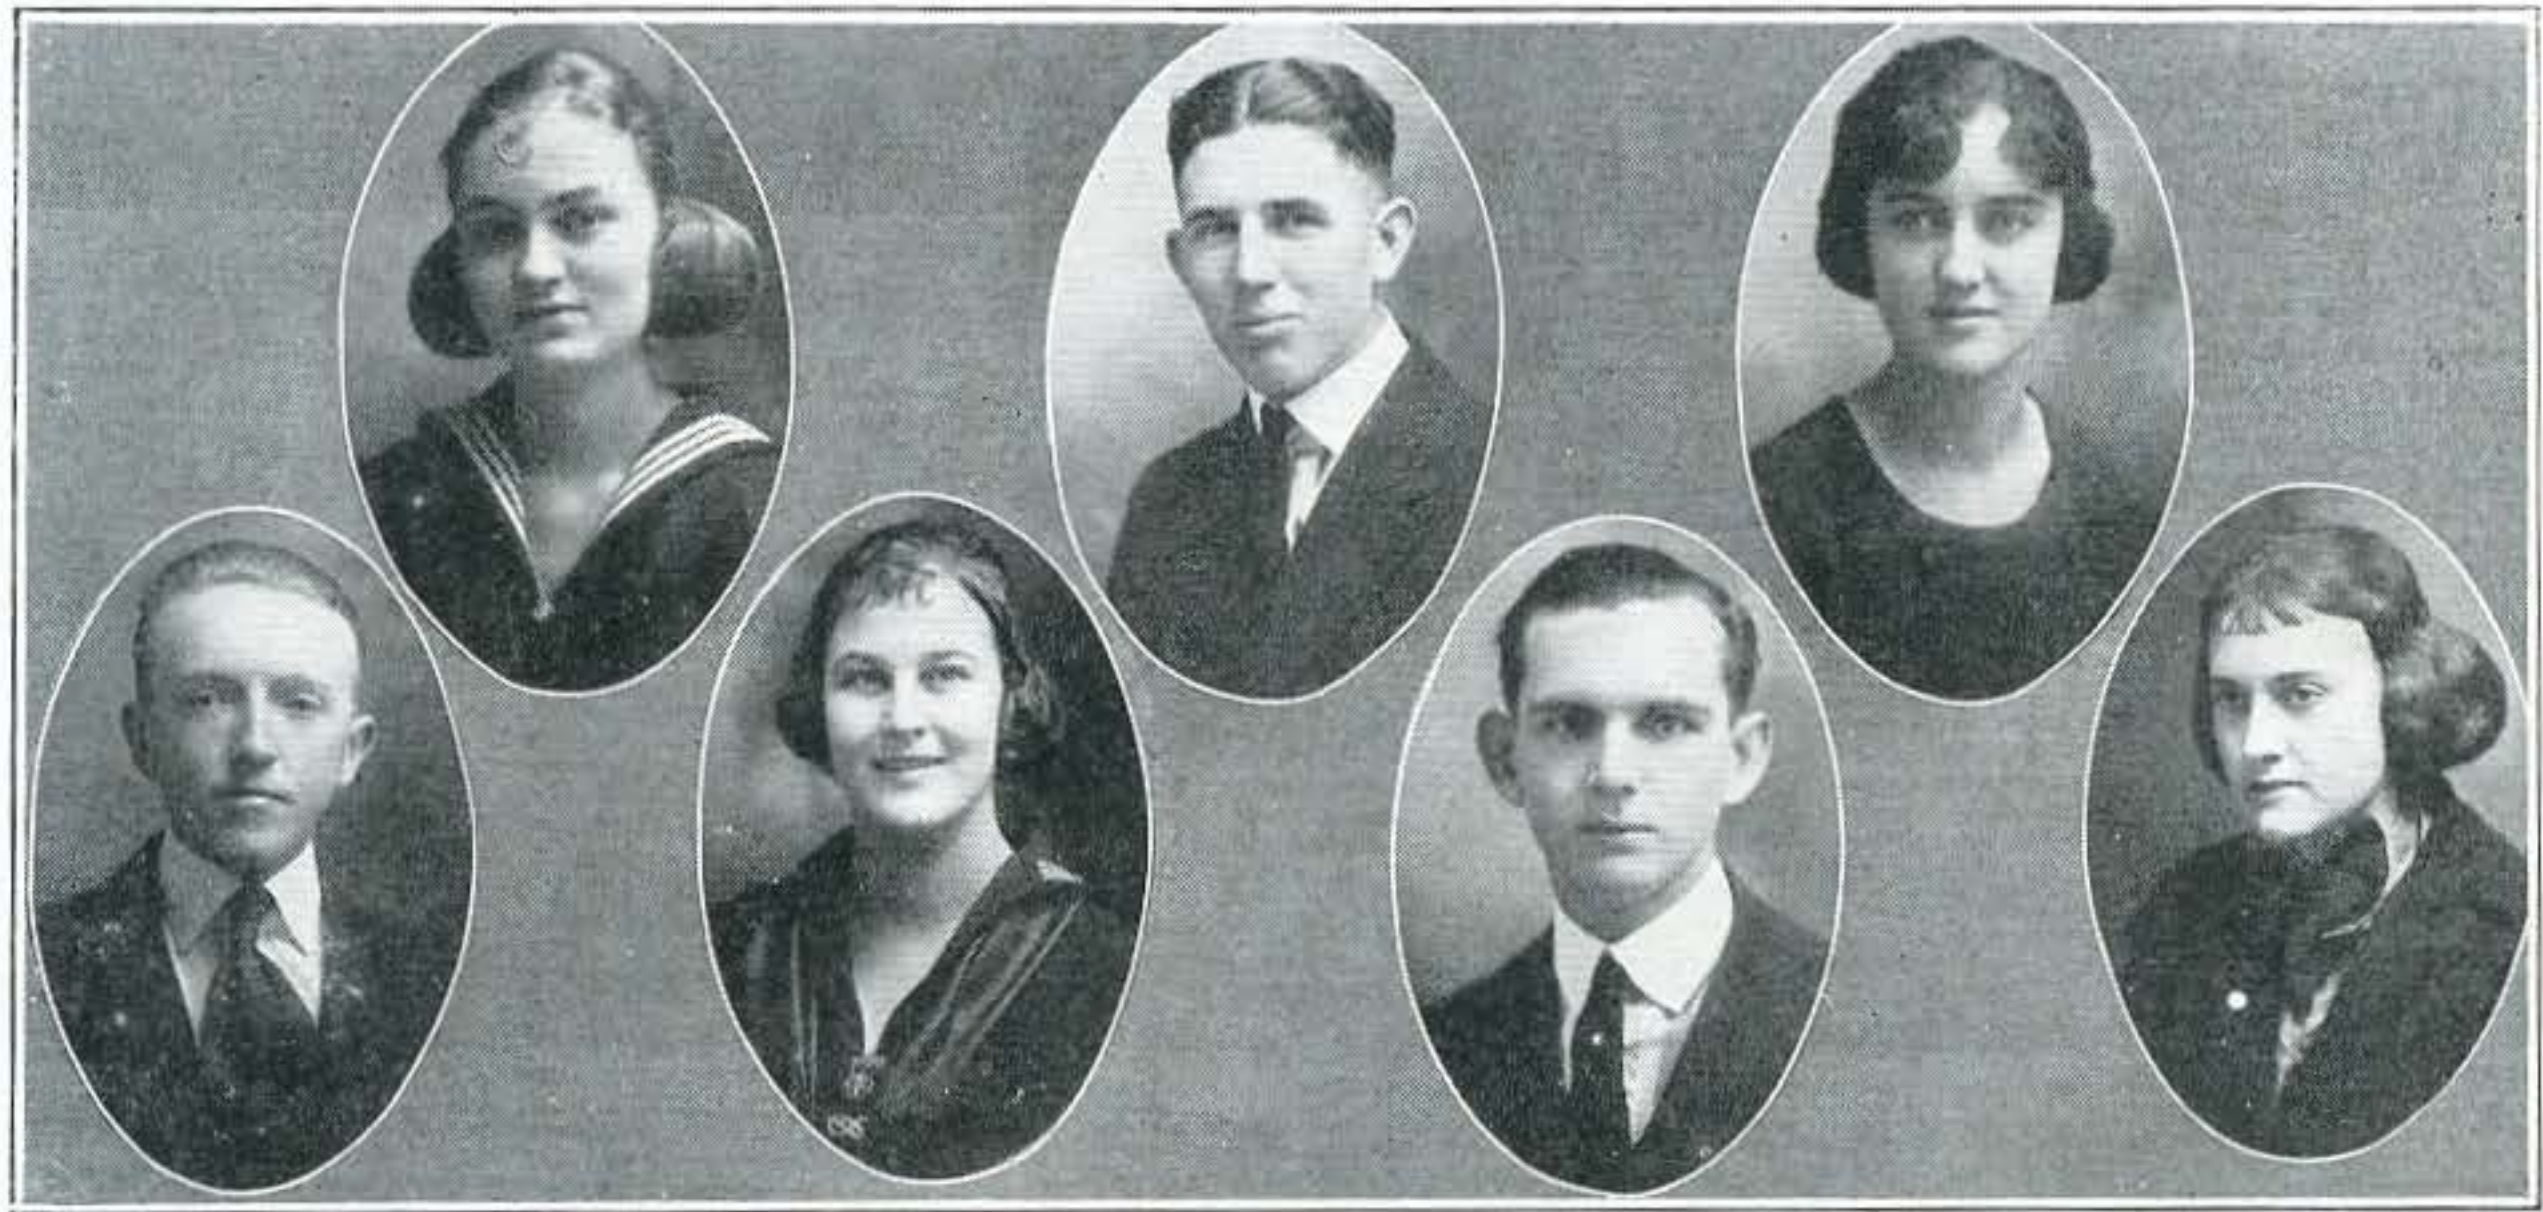

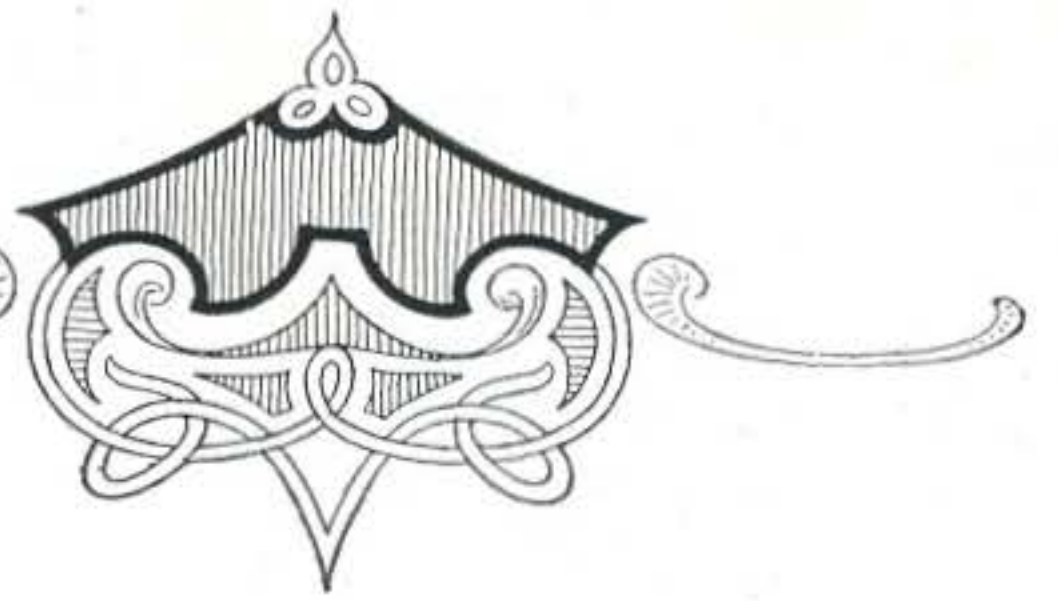

Her brown eyes fairly glitter "pep" and enthusiasm for all good sport. We know Zoe though—deep in her heart of hearts, in spite of many flippant side glances, "Jim's" smiles are the ones that cause the love light.

ZENA BALKMAN, B. M.

This bit of sunshine sheds its rays into the hearts of our class this year. She always has a song for the dark day, and, no doubt, "By her voice ye shall know her."

L. B. SMITH, B.S.

The ladies look at him and sigh. He possesses a smile which forces the exclamation, "Drink to me only with thine eyes." But L. B. never lets his mind to wander—he wends his way alone.

Junior Class

AUDRA YOU, A.B.

Sterling? We say she is; one of Ouachita's best. When you know Audra, you will find that the message of this little epistle is true, and that more could have been said.

ROY PHILLIPS, A.B. "Squirrel"

If there are any loans to be launched, or anything to be accomplished pertaining to finances, "Phil" is always the chief exponent in the raid.

MARY MCKNIGHT, A.B.

Mary is one of those girls that doesn't mind doing her bit, no matter what kind of work happens along. Just say a few words to her and there is always a smile in return, probably accompanied with a silvery laugh.

HARRY QUEEN, A.B.

A loyal Ouachitonian, who is ever ready to do his part in all activities from athletic field to the class room. Although there may be one person about whom his friendship centers, it radiates, and casts friendly reflections on all.

ADDIE B. SMITH, B.O.

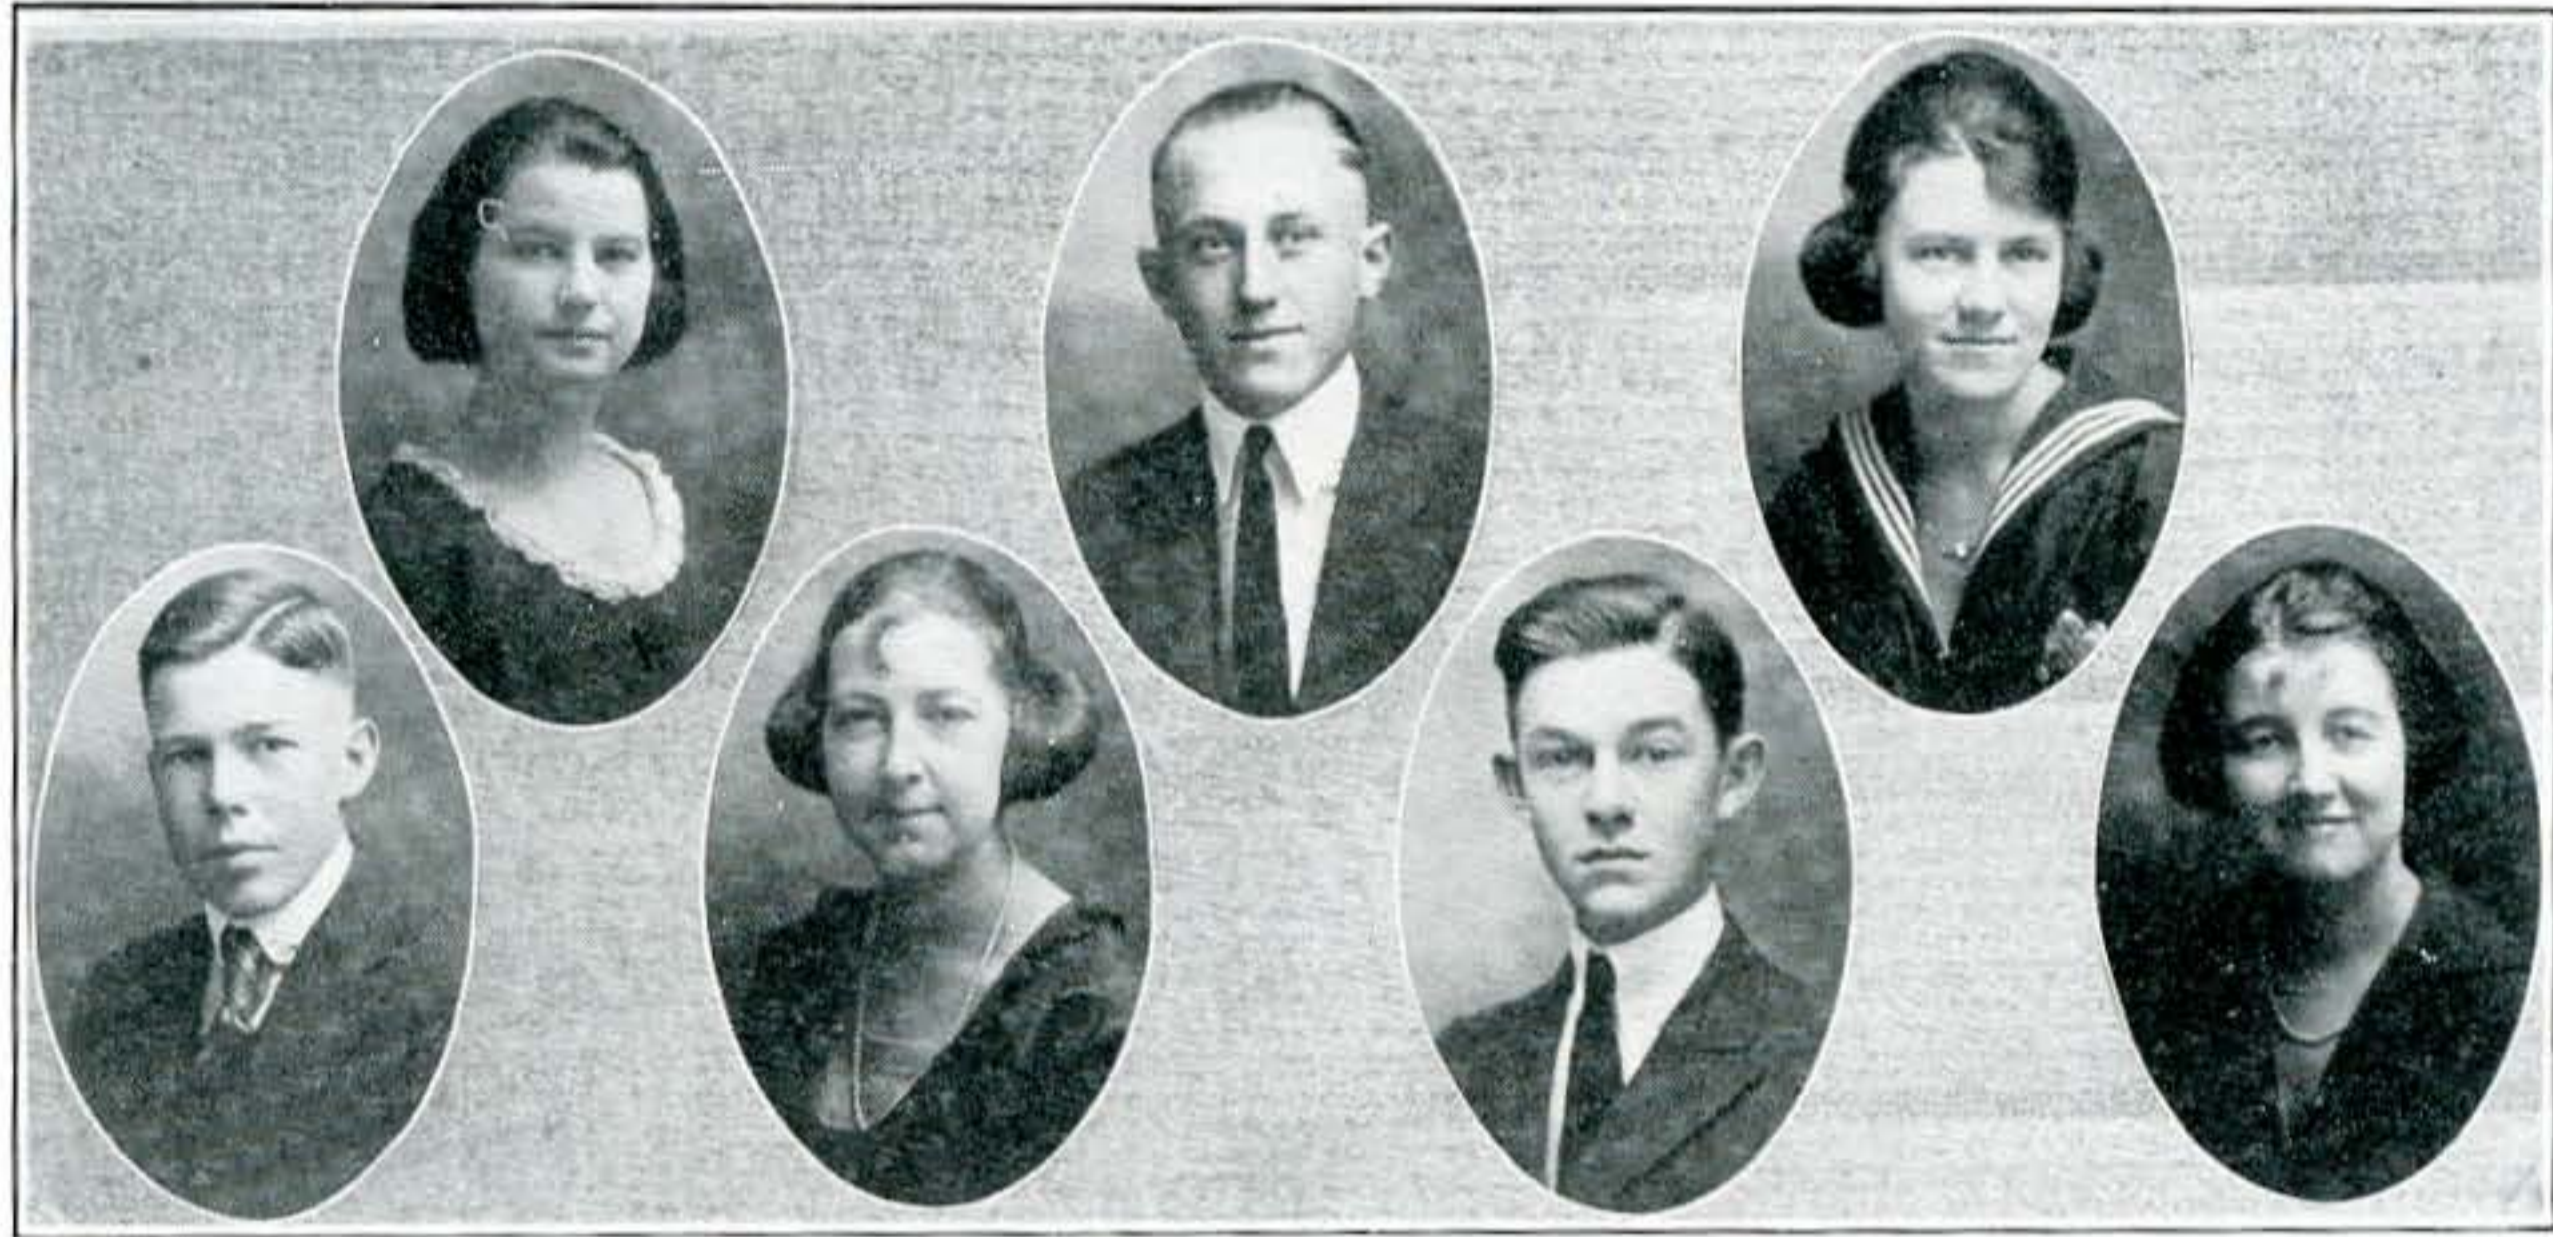

Frank, friendly, fascinating, and frolicksome is she. And if necessary, she's serious; her smiles reveal a sympathizing spirit with happiness overflowing. "Queenly" is, and probably always shall be, one of her aspirations.

FRED NOWLIN, A.B., B.M. "Freddie"

Of all the fickle minded? No, sportsman, hail fellow, well met, French shark, love maker, and Professor Hall's favorite warbler. All these attributes are found in our precious Fred.

LENA HERSTEIN, B.M.

There's something alluring about the tone of a saxophone. A combination of this tone with a good voice and the hum of a Stephens, creates the "irresistible."

Junior Class

RELDA ROSS, B.M

Just imagine a lovely face revealing all the character that falls in line with "Beauty and Truth," and we juniors know that you have a picture of "Our Relda."

CLARENCE GUNN, A.B. "*Pistol*"

Never have his affections rested—like a summer cloud they moved for two years, until—what shall we say now? Have they stopped? The answer, fraught with experience comes: Wait and see.

RAY GORHAM, B.M.

We all agree that Ray is good and sweet, because actions speak louder than words.

JAMES PEARCE, A.B. "*Jimmy*"

Although Jimmy is the baby of the class in years, you would never know it by his intellectuality. Furthermore, we know which of the graceful Graces inspire him to love-making.

GRACE WOODALL, B.S., B.M

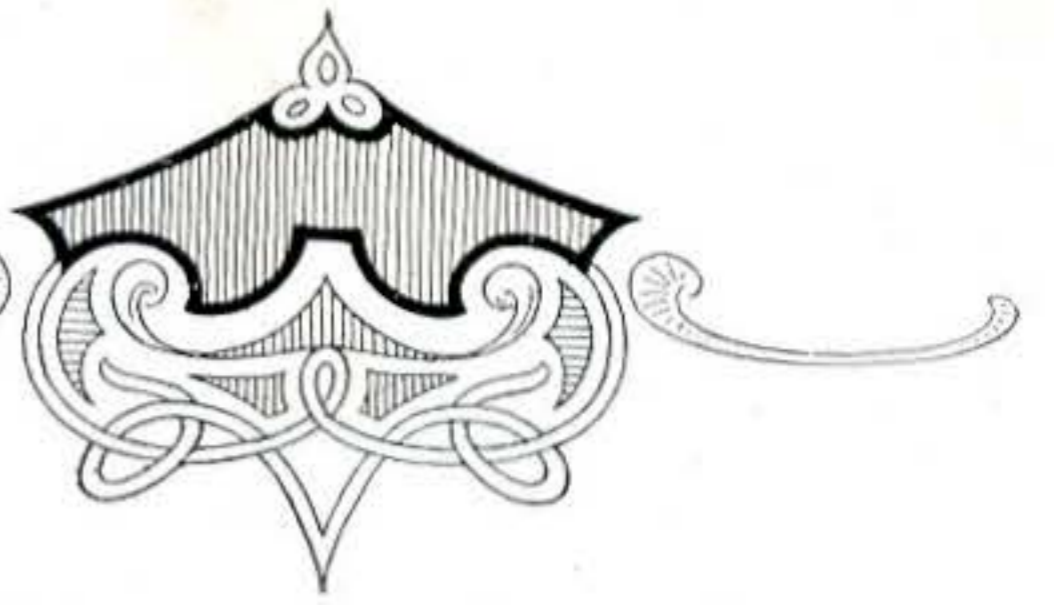

Grace is taking an extensive Lab course. She knows a great deal about it, too, for Grace is one of Ouachita's most industrious students. Just because a boy has red hair, it isn't any reason why people shouldn't like him.

HENDERSON MURPHY, A.B. "*Murph*"

There is but one whom he adores. Devotedly he spends one hour each Tuesday, Thursday, and Saturday, extolling the virtues of this "Columba."

HELEN SADLER, B.M. "*Little Taddler*"

Quiet, loyal, and capable is this little girl. Her heart is as large as she is small. She has a very original way of finding out "The news about the campus," and if you want anything done well, go to "Little Taddler."

Junior Class

COY SHUGART, A.B. "Shug"

Shug is one of those hard boys who eats pebbles seasoned with iron filings; picks his teeth with ten-penny nails, and does his manicuring with a rasp. He has a leaky valve in the left ventricle, which results in his falling for "les femmes."

MARY ELLEN ROBBINS, A.B.

She didn't see how she could stay here after Carra left, but somehow she managed to do so. Mary Ella is very wise, and knows something about all her studies, but she doesn't care about everybody knowing it.

LEONARD WATSON, A.B. "Constance"

Third floor: Silence suddenly broken by tread of feet; enter teacher. Second floor: Again all is deathly still; another interruption. First floor: Scene is shifted. Quaker characteristic still in vogue. Another trespass, and "Lab" work begins.

WALTER ROWLAND, A.B. "Rolling"

Walter is one of our scratching Tigerettes, and some day will be a fighting Tiger. Also he has distinguished himself as a baseball player. He isn't a flirt, and never has much to say, but all the girls like him "just because he is sweet."

JOHNNIE MAE GILLIAM, A.B. "Johnsy"

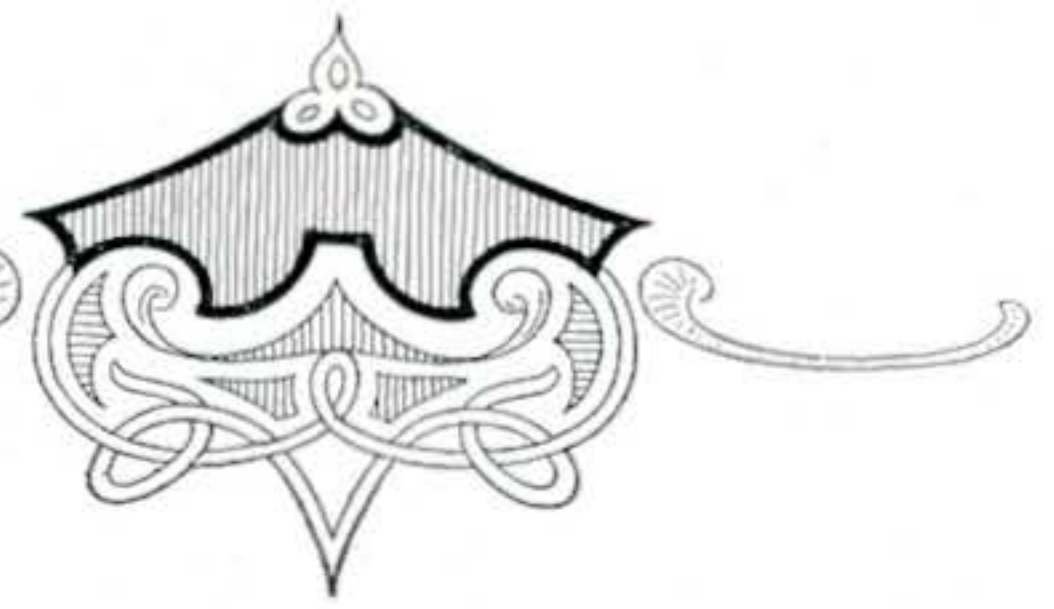

Big-hearted, and with happiness from the mere joy of living shining out of a pair of brown eyes, you find this loyal Ouachitonian. She loves everybody and can't help it, and wouldn't if she could.

ROBERT ROWE, A.B. "Blib"

Of manners gentle, of affections mild. He has the reputation of being a pretty good sort of fellow, and has never been known to do anything in particular. He doesn't throw away much love or time with the fairer sex.

MATTIE HOLT, B.O. "Jimmie"

"Jimmie" is a refreshing little beauty. She has her own individual "air," n'est-ce pas?

The Freshman History

Modern progress is a natural development of human experience. If we take this as our criterion, the Freshman Class may be said to have begun its ascent on the height of advancement. On the day of September the 13th, we, a bunch of green freshmen, assembled at the college with proud hearts, yet not without some forebodings and misgivings.

We began our first year's work with an earnest zeal in our class rooms as well as in all the college activities. The Class of '24 has been particularly successful in athletics. We furnished four men for the varsity team and the majority of the Tigerettes are members of our class. The freshmen have also proven themselves to be earnest and enthusiastic members of the literary societies.

Though the most of our history is yet to be made, we are resolved to finish our first year in college in a laudable manner, and shall strive to make each succeeding one more successful than the last. The year is swiftly passing and what we have accomplished as freshmen will soon be recorded as history. But as the curtain falls over the eventful yesterday and memory alone remains, let us realize that the honor of our college rests upon our shoulders and look forward to the promising days ahead of us.

Another year has passed and the band of timid pilgrims, that arrived at Ouachita with so many inexpressible fears and misgivings, has at last reached the second milestone on the way. The road has been rugged, but the sympathy and the ready assistance of those who have gone before have made the way less difficult.

The Sophomore Class is the smallest of the four, but it can lay claim to some excellent talent in both musical and literary lines. The individual record of each member gives evidence that this class is composed of hard working students. The sophomores have also a part in athletics, since two of the number have won the "O" this season.

When in 1923 the members of this class receive the "sheepskin" for which they have worked so long then perhaps the "profs" will think of the Sophs of '21 and that their efforts have not been in vain.

FLOYD GOODMAN, B.S.

Goodman is one of those all-around fellows, doing well his share in every phase of college life. He has made a record for doing good, hard, conscientious work, and at the same time is a lover of sport.

EDITH QUINNEY, B.M. "Quinn"

Salt of the earth, she's one of the finest ever. When Edith says she will do a thing, you can be sure it will be done, and you won't have to bother about it. She will make her mark in whatever field she enters.

FRED H. WARD, A.B.

Mr. Ward is a quiet man who never says much except in Latin I, where he is indeed a shark. He never "sits on the back seat" and "rides," but he frequently astonishes the Cavalrymen with his knowledge of construction.

JANIE COOKSEY, B.M. "Jentz"

Janie makes us wonder from whence comes her dreaminess? There must be some unknown power which makes her smile with aloof interest upon a gay and frivolous world.

EARL HERRINGTON, A.B.

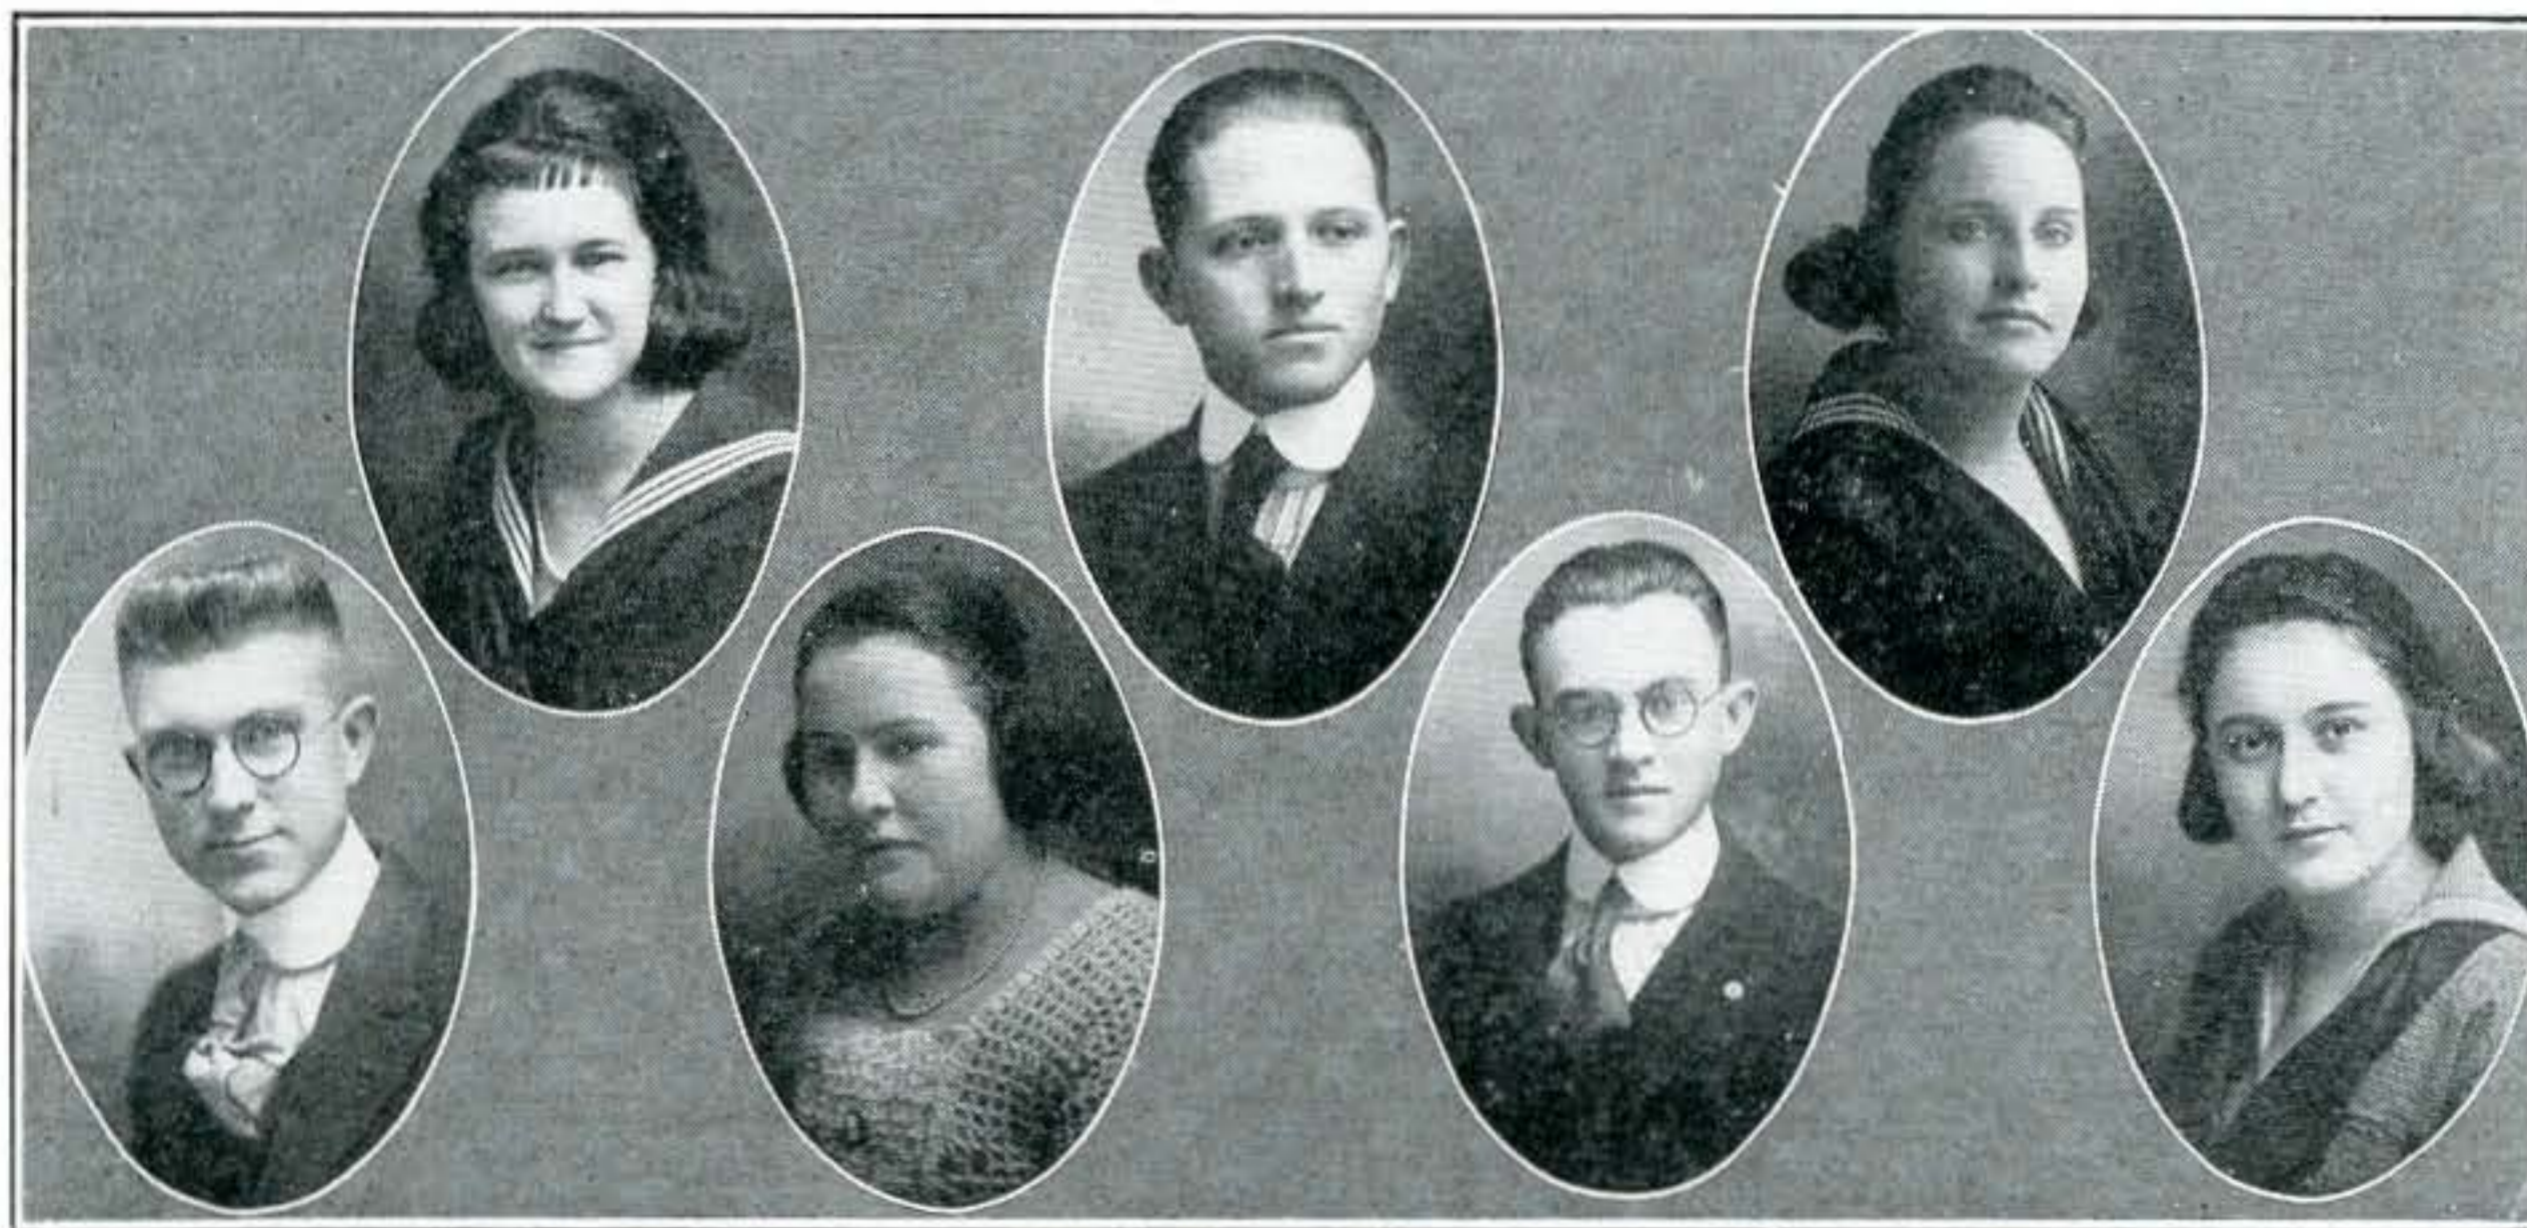

Earl is especially gifted in the art of oratory. His pleasant, resonant voice makes his auditors listen to, and heed his words. We are expecting great things of him, for he is one of the best of our class.

LADOSCA JONES, B.O.

A town girl, privileged, of course, by this fact. Attractive, with charming disposition, smiling most of the time. All these facts tend to keep the "Paige" on the road.

URA MCCARROLL, B.O.

If you see Ura on the campus and hear her say "tee-hee," you think she has the sunniest disposition in school, but when you see her at a reception she is a bit "Moody."

Junior Class

LUCILLE NOLLEY, B.M. "*Song-bird*"

Her appearance is that of unaffected boldness. No stage fright for this petite song-bird. Who knows but that her fitness may find her singing the Carmen role before many years have elapsed.

CORNELIUS COOPER, A.B. "*Coop*"

As a debater, Cooper has mastered the fine points and technicalities to a great enough degree to overthrow any argument except perchance that of the fairer sex.

DESDEMONIA KIRBY, B.M. "*Boots*"

Of rare accomplishments, a good conversationalist, and a strong believer in democracy, she takes everything as a matter of course. They all look alike to her, with the possible exception of two or three that stand in the foreground.

HOYT GRAHAM, B.S

Hoyt is another one of the old boys; just how old we do not know. He knows all sorts of chemical formulas; likewise a solution of a number of vexing problems of the heart.

RUBY MCKINNEY, B.M

She is earnest, and bent on learning Harmony for more reasons than one. Her aspirations are the very highest, playing like the love-song of a brook. All this, not for a stage career, but for "Harold."

CLOVIS C. LANDES, A.B.

A man small and unassuming but with ideals far-reaching in their consequence. "To gain knowledge and make use of it" must be his motto, as this seems to be his chief delight.

LOIS THOMPSON, A.B.

Everybody has a right to his own way of thinking, and so does Lois. She says most people don't understand her—and maybe they don't. Anyway, it's not what you seem to be that counts, but what you really are, says Lois.

Thirty-three years ago a small band of enthusiastic workers organized the Alpha Kappa Literary Society. This band was quite small compared to the size of the present Alpha Kappa Society, which has ninety-two members, but it has grown in size as well as in perfection, down through the years since its organization.

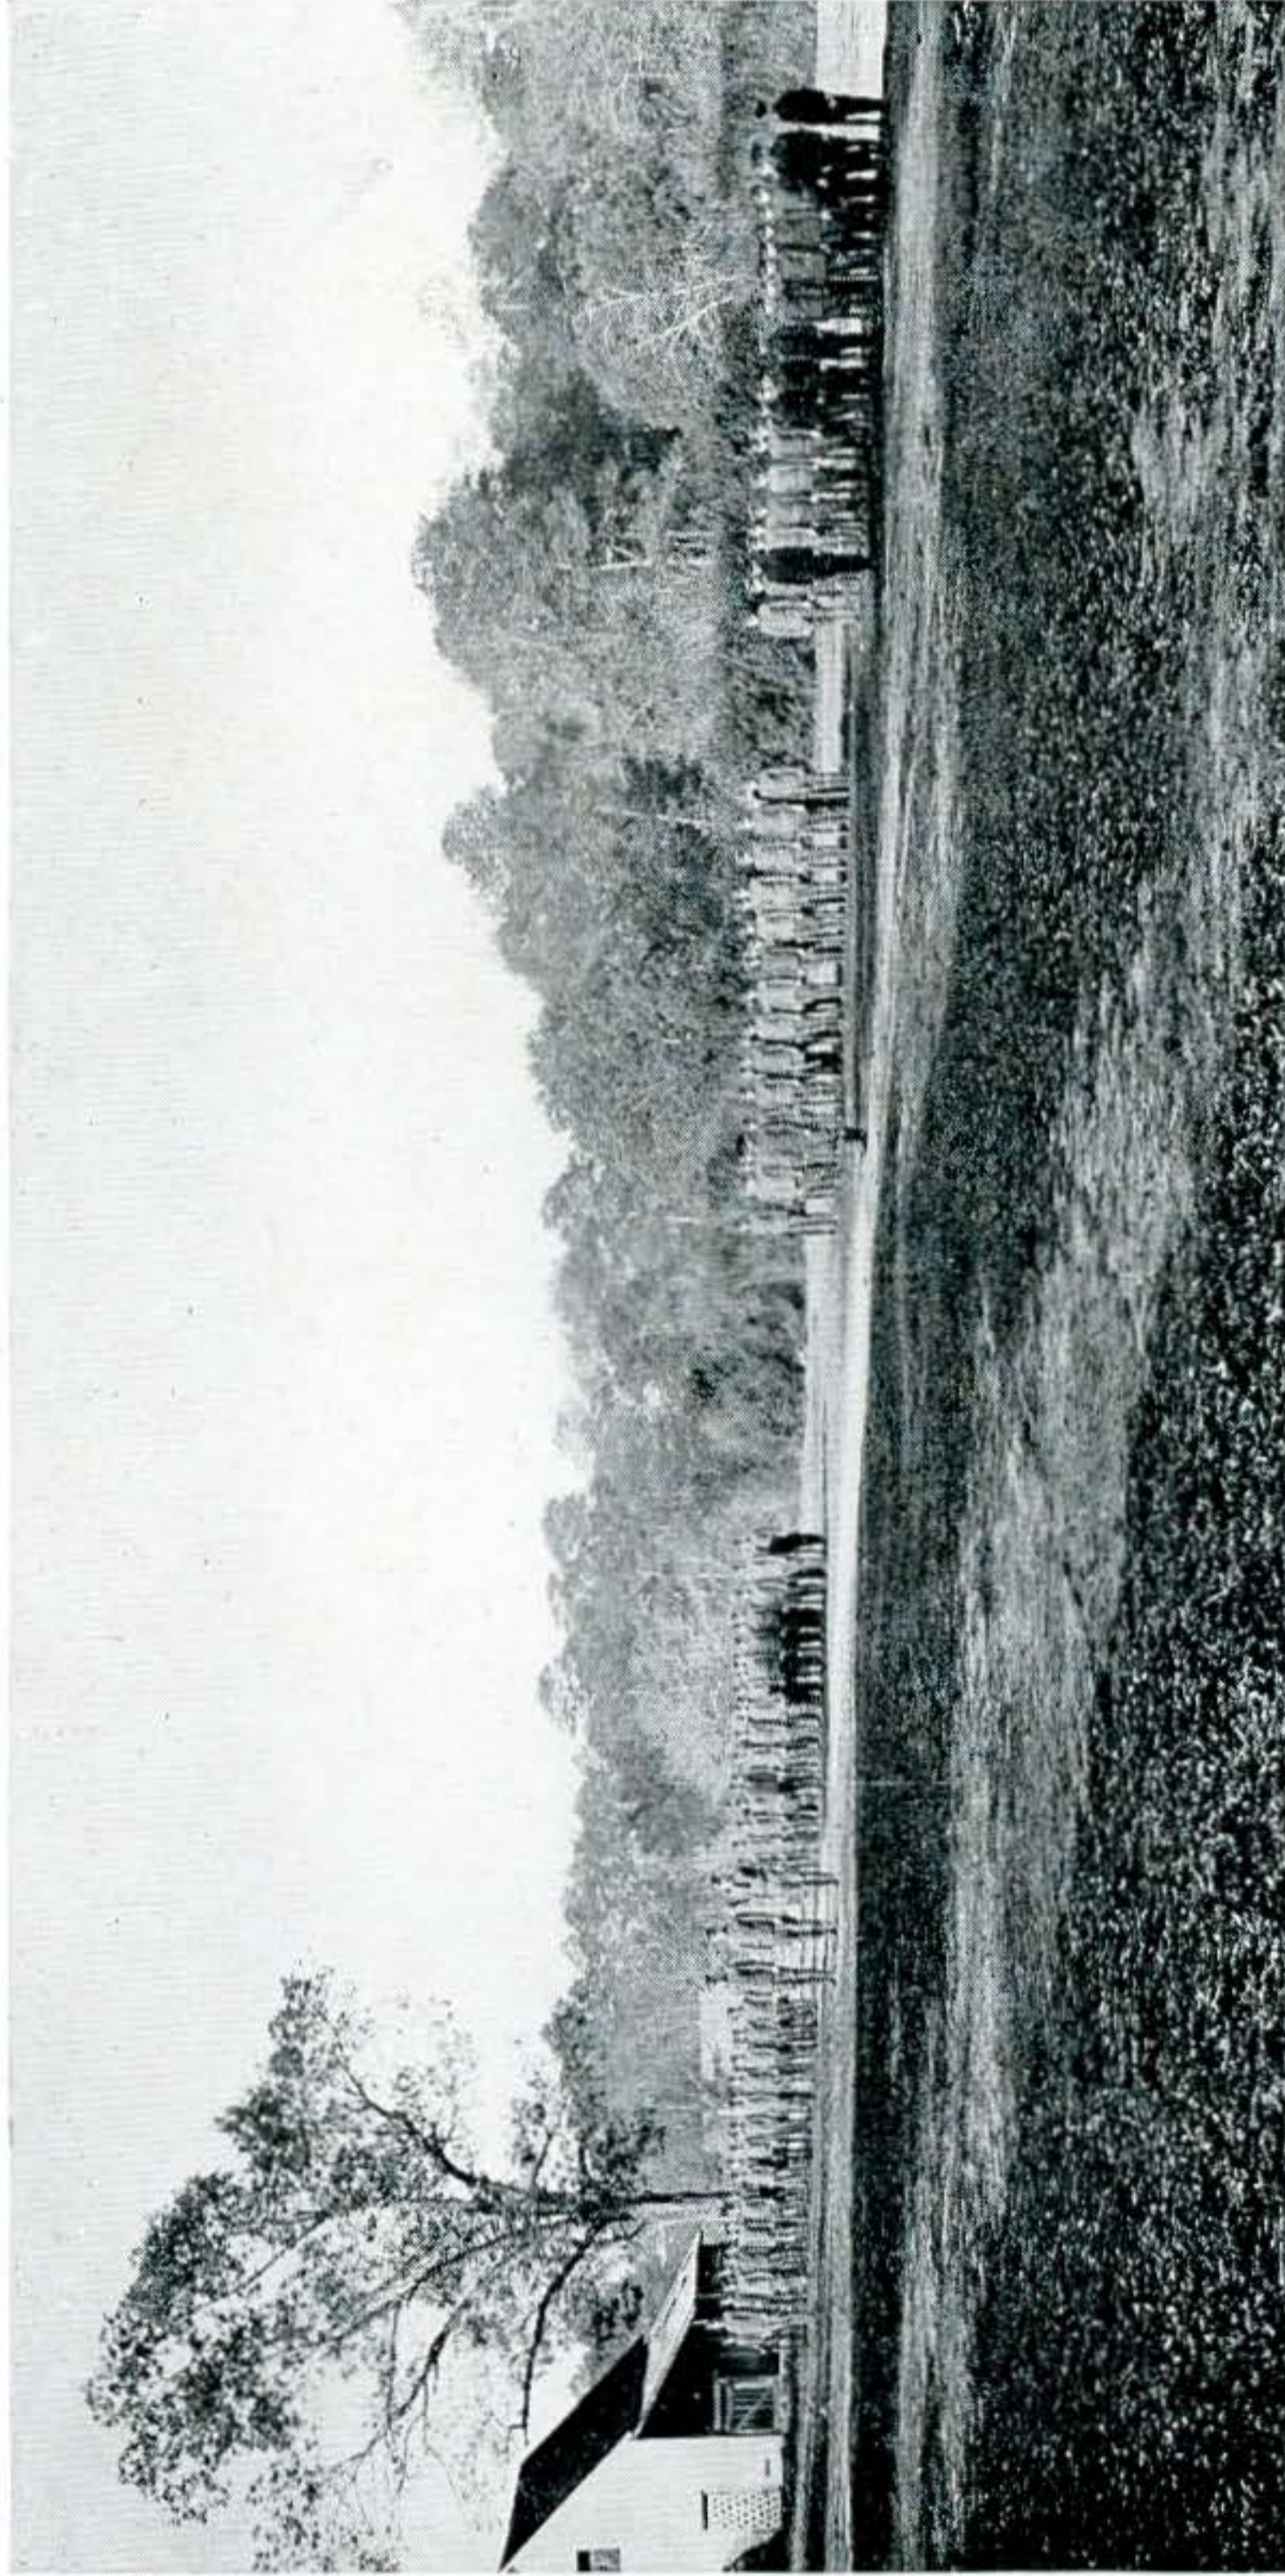

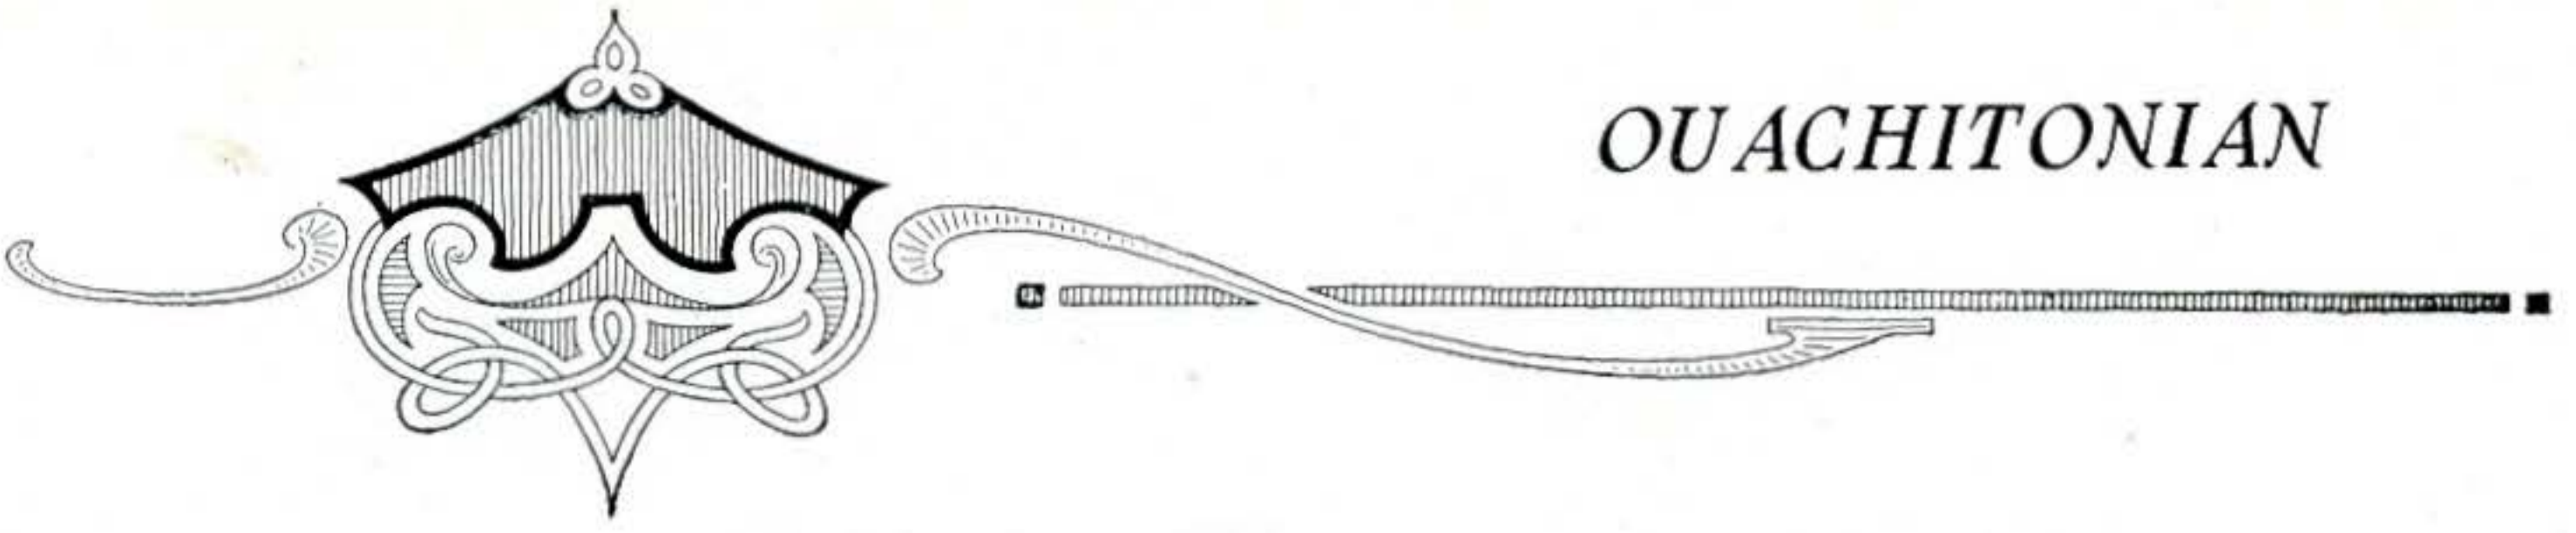

The organizers of the Alpha Kappa Society were women of thought and zeal. They realized the value and benefits that could be obtained from such an organization. They chose as their motto, "Beauty and Truth," and it has ever been an incentive to the members to go upward and onward in this worth-while work.

Aside from the literary work of this society, much good has been accomplished along other lines. During the World War two orphans were adopted. The war is now over, but these children are still in need, and the Alpha Kappas intend to continue their contributions and in a small measure minister to suffering humanity.

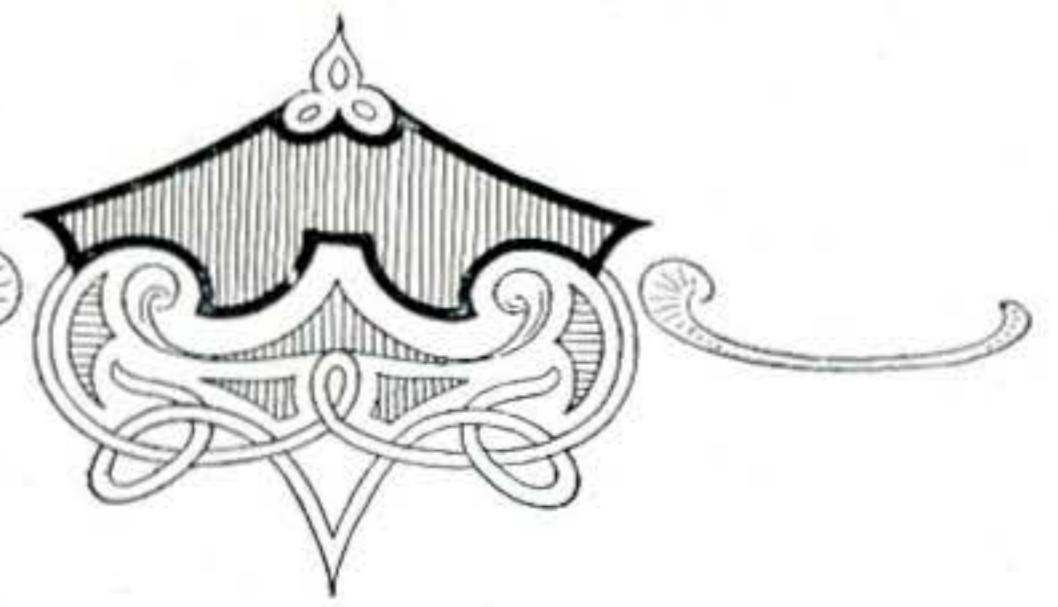

Every year the Alpha Kappa Society sends out representatives to all parts of the state and to other states as well. These women have been trained in executive matters and therefore become leaders in their communities.

Mere knowledge is of no value to a moral being; knowledge must come armed with moral purpose. Power is of no value till it is touched by the flame of the spirit. The society worth-while must help us to see that different actions have different values—that deeds determine destiny. Whittier has so aptly reminded us that: "In the field of destiny we reap as we have sown."

No attribute more fitting or more worthy can be conferred upon the Hermesian Society than that it has attained by thirty-three years' activity this knowledge armed with moral purpose, this power touched by the flame of that "Nil Cedendum" spirit.

Proceeding with these qualities, the gates of the future swing open, revealing a field, vast in magnitude, resplendent in opportunities, and glorious destiny in the conquering and utilization of it. Let us advance steadily yet cautiously in overcoming the obstacles and impediments of the future, but with the zeal and persistency engendered by striving for a high and noble ideal.

Why Editors Die Young

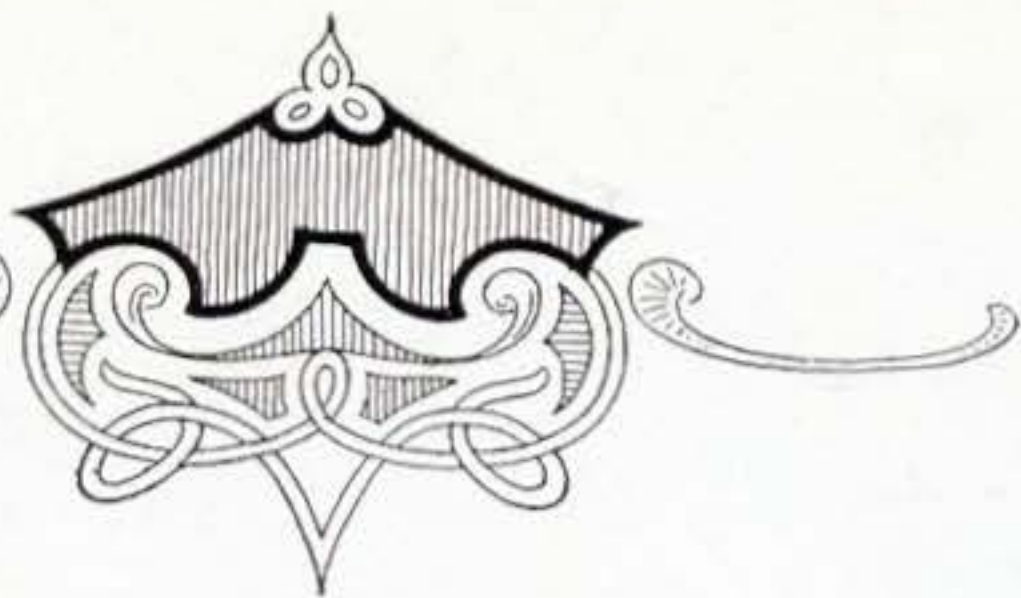

BUSINESS MANAGERS SPEND THEIR WEEK-ENDS AT HOME, AND STAFF MEMBERS ARE SENT TO THE "BUG-HOUSE"

NOTHING thrills you more than the first announcement of your election to the highly honored position of member of the OUACHITONIAN staff. You resolve at once to put forth every effort in making the Annual a success and proving yourself worthy of the trust your fellow students have put in you. The many privileges that have been so suddenly thrust upon you cause you to have dreams of great things that are going to take place in the coming year, and you know without doubt that you alone comprise about half the entire student body.

But as time rolls on, alas! you realize that you have no privileges, but numerous duties instead; that your election was not the bestowing of honor but rather the placing of a burden where they thought perhaps it would be borne with fewer complaints; and that you have before you a long hard road with "Nothing to do but work." Your intentions are changed from those of "putting forth every effort" to "getting by with the least possible work and worry," and you adopt for your motto, "Never do today what you can put off till tomorrow."

There is, however, a realization of the first ideal when the students and faculty cooperate with you and show an interest in the work you are doing, when papers are turned in promptly and near enough correct that the writers would recognize them after they had passed through the hands of the critics, and when all parties concerned do all in their power to assist in the making of the group pictures.

It is this realization that causes us to appreciate the honor of our positions and at the end of the year's work to look back with pleasure and gratitude on the experiences and accomplishments of our "staff days."

The Ouachita Signal

The *Ouachita Signal* is the weekly paper of Ouachita College, issued on Saturday by a staff elected by the four literary societies, the Hermesians, Alpha Kappa, Philomathean, and Corinnean. The front page gives the news of college life from the reporters' point of view. It is made more attractive and worthwhile from time to time by the aid of our student cartoonists, who for democratic reasons are not regular members of the staff.

The society programs and meetings are written by reporters who are appointed quarterly, thus giving variety to the society page and experience to some future staff member. The athletic editor plays his role and depicts in print the actions of the

Tigers in the various forms of athletics. The editorial page is supplied with subjects which aid in the furtherance of the Ouachita spirit and fellowship, by the editor-in-chief, who writes from a masculine viewpoint, and his associates who contribute the Co-ed material. Local editors add the spice of life by gleaning from the daily happenings, the jokes, and witty sayings of the campus, while the financial burden is managed by the business manager and his assistants.

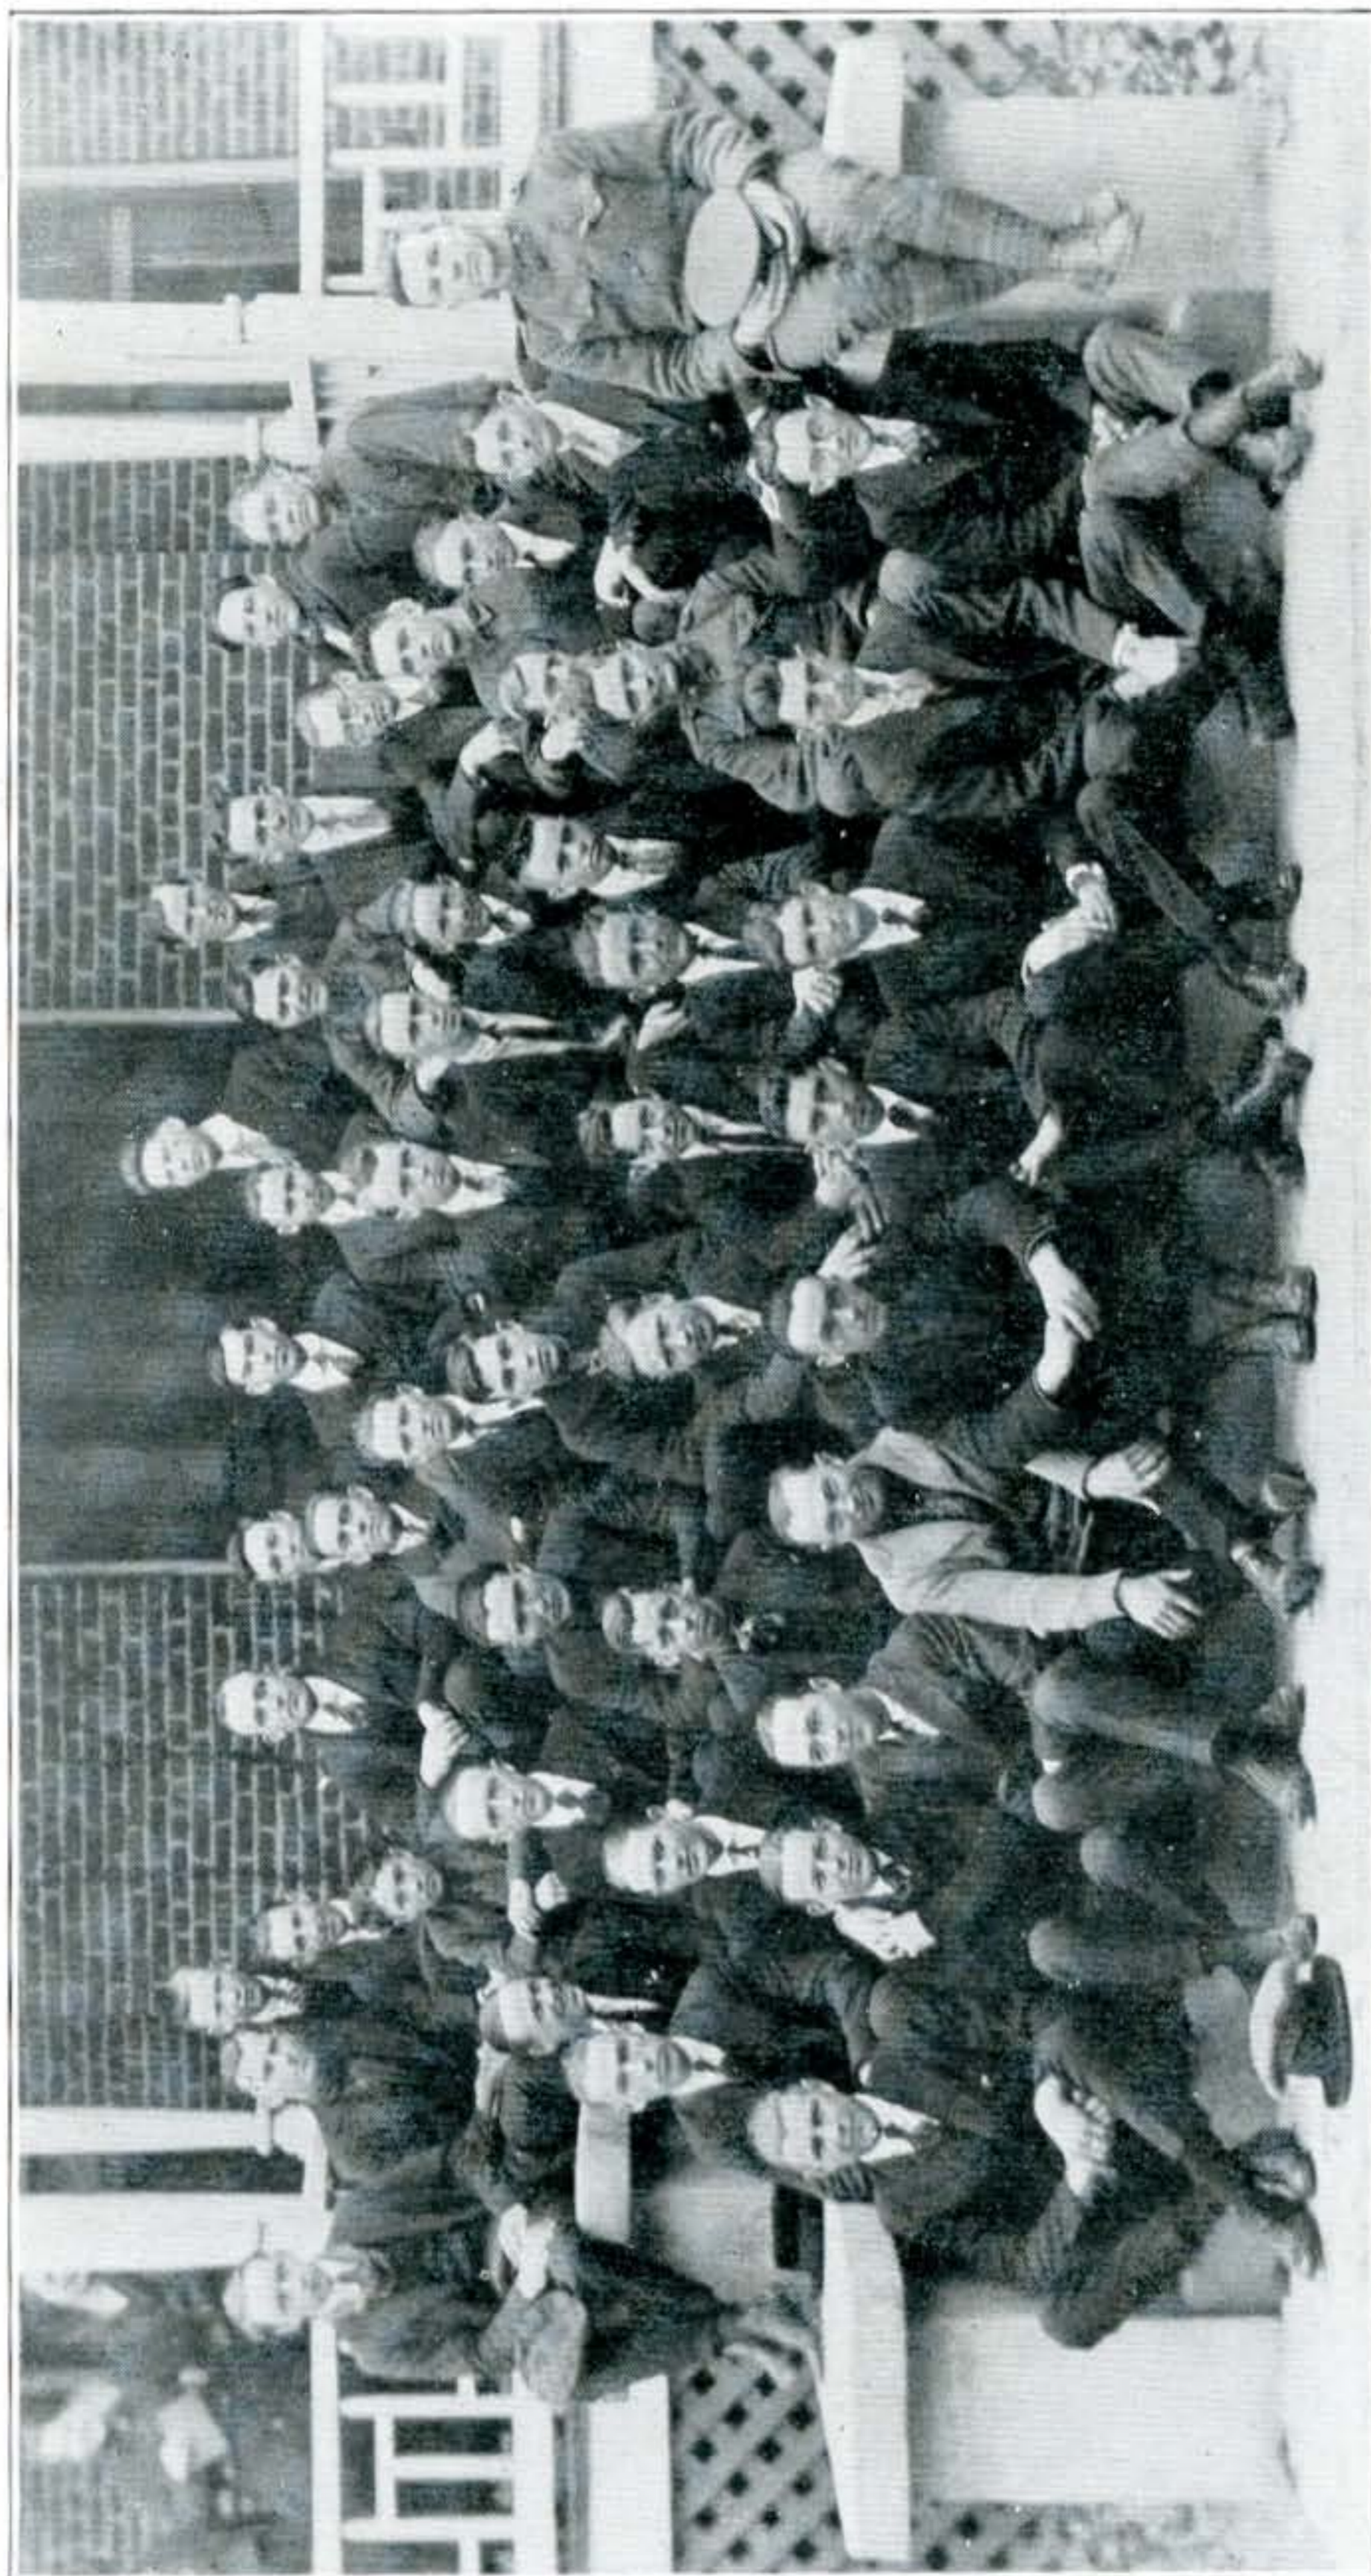

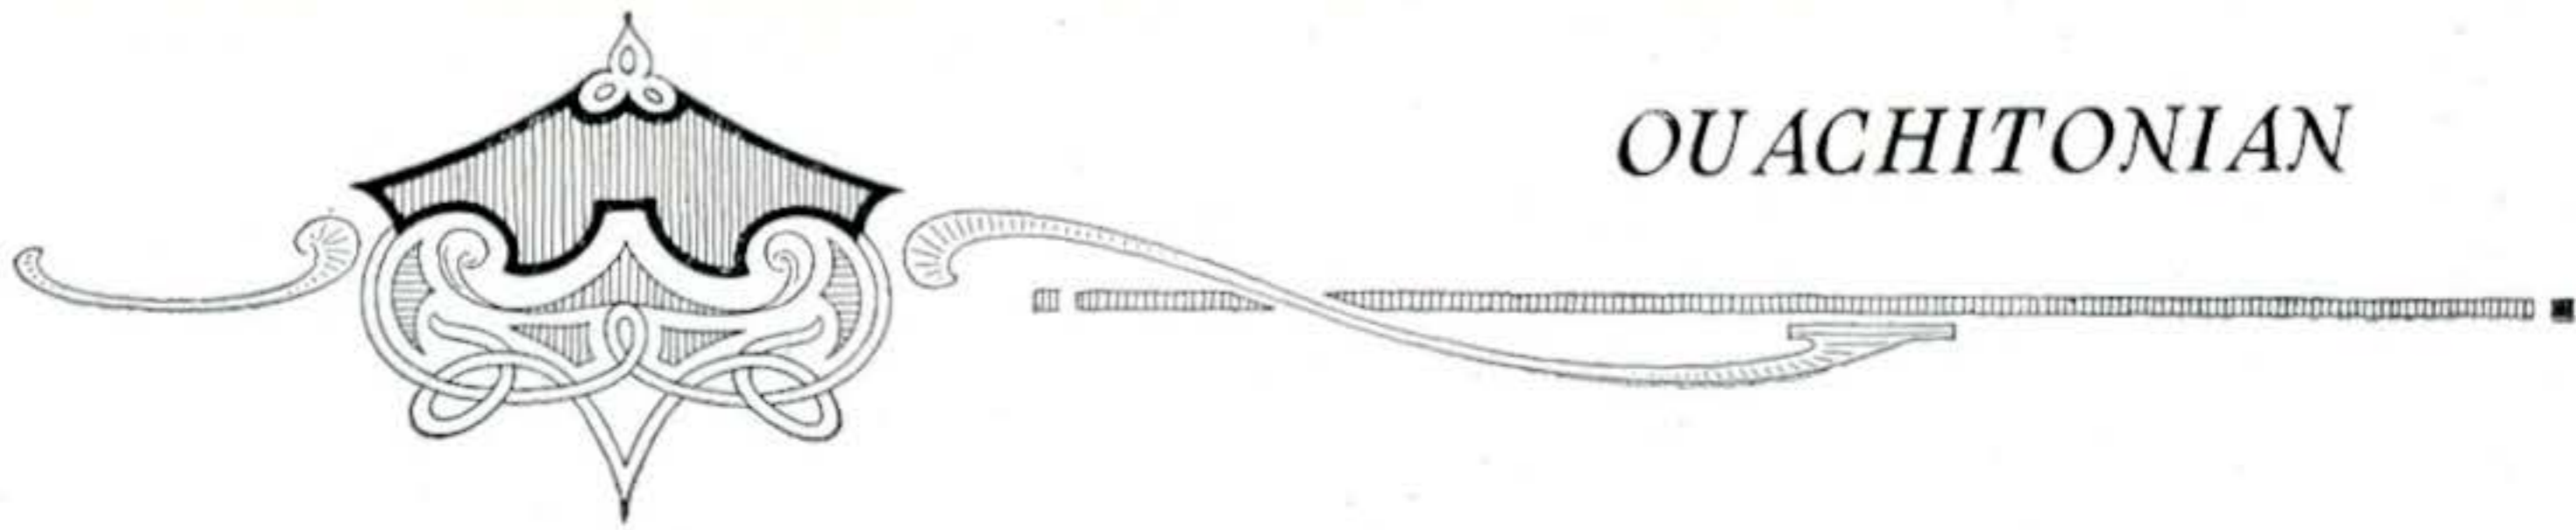

The Oratorical Contest

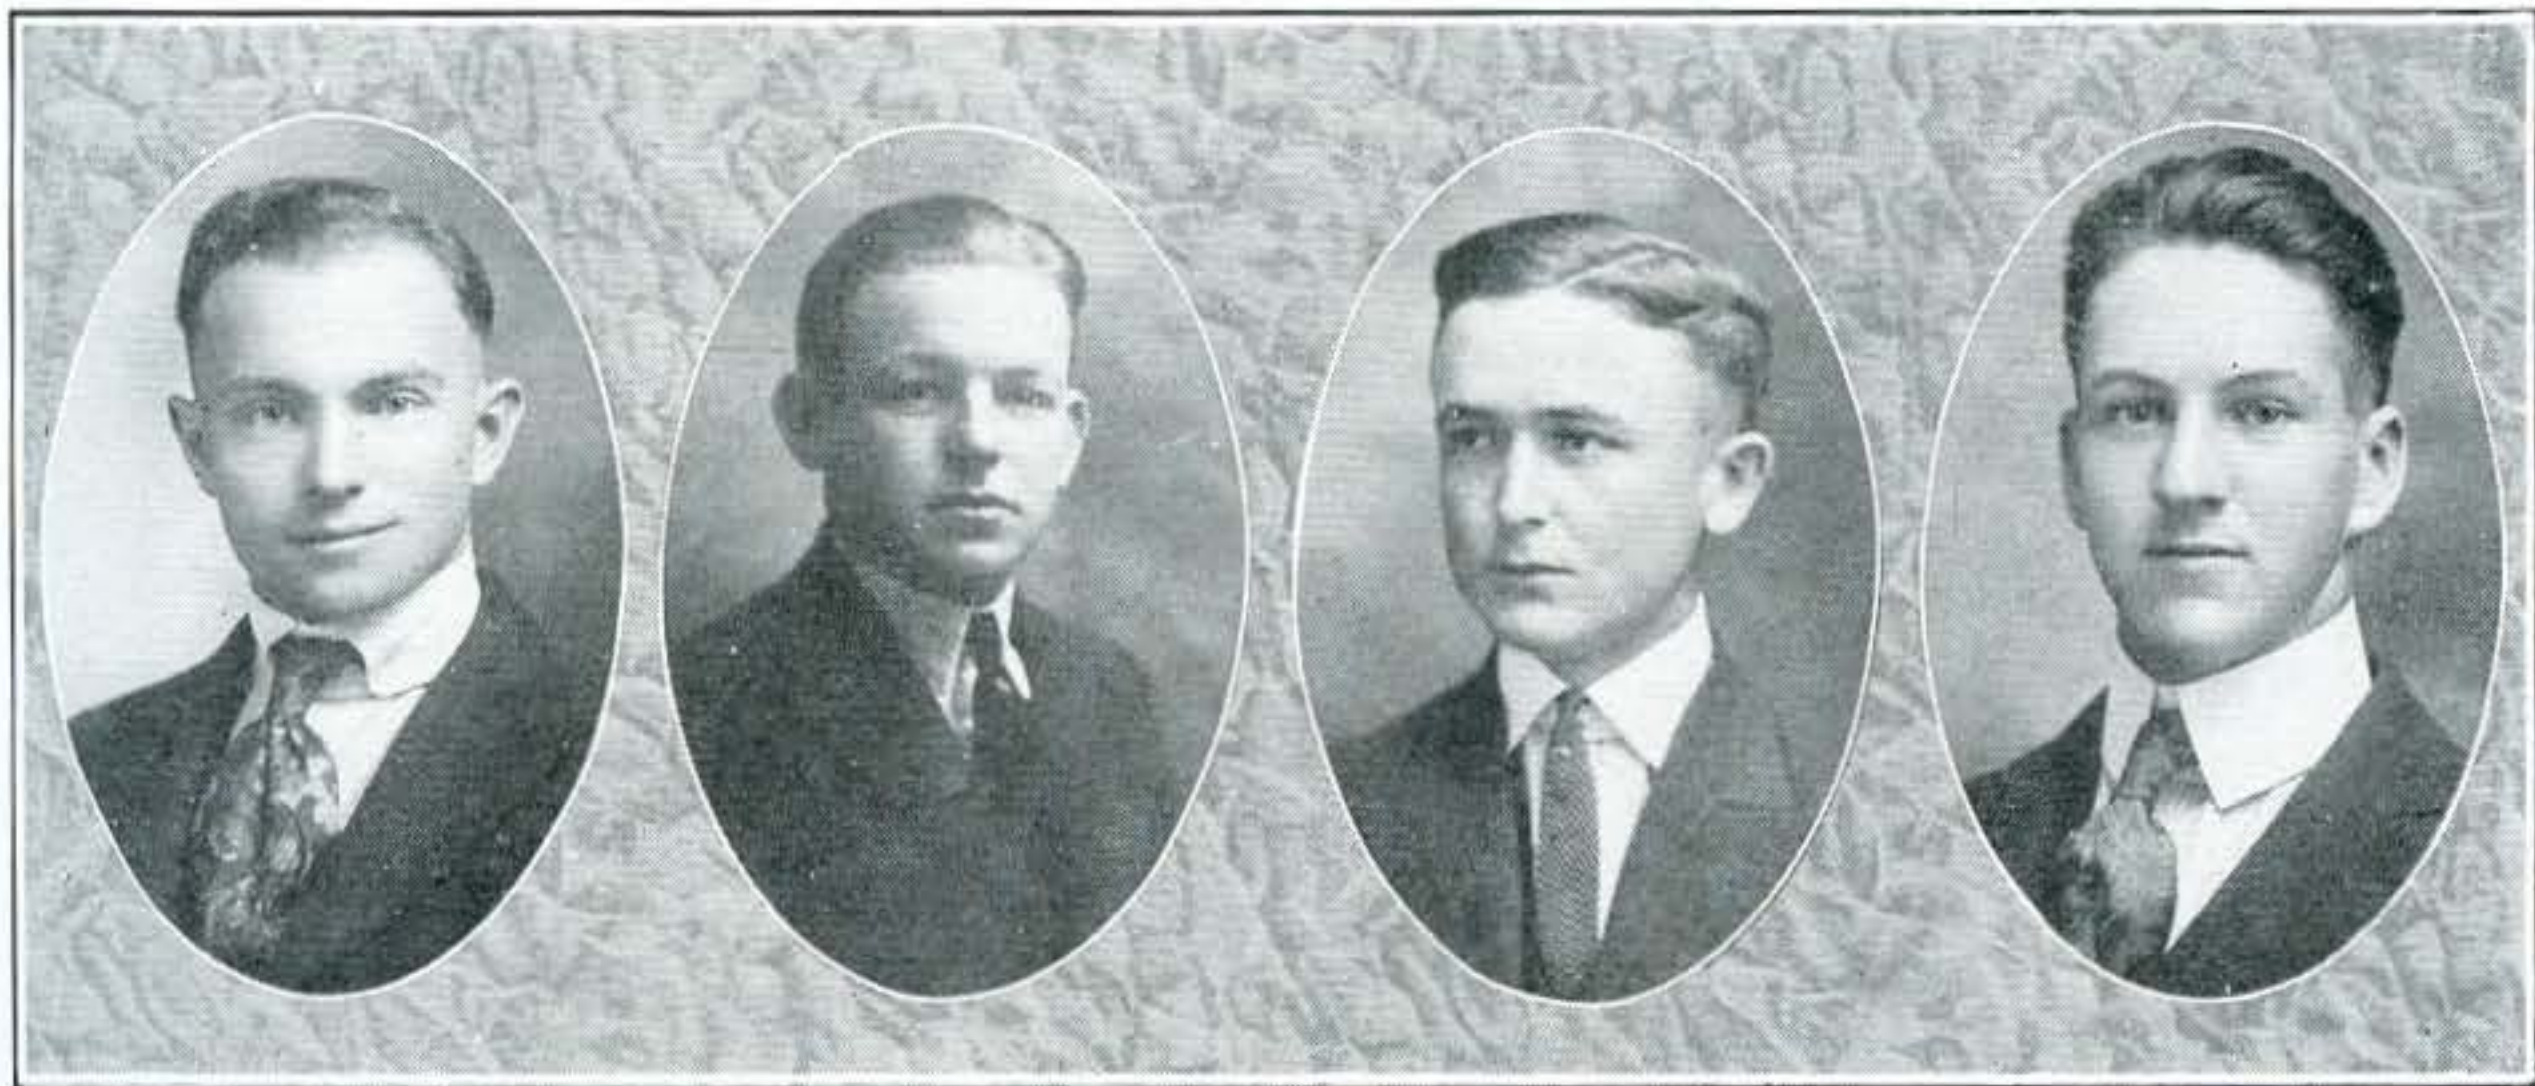

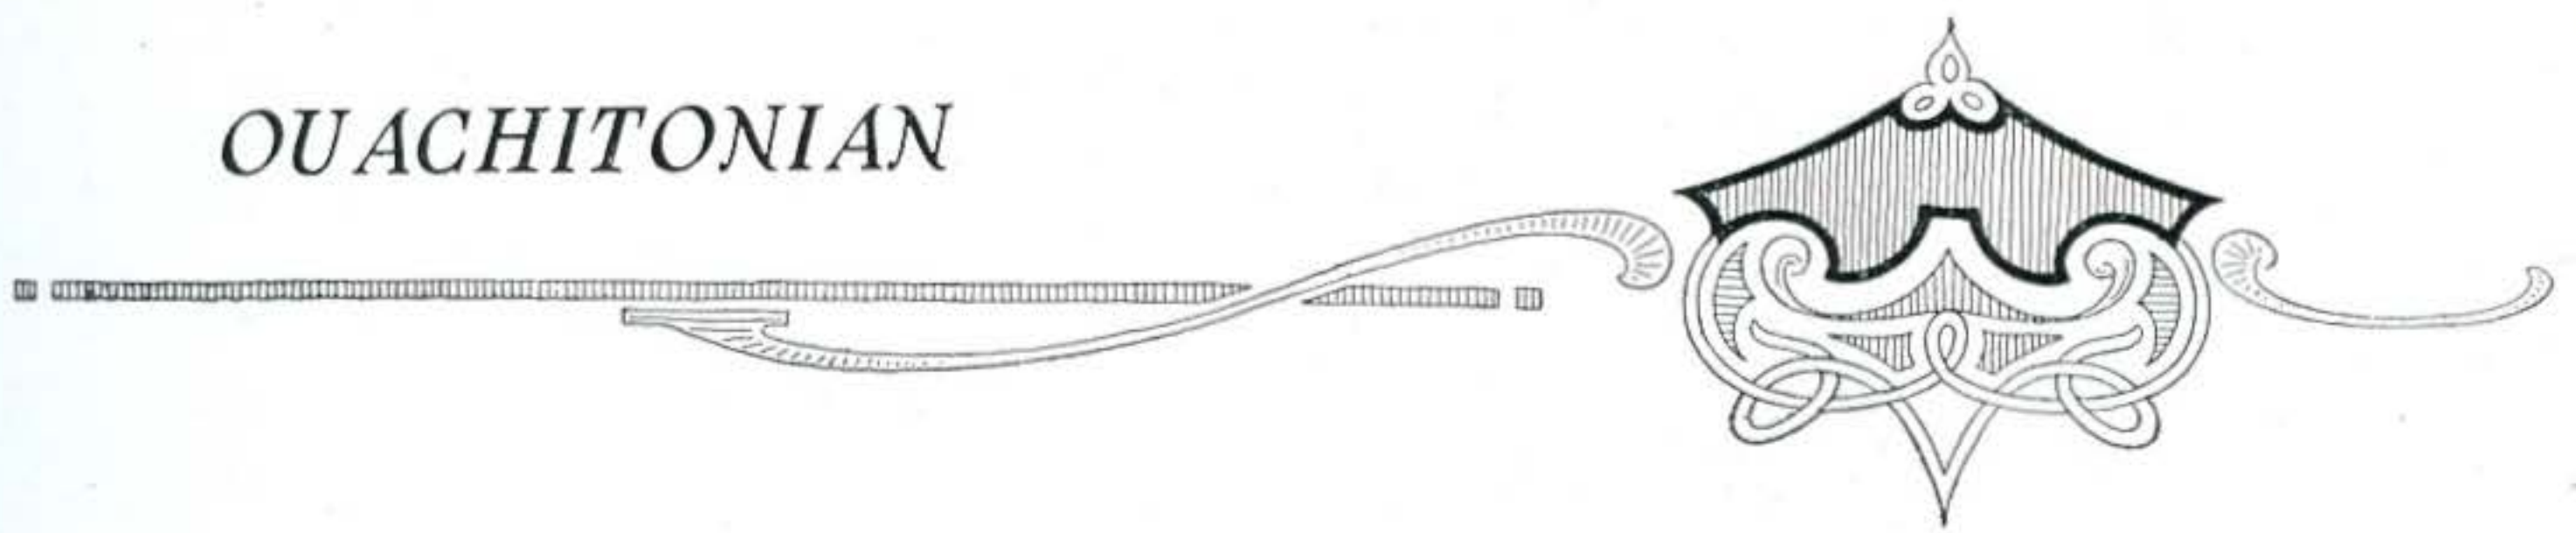

After a month of strenuous yell practice and a day of varied excitement, the Hermesians and Corinneans, followers of the red and white, assembled on one side of the Auditorium, while the Philomatheans and Alpha Kappas, supporting the gold and white, assembled on the other to witness another enthusiastic oratorical contest. Pep abounded, as Nil Cedendum and Hokie Pokie filled the air.

Earl Herrington, Philomathean orator, spoke first on the subject, "War and World Federation." After him came Ben Condray, Hermesian representative, whose subject was "Looking Forward."

Next came that period of breathless anxiety, during which the chairman of the judges appeared on the stage to make the announcement which was to fill one side with joy and the other with disappointment. His message was that the difference in grades was a fraction of one per cent, and that this fraction was in favor of the Hermesians.

As the throbbing pendulum of Time swings its harmonic strokes across the progress of the present generation, the old Gray Father of the calendar turns the pages of the past until the Future in all its brilliancy begins to fade into the Present—thence into Memories.

The year through which we are just passing has filled the life of every Philomathean with the spirit of fraternalism. The standard of the society has made progress by leaps and bounds as a result of the strengthening of brotherly relations. The work of the society has been conducted in a most admirable manner. We have kept the spirit of our motto burning with undiminished vigor at the altars of Philomatheanism, pressing onward with the gold and white unfurled, unstained, and undaunted.

The success of the year may be attributed not only to those who are upperclassmen, but to the hearty co-operation of a large number of excellent new members.

The society has moved on in its great work of training the untrained, tutoring the untutored and developing the undeveloped until it has listed itself as one of Alma Mater's greatest characters.

The Fidelis Sunday School Class

The word *fidelis* is of Latin origin, meaning faithfulness and loyalty. This word was adopted many years ago as a name for the banner class in various Sunday schools. The Fidelis Class is supposed to be a model class in every respect. Some of the rules and regulations are: Strict attendance, daily Bible reading, consecrated living, large donations to worthy causes and daily influence for good upon those around us.

For many years the Fidelis Class of the Arkadelphia Baptist Church has been made up of students from the student body of Ouachita College. Mrs. E. B. McNutt, our teacher, has labored earnestly and faithfully with the class for many years. She is a strong Christian character who endeavors in every way to further the work of the Master here on earth.

The class at present is composed of ten college girls.

The Berean Class began the scholastic year under a difficulty on account of not having a regular teacher. However, by the assistance of several members of the Adult Bible Class, we were able to maintain our present high standard.

The enrollment compares favorably with that of former years, and through the untiring efforts of the officers and the hearty and sympathetic co-operation of the members the attendance has been good.

We have received much good from the lessons brought to us from Sunday to Sunday by applying to our lives the significance of the word "Berean."

During the recent years of social, economic and political unrest the Baraca Class has maintained itself in a most efficient manner. It has attained great success in both religious and social activities.

And now, as we come to the close of this school year, we look back with pleasure on the record we have made. With the co-operation of the old men and the many new members who have joined, our class has experienced one of the greatest years in its history.

Our success in spiritual growth must be attributed in a large measure to the faithful guidance of our teacher, Dr. B. F. Condray, who so kindly consented to fill the vacancy necessitated by the absence of Prof. Chas. D. Johnson for the past year.

Our highest aim is to press onward and upward, keeping uppermost in our minds the development of Christian ideals.

Since its organization in 1916 the Sons and Daughters Association has been growing. There is a larger membership this year than there has ever been before. The purpose of the organization is to keep alive the friendships made by our fathers and mothers while in school, and to become the "best all-round" students in Ouachita.

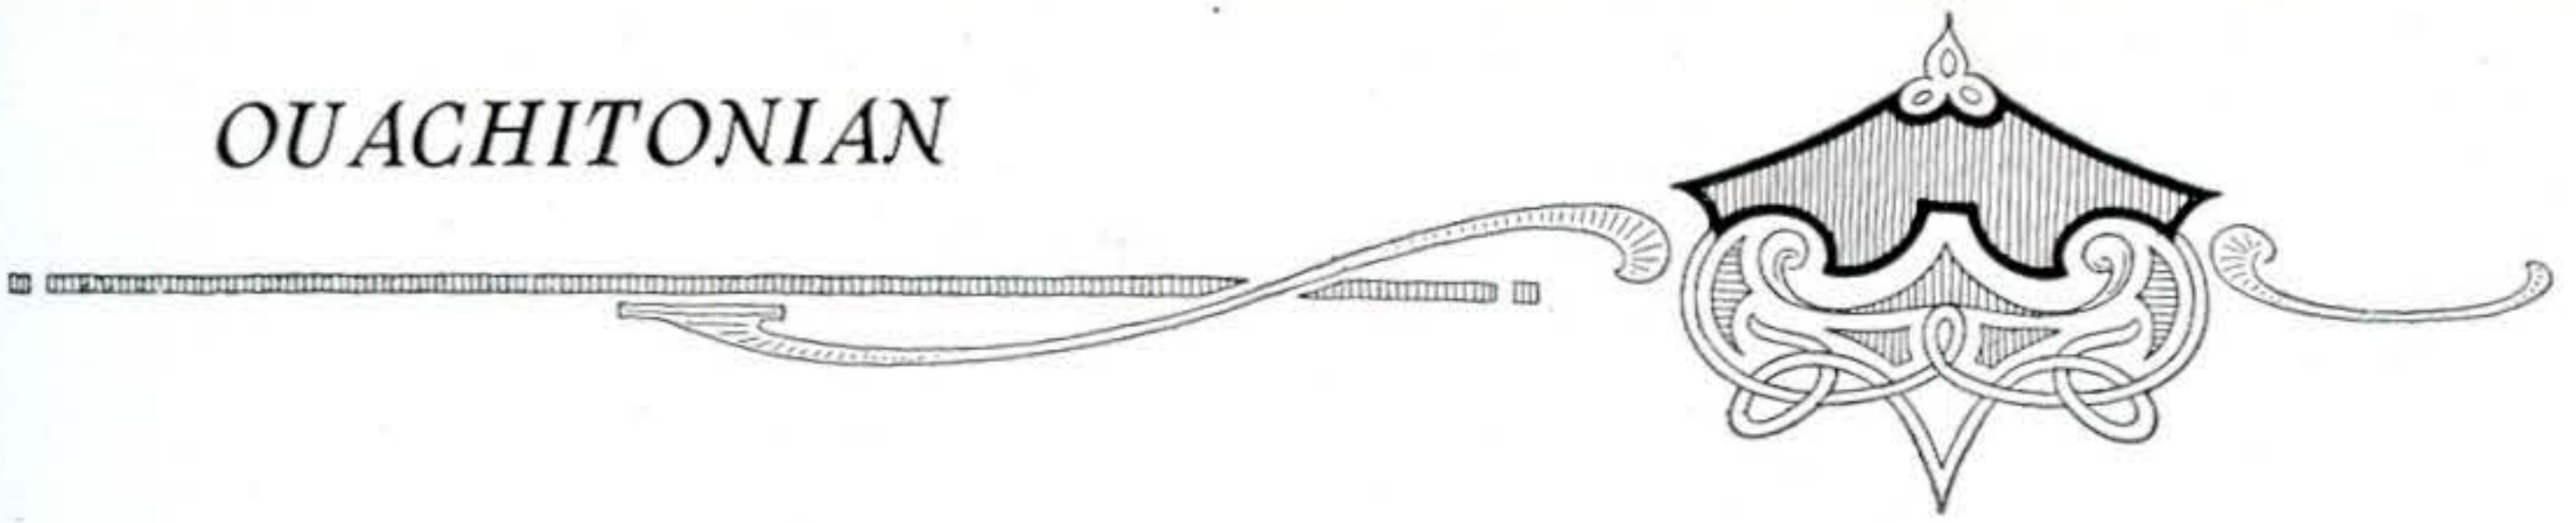

Ministerial Association

This has been a very successful year for the Ministerial Association. A fine brotherly spirit has prevailed, and the efforts put forth at the meetings, held every Thursday evening, have produced some good results.

It is the purpose of the Ministerial Association to train the ministerial students in the work to which they have been called, and to create a close fellowship for one another. This purpose has been carried out in a large degree this year.

The ministerial students are coming to realize more and more the greatness of the work to which they have been called, and the need for the best preparation possible. Ouachita is greatly appreciated, therefore, for the training she gives.

With a sinful and needy world about us, we may say with the Apostle Paul, "I determined not to know anything among you, save Jesus Christ and Him crucified," and in His name win others to the Savior.

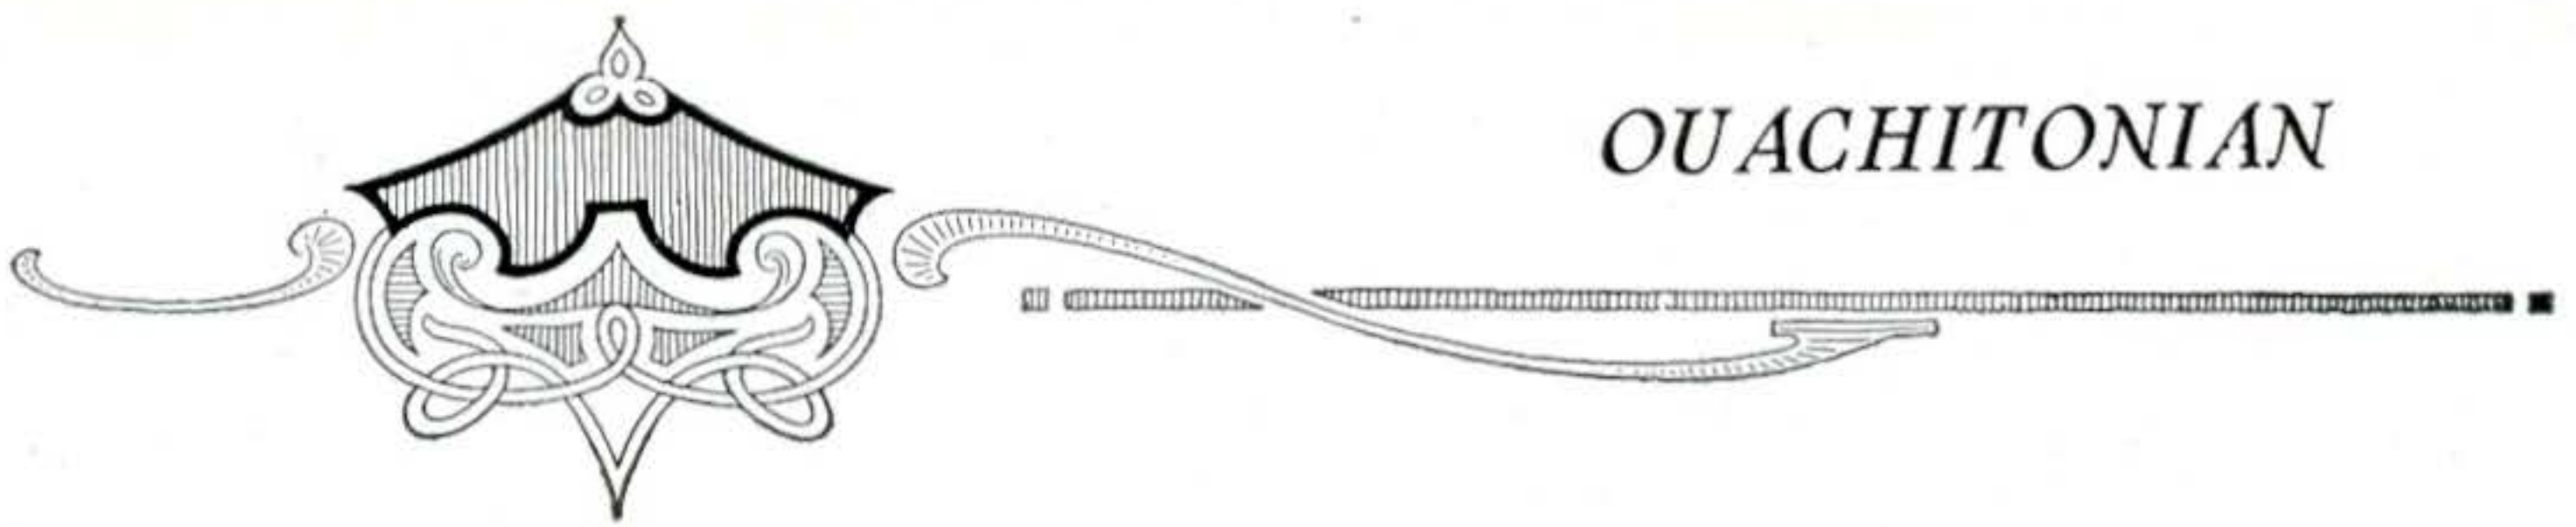

The Volunteer Band

The Student Volunteer Band is one of the most enthusiastic organizations in school this year. Every member seems to be thoroughly consecrated for the Master's service.

The band is composed of volunteer students who have a desire to increase their efficiency in Christian work. It has over thirty members this year. The weekly programs consist of the study of missions and great Bible characters.

The members themselves seem to have a greater vision of the Master, and have seen that "The fields are already white unto harvest." They see the great need of work to be done and the great opportunities offered for consecrated workers at home and abroad.

The band at present is a small organization, but in the years to come it will grow to be the largest in school, and will continue to send forth workers into the "Father's vineyard."

Besides this general uplifting of the spiritual side of life, the Y. W. A. teaches four mission study classes, shows friendly rivalry through contests between the members of the different houses, and enjoys some exciting entertainments.

CAMPUS POSES

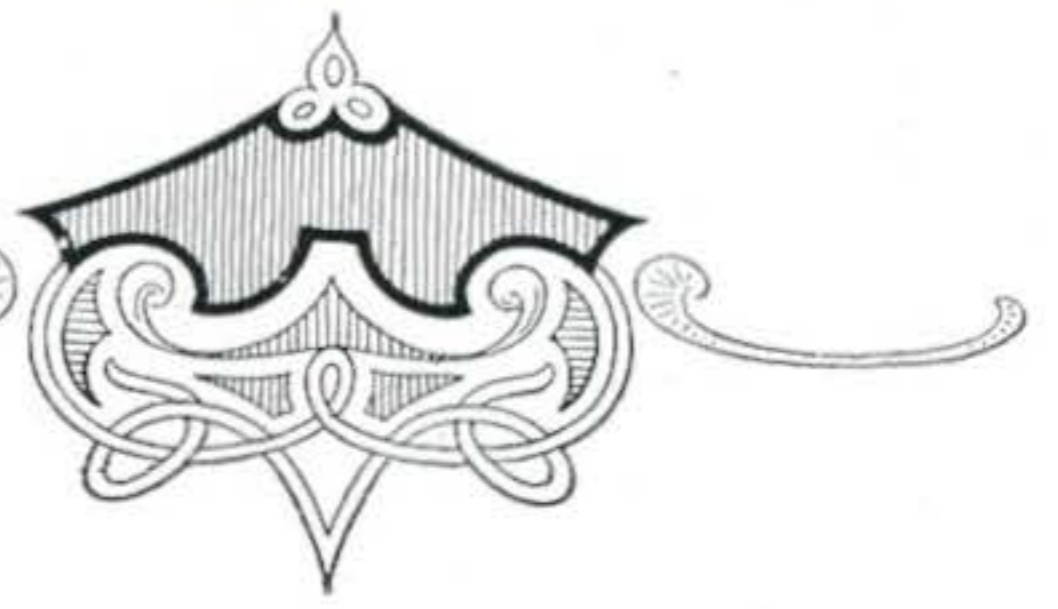

Our Debaters

“Some people match pennies because it doesn't require concentration of the mind; others match wits for the opposite reason.”

The joy with which Ouachita students enter into debate is highly indicative of the fact that matching of wits holds a high appeal for them. To hear some of them you'd think they enjoy debating more than most anything they do. That is the secret of Ouachita's success in this particular field.

The Debating Council has always fostered the spirit of putting your whole heart, head, and fair play into debate. Under the guidance of this organization our debating teams have brought us victory many times over. We are proud of our records with Baylor, Union University, Hendrix, Louisiana College, and Arkansas State Normal.

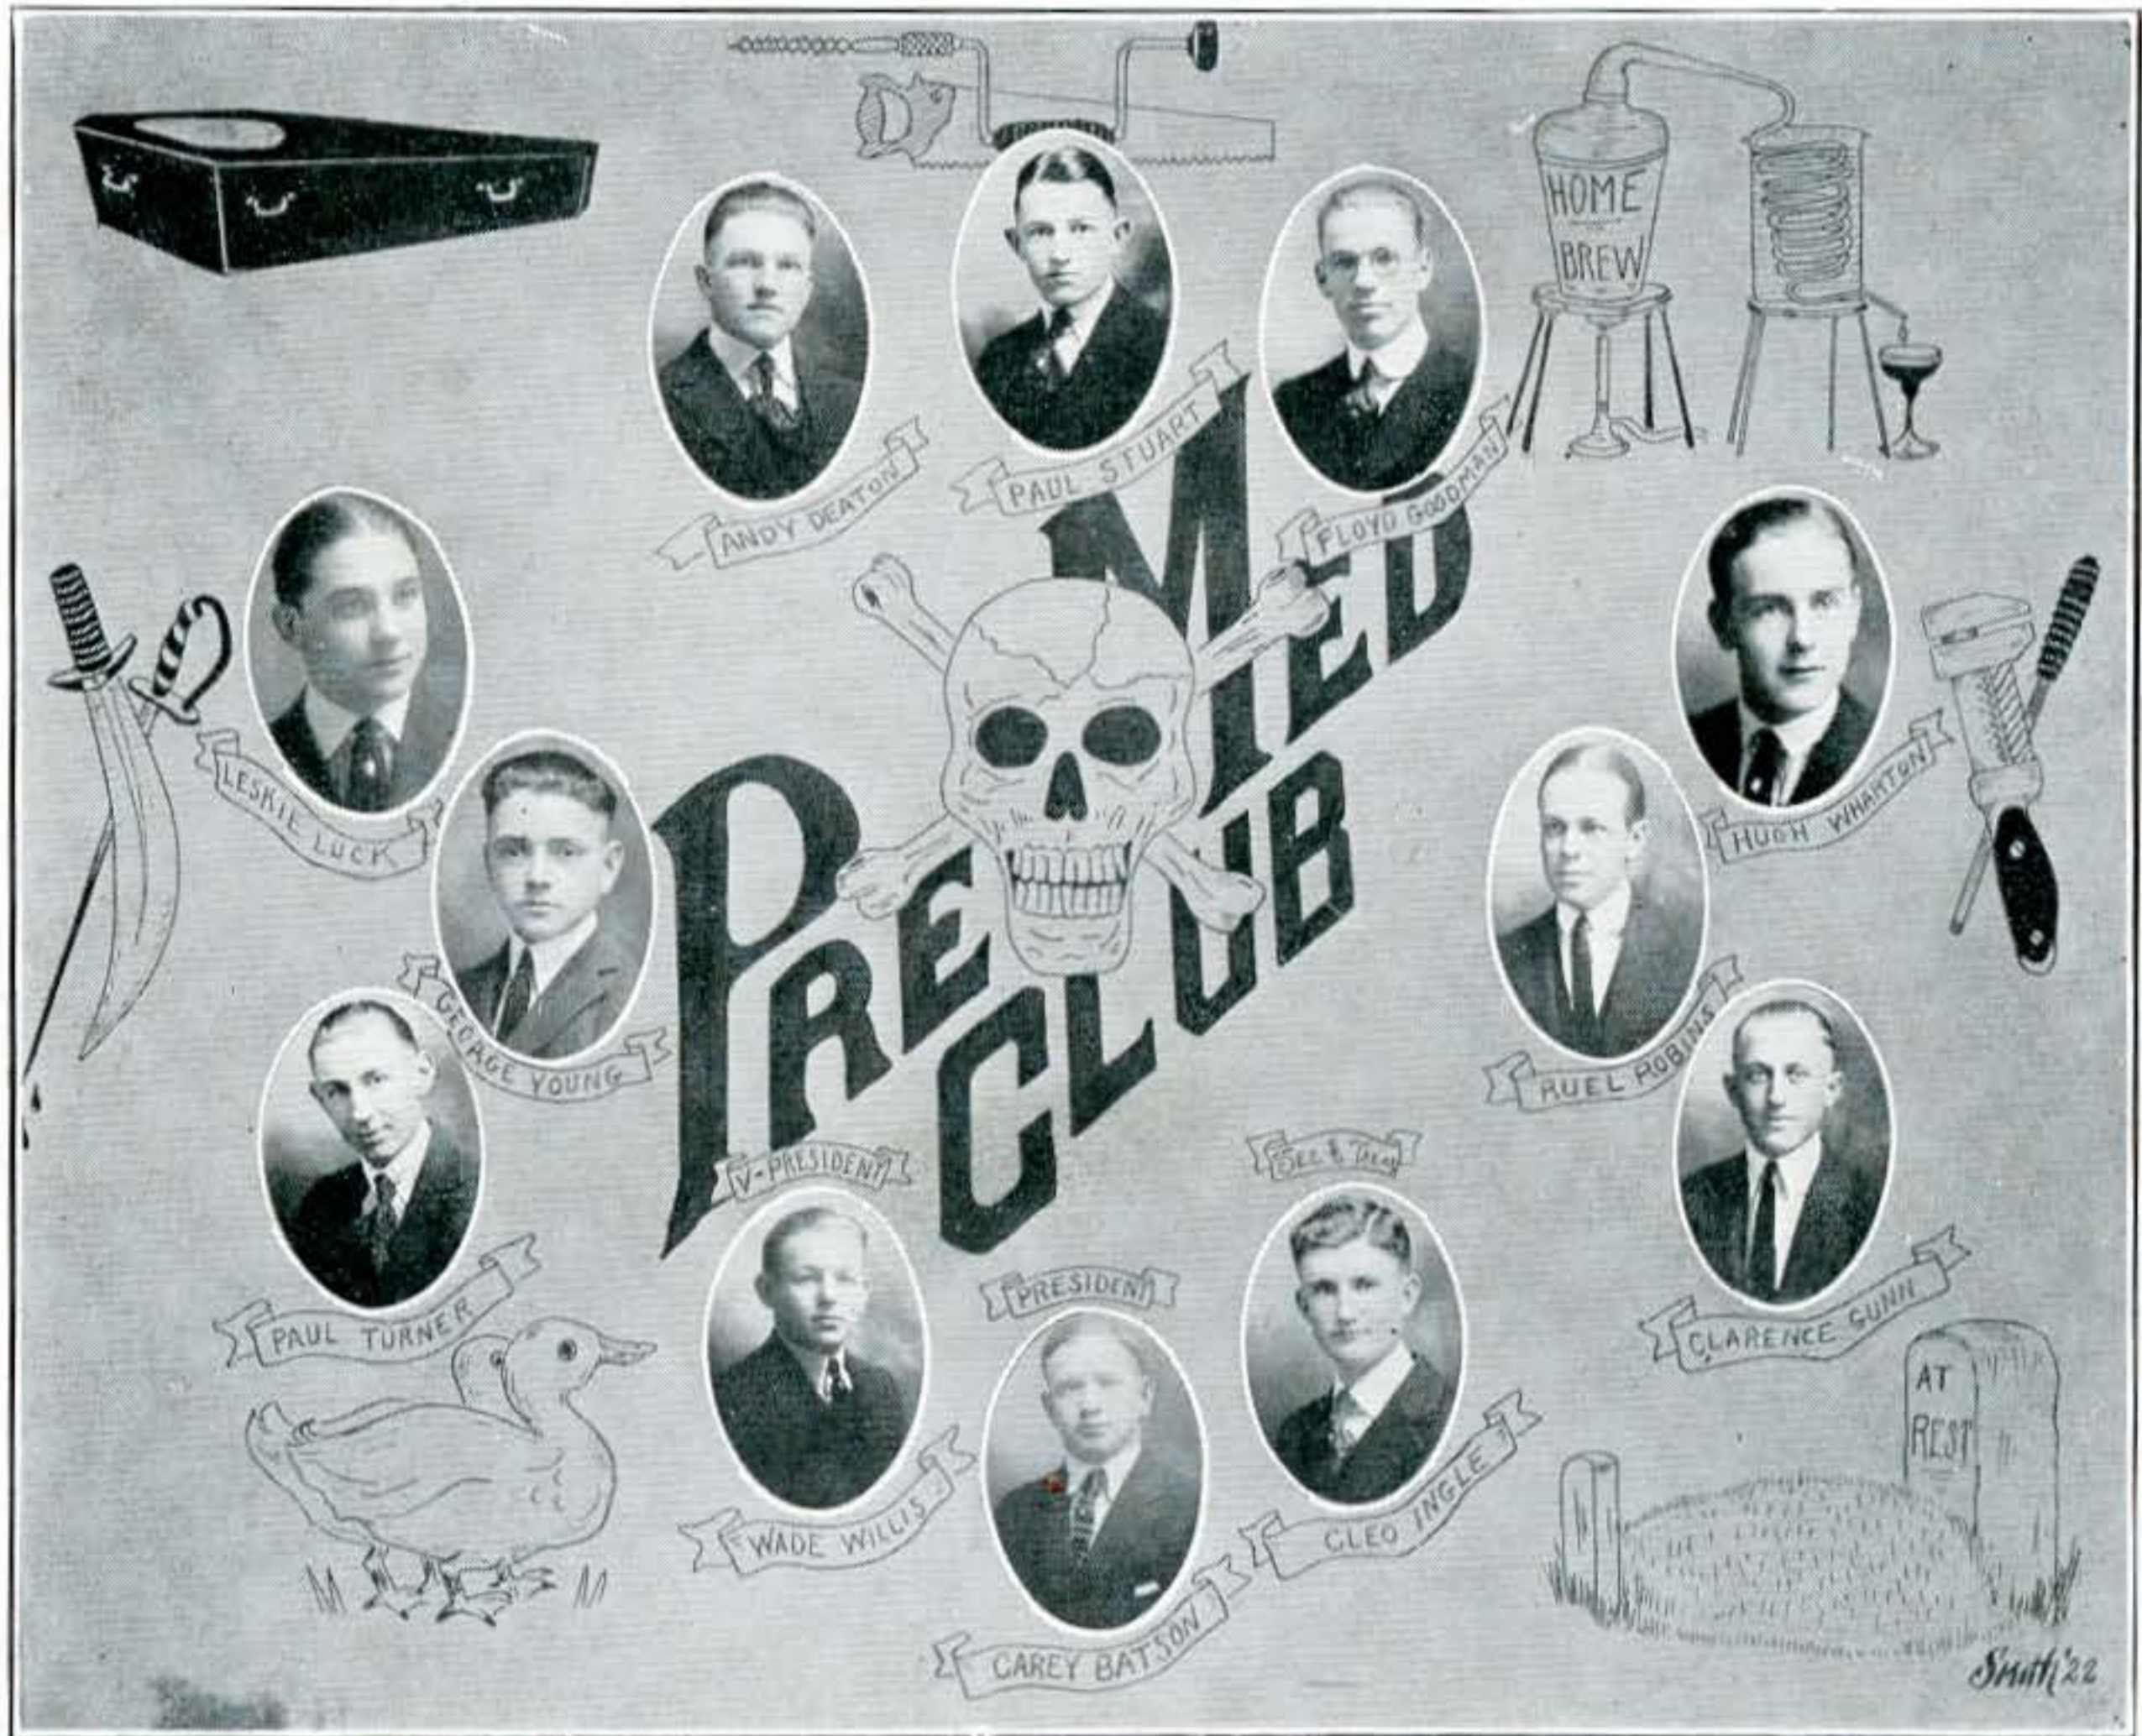

It is the aim of the council to so influence its members that they, in turn, may influence all around them to clearer, more accurate thought, and so to a better understanding of the things that make good citizenship. And last, but not least, it aims to keep Ouachita's record in debating unequalled.

Song: "Prepare to Meet Thy God"

This year witnessed the birth of a new and distinct organization in Ouachita College, the Pre-Med. Club. This club is composed of young men who are preparing themselves for the medical profession.

Although an organization of this kind holds a very prominent position in many other colleges, this is the first one to be formed in Ouachita. This condition was never due to a lack of pre-medical students, but only to a failure to organize. In fact, four men of the Senior Class this year are pre-med. men.

In view of our infancy as a club, our success this year is not to be measured by the number of members or by our great knowledge of skulls, but rather we would refer you to our record in the future.

EMMETT DEWS, *Tackle*

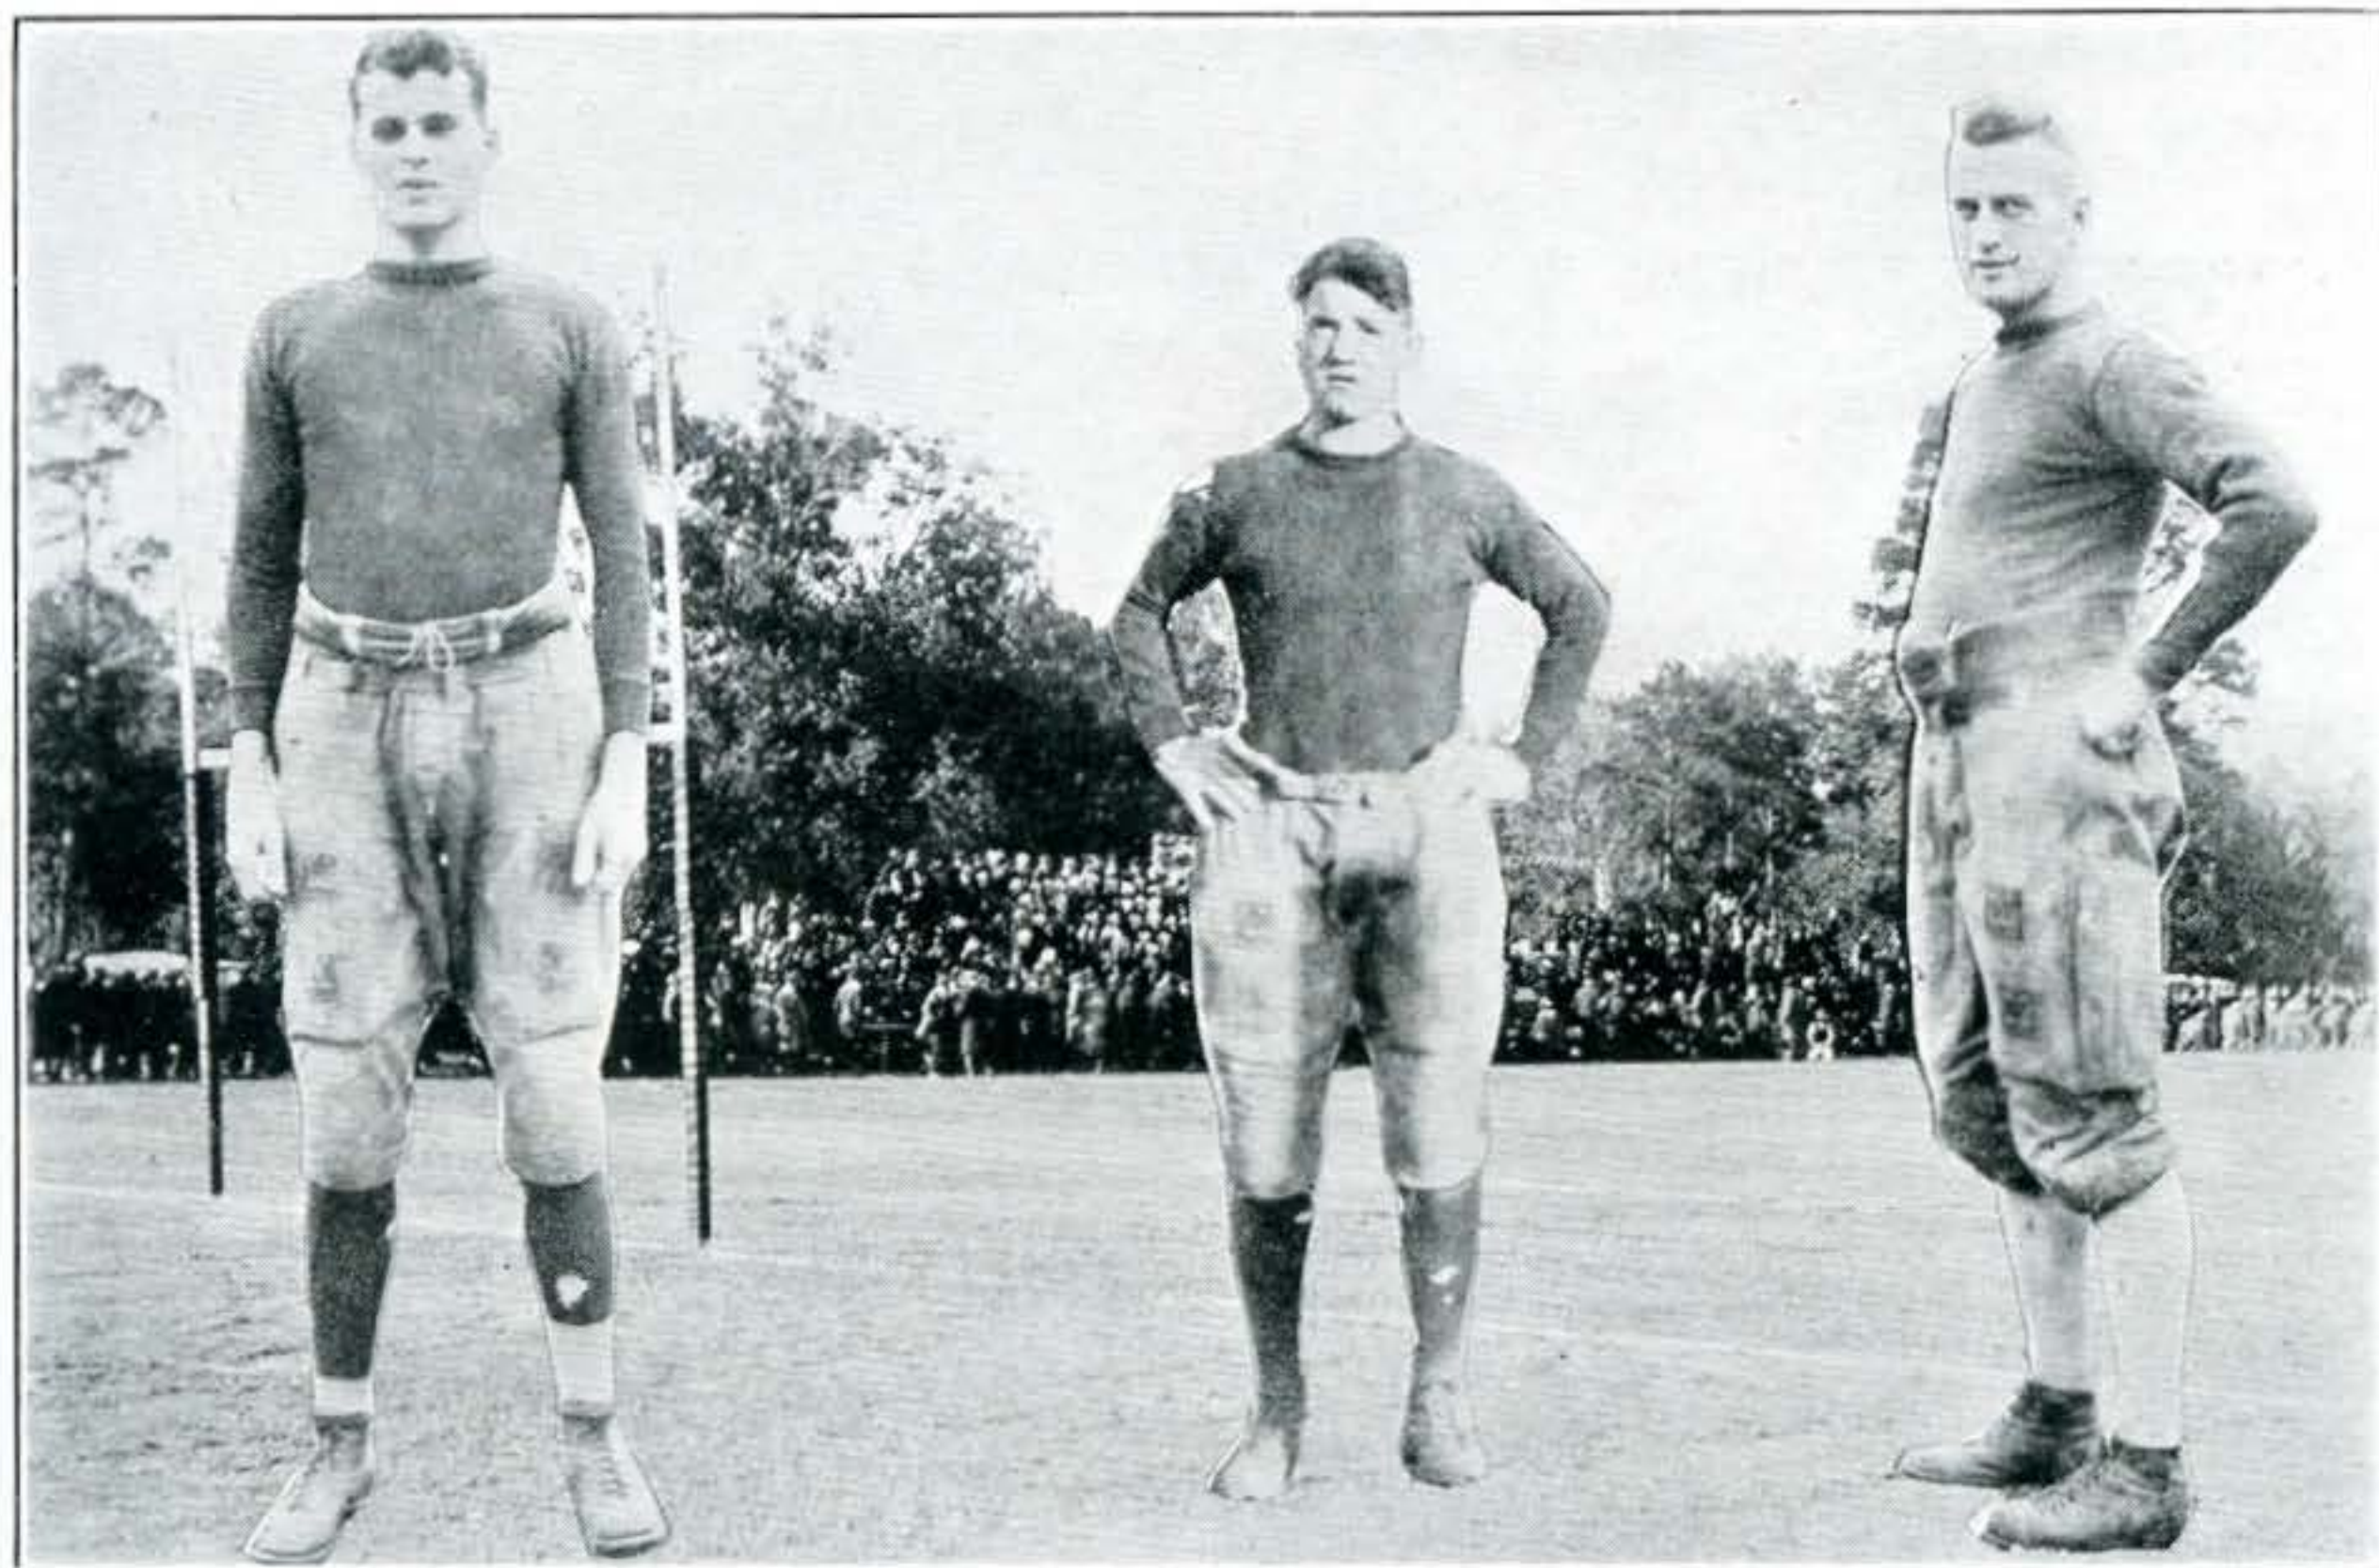

After serving three years as substitute, "Chink" was determined to win his "O" this year. He is a tower of strength in the line and when the opposing backfield hits him they have about reached their journey's end. He proved equally as good on the offensive, never failing to open a hole when called upon. "Chink" is a senior and his loss will be keenly felt next season.

OTIS GALLOWAY, *Quarterback and Fullback*

"Ike" played the role of Professor last year but this year he came back where he belonged. Although the smallest man on the team he was very valuable. He is fast, gritty, and seems to have something sticky in his hands which enables him to catch a forward pass like a magnet picks up steel. He is also a good line smasher and can take a great deal of punishment. "Ike" has one more year and much is expected of him.

CHARLES ELLIOTT, *Guard*

Charles comes to us from Arkadelphia High, where he made his name as a football player. He made an excellent showing in his initial appearance on the college gridiron, showing evidence of real stuff as a lineman. Charles has three more years in school and we believe he will perform his part on the gridiron very ably.

LUCIEN ABRAHAM, *Guard*

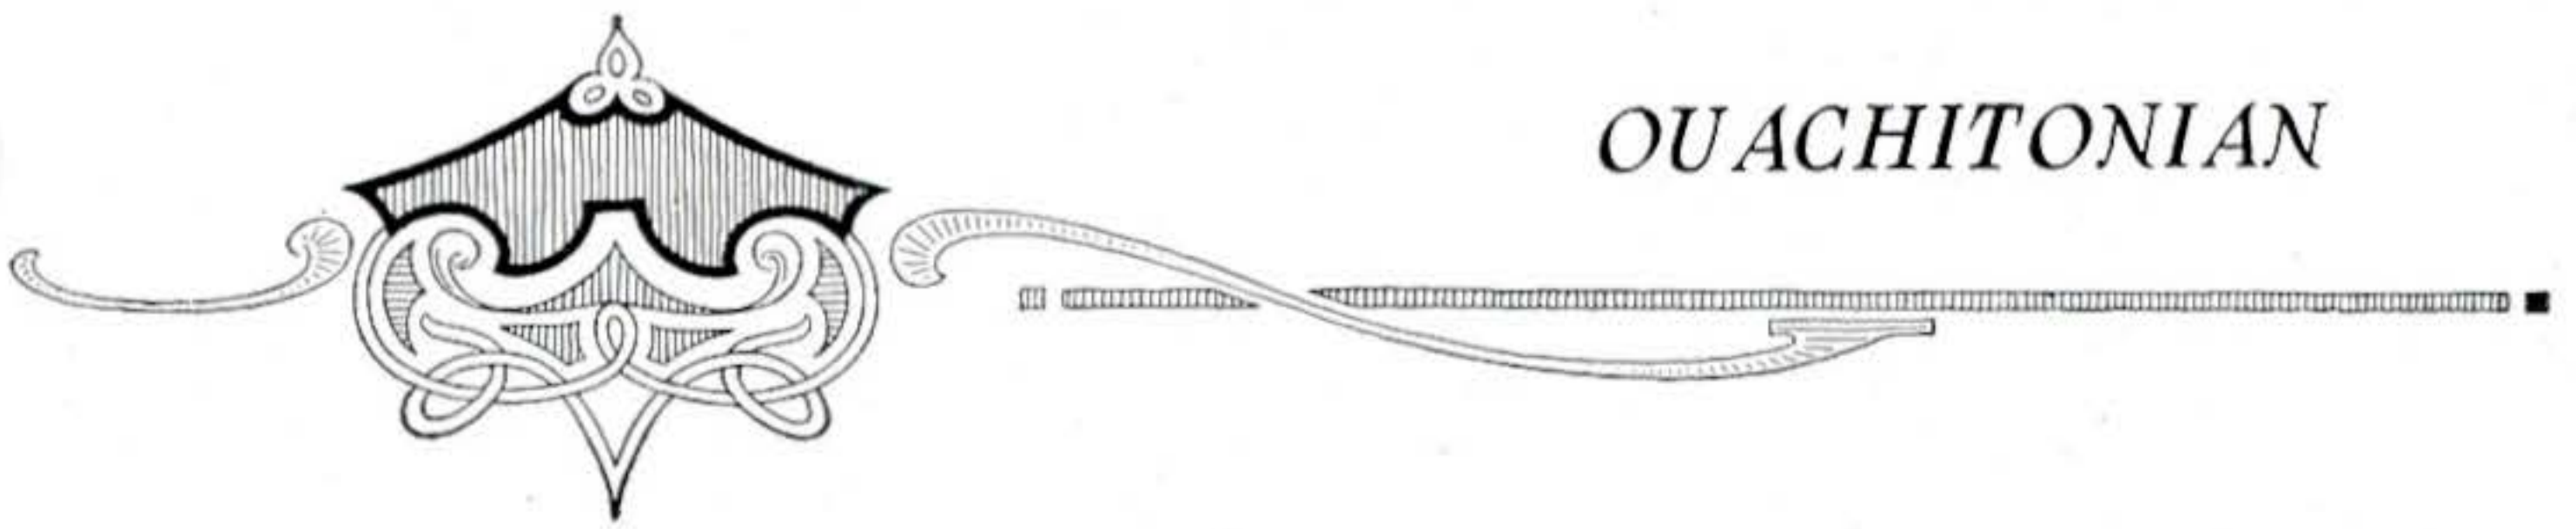

Lucien played in hard luck this year, being injured early in the season and unable to play in several games. However, in the games in which he participated he very ably upheld the Abraham standard. Lucien is a junior and should prove one of our most valuable men next season.

FRANK TURBEVILLE, *End*

This is "Tub's" first year with us. He immediately proved his football ability by assuming a star role at the wing position. He continually broke up the interference of the opponents and occasionally grabbed a forward pass for a good gain. He also proved his worth as a backfield man. He was a consistent ground-gainer and a demon on defense. We expect much of him in the future.

JIM WALLIS, *Halfback*

"Son" finished his football career this year heaped with praises. He was one of the fastest men on the field, a good punter and had a steady toe which proved true when necessary. He hits a line hard and quick and does as well around end. His tackles were hard and sure. He also proved a good field general in the absence of the regular quarterback. "Son" gets his M.A. degree this spring.

CAPTAIN CARGILE, *Fullback*

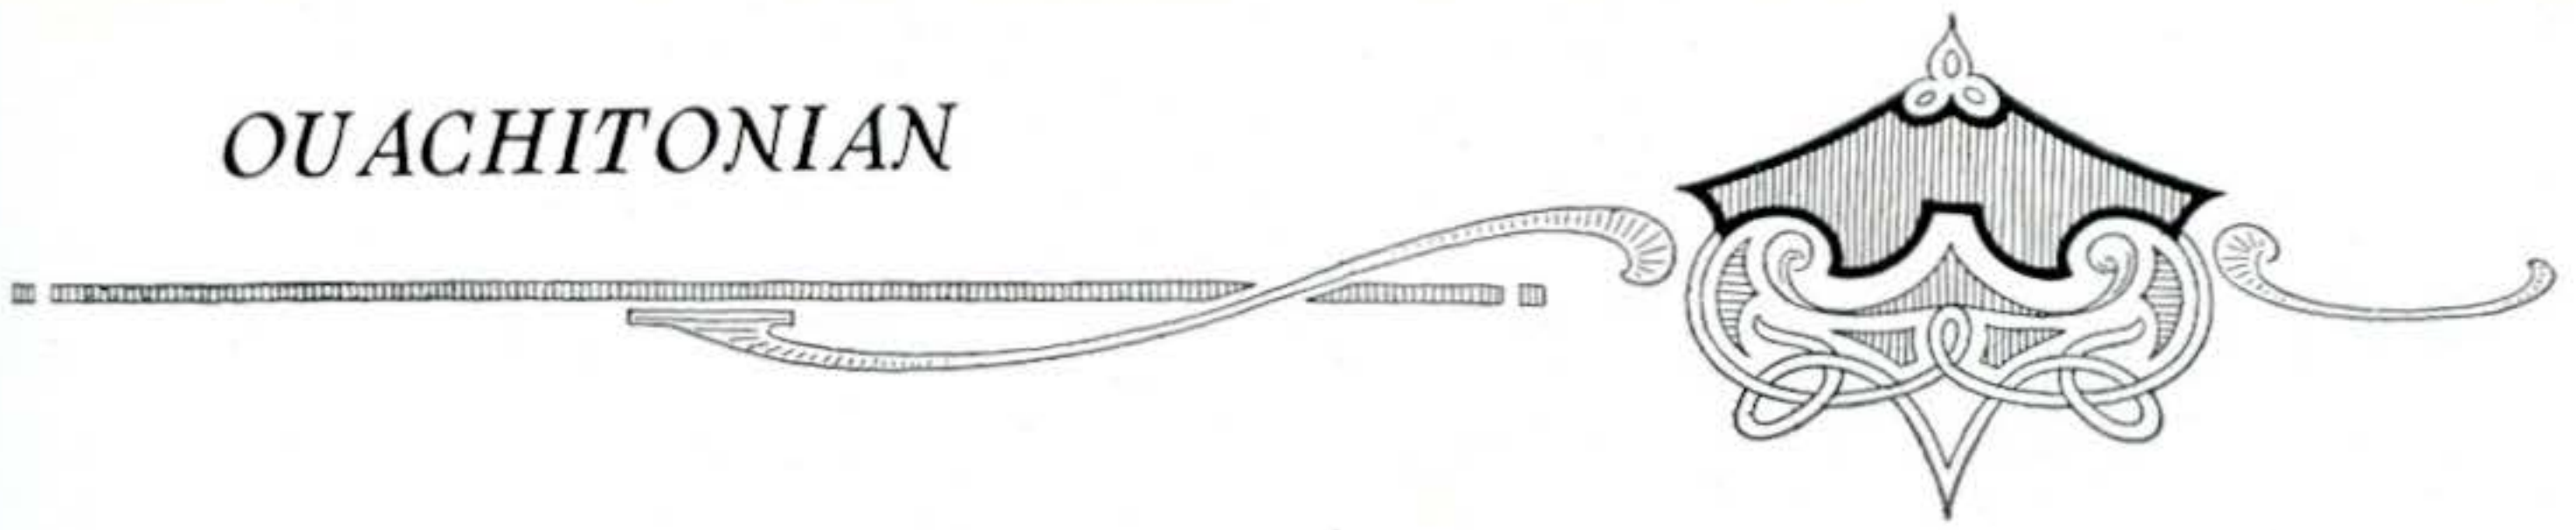

Hailed as the greatest end in the history of Ouachita, and above all doubt the greatest in the state, "Gravy" was shifted to the backfield this year and having been called upon to carry the ball in past seasons he was not inexperienced in his new position. He proved a terror to the opposing teams on both the offensive and defensive. "Gravy" gets his degree this year and his place will not be easily filled.

CAPTAIN-ELECT COY G. SHUGART, *Center*

"Shug" played a hard, consistent game all season. This was his fourth year of college football and he was good when he come and has improved with age, so you may judge his worth as a football player. He was "right there" on both the offensive and the defensive and as a reward for his work on the gridiron he was elected captain for 1921. "Shug" is expected to make his position on the All-State again next year, as he has in the past four years, and great things are expected of the 1921 Tigers led by him.

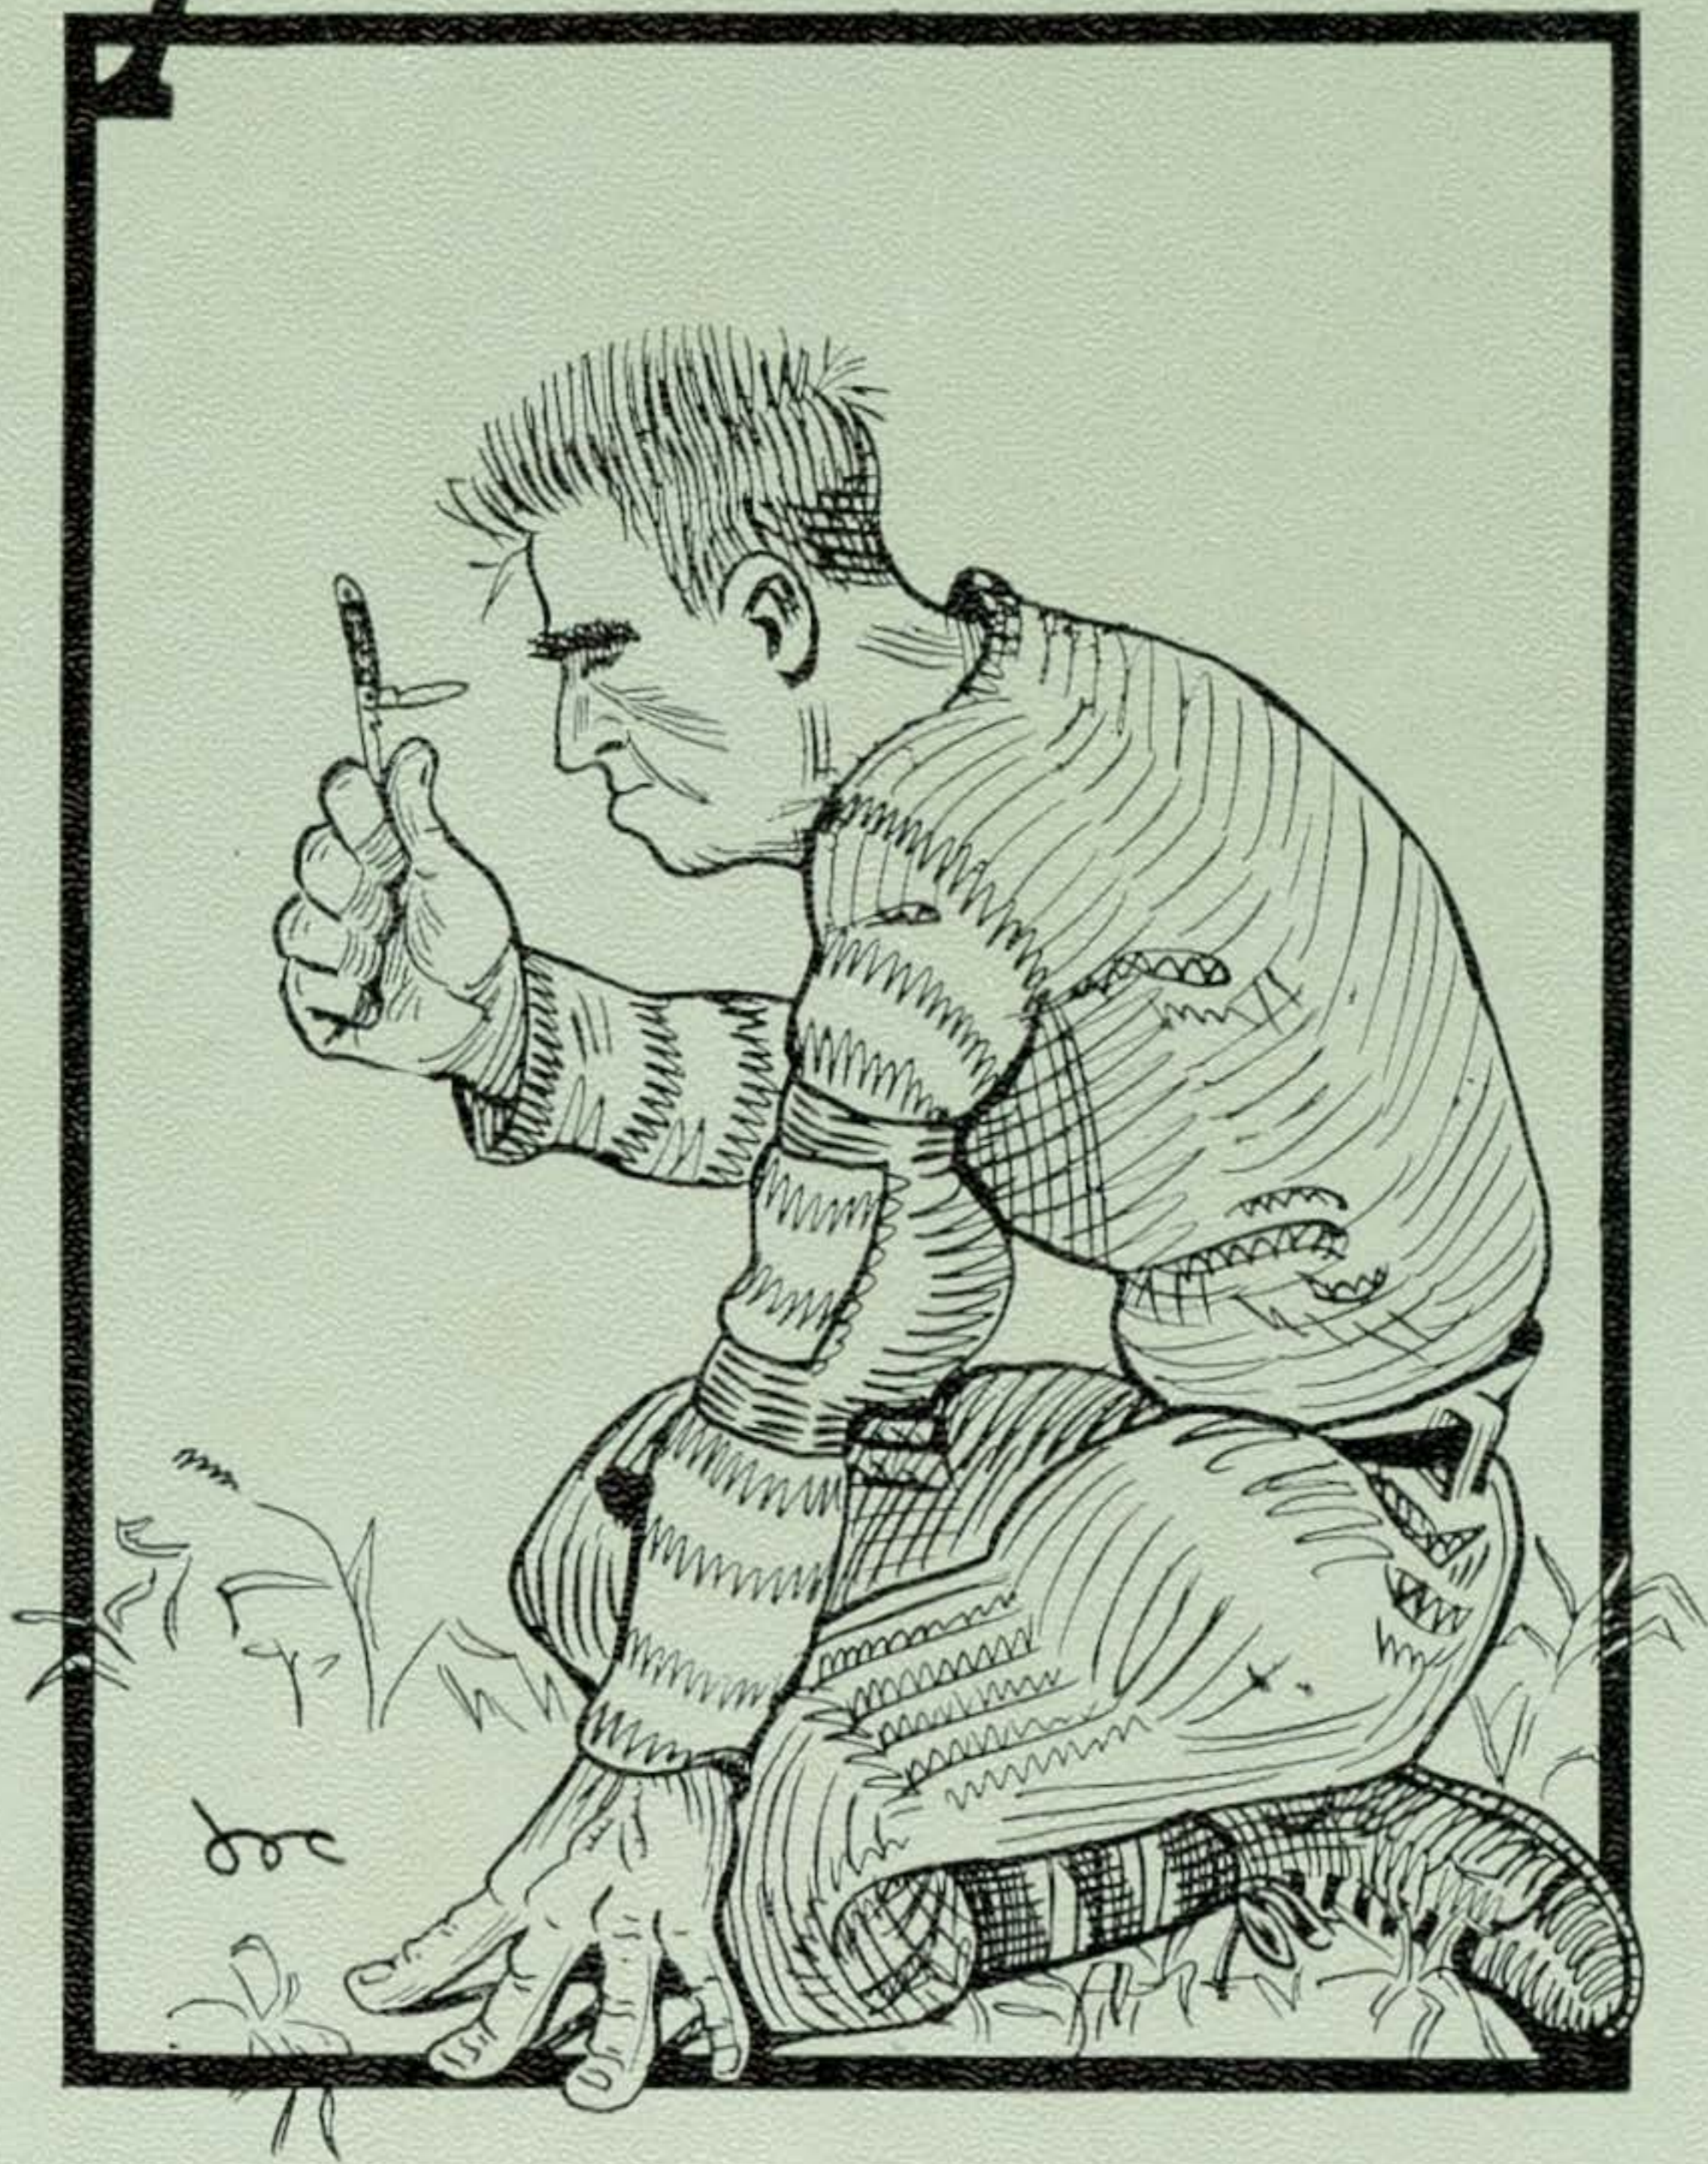

RAY KELLEY, *Quarterback*

"Mike" is the best quarterback that ever ran a team up and down Williams Field. He has an excellent knowledge of the game and his presence and the ring of his voice seem to inspire his teammates with the spirit of "Stay in there and fight 'em." The "Jinx" followed "Mike" again this year, keeping him out of the game the greater part of the season because of injuries. He gets his M.A. degree this year and such a leader as he will be hard to find.

THOMAS PATTERSON, *End*

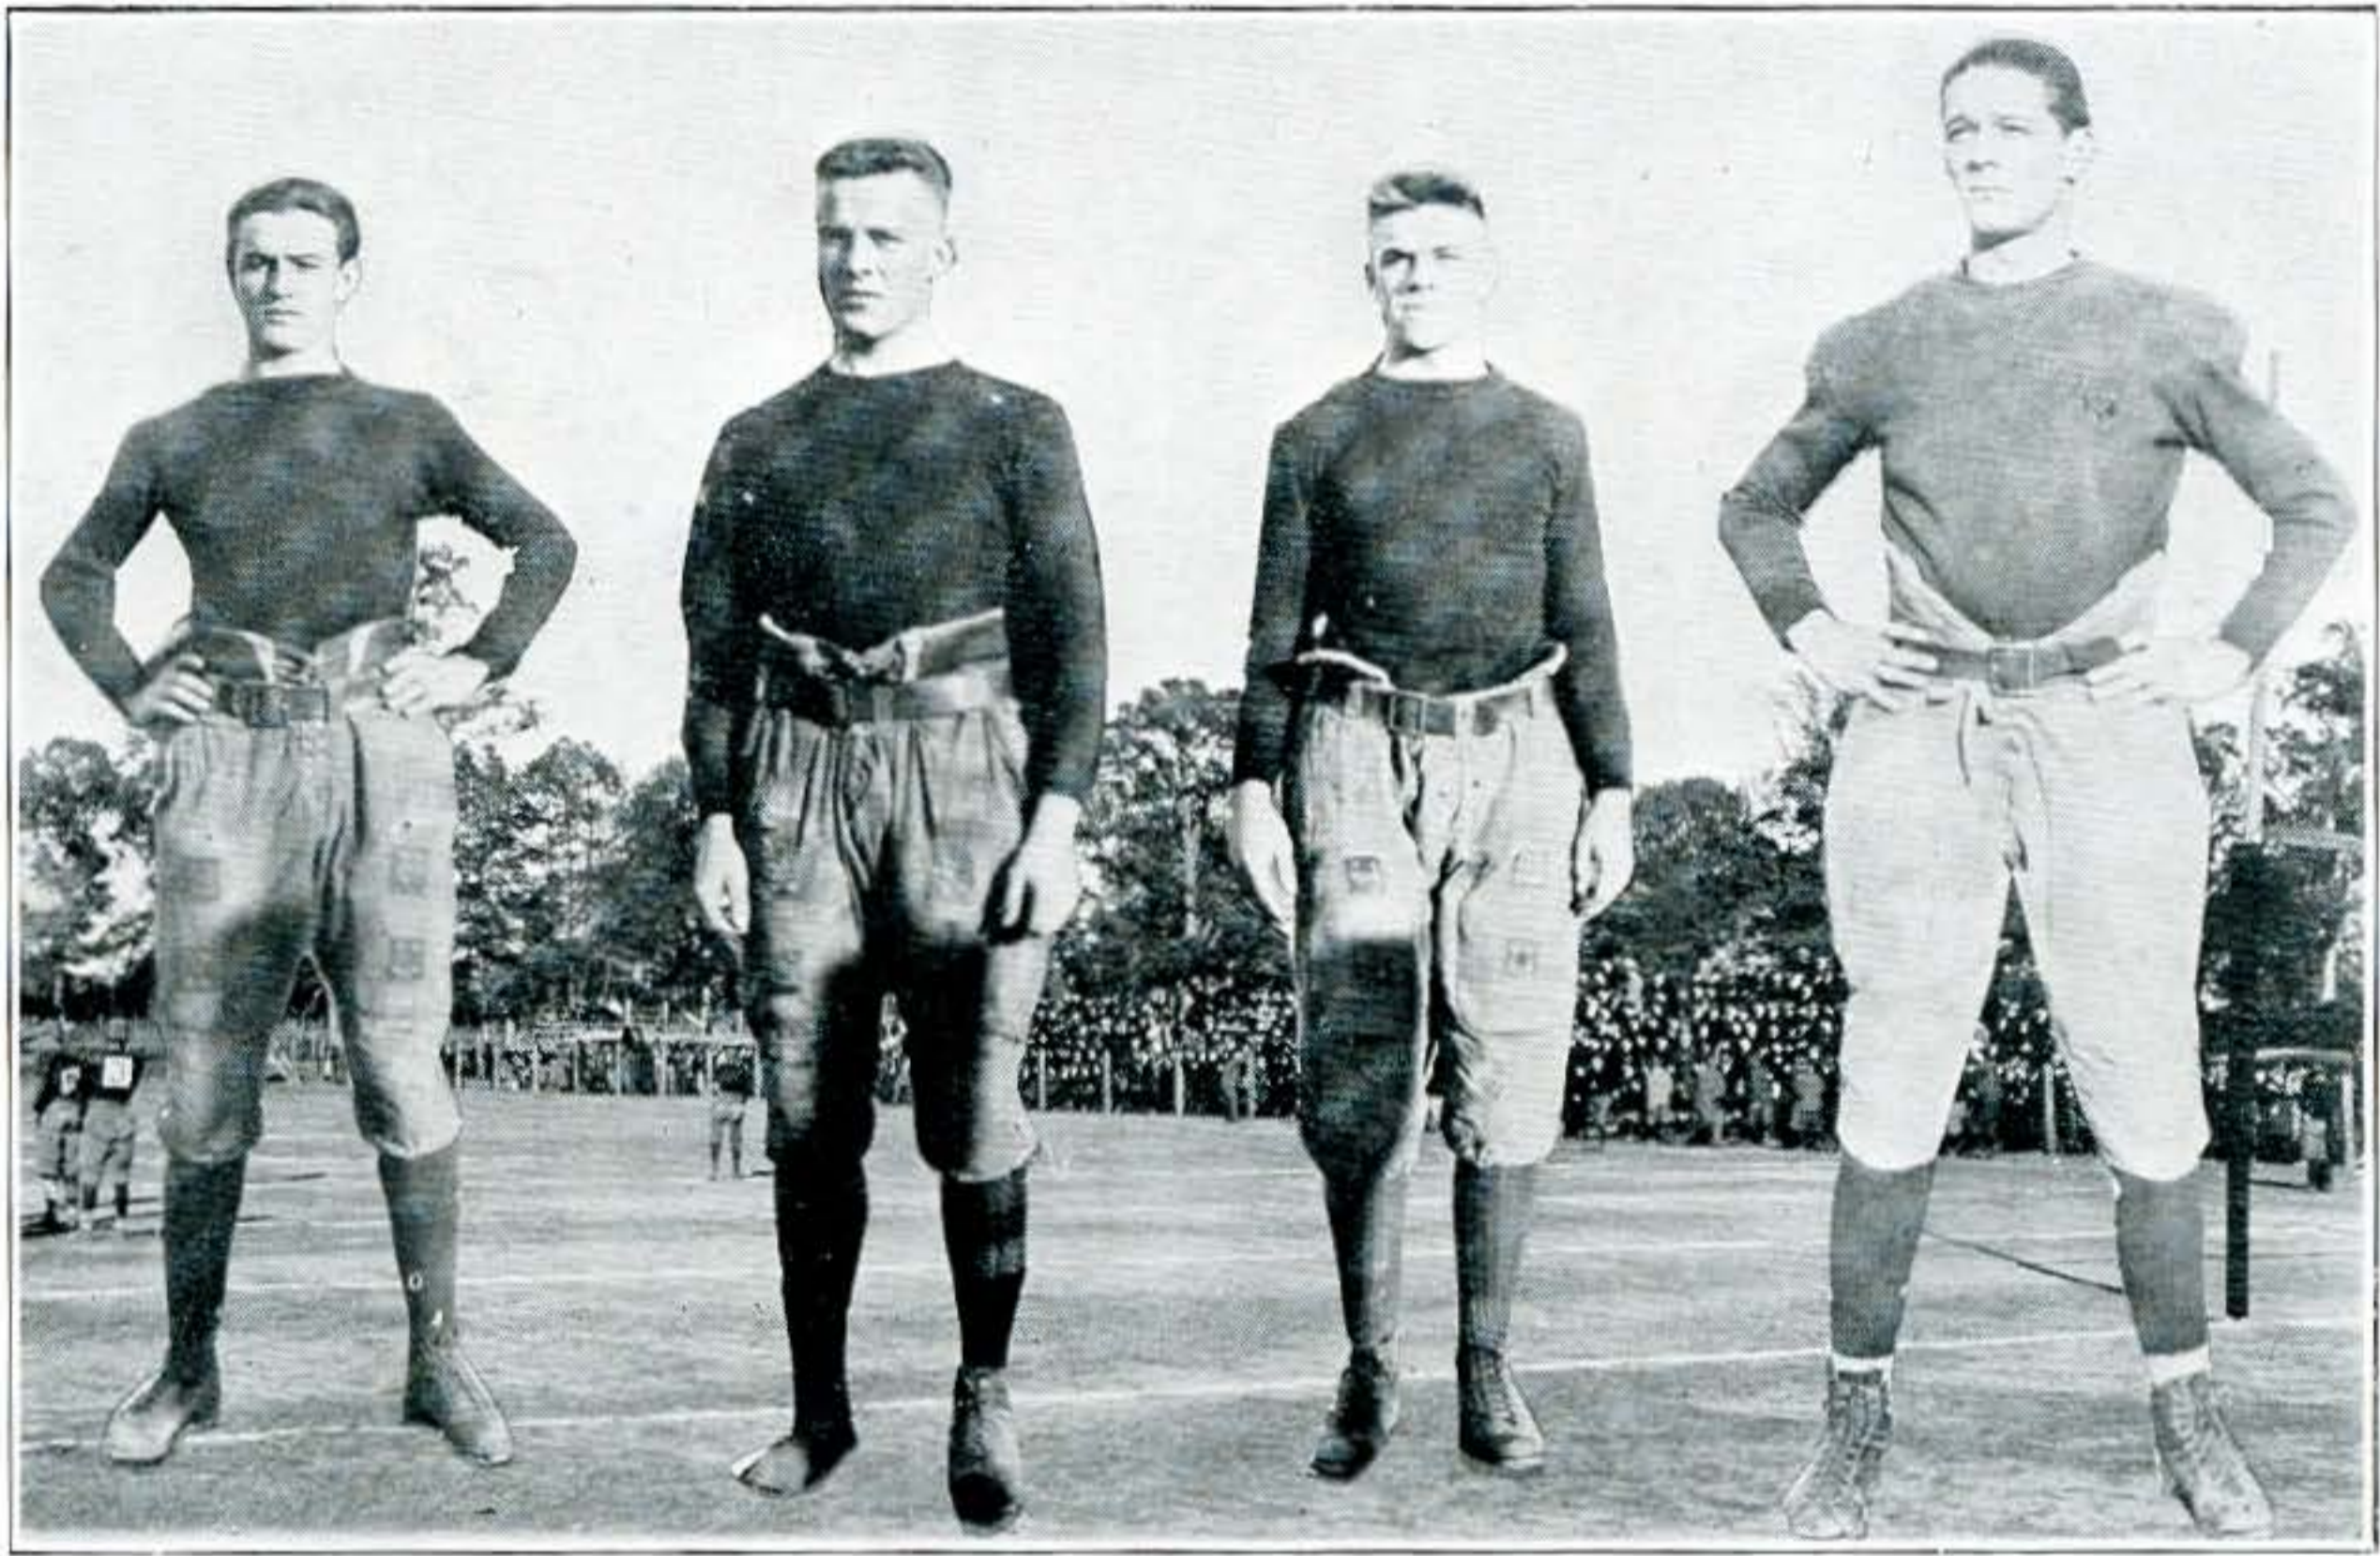

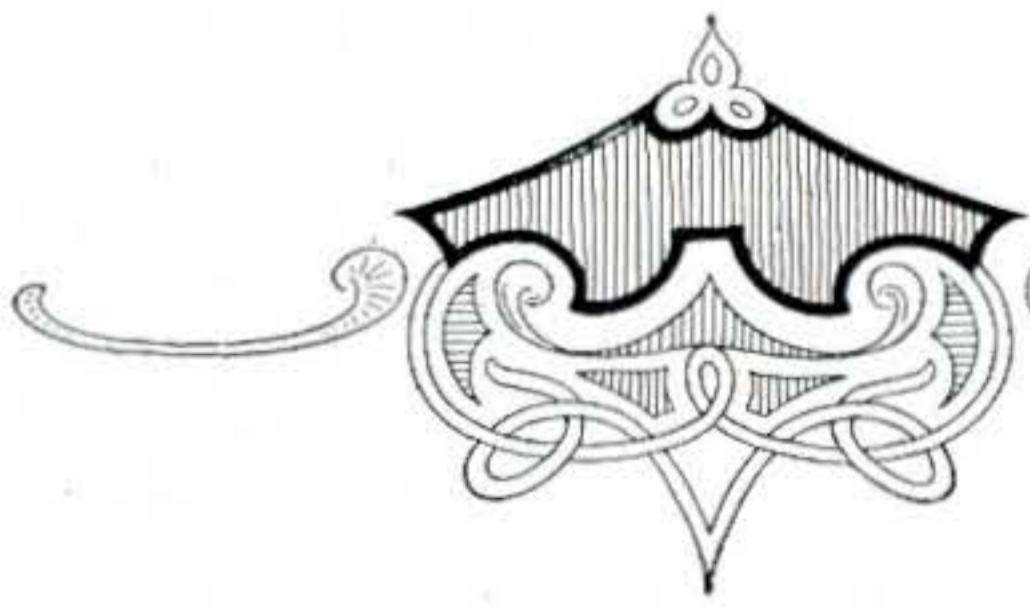

This is Tom's second year with the Tigers. Last year he played tackle, but this year he was shifted to end on account of his aggressiveness and ability to "bust through" everything that came his way. He finishes this year and his absence from the Tiger line-up will be keenly felt.

ROBERT COWAN, *Halfback*

"Dad" played his second season on the varsity in great form. He was a consistent ground-gainer and was not lacking in anything from a defensive standpoint. He puts his whole heart into the game. His speed and ability to elude his would-be tacklers made him a hard man to stop. "Dad" finishes this year and it is expected that he will perform as well in business life as he did on the gridiron.

ROBERT COWGER, *Tackle*

This is "Bob's" fourth year on the Tiger eleven and each year he has proven himself a valuable lineman. Not lacking in avoirdupois and experience, he made it "hot" for his opponents. He also won a place on the All-State eleven this year. "Bob" gets his diploma this spring.

ROBERT COLE, *Fullback*

"Bob" was promoted from the Tigerettes in mid-season and soon proved his ability to play the Tiger style. He is gritty, determined, and delights in tearing down the hopes of would-be ground-gainers by his smashing tackles. "Bob" is a sophomore and we prophesy that he will perform great feats on the gridiron next season.

MACK DUFFIE, *Guard*

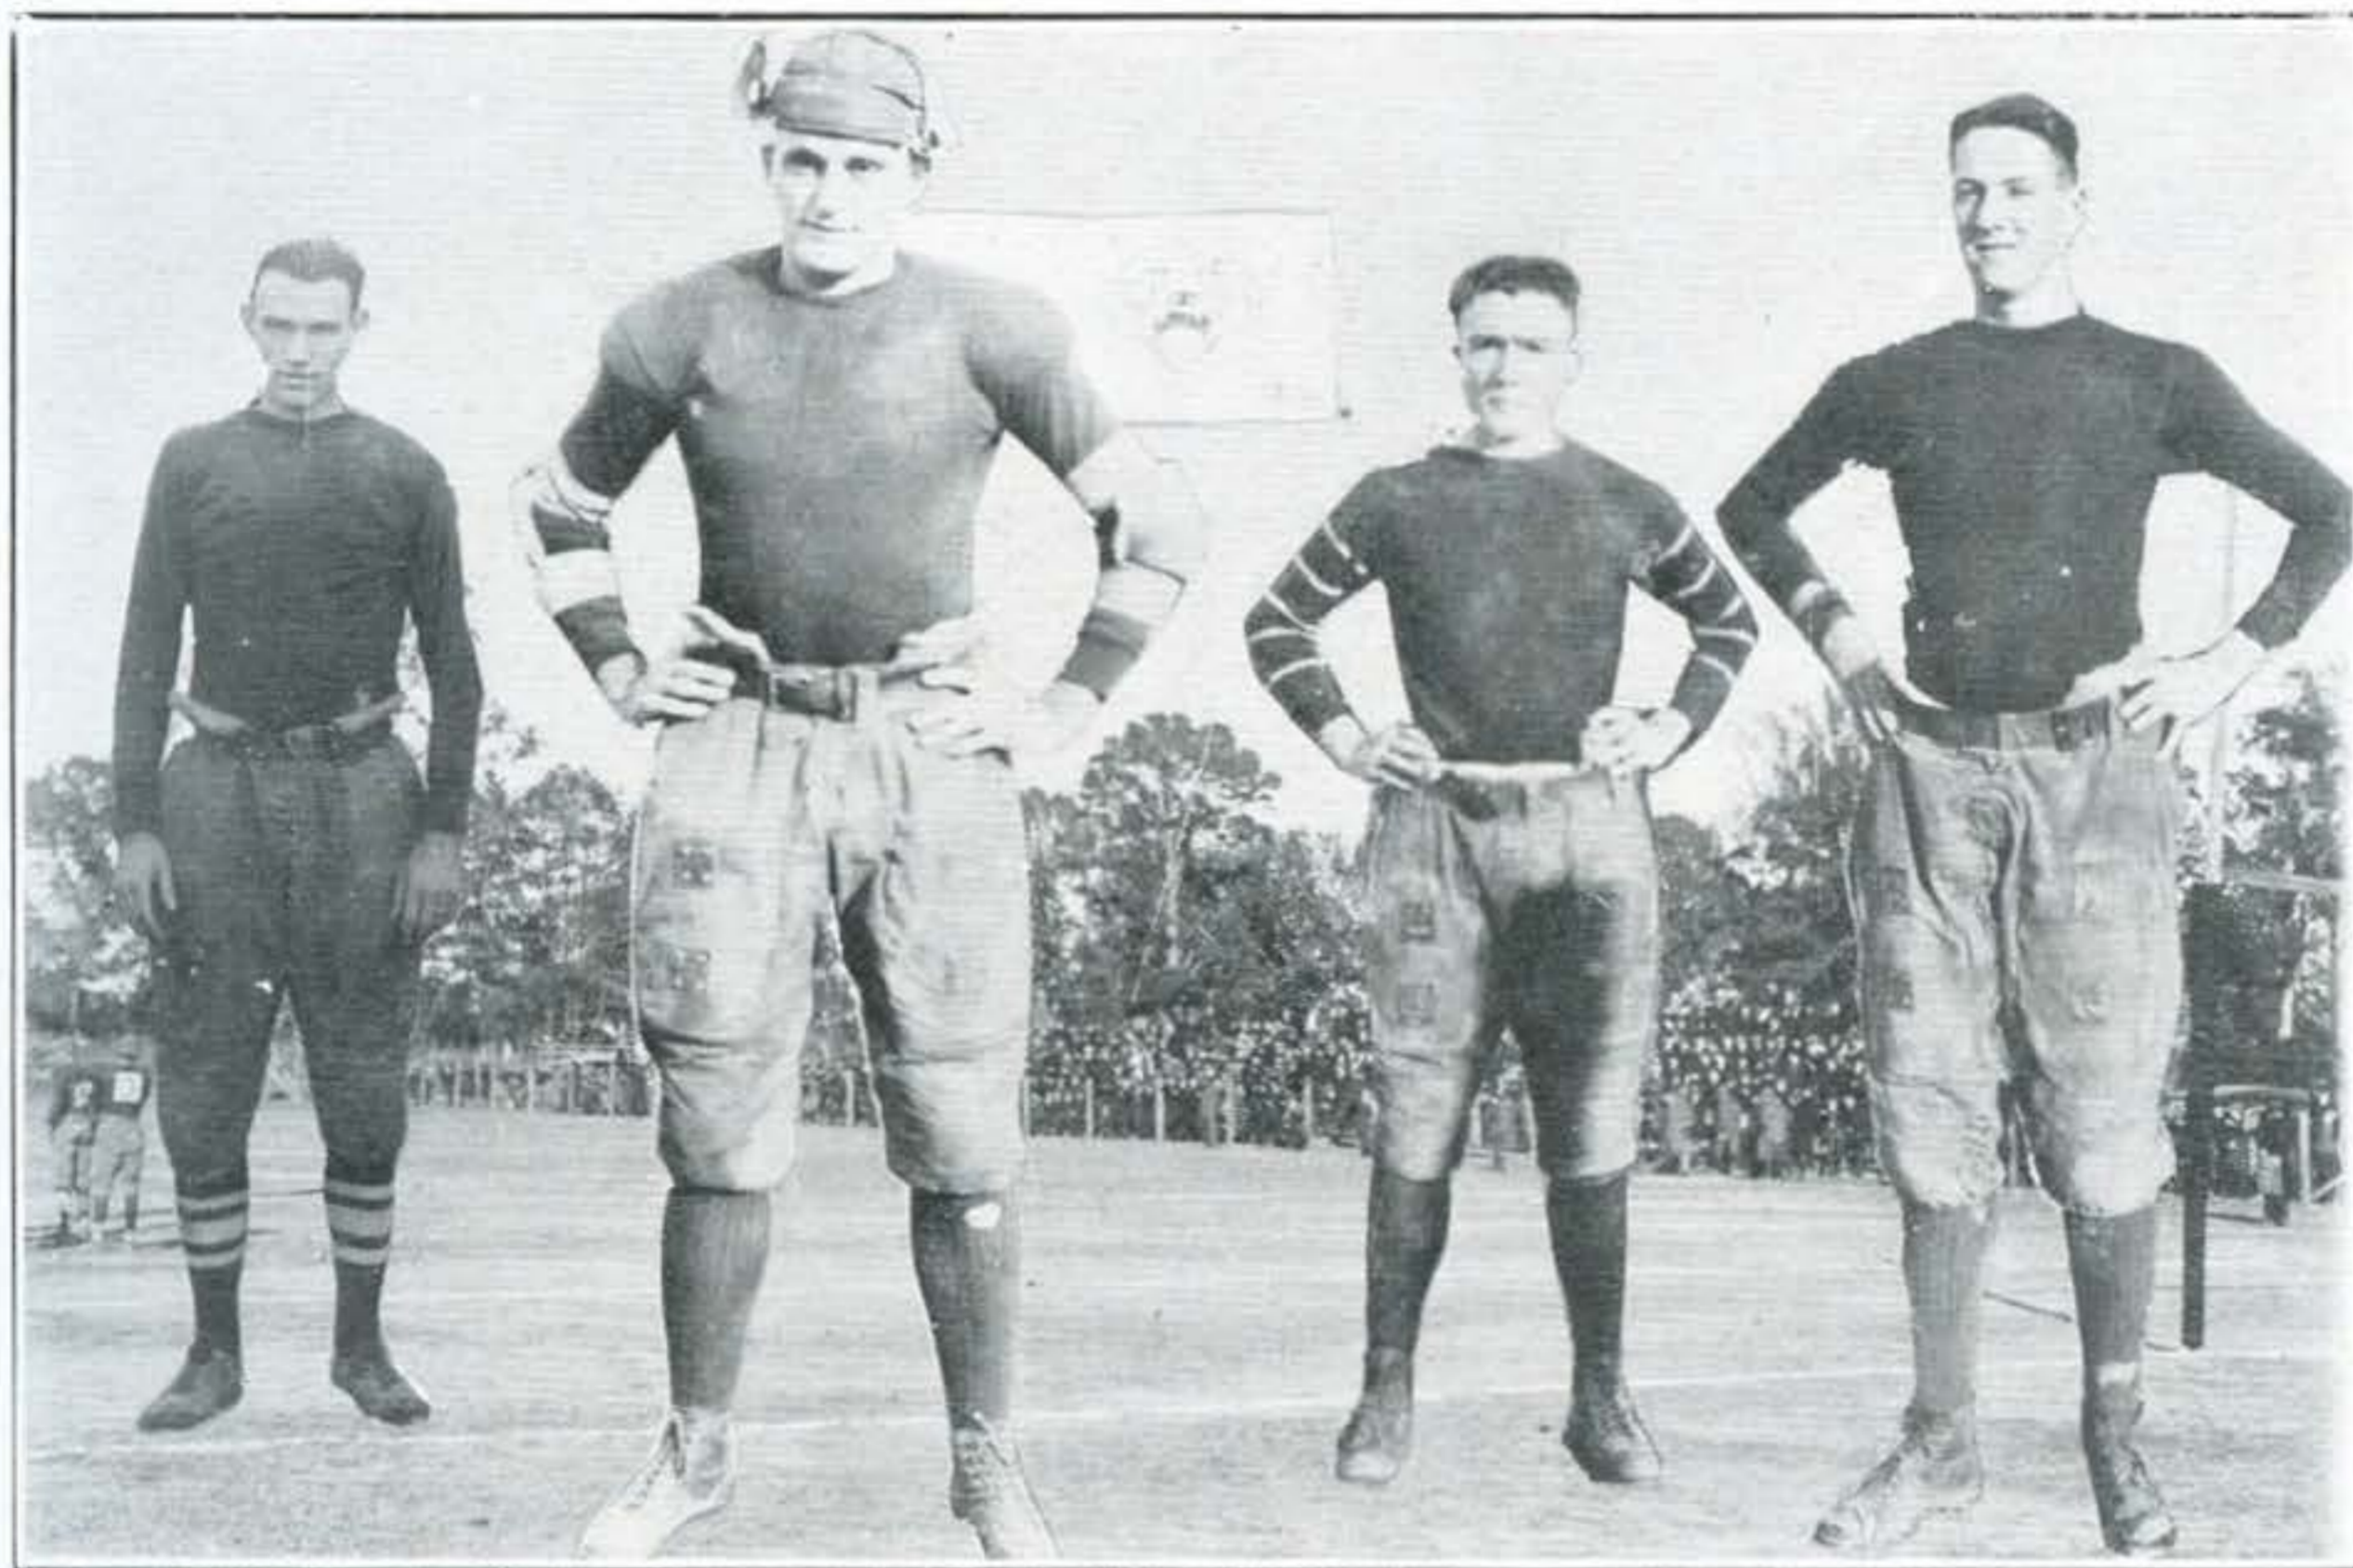

After a year's rest, Mack returned to us in fine shape. He does not lack in weight and always keeps a level head. In all he proved a valuable man on the Tiger team. Mack has two more years to uphold the Tiger record.

PAUL EDWARDS, *Guard*

"Jiggs" came to us wearing a large "T" which signified that he was a football player and from Tyler High School. He is a hard fighter and proved himself a most formidable man in the line. He is another new man on the varsity of whom we expect great things next year.

NEIL CARGILE, *End*

Neil comes to us from Kempner Military Institute and was determined to win his "O" the first year. Though light he is a hard, gritty player and held down his position at end in a very satisfactory manner. Neil is a freshman and with the experience gained this year and added weight we expect him to do great things on the gridiron next year.

ROBERT ROWE, *End*

"Bob" played his first year on the Tiger eleven last season and performed in a creditable manner at the wing position. This year he was injured in early season and was unable to take part in the first few games and later he was barred from playing in the A. A. A. games. "Bob" is a junior and we predict that he will be a valuable man next season.

DAY CAMPBELL, *End and Fullback*

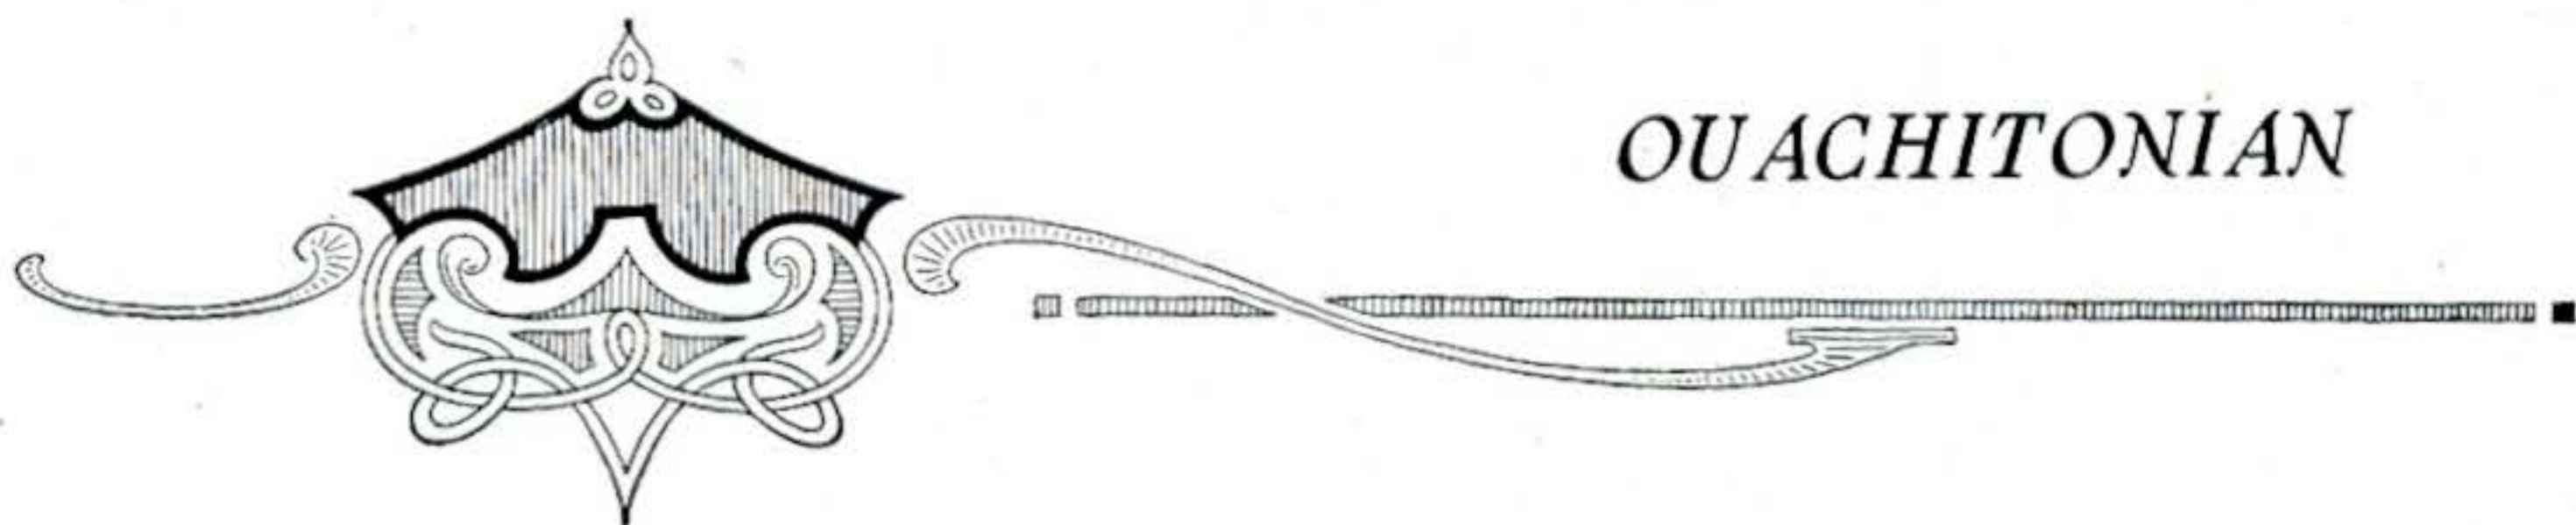

"Humpy" returned to us this year after serving with Uncle Sam's forces for several years. This was his first year on the varsity and he exhibited much ability as a football player. "Humpy" has two more years in Ouachita and we look forward to his being a star next season.

SAM DARDNEE, *Substitute Guard*

This was Sam's first year in football togs and it was the lack of experience that kept him from winning a berth on the varsity. He is aggressive and always full of scrap and pep and will no doubt play his position regularly next year.

FRANK EDWARDS, *Substitute Tackle*

"Sleepy" is another good man kept out of varsity games because of inexperience. When called upon on one or two occasions he exhibited plenty of fight which went to prove that the lack of knowledge of football was his only hindrance. This was "Sleepy's" first and last year of football, for he graduates with the Class of '21.

Football Review of the Season of 1920

ALTHOUGH the past season was not the greatest in the history of Ouachita College, it was a very successful one. Of the eight games played only one was lost, and that was to an out-of-state team which the Tigers played in a sea of mud. One game was a tie and the remaining six were victories. In all the Tigers scored 226 points to their opponents 13.

The Arkansas Athletic Association did their best to ruin college football teams, and the Tigers lost three stars because of its ruling that summer baseball players could not participate in any games played under the rules of this association.

The first game was a practice game played with Camp Pike on A. U. Williams Field and in which all new men were given a try-out and they performed in a very satisfactory manner. The score was 68 to 0 in favor of the Tigers.

Next came the Teachers from Southeast Oklahoma State Normal. In this game the Tigers exhibited excellent team-work, the line made the holes and the backfield hit them hard. The Tigers were victorious by a score of 57 to 0.

The following week the Tigers journeyed to Clinton, Miss., where they met the Mississippi College eleven. The game was played in a sea of mud and during a downpour of rain. The Mississippi team were victors by a score of 6 to 0. It was in this game that "Gravy" Cargile won individual honors as a line plunger and as a punter.

The next week the Jonesboro Aggies came to see us, hoping to repeat their victory of last year, and it was with heavy hearts that they returned to Jonesboro with the small end of a 27 to 0 score. In this game Galloway demonstrated his ability as a broken field runner.

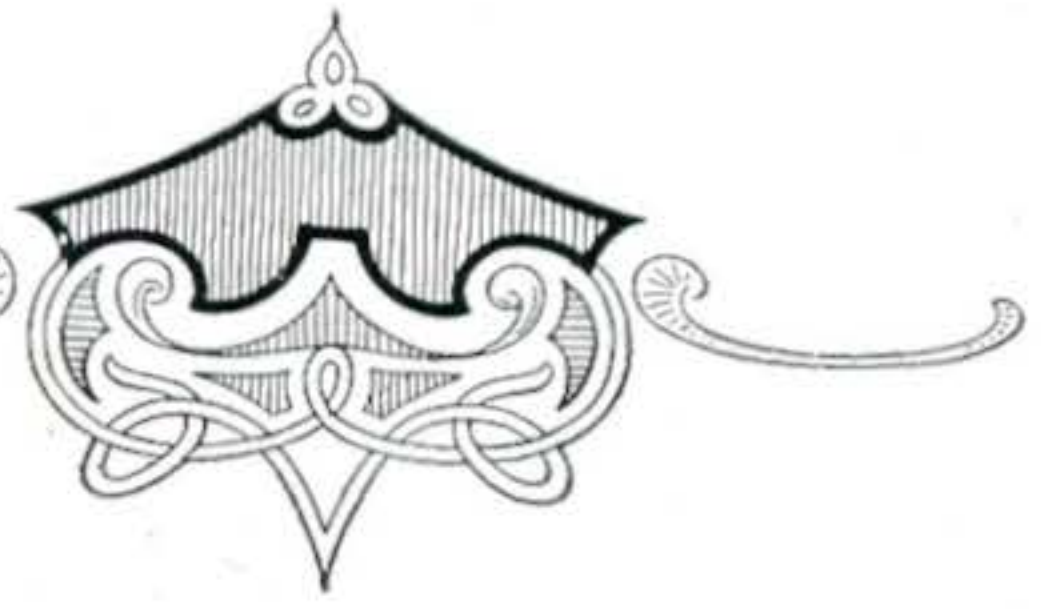

The Magnolia Aggies were very anxious for a game with the Tigers, after beating the Tigerettes, so Coach Jennings satisfied their desires, and on November 6th the game was played in Magnolia, ending in a 20 to 0 victory for the Tigers.

Next came the big game of the season, that with the Hendrix Bulldogs. Both teams were well represented on the side-lines and it was a hard contest that the fans witnessed. The final whistle blew with the score 7 to 7. Wallis was individual star in this game, his line plunging and kicking were the features of the game. Cowan and Galloway also deserve mention and, above all, do not forget the linemen, for they were "right there" every down.

The following week the Tigers traveled to the capital city and beat the Little Rock College team 44 to 0. The feature of this game was the line plunging of Turbeville, who was shifted to the backfield because the regular backfield men were out of the game nursing injuries. The entire team played an excellent game.

The last game was the Turkey Day game with Henderson-Brown, and it proved to be the stiffest game of the season. Unable to score a touchdown, even though the Reddies goal was threatened several times, a place kick was made by Wallis, which was the only score made and the game ended 3 to 0 in Ouachita's favor.

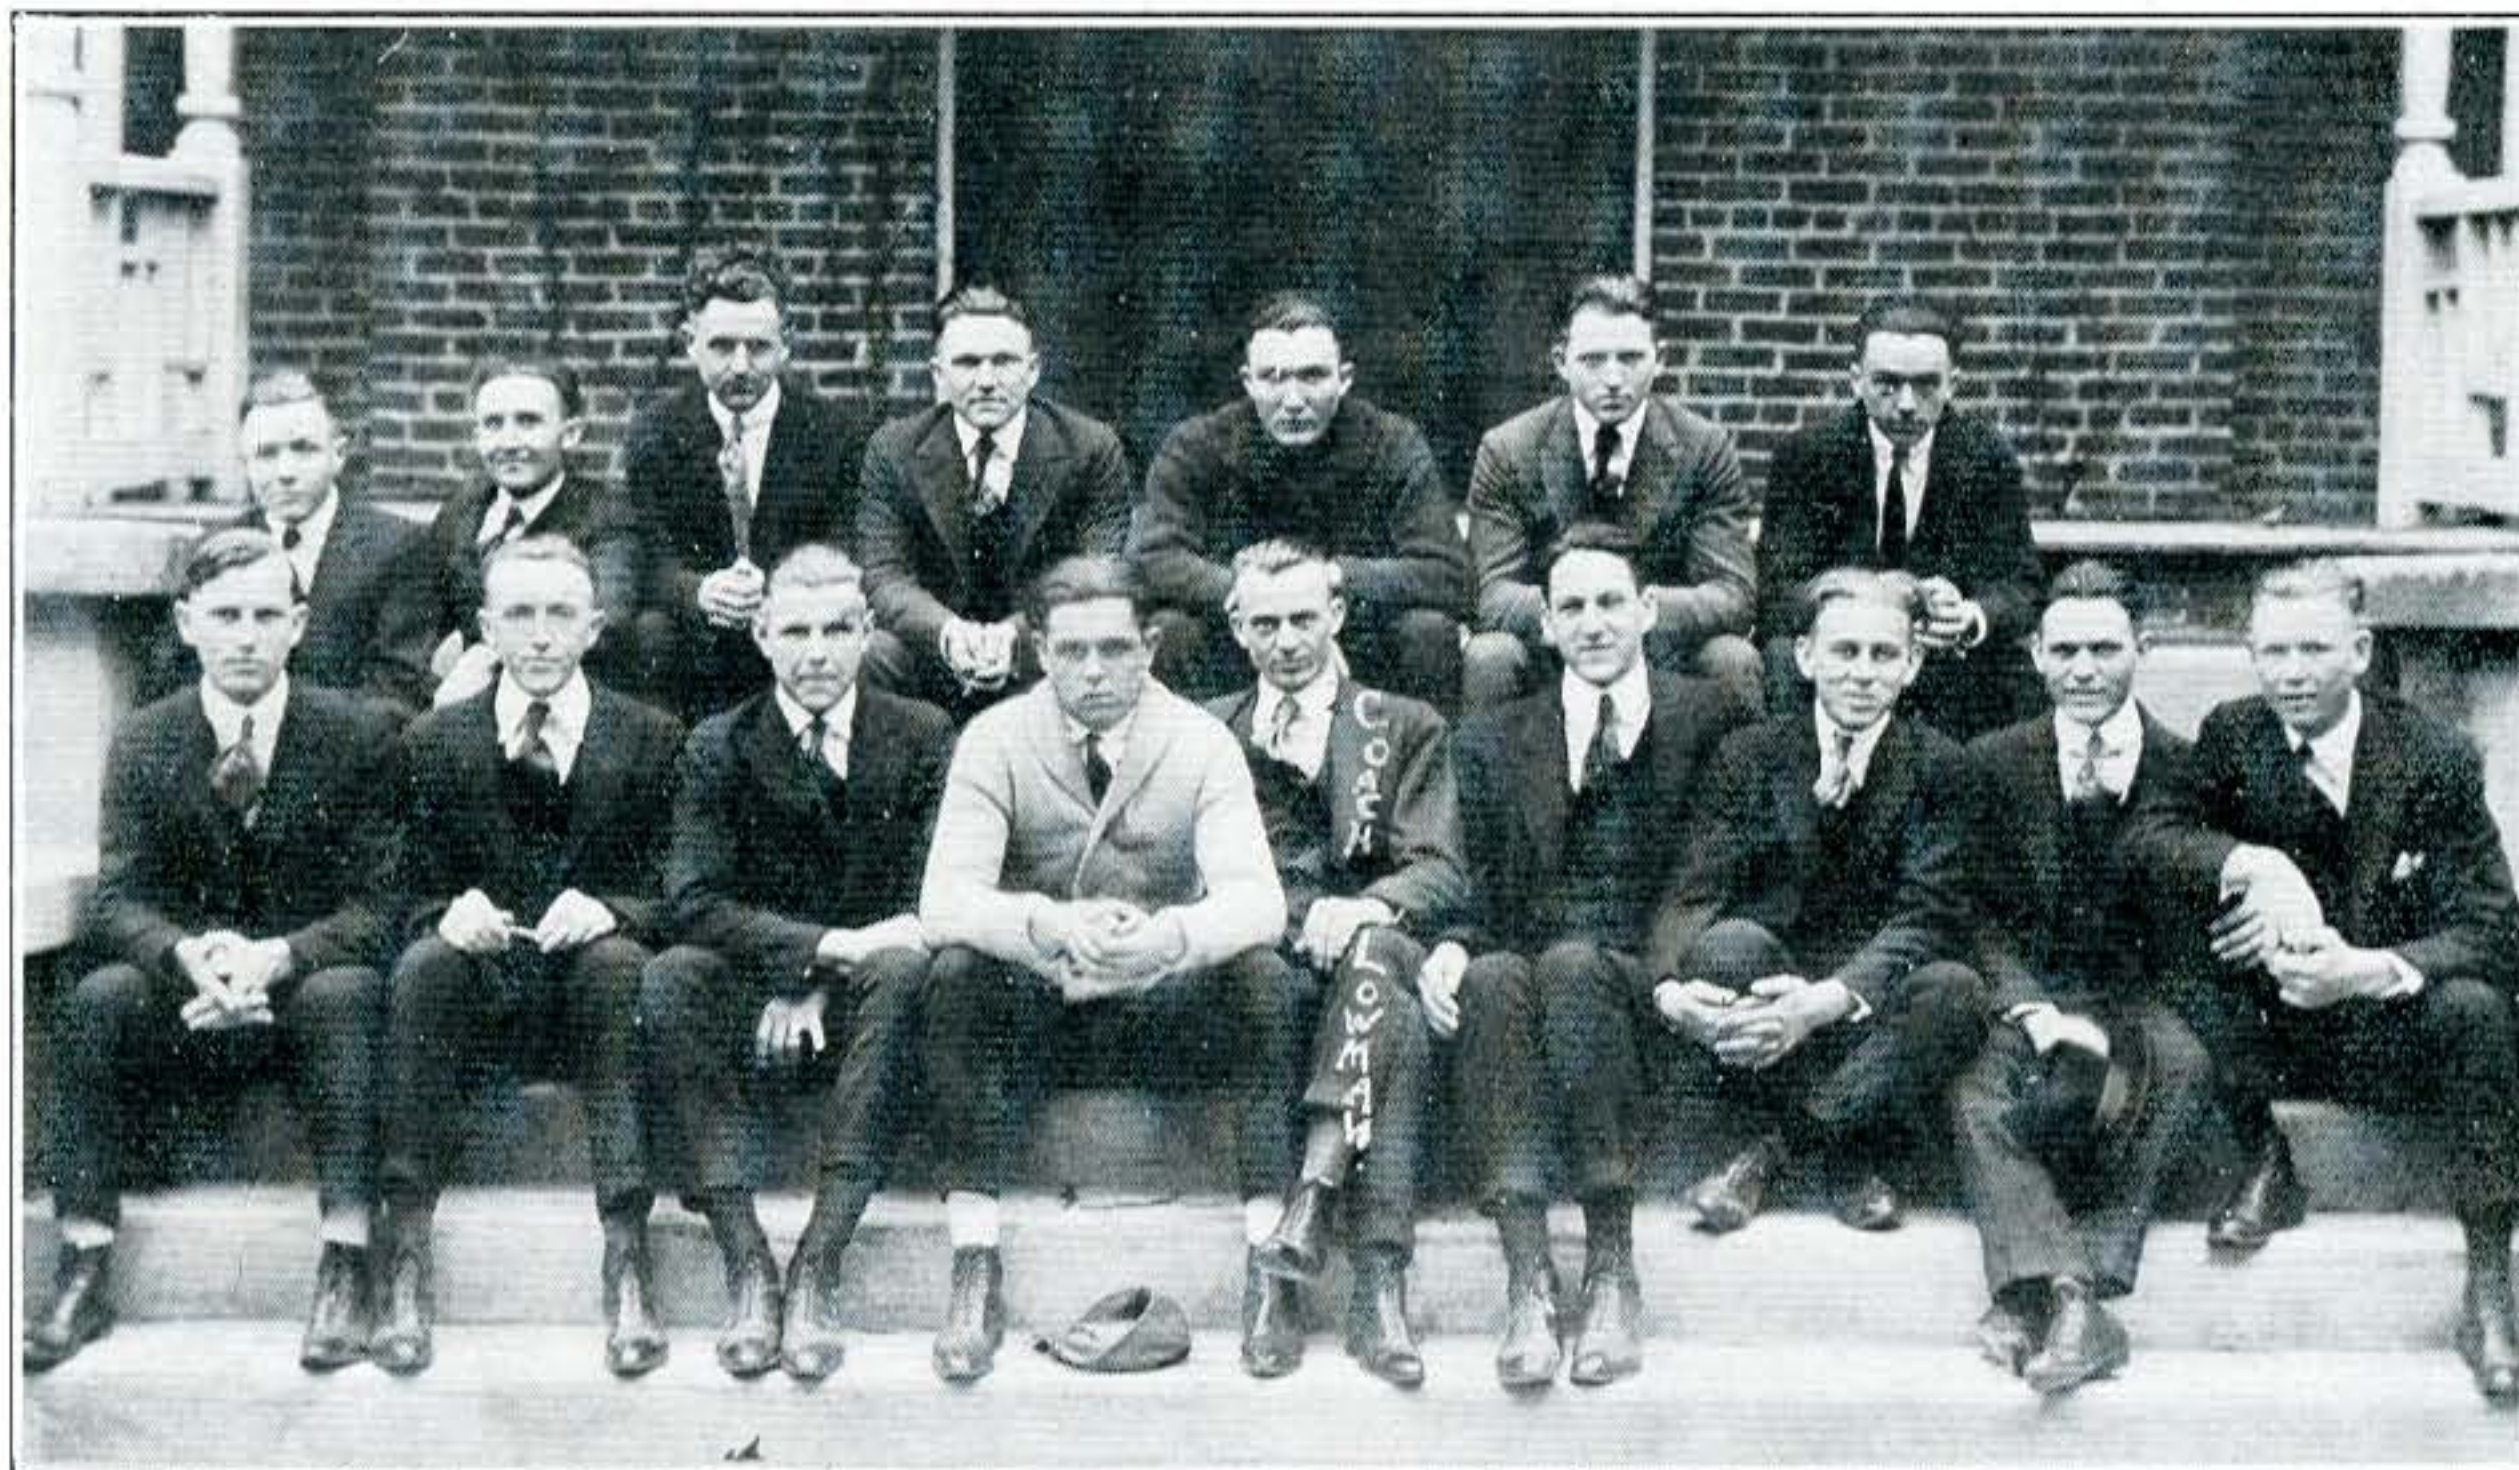

Thus the curtain rolled down on one of the Tigers' very successful seasons, which was made possible by the excellent training of Coach Jennings.

THE "O" ASSOCIATION

THE FOOTBALL SQUAD

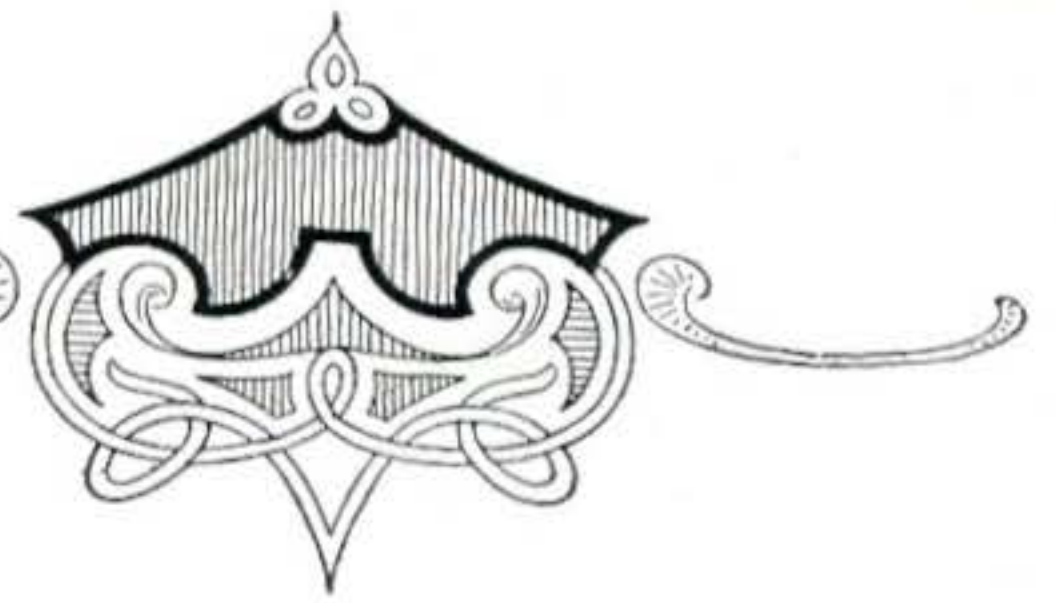

Tigerettes

The past season was without doubt the hardest the Tigerettes have ever had. They took to their work with plenty of pep, which promises well for the future.

Their first game was a 7 to 7 tie with El Dorado High, and the next week they made up for this tie by defeating Gurdon High 68 to 0. They next tackled the Magnolia Aggies and were defeated, 49 to 6. The following week they played the Hugo High School Alumni and were again defeated, this game ending with the score 21 to 0 in favor of Hugo. On Armistice Day they played the Legion post of Texarkana, Ark., to a 0 to 0 tie at Texarkana. To end the season the Tigerettes defeated the Henderson-Brown Dragons 28 to 0.

Much credit is due the Tigerettes for their never failing work in helping build up the Tiger team, and with their success last season, they stand convicted of having done their bit for Ouachita.

Dreams

SUCH a lot of exciting things were happening in the Brown home, as Marion was to leave the next day for her first boarding school. Everyone was here and there getting this thing and that thing into the trunk for fear something would be forgotten. Neighbors and friends were calling to bid her goodbye and wish her success. She was anxious to be off, but as the train pulled out from the station she could not keep back a few tears. However, she soon forgot her sorrow, as she was fast speeding over the country to a new "world."

After what seemed a day consisting of forty-eight hours, instead of twenty-four, she arrived in the beautiful little city of Greenwich. It was dark when she reached her destination, so she could not tell anything about her new home. She retired early, as very few of the students had come and she was worn out with her day's journey. As she watched the moon cast its light across the river her thoughts reverted to her home and high school chums. "How she did long to see them." "Would she ever become accustomed to this new life?" However, weariness soon overcame her sad thoughts and she was fast asleep.

When she awoke her room was full of sunbeams. She rubbed her eyes, then, remembering where she was, hastily dressed herself and went downstairs. Everything was as quiet as a mouse. "Surely they were not asleep, as it was almost light." Presently one of the girls came in and a conversation ensued. After they had introduced themselves and discussed their homes and the trip to school, Marion remarked: "Say, can you tell me what time they have breakfast here?" "Breakfast!" replied Kathleen. "You mean lunch, don't you?"

"Well, I'll admit it will be almost time for lunch. I am almost famished."

"Are you serious?"

"Sure, why?"

"We had breakfast an hour ago. Didn't you hear the bell?"

Of course, she didn't; but a freshman can be excused for many of her shortcomings. Marion found something to eat in her trunk and survived until lunch.

Her roommate, Lucile Snow, came in on the morning train. That evening they went over to matriculate. They were doing as well as any of the freshmen until they went to sign up for classwork. Who should greet them but the best-looking boy they had ever seen. (Of course, Cupid always brings his darts). He appeared to know all about the regulations of the college, and as they immediately needed some information about matriculating, he was very courteous and showed them where to go and what to do.

After an hour or two of patient waiting they succeeded in getting their cards filled out. Now they were ready for work and felt free. But on the campus they discovered that they were not free yet by any means. It was first this one and that one. "Oh, have you met so-and-so?" "Did you get your card filled out all right?" "Can I do anything to help you?" The girls considered themselves very popular at first, but they soon learned that this was the one question, "Have you decided what society you are going to join?" So society was the next proposition.

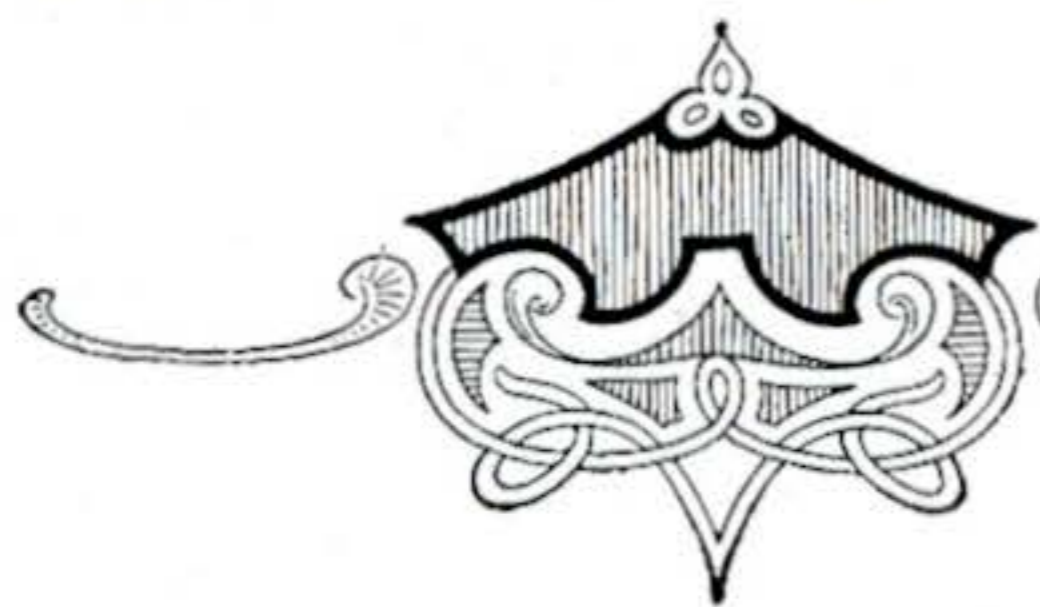

That night Marion decided which she would join, but she wouldn't hand in her name, for she didn't know the name of the society.

Saturday night there was a joint program of the boys' and girls' societies. Marion and Lucile visited the Garland and the Yuma. Soon after they were seated the boy who had been so nice to them when they matriculated came in. Marion was quiet no longer, for this was *the* society.

During the social hour, Walter Morgan, the boy who had helped Marion decide concerning the societies, was introduced to her. They sought a nice, quiet corner for the remainder of the evening.

One bright October morning there was a great excitement among the students. A former football star was returning to school. He was tall, heavy, with dark hair and wonderful brown eyes. Such a flutter as there was among the girls!

At last he came. Yes, he was wonderful. In Marion's eyes he was a prince among men. Her ideal of a man. She attempted to meet him, to catch his eyes, but all of her attempts were in vain.

1921 Baseball Prospects

WITH six letter men as a basis, numerous new men who are showing up well, and the ability of Morley Jennings as coach, Ouachita's prospects for another championship team, or at least a strong contender, are unusually bright. She always plays in the first ranks, and by a majority of the fans is the favorite contender for state championship honors. With a full schedule this year, including all the stronger college teams in the state and the U. of A. nine, she will no doubt play up to their expectations.

With three letter men, Cowan, W. Rowland, and Abraham, in the outfield, we are safe from worry in that location. Cowan, who captains the team this year, is playing his fifth year as a varsity man, is three years All-State, and one of the strongest contenders for another berth with the All-State nine. Bob has a keen eye for judging the ball and covers the space allotted to him at center field in an excellent manner. He is also a sure man at the bat, making the highest batting average of any man on the team last season. Rowland and Abraham, both playing their third year with the Tigers, are dependable men and can be counted on at all times. Walter is two years All-State, and bids fair to fill the left field position again this year and his remaining year in Ouachita. He covers his entire territory and has an accurate peg to the home plate which serves well in cutting off runs that otherwise would be marked against us. He also handles the stick well and with his left-handed swing drives out many extra-base knocks during the season. Lucian, our right fielder, completes the trio, and has robbed many a man of a would-be perfect hit.

As infielders we have Cargile and Mitchell, veterans of last year and who, no doubt, will hold their positions successfully again. Gravy, besides being an infielder, is one of our most dependable pitchers, and with Dews, who alternates between the pitching and receiving positions, will form a nucleus around which the pitching staff will be built. When not in the box, Gravy plays the initial sack and receives them coming from all angles and at any elevation. Mitchell, at short, is a sure stop and has an accurate peg to first. Dews, because of his ability to fill in at any corner, is an excellent utility man, which is essential to every good team.

Watters and Montgomery are slated as excellent material at the receiving position, while new men for the pitching staff are: Campbell, Turbeville (also an infielder), N. Cargile, Dardne (a Tigerette last year), and Howard. Infielders are: Galloway, Anderson, Rambo, Frisby, and Slade. Outfielders: Gunn, Lowman, N. Rowland, and Maynard.

Basketball

THE football season had hardly closed when Coach Jennings issued a call for basketball players to report to the "gym" to begin work on Ouachita's first basketball team in a number of years. A number of candidates responded, but as nothing was known of their ability as basketball players, a series of games was staged between the platoons of the R. O. T. C., and after this the squad was culled down to a workable basis.

The season as a whole was a very successful one, and the entire squad must be commended. Hereafter we can look forward to Ouachita as a leader in basketball as well as in every other phase of college life.

The opening games were with Stamps Y. M. C. A., the Tigers taking a two-game series. Following came a series with Little Rock College, which we also won. The next week we played Hendrix two closely-contested games, but lost on both occasions. Arkansas College was our next visitor, and this team received a defeat at the hands of the Tigers in a two-game series. The Tigers then journeyed to the capital city, where they were beaten two games by Little Rock College. They closed the season by winning four out of a six-game series, played with Henderson-Brown, in which each game was very closely contested.

GALLOWAY, *Forward*—"Gally" is not only *one* of the best forwards in the state, but is the best. He is fast and knows the game well. Although light, he makes up for weight by speed. "Gally" will be with the Tiger quintet again next year.

CHAMBERS, *Forward*—"Mug" is a basketball player of "some class" and can always be depended upon to get his share or more of goals. He shows his opposing guards a good time and is a good passer. "Mug" will be with the Tigers again next season.

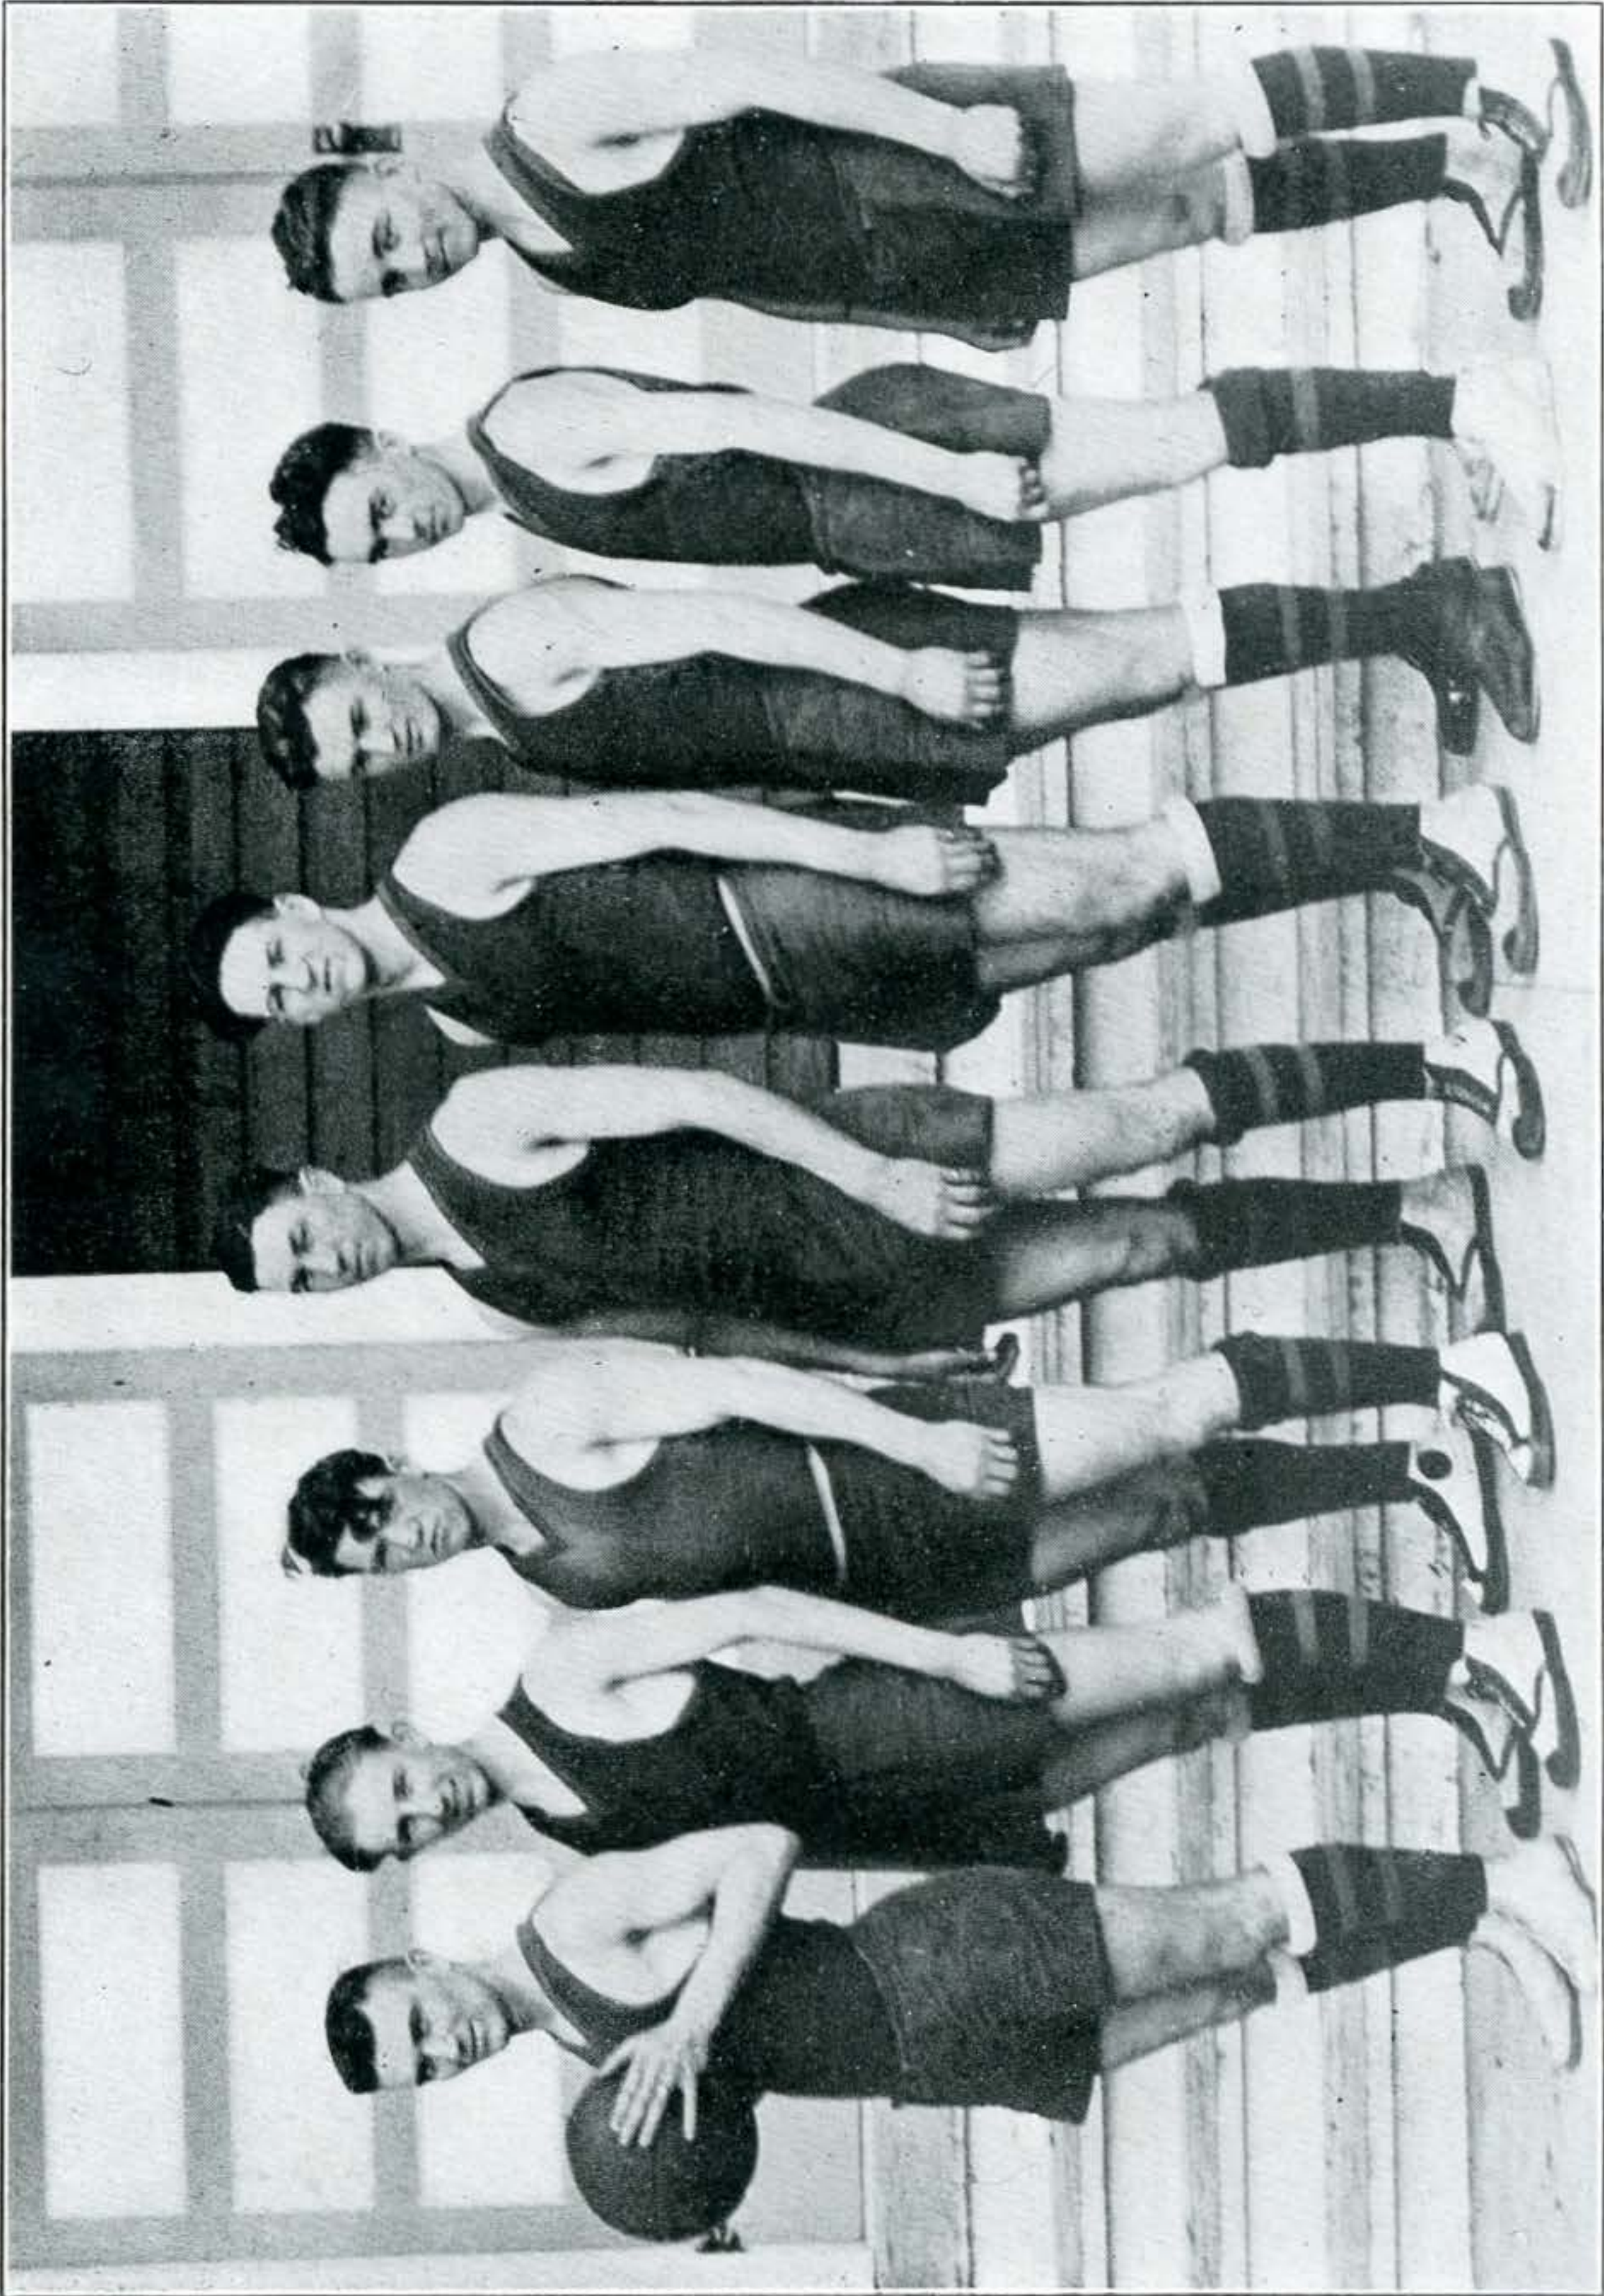

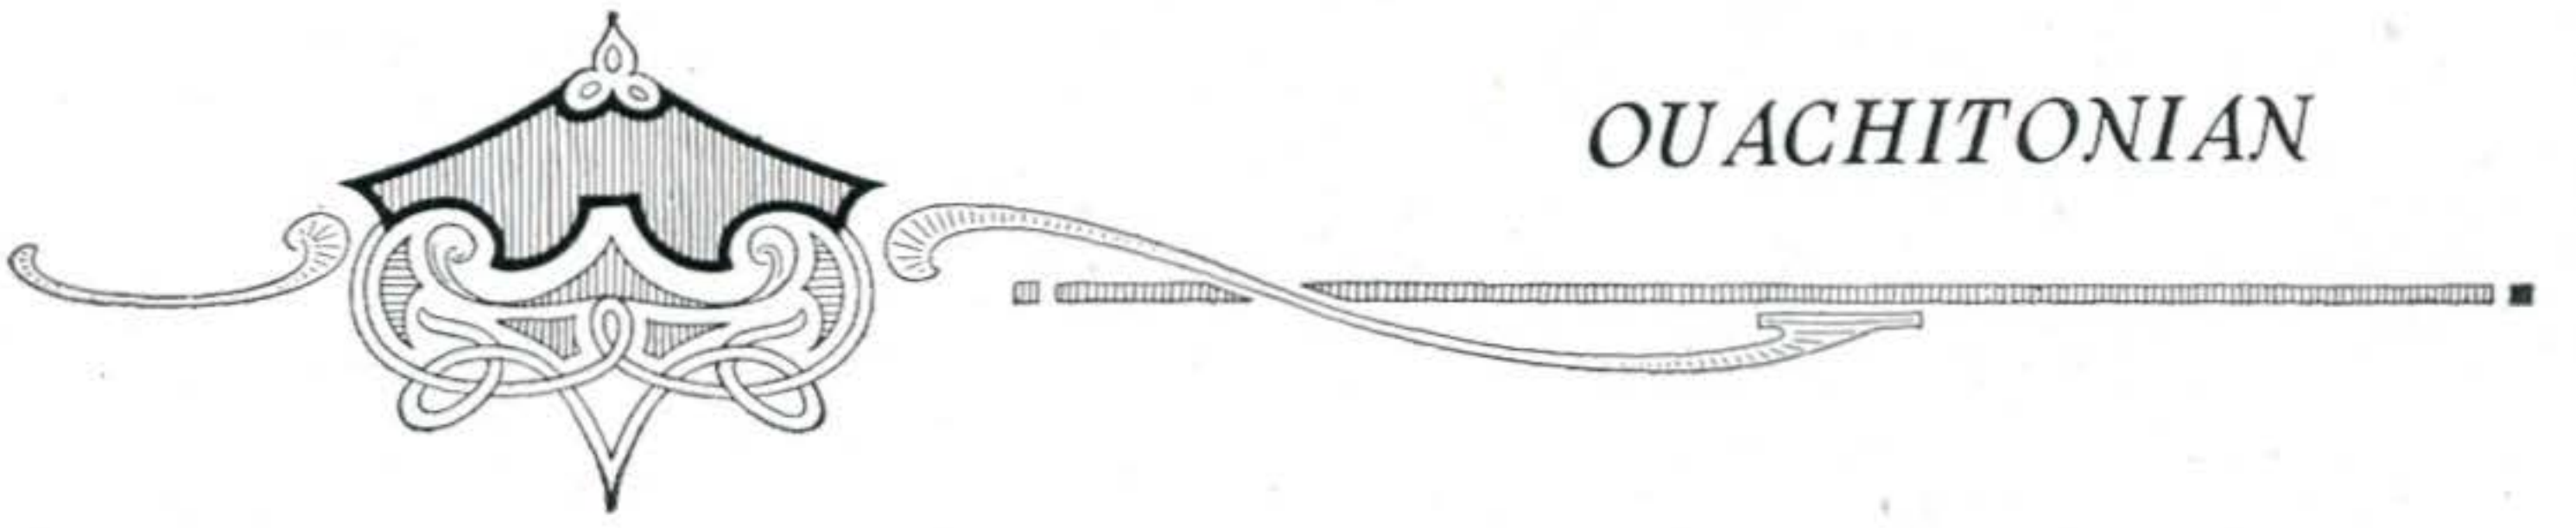

DEWS, *Center*—"Chink" is a senior and will not be able to show his ability after this season. He is a consistent player, is good on shooting goals, and is always fighting, no matter how the score stands.

EDWARDS, *Center*—"Sleepy," our other center, has played his last game for Ouachita, and we are all sorry to see him leave. He is large, but nevertheless has the name of getting in the way of his opponents a great deal. He also performs well in shooting goals.

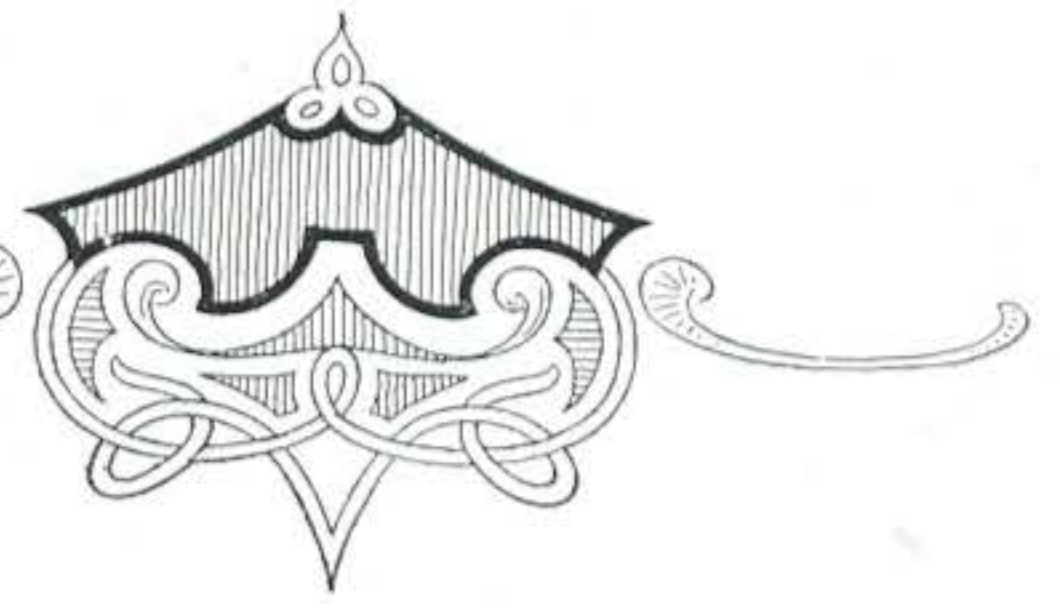

COLE, *Guard*—"Bob" entered athletics for several reasons this year, determined to make good, and so he did. He is strong, reliable, and can be depended upon to break up the teamwork of the opponents. Always full of fight, not afraid of roughness, and will be with the Tigers next year.

TURBEVILLE, *Guard*—"Tubby" made a fine running-mate for Cole. He could not be beaten as a floor man and guard, being a good dribbler and a good shot. He has plenty of tricks and plays the game whole-heartedly. Tubby will be back next year.

Substitutes—Much credit is due the three substitutes, Anderson (forward), Byers (forward), and Stuart (forward and guard). These men performed their duties in an excellent manner every time they were called upon, and much is expected of them next season.

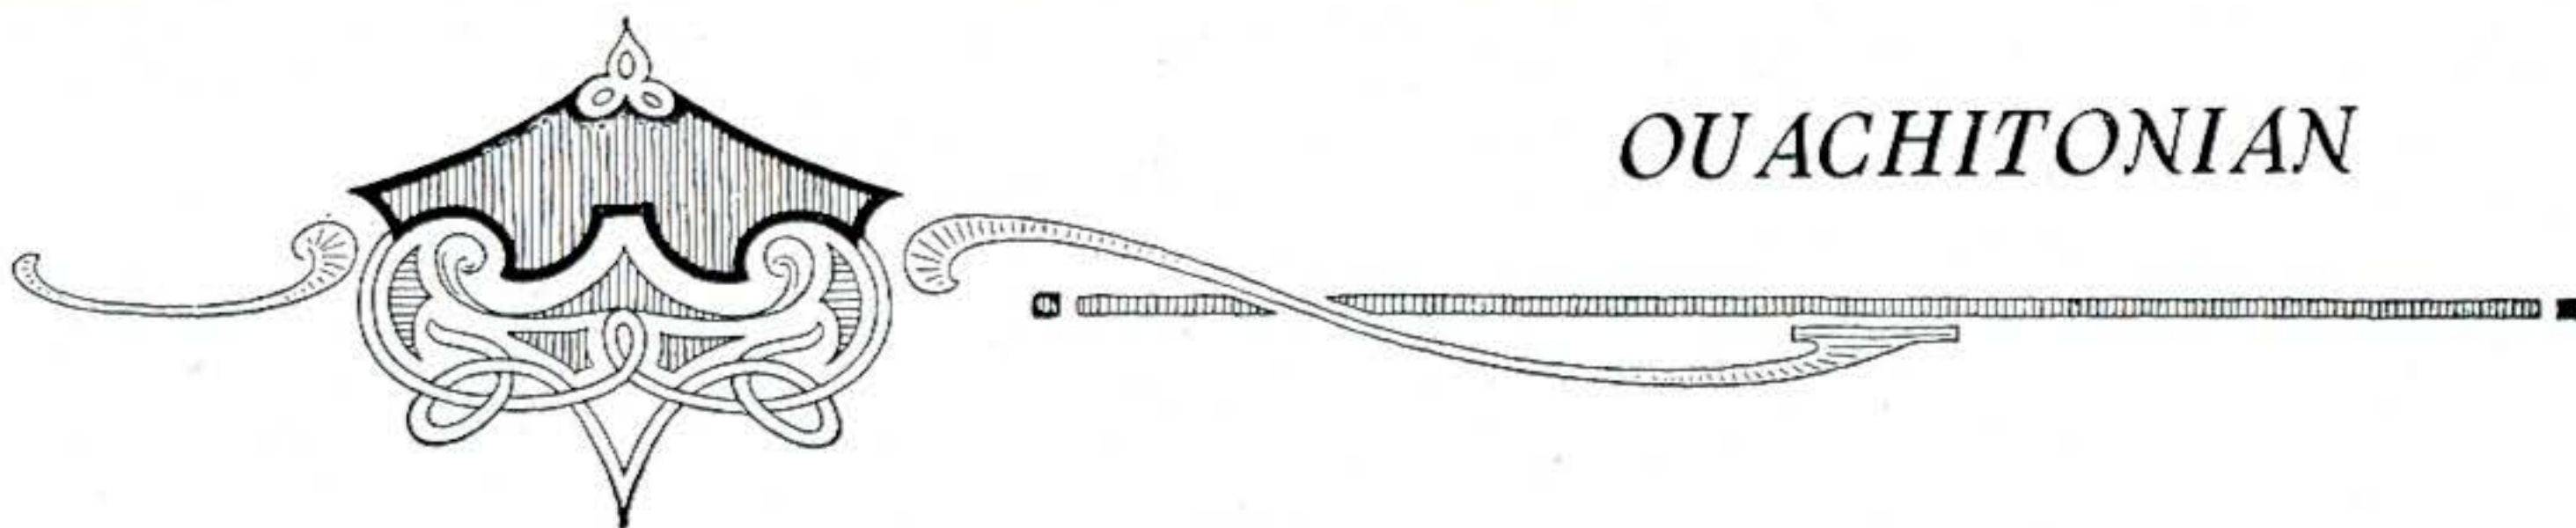

THE TIGER BASKETEERS

The Tennis Clubs

At the next reception she looked and looked for him, but no one came but Walter, so Walter must do. But she could not forget George, as his name happened to be.

Marion enjoyed the first year more than freshmen generally do, since Walter was a senior and she was included in more social events. But the next year she had to look for someone else, as Walter was gone. She decided to make George her best friend. This was his senior year, but the girls made no impression on him; he was the George of old.

The next year he went to a professional school. During the nine months of the school year Marion did not hear from him either directly or indirectly. Consequently she found other friends in an effort to forget.

The following summer Marion received an invitation to spend a month with her aunt, who lived in a small town. She gratefully accepted the invitation. Hastily she packed her trunk and hurried away to the little city.

Never in her life had she enjoyed a visit as much before. Everyone seemed to live for their neighbors. But the greatest event of her visit was a party that was given the night before she left. In the midst of their merriment, who should walk in but George. Marion could hardly believe her eyes; nevertheless it was true, for she was introduced to him. They had a long, friendly chat. She told him that she would finish the next year. He had finished his course at the medical school and was now employed in a hospital. However, she saw no more of him, as she returned home the next day.

With all of her school work and social functions her senior year passed rapidly. June came and with it commencement exercises. George saw Marion's name and accounts of her honors in the paper many times, and at length became anxious to visit his Alma Mater. June being his best month for a vacation, he decided to attend the commencement programs.

Having been unavoidably detained, he did not reach Greenwich until the day for the graduation exercises. After greeting all of his friends, he asked to see Marion, but found that she had departed on the last train. Despondent, he waited wearily for his train. When it came he bid the little city good-bye forever.

All of his leisure moments during the summer were spent with the memory of Marion. He searched the papers for her name, but not once did he find it.

One August morning he received a message stating that a terrible accident had occurred near his hospital and a young lady was seriously injured. The hospital corps did not think there was any chance for her, but to be sure they wanted the first surgeon to look at her.

When he opened the door and saw her he became ghastly pale, for the girl was no other than Marion. He knew that there must be a chance for her, since he had found her again.

Many a weary hour he spent in watching and waiting, hoping for the best. At length the crisis passed, and she opened her eyes and looked at him: "George!"

"At last you are safe."

"Were you anxious?"

"Words cannot express the fear and dread I have had, nor the joy I have now. Let me do the talking and you listen until you are stronger. I was in Greenwich to see you graduate, but you left town before I could see you. I have looked for some trace of you all summer, and at last I have been rewarded."

"You looked for me?"

"Indeed, I did. I am sorry I had to find you in this way, but this is much better than never."

"Can it be true? The dream of my life."

Food For Thought

COURSES BY PLAGIARISM

I've taken each course as I found it.
I've passed and I've flunked in my time.
I've had my pick of professors
And four of the lot were prime.

One was a doctor named "Fuzzy."
Another was More-raise, the Owl.
The third was called Jenny; he wasn't so many;
While Tabby comes in for a howl.

Economics I took under More-raise.
All set on his "options" he were.
He'd say, "You can take 'em or leave 'em,"
And you meekly replied, "Yes, sir."

I took my French under Jenny,
But je ne peut pas talk at all.
If a counterfeit joke was a penny
He could back John D. to the wall.

'Twas History I took under Fuzzy,
He could ramble in prose or in rhyme.
Though he talked like a Browning machine-gun,
He was always cut short by the chime.

He showed me the value of shorthand
In taking his notes day by day.
He had quizzes each week for the prompt and
the meek,
But the late he sent empty away.

Then Latin I took under Tabby.
It filled me with glorious thoughts,
But the best one that ever he taught was,
"The plural of nothing is Nauts."

So I bought me a cute Latin pony;
A pocket edition she were.
She carried me through to a seventy-two,
And I learned about Latin from her.

You can talk of your going to college
And getting your "dips" and degrees,
But strawing and jacks (if you cover your
tracks)
Are the weapons that leave you at ease.

HOW ODD!

Alas, I had a funny thing
Happen to me last night;
I fell into a red-hot spring,
Cold as a polar blight.

It seemed so very odd to me,
I turned as red as a sheet;
A purple ukelele tree
Turned greener than a beet.

And then I slipped and tried to grab
A fragrant onion top;
I failed, but afterward did nab
A pink forget-me-not.

I grabbed so hard I missed my hold
And up the hill did roll;
I rolled, and rolled till I was cold,
Then fell into a hole.

The hole was black and very round,
In fact square as could be;
And very near the top I found
The bottom of the sea.

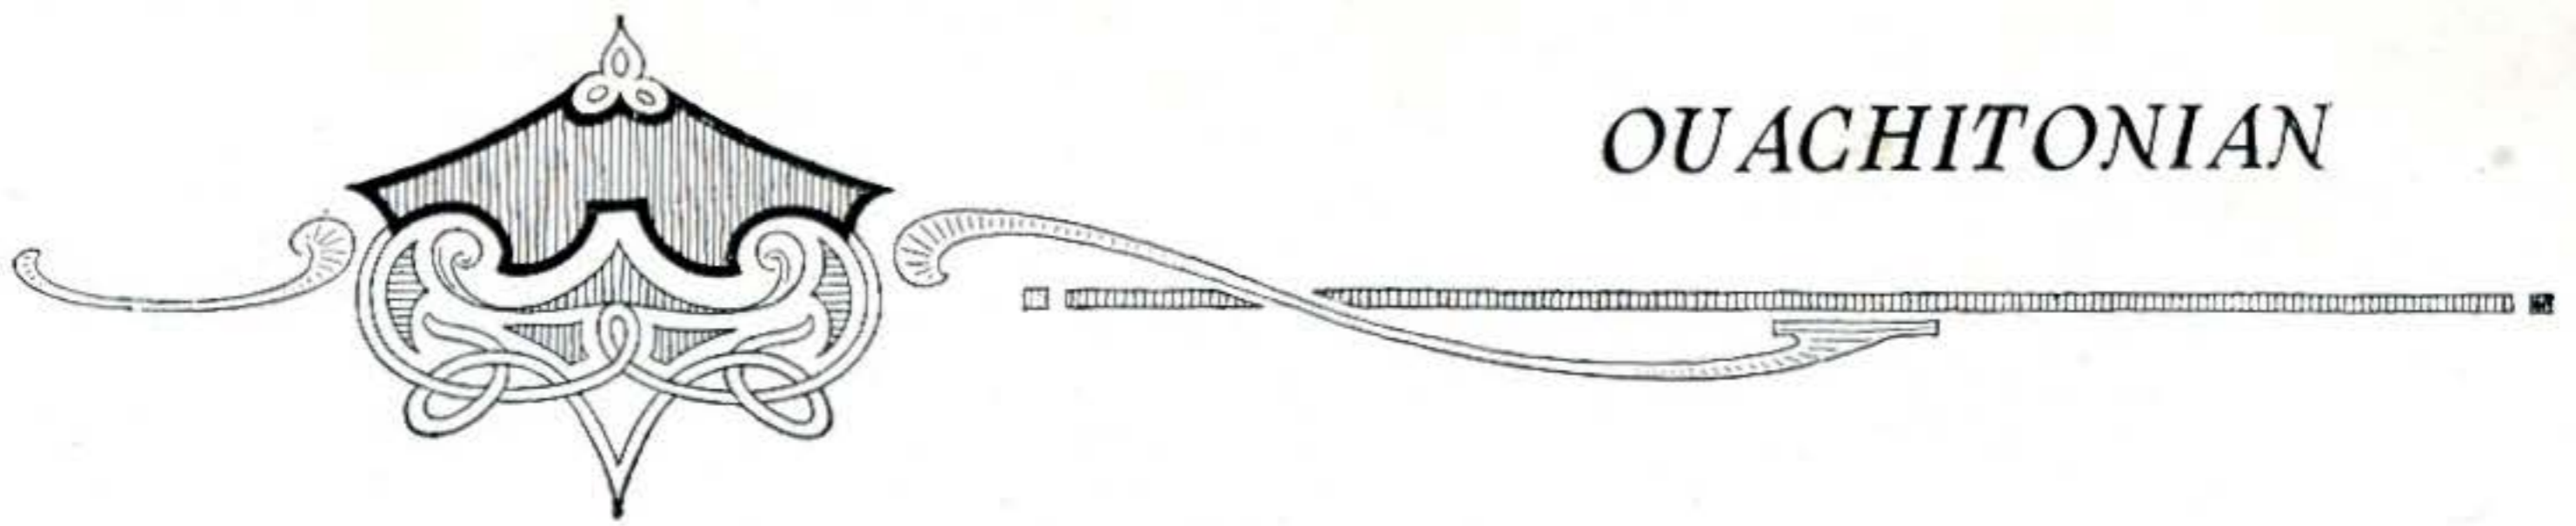

Amid all this of which I tell,
I kept cool as a clam;
And when I came to the gates of Hell
I gave the door a slam.

The devil came and looked at me,
I scared him most to death;
His horns turned blue as brown could be,
His ears got out of breath.

I punched him with a lightning rod,
And made him eat ice-cream;
But afterwards found out, thank God!
It was a white-corn dream.

'Tis wrong for any maid to be
Abroad at night alone!
A chaperone she needs 'till she
Can call some chap-her-own.

Babbling of the Bards

THE ESSENCE OF NOTHING

The snow-capped mountains lift their heads,
The goats are nodding in their beds;
The pretzel smiles, the oyster sings,
The dinner-bell goes ting-a-ling.

The herrings banish care and strife,
The cheese named limburg peeps up life;
The cat sits still and licks his chops,
The juicy hams are mad as hops.

The sailors and a burly chum
Sing yo-ho and a bottle of rum;
Ill fares the savage Eskimo,
A lobster has him by the toe.

The Northmen in their land of ice
Are hunting seal and killing mice;
A porpoise wallows in the sea,
He hits a bar and orders tea.

A mouse fell in a pot of jam,
It pickled him just like a ham;
What wonders happen in the wild,
A hamburg sandwich really smiled.

Here's to the gay Italian wops,
They dine on tripe and onion tops;
A cow sits down to scold a flea,
The poet's life's the life for me.

MOTHER'S BOY

My parents told me not to smoke,
I don't;
Or listen to a naughty joke,
I don't;
They made it clear I must not wink
At pretty girls, or even think
About intoxicating drink,
I don't;

To dance or flirt is very wrong,
I don't;
Wild youth chase women, wine, and song,
I don't;
I kiss no girls, not even one,
I do not know how it is done,
You wouldn't think I'd have much fun,
I don't.

ODE TO CAPTAIN SHUGART

Here's to the A. U. Williams Field.
On a cold November day
'Twas by a battered goal post
That Captain Shugart lay.

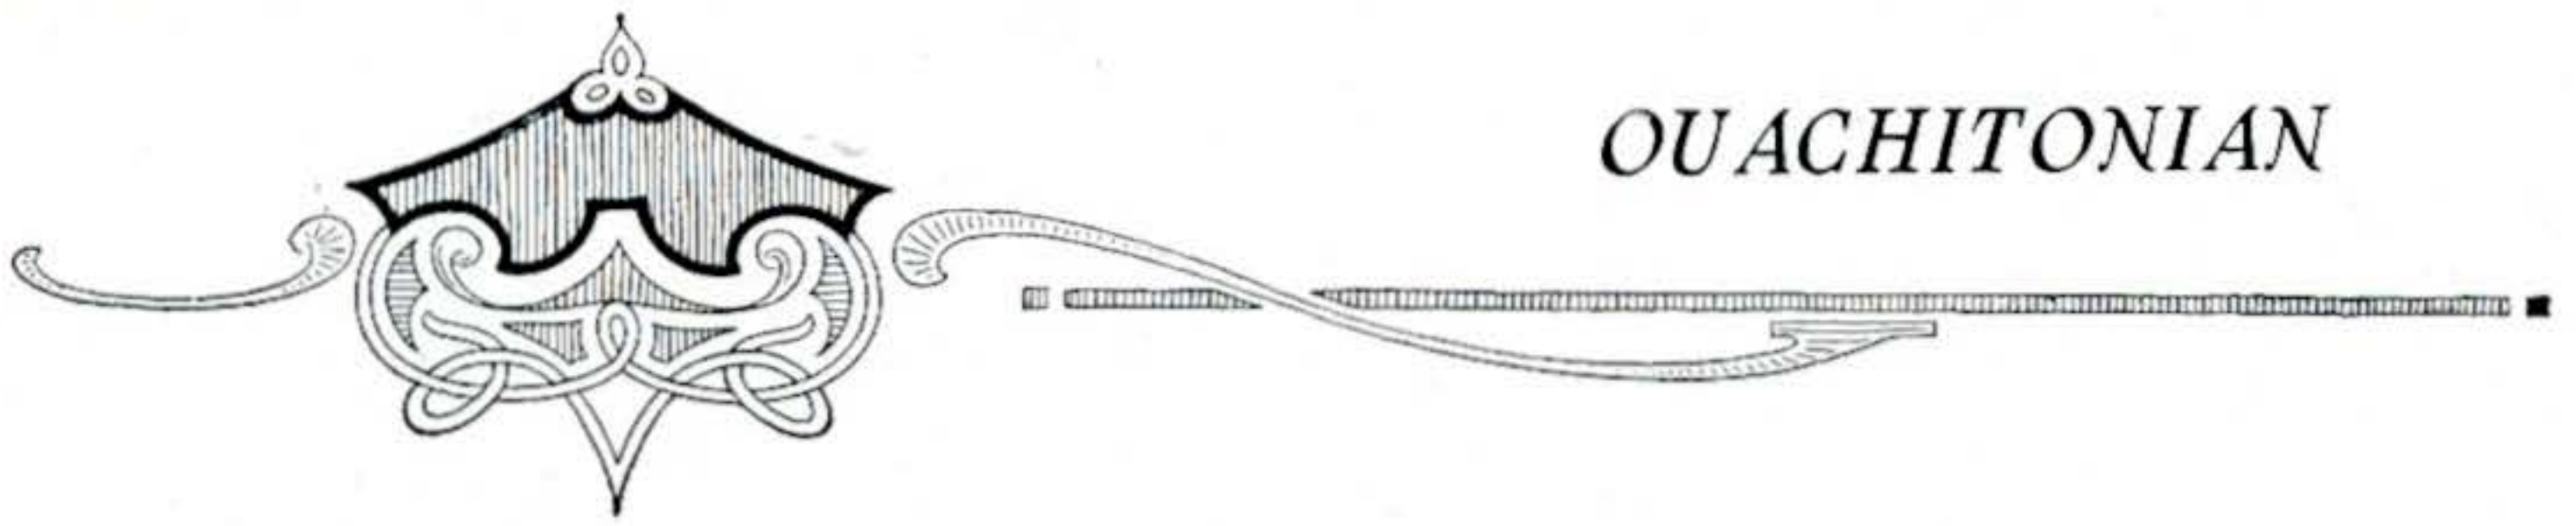

Around him stood ten Tigers,
With sad and drooped down heads,
Eager to hear the last words
Their dying captain said.

"Tell my Mary in DeQueen,
Whose face I'll never view,
That I tackled a guy who was larger than I,
And now I am black and blue.

I am going to a finer land
Where everything is right;
'Tis where you have no pain at all,
And you drink "Jake" every night.

This place is where you never work,
Don't even change your socks,
And large drops of Tichenors
Come trinkling through the rocks.

Just then the grandstand cheered him,
They have helped him on his "pins."
The quarterback called a signal,
And Captain Shugart fought 'em again.

THE STAFF.

Rank Rhymes and Loose Lyrics

It was midnight on the ocean,
Not a street car was in sight;
The sun was shining brightly
And it rained all day that night.

It was a summer day in winter,
The rain was snowing fast;
A bare-foot girl with shoes on
Stood sitting on the grass.

It was evening and the rising sun
Was setting in the West;
The little fishes in the trees
Were cuddled in their nests.

The rain was pouring down,
The moon was shining bright;
And everything that you could see
Was hidden out of sight.

While the organ peeled potatoes
Lard was rendered by the choir;
While the sexton rang the dishrag,
Someone set the church on fire.

"Holy Smoke!" the preacher shouted—
In the rain he lost his hair;
Now his head resembles heaven,
For there is no parting there.

Howl und der vorldt vill leave you
Und never come back any more.

Not all of us couldn't been handsome;
Not all of us haf goot clothes;
But a schmile is not expensive
Und it covers a vorldt of woes.

THE DEAN

Dean Petrie has a wonderful jaw,
In class he talks like a circular saw.
The top of his head is smooth and slick
But never the less his tongue is quick.
All that he has is the gift of gab,
And he rattles away like a taxicab.
His stock of words is always full,
And his favorite sport is slinging the bull.

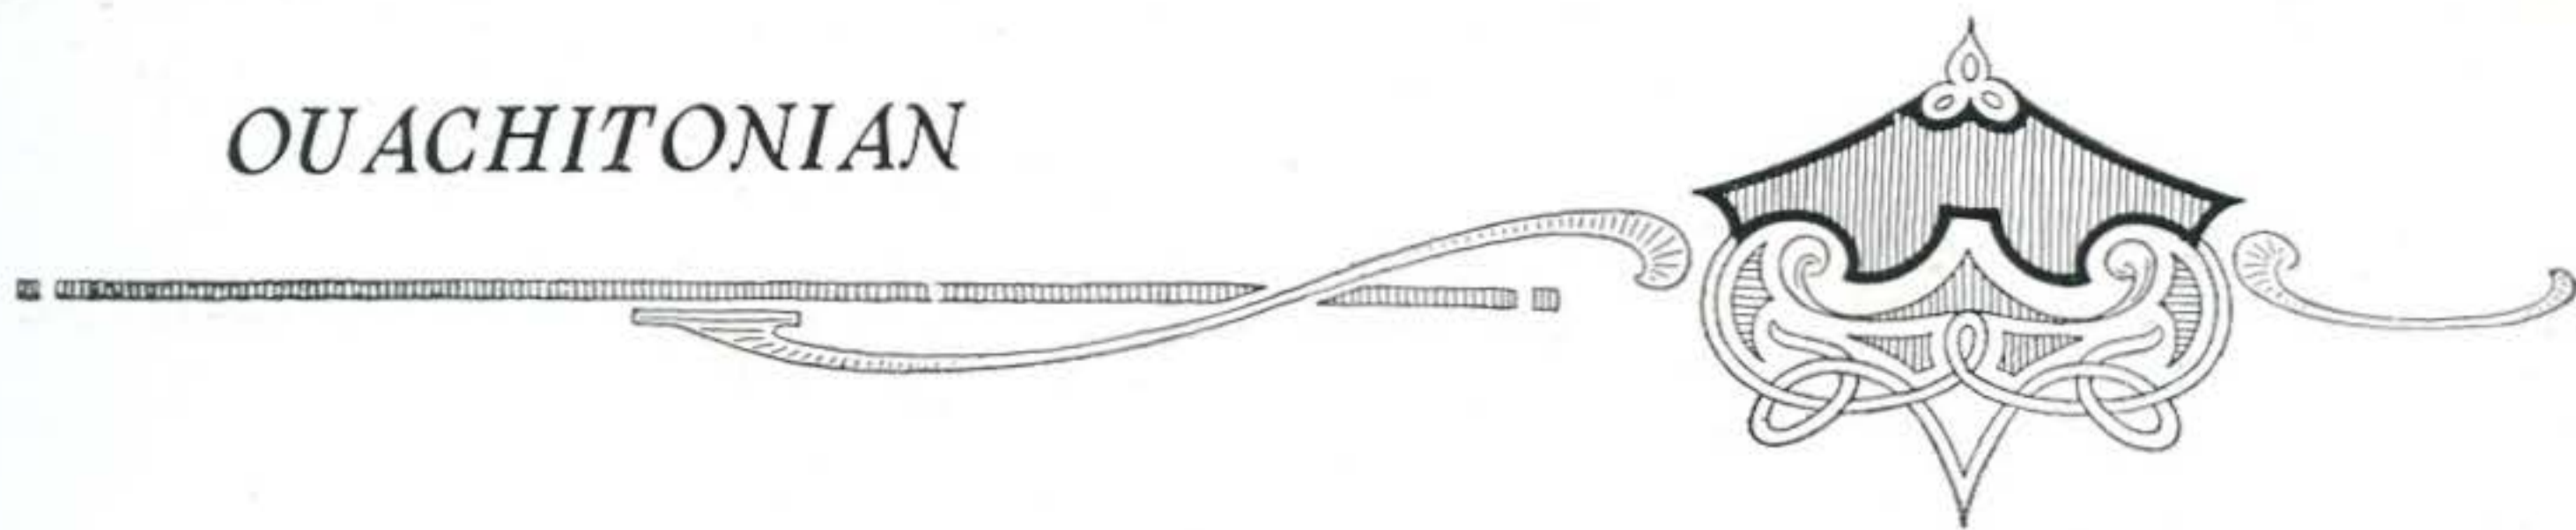

Well known is his wonderful line of gas,
To the men who go to his History class.
And the men who take International law,
Have learned to dread that tireless jaw.
Of treaties and battles he talks with a will,
And clatters along like an old saw mill.
There is no subject beneath the sun
That his lectures do not touch upon.

In that famous class called "Historical Lab"
He jabbers away like a mad Arab.
He talks away of this and of that,
And most of his talk is through his hat.
He chews his gum and rattles away
From morning 'till night like an empty dray.
He keeps on talking, the dreadful bore,
'Till half the class is heard to snore.

He talks of the price of pork and beans,
And the wonderful work of the horse marines,
Of the sad effect of the war on France,
Of the wonderful art of the Grecian dance,
And then of the habits of Thomas cats,
And the latest styles in derby hats.
From all the wind jammers beneath the skies,
Our verbose Dean can take first prize.

Don't study when you are tired,
Or have anything else to do.
Don't study when you are happy,
For that will make you blue.
Don't study in the daytime,
And study none at night,
But study all the other time
With all your main and might.

ARKANSAS' LARGEST MANUFACTURING ENTERPRISE

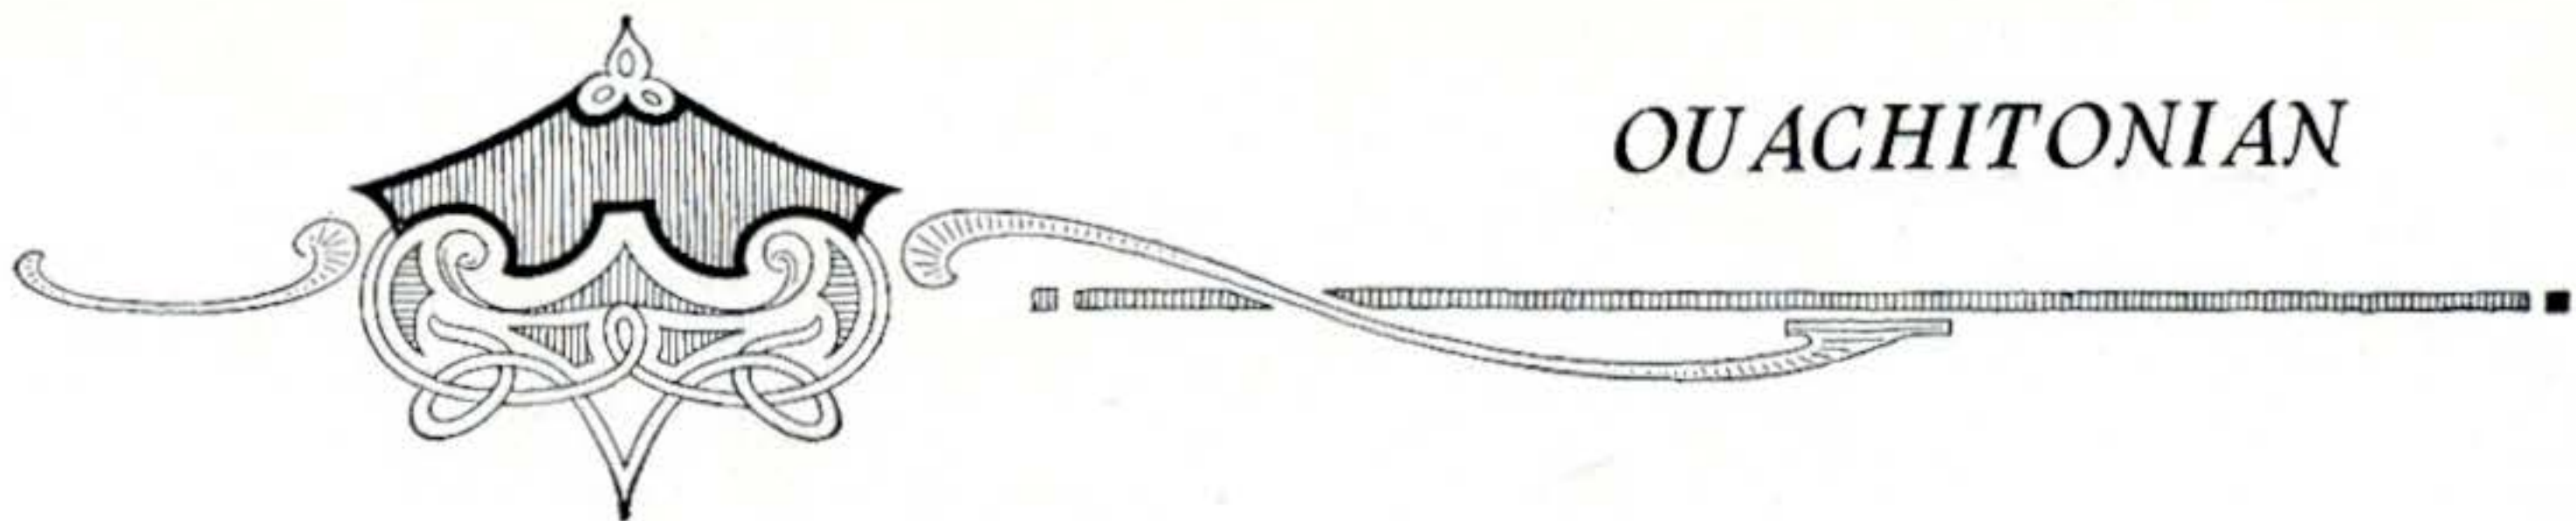

This institution is helping to feed the world. Our business in 1918 was over \$6,000,000.00, and notwithstanding the fact that being the largest manufacturing enterprise in Arkansas, this is an institution with a soul bent on serving mankind.

We employ more than 500 men in Arkansas, and each man is taught that our slogan, "The Heart of the Grain Plus the Art of the Brain," is a real, vivid manifestation of the vital force behind this business. Every employe knows that the success of this institution is reflected individually in the success of each individual. Last year we paid out practically a half million dollars in wages, salaries and dividends. We gave every employe of our grain department 10 per cent of their last six months' wages in war savings certificates.

Southwestern Baptist Theological Seminary

FORT WORTH, TEXAS

This institution has all the regular departments of a Theological Seminary, with a large scholarly faculty. Departments in Evangelism, Gospel Music, Religious Education, a Woman's Training School, Piano Music, Domestic Science, Kindergarten, and courses given by correspondence free of charge. An all day nursery for the small children of preachers. This enables their wives to take courses in the Seminary. We aid students in personal expenses and seek to bring them in touch with pastorless churches. Our enrollment for 1920-1921 is 538. A great orthodox, evangelistic, missionary, spiritual atmosphere. THE FUTURE OF ARKANSAS IS WITH HER YOUNG MEN AND YOUNG WOMEN!

—and young people will find in this State of wonderful resources opportunities that do not exist elsewhere. Their goal can be whatever their ambition, energy and determination make it.

With the wisdom that comes from study and experience, those who would succeed will utilize every modern aid to industry. And of all aids they can command, they will find none more profitable than the public utility—the servant that supplies the electric power to drive the wheels of the factory or sewing machine, illuminate the store or the home, and the water to extinguish a fire or for baby's bath. Aids summoned by the pressure of a button or the twist of a faucet; aids who serve for a mere pittance.

The Arkansas Light & Power Company is at the command of the builders of a Greater Arkansas. Now serving nearly 100,000 people in thirty cities and towns, it will, with the support of Arkansas people, be prepared to meet the demands of the future for power and light of enterprises and homes that soon must be built.

Young people can attain success for themselves and contribute to the upbuilding of the State by practicing thrift and by investing in the securities that the public service companies must issue to build the bigger systems necessary for the continued growth, prosperity and comfort of Arkansas and its people.
