

...from SEEDLINGS to SINEWS of INDUSTRY a perpetual cycle at CROSSETT

Sinews for America's industrial strength are manufactured from trees by The Crossett Companies. While The Crossett Companies utilize the whole of each tree, including the bark, a problem of supply would be acute without new forests to replace former cuttings. This replacement is accomplished by constantly planting seedlings, caring for them, and harvesting the trees selectively. In this way, the cycle is perpetuated and jobs are assured in the years ahead for the youth of our state.

J. C. PENNEY CO.

SEXTON SELLS MORE TRAINED BUYERS THAN ALL OTHER WHOLESALE GROCERS

These Are Equally Divided
Between Men and Women

Women buyers judge largely by intuition. Appreciate immediately the value of new products in brightening their service. Weigh the value of the product in their individual service rather than by a price standard alone.

Men buyers depend upon careful analysis. Slower to accept new items because they prefer to have things more standardized. Sometimes overemphasize price as a factor in their determination.

Buyers for the institutional and restaurant field are skilled in the technique of appraising foods. They make full use of scientific methods of ascertaining food cost.

Sexton sells to 60,000 individual units in this great market. The growth of the company has been based entirely on quality and service. A policy of fine merchandise, carefully packaged, fairly priced and promptly delivered has won the confidence and good will of these trained buyers.

Off The Press

These are the words eagerly awaited by every member of your staff, student body and faculty.

We have taken your memories — your ideas, tributes, and photographs and put them in a form you'll cherish for years to come.

This permanent record of your school days has been printed by people who know school annuals and like working with you to produce them. Your staff is to be commended for your splendid cooperation and service to your school.
