HAIL OR FAREWELL?

For many years our community at Arkadelphia has afforded shelter and contact for two institutions. Many classes have gone from each with pleasant memories of congenial relationship and friendly rivalry. A change is being made at Henderson-Brown.

It is the wish of the student body of Ouachita College that this change will not alter or disturb our ancient spirit of association.

May our future Thanksgiving Days be as productive of the old spirit of wholesome antagonism, and our future Commencement days as expressive of our mutual sentiment of fellowship.
