HISTORICAL SKETCH

Ouachita College developed as a result of the work of Baptist leaders in Arkansas, who for many years had been in most thorough sympathy with the efforts of American Baptists to found and maintain colleges where learning and religion might be developed in symmetrical unity. In the year 1886, when Ouachita College was founded, the Baptists of Arkansas were neither rich nor numerous, but they believed in Christian education, and they had the courage of their convictions.

After the Baptist State Convention had year after year expressed its purpose to establish a Baptist College in Arkansas and had kept an Educational Commission working upon the problem, finally, at the Convention at Hope, November, 1885, the Commission submitted a report which contained the following:

"The Commission recommends to the Convention the propriety of electing at this session of the body fifteen wise and prudent brethren as a Board of Trustees, five of whom shall be a quorum, and this board shall have the power of self-perpetuation, and it shall be a body politic having under its control the absolute management of the school for the Convention. It shall be the duty of this Board of Trustees to report to the Convention at its annual sessions the material progress, financial conditions and workings of the school."

The report was adopted and the following board elected: J. P. Eagle, A. B. Miller, B. R. Womack, A. J. Kincaid, J. B. Searcy, A. J. Fawcett, J. M. Hart, J. Dunnigan, J. K. Brantley, C. D. Wood, W. E. Atkinson, M. F. Locke, V. B. Izard, W. A. Sayle and A. W. Files.

The Board of Trustees met in Little Rock, December 24, 1885, and considered bids for the location of the college. At the same meeting Arkadelphia was chosen as the location, and Dr. J. W. Conger, an alumnus of Southwestern Baptist University, was chosen President. The College began its first session September 6, 1886, in the old Blind Institute building, which had been refitted and equipped for this purpose. This building was later destroyed by fire. New buildings have been added as the need for them became imperative. There are now twelve buildings on our campus.

Dr. J. W. Conger, the first President of Ouachita College, served in this capacity for twenty-one years. He gave his heart wholly to the college, and much of the present prestige and power of the institution is due to his untiring efforts. In 1907 he resigned to accept the presidency of Southwestern Baptist University. He was succeeded by Dr. H. S. Hartzog, who was formerly President of the University of Arkansas. The faithful labors of Dr. Hartzog left their stamp upon Ouachita College.

In February, 1911, Dr. Hartzog resigned, and in March, 1911, Dr. R. G. Bowers, an alumnus of the college, was chosen as President. His labors in this capacity began in June, 1911. After two years of faithful service, he resigned in the spring of 1913 in order to return to the pastorate. Dr. S. Y. Jamison was elected President of Ouachita in June, 1913, and served until January 1, 1916. A notable and praiseworthy achievement of his administration was the liquidation of all of the mortgage indebtedness of the institution, amounting to something over \$65,000.00. Professor H. L. McAlister, for several years Professor of Mathematics and Dean of the College, was elected chairman of the Faculty and was chief administrative officer until the close of the school year, June, 1916. Dr. Charles E. Dicken was elected President of the College, January 20, 1916, and assumed active control of its affairs in June, 1916. On August 4, 1925, Dr. Dicken resigned, his resignation to take effect June 1, 1926. In April, 1926, A. B. Hill, an alumnus of Ouachita, and at the time of his election State Superintendent of Public Instruction for Arkansas, was elected President and served three years. During this time Ouachita was admitted to the North Central Association of Colleges and Secondary Schools. On June 29, 1929, following the resignation of Mr. Hill in April, Dr. Charles D. Johnson, for six years a member of the Ouachita faculty and for seven years a member of the Baylor University faculty, was elected President.

If a college is to be judged by the usefulness of the men and women whom it sends out into the world, the impartial historian will give Ouachita College a very high and honorable place. The financial struggles have been many; but the institution has now passed the experimental stage and has undoubtedly entered upon a period of enlarged growth and usefulness. On March 18, 1927, Ouachita was admitted to membership in the North Central Association of Colleges and Secondary Schools.

Christian men and women are realizing more than ever that contributions to Christian education are most effective, both in developing civilization and in advancing the building up of the kingdom of God. In June, 1916, Mrs. Florence Wilson bequeathed to Ouachita \$21,000.00 for permanent endowment. She was the widow of the late J. W. Wilson, who was a Ouachita student and afterwards a very generous member of the Board of Trustees. He himself left \$10,000.00 to his alma mater. In October, 1918, Dr. J. C. Wallis bequeathed to the college \$30,000.00 for endowment. Since the founding of the college Dr. Wallis had been one of its wisest and most generous supporters.

The College Dining Hall was completed in 1920, and the Cone-Bottoms Hall, an excellent fire-proof dormitory for women, was completed in 1923.

The college now has more than \$500,000.00 endowment, and,

although there is great need of more endowment and very urgent need of some new buildings, Ouachita is unquestionably entering upon a period of enlarged growth and usefulness.

BUILDINGS AND EQUIPMENT

Ouachita College is located at Arkadelphia, Arkansas, among the picturesque hills of Clark County, sixty-six miles southwest of Little Rock, on the Missouri Pacific Railroad. Arkadelphia is a beautiful town of about five thousand inhabitants, with all modern conveniences. It has a most complete filtered water system which insures at all times an abundant supply of pure, clear, soft water.

The campus is situated on a high bluff, overlooking the Ouachita river, and is within a few hundred yards of the four churches and the business portion of the town. No college has a more beautiful location or more healthful surroundings.

The buildings of the college are as follows:

The Administration Building, erected in 1886, contains class rooms, administrative offices, and the library.

The Conservatory, erected in 1898, contains the auditorium, and studios for members of the faculty of the Conservatory. The Conservatory is equipped with one concert grand piano and fourteen practice pianos and a pipe organ.

The Science Buildings are temporary structures housing the departments of physical and natural sciences. These buildings are equipped with individual desks and lockers and most of the essentials for good laboratories. Every student is issued a full equipment for carrying out of all of the experiments of a standard course. Plans are being made for the erection of a new Science Hall in the near future.

The Gymnasium contains a basket ball court 40 x 70, locker rooms and showers.

The Dining Hall, erected in 1920, consists of a reception parlor, the main dining hall, and a private dining room.

The Cone-Bottoms Hall, a fire-proof dormitory erected in 1923, ranks in beauty and comfort with the best dormitories in the South. Furnished with the best of modern equipment, it is thoroughly comfortable and homelike, affording private bath for each suite of two rooms. The dormitory accommodates 150 women.

The Young Men's Dormitory is a two-story brick and stone structure, and has accommodations for about 125 men students. It is furnished in a suitable fashion and provides an excellent college home, each room heated with natural gas, electrically lighted. There are shower baths and two parlors on the main

floor. The interior was completely renovated during the summer of 1928 and some new furniture provided for the rooms.

The home of the President is located on the campus.

Williams Field, the athletic field of the College, with a stadium seating five thousand, is located north of the campus proper. It contains a gridiron, a baseball diamond, and an excellent quarter-mile running track. Five tennis courts are located on the campus. The privileges of the Arkadelphia Country Club are also extended the students of Ouachita College free of charge.

LIBRARY

About eleven thousand volumes, for which a complete card catalog has been prepared, are at the disposal of the students. The leading periodicals, dailies, weeklies and monthlies both religious and secular, are available. The library is a workshop in which students are aided and encouraged to make the best possible use of the material.

ADMINISTRATION

GENERAL REGULATIONS

On coming to the college for the first time every student, whether he is to be a freshman or an upperclassman, is required to arrange with the Registrar of the college for his admission.

All students who are not residents of Arkadelphia are required to take their meals at the college dining hall.

No student will be permitted to enter any class or department without permission of the Registrar. No student will be permitted to discontinue a class without permission of the head of the department, and the Registrar.

No dormitory student may be absent from town without permission.

No conservatory student may appear on a public program outside the college without the consent of his teacher.

No student will be permitted to be absent from chapel exercises.

Any breakage or damage to college property must be accounted for to the Business Manager.

No guests may be entertained at any dormitory or in the dining hall until permission is obtained from the Business Manager.

It is understood that each student upon matriculation accepts and agrees to obey these general regulations.

REGISTRATION

Each student is expected to register on or before the dates given in the College Calendar, page 2.

No student will be enrolled in any class until he presents to the instructor a classification card calling for instruction in that class.

No credit toward a degree will be given for an incompleeted course, unless the part completed is a teaching unit within itself.

ADMISSION

Entrance Requirements.

The Association of Christian Colleges of Arkansas, of which Ouachita College is a member, has adopted a uniform plan of minimum requirements for college entrance. Under the provisions of this plan—

1. Graduates from Class "A" high schools will be admitted to college on the superintendent's or principal's certificate showing that the applicant has fifteen standard high school units. Non-graduate applicants from Class "A" high schools will be admitted to college on certificate showing fifteen standard units, provided that such certificates shall be accompanied by the superintendent's or principal's recommendation that applicant be admitted.

2. Applicants from Class "B" high schools will be admitted on the superintendent's or principal's certificate showing that the applicant has fifteen units of high school work, provided that any student whose entrance credits in acceptable subjects are reduced to less than fifteen standard units when checked with the evaluation made by the State Department shall be required to make up such deficiencies.

3. Applicants from schools below Class "B" will send their certificates to the State Department of Education, Little Rock, for evaluation; they will then be admitted if evaluation by the State Department shows that applicants have fifteen standard units.

4. Other applicants will be admitted only on the basis of an examination showing that they have the equivalent of fifteen standard units. But as evidence of this qualification, intelligence tests may be used to supplement the credits of applicants whose certificates showed fifteen high school units before reduction by the evaluation of the State Department, provided that this examination showed a minimum of thirteen standard units, and provided, further, that such applicant is eighteen years of age or older; and applicants twenty-one years of age or older may be admitted solely on the basis of an intelligence test.

Of the required fifteen units, the following are prescribed for entrance to Ouachita College:

receiving an F as a term grade may receive credit on the work so graded only by registering for the course again and taking it regularly in class. E and I are to be regarded as temporary marks. E denotes a "condition" and is to be given only when the unit course extends into another term, as in English 11a, French 11a or 11b, etc. In order for an E to be changed to a passing grade, the student must receive a grade not lower than C in the course for the next term. I denotes Incomplete and shall automatically become an F unless the deficiency is made up during the next term of the student's residence in the college.

At the close of each term a report of the grades made is sent to the parent or guardian of each student.

TRANSFER OF RECORDS

Students wishing to transfer from Ouachita College to another institution should (at least one week before the transfer is to take place) request the Registrar to send a transcript of record and a letter of dismissal. One transcript of record is furnished each student without charge; for each additional record a fee of one dollar is charged, this fee to be sent to the office with the request.

Students from other colleges or universities must present certificates of honorable dismissal from the institution last attended.

CLASSIFICATION

A student shall be classified as a freshman if at the beginning of the session he has less than 42 term hours' credit. He shall be classified as a sophomore if at the beginning of the session he has from 42 to 89 term hours' credit. He shall be classified as a junior if at the beginning of the session, he has from 90 to 141 term hours' credit. He shall be classified as a senior if at the beginning of the session he has not less than 142 term hours' credit.

Students not pursuing courses leading to a degree shall be designated "unclassified students."

Group intelligence tests are given to the students once a year as an aid to classification.

DEANS

The men of the college are under the supervision of the director of the men's dormitory.

The young women of the college are under the supervision of the Dean and Assistant Dean of Women.

ADVISERS

At the time of his first registration, each student is assigned to some member of the faculty, who is his adviser. This adviser assists the student in selecting his studies, and in a general

way aids him in the problems of his college life and work, under supervision of the Registrar.

The adviser first appointed continues to serve until the student chooses his major in the sophomore year. Thereafter the head of the department in which the major is chosen acts as adviser to the student.

ELECTION OF STUDIES

Students are required to pursue at least twelve term hours of work in each term of the college course.

No student may register for more than seventeen term hours without special permission of the Committee on Admissions.

No student will be permitted to change his course of study, except by permission of the Registrar and the instructors concerned.

After the lapse of one week no change in election of subjects is permitted except in special cases.

ATTENDANCE

Attendance on classes and chapel is required. Absence from either is allowed for sickness or for leave of absence. Leave of absence is granted only by the President. All sickness must be reported to the college nurse daily. No student is excused because of sickness, unless his name appears on the daily sick-list.

When a student has obtained permission to make a change in his studies he must enroll at the first exercise after his admission in the new course.

ABSENCES

1. For each absence from a five-hour course, two shall be deducted from the term grade in that course. Each teacher has the option of withholding this deduction of two points provided the student presents to the teacher a legitimate excuse for each absence and provided, further, that the work missed on account of such absence has been made up. For classes which meet fewer than five times a week a proportionate reduction for each absence shall be made.

2. No student shall be admitted to an examination in any course from which he has been absent one-third of the time.

3. Each absence occurring on the day before or the day after a scheduled holiday shall bear a double penalty, except in a case in which the President shall rule otherwise.

4. When a student has been absent from chapel three times in one term the fact shall be reported to the President.

5. Any regulation of the College in conflict with the foregoing is hereby repealed.

REQUIREMENTS FOR GRADUATION

The College confers only two degrees, Bachelor of Arts and Bachelor of Music. The basis for reckoning is the term hour, which is used to designate credit for one recitation of sixty minutes a week for a term of twelve weeks. Two hours of laboratory work are accepted as equivalent to one hour of recitation, lecture or quiz. In the Department of Music five hours of supervised practice is accepted as the equivalent of one hour of recitation, provided each five hours of such practice must be accompanied by one-half hour of private instruction and the related theoretical work, and that such credit for practice will be only at the rate of one hour per term or two hours per term.

The student will be so classified that the work of the first two years will continue and supplement the work of his high school course, and the work of the last two years will be largely occupied with advanced work within two or three related departments. Not less than one-third of the total term hours required for graduation must be in courses designed primarily for juniors and seniors.

Before his graduation the student must have completed 192 term hours of work, beyond the fifteen units required for entrance, of a quality indicated by not less than 192 quality credits, and must have spent his senior year in this College, completing here not less than thirty-six term hours of work.

For the degree of Bachelor of Arts—

I. Required subjects:

English 11, ten term hours.

Bible and Religious Education 11 and 20, ten term hours.

Mathematics and Science, fifteen term hours. Students presenting for entrance solid geometry or trigonometry, or physics or chemistry, may be exempted from five hours of this requirement for each unit of these subjects offered for entrance.

One foreign language twenty-four term hours, or fifteen term hours in each of two foreign languages. Students may be exempted from as much as twenty term hours of this requirement on the basis of five term hours for each unit of such subject offered for entrance.

Social Science, fifteen term hours. Students may be exempted from a part or all of this requirement on the basis of five term hours for each unit of these subjects offered for entrance.

Psychology, five term hours.

II. Major and Minor Subjects:

For graduation the student must offer one major and one minor. In departments other than Music and Speech (See pp. 49, 56) a major is forty term hours in one department and a minor is thirty term hours in one department, provided: first, that in the case of foreign languages or mathematics the major and minor requirements may be reduced proportionately for a student who, because of his previous training, is able upon his admission to college to carry satisfactorily an advanced course in such subject; second, that for the purpose of this department, two modern foreign languages may constitute a department; third, that a major or a minor, but not both, may be offered from the department of Music; fourth, that in meeting the requirements for a major a student shall not receive credit for a course in which his grade average is below C.

The major and the minor subject must be chosen before the end of the sophomore year, and with the approval of the head of the department in which the major is chosen; and the head of this department becomes the student's adviser for the remainder of his college course.

For the degree of Bachelor of Music—

I. Required subjects:

English 11, ten term hours.

Social Science, ten term hours (as under the requirements for the degree of Bachelor of Arts).

Education, fifteen term hours.

Music, 36 term hours of applied work in one subject (as Piano, Voice, etc.);

20 term hours of applied work in a second subject;

49 term hours in theoretical courses in Music;

3 term hours, graduating recital.

Liberal Arts electives, 25 term hours.

For the Diploma in Music:

A three-year course in Piano, Voice, Violin, Cello and Organ leads to a diploma in Music. The entrance requirements are the same as for the Bachelor's degree.

Requirements:

Music, 27 term hours of applied work in one subject (as Piano, Voice, etc.);

18 term hours of applied work in a second subject;

51 term hours in theoretical courses in Music;

1 term hour in Stage Department;

5 term hours in Graduating Recital.

Physical Education, six term hours.

English 11, ten term hours.

Education, five term hours. A foreign language, 15 term hours.

Liberal Arts electives, six term hours.

For the Diploma in Public School Music:

A two years' course leads to a diploma in Public School Music. The entrance requirements are the same as for the Bachelor's degree.

Requirements:

Music, 21 term hours of applied work in Piano and Voice;
46 term hours in theoretical courses in Music.

Physical Education, six term hours.

English 11, ten term hours.

Speech, three term hours.

Education, five term hours.

Liberal Arts electives, five term hours.

For the Diploma in Speech:

In order to receive the diploma in Speech, the student must fulfill the requirements for the Bachelor of Arts degree, including 20 hours of English, with the major in Speech.

Pre-Medical requirements:

The attention of the student is called to the fact that a degree from a standard college is required for entrance to some medical schools, and therefore the pre-medical student should carefully consider the advisability of taking the four-year college course with a thorough training in the indicated subjects. However, the minimum requirements of the American Medical Association may be completed in two years, and are as follows:

Required subjects:

Chemistry, 18 term hours.

Physics, 12 term hours.

Biology, 12 term hours.

English Composition and Literature, nine term hours.

Other non-science subjects, 12 term hours.

Subjects strongly urged:

A modern foreign language, 9 to 18 hours.

Advanced Botany or Advanced Zoology, 5 to 9 term hours.

Psychology and Logic, 5 to 9 term hours.

Advanced Mathematics, Algebra and Trigonometry, 5 to 9 term hours.

Additional courses in Chemistry, 5 to 9 term hours.

Other suggested electives:

English, Economics, History, Sociology, Political Science, Mathematics, Latin, Greek, Drawing.

Pre-medical students should consult the heads of the Science departments in regard to their classification.

PHYSICAL EDUCATION

Physical Education or Military Training is required of all students for two years. The aim of the College is to provide and promote athletics for all, to insist upon some regular exercise for every student and to emphasize the value of such work.

ATHLETICS

The student who has an ideal education has been trained spiritually, intellectually, and physically. The ideal student should have a trained mind, a pure soul, and a strong enduring body. A college should give proper attention to the culture and development of each. No student who fails to maintain satisfactory class standing is permitted to play in interscholastic games.

EXPENSES FOR 1931-32

All checks in payment of college fees should be made payable to Ouachita College.

Expenses at Ouachita are kept at a level as low as is compatible with the high order of service which the authorities wish to render to students. STUDENT SELF-HELP

Many students meet part of their expenses by work while in the College. The institution employs students as far as possible on its own campus, providing several kinds of jobs, such as work in the dining room, in the kitchen, on the campus, in the buildings, and as assistants in the library and in some of the departments of instruction. These positions may be applied for at any time by addressing the business manager, the librarian or the professors of the departments needing help. Students who secure such jobs must give absolutely satisfactory service in order to hold their places. Such positions are ordinarily not open to freshmen.

In addition to the work provided by the College, many students find jobs in the city of Arkadelphia which furnish considerable assistance in helping them to meet their expenses.

RESERVATION OF ROOMS

Rooms will be reserved in the dormitories on application to the Business Manager. Each application must be accompanied by a reservation fee of five dollars, which will be refunded at the end of the year, less any damage to room or furniture turned in by the Dean in charge. In case the applicant should

decide not to take the room, this fee will be refunded, provided the notice of such decision is received in the business office of the College not later than August 1st. Students who take rooms in the dormitories are not ordinarily permitted to surrender them during the session.

Students who expect to reside in a dormitory should bring with them the following articles: One laundry bag, four sheets for single bed, one pillow, two pillow-cases, quilts and other covering as desired, towels, comb, brush and other toilet articles. Of course, these articles can be purchased in Arkadelphia if desired. Trunks should be small so that they may be pushed under the beds and out of the way.

GENERAL INFORMATION

WORSHIP

A general assembly at which the attendance of the students is required is held five times a week in the College Chapel.

Students are expected to attend worship on Sunday. The churches of the city welcome the attendance, and value the assistance of the students, many of whom are useful workers.

CHRISTIAN ACTIVITIES

Ouachita College, fostered by the Baptists of Arkansas, stands emphatically for Christian education. The Bible has an important place in the curriculum. Chapel services are held for thirty minutes every school day at 10:00 o'clock.

BAPTIST STUDENT UNION

Ouachita College maintains a well-organized Baptist Student Union. This organization is under the supervision of the Bible Department. Its membership consists of the unit religious organization. The B. S. U. Council, elected by the student body, is the governing body of the organization. The five unit organizations are component parts.

SUNDAY SCHOOL

The churches of the town maintain well-organized and thoroughly equipped Sunday Schools. Several members of the faculty teach in the Baptist Sunday Schools. The organized class movement, as recommended by our Sunday School Board, is well developed.

BAPTIST YOUNG PEOPLE'S UNION

There are four B. Y. P. U.'s, that meet regularly on Sunday evening. These Unions are assembled into one general B. Y. P. U. organization each Sunday for a brief period of worship. Students are given an opportunity to receive practical Christian training.

THE YOUNG WOMEN'S AUXILIARY

The Young Women's Auxiliary, a student organization among the young ladies, in affiliation with the women's work of the Southern Baptist Convention, is supervised by officers of its own selection and by an advisory committee from the faculty. The purpose of the Auxiliary is to aid in deepening the Christian life of the College and to give training for effective leadership in religious work. It keeps the students in close touch with modern and world-wide moral and religious movements. It endeavors to enroll every student in Bible and Mission study classes. In addition to the frequent meetings of its various committees, the Auxiliary meets once a week for religious exercises.

THE MINISTERIAL ASSOCIATION

The Ministerial Association has for its object the promotion of the interests of the ministerial students. At the meetings, held every Thursday evening throughout the year, the programs are such as will prove of lasting benefit to the students. The work done is in keeping with the devotional, intellectual, and pastoral duties of the young ministers.

The great need of Christianity is an efficient ministry. From the very beginning it was intended that Ouachita College should be a suitable place for the education of young ministers. It is not a theological seminary, but it is ready to help every deserving young preacher to get a college education, and the courses in the Bible Department will prove especially helpful. A ministerial student may secure remission of tuition charges upon recommendation of his home church and of the President of the College.

LIFE SERVICE BAND

The Life Service Band is composed of students who expect to give themselves to definite Christian work. The Band meets regularly for the discussion of Missionary topics and the study of missionary literature. It endeavors to keep alive the missionary enthusiasm of the other students.

THE AYLMEYER FLENNIKEN LECTURESHIP

This lectureship was established by Mrs. Mary Flenniken in memory of Aylmer Flenniken of the Class of 1890. The lectures consist of ten addresses on doctrinal and missionary topics, by some outstanding denominational leader.

LECTURES AND CONCERTS

Realizing the benefit to our students which grows out of bringing celebrated artists to the institution, there is provided each year a Lyceum Course. The intent of this course is to lend inspiration to our students by bringing them into actual contact with the leading personalities of our time. The course for the coming year has accordingly been chosen with great care.

SCHOLARSHIP SOCIETY

The Ouachita Scholarship Society was granted a charter in the Scholarship Society of the South on February 22, 1928. Nominations for membership are made from the members of the junior and senior classes who have met the prescribed requirements.

MUSIC

Music is an important element in the life of the College. The music at the daily assembly is led by a choir of thirty voices. The College library contains a valuable collection of musical literature. In addition to the courses described in the announcements of the Department of Music, valuable means for the study of music are afforded students in the chorus, glee clubs, orchestra and the band.

Many students are members of the church choirs of the city.

FORENSIC AND LITERARY ACTIVITIES

Literary Societies

The Alpha Kappa and Corinnean Societies for the young women and the Philomathean and Hermesian Societies for the young men are thoroughly organized. They meet once a week, and are doing enthusiastic work. These societies are strong factors in developing the literary tastes of their members. Experience in self-government is secured by the constant practice of parliamentary rules. Every student is urged to connect himself with one of the societies.

Ouachita Signal

The four Literary Societies of the College publish a four-page weekly known as the Ouachita Signal, incorporated in 1919 with the Ouachita Ripples, founded in 1889. Ample space is given in this weekly paper for reports of the various activities of the College, and the faculty and alumni often use it as a medium for expressing their views. The subscription price is \$1.50 a year, thirty-six editions. It is hoped that every patron, former student and friend of the College will avail himself of the opportunity to keep in close touch with the College by subscribing for this paper.

The Ouachitonian

The Ouachitonian is the name adopted by Ouachita College students for the annual publication. It is a pictorial survey of college life as the student sees it. The Ouachitonian contains usually not fewer than 160 pages, and is beautifully bound. In later years it will revive pleasant memories of classmates and college life.

The Dramatic Club

A club of students from the Department of Speech has regular weekly meetings, and from time to time presents plays. The Chorus, the Orchestra and the Dramatic Club afford

valuable practice to the students. They are under the direction of the heads of the departments which they represent, and are open to students interested in these various activities.

Oratorical Contest

Each year there is held a competitive contest in oratory between representatives of the Philomathean and Hermsian literary societies. These contests have become traditional in the life of the College.

Ouachita debating teams schedule a number of debates each year with neighboring colleges and universities. Membership on teams and excellency in debate are rewarded by election to Pi Kappa Delta, an honorary debating society, and by academic credit.

MILITARY SCIENCE AND TACTICS

CAPTAIN WARFIELD M. LEWIS, INFANTRY, U. S. ARMY
CAPTAIN FRANK G. POTTS, INFANTRY, U. S. ARMY
FIRST SERGEANT JOHN MAURER, D.E.M.L., U. S. ARMY

The Reserve Officers' Training Corps is primarily an institution for training in citizenship and for fitting the student for national defense if the need should arise. It aims to assist in the moral and physical development of the students; to instill in them a respect for authority and a love for order, and to inculcate the spirit of discipline. It develops self-reliance and provides training in leadership that will be valuable to the students in their professional and industrial careers.

The four years' Reserve Officers' Training Corps course is divided into the Basic course, consisting of the first two years in the Military Department, and the Advanced Course, consisting of the last two years.

The satisfactory completion of the Basic course is required of all physically fit male students and is a prerequisite for graduation. On the completion of the Basic course such selected students as are recommended by the President of the College and the Professor of Military Science and Tactics become eligible for the Advanced Course.

A six weeks' summer camp is required of each member of the Advanced course. This normally comes between the junior and senior years and is attended entirely at government expense.

At the end of each academic year one member of the graduating class may be designated as "Honor Graduate." To win this distinction the student must be one whose attainments in academic scholarship are so marked as to receive the approbation of the President of the College and whose proficiency in military training and intelligent attention to duty have merited the approbation of the Professor of Military Science and Tactics. He must be a citizen of the United States and of exemplary habits and good moral character.

Students who successfully complete the Advanced Course are tendered commissions as second lieutenants in the Officers' Reserve Corps of the United States Army, the acceptance of which interferes in no way with their civil pursuits and which insures that in cases of great national emergencies their services will be required as officers and leaders. Regulations provide for regular and systematic promotion to higher grades after graduation.

The government provides uniforms and equipment to all students enrolled in the Military Department, and those enrolled in the Advanced Course receive a daily money allowance for rations.

All courses are continuous through the Fall, Winter, and Spring terms.

MODERN LANGUAGES AND LITERATURE

PROFESSOR WHITEHOUSE

*MISS HAMILTON, INSTRUCTOR

ELEMENTARY COURSES—SCOPE AND PURPOSE

According to the findings of the Language Study Committee of the Carnegie Foundation, two distinct needs must be met by the elementary courses in modern foreign languages, namely: that of the student who can devote but one year to a language and whose principal aim is to learn to read it; and that of the student whose intention is to follow up the elementary course with more advanced ones, and probably to specialize in the language.

*Absent on leave.

To meet these demands, the elementary modern language courses at Ouachita are planned in conformity with the following principles:

They are intensive, designed primarily to impart a correct reading knowledge of the language. But, while the main object is to learn to "read the meaning" out of a passage without the intermediary of translation, nevertheless, the instruction follows the theory that a course designed primarily for learning to read may be given in such a way as to achieve the following secondary results: Correct pronunciation; ability to understand the spoken language fairly well; acquisition of a fair-sized vocabulary of words in frequent use; and finally, some facility in the correct expression of a simple idea in the foreign tongue.

FRENCH

11a, b, c. See "Scope and Purpose" above.

Text-books used are those from the large number now available that are best suited to the purposes of the course. Preference is given to grammars or elementary course books entirely in French. Fifteen term hours.

21a, b, c. INTERMEDIATE FRENCH.

Classroom French becomes part of students' vocabulary. Prerequisite: French 11, or two years of high school French. Nine term hours.

31a, b. COMPOSITION AND CONVERSATION

The object of this course is two-fold: first, mastery of the difficult phases of French syntax, such as modal auxiliaries, the subjunctive, idioms, etc., and second, by the constant use of French in the class room, to fit the student to specialize in the language and to qualify him for the advanced courses which will be conducted entirely in French. Prerequisite: French 21. Six term hours.

41. FRENCH DRAMA COURSE.

Introduction to the classical French drama, including a survey of the origin and development of the theater in France. As a historical basis, Delpit's "L'Age d'Or de la Litterature Francaise" will be read, followed by selected plays of Corneille, Moliere and Racine. Prerequisite: French 21. Two term hours. (Not give in 1931-32.)

PHYSICAL EDUCATION

MR. ROWLAND, DIRECTOR
MISS BLAKE, DIRECTOR FOR WOMEN

AIMS: The aims of the department are as follows: (a) To provide an incentive and an opportunity for every student to engage in exercises daily for the promotion of health and efficiency; (b) to train physical educators and play leaders.

PROFESSIONAL COURSE IN PHYSICAL EDUCATION

The demand for trained physical educators, recreation and athletic directors is increasing each year. The demand is due to the recognition of health problems, and educational and social values of athletics and the relation of leisure time to citizenship. The demand for trained directors is increasing because of the compulsory laws in physical education for elementary and secondary schools that have been passed in different States. It is the purpose of this professional course to qualify men for some of these places.

31a, b, c. COACHING

The first term is devoted to football, and the course consists of one hour lecture and five hours practice each week. The second term is devoted to basketball, one hour lecture and five hours' practice each week. The third term is devoted to track and baseball, one hour lecture and five hours practice each week. This course is open to all Juniors and Seniors. One hour's credit per term is given for this course.

The golf course and tennis courts are open to all students without extra charge.

Women students may take three hours a week of physical education during the four years, and are required to take this work during the freshman and sophomore years, unless excused by the Physical Director on recommendation of the College Physician.

A thorough physical examination is given each student, the results are filed, and corrective work is prescribed. Special stress is put on systematic training in gymnasium work.

11a, b, c, 21a, b, c, 31a, b, c, 41a, b, c. GENERAL GYMNASTICS FOR WOMEN

This course consists of work in correct standing, walking, breathing, marching tactics, relaxation exercises, corrective exercises, rhythmic work and gymnastic games. Three hours a week. Credit, one hour a term.

GENERAL STATEMENT

The courses in the department are divided into two groups. This grouping is for pedagogical purposes. The first group includes those courses that furnish introductory information in the various fundamental fields of biology. There are no prerequisites. At least ten hours must be taken from this group before the student will be allowed to enter any course in the second group. A major cannot be taken in this group only. The second group contains courses of a more advanced nature, some of which are not generally offered to undergraduate students. No student may enter a course from this group without the consent of the instructor. A student entitled to enter these courses must have shown by his previous work in the department a genuine desire and a degree of ability to do a higher grade of work. He is expected to have caught something of the spirit of the department. He must have shown some desire and ability to work for himself.

The objective in this departure from accepted standards for teaching biology to undergraduates is twofold. First, the department desires to find students capable of doing independent work in the field of biology. Second, it attempts to offer guidance to such students and opportunity to them for making free and unfettered use of their talents for research.

All work in the second group is carried on either in the laboratory, field, or in consultation. While the student is allowed absolute freedom he is expected to make and follow a schedule suitable to himself and the instructor.
