It was probably as a reflection in some quiet pool that man first beheld his own image and it gave him a hunger for knowledge about himself. He studied the shape of his nose, the color of his eyes, his smile. A conception of his physical self was being etched in his mind.

Then he discovered the magic of mirrors. Fine ladies began to spend their time admiring the reflection of beautiful complexions and rich adornments.

Someone adapted the principles of reflection of light and the camera became a means of capturing man's image permanently.

The 1968 Ouachitonian is an attempt to capture and record the reflections of a year at Ouachita. The images of the individuals who played a part in the year appear here. Recorded too are the events and the emotions, all for the purpose of giving the student a memory — the reflections of 1967-68.

Search

He searches for knowledge and finds the hidden meanings, the inner surfaces of life and they reflect back to him a glimpse of the reasons for being.

Victory

Maybe it's a better grade point, maybe a bid or a beauty title. Sometimes it's winning a game or completing a term paper or getting a date, but it's all competition. And, for some, it's victory.

Disappointment

The final score's in their favor, you get an "F" on an exam paper, the other guy wins by one vote in the runoff. This, too, was a part of the year — disappointment.

Becoming

Color photo by Bill Kennedy

It may not be until he meets the world head-on through the university that he begins to flower. He must fly or fall, so he grows and faces reality and becomes.

Change

The hands of the clock continue to circle and the calendar pages must be turned and the world changes and the university must change with it. Different people, new buildings, additional regulations — they reflect the change of this year.

Belonging

Acceptance, security, or someone to depend on are things for which he clamors. And when his fingers close around them he hangs on desperately, trying to stop the world reeling under his feet. A cause, a group, or a someone — he needs to belong.

Celebration

There are times when his spirit seems to take flight and soar like a bunch of bright balloons in the glinting sunlight. A sports victory, a favorable election, or, sometimes just Friday, become a cause for celebration.

Worship

A Bach fugue, or a gospel hymn, light pouring through a crimson and gold window, and a serene stillness are like bits of colored glass which reflect an image of man reaching for values beyond his own self-centeredness and coming face to face with his God. A coming together, a giving of one's self, a receiving — this is the side of man called worship.

Awareness

The seasons came and went and he smelled the crisp fireplace smell of winter and touched the softness of summer, but never really lived it. Then there was that moment when he realized there was a world out there and he could actually reach out his hand and touch it.

OUACHITA BAPTIST UNIVERSITY

At first it was all fuzzy and foggy and like one of those mornings after you had stayed up all night studying for finals and you weren't sure if there was a mist over the ravine or if it was in your head.

Then the mist began to clear and the sun began to rise and you could feel and smell and know that you were really doing those things and not just watching the world go rushing past.

Real awareness dawned just in time for you to look back and wonder where it all had gone and what you had missed. And maybe you hoped that somewhere it had been captured — the reflections of the year.

President

Phelps Headed OEO During Year's Leave

"I wanted to do something that would be interesting, constructive, and that would be a service contribution," was the reason Dr. Ralph A. Phelps Jr., Ouachita's president, gave for the way he spent his leave of absence this year.

Dr. Phelps served as southwest region director for the Office of Economic Opportunity.

He and his family moved to Atlanta for the year, but he returned to the campus on several occasions.

Dr. Ralph A. Phelps Jr. served his 15th term as president.

Dr. Phelps welcomes Dr. W. Allen Powell as chairman of the English department.

One of the more pleasant tasks of the year was reading a proclamation honoring Sharon Evans, Miss Arkansas.

Dr. Green Handles Administrative Acts

Serving as acting president of Ouachita in the absence of Dr. Phelps was Dr. Marvin Green, chairman of the board of trustees. In a similar position of responsibility was Wayne Smith, assistant to the president.

Dr. Green was on the campus almost every day although he commuted from his home at Stephens.

Wayne Smith became a special assistant to the president after serving here as director of student aids.

Dr. Green and Wayne Smith made many administrative decisions together.

Wayne Smith, assistant to the president.

One of Dr. Green's duties was crowning and congratulating the Tiger Day Queen.

Board of Trustees members are (BACK ROW) Dr. Walter Yeldell, Harold Echois, Marlin Gennings, Thomas Keys, Rev. Mason Craig, Wade Willis, E. M. Jones Jr., Charles A. Gordon Jr., Rev. Bernes Selph, John Gardner, Rev. Lehman Webb, W. C. Hargis Jr. (FRONT ROW) Dr. Rheubin South, Mrs. Robert Gladden, Jeral Hampton, Dr. Ralph Phelps Jr., Dr. Marvin Green, Rev. Robert Parker, George Jordan, Mrs. J. C. Fuller, and C. S. Williams.

Board of Trustees

Elected Group Makes Decisions

Owned and operated by the Arkansas Baptist State Convention, Ouachita is governed by a group of men and women elected by the Convention and serving as the Trustees. Many financial and administrative decisions are made by the Board.

Executive Committee members are (BACK ROW) Dr. Rheubin South, Rev. Robert Parker (vice chairman), George Jordan. (FRONT ROW) Dr. Phelps (president), Dr. Green (chairman), and Jeral Hampton.

Long-time Board member, Miss Emma Riley, retired last year.

Vice President Heads Planning

Dr. Ben Elrod was vice president for development of Ouachita and was in charge of planning for growth of the school.

Dr. Elrod headed the "Operation 1980" plan for campus development. His work included planning for building expansion and securing the necessary funds.

Dr. Elrod keeps his briefcase full of plans.

Lindsey Serves In Two Posts

Dean of faculty, Dr. Henry Lindsey also served as dean of the graduate school during the second semester.

Dr. Lindsey co-ordinated course offerings, class scheduling, special lectures, and meeting place arrangements.

His duties in the capacity of dean of the graduate school included teaching, co-ordination of teaching fellow work, and counseling.

Dr. Lindsey's telephone was constantly in use.

Jim McCommas set up his office in new Northeast for men.

Dr. Gambrell also has academic interests. He teaches courses in religion.

Mrs. Flaig has a typically feminine office from which she directs women students.

Deans

They Enforce School Policy

One of the main tasks of Dr. Tom Gambrell, dean of students, is helping students understand and follow school policy. His office handles such matters as class excuses, parking violations, and other regulations concerning student conduct.

Jim McCommas, as director of men, assigns housing for single men. He had been assistant director of student aids, and assumed the new position this year.

Director of women, Mrs. Neno Flaig, is responsible for the women's student government. She heads the AWS Judicial Board and assigns housing to women students.

Jim Fincher, assistant to the business manager was a new member of the staff.

The contents of the school vault are the responsibility of Mr. Orr.

Mrs. Rodgers, Mr. Orr Find Records a Must

Admissions, credits, and requirements for degrees were the concern of Mrs. Laurie Rodgers, the registrar. Since she began in 1963, she has organized registrations and kept records on thousands of Ouachitonians.

Through the hands of James Orr, business manager, passed countless bills, checks, and a lot of money. Through the business office, students paid school expenses and received those hard-earned checks for campus work.

Assisting Mr. Orr this year was Jim Fincher, a new staff member.

Degree forms are complicated, and Mrs. Rodgers is often called on to help with them.

Staff Members Concerned With Helping Students

Familiar to students holding campus jobs was W. Jack King, director of student aids. "Col." King not only was in charge of work-study, Economic Opportunity Grants, and OBU work, but handled loans and scholarships as well.

William D. Downs Jr. was appointed this year as director of public relations. He had a background in advertising and public relations before coming to Ouachita.

Mrs. George Johnson served as director of student activities. This was a planning and co-ordinating job.

Miss Martha Greene kept the bookstore running smoothly in her position as manager.

Helping students to find potential employment was the task of Miss Francis Crawford, director of placement.

W. Jack King has the task of solving students' financial problems.

Mrs. Ruth Johnson kept track of student activities and co-ordinated them.

Keeping a eye out for job opportunities, Miss Crawford passed the information to students.

Mr. Downs, public relations director, represents the "talk Ouachita up" philosophy.

Miss Martha Greene keeps a supply of official school items as well as textbooks.

"You want late permission until when?" Mrs. Grace Boone asks one of her girls.

"Moms" Have Rewarding But Very Busy Jobs

Constantly encountering new problems, a dorm mom or resident counselor must be on almost 24-hour duty. "Moms" in women's dorms must open and close the dorm, and give late permission, in addition to checking rooms for neatness as counselors in men's dorms do.

She comes into contact with every student in her dorm, and this makes the job both challenging and rewarding.

Number of Staff Grows Along With Facilities

Providing services to the student were library, the infirmary, the news bureau, and the dining hall.

Mrs. Juanita Barnett, librarian, made plans for moving into the new wing of the library while she and her staff looked for more ways to provide the student with study and research materials.

Mrs. Karolyn Ballentine, school nurse cared for minor illness among students and referred them to the school physician, Dr. J. W. Kennedy, when necessary.

Seeing that news about the school and the students got to the newspapers was the task of news bureau director Claude Sumerlin.

Dietician Mrs. Charles Conner and her staff prepared 20 meals a week for Ouachita students.

Librarian, Mrs. Juanita Barnett, has the job of keeping the library running smoothly.

Assistant Librarians are Mrs. Kathryn Sumerlin, Mrs. Jean Raybon, Mrs. Hugh Cantrell, and Mrs. Victor Oliver.

Mrs. Karolyn Ballentine, school nurse, was added to the staff this year.

A typical task for the director of the news bureau is covering a football game.

Secretaries Assist The Administration

Secretaries in the campus offices performed countless tasks which kept the school running smoothly.

They typed, stuffed envelopes, cut stencils, errands, kept records, and made payrolls.

They constantly encountered student problems, faculty problems, and just problems.

Some secretaries were assisted by student secretaries, but they were still some of the key figures in getting done the work of the university.

Mrs. Jane Quick is both a secretary and a special assistant to the president.

Mrs. Alta Allison, secretary to the dean of students, makes out class excuses, and student bulletins, among other tasks.

Business and Economics

Practice Brings Skill For Business World

Both theory courses and training courses were offered to students in the fields of business and economics by a five-member faculty in this division.

Twelve courses in secretarial science prepared students for office-work employment.

Training for executive management was offered in the department of business administration.

Also available were courses in accounting and economics.

The division sponsored an honors seminar group, and the Phi Beta Lambda business fraternity was an outgrowth of the division.

A knowledge of economics is important whether used in the industrial society or for the average buyer.

The teacher education program offered professional courses and guided students through student teaching.

The department of psychology continued experiments with rats and gerbils, and sponsored a series of programs to acquaint law enforcement officers with the problems of mental illness.

Training students in physical education procedures and providing activity courses for all students were major tasks of the physical education department.

Dr. Maurice Hurley and Dr. Weldon Vogt engage in a panel discussion with a police officer and a psychiatrist during the conference on "The Police and Mentally Ill Persons."

Not every college teaches courses in driver training as does Ouachita. Lillian Andrews passed the test for her driver's license as a result of the course.

It's a case of learning the hard way as Sang Kyu Kim throws a pupil in his judo class.

Practicing for the Serenaders USO tour are Margie Stobaugh and Amelia Carter.

Fine Arts

Fine Arts Offer Variety In Music and Art Fields

Ouachita's music department once again drew national attention as one of its vocal groups, the Serenaders (Madrigal Singers) was chosen to make a USO tour during the summer of 1968. They were to tour military bases in Labrador, Newfoundland, Greenland, and Iceland.

Humanities Enriches Intellect, Appreciation

The diversified courses of the division of humanities not only enriched the lives of students through art and music, but trained them in more specific skills such as languages and journalism.

Dr. W. Allen Powell was appointed head of the English department. He came to OBU this year from South Carolina.

Three teaching fellows were on the English staff, and Dr. Roman Czerwinski was a visiting scholar during the fall semester.

The speech and drama department completed a year in the new facilities in Verser Speech and Drama Center. G. Allen Yeomans was a visiting scholar in speech.

Languages were taught with the aid of listening labs.

The journalism department taught reporting and editing, using the school publications as laboratories.

Natural Science

Professional Training Is Department Goal

Research played an important role in the training of students in the division of natural science.

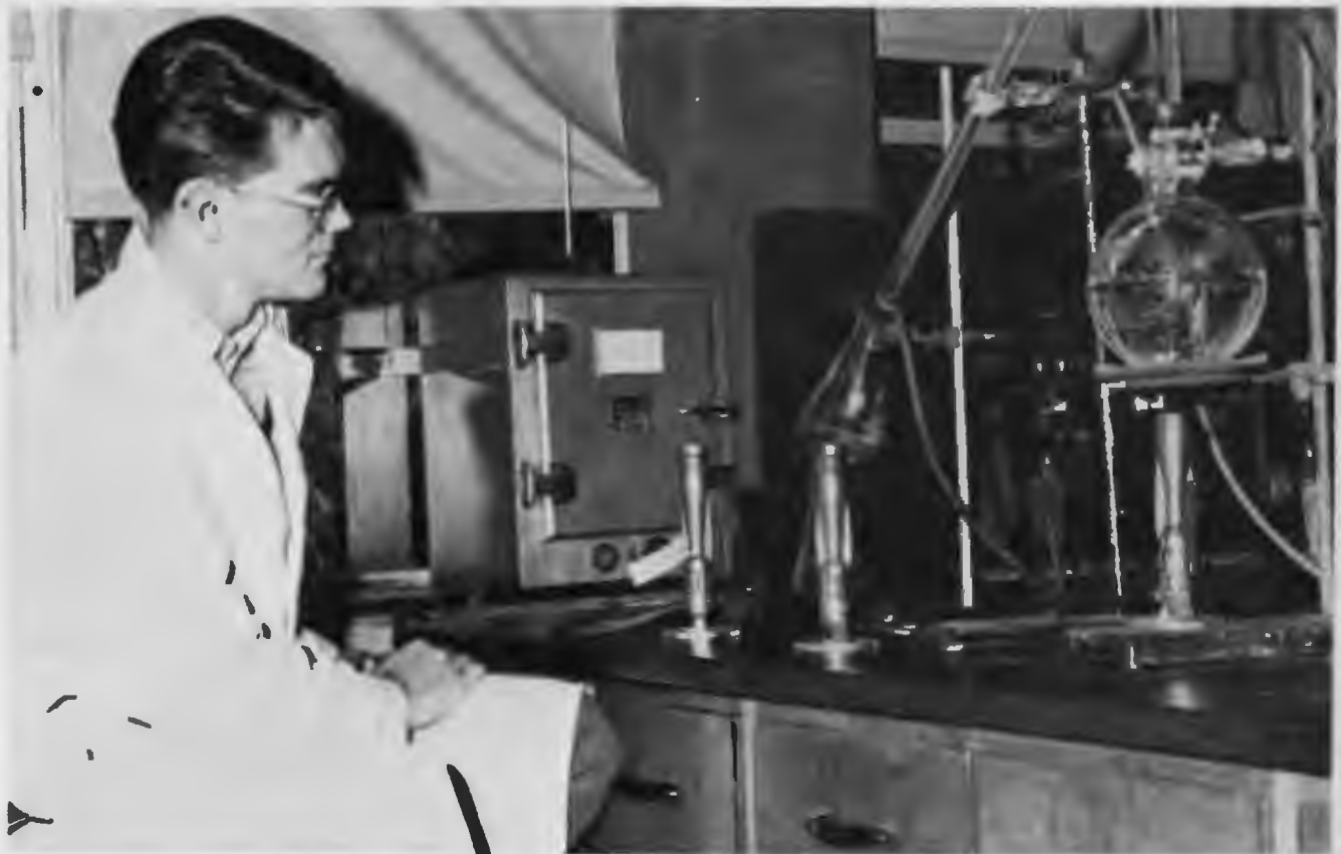

A notable research project was the pre-impoundment chemical survey made by Dr. Joe Nix, chemistry professor, on the waters of the Caddo River. A number of chemistry students participated in this third phase of the project which was made to help develop plans for construction of the DeGray dam.

The biology, chemistry, physics, and mathematics departments trained students for professional careers in science.

Providing training in homemaking skills was the department of home economics. A large number of home economics students entered the field of teaching or became professional home economists.

Comparative anatomy students learn by dissecting their subjects.

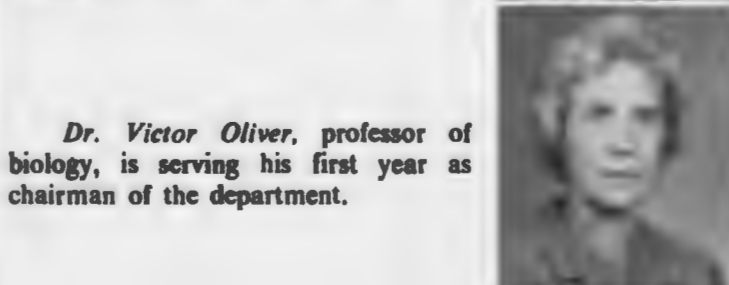

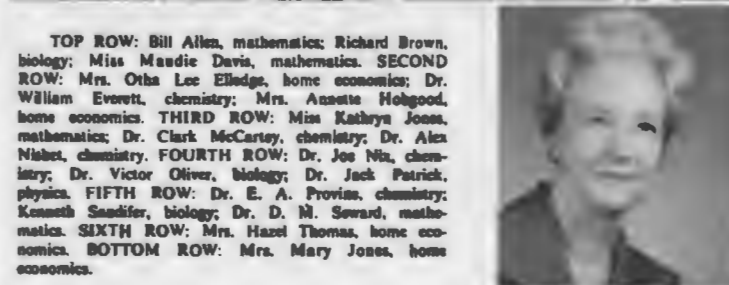

Experiments led to challenging and valuable discoveries.

Dr. Vester Wolber heads the division. He is a professor of religion.

Courses in Religion Reach All Students

Virtually every student came in contact with the division of religion and philosophy during his studies at Ouachita.

A large number of students prepared for church-related vocations, with the greatest percentage being ministerial students.

All students took general education courses in Hebrew and Christian Heritage, in which they studied the Old and the New Testament.

Courses in the department of philosophy covered logic, ethics, and ancient philosophy through modern philosophy. Studies included the ideas of history's greatest intellects.

Ministerial students learn to preach by doing just that. Bill Crumpler gets some on-the-job training.

Professors of the division often serve as spiritual counselors to their students. Dr. Raymond Coppenger confers on a problem.

Social Science

Students Aid Mitchellville

Social science students this year had opportunity for practical application of their education through the Mitchellville project.

Mitchellville, a small Negro community outside Pine Bluff, received promises of aid from the U.S. Department of Agriculture after a survey of the underdeveloped area by students of Dr. Bob Riley, social science division head.

Groups went to Mitchellville on Saturdays to help with programs of recreation, education, and the teaching of self-government.

All of the departments of the division were involved in the Mitchellville project.

Representative of the variety of courses offered in the social science area are these text books used in the department of history.

Steve Railey and *Gary Cheatham* helped take a survey that assisted Mitchellville.

Dr. Bob Riley was head of the division of social science.

Taking the Mitchellville survey gave students a chance to talk with people of another culture. Lamar Jones knocked on many doors to get the needed information.

TOP ROW: Clarence Allison, history and political science; Guy Nelson, history. **SECOND ROW:** Jesse Nutt, history; Dr. Randolph Quick, sociology; Jim Ranchino, political science. **BOTTOM ROW:** Dr. Paul Root, history; Mrs. Herman Sandford, sociology; George Slavens, history.

Military

ROTC Discipline Builds Leadership

Change was the story of the year in the department of military science.

On Sept. 23, Lt. Col. Royce L. Eaves, chairman of the department, retired and Lt. Col. Edgar David assumed the chairmanship. Lt. Col. Eaves was presented an inscribed plaque at half-time ceremonies at a football game prior to the retirement date.

Another change was the time of drill exercises. Cadets in Reserve Officers Training Corps programs took part in drill or leadership laboratory from 7 to 9 a.m. each Thursday.

The department designated Nov. 11 "Lt. Pryor Wheat Day" in honor of the first Ouachita graduate to lose his life in Viet Nam.

Parade review is one of the duties of Col. Edgar David, Ouachita ROTC head.

Advanced ROTC cadets attend camp each summer. Walter Butler, Dr. Tom Gambrell, and Capt. Richard Calhoun, a Ouachita graduate who is assigned to ROTC at New Mexico State.

Lt. Col. Edgar David became chairman of the department of military science after Lt. Royce Eaves retired.

Cadet Col. Michael Stubblefield was brigade commander of the ROTC.

TOP ROW: Maj. William Davies, Capt. Ronnie Renfro, SGM. Carl Blazin. SECOND ROW: MSG Robert Clark, SFC James Parks, SSG Ronald Warnock. BOTTOM ROW: SSG Johnnie Dosset.

Members of the color guard "fall in" in preparation for Ouachita ROTC participation in a Veteran's Day parade.

Dick Rose, like most graduate students, finds a great deal of library research necessary.

Dr. Henry Lindsey was appointed dean of the graduate school in February.

Graduate School

MSE Program Added To Graduate School

Another degree program was added to the graduate school this year. The Master of Science in Education degree, which had been in the planning stage for two years, was granted preliminary accreditation by the North Central Association.

The program is designed both for in-service teachers and for prospective teachers who earned baccalaureate degrees without taking professional education courses.

Classes in the program were planned for the Arkadelphia campus and for the Little Rock and Camden branches.

The MSE program was the fourth program added under the graduate school.

Campus Always Changing, Growing

Going up, coming down, and spreading out describes the way the campus changed this year.

In the midst of the "Operation 1980" building program, the school came up with funds to complete Verser Speech and Drama Center, lease two new men's dorms, build a three-story addition to the library, and renovate Cone-Bottoms women's dorm.

The Little Theater came down, and Lakeside was changed from a men's dorm to an office building.

The steeple of Berry Chapel is one of the marks of the Ouachita campus.

J. R. Grant Hall is Ouachita's administration building.

A gathering place for students, the Flenniken Memorial Student Center is a focal point of activity.

The majestic columns of Cone-Bottoms Hall, a women's dorm, are reminiscent of Ouachita's past.

Housing the music department and providing auditorium facilities is Mitchell Hall.

Riley Library was the scene of construction as work continued on a three-story addition.

Birkett Williams Dining Hall serves meals to on-campus students.

Newly completed Verser Speech and Drama Center offers modern facilities for play production.

Campus

A. U. Williams Field, on Highway 67, was the site of football games and track meets.

The newest building on campus was Northeast dorm for men, leased to the school by an insurance firm.

The facilities of Hamilton Moses Science Building were slated for enlargement in plans begun this year.

Twin to the new boys dorm was another structure, leased from the insurance firm, which housed 150 girls. It was not yet named.

The center of physical education activities was Rockefeller Field House, named for Gov. Winthrop Rockefeller, who donated the final \$50,000 needed for completion.

Ouachita's oldest building was North men's dorm, which was closed the spring semester.

Located next to North on the main campus complex was O. C. Bailey, another men's dorm.

Perrin was designated for freshmen women this year, making the twin dorms exclusively freshmen.

The Ouachita Apartments housed married students as did the North Campus complex.

Campus

Earnest Bailey Hall, a classroom building served the departments of business and home economics.

Ouachita's farm, complete with cattle and a barn, is located between the main campus and Ouachita Hills.

Highlights

April, May

Spring Months Mark Beginning of Things

As is typical of spring, the months of April and May marked the beginning of things.

The first "Miss Ouachita" pageant was the beginning for Sharon Evans of a road that led to even higher beauty honors. She went on to win the Miss Arkansas title, and took co-honors for Miss Congeniality in the Miss America Pageant.

The building of the new men's dorm was begun at this time.

It was also the beginning for a new slate of Student Senate officers and class officers. Walter Ellis ran unopposed for Senate President.

A first in spring activities was the "Mr-Miss Ouachita" pageant, in which boys competed for the beauty prize in the guise of girls. Johnny Hooks came out on top.

OBU talent, the Johnny Maddox Trio, won the AIC Talent Show, but this was nothing new.

Concrete and steel began their growth into the new men's dorm.

A jungle of posters pleaded for votes during the spring election campaign.

Johnny Hooks seems overcome as he receives the Mr- Miss Ouachita crown from the real Miss Ouachita.

Denise Gray competed for the Miss Ouachita title with her vocal talent.

Lamar James participates in the annual spring activity of voting for student offices.

Given first prize in the AIC Talent Show competition were Tommy Cox, Jim Shambarger, and Johnny Maddox.

The EEE's lost their cargo in one of the Derby Day races.

Nell Dickerson did a take-off on Phyllis Diller at the EEE's annual "Fumes".

"J. B." was the first play produced in the new Verser Drama Center.

Faculty members march to their places under the warm May sun.

May

Verser Dedicated Near Year's End

The 1966-67 school year drew to a close with the usual spring activities as well as some firsts.

The long-awaited dedication of Verser Speech and Drama center was held May 2, with *Saturday Review* drama critic Henry Hewes and Earl Verser as speakers.

Other firsts were the school-wide Play Day and Derby Day, which was sponsored by Sigma Alpha Sigma.

Degrees were granted to 215 on May 28, and Dr. Phelps announced a one-year sabbatical.

The dedication of Verser Drama Center rated television coverage.

Summer

Pace Gets Easier And Days Longer

With more hours of daylight and classes concentrated in morning or afternoon, the pace of summer school was more relaxed than the regular term. Students had more time to sit around and just talk or maybe swim in the Caddo River.

Ouachita was host to a forum on education, a children's book exhibit, and the Upward Bound program.

Sharon Evans, the first Miss Ouachita, was chosen Miss Arkansas and was honored with a reception in Flenniken Memorial Student Center on July 28. Dr. Ralph A. Phelps read to her a proclamation from the Trustees granting her a full scholarship for one year.

Climax of the summer was the awarding of degrees to 69 at August 11 commencement. The speaker was Robert D. Hughes.

A participant in the Upward Bound Program takes a swing during a recreation period.

Summer school students found time to relax with conversation.

Graduating ROTC cadets received their commission in the regular Army at commencement.

An exhibit of children's books was held in Riley Library for the benefit of public school teachers.

Summer meant to Jack King time to hold the puppies born to one of the campus dogs.

Sharon Evans was delighted at the Board of Trustees' congratulatory proclamation which Dr. Phelps read to her.

Class Work Is Resumed

September was a beginning and a beginning again. Freshmen stepped into a new world and were confronted with lines, bewildering schedules, and Seniors who insisted they wear those beanies. Upperclassmen returned to the routine of college life.

During the month, Dad's Day was held to honor the students' fathers. It featured open house in the dorms and a talent show.

"Blithe Spirit" was the drama offering for September.

Students waited to get into Riley Library to register.

Freshmen bought their beanies from the Senior Class.

Tiger painting is an annual task, but it's not every year he gets his toenails whitened by the Frosh.

Madame Arcati (Arlyss Friddle) seeks contact with the rit world, the purpose for which Mrs. Bradman (Dean tchey) and Ruth (Kitty Cook) have hired her.

Dad's refreshed with punch and cookies served by the EEE members on Dad's Day, held on the 23rd.

The gypsy singing of David Cone was part of the entertainment at the annual Sadie Hawkins Day fair.

Johnnie Maddox and Jim Barnes were two of the signers of a petition to rename a dorm for Pryor Wheat, the first OBU grad to die in Vietnam.

Linda Spargo found the candied apple worth the mess of eating it at the Halloween "Ghoul Gasser"

The four 1968 Ouachitonian Beauties were given roses by the 1967 Beauties.

October

Annual Beauty Pageant Moved Up to October

Margie Stobaugh and Jack Voorhies captured the audience at the Beauty Pageant with their "Charleston"

October was spiced with annual entertainment events—the Gamma Phi's Sadie Hawkins Day, the EEE's Ghoul Gasser, and the Ouachitonian Beauty Pageant, sponsored by the yearbook.

Sadie Hawkins Day activities centered around a group of booths set up in the grassy area near the library and the administration building. Students could buy the opportunity to throw pies at faculty members or dunk a Gamma in cold water. Also sold in the Dogpatch setting were hot cider and cotton candy.

Halloween spirit came in with spooky characters and the various costumes of the season as booths in Walton Gym offered entertainment at the Ghoul Gasser. EEE sponsored the goodies and ghouls.

Student Senate

Student Government Pushes for Change

Working under a new constitution, the student senate promoted several annual projects and sought to make some changes, also. President Walter Ellis led these efforts.

They were responsible for getting four guest lecturers as the senate did last year; and they gave a spirit trophy.

The senate also instituted some changes. These included revising the by-laws of the new constitution to remove control of finances from the school business office, and recommending the pass-fail system for three general education courses.

Student government officers were behind a petition to rename a dorm after Pryor Wheat, OBU graduate who was killed in Vietnam.

Senate appropriations were voted for new sweaters for the cheerleaders, and for a pool table, a color TV, and ping pong tables for the student center.

Senate officers were Lane Deese, secretary; Walter Ellis, president; Bob McCord, vice president; and Kathy Thrash, treasurer.

Senior Class Officers, 1967-68, were Delbert Palmer, president; Pat Clark, secretary; B. R. Tarkington, treasurer; and Jim Phelan, vice president.

IN MEMORIAM

A proud moment . . .

Pryor Wheat was pinned by his mother in commissioning ceremonies at Ouachita in 1966.

And a proud memory

Hope Wheat receives medals awarded posthumously to Pryor in ceremonies at Ouachita in 1968. Pryor Wheat was killed in action September 6, 1967, in Vietnam.

Reflections

Reflections . . . of images. Trivialities of sight and sound and feeling grow and become significant, heavy with meaning, a small moment in four years that somehow will come to stand out and even symbolize the whole. They will linger.

Images merge, but a racing second plucked out of the rush may have become frozen.

Reflection of images. The 1968 Ouachitonian is dedicated to those images, reflections of Ouachita, 1968.

Reflections

By the time you read this page, you will have looked through the book and asked why about so many things. You, the reader will have an opinion of this book, but to pass a final judgement would be unfair to yourself.

I know because I used to judge the Ouachitonian. I just knew the editor could have gotten better quality prints, or used less corny cutlines, or planned for a more complete record of the year. And I wondered why things were as they were.

Now I have been an editor and I know. No matter how much planning goes into the book, baffling and frustrating things happen. Maybe a key roll of film gets mangled in developing or a dozen promises from a staff member produce no work.

This year was really an awakening. I found that most of those little slips were acts of desperation by editors who stayed up many nights putting out the book almost single-handedly, and, quite frankly, that's the way it really is.

This yearbook is not perfect. There will never be a perfect yearbook. Those who realize this will not expect perfection, and will be able to accept it for its real value—a record of this year.

I certainly would not want to leave the impression that there are no thank-yous to be given. A few people put their best into this book. The other staff members didn't and I won't fib and thank them.

Four of these staffers volunteered and then carried out their responsibilities on time. Credit is due to Linda Murphree for the social club pages, to Raouf Halaby for the final layouts, to Larry Chesser for the sports, and to Thearon McKinney for the ads. Thanks to you, Sandra Robertson, for all the typing.

Somehow, I find myself being even more grateful for someone who would step in and take up where someone else left off. Virginia LaCook

started out as a typist on loan, but she soon took the organizations section and completed it.

I also want to thank Mr. Downs for his advice and all that initialing. Mr. Hale, our Walsworth representative, was a big help, also.

Even though I said I wouldn't, I can't let this book go to press without thanking Bill Kennedy. Even if I don't mention the pictures, I must thank him for keeping me from giving up, and for letting me cry on his shoulder (literally).

Well, it's over. The people are gone, the office is cold, and the mess is waiting to be cleaned up.

Somewhere amid those piles of pictures and layouts and memos in front of me, there must be a reason for doing this.

Sometimes I wondered if we were doing something worthwhile, creating something of value. You and I will know in a few years when memories are fading and photos have become non-existent and some of the people and places have, too.

You see, that's the purpose of this book—to provide a record and to help you remember what it was like. I hope you will accept the 1968 Ouachitonian for what it is. I offer the book to you as a record. If you can use it, everything will be worthwhile.

Betty
