ORGANIZATIONS

As this year becomes a part of the shadow of the past many memories of our school days will remain a reality during the future. Auld acquaintance will not be forgotten as we remember the cooperation and participation of the student body in events such as Arbor Day, the Lottie Moon drive, the love offering for a fellow student, and the passing of the goal for the Radio Free Europe Crusade. The spirit of a united campus typifies a Christian atmosphere and we who are leaving shall take with us the love of helping hands, true friendships, and the spirit of sacrificial giving. May God be centered on this, our college campus in the future years.

Ouachita's members in Who's Who in American Colleges and Universities this year are a cross-section of all phases of college life and fields, chosen for their outstanding abilities of leadership, character, scholastic achievement, and potentialities of future development and usefulness to society.

Among these eleven people we can find leaders in the school politics, queens, favorite personalities, campus favorites, leaders in religious activities on and off the campus, athletes, singers, creative writers, and some of the highest grade averages of the senior class—all standouts in his or her major field. These things are more evident by the list of their activities on the senior class pages.

To you, the members of Who's Who in American Colleges and Universities, we give a salute.

VARSITY GIRL

There is one girl I can never forget
No matter how hard I try,
A part of me always is hers to neglect,
Somehow I cant realize just why—

My VARSITY GIRL I love you
There's nothing more I need say,
My VARSITY GIRL where are you
Oh why did you go away?
I keep recalling the moon on the tow'r,
Oh you were my treasure of gold.
I can't forget those heavenly hours
Oh this is a story that's never been told:
My VARSITY GIRL where are you
This is our senior year
Please come back before it's over
VARSITY GIRL my dear.

Please type this up
and forward to our
advertising agency

Dear Ed,

How about inserting an ad in some college year books and let's see if we can't interest some of the graduates in our work down here.

As you know, we are always on the look out for an alert graduate that will fit in with The Crossett Company. Too darn many of them are leaving the state just because they aren't aware of the opportunities here. So let's have the ad point out that industry here in Arkansas is always ready to lend a hand in helping graduates find good jobs.

We might also stress some of our employees' benefits such as group insurance, retirement plan, etc. Tell them we employ around 2,000 persons.

Let's also give them a little info about The Crossett Company, such as, that it's been doing business for more than 50 years, that we are a leading manufacturer of lumber, paper and wood chemicals. And don't forget to mention our forest management program that will mean jobs from now on.

Better tell them something about Crossett, too. Let them know we have one of the finest school systems in the state, an excellent hospital, plenty of churches, low crime rate, low taxes, and lots of recreation facilities.

Don't oversell it however. Just let them know that The Crossett Company is a darn good employer and that we'd like to see applications from any graduate that is interested.

I'll look forward to seeing proofs.

Best personal regards

Joe
