### A WORD FROM THE PRESIDENT

Ouachita Baptist College has a program designed for the student who wants "quality plus" in his college education. High scholastic standards together with emphasis on personality and character development are designed to produce graduates highly trained but with more than mere facts at their command. We believe that a Ouachitonian has the necessary preparation to make a good living while living a good life, and we urge every person seeking these things in a college to consider this "queen of the college world."

**RALPH A PHELPS, JR.**  
President

## Brief History of the College

The Arkansas Baptist State Convention in annual meeting at Hope, Arkansas, in November, 1885, voted to establish Ouachita Baptist College. The next month, by vote of the board of trustees, the college was located at Arkadelphia. Classes began in September, 1886. The college has operated without interruption in the same location since that date.

Eleven presidents have guided its development: Dr. J. W. Conger, 1886-1907; Dr. H. S. Hartzog, 1907-11; Dr. R. G. Bower, 1911-13; Dr. S. Y. Jameson, 1913-16; Dr. C. E. Dicken, 1916-26; Mr. A. B. Hill, 1926-29; Dr. C. D. Johnson, 1929-33; Dr. J. R. Grant, 1933-49; Dr. S. W. Eubanks, 1949-51; Dr. Harold A. Haswell, 1952-53; Dr. Ralph A. Phelps, Jr., 1953 to date.

## Statement of Purpose

Ouachita Baptist College exists to meet the needs of young people in Arkansas and elsewhere for higher education. While her basic obligation is to her parent organization, the Arkansas Baptist State Convention, Ouachita has no restrictions as to belief or geographical location of persons whom it serves. Students come from many denominations and numerous states and nations.

Fundamentally, Ouachita is a liberal arts college dedicated to the twin purposes of helping the student to understand the world and society around him and of inspiring him to be a worthy citizen of that society. Inherent in her educational philosophy is the conviction that a correct sense of values and worthy use of knowledge can stem only from the philosophy and teachings of Christ.

Coordinate with the objectives in liberal education is the goal of helping the student acquire the means of making a good living while living a good life. To this end, courses are offered leading to careers in medicine, dentistry, research, teaching, business, music, art, the ministry, and other professional and semi-professional fields of endeavor.

## Present Status of the College

The governing body of the institution consists of twenty-four trustees chosen by the Arkansas Baptist State Convention.

The college is fully accredited and holds membership in the North Central Association of Colleges and Secondary Schools, the Association of American Colleges, the National Commission on Accrediting, and the Southern Association of Baptist Colleges and Schools.

There are nineteen permanent buildings on the campus, all of them red brick, using modern or other styles of architecture. Five of the major

---

buildings have been completed within the past six years. Other buildings are planned or under construction.

The capital endowment stands currently at \$636,466.77. The buildings and grounds are valued currently at \$1,847,082.23.

Riley Library, serving both the college and the community, has at present 45,000 volumes, plus a pamphlet collection, film strips, recordings, and other audio-visual materials. About three hundred periodicals are received, of which the more important are preserved in bound volumes.

### **Present Programs of the College**

**The General Program** of the college, administered by the President under the direction of the Board of Trustees, is dedicated to the continued improvement of instruction, expansion of curriculum, development of facilities, and growth of student body as the school seeks to serve better her constituency.

**The Instructional Program**, administered by the Dean of the Faculty, with a faculty of fifty persons well-trained in their teaching fields, offers over three hundred courses organized into seven broad divisions.

**The Student Life and Activities Program**, administered by the Dean of Students and using the services of faculty and resident counsellors, involves housing, board, student government, clubs and organizations, publications, health service, guidance and counselling, the testing program, athletics, and student social life.

**The Regular Session**, administered by the officers of the College, consists of two semesters of eighteen weeks each. Work offered in twenty-four departments leads to the four degrees offered by the college. The spring commencement concludes this session.

**The Summer Session**, administered by the officers of the College, consists of two terms of five weeks each. A student may earn up to six hours each term. Regular faculty members teach in the summer session, and regular college courses are offered in all divisions. Teacher-training receives special emphasis, with specialists in this field supplementing the regular faculty. The summer commencement concludes this session.

**Extension Centers**, administered by the Director of Extension Work under faculty direction, have been established in various parts of the state in order to provide an opportunity in higher education for people who cannot go away to college. At present, such centers have restricted their offerings to courses in religion and related fields. Instruction is provided by a person qualified to teach similar courses in the campus instructional program and is supervised by regular faculty personnel. Students qualified for admission to the college may earn credit toward a degree. Others may receive certificate recognition. Centers this past year were located at Berryville, DeQueen, Waldron, and Russellville.

# Regulations of Financial Matters

## Manner and Time of Payment

Expenses quoted on these pages may be expected to remain constant within the year. If circumstances warrant, however, the College reserves the right to change the price of meals in the dining hall without advance notice and the rentals on housing on thirty days' notice.

Tuition and fees are payable in advance at the time the student registers. A three per cent discount on tuition and fees is granted for payment in full at that time, provided the student has not received a scholarship, work grant, or any sort of grant-in-aid.

All rentals are payable in advance either for the month or for the semester. Meals are to be paid for in advance, either monthly or by the semester.

If a student cannot pay the total semester expenses at the time of registration, a down payment of one hundred dollars (\$100.00) will be acceptable, the remainder to be paid in three installments: on October 1, November 1, and December 1 during the fall semester, and on March 1, April 1, and May 1 during the spring semester.

## Refunds

Housing reservation deposits may be returned to the student at the end of his stay at Ouachita provided the housing is in good condition and the student is not indebted to the college. In case the student does not take the housing reserved, the deposit will be refundable provided the student gives the school written notice two weeks before the beginning of the period for which the housing has been reserved.

Three-fourths of each deposit for courses in Military Science may be returned at the end of the course provided the uniform and equipment are returned in good condition and the student is not indebted to the College.

Refunds upon withdrawal from college are handled as follows:

**Tuition.** If withdrawal occurs within two weeks of registration day, 20 per cent of semester's tuition will be charged; if during the third week, 40 per cent will be charged; if during the fourth week, 60 per cent will be charged; if during the fifth week, 80 per cent will be charged; if during or after the sixth week, full tuition for the semester will be charged.

**Room and Board.** Advance payments beyond date of withdrawal will be refunded. Such refund will be computed on a pro rata basis.

**Meals in Dining Hall.** Students living in dormitories are charged for all meals served in the College Dining Hall during the semester, except in case of an absence of at least two weeks because of illness. In such case, charges for meals will continue until the Business Office is notified. Stu-

dents requiring special diets must pay the extra cost, if any, as determined by the dietitian and Business Office. The Dining Hall will be closed during school holidays.

### The Infirmary

For minor illnesses of less than a week's duration, students are cared for by the College nurses. Cost of a physician's first call is borne by the College. The student must pay for subsequent services, for all prescribed medicines, for necessary surgery, and for any hospitalization away from the campus.

### Admission to Classes

Students will not be admitted to classes until the Business Office has stamped approval on registration cards.

### Settlement of Accounts

Payment in full of all accounts must be made in the Business Office before a student may take final examinations, enroll for an ensuing semester, obtain transcript of credits, or graduate.

## Financial Aid To Students

### Loan Funds

Students at Ouachita College have the opportunity to secure loans from funds totaling approximately \$50,000 given by donors interested in making possible a Christian education for needy and worthy boys and girls. Good moral character, satisfactory scholarship, promise of usefulness, economy in use of time and money, and need of financial assistance will be considered in selecting the beneficiaries. Help which the student receives from other sources will also be considered. The funds are administered for the College by a committee composed of one member of the Board of Trustees, two faculty members, and two students.

All payments on student loans should be made payable to the individual loan fund from which the money was borrowed.

**Albert F. Riley Loan Fund.** This fund of \$2,000 was given in memory or Albert F. Riley by his brothers and sisters. Only laymen are eligible to borrow from this fund. Any student borrowing from this fund must have a "B" average in all college work and must furnish satisfactory security.

**B. B. Cannon Loan Fund.** Mr. B. B. Cannon left \$12,000 to Ouachita Baptist College, the interest from which was to be used as a student loan fund to be known as the B. B. Cannon Loan Fund. Any student who has spent two semesters in Ouachita, meeting general requirements and furnishing satisfactory security, is eligible to borrow from this fund.

---

**W. C. Edwards Memorial Fund.** In memory of her husband, Mrs. W. C. Edwards has established a loan fund at the College to be used by worthy young men who are studying for the Christian ministry. This fund is designed especially to tide ministerial students over in emergencies and special needs, and with proper endorsements may be borrowed in small amounts.

**Jim G. Ferguson Student Loan Fund.** Jim G. Ferguson of Chicago, a native of Arkansas, has given Ouachita \$5,000 as a fund to be loaned to worthy students. With Mr. Ferguson's permission \$4,000 of this gift has been used to erect cottages for married ministers.

**James J. Pugh Student Loan Fund.** This fund, of about \$18,000, was established by Miss Cynthia Ann Pugh, of Fayetteville, in memory of her father, for aiding needy and deserving students.

**John T. Daniel Student Loan Fund.** Mr. John T. Daniel, Jr., of El Dorado, has provided a generous loan fund with liberal terms to aid worthy and needy students. It is particularly designed to help those in need of immediate, short-term help occasioned by an emergency.

**Belk-Jones Fund.** Established by Mr. E. M. Jones, of the Belk-Jones Company of Texarkana, Arkansas, this loan fund is used at the direction of the President of the College to assist students in religious education.

**Arkansas Congress of Parents and Teachers Loan Fund.** The Arkansas Congress of Parents and Teachers maintains a loan fund for the use of college students who are preparing themselves to become teachers. The Congress is prepared to make interest-free loans not to exceed \$200.00 for any one year to junior or senior college students who are currently enrolled in teacher training programs in the state and who need additional funds to help them remain in school. Further details and blanks for making application for the loans may be obtained by writing to the Arkansas Congress of Parents and Teachers, 529 Waldon Building, Little Rock, Arkansas.

**Other Funds.** Five smaller funds, the Mrs. Relda D. Wood Fund, the Mrs. Caddo McCabe Fund, the Mrs. Fannie T. McMillan Fund, the Eunice T. Wilson Fund, the S. A. Buchanan Fund, and the Curtis Rankin Memorial Fund are governed by the same rules and regulations as the Cannon Fund.

## Scholarships

**Honor Graduate Scholarships.** A limited number of scholarships is granted each year to high school honor graduates. The usual amount of such scholarships is \$50 per semester and can be applied against the regular tuition of \$130.

**Freshman ROTC Scholarships.** Each year twenty-five scholarships providing \$50.00 per semester for the first two semesters are granted to freshmen men. Preference is given to men who will pursue the full four-year ROTC course. The scholarship is credited to tuition and fees.

## FINANCIAL INFORMATION

---

**Theodore Blake Memorial Scholarships.** In the will of Mrs. Estelle M. Blake, who died on January 23, 1950, a scholarship was provided in memory of her daughter, Theodore Blake. The amount of the scholarship is \$250 per year for twenty-two years. It is to be given to an outstanding student, preferably a freshman, on the basis of ability and potentiality. This fund is to be controlled by the committee mentioned under Loan Funds. Applications are to be received by April 15 for the coming year.

**E. M. Hall Memorial Scholarship.** In order to perpetuate the memory of E. M. Hall, the trustees of Ouachita Baptist College, on April 25, 1929, set up a scholarship to be known as the E. M. Hall Memorial Scholarship. Mr. Hall served for more than forty years as a member of the board of trustees and was one of the most loyal and ardent supporters of the College. Mrs. J. L. Carter, daughter of the late E. M. Hall, has the power to designate the person to whom the scholarship will be awarded.

**A. F. Haslam Scholarship.** This scholarship amounting to \$125 per year for four years has been provided by Mr. A. F. Haslam of Caracas, Venezuela. It is awarded by the scholarship committee of the College on the basis of scholarship, character, and promise of future usefulness. The money is to be applied against the regular tuition charge.

**Ruby Cobb Haslam Scholarship.** This scholarship has been provided by Mrs. A. F. Haslam, nee Ruby Cobb, of Caracas, Venezuela, and provides \$125 per year for four years. It is awarded by the scholarship committee of the College on the basis of scholarship, character, and promise of future usefulness. The money is to be applied against the regular tuition charge.

**Mrs. Ida Bottoms Scholarships.** The interest from \$10,000 left by Mrs. Ida Bottoms of Texarkana is to be given in scholarships to "help needy boys and girls of Arkansas get a college education." The fund is administered by the scholarship committee of the College. It is anticipated that at least three scholarships amounting to \$100 each will be available annually.

**James J. Pugh Scholarship.** Mrs. Cynthia Pugh of Fayetteville left the College \$18,000 to be used both for student loans and student scholarships. The interest from this amount is to be used to provide scholarships for needy and worthy students. The scholarships are awarded by the scholarship committee of the College.

**First Baptist Church, Waldron Scholarships.** The First Baptist Church of Waldron, Arkansas, will provide annually two scholarships amounting to \$240 each. The recipients of these scholarships will be designated by the donor.

**Birkett E. Williams Scholarships.** Two scholarships annually for students from Hempstead and Garland Counties have been provided by Mr. Birkett E. Williams of Cleveland, Ohio, who gave \$19,000 so that the interest therefrom could provide these awards.

---

**Opdyke Scholarships.** Each year Ouachita receives three Opdyke Scholarships in the amount of \$150 each from the Executive Committee of the Southern Baptist Convention. These scholarships are awarded for the education of mountain people.

**Departmental Scholarships.** A limited number of scholarships in various academic departments of the College are available. These amount to \$50 per semester and are to be applied against the regular tuition charge.

**Work Scholarships.** The College is in a position to give a number of students part-time employment which enables them to defray a portion of their college expenses. Any credit balance which a student builds up in his account by work is not refundable in cash nor transferable. Application for work should be made to the Dean of Students on a specified form provided upon request. Ouachita Baptist College employs students as far as possible on its own campus, providing several kinds of jobs, such as work in the cafeteria, in the kitchen, on the campus, in the buildings, and in the library. Students who secure such jobs must give satisfactory service in order to hold their places.

**Ministerial Grants-in-Aid.** A minister residing in Arkansas and licensed or ordained by a Baptist church is eligible for an established discount of \$50.00 per semester from the regular tuition under the following conditions: (1) his conduct and personal life must be worthy of a minister, (2) his scholastic work must be satisfactory, and (3) he must agree to refund this aid if he does not follow the ministry in the future.

**Ministers' Wives and Children Grants-in-Aid.** Wives and children of ministers of Baptist churches are eligible for the same discount as ministers. Before this discount may be granted, however, such students must fill out an application form which will be provided, on request, by the Business Manager. This form should be submitted at least thirty days prior to enrollment.

**Arkadelphia Graduates Grants-in-Aid.** A discount of \$85.00 per semester is granted to graduates of Arkadelphia High School who reside in the Arkadelphia school district.

A student who receives one of the above scholarships or grants-in-aid is not eligible for second such scholarship or grant-in-aid, except possibly in the case of a student who might be given a work grant due to some special ability.

**Employment.** Ministerial students are assisted in securing part-time churches by the Head of the Department of Religion. The College does not encourage students to attempt to serve full-time in any church field or fields while enrolled as full-time students.

In addition, jobs are frequently available in the City of Arkadelphia.

# STUDENT LIFE AND ACTIVITIES

## Food and Housing

Costs to the student for these essential services are explained in the section on Financial Information.

Students living in dormitories will eat at the College Dining Hall.

Unmarried students, except those living at home, will reside on campus or in college-owned housing unless excused by the Dean of Students. Unmarried students living off the campus will occupy quarters approved by the College through the office of the Dean of Students.

Housing for single men is provided in the Field House, Johnson Hall, North Dormitory, and Conger Hall. A new 100-man dormitory is under construction. Housing for single women is provided in Terral-Moore Hall and Cone-Bottoms Hall. Each dormitory is under the supervision of a resident counsellor who is a member of the staff and works closely with the Dean of Students.

Single beds are provided. Linens, covers, and pillows will be brought by the student.

Housing for married students is provided in the nine cottages for ministerial students and the forty-three apartment units located on the North Campus. These apartments and cottages are unfurnished.

Reservations for housing both for single students and for married students are made in the office of the Dean of Students. Since waiting lists are sometimes necessary, reservations should be made as early as possible. The reservation fee, \$10.00 for dormitory room or \$20.00 for cottage or apartment, will be refunded if the student notifies the Dean of Students two weeks in advance of registration day that he has been prevented from coming.

Students already in residence may reserve accommodations for the next year provided they do so by May 1; thereafter, housing is accessible for old and new students on the same basis. No housing is considered reserved until reservation fee is paid. The College notifies the applicant of the confirmed reservation.

## Medical Services

A physician, nurses, and a sixteen-bed infirmary are provided on the campus. First aid, simple diagnosis, and treatment for minor illnesses are available at little or no cost. Medical services in more serious cases may be had at the local hospital. Costs for the student are explained in the section on Financial Information.

## The Counselling and Guidance Program

A conscientious endeavor is made at Ouachita to help the student solve both his personal and his academic problems. In addition to the competent specialists provided, each staff member is interested in developing the student into a well-rounded personality.

This program, under the supervision of the Dean of Students, provides counsellors who are ready to listen sympathetically, advise, and help seek solutions to the student's social, academic, or financial problems.

Guidance in one's studies is provided in two ways: a. by the admission and degree requirements explained in the section on the Instructional Program; b. by staff members who guide individual students toward their vocational and educational objectives. When a student first registers he is assigned to a faculty counsellor who assists in the selection of courses until an area of concentration is chosen. Then the student is assigned to a faculty member in the department in which the studies are to be concentrated. Aptitude, intelligence and proficiency tests administered early in the Freshman year help both student and counsellor to select the courses best adapted to the student's interests and abilities.

**The Orientation Program** during a student's first semester is designed to inform him of the opportunities in the instructional program, to help him to adjust to campus life, to introduce vocational facts to him, and to help him to successful and satisfying start in a college experience.

**Remedial programs** are provided for students with demonstrated deficiencies in essential skills. **The Reading Clinic**, for instance, helps students to develop vocabulary, speed, and comprehension in reading, as well as to remove certain reading handicaps. Courses of study are especially adapted in mathematics, speech, and written communication to assist students who encounter difficulties in such skills.

### Social Life

Easy informality is the rule in Ouachita social life. However, group gatherings involving varying degrees of formality occur from time to time. The President's reception for new students at the beginning of each school year and the faculty reception for graduating students at the end of each school year are perhaps the outstanding formal events. Smaller groups have parties and entertainments sponsored by campus organizations, local churches, or staff members.

Social life in the dormitories ranges from the very informal "bull-session" to the more formal open house or reception. In the College Dining Hall good manners and table courtesies are expected always. Friendly greetings on the campus are traditional.

There are no national fraternities or sororities at Ouachita, but there are several local social clubs: for men, Beta Beta, Rho Sigma, Sigma Alpha Sigma and Alpha Omega Eta; for women, E.E.E., W.C.F., and

## STUDENT LIFE AND ACTIVITIES

---

Gamma Phi. Within the framework of the College's objectives and ideals, these clubs pledge new students during stipulated periods in the school year. Hazing and corporal punishment are forbidden, and no club can function without a faculty sponsor.

### Standards of Conduct

The Student Handbook, published each year, contains detailed regulations. In general, the rules are based on the desire of the faculty and staff that students enjoy the maximum freedom consistent with good citizenship, respect for the rights of others, and achievement in their studies.

Certain undesirable activities which are specifically forbidden include: disorderly conduct in dormitory, dining hall, classroom, library, or auditorium; drinking, carousing, or gambling, both on and off the campus; and smoking by women students.

Dormitory rooms are to be kept neat and clean. Defacement of walls or damage to furnishings must be paid for by the student. Furnishings may be removed from room only with permission of resident counsellor. Hot plates or double sockets for extra lights may not be used. Electric wiring is not to be changed by the student. The College will not assume responsibility for valuables left in dormitory rooms.

Women must have permission of a resident counsellor in order to make trips away from the College or outside Arkadelphia.

### Student Government

The Student Senate, composed of elected representatives of the student body, deals with matters concerning the student body as a whole. It is a deliberative and planning group which works in close liaison with administrative officials of the College, interpreting official policy to the students and student wishes to the administration.

Dormitory councils, cooperating with the resident counsellors, enforce specific dormitory regulations and promote activities relevant to that dormitory.

Where and when needed, a special discipline panel, made up of both students and staff members, may be convened to deal with uncooperative students. This extreme measure is seldom needed.

### Religious Life at Ouachita

Attendance at chapel is required of all students and staff members. Planned and presided over by faculty representatives, chapel is designed to deepen the student's spiritual life, broaden his cultural appreciation, and quicken his desire for learning.

Appreciation for religious values is cultivated further by staff members who are dedicated to the promotion of Christianity in higher

---

education, by vespers services and other activities of the Baptist Student Union, and by membership and activity in the churches of Arkadelphia and nearby communities.

Religious organizations on the campus include:

**The Baptist Student Union.** Largest and most inclusive of campus organizations, its purpose is to relate college activities to local Baptist churches and to deepen the spiritual lives of the students. The B.S.U. Council, elected annually and assisted by the student secretary, directs and coordinates various religious activities, promotes Religious Emphasis Week, sends representatives to the State B.S.U. Convention and the South-wide Student Retreats each summer. The local B.S.U. is affiliated with the Department of Student Work of the Southern Baptist Convention.

**The Young Women's Auxiliary.** Affiliated with the Women's Missionary Union and sponsored by a faculty member or faculty member's wife, this group endeavors to enrich the spiritual life of its members, train them for religious work, and enroll them in Bible and mission study courses.

**The Ministerial Association.** Composed of ministerial students, this organization promotes the devotional and intellectual life of its members and discusses their pastoral and professional responsibilities.

**The O.B.C. Circle of the W.M.S.** Sponsored by the W.M.U. of First Baptist Church in Arkadelphia, this organization of married women and older single women follows the programs of W.M.S. circles elsewhere.

**The Life Service Band.** This is the oldest organization on the campus for laymen who are dedicated to some form of Christian service as an avocation. Missionary activities and personal Christian living are the prime objectives of the weekly devotional programs and the extension work in neighboring communities.

**The Volunteer Band.** In promoting worship, training, experience, and fellowship for students who have dedicated their lives to home or foreign mission work, this group provides weekly devotional programs and missionary activities in surrounding communities.

### Departmental Clubs

The purpose of such clubs is to foster closer relationships between teachers and students and to promote a livelier professional or academic interest in a given study. Departmental clubs now active on the Ouachita Campus include: Biology Club (Scio Vita), Chemistry Club, Commercial Club, Sigma Tau Delta (English Honor Society), Alpha Psi Omega (Honorary Dramatic Club), History Honor Society, Home Ec Club, International Relations Club, Math Honor Society, Musicians' Guild, Ouachita Players, Pi Kappa Delta (Debate), ROTC Rifle Club, Women's Recreational Association, Economics Club, Alpha Kappa (Sociology).

## STUDENT LIFE AND ACTIVITIES

---

**Dramatics and Music Organizations** include: **The Ouachita Players**, a group of dramatics and other students who present several plays each year; **The Ouachita Band** which provides music for athletic and other events; **The Ouachita Choir**, well known over the state, which provides sacred music for churches and secular concerts for high schools, civic clubs, and other groups; **The Treble Clef Club**, a group of about fifty women not in the Ouachita Choir; **The Men's Chorus**, a group of male singers not in the Ouachita Choir. **Alpha Chi**, honor society, has a chapter on the campus.

### The Artists Series

Lectures and concerts by professional lecturers and artists bring to the student body periodically the best talent of the nation. No charge is made for these programs.

### Publications

**The Ouachita Signal**, semi-monthly newspaper published by a student staff, is devoted to news about the College. Subscription price to non-students is \$1.50 per year; for students, it is included in general fees.

**The Ouachitonian**, the yearbook, contains pictures of students, clubs and important events of the College year. Subscription price is included in regular fees.

**Ripples** is a literary magazine, published once per semester, written and edited by students, and sponsored by the Department of English. Its purpose is to discover and encourage literary ability among students and to make their literary productions available to other students. Subscription price to non-students is \$1.00 per year; for students, it is included in general fees.

### Placement for Graduates

Students and graduates wishing help in finding employment opportunities or graduate fellowships should file their application in the office of the Director of Placement. Information about certain careers and specific positions are available in that office also.

### Athletics

Ouachita strives for excellence in both intercollegiate and intramural sports. The objective is for all students to participate in some sport, as well as to understand and enjoy spectator sports. Ouachita is a member of the Arkansas Intercollegiate Conference. Its teams compete in football, basketball, baseball, track, tennis, and golf.

# THE INSTRUCTIONAL PROGRAM

The essential feature of any institution of learning is its formal program of instruction. It is recognized that a student may learn casually and informally and that out-of-class activities on a college campus are of inestimable value. However, the classroom, the library, the laboratory, and teachers who direct skillfully the student's use of such facilities make the college an institution of learning.

Ouachita Baptist College endeavors to offer the best in instruction, to hold high standards of achievement, and to help all students as far as possible to achieve those standards. If college education and college degrees are to be significant for an individual, it is necessary that the college maintain certain requirements for admission, for passing courses of instruction, and for receiving degrees.

## Requirements For Admission

### For High School Graduates

A person may qualify for admission by presenting a certificate from a class "A" or class "B" high school showing graduation with fifteen standard units and an average grade of "C" or better. Of the fifteen required units, three must be in English, two in science or mathematics, and one in social science. A third of the remaining units must be in English, foreign language, social science, science, or mathematics.

A graduate of a high school ranking below class "B" will be admitted if evaluation by the State Department of Education shows that he has fifteen standard units with grade average of "C" or better. A graduate may be admitted **on probation** for one semester if his grade average in high school was below "C" but not lower than half-way between "C" and "D" and if his principal or superintendent will recommend his admission.

### For Non-Graduates of High School

A non-graduate of a class "A" or class "B" high school will be admitted, if he has earned fifteen standard units and if he is recommended by his principal or superintendent.

Any other applicant who is not a high school graduate will be admitted only on the basis of an examination showing that he has received the equivalent in his education of fifteen standard high school units. An applicant who is eighteen years old or older, whose certificate shows fifteen high school units before reduction by the State Department of Education and not less than thirteen standard units afterward, may be admitted upon taking the entrance examinations and intelligence tests. If the applicant is twenty-one years old or older, he may be admitted upon taking the entrance examinations alone, provided that he meets all

---

other requirements of the College. Veterans may be admitted on the basis of the G.E.D. test.

Non-graduates of high school will sometimes find it advisable to carry a limited academic load until they have demonstrated ability to carry a full load.

### **For Transfer Students**

Students from accredited junior colleges or from accredited senior colleges will receive full credit for work done in such institutions, subject to certain limitations herein stipulated.

No more than sixty-six hours will be accepted from a junior college. No more than 104 hours from any other institution or institutions will be counted toward a degree from Ouachita College. No more than thirty hours from an accredited theological seminary will be accepted. At least twelve junior-senior hours in the area of concentration must be taken at Ouachita.

The nature and standards of courses offered in transfer must correspond closely to similar courses taught here. Not more than six hours of "D" grades will be accepted in transfer.

**Correspondence and extension** work from accredited colleges will be accepted up to thirty hours, but not more than ten hours of such credits may be counted in the area of concentration.

Students from unaccredited colleges will be tentatively admitted to Ouachita if they have had at least a "C" average and if their work is accredited at the State University of the state in which the college is located. No grade of "D" will be accepted from an unaccredited college. Credits from such institutions will be accepted in transfer only after the student has achieved a "C" average during a semester at Ouachita.

### **How to Apply for Admission**

Application blanks may be obtained from a college representative or from the Registrar. The application blank completely filled out, a photograph (with name and date on back), and an official transcript of all previous high school and college work should be sent to the Registrar's Office at least two weeks before registration day. In some instances, the transcript may be submitted not later than one week after the beginning of a semester.

Admission, or formal approval of the application, is the prerogative of the College administration acting usually through an admissions committee. Notification of admission comes from the Registrar's office either by letter or by permit to enter.

Physical examination by the College physician, including chest X-ray, is part of the registration process and must precede final acceptance of the student as a candidate for a degree.

## Academic Regulations

### Time of Registration

Students who qualify for admission may enter at the beginning of the fall semester or the spring semester or any summer term. It is best to register during the specified registration period. Late registration is not encouraged and is forbidden after the third week following registration day. Students registering late may have to carry less than the average load and will be asked to pay a fine of two dollars for each day late, up to a total of six dollars.

In registering, the student is expected to consult with a faculty adviser, develop a tentative schedule, fill out registration and class cards, and arrange payments with the Business Office.

### The Student's Academic Load

The average load is sixteen hours per semester. Less than twelve or more than seventeen hours per semester is considered outside the range of the normal load. A person registered for less than twelve hours is not classified as a regular student. A student carrying eighteen or more hours per semester must have the explicit and written permission of the Dean of the Faculty. Such permission is based on considerations of the student's average for the previous semester or semesters and upon the requirements of his degree program.

Students may not register in any one semester for more than three courses under the same instructor unless they have permission from the Dean of the Faculty. Enrollment in extension or correspondence courses must be approved beforehand by the student's adviser and the Registrar or Dean of the Faculty. A regularly enrolled student may not enroll in such courses if he is carrying over fourteen hours at Ouachita.

### Changes in Course of Study

After a student and his adviser have arranged a semester's study program, changes in it are not encouraged. Any change of course after the first week and prior to the fourth week of a semester involves a fee of one dollar. Beginning with the fourth week, a student may not add a new course; and, if he drops without official permission a course in which he is failing at the time, he will receive a permanent grade of "F" in the course. If, by permission of the Registrar, he withdraws from a course during or after the fourth week and is passing in the course at the time, he will receive a grade of "W"; if he is failing at the time, he will receive a grade of "WF".

### Definition of the Credit Hour

The semester hour is the basis for accreditation of academic studies. It represents one fifty-minute recitation or its equivalent per week for

---

eighteen weeks. At least two hours of laboratory work are required to equal one recitation period. One recitation period per week presumes that the student must spend two additional hours for preparation.

### Grades and Quality Credits

Scholastic achievement at Ouachita is indicated by these symbols:

- “A” is equivalent to three quality credits per semester hour and denotes excellence, the quality of work expected of superior students doing their best work.
- “B” is worth two quality credits per semester hour and indicates better than average work.
- “C” is worth one quality credit per semester hour and indicates average but satisfactory work of the average student.
- “D” carries no quality credits and indicates passing but unsatisfactory work.
- “F” indicates failure to achieve a passing quality of work. An “F” may not be removed from the record. It may be offset only by taking the course regularly in class again.
- “I” indicates that a student’s required work is incomplete and is given at the discretion of the instructor for good and sufficient reason. A grade of “I” automatically becomes “F” unless the deficiency is made up during the student’s next semester of residence; in no case may it be made up after one year.
- “W” indicates that student withdrew officially from the College or that he obtained permission from the Registrar to withdraw from a course after the normal three-week period for changing courses.
- “WF” indicates that student withdrew officially from the course at a time when he was failing.

### Classification of Students

A student is not entitled to class privileges until he has been certified by the Registrar’s Office as a member of the class. A student is a **freshman** until he has earned 28 semester hours and at least 18 quality credits. Thereafter, a student is a **sophomore** until he has earned 59 semester hours and at least 49 quality credits. Then he is a **junior** until he has earned 89 semester hours and at least 79 quality credits, after which he is a **senior**, provided at least ten of his credit hours represent junior-senior work. A **special** student is one who is not pursuing courses leading to a degree or who is registered for less than twelve hours.

### Academic Honors

The honor roll compiled at the end of a semester lists the names of students whose grade records are considerably above average. The mini-

## THE INSTRUCTIONAL PROGRAM

imum qualifying quality credit average is 2.5 or above. A special Presidential Citation goes to students who have a straight "A" or 3-point quality credit average. To be eligible for the honor roll, a student must not only have the stipulated quality credit average but also must be registered for at least twelve hours of academic courses and have no incomplete or failing grade for the semester.

**Honors at Graduation** are conferred as follows: "summa cum laude" for 360 or more quality credits on the 128 required semester hours; "magna cum laude" for between 320 and 360 quality credits; "cum laude" for between 280 and 320 quality credits.

### Probation

A limited academic load is required of students who enter under conditions other than the normal conditions explained in the section on Requirements for Admission.

A student on probation is limited to a partial load determined by the Dean of the Faculty. While on probation, he may not participate in intercollegiate activities or go on college-sponsored trips. Students who do not remove their probationary status within the next semester will be asked to withdraw either temporarily or permanently unless the college administration through the appropriate committee permits another semester on probation.

A freshman will be placed on probation if at the end of his first semester the number of quality credits earned is less than half the number of hours for which he was enrolled that semester. Thereafter, a freshman or sophomore will be placed on probation if he fails to earn twelve semester hours and nine quality credits in a semester. A junior or senior will be placed on probation if he fails to earn as many as twelve semester hours and twelve quality credits in a semester.

### Withdrawal from the College

A student may withdraw voluntarily or at the request of the College. He may be asked to withdraw if: (a) it is determined that his actions or attitudes are unworthy of a good campus citizen; (b) his scholastic record falls below normal expectations or if he fails to remove his probationary status, as explained above; (c) his financial record is unsatisfactory to the College.

When the student withdraws for any reason, he is expected to report to the Registrar and to the Business Office before he leaves the campus. Failure to do so will result in continued charges for food and/or housing as well as adding prejudicial items to his official record.

### Transcripts

Whenever a student desires to have a transcript sent to graduate or professional schools or to other institutions, he should request it at least

---

a week before it is needed. The request must be approved by both the Registrar and the Business Manager. Satisfactory arrangements for accounts must be made before transcript will be sent. The initial transcript is free; one dollar is charged for each additional one.

### **Class and Chapel Attendance**

It is assumed that a student's registration in College indicates his intention to attend all meetings of his classes. Attendance is required at both chapel and classes. However, it is recognized that absence is sometimes unavoidable and that a set of rules governing attendance must be fair to the student, the instructor, and others concerned.

Class absences may be excused under any of four conditions: (a) illness certified by physician or infirmary supervisor; (b) official school business; (c) necessary church business (funeral, other emergencies, or annual associational meeting); (d) personal emergency, excuse for which must be approved by the Dean of Students. It is the student's responsibility to obtain his excuse slip from the office of the Dean of Students and to show the excuse slip to the instructor of each class missed not later than the second class period following absence. In addition to excused absences, students may be permitted one unexcused for each semester hour's credit in a course, provided the instructor allows it. Excessive unexcused absences endanger a student's grades. Any student absent for any reason, excused or unexcused, for as much as twenty-five per cent of the class sessions will receive no credit for the courses in which such absences occur.

Chapel attendance is required of each student unless excused for good reason by the Dean of Students. Unexcused chapel absences are penalized on this basis: first one, no demerits; second one, one demerit; third one, three demerits; fourth one, four demerits; each additional one, four demerits. Demerits assessed will be recorded in the student's permanent personnel folder. A student who accumulates twenty-five demerits during one school year will be subject to dismissal.

## **Requirements for Degrees**

Ouachita Baptist College confers the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Music, and Bachelor of Music Education.

Evidences of good moral character, fulfillment of all general and specific academic requirements, and formal approval by the faculty are the essential conditions for receiving a degree.

The Bachelor of Arts degree is conferred upon the student who meets the general requirements as listed below. The Bachelor of Science is conferred upon the student who meets the general requirements and achieves an area of concentration in Biology, Chemistry, Home Economics, Physics, or Mathematics, plus at least twenty hours in the other sciences. For the Bachelor of Music degree and the Bachelor of Music Education degree, a student must meet the general requirements and, in addition, comply with

specific requirements explained in the catalog section on the Department of Music.

### Summary of Requirements

1. Semester hours totalling at least 128, and including:
  - a. General Education courses\* 43 hours, including:

Gen. Ed. 143a, b	Communication
Gen. Ed. 234a, b	Humanities
Gen. Ed. 213	General Psychology
Gen. Ed. 113	**Basic Mathematics
Gen. Ed. 105	**Physical Science
Gen. Ed. 135	**Life Science

  - c. An Area of Concentration 45 hours
  - d. Courses numbered 300 or above, 42 hours
2. Quality credits totalling at least 128
3. Proficiency test in English usage (to be taken in junior year or later)

Note: A student must spend his senior year at Ouachita, completing not less than twenty-four hours of the last thirty-two hours required for graduation.

Not more than forty hours from one department and not over four hours of physical activity courses may count toward a degree.

A student must meet general requirements for graduation in the catalog under which he entered or in a subsequent catalog if he chooses. A student out of school more than two years must re-enter under the catalog in force at the time of re-entrance.

The student desiring a second degree at Ouachita must spend two additional summer sessions or a regular semester in residence. He may use the same basic requirements for both degrees but must have at least twenty additional hours in the area of concentration used for the second degree.

### The Area of Concentration

The area of concentration, a more flexible program of study than the traditional major-minor arrangement, requires a core of at least twenty-

\*Description of courses in General Education may be found in the catalog section for the division in which the course is taught: Communication and Humanities in the Division of Humanities; General Psychology in the Division of Education; Basic Mathematics, Life Science, and Physical Science in the Division of Natural Science; Religion in Life in the Division of Religion and Philosophy; Civilization in the Division of Social Science.

\*\*If it contributes more to a student's educational objective, College Algebra or Trigonometry may be substituted for Basic Mathematics; General Chemistry or General Physics may be substituted for Physical Science; Botany or Zoology may be substituted for Life Science.

\*\*\*Men must register for Military Science I and II, 8 hours; or if physically disabled, for Physical Education and Health, 4 hours. Women must register for Physical Education and Health, 4 hours.

---

four hours in one department, but permits the student to select from several departments for the remainder of the forty-five hours in the area rather than having to choose an entire minor from a single department. Thus, he can concentrate more effectively on an educational or vocational objective, and college education becomes more significant as preparation for a career.

The area of concentration will be worked out subsequent to the completion of the courses in General Education. Ordinarily, the latter requirements will be met in the freshman and sophomore years. The junior and senior years are then free for development of the area program.

In consultation with the Dean of Students, the College Counsellor, or faculty advisors, the student may outline his degree program at any time in his college career but must do so not later than his junior year. The degree program stating the student's objective and outlining the courses contributing to that objective must be approved by the faculty advisor and by the Dean of the Faculty. When thus approved it becomes the program which, if completed successfully by the student, leads to the conferring of the degree.

The area of concentration shall consist of at least forty-five hours and shall contain at least twenty-four hours but not more than forty hours from some one department. The area may include, with the permission of the faculty advisor and the Dean of the Faculty, up to eight hours from the courses in General Education. At least twenty hours in the whole area of concentration, twelve of them in the chosen core, must be of junior-senior level. No work with "D" grade is acceptable in the area of concentration.

The area of concentration may cut across departmental or divisional lines if this contributes to the student's educational objective. It may be directed toward professional study, such as pre-medical, pre-law, pre-engineering, teacher training, business, or the ministry; or it may be concentrated in subject-matter areas, such as humanities, social studies, fine arts, religion, mathematics, or natural sciences.

The minimum requirements for the area of concentration as stated here may be exceeded in some divisions or departments. The additional requirements are explained in the appropriate sections of the catalog.

## Suggested Courses Of Study

Specific and detailed suggestions for certain specialized study programs may be found elsewhere in this catalog (consult index) and in consultations with faculty advisor. In general the student should try to accomplish the program suggested below.

**First Year.** A freshman must take the General Education courses entitled Communication; he must take either Physical Activities or Military Science or, if unable to take this, lecture courses in Health. From the General Education requirements he should choose most of the rest of

## THE INSTRUCTIONAL PROGRAM

---

his study program. If a freshman is certain of his educational objective he may elect beginning courses in the chosen department. As a rule, approximately half of the required courses in General Education should be completed the first year.

**Second Year.** A sophomore should complete the remainder of his requirements in General Education so that by the end of the year he will be completely free to develop his area of concentration and work toward his educational objective.

**Third and Fourth Years.** The student and his advisor must cooperate closely during the last two years in order to complete and, if possible, enrich the program leading toward the student's educational objective and toward the degree sought.

### Courses of Instruction

The program of instruction, under the general supervision of the Dean of the Faculty, is correlated effectively through the grouping of courses into divisions, each of which includes several related departments.

Each course has a three-digit number, the first digit indicating if the course is primarily for freshmen, sophomores, juniors or seniors; the second digit indicating the course number; the third indicating the number of hours credit. Courses numbered 100-199 are primarily for freshmen; 200-299 for sophomores; 300 and above for juniors and seniors. In no case may a regularly enrolled freshman enroll for a course numbered above 300. It is not required that all freshman-level required courses be taken in the freshman year; in fact, they may be taken as late as the junior year.

Courses marked "a" and "b" are full-year courses, "a" designating the first semester, "b" the second semester. Usually "a" is prerequisite to "b", and in most cases both must be taken in order for credit to be given for either.

Unless otherwise indicated, all courses are open to all students. Stated prerequisites may be waived only with consent of the instructor. Unless otherwise indicated, courses will be offered once each year.

The College reserves the right to withdraw or change courses; however, the indicated times for offering courses will be observed as closely as possible.

The importance of liberal arts courses to the premedical student may be clearly seen in the following quotation from the 1953 bulletin of the University of Arkansas School of Medicine:

It is the feeling of the faculty of the School of Medicine that the physician should be a broadly educated man . . . in a three-year pre-medical curriculum the required courses in physical and biological sciences . . . should represent practically the maximum in those fields.

Courses in the social sciences and the humanities should make up most of the remainder of the ninety (90) semester hours required. It is not true that students who have taken a large number of science courses have a better chance of being admitted to medical school than those who have chosen a more broadly cultural program. It is strongly urged that students take a four-year pre-medical course leading to a degree, if possible.

The Division includes the Departments of History, Political Science, Sociology, and Geography.

**Pre-Law Courses.** Pre-professional training for lawyers is quite flexible, but a major segment of it lies in the social studies, especially history, political science, and economics. A lawyer's work is interwoven with government, business, and social problems. Hence the student preparing to enter any law school is counselled to elect as much as possible in the social sciences. In addition, such courses as logic and mathematics are suggested in order to train his analytical powers; such courses as communication, literature, and speech are suggested in order to develop his ability to express himself with clarity and precision.

The University of Arkansas Law School prescribes two acceptable plans for pre-legal training: a. two years (at least 66 semester hours) of

The Department of Military Science implements the Reserve Officer's Training Corps (ROTC) program. The purpose of the program is to train college students for positions of leadership in the Armed Forces in time of national emergency and in the civilian community in time of peace as well as to provide junior officers for the active Army. In addition, the program contributes to the objectives of Ouachita Baptist College by instilling in students a sense of duty and by aiding in the development of character, leadership, integrity, loyalty and self-discipline.

Successful completion of the curriculum in General Military Science enables students, upon graduation and depending upon the current existing needs of the armed forces, to be commissioned as Second Lieutenants in the following arms and services: Armor, Adjutant General Corps, Artillery, Army Security, Chemical Corps, Engineer Corps, Finance Corps, Infantry, Medical Service Corps, Military Intelligence Corps, Military Police Corps, Ordnance, Quartermaster Corps, Signal Corps, and Transportation Corps.
