Varsity Girl

Ella Reed Blackmon

... chosen by the student body and faculty as the most outstanding Senior girl, embodying all the traits of a true Ouachitonian. She has won the hearts of all who know her, serving faithfully as a cheerleader four years, head cheerleader two years, student body secretary, and playing piano for literally hundreds of activities during her four year college career. Because of her outstanding contributions in drama, as both actress and director, as a singer in the choir and girls' trio, as pianist and accompanist, Ella Reed was elected three times as "Most Versatile Girl" and also chosen "Most Talented Girl." But more than all this—as her sister (who was also a "Varsity Girl") her father and her brother who graduated from Ouchita—she loves Ouachita, and is our ideal senior girl.
