

CHAIHO KIM

## *Student Body President*

As time marches on, we shall forget many things that we did here together, and some of us may never renew our acquaintance. However, there shall always be a common tie which will bind us long after we have left Ouachita.

This is where we have earnestly sought "His Will," and tried to learn, work, and play together in order that we might be better fit to follow it. May we forever keep in us this great teaching of Ouachita, and always prepare ourselves for the tasks ahead.

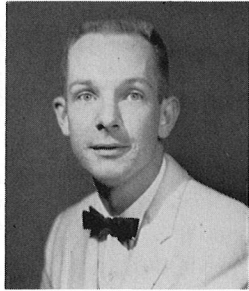

Finally, I take this opportunity to express my sincere thanks to you for the things that you have done for me as your president and friend. It certainly has been a wonderful and challenging experience.

Yours very truly,  
Chaiho Kim, President  
Student Association
