COMMITTEE ON STUDENT PERSONNEL:

Dr. Yates, Prof. Bradshaw, Prof. Stewart, and Mrs. Wimburn.

ADVISERS

At the time of his first registration each student is assigned some member of the faculty who is his adviser. The adviser assists the student in selecting his studies, and in a general way aids him in the problems of his college life and work. The adviser first appointed continues to serve until the student chooses his major at the beginning of the first semester of his sophomore year. Thereafter the head of the department in which the major is chosen acts as adviser to the student.

Advisers for Special Curricula

For Military Science—Colonel Henley.
For Fine Arts—Professor Mitchell.
For Pre-Medical—Dr. Provine.
For Ministerial—Dr. Yates.
For Pre-Legal—Dr. Daily.
For Pre-Engineering—Dr. Seward.
For Home Economics—Miss Plant.
For Teacher Training—Dr. Witherington.
For Physical Education—Prof. Bradshaw.
COMMITTEES OF THE FACULTY

SOME OBJECTIVES OF OUACHITA COLLEGE

1. To help students acquire knowledge which will enable them to understand better and to appreciate more the world in which they live.

2. To help students find themselves and their places in society.

3. To prepare students not only to make a better living, but to live better with and for others.

4. To offer special training to students who want two or more years in a liberal arts college before entering a professional school.

5. To train teachers for positions in secondary schools.

6. To train ministers, missionaries, evangelistic singers, and other Christian leaders for young people.

7. To create on the campus an atmosphere that will give students a desire to render social and religious services in whatever life work they may follow.

HISTORICAL SKETCH

OUACHITA COLLEGE was established by the State Baptist Convention at the annual meeting in Hope in November, 1885. A board of trustees consisting of fifteen members met in Little Rock December, 1885. After considering all bids, Arkadelphia was chosen as the location of the college. The buildings and grounds were purchased from the state. They had formerly housed the State's School for the Blind.

The college opened September 6, 1886, and has served continuously at Arkadelphia since that date. New buildings have been added from time to time until today Ouachita has an excellent college plant valued at about $1,000,000.

Dr. J. W. Conger, the first president, served twenty-one years, 1886-1907. He did a monumental work. Much of what Ouachita is today is due to his services. Dr. H. S. Hartzog served as president from 1907 to 1911. He came to Ouachita from the presidency of the University of Arkansas. His four years as president did much to keep Ouachita on its high plane of service. Dr. R. G. Bowers, 1911-1913, spent two busy and faithful years as president. He resigned in order to return to the pastorate. Dr. S. Y. Jamison, president from 1913-1916, was one of the outstanding leaders in the Southern Baptist Convention. Under his leadership all Ouachita debts were paid.
Dr. C. E. Dicken’s administration from 1916 to 1926 was a period of constructive development for Ouachita College. It was under his leadership that Cone Bottoms Hall, the fireproof dormitory for girls, was built. Mr. A. B. Hill was president from 1926-1929. He was an alumnus of Ouachita College, and came from the office of State Superintendent of Public Instruction. It was under his leadership that Ouachita College first became a member of the North Central Association of Colleges. Dr. C. D. Johnson, 1929-1933, had formerly been a member of the Ouachita College faculty. He came from Baylor University and spent four busy years as President of Ouachita College. It was under his leadership that the department of Business Administration was organized. Dr. J. R. Grant has been president since 1933. During his administration the enrollment has more than doubled, the debt has been reduced more than 90 per cent, and $200,000 worth of buildings have been erected on the campus.

The endowment of $576,000 has been raised over a period of several years. The two largest gifts of $100,000 have come from the Southern Baptist Convention and the General Education Board. About $28,000 was left to Ouachita College in the will of Mrs. Fannie B. Wilson, who died in Monticello, Arkansas, February 11, 1943.

During its fifty-six years of service Ouachita College has trained 12,000 men and women, who have gone out to serve in many lines of work in every section of Arkansas and the United States, and in many nations.

Ouachita College was readmitted to membership in the North Central Association at the annual meeting in Chicago, March 25-26, 1942.

BUILDINGS AND GROUNDS

The Ouachita College campus is a typical Ouachita National Forest scene. It is on a high elevation overlooking the Ouachita River, the college farm and pecan orchard. The hard-surfaced roads recently built through the campus meet a real need. The shrubbery which has been added to the native shade trees helps to make the Ouachita campus one of the most beautiful in the South.

The thirteen brick buildings and the few smaller frame buildings have been well placed on the campus for convenience, usefulness and beauty.

The Administration Building is in the center of the campus. It is a beautiful three-story building and contains offices, class-

rooms, library, science laboratories, and the museum.

The Fine Arts Building stands on the north side of the campus near the center. On the first floor is the college dining hall where three hundred seventy students and faculty members meet, visit and eat. The second floor contains the studios, classrooms, and recital hall for art, piano, voice, violin, orchestra and band.

The Home Economics Building is on the south side of the campus near the center. The first floor contains classrooms, dining room, reception room and laboratories. The second floor contains bedrooms for girls with Home Economics major.

The Two Dormitories for boys are on the east side of the campus. These two dormitories will accommodate nearly two hundred boys. One dormitory has an apartment for the dean of men.

Cone-Bottoms Hall is the fire-proof dormitory for girls. It is on the southwest side of the campus. On each of the three stories the rooms are divided into suites of two with bath between. It is one of the most modern dormitories in the South. Besides offices, parlor and infirmary it has rooms for one hundred fifty girls.

The Gymnasium, recently completed, stands on the northwest corner of the campus. A part of the day it is used by girls; other hours of the day it is used by boys. This building is fully equipped for basketball, classes in physical training, and other such activities; it also houses the headquarters of the School of Military Science.

The Little Theatre, situated on the northeast corner of the campus, is the home for the Department of Speech.

The President’s Home is a two-story brick residence situated in a cluster of trees between the Administration Building and the Girls’ Dormitory.

Flemmiken Memorial Hall, one of the most recent additions to Ouachita’s campus, is the beautiful, two-story student center building. The first floor consists of a large play room, guest room, dining room, and kitchen. The second floor has the auditorium, prayer rooms, office, reading room, apartment, and ladies’ lounge. This $25,000 building was made possible by a $15,000 gift from Miss Emma Riley.

West Hall, the new two-story dormitory for girls, is located just west of Cone-Bottoms Hall. It has been built to take care of about twenty-four girls.

Two Residences, the Blaylock home and the Hearn home, just west of the athletic field, have been bought by the college.
They will be used to help house students who bring their families with them.

**Chapel Hall and Music Conservatory.** The chapel hall and music conservatory is practically finished. This $150,000 three-story stone-and-brick building will seat one thousand people. It will house the entire fine arts department.

**The Central Power Building** stands on the west side of the campus. One of the large rooms in this building is used as a garage for the college truck.

**The Large Stadium, Gridiron, and Field House** are about two hundred yards north of the Fine Arts Building. They are separated from the main campus by a beautiful ravine, well covered with large birch, pine and oak trees. The two-story brick field house is one of the most modern to be found on any college campus. The twelve rooms on the second floor are being used temporarily as an infirmary for boys and the 250 aviation cadets.

**Other small buildings** are the infirmary, a faculty house, the piano practice hall, the cleaning and pressing building, the garage for the college bus, the dairy barn and milk house.

**The Marble Tiger,** the steel flag pole, the concrete tennis court, shuffle board, campus seats and walks, the flower beds and evergreen hedges help to make the campus "a thing of beauty and a joy forever."
GENERAL INFORMATION

Worship. A general assembly at which the attendance of the students is required is held Tuesday and Thursday of each week in the College Chapel. On Mondays, Wednesdays and Fridays at 10:15 a.m., the entire school stops, at a given signal, for one minute of silent prayer. The students hold a daily prayer meeting at 1:30 o'clock in the afternoon.

Students are expected to attend worship on Sunday. The churches of the city welcome the attendance, and value the assistance of the students.

Baptist Student Union. Ouachita College maintains a well organized Baptist Student Union. Its purpose is to connect the school with the church and to deepen the spiritual lives of the students. Each student who is a member of any one of the religious unit organizations on the campus or the Sunday School or B. T. U. is automatically a member of the B. S. U. Each year this group elects officers to compose the Council and with the representatives from the unit organizations they direct and plan the various religious activities. The organization has a student secretary to direct its affairs on the campus.

Representatives are sent to the State B. S. U. Convention each fall and to the Southwide Retreat at Ridgecrest, North Carolina, each June. Also, the B. S. U. promotes an Evangelistic Week on the campus each year. The local organization is affiliated with the Department of Student Work of the Southern Baptist Convention.

The Young Women's Auxiliary. The Young Women's Auxiliary, a student organization affiliated with the W. M. U., is supervised by officers of its own selection and by an advisory committee from the faculty. The purpose of the Auxiliary is to aid in enriching the Christian life of the individual members and to train for effective leadership in religious work. It is designed to keep the student in touch with modern and worldwide moral and religious movements. It endeavors to enroll every dormitory girl in Bible and Mission study classes.

The Ministerial Association. The Ministerial Association has for its object the promotion of the interests of the ministerial student. It meets each Thursday evening for the purpose of rendering programs in keeping with the devotional, intellectual and pastoral duties of its members.

The Ministerial Auxiliary. The Ministerial Auxiliary, composed of all wives of the ministerial students on the campus, meets each Thursday evening. The purpose of this organization
is to train the young women in all phases of religious leadership. Programs are rendered each meeting, books are studied and extension work is carried on by the members.

Life Service Band. The Life Service Band is the oldest organization for lay students on the campus. It is composed of students who wish to give themselves to definite Christian work or to engage in Christian service as an avocation. Its purpose is to train, to inform, and to inspire its members in missionary activities and personal Christian living. It renders weekly devotional programs and does extension work throughout the year in the neighboring communities.

CLUBS

The Dramatic Club. A club, named the Ouachita Players, composed of students of Speech and others interested in dramatics, has regular meetings and from time to time presents plays.

Departmental Clubs. Most of the departments have departmental clubs open to students especially interested in the subjects concerned. It is recommended that each student seek membership in one of these clubs with the permission of his major professor.

Scholarship Society. On February 22, 1928, the Ouachita Scholarship Society was granted a charter in Alpha Chi, a national Scholarship Society. Nominations for membership are made from the members of the junior and senior classes who have met the prescribed requirements.

Debate Club. Ouachita is the Arkansas Beta Chapter of Pi Kappa Delta, the largest forensic fraternity in the world, and competes in its national and provincial conventions. The chapter's debaters have won numerous awards during the last few years in both state and regional tournament competition. For several years the club has sponsored the Battle Royal Debate Tournament at Ouachita College, in which teams from a number of states compete. Several extensive fellowship tours have been included in the debate program. A possible total of eight semester hours credit may be earned by debating the full four years in college. Prospective debaters planning to enter Ouachita are invited to get in touch with the Ouachita debate coach Dr. R. C. Daily, for further detailed information.

SCHOLARSHIP AND LOAN FUNDS

Loan Fund. Students of Ouachita College have the opportunity to secure loans from various funds controlled by the college. Good moral character, satisfactory scholarship, promise of usefulness, economy in use of time and money, and need
GENERAL INFORMATION

Memorial assistance, shall be considered in selecting the beneficent. In estimating the student's need, any help he is receiving from other sources shall be considered. The funds which are named below are administered for the college by a committee composed of one board member and two faculty members.

The Albert F. Riley Loan Fund. This fund of $5,000 was given in memory of Albert F. Riley by his brothers and sisters. Only laymen are eligible to borrow from this fund. Any student borrowing from this fund must have made a "B" average on all college work and must furnish satisfactory security.

R. B. Cannon Loan Fund. Upon the death of R. B. Cannon, $10,000 was left to Ouachita College, the interest from which is to be used as a student loan fund to be known as the R. B. Cannon Loan Fund. Any student who has spent one semester in Ouachita, meeting general requirements, and who can furnish satisfactory security, is eligible to borrow from this fund.

E. M. Hall Memorial Scholarship. In order to perpetuate the memory of E. M. Hall, the trustees of Ouachita College on April 26, 1929, set aside a fund to be known as the E. M. Hall Memorial Scholarship. Mr. Hall served for more than forty years as a member of the board of trustees and was one of its most loyal and ardent supporters.

Mrs. J. L. Carter, daughter of the late E. M. Hall, has the power to designate to whom the scholarship will be awarded.

Jim G. Ferguson Student Loan Fund. Jim G. Ferguson of Chicago, a native of Arkansas, has given Ouachita $2,000 as a fund to be loaned to worthy students. This timely gift puts a college education within reach of many boys and girls.

Other Funds. Three smaller funds, the Mrs. Reola D. Wood, the Mrs. Caddo McCabe Fund, and the Mrs. Fannie T. McMillan Fund are governed by rules and regulations the same as the Cannon Fund.

PUBLICATIONS

Ouachita Signal. A bi-weekly, known as The Ouachita Signal, is published by the students. Ample space is given in this weekly paper for reports of the various activities of the college. The students' subscription to this paper is included in the publication fee. The subscription price to others is $1.50 a year. It is hoped that every patron, former student and friend of the college will avail himself of the opportunity to keep in close touch with the college by subscribing for this paper.

Ripples. Ripples is a quarterly literary publication made
up of contributions by students interested in creative writing and edited by a student staff. The subscription price is one dollar a year. It is hoped that Ripples will help to develop a significant type of student talent.

Ouachitonian. The Ouachitonian is an annual pictorial survey of college life as the student sees it. The Ouachitonian contains usually not fewer than one hundred sixty pages, and is beautifully bound.

MUSICAL ORGANIZATIONS

The Little Symphony Orchestra. The Little Symphony Orchestra is a student organization under the direction of the Professor of Violin. The Orchestra meets twice a week for practice.

The Ouachita Band. The purpose of the Band is to encourage and stimulate good music among those who want to take part. The Band meets three times a week for practice under the direction of the Band Instructor.

The Ouachita College Choir. The Choir, composed of 40 or 50 mixed voices, which meets three times weekly under the supervision of the Professor of Voice, is known for its accompanied and unaccompanied choral art in churches in and out of the State.

String Orchestra. The String orchestra is composed of select string players and rehearses weekly under the direction of the Violin Professor.

LECTURES AND LYCEUM

Lyceum. Recognizing the benefit to our students which grows out of bringing celebrated artists to the institution, the college provides each year a series of lectures and concerts. This brings the student into actual contact with some of America's leading personalities.

The Flenniken Lectureship. The lectureship was established by the late Mrs. Mary Flenniken in 1927 in memory of Alymer Flenniken of the class of 1890. The lectures consist of ten addresses by some outstanding denominational leader. Lecturers in the first ten years were Dr. E. Y. Mullins, Dr. George W. Truett, Dr. W. F. Powell, Dr. John E. White, Dr. Louis D. Newton, Dr. O. C. Johnson, Dr John L. Hill, Dr. W. R. White, and Dr. J. H. Buchanan.

SPEECH CONTEST AWARDS

In the Spring of each year the Gene Rudolph Poetry Reading Festival is held and awards are given for Lyric, Narrative and Bible Reading. During Commencement week other con-
tests are held. The Hamilton Moses medal for the best ex­
temporaneous debater and the C. L. Durrett medal for the best
Freshman debater are awarded. Prizes are offered by Presi­
dent Grant and Dr. O. W. Yates for the best Bible Narrative
reading and the best Religious Poetry reading.

PLACEMENT BUREAU

Placement Bureau. The purpose of this bureau is to aid
students and graduates to secure suitable positions. Informa­
tion concerning those who register is gathered and placed at
the disposal of employers.

THE LIBRARY

The Library. One-half of the first floor of the Main build­
ing is used for the College Library reading room and stacks
which are open daily from 7:30 a. m. to 5 p. m., and 7 p. m. to
9 p. m., except on Friday and Saturday when the library closes
at 5 p. m. The library is closed on Sundays, announced holi­
days, and stated occasions.

The library, which is under the supervision of a trained
librarian and student assistants, now contains 20,000 volumes,
with two special collections: International Relations and the
Brough collection on Government. All books except those on
the browsing shelves, reserve books, reference books and bound
periodicals are shelved in the stacks and may be borrowed for
a period of one week. A fine of two cents per day is charged
for overdue books. Along the walls of the reading room are
shelved the reference books and bound periodicals which may
not to be taken from the library. Reserve books are to be called
for at the loan desk in the reading room. Two hundred current
periodicals are also available in the reading room.

Instruction in the use of the library is given in orientation
lectures by the librarian, and in more detail through the Fresh­
man English courses.

STUDENT PERSONNEL SERVICE

Admission and Registration. The policies of admitting and
registering students are controlled by the faculty. The Dean
and Registrar are empowered to enforce and apply these poli­
cies in all cases to individual students.

Educational Counseling. No student registers for any se­
semester until he has had the benefit of competent educational
advice on his proposed program. Continuous educational guid­
ance is provided each student by assigning him to an adviser
when he enters as a freshman. After choosing a major field of
OUACHITA COLLEGE, ARKADELPHIA, ARKANSAS

concentration his major professor becomes his adviser.

Personal Counseling. A student who seeks help concerning his personal problems should consult the Dean or Registrar who will direct him to the proper authorities in case his difficulties cannot be adjusted.

Vocational Counsel and Placement. A student desiring vocational counsel should seek the advice of the proper pre-professional adviser as listed on page 11 of this catalog. For placement service consult the Dean of the Faculty.

Failing Students. In order to save a student from failing in his classes, each teacher, after making a reasonable effort, calls to his assistance the Dean of the College. Students doing unsatisfactory class work are reported to the Dean at six week intervals for investigation and probable solution of the difficulties.

Employment of Students. A student who desires and needs to work for any part of his expenses should consult the business manager.

Student Health. The health service of the college is under the direct supervision of Dr. C. K. Townsend. It consists of annual physical examinations, infirmary service, informational hygiene, sanitary measures, physical education, and intramural and intercollegiate athletics. The college employs two full-time college nurses, two matrons, a physical director and a part-time physician. The infirmary is on the campus—and equipped to meet the general needs of the students.

Housing and Boarding. The Business Manager has general supervision over housing and boarding of students on and off the campus. No student, except resident, shall be permitted to take rooms and board off the campus unless permitted to do so by the proper authorities. Each dormitory is under the direct supervision of a dean and a matron. Meals are prepared and served in a central dining hall under the direction of a trained dietitian. Dining hall boarders who must have a special diet must pay extra on board bill according to the type of diet needed. The amount is to be decided by the dietitian and business manager.

College Dormitories. Students who expect to reside in a dormitory should bring with them the following articles: One laundry bag, four sheets for single bed, one pillow, two cases, quilts and other covering as desired, towels, comb, brush, and other toilet articles. These articles can be purchased in Arkadelphia if desired.

Student Loans. The loan funds under the control of the
college are administered by a faculty committee. All of these funds have been developed outside the institution itself. For information concerning aid through this channel see the Business Manager.

Extra-Curricular Activities. These activities are administered by the executive officers of the college through a personnel committee. No student is permitted to participate in more than five extra-curricular activities. Each extra-curricular activity organization shall be required to submit to the registrar each semester the name and purpose of such organization with a register of its members.

Athletics and Physical Education. These activities are controlled exclusively by a faculty committee. All students are required to take physical education unless physically disabled. In the case of men military may be substituted. No student will be permitted to participate on any intercollegiate athletic team representing Ouachita College unless he presents to the Coach an eligibility card properly prepared by the registrar and signed by the dean.

Student Participation. Student participation in the government of the college concerns itself with the administration of extra-curricular activities, certain disciplinary and social affairs, and the honor system. Each dormitory has a student council to enforce the rules and regulations adopted by the group and approved by the executive officers. The general student council of the college is elected each year by the student body near the close of the last semester for the coming year. Among other things it concerns itself with the honor system.

Student Discipline. The final authority for matters of discipline rests with the faculty or faculty-student committee. Discipline in Ouachita College is a minor problem. Situations which seem too complex for the Student Council are referred to the college administration.

Honor Roll. At the close of each semester there will be made up in the Registrar's office three honor rolls. Those students who make all "A" grades will compose the first honor roll; those who make "A's" and "B's" will compose the second honor roll; those who make a "B" average will compose the third honor roll. These students who are named on the honor rolls will receive a letter of commendation from the Dean of the faculty.

Faculty Meetings. Regular meetings of the faculty are held on the first Tuesday of each month at 4:00 p.m. The curriculum committee meets at the call of the Dean. The executive committee meets at the call of the President.
SUMMER SESSION

The summer school begins usually about the first of June, immediately after the close of the spring semester. It is divided into two terms of five weeks each. All classes with few exceptions are taught in the forenoon. The afternoons are given over to sports, laboratory and library work. A student may earn six semester hours credit each term, making a total of twelve hours for the summer session. The regular members of the faculty are retained as teachers for the summer school, thus insuring a high grade of work. Teacher-training is emphasized during the summer session. Specialists are brought in from the outside to supplement the regular faculty in this field. Regular college courses leading to a degree are offered in all divisions.

ACADEMIC REGULATIONS

New students are required to send their high school credits to the Registrar two weeks before entrance. Upon request the college will furnish high school credit blanks. Each student must bring with him a health certificate.

ADMISSION

Graduates from Class "A" and Class "B" high schools will be admitted to the college on a superintendent's or a principal's certificate showing that the applicant has fifteen standard high school units. Non-graduate applicants from Class "A" and Class "B" high schools will be admitted to college on a certificate showing fifteen standard units provided that certificates are accompanied by the superintendent's or the principal's recommendation that the applicant be admitted.

Applicants from schools below Class "B" will send their certificates to the State Department of Education at Little Rock for evaluation; if evaluation by the State Department shows that the applicants have fifteen standard units they will be admitted.

All high school graduates must be recommended by the superintendent of the high school from which he graduates in order to enter Ouachita College. Transcripts should be in the hands of the Registrar at least two weeks before entrance.

Other applicants will be admitted only on the basis of an examination showing that they have the equivalent of fifteen units. Applicants eighteen years of age or older whose certificates showed fifteen high school units before reduction by the State Department and not less than thirteen standard units after
the reduction, may make up the deficiency in credits by taking the entrance examination and perhaps supplementary intelligence tests. If the applicant is twenty-one years of age or older he may be admitted on the basis of an entrance examination, provided he meets all other requirements of the institution.

Of the required fifteen units, the student must submit:

3 units in English.
2 units in Science or Math.
1 unit in Social Science.

Not more than four units will be accepted in vocational subjects.

REGISTRATION

For the Fall semester each student is expected to register on September 8 and 9. Freshmen may enter at that time and also at the beginning of the second semester and at the beginning of each term of summer school. Students will not be enrolled in any class until after they have registered. A fine of one dollar per day will be charged for late registration, the total not exceed five dollars. This regulation will not apply to new students or for the first registration of the year.

Penalty For Late Registration

Students registering late will not be allowed to enroll for a full load. The penalty for late registration will be one hour reduction from the normal load for each week missed.

CLASSIFICATION

A student shall be classified as a Freshman until he has earned 28 semester hours of credit and 18 quality credits; after which he shall be classified as a Sophomore until he has earned a total of 59 semester hours of credit and 49 quality credits; then, he shall be classified as a Junior until he has earned a total of 89 semester hours credit and 79 quality credits. He shall be classified as a Senior when he has not less than 90 semester hours credit and not less than 80 quality credits. Students not pursuing courses leading to a degree shall be classified as special students.

A certified roll of each class will be made by the Registrar early in the year. No student will be entitled to class privileges who has not been certified by the Registrar’s office.

ACCREDITING ACADEMIC WORK

The basis for accrediting the student’s work is the semester
hour, which is used to designate credit for one recitation of fifty minutes a week for a semester of eighteen weeks. Two hours of laboratory work are accepted as equivalent to one hour of recitation or lecture. In the Division of Fine Arts three hours credit is allowed for each semester's work in applied music, provided the practice per week, as specified by instructor, is done; also provided the equivalent number of hours of theoretical work is submitted.

GRADES

There shall be four passing grades, A. B. C. and D. "A" shall denote Excellent and shall carry three quality credits for each semester hour of the course. "B" shall denote Good and shall carry two quality credits for each semester hour of the course. "C" shall denote the lowest satisfactory grade and shall carry one quality credit for each semester hour of the course. "D" shall denote a bare pass and shall carry no quality credits. A student not passing shall receive "F" or "I." "F" denotes Failure and is a permanent grade. A student receiving "F" as a term grade may receive credit on the work graded only by registering for the course again and taking it regularly in class. "I" denotes Incomplete and shall automatically become "F" unless the deficiency is made up during the next semester of the student's residence in college. No incomplete shall, in any case, be made up after one year. At the close of each semester a report of the grades made will be sent to the parent guardian of each student.

TRANSFER OF RECORDS

Graduates of standard junior colleges are admitted as Juniors. Students coming to Ouachita from standard senior colleges will be given full credit for the work done in such institutions, provided it is similar in nature and standards to the courses outlined in the Ouachita College catalog, and on the understanding that in no case will more than 104 semester hours of credit be given for transfer work, and that at least six junior-senior hours in the major field (course to be designated by the major professor) must be taken in Ouachita College. Not more than ten hours credit from a Theological Seminary will be counted toward a degree. "D" work will not be accepted on transfer.

A student wishing to transfer from Ouachita College to another institution should, at least one week before the transfer is to take place, request the Registrar to send a transcript of his records and a letter of dismissal to the institution. On transcript of record is furnished each student without charge.
GENERAL INFORMATION

for each additional copy a fee of one dollar is charged, which
be is to be sent to the office with the request. No transcript
may be granted unless the student has paid all bills due the
college or has made satisfactory arrangements.

CORRESPONDENCE WORK

Ouachita College does not offer correspondence work. In
accepting work from other schools, not more than thirty hours
of correspondence work may be applied on the 128 hours re-
quired for graduation. Of the thirty hours, not more than ten
may count on any major or minor.

EXCUSES FOR CLASS ABSENCES

Students are required to attend chapel and all classes. For
the first sixteen unexcused absences in any one semester a
minimum of one negative credit hour will be assessed. For the
next eight unexcused absences a second negative hour will be
assessed. Upon receiving twenty-eight unexcused absences a
student will be subject to discipline. Each unexcused absence
on the day before or on the day after a scheduled holiday shall
count as two. Students may be excused for any one of three rea-
sons: first, sickness or death in the home, requiring the stu-
dent’s presence; second, sickness as verified by a doctor’s cer-
tificate; and third, absence on college business. All excuses to
be considered must be filed with each teacher within one week
after the student returns. Students may be required to make up
all class work missed as a result of absences either excused or
unexcused.

When a student is absent from class, he is to explain his
absence to the teacher. If the absence is excused, the student
has the privilege of making up any work missed. If the absence
is unexcused, it is counted as a “cut”. At the end of the se-
mester each teacher turns in to the Dean’s office a list of all
absences, excused and unexcused, for the students in his classes.

In case of absence from Chapel, men students (dormitory
and local) shall explain their absence to Dr. Yates. All women
students (dormitory and local) shall see the Dean of Women.
All excuses to be considered must be filed within one week after
the student returns to school.
Juniors and Seniors may be enrolled in Freshman and Sophomore courses only with the consent of the dean and the major professor. Freshmen and Sophomores may be enrolled in Junior and Senior courses only in rare cases and only with the consent of the dean and the adviser.

As stated elsewhere, Junior-Senior courses taken in the Freshman or the Sophomore year do not carry Junior-Senior credit.

In general, students are expected to carry courses plus military science or physical drill in the case of first and second year students. To carry less than 15 hours or more than 17 hours academic work in one semester, special permission must be obtained.

No student will be permitted to change his course of study except by permission of the Registrar and the instructors concerned. After the lapse of three weeks no change in subjects is permitted except in special cases and upon the payment of a fee of fifty cents.

If a student drops a course in which he is failing, at any time after the first two weeks, he receives an "F" as a permanent grade. In special cases a student may drop a course before the close of the 6th week, without a grade of "F" if he is passing at the time the course is dropped.

Students withdrawing from school should make it official by reporting to Registrar's office.

DEFERRED FRESHMAN SUBJECTS

Students should complete Freshman work before taking up Junior or Senior work. If a condition in a course open to Freshman is removed during the session of graduation, or a non-required Freshman course is taken after ninety semester hours

QUALITATIVE STANDARDS FOR CONTINUING IN RESIDENCE

Any regular student failing to make as many as nine quality points per semester will not be permitted to continue residence study in Ouachita College, unless at the discretion of the authorities, then the student is placed upon probation.

CERTIFICATION REQUIREMENTS IN ARKANSAS

Junior and Senior High School

A Junior High School certificate is based upon a two-year college course, and a Senior High School certificate is based
upon a four-year college course. The same general requirements apply to Junior and Senior High School certificates, and also to the six and four-year elementary certificates.

DEGREES

Ouachita College confers the degree of Bachelor of Arts, Bachelor of Science, Bachelor of Music Education and Bachelor of Music. To be eligible for one of these degrees, the student must be of good moral character, fulfill the requirements for the degree and meet other requirements and obligations demanded by the college.

REQUIREMENTS FOR DEGREE OF BACHELOR OF ARTS

The minimum requirements for graduation is the completion of 128 semester hours. In the case of women four hours shall be activity courses in physical education. In the case of men eight hours shall be in military science or in physical education. Every student must take Bible 113 and 123; Education 213; English 113a, b, and 213a, b; eight hours of laboratory science, and History 113a, b, or 213a, b.

To major in any subject, the student must submit twenty-one semester hours in addition to the general requirements in that subject except that in no case shall more than thirty hours be required. To minor, fourteen hours in addition to the general requirements are necessary, except in no case shall more than twenty-four hours be required. Twenty-seven hours shall be the minimum requirement for a major in any subject and twenty hours for a minor. In view of these statements, the total number of hours required for a major is not the same for all subjects.

Second minors may be completed in the following fields: Education; Physical Education and Health; Art; and Military Science. First minors in these fields are not acceptable. For exception see Education Department.

The student must choose his major subject upon registration or not later than the beginning of the first semester of his Sophomore year with the approval of the departmental head concerned. The head of the student's major department becomes his adviser for the remainder of his college course. The minor should be chosen by the student only with the approval of the major professor and should be in a field related to that of the major. Courses on which a student has received a grade
of "D" do not count toward the completion of the minimum requirements for a major or a minor. A student may not receive credit for more than forty hours in any one subject. It is also required that at least twelve hours of work toward a major must be in courses numbered 300 or above. Eight hours of work toward a minor must be in courses numbered 300 or above.

The requirement for graduation is governed by a dual standard, one of quality and one of quantity. The quality of work is measured by the number of semester hours completed. The quality of work is indicated by the number of quality credits earned by the student. Quality credits are granted only on the 128 hours accepted for graduation. No degree will be given a candidate who has less than 128 quality credits. A student graduating with 360 or more quality credits will receive the distinction of "summa cum laude"; one graduating with 320 quality credits and less than 360 will receive the distinction of "magna cum laude"; and one graduating with 280 quality credits and less than 320 will receive the distinction of "cum laude."

Of the 120 hours of academic work required for graduation, 45 hours must be of Junior or Senior standing; that is, courses numbered 300 or above, and must be taken in the Junior or the Senior year in order to receive Junior-Senior credit.

A student must have spent his Senior year in this college, completing here not less than twenty-four hours of work.

No student is permitted to graduate under the rules and regulations of any Ouachita catalog published more than five years prior to the date of graduation. He may choose as a guide any catalog published subsequent to his matriculation as a student, provided it meets the requirements stated in the preceding sentence.

**SUMMARY OF REQUIREMENTS FOR B. A. DEGREE**

**REQUIREMENTS FOR DEGREE OF BACHELOR OF SCIENCE**

The same general requirement must be met for the Bachelor of Science degree as for the Bachelor of Arts degree except that twenty hours in science other than the particular science chosen for the major must be submitted. The Bachelor of Science degree will be conferred on all successful candidates who major in any of the following departments: Biology, Chemistry, Home Economics, and Mathematics.
REQUIREMENTS FOR BACHELOR'S DEGREE IN GENERAL HOME ECONOMICS

For the Bachelor of Science degree in General Home Economics in addition to the Home Economics curriculum, as outlined elsewhere in this catalog, twelve hours of Chemistry and seven hours of Biology are required. These sciences will fulfill the requirements for a minor for home economics students. The Social Science requirement may be met by taking six hours of Sociology.

For a Bachelor of Arts degree in General Home Economics one must major in Home Economics and meet all other general requirements for the B.A. degree.

One elective course may be substituted for one required course. Electives may be chosen from courses numbered 100 to 199 in the following subjects: Arts, Economics, Health, Home Economics, Languages (French, German, Greek, Latin), Math, Music (Piano, Organ, Violin, Voice and Theoretical courses), Speech.

PRE-MEDICAL COURSE

Students interested in the field of medicine should enroll for the courses indicated as follows:

Chemistry, 12 semester hours, including at least 8 hours of general inorganic chemistry of which 4 hours must be in laboratory work, and 4 hours of organic chemistry.

Physics, 8 semester hours, of which at least 2 hours must be in laboratory work. It is recommended that this course be preceded by a semester of trigonometry.
English, 6 semester hours.

Biology, 8 semester hours, of which at least 4 hours must be in laboratory work. This requirement may be satisfied by general biology, or zoology or by courses of 4 semester hours each in zoology and botany, but not by work in botany alone.

The following subjects are suggested: Additional English, Chemistry, and Zoology; Psychology, Economics; College Algebra, and Trigonometry; Sociology, History, Political Science; Latin, Greek, Drawing, Modern Languages. Physical Education and Military Science are not accepted.

Literary subjects for music students, per semester hour 3.50

There will be an extra charge of $5.00 per month for students who room alone in double rooms.

All students rooming in the dormitories will take their meals in the dining hall. They will pay the regular price without discount, unless they are absent at least two weeks because of illness or college business. All charges will continue until official notice is received at the business office.

Infirmary fees provide for physical examination, medical advice, attendance by the college physician, and care in the college infirmary in case of ordinary illness not lasting more than one week. If the student is confined to the infirmary more than a week, he will be charged one dollar for each day thereafter. This is for dormitory students only. The services of a surgeon, specialist, special nurse, or care in a hospital of the city in case of serious and prolonged illness, and all medicines, must be paid for by the student, parent or guardian.

REFUNDS

After two weeks in college there will be no refunds on room rent, tuition, or fees, on account of leaving college. Unused portion of advanced payments on board will be returned if the student leaves because of sickness or other unavoidable cause.

A flat fee of $5.00 for tuition will be charged those students who withdraw from school at any time during the first two weeks.

STUDENT SELF-HELP AND AID

Many students meet part of their expenses by work in the college. Ouachita College employs students as far as pos-
sible on its own campus, providing several kinds of jobs, such as work in the dining room, in the kitchen, on the campus, in the buildings, and in the library. Students who secure such jobs must give satisfactory service in order to hold their places.

A certain number of scholarships are given to deserving students each year. These include honor graduates of high schools, band, athletic, ministerial and other scholarships.

In addition to the work provided by the college, some students find jobs in the city of Arkadelphia which furnish considerable assistance in helping them to meet their expenses.

Application for all positions and scholarships should be addressed to the business manager.

No student shall be permitted to solicit advertisements, or funds for any purpose without the consent of the administration.

RESERVATION OF ROOMS

Rooms will be reserved in dormitories on application to the business manager. Each application must be accompanied by a reservation fee of $5.00. Nothing less than this amount will be considered a reservation. The amount will be reserved as a room breakage fee. At the close of the semester, the amount will be returned less any damages. In case the applicant should decide not to take the room this fee will be refunded, provided the notice of such decision is received in the business office of the college not later than August 20. Students already enrolled must pay room reservation not later than July 1 if they expect to retain their former rooms in the dormitory.
Regular college course numbers contain three digits: the first digit indicates whether the course is primarily for freshmen, sophomores, juniors, or seniors; the second digit is a course number; and the third tells the number of semester hours credit. Courses marked "a" and "b" are full year courses; unless otherwise indicated, "a" indicates a first-semester course and "b" a second. In many cases the "a" course is prerequisite for the "b" course. No credit is allowed for one semester of a two-semester course unless specifically indicated. Courses numbered from 100 to 199 are primarily for freshmen; courses numbered from 200 to 299 are primarily for sophomores; courses numbered 300 and above are intended only for juniors and seniors.

These times are so unsettled that the college reserves the right to withdraw or to change courses at any time. No course will be offered for less than six students. The privilege of remaining in Ouachita may be forfeited by any student who does not conform to the Christian environment or regulations of the college.

DIVISION OF HUMANITIES
PROFESSOR PETTIGREW, Chairman

A chief purpose of this division is to develop in students an intelligent appreciation of the finest thoughts of the finest minds as expressed in the literatures of England, America, and the other leading countries; and thereby, since literature is simply an interpretation of life, to intensify the student's appreciation and understanding of life itself. A second purpose is to develop good writing and speaking habits. In the case of foreign languages the objectives are a reasonable ease in speaking and understanding the language concerned, and the intimate contact with great foreign writers to be secured through reading them in the original. A student may major or minor in English or speech. He may minor also in French.

1: ENGLISH AND COMPARATIVE LITERATURE
PROFESSOR PETTIGREW
ASSOCIATE PROFESSOR BLAKE
ASSOCIATE PROFESSOR HARRINGTON
DR. ORROK

The courses in English and Comparative Literature have two objectives: first, to develop in the student accurate and effective writing habits; and secondly, to acquaint him with the
DIVISION OF HUMANITIES

Masterpieces not only of English and American literature but of world literature in general through the medium of translations. It is not usually necessary to take both semesters of an "a" and "b" course in order to get credit on either half. Majors must submit at least eighteen hours of junior-senior English (including 452a, b and 461), and minors at least twelve hours (including 452a, b). In addition to the minimum hour requirements in English courses, English majors must take at least fifteen hours from the following groups, including at least three hours from each of three of the five groups:

1. Foreign Languages
2. History (213a, b; 313a, b; 323a, b).
3. Appreciation and History of Music or Art.
4. Philosophy (333, 343)
5. Speech (212a, b; 315a, b). (1)

It should be noted that two hours a semester of the credit for Speech 315a, b is English credit, and so may not be counted as related-field hours.

Composition Drill.

A non-credit course required of students not prepared for course 112a, b. To be arranged.

112a, b. Freshman Composition.

In this course students receive detailed instruction and practice in accurate and effective written composition. This work is supplemented by an intensive study of a collection of essays. Associate Professor Harrington, chairman, and Associate Professor Orrok. M. W. F. 9:00 (sec. 1), 10:00 (sec. 2, 11:00 (sec. 3), and 12:00 (sec. 4). A section of 113b will be given M. W. F., 3:00, first semester; and a section of 113a will be given at the same period in the second semester. Given also in the summer term.

113a, b. A Survey of Western World Literature.

A general survey of the literature of the western world from the ancient Greeks to the present. This course provides a broad background for the more intensive study, in the junior and senior years, of special divisions of literature. Professor Pettigrew and Associate Professor Harrington. M. W. F.: 10:00 (sec. 1), 11:00 (sec. 2), and 12:00 (sec. 3) Given also in the summer term.

211 Journalism.

The elements of news-gathering and writing. First semester. To be arranged.

112 Juvenile Literature

A subject matter and methods course for elementary school
teachers. Associate Professor Harrington. Given in the summer term.

315a, b. The Drama and the Theory of Play Production

This course is identical with Speech 315a, b. The student must take the entire course, receiving two hours a semester of credit in English and three hours of credit in Speech. Miss Harrington will conduct discussions on the history and development of western-world drama from the time of the Greeks to the present. Mrs. Rudolph will direct the practical training in play production, for which see the description of Speech 315a, b. M. T. W. Th. F., 2:00.

323a, b. American Literature.
A survey of American literature with emphasis on the major writers. Professor Pettigrew. T. Th., 2:00 to 3:15.

332a, b. Creative Writing.
Intended chiefly for students with special talent for writing. The course is conducted partly through class discussions and partly through private conferences. Associate Professor Harrington. Offered in alternate years; not given in 1943-44.

342a, b. Approaches to Poetry.
A course in the understanding and enjoyment of poetry. Professor Pettigrew. Offered in alternate years; not given in 1943-44.

352a, b. Dickens.
The class will read and discuss some of Dickens' greatest novels. Professor Pettigrew. T. Th., 10:00.

413. Shakespeare
An intensive study of several of Shakespeare's major plays, followed by a rapid reading and discussion of others. Associate Professor Blake. Each semester, M. W. F., 3:00 (sec. 1), 9:00 (sec. 2), and 11:00 (sec. 3).

423a, b. The Novel
The class will read and discuss thoroughly a few of the world's greatest novels, both English and continental, emphasizing the evolution of the technique of fiction writing and the value of the novel as a presentation and interpretation of life. Professor Pettigrew. Given in alternate years; not offered in 1943-44.

432. Browning
The personality, the art, and the times of Browning are studied through the reading of a number of his poems. Associate Professor Blake. Each semester: T. Th., 8:00 (sec. 1), and 9:00 (sec. 2).

443a, b. English Literature of The Nineteenth Century
An intensive survey of the leading figures of the century in terms of their times and of their individual genius. Professor Pettigrew. Offered in the summer of 1943.
452a, b. The History of English Literature

A concentrated survey of the development of English literature from the times of the Anglo-Saxons to the present. Open only to seniors. Professor Pettigrew. T. Th., 11:00.

461. Studies in Literature

This course, open only to senior English majors and conducted through individual conferences, requires the writing of a senior thesis based on scholarly investigations. Professor Pettigrew. Each semester.

2: FRENCH
ASSOCIATE PROFESSOR ORROK

The purpose of the courses in French is to offer the student a first-hand approach to a civilization rich in literature and culture. The courses numbered above 300 are so planned that a study may be made of every age of French literature. The Middle Ages and the Rennaissance, the seventeenth century, the eighteenth century, the nineteenth century, and the present era. Students may minor in French.

113a, b. Elementary French

To prepare the student for an accurate and appreciative study of the French language and literature, the fundamentals of pronunciation and grammar will be stressed consistently throughout the course. To stimulate an early interest in French literature, the reading of choice selections from favorite authors of France is immediately on the elementary level and continues progressively throughout the year. M. W. F., 9:50.

213a, b. Intermediate French

A practical study will be made of the principles of grammar and composition. Individual attention will be given to the development of correctness and fluency in reading French literature in the original, as well as to an intelligent comprehension of the idiomatic expression of the language. A general introduction to modern French literature will be afforded through the reading of a number of recognized masterpieces. Designed for students with 6 hours of college French or 2 more units of high school French. Given on demand.

302. Survey of French Literature Before The Seventeenth Century

The principal works and authors of the Middle Ages and the Renaissance will be treated comprehensively as a background supplement for a systematic study of French literature in general. Given on demand.

113. French Literature of The Classical Period

The course will deal intimately with the lives and most significant works of the masters of the Seventeenth Century prose and
poetry, particular attention being given to Corneille, Racine, and Molière. Given on demand.

323. French Literature of The Eighteenth Century

A careful examination of the literature of the eighteenth century will be made to reveal the influence of the philosophies of rationalistic optimism and sentimental pessimism, as well as to note certain innovations destined to affect the literature of subsequent periods. Montesquieu, Voltaire, Diderot, Rousseau, La Sage, Prevost, Marivaux, Sedine, and Beaumarchais serve as a basis for this study. Given on demand.

333. French Literature of The Nineteenth Century

It is the purpose of the course to trace the developments of modern French literature systematically through the trends of romanticism, realism, and naturalism as exemplified in the masterpieces of authors such as Chateaubriand, Madame de Stael, George Sand, Lamartine, Hugo, Vigny, Musset, Dumas père et fils, Stendhal, Blazac, Flaubert, Zola, Becque. Given on demand.

343. Contemporary French Literature

Beginning with the reactionary group represented by such writers as Anatole France, Barres, and Rostand, the class will be introduced to the best of present-day poetry, prose and drama through selected reading from authors like Claudel, Valéry, Balland, Gide, on demand.

2 GERMAN

ASSOCIATE PROFESSOR ORROK

The predominant aim in the German courses is to provide a basic reading knowledge for students intending to enter graduate or professional schools on graduating from Ouachita.

113a, b. Elementary German

Fundamentals of pronunciation, grammar, and composition are stressed, and reading is introduced early and continued progressively. M. W. F., 8:00.

213a, b. Intermediate German

Advanced exercises in pronunciation, grammar and composition are supplemented by rapid reading in modern German prose suitable to the students' interest and needs. Given on demand.

4 SPANISH

ASSOCIATE PROFESSOR ORROK

The purpose of first-year Spanish is to give the student a grammar foundation for sufficient reading knowledge of contemporary Spanish in an attempt to better inter-American relations.
113a, b. Elementary Spanish

Fundamentals of pronunciation, grammar, and composition are stressed, and reading is introduced early and continued progressively. M. W. F., 3:00.

213a, b. Intermediate Spanish

Advanced exercises in pronunciation, grammar, and composition are supplemented by rapid reading in modern Spanish prose suitable to the student's interest and needs. Given on demand.

4. SPEECH
ASSISTANT PROFESSOR RUDOLPH
ASSISTANT PROFESSOR LYNCH

The courses of study in Speech are planned to give training for those who desire to prepare themselves for the teaching of the various phases of Speech, for those who desire to specialize in platform reading, for those desiring to study speech for its cultural value, and for those going into the professional world who desire to cultivate greater facility in the forceful and effective expression of their ideas.

Requirements for a major in Speech are the following courses: 113; 123; 213a, b; 303; 315a, b; 425; and eight hours in physical education.

Requirements for a minor in Speech include: 113, 123, 213a, b; 303; 315a, b.

Requirements for a diploma in Speech are a major in speech plus speech courses 102a, b; 202a, b; 302a, b; 402a, b; and 452.

In addition to the hours of speech required, majors must submit 15 hours of work from the following five groups and must submit at least three hours in each of three groups:

1. Education and Psychology 233 or 333.
2. English (junior-senior courses)
3. Appreciation and History of Music or Art
4. Foreign Languages
5. Philosophy 333, 343.

113. Fundamentals of Speech

This is an orientation course in the field of speech. Emphasis will be placed upon the securing of poise, spontaneity, sincerity, and mastery. Interpretation, voice, gesture, platform deportment, etc., will be stressed as necessary for prospective work in public
OUACHITA COLLEGE, ARKADELPRIA ARKANSAS

Speaking, debate, drama, and conversation. First semester, M. W. F., 10:00 (sec. 1); M. W. F., 11:00 (sec. 2).

123. Voice and Diction
A course designed to establish good habits of speech through (1) analysis of each individual's voice and articulation; (2) class instruction in the development and care of the speaking voice; (3) drills for careful articulation; (4) application and adaptation of this instruction to individual abilities and needs. Emphasis on the development of flexibility, musical quality, audibility, and clarity. Second semester, M. W. F., 10:00, (Sec. 1); M. W. F., 11:00 (Sec. 2). This course specially recommended for ministorial students.

131. Correction of Minor Speech Defects
Treatment for such defects as lisping, nasality, and general articulatory inaccuracies. Offered only in the summer term.

212a, b. Oral Interpretation of Literature
An analysis of material from both intellectual and emotional viewpoints. Selected studies from the best literature for public presentation. The purpose of this course is not only to equip students for public reading but to lead to an appreciation of the highest spiritual and intellectual values of literature. First and second semester: M. W., 12:00 (Sec. 1); T. Thu., 11:00 (Sec. 2). Given also in the summer.

303 Public Speaking
Theory and practice in composition and delivery of speeches of various types and for various occasions. The aim of the course is to develop the ability of the student to express his ideas effectively under circumstances that arise in the normal course of his life. Repeated each semester: M. W. F., 3:00.

315a, b. The Theory of Play Production and the Drama
A practical course to prepare students to direct dramatic activities in school and communities. A study of the organization and duties of the producing staff, of methods of producing, stage technique, stage settings, make-up, and of the elementary technique of acting. Practical experience by each student in coaching plots under the direction of the instructor. The course is identical with English 315a, b. The student must take the entire course, receiving two hours a semester of credit in English and three hours of credit in Speech. First and second semesters: M. T. W. Thu. F., 2:00.

332. Dramatic Reading and Platform Art
Gathering and arranging of program material. Selected studies from classic literature for public presentation. Consent of instructor. Second semester. To be arranged.

425. Practice Teaching
Experience in teaching, under supervision, of various courses in speech to groups and to individuals. Required of Speech majors. Open only to seniors in Speech. First and second semester.
422. Argumentation and Debate

Theory and principles of debate supplemented by practice in actual debate. Identical with Political Science 422.

431. Play Directing

A practical course in the directing, casting, and selection of usable plays. Open only to speech majors and minors. Prerequisite: 323a, b. More credit may be arranged. Offered each semester.

Private Instruction

Adapted to the needs of the individual student. It may consist of corrective work, platform reading, or advanced study in some field the course work offered. The private courses are as follows: 102a, b; 202a, b; 302a, b; 402a, b.

452. Senior Recital

One hour's private instruction per week in addition 402 with five hours' practice per week is required.

DIVISION OF SCIENCE

PROFESSOR PROVINE, Chairman

The division of Science offers instruction in Biology, Chemistry, Physics, Mathematics, Aeronautics and Home Economics. The aims of the division are two-fold: to develop the cultural value of studies in these fields and to give practical training in a specialized preparation for a life work. More specific objectives will be found in the statements introducing each field of study in the division.

1. BIOLOGY

ASSOCIATE PROFESSOR ARCHIBALD

ASSISTANT PROFESSOR MEDLEN

The Biological Sciences aim to develop an understanding and appreciation of nature from a scientific viewpoint; to avoid philosophical interpretations of natural phenomena which are more satisfactorily explained from a cause-and-effect standpoint; to gain a practical knowledge of living matter; and to offer advanced training to meet the need of pre-medical and advanced students in biological work.

Students majoring in the Biological Sciences must take the following courses: 114a, b; a minimum of six hours in 200 courses, excepting 233, for which collateral science credit may be received; and sixteen hours in 300 and 400 courses. Minors are required to take eight hours in 300 and 400 courses in addition to the regular freshman and sophomore requirement. Majors who are candidates for the A. B. degree must submit, in
addition, sixteen hours of work in related courses in Mathematics and in other sciences. Chemistry and Physics are advised. These courses must be approved by the major professor.

114a, b. General Biology

An introductory course designed for students beginning work in Biology. Fundamental biological principles of natural phenomena are stressed. The course is designed to give the student a broad cultural background, as well as a fuller understanding of the life processes of plants and animals and their application to man, which should develop in the student a better understanding and appreciation of himself and the world about him. Pre-medical and pre-denial students are advised to take this course. Fee $5.00 each semester. Mr. Archibald.

114a First semester: M. T. W. Thu. F. (Sec. 1) 8:00; (Sec. 2) 9:00 (Sec. 3) 10:00.

114b Second semester: M. T. W. Thu. F. (Sec. 1) 8:00; (Sec. 2) 9:00 (Sec. 3) 10:00.

123. Conservation

This course deals with the conservation of forests, wild-life, mineral resources, soil, water and flood control. Special emphasis is placed on the aspects which pertain to the State of Arkansas. No credit given on this course for biology major or minor. Fee $1.00. Mr. Medlen. Second semester: M. W. F. 8:00

213. Human Physiology

A course designed to acquaint the student with the structure and functions of the human body. Diseases, infection, immunity, and methods of prevention and control are also discussed. Prerequisite 114a, b. (Home Economics students may substitute Chemistry 114a, b). Fee $2.00. Mr. Medlen. First semester: M. W. F., 11:00.

223. Heredity

This course is designed to develop an understanding of the basic principles of inheritance. The practical significance of the study is shown in the direct relation it bears to plant and animal improvement and the part heredity plays in the life of man. Eugenics and racial treatment are discussed. Three hours freshman-sophomore credit or two hours junior-senior credit. Prerequisite 114a, b, or its equivalent. Fee $2.00. Mr. Archibald. Second semester: M. W. F., 11:00.

233. Geology

A general introductory course in geology designed to meet the cultural needs of the student. Surface features, agencies, and processes of change, development of topographic forms, rocks, minerals, volcanoes, earthquakes, mountain-making forces and an introduction to the history of the earth and the sequences of life on it are discussed. Three hours freshman-sophomore credit or two hours junior-senior credit. No prerequisite. Collateral science credit may be received but no credit toward a biology major or minor.
DIVISION OF SCIENCE

Fee $2.00. Mr. Medlen. First semester: M. W. F., 10:00. Not offered in 1943-'44.

244. Invertebrate Zoology

This course deals with the study of representative types of invertebrate animals, which includes work on the structure, habits, behavior, and phylogenesis of each group, emphasizing the fundamental principles of comparative morphology. The laboratory work includes observation and dissection of type forms of invertebrate animals. A course recommended to prospective teachers as well as minors and majors in biology. Fee $6.00. Mr. Medlen. First semester: Lecture, T. Thu. 11:00. Laboratory, M. W., 2:00-3:50.

254. Plant Morphology And Physiology

A study of the principle groups of plants with reference to their structure, physiology, ecological relationships, life histories, taxonomy, and phylogenesis. Laboratory work includes experiments in plant physiology, observations and dissections of typical plant types. A course recommended to prospective teachers as well as minors and majors in biology. Fee $6.00. Mr. Medlen. Second semester: Lecture T. Thu., 11:00. Laboratory T. Thu., 2:00-3:50.

314. Bacteriology

A course dealing with the fundamentals of bacteriology with emphasis placed on a study of those micro-organisms of importance to man. The botanical relationships of bacteria, their classification, morphology, physiology, and environment are discussed. Laboratory work includes the methods of preparation of culture media, staining, and some of the more common bio-chemical reactions. Prerequisite: Biology 114a, b. (or 244 and 254); Chemistry 114a, b. (Home economics students admitted with Chemistry 114a, b only). Junior or senior standing. Fee $6.00. Mr. Medlen. First semester: Lecture, T. Thu., 8:00. Laboratory, T. Thu., 3:00-4:50.

334a, b. Vertebrate Zoology and Comparative Anatomy

A course dealing with the vertebrate animals from a phylogenetic standpoint followed by a comparative study of their anatomy. The laboratory work includes the dissection of certain Protochordates, Dogfish, Necturus, Turtle, Pigeon and the Cat. Pre-technician, and pre-dental students, minors and majors in biology are advised to take this course. First and second semesters 1943-44 and alternate years thereafter. Prerequisite: 114a, b (or 244 and 254) and junior or senior standing. Fee $6.00. Mr. Archibald. Lecture, M. W., 2:00. Laboratory, M. W., 3:00-4:50.

333a, b. Entomology

A general course dealing with the characteristics of the orders and families of insects, with the study of their habits, structure, life histories, and ecological relationships. Emphasis will be placed on forms of economic importance. This is a study of practical value for prospective teachers, minors and majors in biology, as well as those interested in nature study. The second part of the course will be devoted to special studies and problems according to the need and desire of the student. Students enrolling should see the instructor. Fee $6.00. Mr. Archibald. Summer session.
414. Parasitology

A study of animal parasites with particular emphasis on those found to infest man. The structure, classification, life histories and methods of prevention and control will be taken up. Prerequisite: 114a, b, (or 244 and 254) and junior or senior standing. Fee $6.00. Mr. Medlen. Not given 1943-44. Second semester: Lecture, T. Thu., 11:00. Laboratory, T. Thu., 3:00-4:50.

424. Histology and Microtechnique

A comparative study of the primary tissues of vertebrate animals. Histological technique followed by tissue study are taken up in the laboratory. A course of practical value to all biology majors, pre-dental and pre-medical students as well as future laboratory technicians. These types of students are advised to take this course. Prerequisite: 114a, b, (or 244 and 254) and junior or senior standing. First semester 1944-45 and alternate years thereafter. Fee $6.00. Mr. Archibald. Not given in 1943-44. First semester: Lecture, M. W., 2:00. Laboratory, M. W., 3:00-4:50.

434. Embryology

A course devoted to a study of development from the comparative viewpoint. Cell division, gametogenesis, fertilization, cleavage, gastrulation, germ layer formation and organogeny are studied. The starfish, roundworm, grasshopper, Amphioxus and white fish are given preliminary treatment in the study of early development followed by a more intensive study of later development in the frog, chick and pig. Primarily for pre-medical and pre-dental students and biology majors. Prerequisite: 114a, b (or 244 and 254) and junior and senior standing. Second semester 1944-45 and alternate years thereafter. Fee $6.00. Mr. Archibald. Not given 1943-44. First semester: Lecture, M. W., 3:00. Laboratory, M. W., 3:00-4:50.

443. Special Studies In Biology

The contents of this course will vary to suit the needs and desires of students in Biology. Given on demand. Fee $1.00 to $3.00 depending on the nature of the work. Mr. Archibald, Mr. Medlen.

2. CHEMISTRY

PROFESSOR PROVINE

ASSISTANT PROFESSOR MONDY

The first courses in Chemistry are designed for students who desire a knowledge of the science for its cultural value. Other courses are planned to meet the requirements of those who desire a more thorough knowledge of the subject; to prepare for work in medicine, engineering, or for other professional uses.

Students majoring in Chemistry must take the following courses: 114a, b; 214; 224; and 324a, b; the remaining hours to be selected from 300 and 400 courses. Majors who are candidates for the A. B. degree must take, in addition at least fifteen
hours of work in related courses in Mathematics and in other sciences.

114a, b. General Chemistry

A comprehensive cultural course in chemistry designed to meet the need for all students. Lectures and recitations two hours. Laboratory four hours a week. Fee $5.00 each semester.

114a, first semester: Lecture (Sec. 2) T. Thu., 11:00; (Sec. 1) T. Thu., 10:00; laboratory (Sec. 1) M. W., 9:00-10:50 (Sec. 2) M. W., 2:00-3:50; (Sec. 3) T. Thu., 2:00-3:50.

114b, second semester; prerequisite: 114b; lecture (Sec. 2) T. Thu., 11:00; (Sec. 1) T. Thu., 10:00; laboratory (Sec. 1) M. W., 9:00-10:50; (Sec. 2) M. W., 2:00-3:50; (Sec. 3) T. Thu., 2:00-3:50.

204. Organic Chemistry

This course includes a brief outline of aliphatic organic chemistry and the elementary principles of physiological chemistry. Not open to students majoring in chemistry. Credits not given for both 204 and 324a. Lecture and recitation two hours and laboratory four hours a week. Prerequisite: Chemistry 114. Fee $5.00. Second semester: Lecture M. W., 8:00; laboratory T. Thu., 8:00-9:50.

214. Qualitative Analysis

A course in systematic analysis of inorganic substances. Lecture and recitation one hour and laboratory six hours a week. Prerequisite: Chemistry 114. Fee $6.00. First semester: M. W. F., 3:00-4:50 laboratory; T. Th., 2:00, lecture.

224. Quantitative Analysis

A study of some of the general methods of gravimetric and volumetric analysis. Lecture and recitation one hour and laboratory six hours a week. Prerequisite: Chemistry 114. Fee $6.00. Second semester: M. W. F., 3:00-4:50, laboratory; T. Th., 2:00 lecture.

324a, b. Organic Chemistry

A systematic study of the typical compounds of carbon. Lecture and recitation two hours and laboratory four hours a week. Prerequisite: Chemistry 114. Fee $5.00. First and second semesters. M. W., 11:00, Lec.; T. Th., 3:00-4:50, Lab.

334. Advanced Qualitative Analysis

A continuation of Chemistry 224 with the same number of hours for lecture and laboratory. Prerequisite: Chemistry 224. Fee $6.00. Summer session.

343a, b. Physical Chemistry

An introductory course to theoretical chemistry. Three hours lecture and laboratory per week. Prerequisite: Chemistry 224, Physics 214, and Mathematics 213. Fee $5.00. M. W. F., 12:00.

424. Organic Preparations

A study of the more difficult relations of organic chemistry
through laboratory preparations. Special emphasis is given to the preparations and purifications of typical dyes and drugs. Prerequisite: Chemistry 324. Fee $6.00. First semester: M. T. W. F., 3:00-4:50, laboratory and lecture.

433. Qualitative Organic Analysis

A systematic identification of organic compounds. This course includes a number of preliminary experiments, followed by unknowns of both pure substances and mixtures. Prerequisite: Twenty-four hours of chemistry including at least eight hours of organic chemistry. Fee $6.00. Second semester: M. T. W. F., 3:00-4:50.

443. Special Studies in Chemistry

The contents of this course will vary to suit the needs and desires of majors in chemistry. Given on demand. Fee $5.00.

3. PHYSICS

PROFESSOR SEWARD

214. Mechanics, Heat and Sound

An introductory course in general Physics. Prerequisite: Trigonometry. Three recitations and one two-hour laboratory period each week. Fee $5.00. First semester, M. W. F., 8:00 (Lec.); T. Thu., 8:00, (Lab.)

224. Electricity, Light and Modern Physics

Prerequisite: Physics 214 or Chemistry 114a. Three recitations and one two-hour laboratory period each week. Fee $5.00. Second semester M. W. F., 8:00 (Lec.); T. Thu., 8:00 (Lab.).

4. MATHEMATICS

PROFESSOR SEWARD

The aim of the instruction in Mathematics is to develop logical, rigorous habits of thought; and to provide the techniques necessary to the study of the exact sciences.

Students majoring in Mathematics must take the following courses: 122, 133, 143, 213a, b; the remaining hours to be selected from 300 and 400 courses. Majors who are candidates for the A. B. degree must take, in addition, at least fifteen hours in related courses.

103. Solid Geometry

Offered in summer session. Prerequisite: Plane Geometry.

112. Algebra

Introductory Algebra, including percentage, ratio and proportion, compound interest and annuities. First semester, T. Thu., 11:00.
122. Algebra

Includes quadratic equations, complex numbers, the binomial theorem and other topics. Prerequisite: Mathematics 112 or two years of high school Algebra. Second semester, T. Thu., 11:00.

133. Trigonometry

413. Analytic Geometry

213a, b. Calculus

A study of the techniques of differentiation and integration and their applications. Prerequisite: Mathematics 143 and 122. Credit may be given for 213a without 213b. M. W. F., 12:00.

313. Projective Geometry

A study of synthetic projective plane geometry. Offered in summer session. Recommended to teachers of geometry.

Two of the following four courses will be given each year: M. W. F., 2:00.

313. Theory of Equations

Introduction to the solution of algebraic equations of higher degree. Prerequisite: Mathematics 122 and 143.

323. Astronomy

Mathematical astronomy, with emphasis upon celestial navigation. Prerequisite: Trigonometry.

413. Differential Equations

Solution of the simpler types of differential equations of Chemistry and Physics. Prerequisite: Mathematics 213b.

423. Theoretical Mechanics

Treatment of problems of motion from the point of view of the Calculus. Prerequisite: Mathematics 213b.

402. Honors Course

A course for majors in Mathematics who wish to do independent work on some special problem to be chosen with the approval of the instructor.
The objective of the department is to prepare young women for the important position of homemaking, and for the vocations which grow out of homemaking activities. The curricula are arranged to meet the needs of those students who desire a good foundation in the subject relating to the social, scientific, artistic, and economic problems of the home, for those who wish to enter the commercial field; and for those who wish to follow any career radiating from the Home Economics field.

The department of Home Economics also aims to give instructions to students interested in other divisions of the college who may elect courses in Home Economics as a part of a liberal education.

Students are advised for their junior and senior years of work according to the degree preferred, their individual needs, and their chosen profession.

**Remainder of Requirements**

Courses are elected in other divisions according to the major field of interest to complete the number of hours required for graduation.

Home Economics majors interested in the teaching profession should take the following Education courses: 253, 323, 413, 494, 233, 425. Conservation is included in Home Economics 213, 223, and 423.

**HOME ECONOMICS MINOR**

A minor in Home Economic is recommended only for those students who are interested in Home Economics from a homemaking standpoint.

**Requirements**

- Home Economics 142
- Home Economics 113
- Home Economics 213
- Home Economics 223
- Home Economics 322
- Home Economics 333
- Home Economics 423 or 233

Additional courses in Home Economics and some of the Related Arts courses may be elected according to individual needs and advice of major or minor professor.

**DESCRIPTION OF COURSES**

**113. Clothing I**

The aim of this course is to teach the fundamental principles of garment selection and construction, personal grooming, study and use of commercial patterns, principles of fitting, use and care of sewing machines. Clothing economies. Lecture one hour, and laboratory four hours a week. Prerequisite or co-requisite: Related Art 133. Non-majors, no prerequisite. Miss Silliman. First semester. Fee $1.50. Major lecture: M., 9:00. (Sec. 1) Lab. T. Th., 8:00-9:50; (Sec. 2) T. Th., 3:00-4:50. Second semester: Non-major lecture; M., 9:00; Lab. T. Th., 8:00-9:50.

**142. Textiles**

The purpose of this course is to teach artistic and economic consideration in selecting materials for clothing and household furnishings. A study of textile fibers and fabrics, their structure, properties, manufacture and wearing qualities; methods in care, renova-
tion and laundering; special buying problems that confront the con-
sumer. Conservation of textile fibers is included in this course.
Lecture and laboratory four hours a week. Fee $1.50. Open to
non-majors. Miss Silliman. Second semester: (Sec. 1) T. Th.,
11:00-11:50, 2:00-2:50; (Sec. 2) T. Th., 3:00-4:50.

213. Foods

The intent of this course is to teach the principles of cookery
and food combinations of the every day diet. The preparation of
food, production, cost, selection, nutritive value, and place in the
diet. The course includes conservation. Lecture one hour and labora-
tory four hours a week. Open to Home Economics majors. Fee
$5.00. Miss Plant. First semester: Lec., M., 11:00; Lab., W. F.,
11:00-12:50.

223. Family Meals

The purpose of this course is to teach food economy in planning
and serving meals. Meal preparation, methods of table service for
all occasions, marketing and cost of meals, individual and group
planning of meals for groups. Conservation of foods is included in
this course. Lecture one hour and laboratory four hours a week.
Co-requisite: Home Economics 213. Fee $5.00. Miss Plant. Second
semester: Lec. M., 9:50; Lab., W. F., 11:00-12:50.

233. Clothing II

The object of this course is continued study of commercial pat-
terns and the application of the principles of costume design as ap-
plicated to the planning, selection, and construction (dealing with linen
and wool), according to the occasion as well as to the individual.
Budgeting and consumer buying. Lecture one hour, laboratory four
hours a week. Prerequisite: Home Economics 113 and 142, Related Art 133a and b.; and co-requisite: Related Art 232. Fee
$1.50. Miss Silliman. Second semester. Lecture M., 11:50; Lab.
W. F., 8:00-9:50.

243. General Home Economics for Boys

The aim of this course is to present a practical study of the vari-
ous phases of Home Economics which are vital for young men in
every day living. Nutrition, diet, table service, social etiquette, per-
sonal grooming, color and personality study, etc. Special emphasis
for boys upon demonstrative and illustrative material. Lecture three
hours weekly. Laboratory fee $1.00. First semester: M. W. F., 9:00.
Miss Plant.

313a, b. Nutrition and Dietetics

The object of this course is to teach the nutritional theories as
applied to normal and pathological conditions. The content includes
the principles of human nutrition and their application in the con-
struction of dietaries; the effect of inadequate and incomplete diets;
selection of foods for various ages in health and disease. Lecture
two hours and laboratory two hours a week. Prerequisite: Home
Economics 223, Chemistry 204, Biology 213. Miss Plant. Fee $1.50.
First and second semesters: Lec. T., 10:00-11:50; Lab. Th., 10:00-
11:50.
DIVISION OF SCIENCE

322. Home Nursing

This course intends to present practical methods of caring for the sick in the home with emphasis on positive health. Physical care of infants, the sick, and aged, home remedies, and prevention of illness. Lecture one hour and laboratory two hours a week. Prerequisite: Junior standing. Fee $1.50. Miss Plant. First semester: Lec. T. Th., 9:00.

333. Child Development

The object of this course is to create intelligent standards for good taste in selection and arrangement. A study of the fundamental principles of art and application of these to definite problems. Course 133a fills the Arkansas state requirement for Public School Art. Lecture one hour and laboratory four hours a week. Art minors are required to take this course. Fee $2.00. First semester: Lec. M., 8:00; (Sec. 1) Lab. W. F., 8:00-9:50; (Sec. 2) Lab. T. Th., 9:00-10:50. Second semester: Lec. M., (Sec. 1) 8:00; (Sec. 2) 9:00; (Sec. 1) Lab. W. F., 8:00-9:50; (Sec. 2) Lab. M. W., 11:00-12:50.

232. Costume Design

The aim of this course is to reveal the practical application of the fundamental principles of design and color to costume-planning and selection, analysis of personality and figure differences, corrective dressing, and choice of specifically becoming lines and color. Home Economics 133a. Fee $1.50. First semester: Lec. T., 2:00. Lab. Th., 2:00-3:53.

343. Home Planning and Furnishing

This course is intended to give experience in applying the principals of design to problems concerning home planning and interior decoration. The content includes a study of house plans and furnishings, emphasizing utility and charm of arrangement, wall covering, rugs, types of furniture, window arrangements. Laboratory includes individual problems in interior decoration, in making floor tory two hours a week. Prerequisite: Introduction to Art 133a, b. Fee $1.50. Second semester: Lec. Th., 2:00; Lab. T. Th., 8:00-9:50.

352. Home Equipment

The purpose of this course is to give practical information on the selection, care and operation of common household equipment, plumbing, heating, and lighting. Laboratory involves lectures on and demonstrations of, equipment. Lecture one hour weekly, laboratory two hours a week. Prerequisite: Introduction to Art 133a, b. Fee $1.50. Miss Silliman. First semester: Lec. M., 3:00-4:50; Lab. W., 3:00-4:50.

DIVISION OF SOCIAL SCIENCE

PROFESSOR DAILY, Chairman

The Division of Social Science includes History and Political Science, Business Administration, Economics and Sociology.
DIVISION OF SOCIAL SCIENCE

1. HISTORY AND POLITICAL SCIENCE

PROFESSOR DAILY

ASSOCIATE PROFESSOR JONES

The aims of courses in these fields are: To develop within the student an appreciative understanding of the problems and contributions of the past, a keen and sympathetic insight into those of the present, and an urge to dedicate himself to the promotion of future social stabilization and progress; to prepare students for graduate schools; for teaching positions; for social service work; and for governmental service, legal and other professions that require this training.

A major or minor in History is offered in this field. For the major a total of twenty-seven semester hours of History plus fifteen acceptable hours in related fields are required. History 213a, b is required of all majors and minors. No major or minor may be completed in general social science. Credit may be earned for either semester of any year course without the other semester being taken.

The related fields requirement may be satisfied by the completion of fifteen hours from the following groups in which Economics 243a and Political Science 313a and at least three hours from a third group must be included:

1. Economics 243a, b; Sociology 343.
2. Political Science 313a, b; 333.
3. Bible 313; Philosophy 343.
4. French 213a, b; German 213a, b.
5. English 323a, b; 443a, b.

A. HISTORY

113a b. Survey of World Civilization

This course presents a panoramic view of world civilizations of the past with a view to the better appreciation and understanding of the civilization of our day. Our heritage from the past is stressed. Required for teachers’ certificates. Dr. Daily. M. W. F., 8:00 (Sec. 1); 2:00 (Sec. 2).

History 113b or its equivalent prerequisite. Not offered in 1943-44.

412a, b. History of American Foreign Policy

Beginning with the study of foreign affairs of the American Revolution, consideration is given to the country’s leading foreign policies to the present time, especially those toward Western Europe and Latin America and as regards participation in the solution of world problems. History 213a, b is prerequisite. Dr. Daily. T. Thu., 8:00.

422a, b. Greek and Roman History

A study of the rise, duration and fall of these two world empires. The elements of strength and weakness in both civilizations are stressed as are also their contributions to the later world order. History 113a prerequisite. Not offered in 1943-44.

431-432. Undergraduate Seminar in History

Special topics in American or modern European history will be chosen for study. Acceptable oral and written reports of student researches will be required. Open for either one or two semester hours of credit to senior history majors who have at least a “B” average in the department. Dr. Daily. Second semester. Time to be arranged.

B. POLITICAL SCIENCE

113a, b. Survey of Political and Other Social Science

An elementary survey of a number of outstanding problems in the fields of economics, political science, and sociology. The geographic pattern of mankind is also considered. The course is presented as an orientation to the fields of social science thought. Required for certification of elementary teachers. Summer session.

313a, b. American Federal and State Government

An advanced study of the principles, organization and administration of federal, state and local government in the United States.
DIVISION OF SOCIAL SCIENCE

Special attention is given to the evolution and interpretation of the Federal Constitution and to constitution-making in the states, and to recent tendencies. Prerequisite: either History 213a, b, or Political Science 113a, b. Not offered in 1943-44.

333. Introduction to World Politics

A general study of such problems of world politics as nationalism, internationalism, militarism, imperialism, etc. An elementary survey of the essentials of international public law. Mr. Jones. Second semester. M. W. F., 12:00.

412a, b. Business Law

A detailed study of the law of contrasts, negotiable instruments, agencies, business combinations, transfer of property, and of torts in general. Practice in making out various kinds of business papers is included. Dr. Daily. T. Thu., 11:00.

422a, b. Current Political and Social Problems

This course is open to a small number of advanced students especially interested in doing undergraduate research in challenging present-day problems. The class work consists mainly in preparing briefs and debating these issues. Dr. Daily. T. Thu., 4:00.

2 BUSINESS ADMINISTRATION

ASSOCIATE PROFESSOR BASS

INSTRUCTOR DURRETT

INSTRUCTOR MEDLEN

The general objective of this department is to provide a liberal and practical education in the general, scientific and skilled training in business. The specific objectives are to provide an adequate background for immediate employment in general business, particularly the secretarial and accounting fields; to equip teachers for commercial subjects in secondary schools; and to prepare for further study in graduate schools.

Either major or minor work may be completed in this field. For the major a minimum of twenty-seven hours plus fifteen semester hours of prescribed work in related fields are required. For the minor a minimum of twenty semester hours must be completed. The related fields for the major must include Math. 112, Economics 243a, b, Sociology 343, and Political Science 412a, b.

The courses in Biblical Education are designed to acquaint students with the fundamental principles of the Bible, and to prepare students for the ministry, educational secretaryships, missionary work, lay leadership in the churches, and graduate study in seminaries and other graduate institutions. The courses
in Philosophy introduce students to the major systems of thought which have influenced the progress of civilization.

Bible 113, 123, 213a, b and 333 are intended to give a comprehensive view of Biblical history from Genesis to Revelation. In addition to the hours of Bible required for a major in Biblical Education, majors must submit fifteen hours of work from the following five groups:

1. Foreign Language
2. Philosophy 333, 343, 312, and 322
3. Fine Arts (Speech, Art or Music)
4. English (Junior-Senior Courses)
5. History (Junior-Senior Courses).

(It is not necessary to take both semesters of an "a" and "b" course in Biblical Education in order to get credit on either half.)

113. Old Testament History

The object of this course is to acquaint the student with the historical growth of the Hebrew nation. Professor Yates and Professor Wallace. First semester: M. W. F., 3:00 (sec. 1); T. Thu., 2:30-3:15 (sec. 2).

123. New Testament History

The purpose is to make a thorough study of the life of Christ and the earliest development of the Christian movement, as shown in the Gospels. Repeated each semester. Professor Yates and Professor Wallace. First semester: M. W. F., 3:00 (sec.1); T. Th., 2:00-3:15 (sec. 2).

213a, b. New Testament Churches

The object of this course is to acquaint the student with the development of early Christian history as shown in the Acts, Epistles, and the Book of Revelation. Prerequisite: Bible 113 and 123. Professor Yates. First and second semesters: M. W. F., 10:00.

222. Program of Religious Education

The aim of this course is to give the student a general knowledge of the field of Religious Education and to point out the best methods of solving the problems confronting a church in this field. Professor Yates. Second semester. T. Thu., 10:00.

303. History of Missions

The purpose of this course is to give the student a well outlined conception of the various religions that are studied in connection with mission work in that particular field. Prerequisite: Junior standing and Bible 113 and 123. Professor Yates. First semester: M. W. F., 11:00.

313. History of Christianity

The purpose of this course is to lead the student through the un-
folding of Christian history from the first century to the present time, with special emphasis on Baptist history, and the beginning and growth of each denomination. Prerequisite: Bible 113 and 123. Professor Yates. Second semester: M. W. F., 11:00.

323. Christian Doctrine

The entire field of Christian doctrine will be surveyed, with special emphasis paid to cardinal doctrines. Prerequisite: Bible 113, 123. Professor Yates. Not given in 1943-44.

332. Prophecy of the Old Testament

The aim of this course is to study each Old Testament prophet in the light of historical background so that the student may master the message of each prophet in relation to God's unfolding revelation. Prerequisite: Junior standing. Professor Yates. First semester: T. Thu., 10:00.

342. Biblical Geography

The aim of this course is to contribute to a balanced study of the Bible, its particular province being the geography of Bible lands. The physical backgrounds of the principal lands of the Bible, as they appear in the progressive realization of the redemptive movements, will be thoroughly studied. Prerequisite: Bible 113 and 123. Professor Wallace. Second semester: T. Thu., 11:00.

351. Poetry of the Old Testament

The purpose of this study is to acquaint the student with the poetical books of the Old Testament and the particular messages that they bring. This poetry is studied in the light of the historical background, and an effort is made to get the messages of these poets as they were inspired by God. Prerequisite: Junior standing. Professor Yates. First semester: W., 4:00.

412. Sermon Making and Delivery

Students will be required to prepare outlines and do practice work in sermon-making. This course is not intended simply for preachers but for all students who wish to be efficient in speech making of any kind. Professor Yates. First semester: T. Thu., 11:00. Not given in 1943-44.

421. How We Got Our Bible

The aim of this course is to trace the development of the Bible from its Hebrew and Greek origin down to the present day. An effort is made to understand its canonization and to detect the hand of God in its mechanical structure all the way through. Professor Yates. Given in summer term. Prerequisite: Junior standing.

432. Church Promotion

This course intends to give general information concerning the promotion of local church work and a general survey of the problems of Christian leaders in the churches, and to study the recognized methods of meeting these problems. It is further intended to give the student practical information to enable them to conduct enlargement programs in every agency of the local church. Professor Yates. Not given in 1943-44.
443. Philosophy of Christianity

This course is intended for advanced college students who have acquired, by training and experience, a good background of religious education. It is the purpose of this course to acquaint the advanced student with the "norms" by which to select and evaluate the vast arrangement of religious practices, methods and experiences, thus attempting to state what tends toward excellent and what toward evil religion. Prerequisite: Approval of the instructor. Professor Yates. Second semester M. W. F., 11:00.

461. A study of Evangelism

This course is intended for advanced students who wish to make a close study of evangelism as it has been continued throughout the years, undertaking to interpret evangelism in our day in the light of the New Testament and sane evangelistic methods throughout the history of the church. Professor Yates. Second semester: W., 4:00. Not given in 1943-44.

473. Psychology of Religion

The purpose of this study is to describe the religious consciousness without undue influence from any philosophical theories, but merely through examining experience. An effort is made to do justice to science and religion, and to the individual and society; and to discover the religious consciousness of the common people and the technical scholars. Individual differences are as noticeable in the field of religious consciousness as in any other realm of thought. Professor Yates. Prerequisite: Junior standing. M. W. F., 11:00. First semester. Not offered in 1943-44.

B. PHILOSOPHY

 ASSOCIATE PROFESSOR WALLACE

312. Ethics

This is a reading course in the Greek New Testament. The Gospels of John and Mark and some of the shorter Epistles are read. Vocabulary and forms are emphasized in the early part of the year. The fundamentals of syntax are studied throughout the year. Prerequisite: 113a, b, or the equivalent. M. W. F., 2:00.

5 EDUCATION AND PSYCHOLOGY

PROFESSOR WITHERINGTON
ASSOCIATE PROFESSOR STEWART

It is the purpose of Ouachita College, through the field of Education and Psychology, to add to the academic training a professional knowledge and appreciation essential in developing the public school system and the right attitude towards teaching. By a proper selection of courses in this department a student may secure a state license to teach in the junior and senior high schools in Arkansas.

A second major or minor may be completed in the field of education. Students are not permitted to make education a first major or minor. (This statement does not apply to majors in Home Economics. In view of the complicated set-up of requirements which they must meet, Home Economics majors may be allowed to minor in Education. Home Economics majors, so minoring, must take the following courses: Ed 213, 233, 253, 323, 413, 425 and 494). The satisfactory completion of the following courses constitute a second minor: 213, 253, 323, 333,
413, and 425. For a second major elect any other three courses offered in education in addition to those required for a second minor.

Prerequisite: Six semester hours in Education and junior standing. Dr. Witherington. First semester: M. W. F., 11:00.

425. Directed Teaching

By arrangement with authorities of the public schools of Arkansas, students do practice teaching under supervision one hour a day for a semester. As far as practicable, this work is limited to members of the senior class. Prerequisite: Education 213, 223, and the instructor's consent. Mr. Stewart. Repeated each semester. To be arranged.
ORGANIZATION: The R. O. T. C. at the college consists of a senior infantry unit. A member of the R. O. T. C. is not in the Army of the United States and membership in the R. O. T. C. carries no legal obligation to serve in the army or any of the armed forces, either in peace or in war.

The R. O. T. C. is administered by commissioned officers of the United States Army detailed by the War Department with the approval of the college who serve as a part of the college instructional staff.

All students taking military instruction compose the College Corps of R. O. T. C. Cadets. The corps of cadets is organized as a provisional battalion consisting of a band and one battalion of infantry. All units are commanded by advanced course students who have been selected for these commands on the basis of merit. Noncommissioned officers are selected from members of the basic course.

THE BAND: The band consists of 30 members under a band leader employed by the college. The entire band is uniformed, drilled, and disciplined as a part of the R. O. T. C. Students of the Basic Course, R. O. T. C., who are members of the band are excused from certain military drills for their work in the band. The band is required to rehearse approximately three hours per week, and to attend such military ceremonies, formal concerts, and other meetings, as may be prescribed. Members of the band have a portion of their fees refunded as provided in the catalog under "Student Self-Help and Aids."

ARRANGEMENT OF WORK: In so far as practicable instruction is given by the applicatory method and is coordinated with subjects taught in other departments of the college. The course is divided into two parts, the Basic Course consisting of the first four semesters, and the Advanced Course consisting of the last four semesters, including one summer camp of about six weeks' duration.

The Basic Course requires four hours per week of the student's time including classroom work and practical instruction. The Advanced Course similarly requires six hours of the student's time. Additional time for preparation is, of course, necessary.

REQUIRED COURSE: All physically fit male freshmen and sophomores, under 26 years of age, are required to pursue the Basic Course in Military Science and Tactics, the successful completion of which, when entered upon, is a prerequisite for graduation.

No physically qualified student will be excused therefrom
ELECTIVE COURSE: Selected students who have completed the basic course or its equivalent are eligible for the Advanced Course.

The War Department pays to each advanced course student a commutation of subsistence at the rate of 25 cents per day. This amount may vary from year to year. The period of time for which this payment is made includes the two academic years of enrollment, including the intervening summer vacation period less the period of six weeks spent in camp.

For each unauthorized absence from prescribed R. O. T. C. instruction the Advanced Course student forfeits 50 cents of this commutation.

ACADEMIC CREDIT: Students pursuing the R. O. T. C. courses receive credit for eight hours for the first two years which is the Basic Course, and eight hours for the junior and senior years, which is the Advanced Course. All these credits may be used toward a degree.

MILITARY DEPOSITS: Military equipment, including a uniform, is furnished each student taking the course for which a deposit of $5.00 is required. The deposit, less $2.00 is refunded when the uniform and equipment are returned in satisfactory condition.

All students enrolling in either Basic or Advanced Courses are required to sign an agreement to reimburse the college for any loss or damage in excess of the deposit.

UNIFORMS: Under existing federal laws and regulations the War Department provides for Basic Course students uniforms, except shoes, and for Advanced Course students an allowance of $36.00 for the two years of membership.

The Basic Course uniforms remain the property of the Government. Advanced Course students must guarantee payment for their uniforms, over and above the commutation received from the Government, and these they are permitted to retain after graduation for use as Reserve Officers.

In case the uniform, through carelessness or neglect, becomes so worn or soiled as to be unfit for wear, the student may be held responsible to the extent determined by proper authority.

All cadets are required to attend formations for practical instruction in uniform, and to observe military courtesy and
252. Corrective Activities (for men and women)

A study of faults of posture found in growing children, lateral curvature of the spine, round shoulders, weakened and flat feet and additional procedures necessary for promoting interest in the correction of such defects. Mr. Bradshaw. Second semester: T. Th., 11:00.

262. History of Physical Education (for men and women)

A study of methods and techniques for making the health and physical education programs in the schools both interesting and efficient. It also takes up the community health program in meeting and handling communicable diseases. Mr. Bradshaw. First semester. T. Th., 11:00.

412. Community Recreation (for women)

A survey course of the scope and nature of community recrea-
tion and the problems for the school administration designed to meet the growing demand for trained leadership in the field of recreation. Mrs. Oliver. Second semester: M. W., 11:00.

432. Basketball Coaching (for men) Theory and practice; fundamentals on offensive and defensive basketball with team and individual formations; rules; officiation; the buying and taking care of equipment and the gymnasium. Mr. Bradshaw. Second semester: M. W., 9:00.

DIVISION OF MILITARY SCIENCE AND TACTICS

LIEUTENANT COLONEL HENLEY
CAPTAIN RICHARDSON
SERGEANT ETHERIDGE

(Because of war conditions, the future of the Military Department is uncertain. Until further notice, however, the set-up will be as is outlined below.)

Under the provisions of the Act of Congress approved June 1, 1916, usually referred to as the National Defense Act, the War Department was authorized to establish and maintain, at the request of authorities of the institution, courses in military training in educational institutions throughout the country.

Military training is offered through the maintenance of a unit of the Reserve Officers' Training Corps, an Infantry Unit of which was established in 1886.

The R. O. T. C. course is planned with a view to enriching the educational resources of the institution by adding additional equipment and emphasizing civic responsibility. Its aim is coordinated discipline of mind and body, the development of character, initiative, and all vital elements of executive leadership. It is the R. O. T. C. policy to encourage and support the physical training given by civilian teachers and thus to cooperate with all other effective agencies in an effort to promote a more vigorous American manhood. Students successfully completing the basic course of the R. O. T. C., as well as those who continue military training in the advanced course become a great asset to our country in eventuality of a national emergency. Completion of the two courses qualify a student for commission in the Reserve Corps of the Army of the United States.
The aims of the courses in Physical Education and Health are to provide for each student an opportunity to participate in healthful and recreational physical activities; to develop individual athletic skills; to train in activities that have a definite carry-over value; to meet individual needs and capacities; and to provide basic instruction in personal, school, community health education and safety education.

The department of Health and Physical Education offers to women students a program of intra-mural athletics and to the men a program of intra-mural and inter-collegiate athletics in the various seasonal sports. Each student is expected to enter the extra-curricular intra-mural program.

Four hours of Physical Education activity credit taken in four different semesters are required for all candidates for degrees. Men who take military may substitute it for Physical Education. The one hundred and twenty (120) academic hours required for graduation do not include basic military or physical education activity credit.

Students may take a second minor in physical education and health by the satisfactory completion of twenty semester hours in health and physical education, plus Biology 114a, b and Biology 213. The required courses for the second minor are as follows: A. (for women) (1) Activity courses 111a, b; 111a, b; 221a, b; 371a, b; (2) Health and Methods: 142; 152; 262; 322 or 332; 342, and 422. B. (for men) (1) Activity courses 111a, b; 111a, b; 222; (2) Health and Methods: 152; 262; 312; 362; 422; 432; and 442.

DIVISION OF FINE ARTS

The aim of the Division of Fine Arts is to fit the student for professional careers as concert performers, teachers, theorists and composers in such a way that they may become men and women of highest ideals and usefulness.

It provides an opportunity for study of music as a means of culture and appreciation to an ever-increasing class who
recognize that a knowledge of music and musical literature is a vital part of a liberal education.

The music courses have been so planned as to be adapted to both regular and special music courses. The course in Public School Music prepares students for the profession of teaching in public school. Graduates of the Ouachita Division of Arts are thoroughly equipped to meet the requirements of standardizing institutions of the country.

The Bachelor of Music degree is especially designed for those planning to do graduate work or to continue their musical studies toward a professional degree in music, and is not planned as a preparation for teaching.

The Bachelor of Music Education degree meets the state requirements in Arkansas for certification in the field of applied and public school music. An additional six hours in English or nine hours in History will enable one to teach those subjects.

The Bachelor of Arts degree with a major in music is planned mainly for those interested in music from a cultural standpoint. See note following “Summary of requirements for Bachelor of Arts degree with Music Major” if one desires to meet requirements to teach.

The Symphonic Choir, offers opportunity to all qualified students of the college for participation in Choral Singing. This organization bears credit not to exceed four hours toward graduation. Students wishing to apply for membership consult the Professor of Voice during registration.

Vocal ensemble required to meet string orchestra once each week. No credit.

All string players are required to meet string orchestra once each week. No credit.

Not more than four hours credit on Orchestra or Band or a combination of the two will be accepted toward graduation.

No private teaching should be done by students without the consent of the Head of the Music Division.

All piano students should have their last two years of work under the head of the department.

A major in music for the A. B. degree is fifty-three semester hours including twenty-four hours in applied courses numbered 103 or above in Piano, Violin, Voice or Organ, and the following theoretical courses numbered 111a, b; 122a, b; 133; 141a, b; 151a, b; 211a, b; 222a, b; 302a, b; 363a, b.
A minor in music is thirty-three semester hours including twelve hours in applied courses numbered 103 or above in Piano, Violin, Voice or Organ, and the following theoretical courses numbered 111a, b; 122a, b; 133; 211a, b; 222a, b; 363a, b.

Music Courses as College Electives

A student regularly enrolled as a candidate for Bachelor of Arts degree (not a major or minor in Music) may offer during one year or more the following courses in Music as electives:

Music 102
Music 111a, b
Music 211a, b
Music 133
Music 302a, b
Music 363a, b
Orchestra, Band, Chorus

Applied Music (provided the equivalent number of hours of theoretical music is taken)

REQUIREMENTS FOR DEGREES AND CERTIFICATES IN THE DIVISION OF FINE ARTS

Requirements for Degree of Bachelor of Music Education

The minimum requirement for graduation is the completion of 129 semester hours. In the case of women, four hours shall be physical education. In the case of men, eight hours shall be in military science or physical education. Those interested in teaching Public School Music should also take Music 151a, b; 161a, b; 342a, b; and 425, and three hours of a second applied music subject. *(One of the two fields must be Piano.)*

Those interested in teaching academic subjects will need to take Education courses as follows: 413, 425 and 253. To meet requirements in Arkansas, all teachers will need to take a Health course, six hours in the Survey of Social Science (Political Sci. 113a, b), and preservation (Biology 123).

The outline for freshman year of the Bachelor of Music Education is also suggested for the freshman year of the A. B. with music major.

**DESCRIPTION OF APPLIED MUSIC**

Two half-hour lessons per week are given in applied music. On all courses 103 and above, credit is allowed at the rate of three semester hours per semester, provided the practice per week, as specified by instructor is done; also provided the equivalent number of hours of theoretical work is submitted.

Admission to courses in Piano, Organ, Voice, or Violin is on the selective basis. A student may register for a course in applied music only after he or she has satisfied the head of the department, usually by examination, that he or she has had the

Practical written work in various forms, including the simple two and three-part, rondo and sonata form. Miss Bowden. Fee $7.50 each semester.

349a, b. Repertoire Piano Class

Throughout the year the piano students meet one hour a week for tests in public playing. Each student is required to play from memory at least once each semester. These programs are proving valuable help to the student in gaining self-control before an audience. Attendance required of all resident students. First and second semesters: To be arranged.
342a, b. Materials and Methods in Grade and High School Music

This course is designed for the school music teacher. The first semester deals with the objectives of the music education field. The study of music to be taught and methods of teaching school music from the kindergarten to the sixth grade. All phases of grade school music are thoroughly studied including a survey of grade music literature. The second semester deals with the methods of organizing and conducting a junior and senior high school music department including glee club and instrumental ensembles. Attention is given to the young voice especially during adolescence and the problem of boy's changing voice; general music course, theory, harmony, appreciation; music taught in classroom; study of available materials for junior and senior high school music. Fee $7.50. Prerequisite: Music 141a, b; 151a, b. Miss Batson. T. Th., 9:00.

363a. History of Music

This course is a study of the evolution of music from its earliest study of primitive and ancient music and early Christian music; the development of polyphony, the early stages of the opera, oratorio, and instrumental music until the beginning of the nineteenth century. The course includes one hour per week in record study in addition to the lecture. Fee $7.50. Text: McKinney and Anderson. Mr. Mitchell. First semester: M. W. F., 8:00.

363b. History of Music

The work in this course is a continuation of Music 363a, and should not be taken before the preceding course. The development of the different forms of music is continued from the time of Beethoven up to the present time, including a study of the modern school. The course includes one hour per week in record study in addition to the lecture. Fee $7.50. Text: McKinney and Anderson, supplemented by library reading and phonography demonstration Mr. Mitchell. Second semester: M. W. F., 8:00.

402. Graduating Recital

Candidates for the Bachelor of Music degree will be required to give a graduating recital.

425. Supervised Student Training

The city schools of Arkadelphia afford an opportunity for the student to participate in daily supervised practice teaching and observation. The student must have 100 clock hours of directed teaching distributed as follows:

<table>
<thead>
<tr>
