Professor of Modern Languages

21 YEARS OF SERVICE

I came to OBU from the Soviet Union in 1991 at the invitation of the former OBU president Dr. Ben M. Elrod to teach Russian and German, the two languages that were not taught at OBU before. In my 21 years here, I have enjoyed every day in the classroom with my beloved Russian majors and minors and my German students. In 1880, Mark Twain wrote an essay about his attempt to learn German and entitled it "The Awful German Language." In it he said: "...Surely there is not another language that is so slipshod and systemless, and so slippery and elusive to the grasp," but he didn't discourage me from enjoying teaching it. In actuality, both languages are great fun to teach, and I am rewarded practically every day with the successes and solid knowledge of my students. I live to teach; it has always been my passion and I am blessed with the immeasurable pleasure of being a teacher.

**Dr. Stephen W. Garner**  
 Professor of Music  
 22 YEARS OF SERVICE

Before I came in 1990, I knew of Ouachita's reputation. However, the reality was more wonderful than I imagined. H.W. Hunt once told me that Ouachita was the most Christian of all Baptist colleges, and he was right. Here I was surrounded by Christian faculty, students, staff and administration. For 22 years I have been privileged to teach voice, church music, and the CORE, surrounded by students and colleagues performing great music. I have taught hundreds of students and learned much from them. Through good times and bad, I have always felt OBU was the place for me.

13 YEARS OF SERVICE

Leaving my home of 26 years in Richmond, Virginia, for Arkadelphia, Arkansas, was NOT on my top ten list of things to do. Matter of fact, I made the move "kicking and screaming." It is interesting how I can see how the Lord orchestrated my life in hindsight. Over the years, I've found OBU to be like a hidden treasure. My greatest love has been the relationships that still continue to this day. Arkadelphia has become home. I may be retiring but plan on remaining here for the foreseeable future... just exploring a few new horizons in the days ahead.

### Dr. Janice M. Duncan

Professor of French

Chair of the Department of Modern Foreign Languages

12 YEARS OF SERVICE

I believe God sent me to finish my 43-year teaching career at OBU and what a wonderful experience it has been! I have enjoyed my colleagues, especially my wonderful friends in my department, and I've had amazing students. I believe learning takes place best when it is enjoyable, so I've always encouraged and used humor in the French classes. I'll take away wonderful memories of French tongue twisters, April Fools tricks (Jour du poisson), and wearing Groucho glasses, nose and mustache to class as well as of the pride I have felt listening to students perform in recitals and honors' day presentations or writing a really good French composition. What a wonderful 12 years it's been!

## Dr. Richard Mills

Professor of Sociology  
39 YEARS OF SERVICE

Dr. Mills holds a bachelor's degree and master's degree from Ouachita and a doctorate in education from East Texas State University. He served as professor and chair of the Department of Sociology.

## Tona Wright

Professor of Kinesiology and Leisure Studies  
41 YEARS OF SERVICE

Wright joined the Ouachita Baptist University faculty in 1971. Wright established the first varsity women's volleyball program at Ouachita and was one of the state's foremothers in organizing women's sports at the college level. She was named National Association of Intercollegiate Athletics District 17 Women's Volleyball Coach of the Year on three occasions and Women's Tennis Coach of the Year on two occasions and Arkansas Intercollegiate Conference Coach of the Year three times in both volleyball and tennis. Wright is the only female coach in Arkansas Intercollegiate Conference history to win two separate women's championships the same academic year. "Even though I have spent many years as a coach, and an administrator," Wright says, "my love for teaching far exceeds either of those."

**Eddie Ary**

Associate Professor of Finance  
32 YEARS OF SERVICE

If I had to choose one word to characterize my years at Ouachita, that word would be "change." My first semester at Ouachita in the fall of 1980 I taught an Introduction to Data Processing class without the availability of computers. In contrast, I have taught one or more classes online every semester for the past several years. Of course, the Ouachita campus has changed dramatically. The removal of some buildings and the construction of others have made the campus even more appealing than it was when I first arrived. In spite of all the changes which have occurred, it is comforting to realize that the friendliness, core, and concern of Ouachita students, faculty, and staff have remained a constant through the years. It has truly been a blessing to be a part of such a family over the past 32 years!

21 YEARS OF SERVICE

As I reflect on my years of teaching here, I'm afraid my thoughts are simply a repetition of most everyone else's. What new ways could I come up with to explain what a wonderful place OBU is to live and work and what wonderful people are here to work with and teach? Maybe there's something to be said for the repetition. I am forever grateful to my Father in heaven for the privilege of teaching here these 21 years. OBU, I love you.

43 YEARS OF SERVICE

Ouachita has been a great place to work. The things I remember and enjoyed the most are my students. I have really enjoyed working with students. They "make my day." My colleagues have been great to work with and will definitely be missed. I have been blessed with excellent student workers and lab assistants. It makes me proud to know that my former students have gone on to become teachers, engineers, medical doctors, dentists, physical therapists and professional physicists.

From 1997 until the present, I have worked at the Elrod Center. I began coordinating the America Reads program in January, 1998. America Reads was a national initiative to provide one-on-one tutoring and mentoring to children in reading. I added coordination of the America Counts program the fall semester of 1999. Also a national initiative, America Counts provides one-on-one tutoring and mentoring in math. Those programs have continued since their implementation. As an early childhood educator, these programs have been immeasurably rewarding to me. Ouachita students have made a huge contribution as we have partnered with the Arkadelphia Public Schools over these years.

PHOTO LAB EDITOR

It's hard to believe that another year has come and gone and I'm one step closer to graduating. It feels like just yesterday I was moving into Francis Crawford West 2nd floor! I never knew on that day that Ouachita would soon become my second home and the place that held the biggest part of my heart. Here at Ouachita, I have made the most amazing relationships and been given some great opportunities, including being Photo Editor. This job has taught me a lot about myself and a lot about how to work and deal with all types of people. This job has brought great joy into my life and I'm so thankful I get to do it all over again for another year. This job would not be complete without the people in my life who support me and love me through it all:

**MOM & DAD:** Without your love and guidance, I would never be where I am today. Without your sacrifices, I wouldn't be at OBU. Without your constant support, I would have given up a long time ago. Thank you for always seeing something in me, that I can't always see in myself. Thank you for believing in my wildest dreams and biggest desires. It is because of you that I am the person I am today, because of you are, I can be proud examples of the person I am forever grateful for all that you have done for me and I can never say thank you enough.

**BRANDON:** Thank you for always staying up late with me when I had homework to do after a full day of work and school. Thank you for countless hours in the office and studio, when I just didn't want to work alone. Thank you for believing in me and supporting me, no matter how many weekends and hours of sleep that means you sacrificed. Your love and support mean the world to me, and I am forever thankful. I couldn't have survived this last semester without you and I can't wait for what the future has in store for us. I love you!

**THE ROOTS:** Thank you will never be enough! Thank you for always opening your home to us, for letting me blabber on in your offices for hours and thank you for giving me opportunities that I would never have without y'all. Your family means so much to me and you have been such a blessing to my time here at OBU. I look forward to another year of memories with you two!

**ALEX, JENA & LACEY:** Thank you for putting up with living with me. My crazy schedule is nothing short of insane, but you all love me despite the insanity. Thank you for the constant encouragement and support, and for listening to me when I've had a long day. I can't believe three years have gone by, but I look forward to one more! Love you girls to the moon and back!

**TANNER:** Congratulations on such a good looking yearbook! Your hard work and sleepless nights definitely paid off (even if those sleepless nights lead to a few overslept mornings)! Thank you for always helping me and for letting me complain non-stop during my rough days. You have made this year an absolute blast. I'm impressed by your creativity and skills. I will miss you and we better stay in touch!

**CALLIE:** Although you are in grown-up land now, and won't receive this yearbook, I must say thank you. It was you who believed in me enough to ask me to be on your staff, and you who believed in me enough to suggest I be editor. Thank you for your knowledge and support throughout this year. I truly learned from the best!

**WORK-STUDY:** To my excellent staff, I say thank-you. Without you, I would never have survived this year. You all put in so much time above and beyond what I could ask for, and I'm so appreciative of all of your hard work. I'm so blessed to work with such talented and devoted people. I love you guys and look forward to another year!

**PRACTICUM:** Thank you for working so hard, not only because you have to, but because you want to see the photo lab succeed. Your hard work does not go unnoticed and we are so appreciative of everything you do!

To all of my other friends and professors that have influenced my time here at OBU, I can never say thank you enough. There are far too many to name and too many kind words to say, but know that you all have had a hand in forming me into the person I am today, and you all make Ouachita the special place that it is.

I've loved every minute of this year and can't wait for senior year, which I believe will truly be the best! Thank you again for all the support and encouragement, it means the world!

OUACHITONIAN EDITOR

My time at Ouachita officially comes to an end with the finish of this book. This year was a rough ride to say the least, but it was an experience I will be forever grateful for.

**MOM:** I will remember this year as the time our relationship grew the strangest. You heard my cries, my struggles, my frustrations, and my fears. You counseled me, critiqued me, financed me, and pushed me. Most importantly, you believed in me. You've always called me your heart child, and it becomes more evident by the day. It brings me much joy to know that my number one fan is also my number one creative colleague. Thank you for always cheering me on and for being the strong foundation I've always needed. I love you.

**P.S.** I'm glad you finally found your happy place.

**DAD:** The general consensus has always been that I am undoubtedly the offspring of John Huffman. So, firstly, I thank you for my irresistible studliness. However, I also inherited your uncontrollable spending habits and your obsession with straightening bread displays. You've given me so much to be thankful for, but I am most grateful for your unwavering support of my career goals and choices. You've instilled me with a strong work ethic and a determination to succeed. I love you

**NICOLE:** Thanks for putting up with my disorganization, procrastination, untimeliness and spontaneity. Now you know how next year is NOT supposed to go. Thank you for always listening to my frustrations and for confiding yours in me. If it weren't for our weekly vent sessions, we would have said lots of things we shouldn't have and hurt lots of people's feelings. You have become a true friend, and I hope we can stay in touch for years to come. You have a good heart that will lead you to great places in the future. Good luck with your last year. Make it count!

**MAURI:** You've got huge shoes to fill. Good luck. Just kidding! I'm glad you finally decided (after lots of stressful conversations) to take the job. I believe in you, and I hope this year teaches you as much as it did me. Thanks for all of your hard work on this book. I could not have done it without you. You're going to be a great editor, just do the opposite of everything I did :) And stop studying so much!

**HANNAH & ALY:** Thank you for being my comedic relief on those FEW days I worked in the office with you. You two never thought twice about calling me out. Thanks for keeping me on my toes. You were both great assets to the staff. Not to mention, you were the only ones who shared my geeky obsession with perfect "yearbookness." Congrats on making the smartest choice a freshman girl can make. Good luck with the rest of your time at OBU. Keep in touch!

**TORI:** Thank you for always offering to help and for always knowing what to say. You have such a heart for Christ, and it is evident in everything you do. One piece of advice-AVOID inheriting my sleeping habits. Trust me.

**BEN:** Thanks for, quite literally, diving head first into the mess we call yearbook. You had no idea what you were getting into, and I'm still not sure you do, but I'm glad you went through with

it. It was such a relief to have a fellow Kappa/rager/shade tree/procrastinator to work with in that basement dungeon. You did a great job, but please don't force Mauri to hunt you down like I had to. Gee.

**PRACTICUM:** Thanks for all your hard work. I'm sorry I made it impossible to accumulate your credits for the semester. I know you all were dying for extra assignments. I hope each of you gained something valuable from your experience.

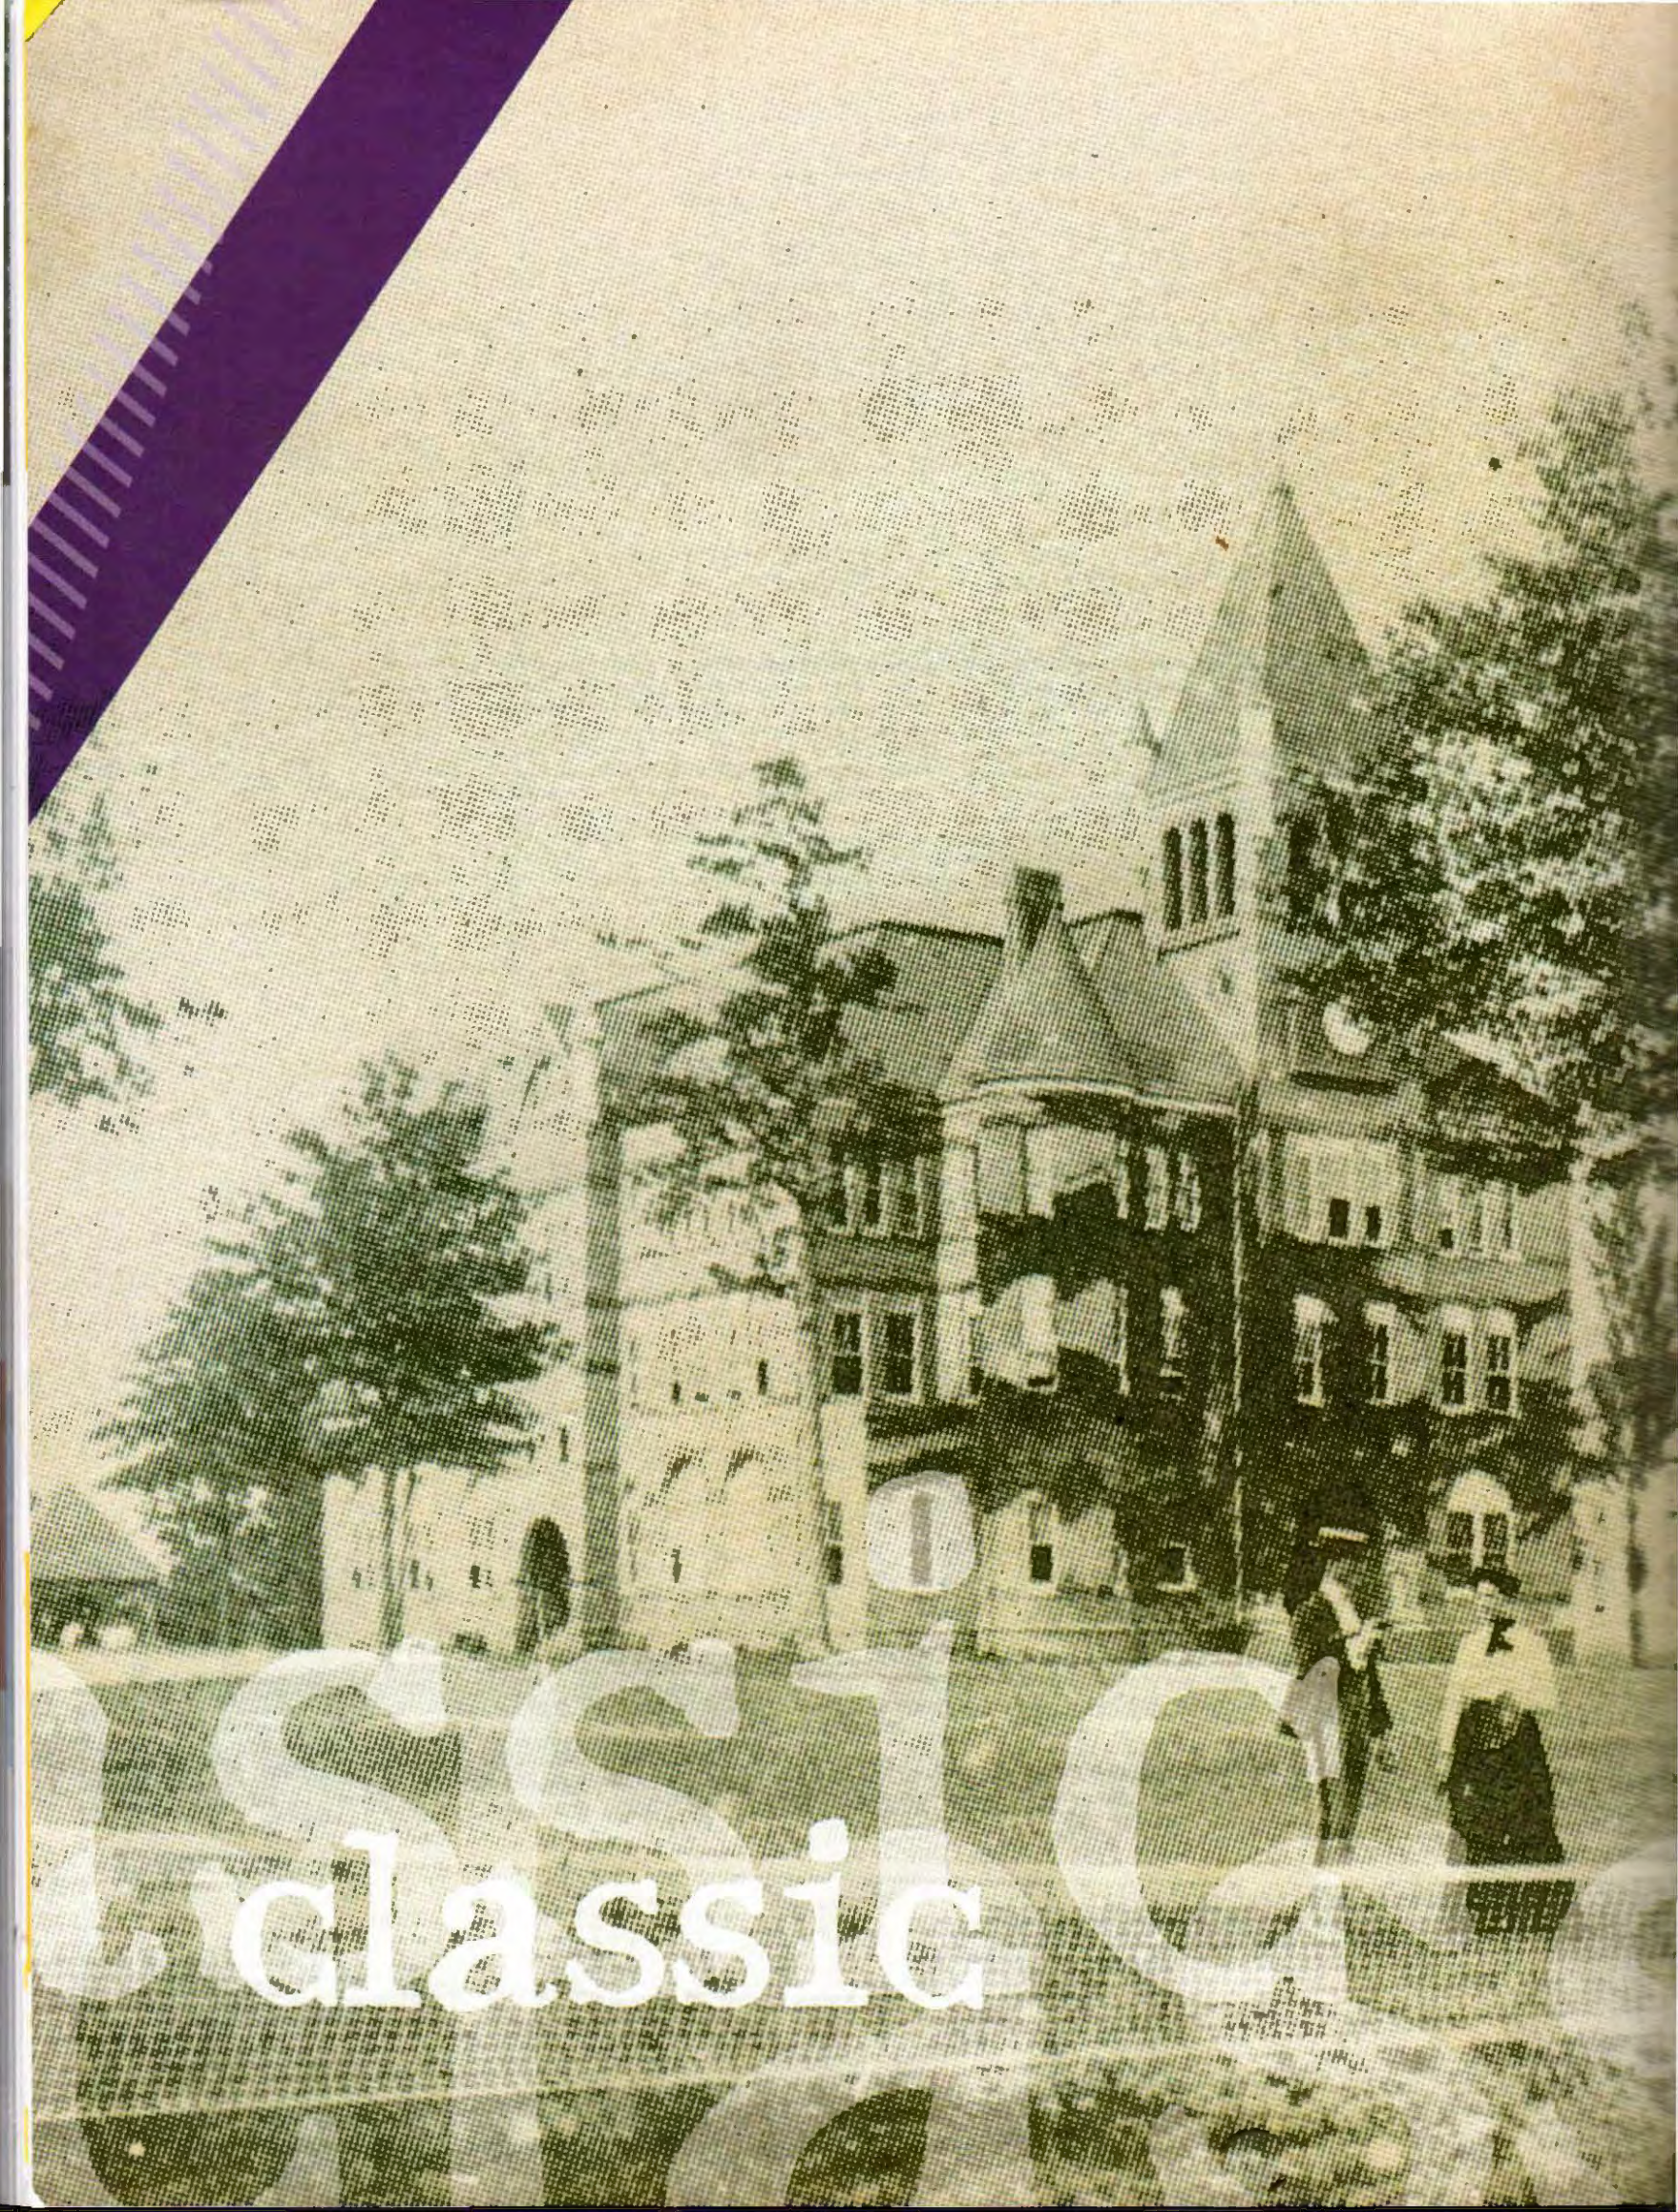

**DR. DEB:** My first instinct was to apologize for ALL the mistakes I made this year. However, there isn't enough room, or words for that matter, to describe those feelings. In fact, I'm not sure I could sincerely apologize. Making those mistakes allowed me the chance to learn and grow more than I ever imagined. Above all, these mistakes opened the floodgates of our relationship. It was you who facilitated my learning and growing because of these mistakes. For that, I owe you no apology. Instead, I owe you the utmost gratitude. Thank you for being the guardian angel I needed to survive this year. Thank you for keeping me organized. Thank you for the six-page threatening text messages. Thank you for those intensely emotional, yet very necessary, closed-door office sessions (I always knew it was serious when the door shut). Thank you for not letting me FAIL my last semester. Thank you for always having the answers I needed. Above all, thank you for caring. You invested so much of your time and energy into helping me succeed and overcome my struggle of a year. You have no idea how much that means to me. Thank you.

To my Kappa bros, my EEE girls, and all those in-between, thank you for your friendship and support during my time here. And for the record, I'm sorry for being so shady. Blame it on a yearbook. Sounds like a good excuse.

Enjoy the masterpiece,

Tanner
