## **A WORD FROM THE PRESIDENT**

The joy of discovery is one of the greatest of our human emotions. The educational experience at Ouachita is one of continuous discovery, opening your mind to new frontiers in intellectual and spiritual development.

We welcome you to this community of discovery. My prayer is that you will make the best use of your time with us, and that you will depart from Ouachita with a deep understanding of God's plan for your life.

# **OUACHITA BAPTIST UNIVERSITY**

---

## **Life Direction**

---

What is so special about an education at Ouachita?

The answer lies in the fact that because Ouachita seeks to combine the love of God with the love of learning, we provide you with profoundly important direction in every aspect of your growth: intellectual, spiritual, physical and social.

---

## **Intellectual Direction**

---

The academic program at Ouachita is demanding and requires a dedicated effort to succeed. But that is the way it should be, because we are living in an increasingly complex and competitive society that demands the best: men and women who can think critically and creatively, who are mature in their understanding of and appreciation for the world, who can communicate well and who can make relevant decisions and discriminating choices between what is right and what is wrong. At Ouachita, we not only want to prepare you for life but also for abundant living.

---

## **Spiritual Direction**

---

You will also be given the opportunity to grow in spirit because we believe that a strong commitment to basic Christian morals, values and beliefs is the single most important thing you'll ever do. Why? Because every significant choice you make in life will depend upon it. That is how important it is and why Christian excellence is given equal emphasis at Ouachita along with academic excellence.

---

## Physical Direction

---

Your body gets a good workout, too, at Ouachita because the development of physical skills while you are young will help you to establish a pattern of maintaining good health that should last a lifetime. Opportunities for physical growth are provided in varsity athletics (football, basketball, tennis, baseball, volleyball, track, swimming, and golf), intramurals (flag football, basketball and soccer) and in activity and academic courses such as badminton, swimming, conditioning, concepts of wellness, kinesiology and in a variety of other programs.

---

## Social Direction

---

You will also be provided the opportunity to grow socially. After all, your college years will someday be among your most precious memories because so many nice things happen during this time — increased awareness of yourself and others, for example. Lasting friendships are established in social clubs and elsewhere on campus. You may meet the person with whom you will spend the rest of your life, or it may simply be a matter of being on your own, maybe for the first time ever.

These are the green years when everything is possible and the rest of your life lies ahead of you, filled with infinite choices. They are years to be enjoyed, to be nurtured, to be treasured forever.

# OUACHITA BAPTIST UNIVERSITY

## Mission Statement

Ouachita Baptist University is a church-related, liberal arts university whose aims are to meet the educational needs of students and to prepare them for places of leadership and service. To achieve these aims, Ouachita Baptist University seeks to combine the love of God with the love of learning. The University provides the students the opportunity to experience growth in Christian ideals and character, to develop their intellectual and physical abilities, to think critically and creatively, to mature in their understanding and appreciation of their world, to communicate effectively and to accept their obligation to be of service to God and mankind. This mission has been found to be consistent with faithful stewardship to the parent body, the Arkansas Baptist State Convention.

We affirm that life is lived most abundantly when it is lived in response to the love of God through Jesus Christ.

We affirm that we need to know about all areas of knowledge and that such breadth of learning should be both personal and vocational.

We affirm that good teaching requires interaction between student and teacher and that learning is most effective where there are both challenge and encouragement.

We affirm that education involves the whole person and that growth is intellectual, physical, spiritual and social. (Luke 2:52: "And Jesus increased in wisdom and stature, and in favor with God and Man.")

## Origin

Ouachita Baptist University was authorized by a vote of the Arkansas Baptist State Convention as its higher educational institution in November, 1885. In April, 1886, the trustees of the University voted to locate the institution in Arkadelphia, Arkansas. Classes began on September 6, 1886, and the institution has operated without interruption in the same location since that date. On January 14, 1965, the Board of Trustees voted to change the name from College to University.

While Ouachita's primary obligation is to her parent body, the Arkansas Baptist State Convention, the University has no restrictions as to belief or geographical location of persons whom it serves. The presence of students from many religions, states, and nations helps instill appreciation for other points of view and enriches the academic community. Ouachita welcomes students of all races.

As a Christian institution, Ouachita is more than a nominally church-related school. She takes seriously the person and teachings of Jesus Christ and seeks to relate these to the many disciplines and activities on the University campus. Nor does this orientation impose restrictions or deny academic freedom in the search for truth, for Jesus himself said, "You shall know the truth, and the truth shall make you free."

Fourteen presidents have guided its development: Dr. J.W. Conger, 1886-1907; Dr. H.S. Hartzog, 1907-11; Dr. R.C. Bowers, 1911-13; Dr. S.Y. Jameson, 1913-16; Dr. C.E. Dicken, 1916-26; Mr. A.B. Hill, 1926-29; Dr. C.D. Johnson,

1929-33; Dr. J.R. Grant, 1933-49; Dr. S.W. Eubanks, 1949-51; Dr. Harold A. Haswell, 1952-53; Dr. Ralph A. Phelps, Jr., 1953-1969; Dr. Daniel R. Grant, 1970-1988; Dr. Ben M. Elrod, 1988-1998; Dr. Andrew Westmoreland, 1998 to date.

## Liberal Arts Education

For the purpose of this statement, liberal arts education is defined in terms of the characteristics associated with an educated person and the kind of curriculum that might impart these characteristics.\* The person educated in the liberal arts tradition possesses not only knowledge and intellectual skills, but also, the inclination and ability to apply them to appropriate ends. Ideally, the knowledge is both deep and broad. In practice, depth derives from sustained work in a single discipline or area of study as one would obtain in a major or minor. Breadth results from serious engagement with all the major domains of knowledge and human endeavor and can be addressed through a program of general studies. A liberal arts education encompasses all the scholarly disciplines that inquire into the natural world and the human conditions as well as the fine arts and the practical arts. At a church-related university such as Ouachita, the development of rational inquiry into these disciplines reflects an expression of faith, hope, and love addressed to God and embodied within a community of faith. The interrelationships, multiple perspectives, traditions, and significance for contemporary society of these disciplines are the conceptual links that integrate the educated person's knowledge into a coherent whole.

Many writers have essayed definitions of the intellectual skills that characterized the educated person. Those skills most commonly identified with and most pertinent to this statement are the intellectual skills that make possible self-reflection and articulate communication.

Self-reflection – that is, consciousness of one's opinions, judgments, and the role of humans in the natural world – derives from the ability to analyze one's arguments, determine the factual basis of information, evaluate the quality of evidence, and identify and assess one's premises and values. Self-reflection can free the individual from egocentrism, intellectual provincialism, and an anthropocentric view of the world. Self-reflection may also lead to the assumption of responsibility for the solution of problems, self expression and artistic endeavors.

Articulate communication – the ability to present ideas in a clear, effective way – derives from skills in information gathering, conceptualization, abstraction, logic, the use of language, the ability to understand the positions of others, and in appropriate instances, to accommodate them.

The person educated in the liberal arts tradition exhibits certain dispositions. The person is inclined to serve the common good, to continue learning after formal education has ended, and to seek meaning in life. At Ouachita this search for meaning extends into all areas of life where one's commitment to God and the Lordship of Jesus Christ becomes an integral part of the search. The lifelong quest for knowledge of self, others, nature and God is the ultimate goal of liberal arts education at this university.

## Location

Ouachita Baptist University is located in Arkadelphia, Arkansas, about sixty-five miles southwest of Little Rock on Interstate 30 and thirty miles south

of Hot Springs. There is frequent bus and Amtrak service to and from the city. Facilities for air transportation are available both in Hot Springs and Little Rock. Arkadelphia has a population of over 10,000 including the student bodies of Ouachita Baptist University and Henderson State University.

## **Status and Facilities of the University**

Ouachita Baptist University is accredited by the North Central Association of Colleges and Secondary Schools. (North Central Association of Colleges and Schools: Commission on Institutions of Higher Education, 159 North Dearborn, Chicago, Illinois, 60601. Telephone: 312-263-04546)

The Teacher Education Program is accredited by the National Council for Accreditation of Teacher Education on the elementary and secondary levels. (National Council for the Accreditation of Teacher Education: 2010 Massachusetts Avenue, NW, Suite 500, Washington, D.C. 20036-1023. Telephone: 202-466-7496)

The Division of Music is accredited for the baccalaureate degree by the National Association of Schools of Music. (National Association of Schools of Music: 11250 Roger Bacon Drive, Suite 21, Reston, Virginia, 20190. Telephone: 703-437-0700)

The Vocational, Family and Consumer Sciences Department is approved for the teaching of family and consumer sciences by the Arkansas State Board of Education and is approved by the American Dietetic Association as a Didactic program to meet the academic requirements for registered dietitian eligibility.

The University is a member of the National Commission on Accrediting, the Association of Southern Baptist Schools and Colleges, the American Association of Colleges for Teacher Education, and the National Association of Business Teacher Training Institutions.

More than thirty permanent buildings are located on the campus, most of which are red brick and modern or colonial styles of architecture. A beautiful interconnecting megastructure consisting of Evans Student Center, J.G. Lile Hall, Mabee Fine Arts Center, R.A. Lile Hall and McClellan Hall, brings together in harmony the Ouachita River, the Ravine, and the heart of the campus. Apartments to house student families are located near the main campus.

The Roy and Christine Sturgis Physical Education Center is one of the finest multipurpose facilities of its kind in the region. It contains an olympic-size pool, racquetball, weight, and tennis facilities, classrooms, offices, the varsity basketball arena, and two multipurpose courts.

The Harvey Jones Science Center, opened in 1997, provides over 60,000 square feet of space for the Department of Biology, Chemistry, Family and Consumer Sciences, Mathematics and Computer Science, and Physics. As the newest facility on campus, Jones Science Center provides students and faculty with a beautiful and functional space in which to study and work.

The Harvey and Bernice Jones Performing Arts Center consists of a 1,500-seat auditorium, makeup rooms, prop storage and construction rooms, faculty offices and a ticket office. The facility contains more than 37,000 square feet of functional space and includes a large working stage, an orchestra shell and pit, a state-of-the-art sound system and seating divided into orchestra, mezzanine and balcony sections. Jones Performing Arts Center is connected to Verser Theatre to create one of the most versatile and beautiful theatre arts facilities in the region.

The market value of the endowment fund as of May 31, 1998, was approximately \$35,212,999. The cost basis of buildings and grounds was valued at \$46,915,570.

## Riley-Hickingbotham Library

The Library serves the University and the community as a learning center, supporting the educational process with varied types of media. It accomplishes that task through the main library, which offers group study rooms, individual study space, typing and computer rooms, Internet facilities, and ease of access to materials, and through branches located in Mabee Fine Arts Center and Harvey Jones Science Building.

Riley-Hickingbotham Library houses a number of different collections. The main book collection, in easily accessible open stacks, holds approximately 120,000 volumes. The Library offers patrons over 240,000 selected federal and numerous state government publications. The Periodicals collection provides approximately 1,100 current serial titles to patrons: popular and academic offerings in addition to local, state, and national newspapers.

Special Collections include those of the Arkansas Baptist State Convention, Clark County Historical Association, University Archives, and Rare Books section of the main library. Housed in the building named for him is the Senator John L. McClellan Collection.

In addition to its traditional holdings, the Library contains approximately 370,000 non-book items. These include microform collections such as the complete ERIC (Educational Resource Information Center) file, the American Culture Series (pre-1874 American publications), the Black History Collection, the Literature of Theology and church History in North America, the University Music Editions reprint series, and the Eastman School of Music's collection of early music writings. Through its Audio-Visuals Department, the Library provides campus-wide access to approximately 9,000 media items for classroom use, with some access provided directly to classrooms via line-feed cable. In addition to microform and audio-visual holdings, the Library offers patrons a glimpse of the past through memorabilia displays concerning persons and events connected with Ouachita. McClellan Hall contains a static display interpreting the late Senator's fifty years of public service. Displays in the Library contain memorabilia of Baptist missions and missionaries, student life and organizations, and rare printed materials from the past of Baptists and their first four-year college in Arkansas.

The key word in the Library's lexicon is service. In keeping with that philosophical commitment, the Library offers patrons a variety of services. Materials not contained here are available through extended service. ALIS, a computerized union catalog with Henderson State University, offers access to both libraries in the building and via dial access, the Internet and the campus network. Through membership in OCLC (Online Computer Library Center), the Library accesses the holdings of more than 20,000 libraries worldwide. Items in those libraries are available to patrons through interlibrary loans, some made via the Internet and facsimile transfer to render the swiftest service possible. The Library provides reference and reserve service in the building and access to ALIS and some basic reference materials and databases through the campus network. Patrons find facilities for photocopying and for producing paper copies of microform materials at appropriate points throughout the building. Finally, through the bibliographic competency course, the Library faculty provides all patrons with an understanding of and experience in the information-gathering strategies and processes which will enable students to make the best use of this or any other library's resources.

## **GOVERNMENT AND INSTRUCTIONAL PROGRAMS**

### **University Government**

The University is governed by a twenty-four member Board of Trustees elected by the Arkansas Baptist State Convention. The general program is administered by the President of the University.

### **Undergraduate Instructional Programs**

The Vice President for Academic Affairs is responsible for the overall supervision of academic programs.

The School of Arts and Sciences instructional program is administered by the Dean of the School of Arts and Sciences with a faculty who are well trained in their teaching fields.

The Frank D. Hickingbotham School of Business instructional program is administered by the Dean of the School of Business with a faculty who are highly competent in their areas of specialty.

The School of Christian Studies instructional program is administered by the Dean of the School of Christian Studies with a faculty who are highly competent in their areas of specialty.

The Bernice Young Jones School of Fine Arts instructional program is administered by the Dean of the School of Fine Arts with a highly competent faculty in each area of specialty.

**The Regular Session.** The regular session consists of two semesters of seventeen weeks each. Work offered in twenty-five departments leads to the seven degrees offered by the University. The session is concluded by Spring Commencement for the graduating seniors.

**The Summer Session.** The summer session consists of a three-week May term and two four-week terms, during which a student may register for up to seventeen hours of course work. (A student may enroll in one class for May term and two classes, not to exceed seven hours, for each summer term.)

### **The Joint Educational Consortium**

The Joint Educational Consortium of Arkadelphia provides enhanced educational opportunities for students. Students at Henderson State University and Ouachita Baptist University have immediate access to all library and reference material on both campuses. Where programs or classes offered by either University are not available on the other campus, cross registration and credit for courses can often be arranged. The Joint Educational Consortium is in the process of developing cooperative programs of education and research which can enrich and enlarge academic opportunities for students while maintaining the advantages which are inherent in smaller universities, such as smaller classes, greater opportunities for contact between faculty and students, and a genuine interest in each student as an individual.

For additional information about cooperative programs, contact the J.E.C. at P.O. Box 499, Arkadelphia, AR 71923.

## Former Students Association

The Ouachita Former Students Association is organized for the purpose of keeping alumni records up to date and keeping alumni aware of University activities and programs. This association is concerned with the welfare of the graduates and former students of this institution and is vitally interested in the development of a greater Ouachita.

Graduates and former students who have attended Ouachita Baptist University at least one semester shall be considered members of the Former Students Association. The Association is supported through the University, which, in turn, receives a considerable portion of its funding through alumni gifts. There are no dues.

## Ben M. Elrod Center for Family and Community

The Ben M. Elrod Center for The Family and Community at Ouachita Baptist University is dedicated to serve humankind through the education experience. Ouachita's faculty, staff and students are committed to provide leadership that will result in the strengthening of the family and the community. In particular, concepts such as volunteerism, service learning, research, outreach and instruction will be promoted. The America Reads, TranServe, and Tiger Serve Day Programs are part of the center's outreach initiatives.

The goals of the Center are to:

- support public service initiatives in the public and church arenas
- to equip students, faculty, and staff to become community leaders
- to support and coordinate resources
- to publicize public service efforts
- to promote volunteerism as vital to active citizenship
- to promote interdisciplinary studies that benefit the family and community
- to provide an institutional door for the community to relate to the university
- to promote non-credit courses that will benefit the community

For further information, contact Mr. Ian Cosh, Director of the Ben M. Elrod Center for the Family and Community, located on the third floor of Evans Student Center. Telephone: 870-245-5320. E-mail: coshi@alpha.obu.edu

**TranServe** is a program of the Ben M. Elrod Center for Family and Community noting service to the community on official university transcripts. In general, students work without pay for nonprofit organizations involved in service to the community or who meet human needs in some manner. Guidelines for the program may be found on the Elrod Center web page or a brochure may be picked up at the Elrod Center at 311 Sixth Street. Students may register for TranServe during preregistration and must complete a minimum of 20 hours in one semester to have their hours recorded on their transcript. The director of the Elrod Center will be responsible for oversight of the program.

### **Fayetteville Center**

Ouachita established the Fayetteville Center in December, 1991. This decision was reached through the cooperative efforts and joint action of the Ouachita Board of Trustees, University Baptist Church in Fayetteville, and the Board of Directors of the Arkansas Institute of Theology. Under the terms of a joint agreement Ouachita assumed operation and administration of the former Arkansas Institute of Theology, renaming it the Ouachita Baptist University Fayetteville Center in 1996. The center offers college-level courses in theology, special workshops, and seminars on issues affecting the church. By working through all the Baptist churches of Northwest Arkansas, the center provides theological education to students, pastors and lay-persons.

An Associate of Arts degree in christian studies is available. Details are available on page 140 of this catalog or from the Director of External Studies on the Arkadelphia campus.

The Fayetteville Center is located at 505 West Maple in Fayetteville. Those desiring further information may write: Ouachita Baptist University Fayetteville Center, 505 W. Maple, Fayetteville, AR 72701. The telephone number is 501-582-2301.

### **Financial Support**

The expenses of the University are met only in part by student fees. The remainder is derived by income from the endowment fund, an annual Cooperative Program grant from the Arkansas Baptist State Convention and by current gifts. Substantial support from Arkansas Baptists, alumni, former students and other friends makes it possible for Ouachita Baptist University to provide the highest quality educational opportunities at a cost that is among the lowest of all accredited private senior colleges and universities in the nation. Every student shares in the benefits generated by gifts and grants.

Over the past several years, a special group of friends has provided the resources necessary to undertake a successful and ongoing campus development program, resulting in new facilities and equipment, campus beautification projects, and a high quality instructional program. Many of these friends have been recognized for their outstanding commitment to Ouachita's mission, notably in the Hall of Honor in McClellan Hall and by named facilities, projects and endowments. The support of many other faithful friends has been, and continues to be, an invaluable source of strength that helps to maintain our margin of excellence. Those friends who have made arrangements in their long-range planning to benefit Ouachita are recognized in appropriate ways.

To all of those who share their resources to make Ouachita Baptist University the best it can be, we owe a profound debt of gratitude.

## STUDENT SERVICES AND ACTIVITIES

Student services and activities are under the direction of the Vice President for Student Services and include housing, food service, student government, clubs and organizations and their activities, health services, student social life, counseling, intramurals, minority services, traffic and safety. The official guidelines are published annually in the **Tiger Handbook**.

### Food and Housing

Ouachita Baptist University is committed to be a residential campus. The university views its mission as educating students twenty-four hours per day, so that learning experiences are not limited only to the classroom. Because of this philosophy, all unmarried students are required to live in university housing unless (1) they are living with immediate family and commute daily, (2) they are given special permission by the Off-Campus Housing Exceptions Committee to live off campus (granted only in unusual circumstances), (3) they are 22-years old or older, or (4) they have completed eight semesters of residence hall life. Students who report that they are living with immediate family but are actually living off campus in violation of the university policy will be subject to disciplinary action which may include disenrollment from the university. All resident students must purchase a meal ticket. The food service is leased to Sodexo Marriott Services, Inc., and the ticket may be used in Birkett Williams Cafeteria or in the Tiger Grill.

Housing for single men is provided in Daniel (North and South), Ernest Bailey, Conger, and Anthony Halls. Women live in Flippen, Perrin, Frances Crawford (East and West), O.C. Bailey, and Maddox Halls. Each residence hall is under the direct supervision of a Hall Director and a staff of student Resident Assistants (RAs). A limited number of unfurnished apartments are available for family housing.

A \$50 housing deposit is required of students planning to live in single student housing. A \$100 deposit is required for family apartment housing. Priority in housing assignments is determined by the date the housing deposit is received and the date of acceptance to the university. The housing deposit will be refunded to both new and returning students if a written cancellation is received prior to July 1 for the fall semester and December 1 for the spring semester. For those applying after July 1 (or December 1) and those withdrawing during the semester, the housing deposit is non-refundable. Waivers and/or extensions may be granted, but only in unusual circumstances.

Students already in residence may reserve accommodations for the next year provided they do so at the designated time. Thereafter, housing is accessible for continuing and new students on the same basis.

Students living alone in the residence halls will be charged for a private room except: (1) If, after the first three weeks of the semester, a roommate withdraws from school or marries, the room rate will not change for the remainder of that semester as long as the student stays in the same room and is willing to take a roommate if the university deems it necessary; (2) If a student is willing to move in with another roommate, but one is not available. Anthony Hall and Maddox Hall will have no private rooms.

### **Medical Services**

First Aid, health education and simple diagnosis and treatments for minor illnesses by a registered nurse on campus are available at little or no cost. Medical services for more serious cases may be received at the Baptist Medical Center Arkadelphia or at the office of local physicians. The costs for medications and supplies used during an illness are not included in university general fees. Hospitalization insurance is available at a nominal cost during the summer or at registration. It is recommended that every student be covered by this or some other form of hospitalization insurance. International students are required to take the medical insurance policy before registering. All students must complete health records consistent with state and university requirements, i.e., the student must show proof of one MMR and a second measles and tetanus-diphtheria within the last ten years. In addition, a tuberculosis screening is required for any student who has lived outside the United States within the past 12 months.

### **University Counseling Services**

Counseling services are provided by the University Counselor at minimal or no cost to currently enrolled students. These services are available to students who are experiencing any of a broad range of personal or interpersonal difficulties. The University Counselor is licensed by the State of Arkansas as a Professional Counselor and as a Marriage and Family Therapist. Appointments may be scheduled by contacting the Counseling Office. Students who require assistance beyond the scope of the University Counseling Services will be given a referral to a community-based professional counseling agency.

### **New Student Orientation**

New student orientation is provided at the beginning of each semester. This orientation is designed to introduce new students to the services and activities of the university, to acquaint them with available resources, and to assist them in developing relationships and adjusting to the campus environment.

### **Social Activities**

Through cooperative efforts, the more than forty campus organizations plan a variety of activities throughout the school year that will fit the needs of all students, regardless of their interests. These activities include both formal and informal gatherings, parties, entertainment and campus and community service activities. Some organizations offer practical experience for future careers. Local churches frequently sponsor activities which are planned especially for the college young person.

Ouachita has no national fraternities or sororities, but there are ten local social clubs; for men, Beta Beta, Chi Iota Sigma, Eta Alpha Omega, Kappa Chi, Rho Sigma, and Sigma Alpha Sigma; for women, Chi Delta, E.E.E., Gamma Phi, and Tri Chi. The governing body for the women's clubs is the Panhellenic Council; for the men's clubs it is the Inter-Social Club Council. Within the framework of the University's objectives and ideals, these clubs induct new

students during a stipulated period in the Spring semester. Hazing is forbidden. All clubs are required to have a faculty sponsor, as outlined in the **Tiger Handbook**.

### Standards of Conduct

By accepting admission to Ouachita Baptist University, each student assumes the responsibility to abide by the standards of the University as well as local, state, and national laws. In general, the rules are based on the desire of the faculty and staff that students enjoy the maximum freedom consistent with good citizenship, respect for the rights of others, and achievement in their studies in a Christian educational environment. Specific regulations are given in the official University handbook, the **Tiger Handbook**.

Disciplinary cases may be handled by the Associate Dean of Students, Vice President for Student Services or by the Student-Faculty Discipline Committee, a panel of students and faculty members which may convene to deal with serious cases or to hear appeals of a lower decision. The final appeal is to the Student Faculty Discipline Committee.

Residence hall rooms are checked by the Hall Director and should be kept neat and clean. The students who occupy the room are directly responsible for the furnishings, damages and activities that might occur. The University reserves the right to enter and inspect any University-owned residence (residence hall room or apartment) for fire and health hazards, for the purpose of maintenance, for checking for cleanliness, or for reasonable cause if evidence indicates that University policies are being violated.

Ouachita recognizes the rights of students to express their ideas and causes so long as such expressions are orderly, peaceful, and in no way disruptive to the normal academic and/or administrative activities of the University. Students involved in any unauthorized, disorderly or disruptive group activity will be subject to disciplinary action up to and including expulsion. Failure to obey orders of civil or University officials acting in the performance of their duty may result in immediate suspension from the University.

No speaker, film or program may be brought to the campus without advance clearance from the appropriate University authority.

### Student Government and S.E.L.F.

The Student Senate, composed of elected representatives of the student body, deals with matters concerning the student body as a whole. It is a deliberative and planning group which works in close liaison with administrative officials of the University, interpreting official policies to the students and student concerns to the administration. Guest speakers, concerts, art groups and other programs are sponsored by S.E.L.F. (Student Entertainment and Leisure Fund) program.

### Religious Life at Ouachita

Attendance at a weekly chapel program is required. Policies related to chapel attendance may be found in the "Attendance" section of the catalog. The programs are planned by a chapel committee composed of students, faculty members and administrators. The programs are designed to deepen the

students' spiritual life, to broaden their cultural appreciation and to realize their role as a part of the Ouachita "family". Not all chapel programs are religious in nature; some are informational programs presented by campus organizations.

**The Cordell Endowment** was created by the generous contributions of Mr. and Mrs. "Cotton" Cordell of Hot Springs, Arkansas, and other donors. The purpose of the Endowment is to provide funds to pay the cost for travel, honoraria, and other expenses related to the chapel programs in order to maintain a high quality in the selection of speakers and other types of presentations. It is the hope of the donors that the programs will serve ultimately as a positive Christian influence upon the lives of many generations of students.

**Campus Ministries** is the largest and most inclusive religious organization. The BSU is a vital part of campus ministry. The primary purpose of this organization is to deepen the spiritual lives of students. The BSU ministry leaders, who are elected annually, plan, direct, and coordinate all types of ministries including Christian Focus Week, Bible studies, worship, discipleship, evangelism, and missions. In addition, Campus Ministries sponsors Praise and Worship, a campus wide student-led worship gathering on Thursdays at 9:00 p.m. and Noonday, a student-led devotional time every Monday, Wednesday and Friday in Berry Chapel. The organization works in cooperation with the Department of Student Ministries of the Southern Baptist Convention through projects such as summer missions and campus evangelism. The BSU program is guided by the Director and Assistant Director of Campus Ministries.

## **Intercollegiate and Intramural Athletics**

Ouachita strives for excellence in both intercollegiate and intramural sports. The objective is for all students to participate in some sport as well as to understand and enjoy spectator sports. Ouachita intercollegiate men's teams compete in football, basketball, baseball, tennis, cross country, and golf. Conference sports for women include basketball, cross country, volleyball, soccer, and tennis. The men's soccer team competes with other college teams in the Arkansas Intercollegiate Soccer Conference. The men's and women's swim teams compete in the New South Intercollegiate Swim League.

Intercollegiate athletes must comply with standards and requirements set forth by the University, the Lone Star Conference (LSC), and the National Collegiate Athletic Association (NCAA), Division II.

All students are encouraged to participate in intramural sports. Such participation enriches personality by developing desirable attitudes toward health, social-mindedness, sportsmanship, competition, cooperative effort, institutional loyalty and other values and skills that carry over into later life. Sports for men, women, and combination teams are offered. The sports include flag football, volleyball, basketball, softball and floor hockey. Periodic tournaments are held for ping pong, racquetball and spades.

## Campus Organizations

There are many clubs and organizations that attempt to promote fellowship, stimulate academic and professional interest and foster a closer relationship with faculty members in a given area of concentration. They are as follows: Alpha Chi (Honorary Scholastic), American Association of Family and Consumer Sciences, Baptist Student Union, Beta Beta Beta (Biology), Blue Key National Honor Fraternity, CARE (Counselors and Religious Educators), Cheerleaders, Christian Ministries Fellowship, College Republicans, Fellowship of Christian Athletes, International Student Association, Kappa Delta Pi (Education), Mathematics and Logic Society, National Student Speech, Language and Hearing Association, Ouachita Psychological Society, Ouachita Society of Mass Communication, Ouachita Student Educators Association, Ouachita Student Foundation, Ouachita Student Senate, Phi Alpha Theta (History), Phi Beta Lambda (Business), Phi Mu Alpha Sinfonia (Music), Pew Younger Scholars Program, Praise Singers, Reaching Out to Minority Students (ROMS), S.E.L.F., Sigma Alpha Iota (Music), Sigma Beta Delta (Business), Sigma Tau Delta, Soccer Club, Society of Physics, Theta Alpha Phi (Theatre), and Young Democrats.

## Publications

**The Ouachita Signal**, a weekly newspaper published by a student staff and sponsored by the Department of Communications, is devoted to news about the University.

**The Ouachitonian**, the yearbook, contains pictures of students, clubs, and important events of the University year.

**The New Student Record** is a pictorial directory of new students which is available at the beginning of the fall semester. It may be ordered during the Summer for a fee.

## Career Planning and Placement

Students and graduates wishing help in finding employment opportunities or employers scheduling recruitment visits should register in the Career Planning and Placement Office. The office maintains reference files for prospective employers, provides career information, coordinates job interview sessions, and publishes a bulletin of job openings. Additional services include resume writing, appropriate correspondence, interview techniques, computerized career planning, a media center, and counseling for graduate school applicants.

## Minority Services

The Office of Minority Services seeks to provide an environment in which students of color will become an integral part of the Ouachita community and to stimulate and institutionalize the awareness of diversity through personal relationships and cultural programs involving students, faculty, staff and the community. The Director of Minority Services directs the activities of the office. The goals of this office are to increase campus awareness of and appreciation for diversity; provide a Christian-nurturing environment for minority students; plan and implement programs and activities targeted for minority students; act as an advocate for minority students; increase the minority population within the Ouachita community through active recruitment of students, faculty and staff; establish a network of minority alumni and friends; and increase scholarships and other financial aid opportunities for minority students.

### STUDENT EXPENSES

Fees charged students not in residence in university dormitories include all privileges of the University except those pertaining to resident life. The University has no out-of-state tuition charges.

All regular students are entitled to admission without charge to concerts, lectures, forensic and athletic events except where reserve seat charges are added, or where admission charges are authorized for the benefit of student organizations. The fees also include use of the health services, the University publications, social activities and use of the University testing services. Music fees are charged for individual instruction in voice, piano, organ, violin and other instruments.

Damage to University property, including laboratory equipment, will be assessed against students who are responsible at the cost of repairs or replacement.

The University encourages students to keep their personal finances within moderate limits. Students should allow approximately \$250 per semester for books and reasonable amounts for clothing, travel, amusements, and incidental expenses. Book vouchers are issued by the Business Office to students with credit balances or book scholarships.

The University does not provide banking services on the campus. There are, however, four financial institutions in Arkadelphia, all of which carry personal accounts at a nominal monthly charge. An ATM machine is available in the Student Center.

## Manner of Payment

All tuition, fees, and room and board charges are payable in advance for the semester. If a student is unable to pay the semester charges in advance, payments may be made in three equal installments, with the first payment due at registration. Subsequent installments are due on October 1 and November 1 for the fall semester and on March 1 and April 1 for the Spring semester. Accounts not paid in full on registration day of each semester will be assessed a \$20.00 handling charge. If a student has not paid at least one-half of the account prior to the ninth week, he or she will be assessed an additional \$20.00 handling charge. A scholarship or grant-in-aid given by the University cannot be accepted as part of the down payment. Charges for the May and summer terms are payable in full by registration day for those terms.

### Refunds

Refunds upon withdrawal from the University or withdrawal from a class when special fees are charged are handled as follows:

**Tuition and Fees.** If withdrawal occurs within the first two weeks of classes, 20% of tuition and fees will be charged; during the third week, 40% will be charged; during the fourth week, 60% will be charged; during the fifth week, 80% will be charged, and thereafter full charge will be made. During the summer, one day is considered equal to one week of a regular semester.

**Room and Board** will be refunded on a pro rata basis upon official withdrawal.

The **Housing Deposit** may be returned to the student at the end of his or her stay in Ouachita housing provided the residence is in good condition and the student is not indebted to the University. If a student has reserved housing, the deposit will be refunded if that student gives written notice of the cancellation before July 1 for the fall semester (December 1 for the spring semester). Housing deposits will not be refunded if a student withdraws from university housing during the semester.

**Meals in the Dining Hall.** If a student is absent from school for at least two weeks due to illness, the Business Office will refund the meal plan fee on a pro rata basis when notified in writing by the Vice President for Student Services.

### Settlement of Accounts

Payment in full of all accounts must be made in the Business Office before a student may take final examinations, enroll for an ensuing semester, obtain a transcript or graduate.

## STUDENT FINANCIAL AID

The costs of tuition, fees, room, and board at Ouachita are among the most economical of private universities in the nation. Ouachita represents an affordable, yet superior, private education guided by Christian influences and ideals.

The Office of Student Financial Aid provides a comprehensive program that includes merit-based and need-based scholarships, as well as grants, loans, and part-time campus employment designed to help eligible students. The office exists for the purpose of securing and providing financial assistance for students who, without such aid, would be unable to attend the university. Approximately 90 percent of all students qualify for some form of financial assistance.

### UNIVERSITY SCHOLARSHIPS

**Trustee Scholarships:** Scholarships up to full cost (excluding extra room charges for Anthony or Maddox residence halls) are available to Arkansas Governor's Scholarship recipients and National Merit finalists. A cumulative grade point average of 3.000 or higher and completion of a least 24 semester hours each year are required to maintain the award.

Students designated by the state of Arkansas as Distinguished Governor's Scholars will receive full tuition, fees, room, and board from the state; along with a book allowance from Ouachita and the opportunity for international travel.

**Presidential Scholarships:** Scholarships in the amount of \$26,000 each are awarded to seven incoming freshmen each year. One scholarship is awarded in each of the following areas of study: Business, Education, Fine Arts, Humanities, Natural Science, Religion/Philosophy, and Social Science. The stipend is awarded on the basis of \$6,500 per year. A cumulative gpa of 3.000 is required to retain scholarship.

These scholarships are funded by the John and Mayme Carter Fund; Carole Nelson Ricks University Science Scholarship Fund; Perrin-Conger Memorial Scholarship Fund; and the Harvey and Bernice Jones Charitable Trust. The Humanities Division Scholarship is named in honor of Fay Holiman. The Religion and Philosophy Division Scholarship is named in honor of Charles and Ann Ferguson.

**Birkett Williams Scholarships:** Mr. Williams, a 1913 graduate of Ouachita and a successful businessman, has provided for several tuition scholarships which are normally awarded to one or more outstanding students in each division of study. In addition, he has made available the Birkett Williams Lecture Series which brings selected outstanding scholars to campus for lectures and seminars. The Ouachita cafeteria is also named in honor of this generous benefactor. A cumulative gpa of 3.500 is required to retain scholarship.

**Scholastic Excellence Scholarships:** Scholarships are available to incoming freshmen who are admitted unconditionally, with a composite score of 24 or higher on the ACT or an equivalent SAT score. An application for admission and test scores prior to March 1 of the senior year of high school must be on file prior to award. These scholarships may be used at the rate of one-eighth of the total each regular semester. Renewal is automatic by maintaining a cumulative gpa of 2.750 or higher.

## **Student Financial Aid**

---

31 ACT or higher/1380 SAT or higher:	Total value of \$20,000 - \$5,000 per year
29-30 ACT/1300-1370 SAT:	Total value of \$16,000 - \$4,000 per year
26-28 ACT/1180-1290 SAT:	Total value of \$12,000 - \$3,000 per year
24-25 ACT/1110-1170 SAT:	Total value of \$ 8,000 - \$2,000 per year

**Acteens Studiact Scholarships:** Scholarships ranging from \$200 to \$550 per year are available to incoming freshmen students who have completed various levels of Studiact achievement. The Acteen Scholarship can be held in conjunction with other institutional scholarships. A cumulative gpa of 2.000 is required to retain scholarship.

**Associational Scholarships:** OBU scholarships available from each association within the Arkansas Baptist State Convention. The amount is \$250 per year totaling \$1000 for four years of study. The Associational Scholarship may be held in conjunction with other institutional scholarships. Applications should be obtained directly from associational offices. A cumulative gpa of 2.000 is required to retain scholarship.

**Band Awards:** Applicants for a band scholarship should submit their requests to the Director of Bands. An audition date will then be decided at the convenience of the applicant.

**Ben Elrod Endowment:** The Ben Elrod Scholarship and the Honors Council Scholarship are awarded annually to outstanding Junior participants in the Carl Goodson Honors Program. The Honors Council recommends the recipients to the President.

**International Study:** Funding is available for students interested in pursuing an international study program approved by the University. One-half of any OBU scholarship currently received may be used during the international study period. Federal grants and student loans are available to students who meet eligibility requirements. To be eligible, a student must be considered a full-time degree-seeking student at Ouachita.

A limited number of scholarships are also available to international students who wish to study at OBU. Contact the Daniel R. Grant International Studies Office for further information.

**Music Performance Awards:** The Division of Music awards performance scholarships based upon audition. A student must be pursuing a music degree to be considered for a scholarship. Students of piano, organ, voice, or a stringed instrument should contact the Dean of the School of Fine Arts for audition and scholarship information.

**Tiger Network Scholarships:** Fifty scholarships are awarded upon recommendations received from Tiger Network members. Selection is made by a panel of Network Members. The amount is \$250 per year totaling \$1000 for four years of study. The Tiger Network Scholarship can be held in conjunction with other institutional scholarships. Applications may be obtained from Network members. A cumulative gpa of 2.000 is required to retain scholarship.

**Youth Speakers Scholarships:** State-wide winners in the tournament sponsored by the Arkansas Baptist State Convention are awarded one-year scholarships in the amount of \$600 (winner) and \$400 (runner-up).

**Recognition Scholarships:** Scholarships in this group come from money given by friends of the University. Usually, each donor has made certain stipulations as to persons qualifying for the scholarships. Selection is by the University Scholarship Committee. A cumulative gpa of 3.000 is required to

retain scholarship-exceptions may be made by committee. Names of recognition scholarships are as follows:

### UNIVERSITY DISCOUNTS

**Baptist Children's Home Discount:** OBU makes possible an education for those young people who are dependents of the Arkansas Baptist Children's Home and Family Ministries residential programs. A combination of federal and state aid and university discount are combined to cover all room, board, tuition, and activity fees. In order to qualify for the discount, a student must present along with their application for admission a letter of support from the Director of the Arkansas Baptist Children's Home and Family Ministries, outlining a four-year commitment of tangible support of the student through such things as the purchase of books and other materials, as well as a regular financial allowance. The discount may not exceed 8 semesters. The discount may be withdrawn in the event that a student ceases to receive support from Arkansas Baptist Children's Home and Family Ministries.

**International Missionaries (SBC) Dependent Discount:** Dependent students of current or former missionaries who are eligible to receive the International Mission Board Post-Secondary Education Allowance will be eligible to receive from Ouachita a discount equal to \$5,000 per year, plus an additional \$600 in minister's child discount. Because of the generous commitment by Ouachita, missionary dependents are not eligible for scholarships from the university in conjunction with this discount. Families are encouraged to complete the Free Application for Federal Student Aid to determine eligibility for federal aid programs—including grants, work-study, and student loans.

**Minister's Child and Spouse Discount:** Available to the dependent children and wives of active, retired, or deceased ministers of Southern Baptist Churches; dependent children and spouses of full-time Ministers of Music, Education, Youth, Outreach and Recreation; dependent children and spouses of those personnel employed by the Arkansas Baptist State Convention (ABSC) Office who occupy positions that require ABSC Executive Board approval; and dependent children and spouses of chaplains who are endorsed by the North American Mission Board of the Southern Baptist Convention. The amount of the discount is \$600 per year.

## Student Financial Aid

---

### GRANTS

**Federal Pell Grants:** federal grants to students with exceptional need

**Arkansas Student Assistance Grants:** need-based awards to residents of Arkansas meeting eligibility requirements

**Grants-in-Aid:** awards to selected athletes in keeping with regulations of the NCAA Division II and the Lone Star Conference

**Federal Supplemental Educational Opportunity Grant (FSEOG):** Federal grants which are intended to assist students with exceptional financial need. Priority is given to Pell Grant recipients.

### STUDENT EMPLOYMENT

**Federal Work-Study (FWS):** Federal on-campus work program for eligible students. An average work load is 7-8 hours per week at minimum wage. Students are paid on a monthly basis. Opportunities for work in areas of community service are also available under this program.

**University Student Employment Program:** A university work program established to enable Ouachita to employ qualified students who do not meet federal aid eligibility requirements, but who possess skills needed by the University.

### LOAN PROGRAMS (STUDENT AND PARENT)

**Federal Perkins Loans:** long-term, low-interest federal loans with repayment beginning nine months after the student ceases to be enrolled at least half-time. Undergraduates may be eligible to borrow up to \$3,000 annually, or a maximum of \$15,000. Priority is given to previous Perkins borrowers and Pell Grant recipients.

#### **Federal Family Educational Loan Program (FFELP)**

**Federal Stafford Loans:** low-interest loans made to undergraduate or graduate students attending school on at least a half-time basis. Awards may not exceed the cost of education. The Federal Stafford Loan Program offers two types of loans: *Subsidized* Federal Stafford Loan and *Unsubsidized* Federal Stafford Loan. Interest rates are variable, not to exceed 8.25 percent.

*Subsidized* Federal Stafford Loans are awarded on the basis of financial need. Interest is paid by the Federal government during time of enrollment.

*Unsubsidized* Federal Stafford Loans are not awarded based on need. This program enables students, regardless of income, to obtain a low-interest student loan. The borrower is responsible for interest payments during enrollment.

**Federal Parent Loans for Undergraduate Students (PLUS):** low interest loans made to parents or legal guardians of dependent undergraduate students attending school on at least a half-time basis. This loan may not exceed the student's cost of attendance minus other financial aid. Interest rate is variable, not to exceed 9 percent.

As required by federal guidelines, disbursement of loan funds for first-time student borrowers will be delayed until at least 30 days after initial enrollment. First-time borrowers are also required to attend a student loan entrance interview prior to receipt of the first disbursement of loan funds.

### FINANCIAL AID APPLICATION PROCESS

Students who wish to apply for university scholarships and discounts listed in this catalog must submit the Ouachita Institutional Aid Application.

Merit-based scholarships for incoming freshmen are awarded on the basis of ACT/SAT scores, grade point averages, and any other criteria relevant to specific scholarships. Merit-based scholarships for currently enrolled students are awarded based on the cumulative Ouachita grade point average. Incoming freshmen may apply for institutional aid at the time of application for admission to university. Institutional Aid Applications must be submitted to the Office of Student Financial Aid prior to February 15 for the following academic year. Applications received after this date will be considered to the extent funds are available.

If a student requires need-based financial aid, the student should complete the Free Application for Federal Student Aid and the Ouachita Institutional Aid Application. The FAFSA is needed to be evaluated for federal and state need-based aid. The application should be completed after December 31 with most current tax information. The FAFSA processing deadline at Ouachita is June 1 prior to enrollment.

### INITIAL AND CONTINUING ELIGIBILITY

To receive financial assistance, a student must be a regularly enrolled undergraduate student who is carrying twelve more hours per semester and three or more hours each summer term attended, and who is making satisfactory academic progress. Fulfillment of specified citizenship requirements and demonstrated financial need are also requirements for the federal financial aid programs. A student must not owe repayment of a Pell Grant, Supplemental Educational Opportunity Grant, or State Grant and must not be default on a federal student loan or parent loan received at Ouachita or any other school.

The Higher Education Amendments require the University to define and enforce standards for satisfactory academic progress to encourage the student to successfully complete courses for which financial aid is received. Full-time students are expected to complete degree requirements at Ouachita Baptist University within 4 years (8 semesters). Students enrolled in degree programs that are longer than 4 years in length may receive aid for 6 years of study if it is necessary to complete the degree. Student aid recipients are considered to be making satisfactory progress if they meet the following requirements:

- Completion of at least 21 credit hours if full-time in each academic year of study/12 credit hours if three-quarter time or half-time, and
- Maintain minimum cumulative grade point average consistent with requirements for graduation at Ouachita:

Freshmen (0-28) 1.7      Junior (59-88) 1.9

Sophomore (29-58) 1.8      Senior (89-up) 2.0

The number of credit hours completed and the cumulative grade point average will be reviewed at the end of the spring semester each academic year. Students who fail to meet the minimum standards will be suspended from receiving financial aid until the deficient credit hours are completed and/or they have achieved the required GPA.

Summer credits may be counted toward meeting requirements for the previous academic year. Correspondence courses may also count toward the requirements for the previous academic year provided they are completed (final grade and credit recorded) during that academic year. A course in which an "incomplete" is assigned will not be used to meet course load requirements. If the incomplete is changed to a passing grade, it will be recorded in the term during which the course was taken and will then apply to the requirements.

If students are denied aid because of lack of progress, courses must be taken at student's own expense until minimum number of hours and/or the required

## Student Financial Aid

---

GPA have been reached. These requirements are applicable to all Title IV programs. Ouachita-funded scholarships may have higher GPA requirements for maintenance.

Students receiving financial aid who reduce their course loads after enrollment, must contact the Office of Financial Aid. The financial aid officer may cancel or reduce awards at any time if students fail to maintain satisfactory academic standards or minimum course load requirements.

Students who feel that circumstances prevented them from making satisfactory progress may appeal the decision to suspend financial aid eligibility. A written appeal should be submitted to the Director of Financial Aid.

Students who fail to abide by the standards of the University as defined in the **Tiger Handbook**, as well as local, state, and national laws, may have their institutional aid immediately suspended by the University. Students currently on university discipline probation (or previously on probation) who fail to maintain their standard of conduct may have aid suspended. The Vice President for Student Services may recommend the suspension of aid in consultation with the Director of Financial Aid. Final appeal is to the Student-Faculty Discipline Committee.

### DISBURSEMENT METHOD

All financial aid, with the exception of work-study, ministerial scholarships, and new borrower's loan checks, is disbursed to the recipient at the beginning of the enrollment period.

One-half of total aid is disbursed at the beginning of the fall semester and one-half is disbursed at the beginning of the spring semester. Financial aid will be credited to the student's Business Office account. If the amount of aid disbursed exceeds the total charges, the student will be credited with difference. If total aid is less than charges, the student will be expected to pay the difference.

### REFUND POLICY

Ouachita Baptist University follows the guidelines of the federal refund policy for a student who has received Federal financial aid funds (other than Federal Work-Study) who withdraws, drops out, takes an approved leave of absence, is expelled, or otherwise fails to complete the program on or after the first day of class. A portion of the student's award may need to be refunded to the Title IV programs and/or the student may need to repay a portion of the award funds received.

The refund will be the larger refund produced by one of the following methods:

1. Pro Rata Refund calculation as defined by the Higher Education Amendments of 1992 for any student who is attending the institution for the first time and withdraws on or before the 60% point in time in the period of enrollment for which the student has been charged. The following steps will be followed (1) Determine the portion of the enrollment period which remains (weeks remaining/total weeks in period); (2) Calculate unpaid charges (total institutional costs-aid paid to costs-cash payment); and (3) Calculate actual refund to financial aid programs (Pro Rata costs x % to be refunded - unpaid charges).
2. If Pro Rata does not apply, the refund will be the larger of the refund standards in the Federal Refund Policy or the institution's refund policy.

Refunds will be distributed in the following order: Unsubsidized Federal Stafford, Subsidized Federal Stafford, Federal PLUS, Federal Perkins, Federal Pell Grant, FSEOG, Other Title IV Programs, Other Federal sources, and other state, private, or institutional aid.

## ADMISSION

All entering students are expected to be of good character and be aware of the University's Christian commitment and should therefore be willing to abide by the standards set forth in the University's **Tiger Handbook**.

### Requirements for High School Graduates

A prospective student must submit a completed Application for Admission and Housing to the Office of the Registrar, Ouachita Baptist University, Box 3757, Arkadelphia, Arkansas, 71998-0001. A certified high school transcript and an official report of the American College Test (ACT) scores<sup>1</sup> must be on file with the University prior to registration.

The Academic Deans' Council will consider for regular admission the application of a student who submits:

1. a certificate of graduation (transcript) from high school
2. a high school grade point average of 2.500 or higher on a 4.000 scale
3. an Enhanced ACT composite score of 20 or higher or an equivalent SAT score.

The certificate of graduation must include the following units: four in English, three in social science with American history and world history recommended, two in natural science preferably selected from biology, chemistry and/or physics, and two in mathematics with algebra I and geometry recommended. Of the remaining units, it is recommended that at least two units be in one foreign language and that one-half unit be in computer science.

The Academic Deans' Council may grant conditional admission to students who fall below the previously stated standards. Most of these students will be advised to enroll in certain Academic Skills courses. The Academic Deans' Council will refuse admission to students whose high school grade point average or ACT composite score indicates an inability to meet Ouachita's academic standards.

### Requirements for Non-Graduates of High School

The Academic Deans' Council will consider for regular admission the application of a student who is not a high school graduate who submits:

1. a certificate indicating one has earned 16 units in high school
2. a grade point average of 3.0 or higher on a 4.0 scale in these high school units
3. recommendation by one's principal, superintendent or counselor
4. an Enhanced ACT composite score of 20 or higher or an equivalent SAT score.

The Academic Deans' Council will consider for conditional admission the application of a student who is 18 years old or older who is not a high school graduate who submits:

1. a satisfactory General Education Development (GED) test score
2. an Enhanced ACT composite score of 20 or higher or an equivalent SAT score.

<sup>1</sup>The Scholastic Aptitude Test (SAT) may be submitted in lieu of ACT.

Those who have not graduated from high school will usually find it advisable to carry a limited academic load until they have demonstrated ability to carry a full load.

### Requirements for Home-Schooled Students

A student who has been home schooled and desires admission to Ouachita must submit:

1. transcript of high school work completed
2. high school GPA of 2.50 or higher on a 4.0 scale
3. an Enhanced ACT composite score of 20 or higher or an equivalent SAT score
4. One of the following:
  - a. GED certificate<sup>1</sup>
  - b. Passing score on the COMPASS
  - c. A certificate of completion from a home-study program recognized by the student's home state

### Requirements for Transfer Students

Students who wish to transfer to Ouachita Baptist University should apply for admission as transfer students and supply catalogs from the colleges where they are presently enrolled. Transfer students may be allowed to enter Ouachita if they are eligible to return to the institution from which they came, and they must declare all colleges and universities attended in the past. Transfer students are eligible to use any Ouachita catalog which has been in effect since they entered college, so long as the catalog is not more than three years old.

Students from accredited junior or senior colleges will receive full credit for work done in such institutions, subject to stated departmental or other limitations. All grades of all college-level courses will be transferred and used in calculating the grade point average except those with D and F grades which cannot be repeated at Ouachita. Ouachita will accept academic skills courses from other universities, but the number of hours required for graduation is increased by the number of hours taken in academic skills courses. Courses accepted in transfer must be consistent with the liberal arts character of the Ouachita Baptist University curriculum. Highly specialized and technical courses such as trade school, paramedical, engineering, and agriculture courses will not be accepted.

Up to thirty hours will be accepted from an accredited theological seminary. Correspondence and extension work from accredited colleges will be accepted up to thirty hours, including up to ten hours of such credits in the area of concentration.

A transfer student who has fewer than twenty-nine hours of credit acceptable to Ouachita is required to submit ACT scores, a high school transcript and a transcript from previous colleges before being admitted as a regular student. Other tests required of all Freshmen will also be given to Freshmen transfers.

---

<sup>1</sup>A student who takes the GED will be admitted on conditional admission.

Students transferring from educational institutions not accredited by a regional accreditation agency may be permitted to enroll tentatively, if they have a 2.000 grade point average. At the discretion of the University, up to thirty hours may be accepted in transfer only after the student has achieved a 2.000 average on at least twelve hours during the first semester at Ouachita. No grade of D will be accepted.

All students, including transfers, are required to maintain a 2.000 cumulative grade point average on work done at Ouachita. Transfer students are subject to the same English Composition proficiency requirement as all Ouachita students. Transfer students who have twenty-nine or more hours of credit are required to submit a degree plan during the first semester in residence. Sixty resident hours are required to receive a baccalaureate degree from Ouachita. Thirty of the last thirty-six hours and at least twelve hours (six junior-senior) in the departmental major and nine hours in the minor (three junior-senior) must be taken in residence at Ouachita.

### **Superior High School Student Program**

High school students with a B average or better may be permitted to take up to six semester hours of course work during a five week summer term between their junior and senior years. Students must have the approval of their principals or their counselors. Credit will be recorded on a permanent transcript when the student qualifies for college entrance.

When high school students are permitted by their guidance counselors and principals to do so, they may take one course each regular semester at Ouachita. They must be regularly enrolled for four subjects in the high school while taking the college course. Regular credit will appear on a Ouachita transcript after the students qualify for regular admission to college.

### **International Student Admissions**

Qualified students from other countries are considered for admission as freshmen and transfer students. Degree seeking students who transfer to Ouachita from universities outside of the United States shall successfully complete one regular semester of college level courses at Ouachita before being granted any transfer credit. The deadline for submitting applications and complete, official scholastic records for fall admission is August 10. The deadline for admission in the spring semester is January 2. Applicants whose native language is not English are required to submit:

1. Scores earned on the Test of English as a Foreign Language exam (TOEFL)
2. A completed and signed Application for Admission
3. Official transcripts from all secondary or post-secondary schools attended and certified copies of the results of all standardized examinations
4. A completed Ouachita Health Form
5. A Financial Affidavit of Support

## **Admission**

---

Students who are unable to take the TOEFL in their country may take the exam upon arrival at Ouachita. Students not taking the TOEFL before arrival are required to have a telephone interview with the Director of International Programs at Ouachita. Students interested in taking the TOEFL should write directly to: TOEFL, Education Testing Service, P.O. Box 6155, Princeton, NJ 08541-6155, USA.

### **Department of Veterans Affairs**

Ouachita Baptist University is an approved institution for veterans and veterans' beneficiaries training. Veterans of recent military service, widows, or children of military personnel who lost their lives in service or who are totally disabled as a result of service should contact the nearest VA Regional Office as far in advance of enrollment date as is possible for assistance in securing veterans benefits. Information on campus regarding this program may be secured from the Office of the Registrar.

# ACADEMIC INFORMATION

## DEGREES GRANTED

The School of Arts and Sciences confers the degrees of Associate of Arts, Bachelor of Arts, Bachelor of Science and Bachelor of Science in Education. The specific requirements for these degrees are given on page 67 and following of this catalog.

The Hickingbotham School of Business confers the Bachelor of Arts degree. The specific requirements for this degree are given on page 145 and following of this catalog.

The School of Christian Studies confers the Bachelor of Arts degree. The specific requirements for this degree are given on page 159 and following of this catalog.

The Jones School of Fine Arts confers the degrees of Bachelor of Music, Bachelor of Music Education and Bachelor of Arts. The specific requirements for these degrees are given on page 173 and following of this catalog.

## REQUIREMENTS FOR UNDERGRADUATE DEGREES

Evidence of good moral character, fulfillment of all general and specific academic requirements, and formal approval by the faculty are the essential conditions for receiving a degree. A student may not participate in the commencement ceremony unless all of these conditions have been met.

A student must successfully complete the general requirements for graduation in either the catalog in effect at the time of admission to the University or in any subsequent catalog. A student out of school more than two years must re-enter under the catalog in force at the time of re-entrance. Transfers see page 43.

A student desiring a second undergraduate degree from Ouachita must be admitted to candidacy by the Dean of the appropriate school. Thirty additional hours beyond those mandatory for the first degree must be completed, and any additional requirements must be met to the satisfaction of the Dean. The second degree cannot be the same as the first, and a different major must be designated.

A student is required to be present to receive his or her diploma at the next commencement after completing the requirements for the degree. In case of extreme hardship a person may be given special permission to be graduated in absentia, if application is made to the President at least four weeks before the commencement date. If a petition arrives too late, the candidate will be graduated at the next commencement.

## Details of General Degree Requirements

**1. Interdisciplinary Studies:** All students must successfully satisfy the general requirements in the School of Interdisciplinary Studies — see pages 63-64 for specific requirements.

**2. Area of Concentration:** A major consists of at least twenty-four hours, but not more than forty in one department, with at least twelve hours from the Junior-Senior level.

## Academic Information

---

A minor consists of at least eighteen hours, but not more than thirty, with at least six hours from the Junior-Senior level. The minor requirement may also be met with a second major or split minor. The split minor requires a minimum of nine hours in each of two departments with at least three hours from the Junior-Senior level in each department. Split minors must be approved by the student's advisor and the appropriate chairmen. The requirement for a minor applies only to the B.A. and B.S. degrees.

Typically, majors and minors are related. However, the final choice of a minor is at the student's discretion. See departmental listings of specific requirements for majors and minors.

**3. Grade Point Average:** The student must have twenty-four hours with grades of C or higher in the major and must achieve an overall GPA of 2.000 plus a GPA of 2.000 in the major, a GPA of 2.000 in the minor, and a GPA of 2.000 in the CORE curriculum.

**4. Junior-Senior Hours:** A student must complete a minimum of forty-two hours of courses from the 3000/4000 level. At least eighteen of these hours must be in the area of concentration, twelve of which must be in the major and six in the minor. At least twelve Junior-Senior hours in the area of concentration must be completed in residence, including six in the major and three in the minor.

**5. Chapel:** Seven chapel credits are required. Transfer or accelerated students who are unable to accumulate seven chapel credits are required to accumulate as many chapel credits as the number of regular semesters they are in residence.

**6. Foreign Language:** Two semesters of one foreign language are required. Exemption from the foreign language requirement will be given to students who demonstrate competency through an acceptable score on a competency examination. The foreign language requirement is waived for non-native speakers of English.

**7. Hours Requirement:** A minimum of 128 semester hours is required for graduation. The typical degree plan would include the following.

**NOTE:** No more than 40 hours may be counted toward graduation in a student's major department. No more than 30 hours may be counted toward graduation in any other department. A maximum of four hours of music ensembles and four hours of physical education activities courses may count toward the 128-hour requirement.

**8. Residence Requirement:** Sixty resident hours are required to receive a baccalaureate degree from Ouachita. Thirty out of the last thirty-six semester hours must be taken at Ouachita. At least twelve hours in the major and nine hours in the minor must be taken in residence. The residence requirement for transfer students (p. 38) applies to all candidates for a degree from Ouachita. Transfer students see page 38.

## Registration

Students who have been officially admitted to the university may enter at the beginning of any regular semester or summer session. Students should register during the specified registration period. Late registration is discouraged and is forbidden after the third day of classes. Students must complete initial registra-

tion for a regular semester by 5:00 p.m. on the third day of classes and may add a class until 5:00 p.m. on the sixth day of classes. Students registering after the official Registration Day will pay a fee of ten dollars for each day late, up to a total of thirty dollars. Students must arrange payment of charges with the Business Office during the registration period.

Students may preregister for courses during the specified preregistration period or any time thereafter until Registration Day. Newly-admitted freshmen complete the preregistration procedure during one of the official Early Registration sessions (ER) prior to Registration Day. Transfer students may preregister in the same manner as current students. Students who have preregistered must confirm their class schedule on Registration Day.

Guidance in one's studies is provided in two ways: (1) by the admission and degree requirements explained in the instructional program sections of this catalog; (2) by faculty members who advise individual students toward their vocational and educational objectives. Freshmen are assigned to an academic advisor, who not only provides guidance in the selection of courses but also facilitates the transition to college life. Advisors also encourage the student to talk with instructors in academic areas of particular interest. The advisor also assists the upperclass student in meeting degree requirements and in career planning.

Developmental programs are provided for students with demonstrated deficiencies in essential skills. Courses of study in speech and written communication are offered to assist students who encounter difficulties in such skills. Special courses in reading, mathematics, and study skills are also available.

## **Definition of the Credit Hour**

The semester hour, the basis for accreditation of academic work, typically represents one fifty-minute recitation or its equivalent per week for one semester. At least two hours of laboratory work are required to equal one recitation period. One recitation period per week presumes that the student must spend two additional hours for preparation.

## **The Student's Academic Load**

The average course load is sixteen hours per semester. Less than twelve or more than eighteen hours per semester is considered outside the range of the normal load. A person carrying twelve or more hours is classified as a full-time student. A student carrying more than eighteen hours per semester must have the written permission of the Dean of the School in which enrolled.

Overload exceptions will be based on the following grade point requirements: 18.5 hours, 2.8 cumulative GPA; 19 hours, 3.3 cumulative GPA; 20 hours, 3.6 cumulative GPA; 21 hours, 3.9 cumulative GPA. Loads over 21 hours will not be allowed.

Students may not register in any one semester for more than three courses under the same instructor unless they have permission from the Dean of the School in which enrolled and the approval of the departmental chairman.

A student may not be simultaneously registered in another school without written permission of the Academic Vice-President. The student's semester load will be determined by the total number of hours attempted in all institutions and is subject to the limits explained above. Students must receive

## **Academic Information**

---

written approval before enrolling for courses at another college or university. The form for course approval is available in the Registrar's Office.

A student may repeat a course in which a D or F has been previously recorded. The second and any succeeding grades will be used to calculate the grade point average, however, all grades will appear on the transcript. If the student repeats a course in which a C or better has been recorded without prior approval of the Deans' Council, both grades will be included in the GPA. Courses being repeated count toward the total load.

### **Changes in Registration**

After a student and the academic advisor have arranged a semester's study program, changes in it are discouraged. A fee of fifteen dollars is charged for each petition to change enrollment. After the sixth day of classes, a student may not add a course. A change in registration requires the written permission of the student's academic advisor and the Dean of the School in which enrolled. Permission to add a course during the first six days of classes of a semester may be granted by the Dean of the School. Credit will not be given in a course for which a student is not officially registered. Application for changes in registration may be obtained in the office of the Dean of the School.

A student may, with the consent of the academic advisor, drop a course through the end of the sixth week of classes, or during the first two weeks of a summer session.

A student, with the permission of the advisor, and dean may withdraw from a course through the end of the twelfth week of classes. In a summer term permission must be given before the beginning of the final week of classes.

The distinction between dropping and withdrawing is as follows: A course that has been officially dropped will not show on the student's record. A course from which the student has officially withdrawn will be assigned a final grade of W.

Failure to drop or withdraw officially from a course will result in a grade of F.

### **Classification of Students**

An undergraduate student is not entitled to class privileges until certified by the Registrar as a member of the class. A student is a freshman until twenty-nine semester hours have been earned. Thereafter, a student is a sophomore. Junior standing is achieved by earning fifty-nine semester hours. A student is a senior when eighty-nine hours have been earned. An undergraduate student is classified as a special student if registered for less than ten semester hours, or if the student is not pursuing a degree program in the University. Special Students must meet Ouachita admission standards as specified on page 37.

### **Degree Plan**

A student is expected to file a degree plan in the office of the appropriate school dean as soon as the degree objective is decided. The degree plan is considered the official declaration of a student's major. Students entering as freshmen will not be allowed to participate in the registration process, including pre-registration, for their first junior semester until a degree plan is on file with the school dean. Transfer students entering as sophomores or higher must file during the first semester in residence, no later than the beginning of the pre-registration period.

The student prepares a degree plan stating career and curriculum objectives, including courses in general education, the major, the minor and electives to meet degree requirements. The degree plan, developed in consultation with the academic advisor, becomes the program which, if completed successfully, leads to the conferring of the desired degree.

The student is responsible for the content and successful completion of the degree plan. The advising program and the degree plan are aids in meeting degree requirements. Since there is no charge for advising and degree plan services, it is advantageous to file as early as possible.

The official graduation check is conducted by the Registrar's Office during the first semester of a student's senior year. An updated degree plan must be presented to the Registrar prior to the graduation check appointment.

### **Junior-Senior Hour Regulation**

A student must complete a minimum of forty-two hours of courses from the 3000/4000 level. At least eighteen of these hours must be in the area of concentration, twelve of which must be in the major and six in the minor. At least twelve Junior-Senior hours in the area of concentration must be completed in residence, including six in the major and three in the minor.

### **Correspondence Study**

A limit of two courses by correspondence study will be observed. The student must obtain approval of the head of the department at Ouachita in which the course is offered and approval of the Dean of the School. The final course grade for a graduating senior must be submitted to the Registrar prior to the beginning of the student's final semester. Correspondence courses do not apply to the Ouachita residence requirement. Petition forms are available in the Office of the Registrar.

### **H.S.U. Courses for Ouachita Students**

Ouachita students may take courses that enhance their degree at Henderson State University at no additional charge, provided it has been approved by the Ouachita department chairman in the area of the course, the advisor, dean of the school in which the course is offered, and the Academic Vice-President. The Henderson instructor reports the course grade directly to the Ouachita registrar who records the credit and grade on the student's transcript with the letter H preceding the departmental designation. The student is expected to meet all of the requirements established by Henderson and the instructor.

Courses offered by Ouachita are expected to be taken at Ouachita, unless there is an irreconcilable schedule conflict.

### **Credit for College-Level Television Courses**

Credit for college-level courses taught through the medium of television (educational or commercial stations) may be allowed on the same basis as for any other credit at Ouachita if taught or coordinated by a resident Ouachita instructor and approved by the Dean and the Department. If it is taken at another institution, it may be transferred to Ouachita on the same basis as other transfer credit.

## **Numbering of Courses of Instruction**

A course number is a four-digit number (extended to a decimal point, five when half-semester credits are indicated) that is assigned each course in the university curriculum. This number is unique within the department or division that lists the course.

The first digit of the course indicates the academic level of the course. One thousand courses are primarily for freshmen, two thousand for sophomores, three thousand for juniors, and four thousand for seniors.

The second and third digits usually designate the order in which the course is to be taken. For example, CORE 2313 should be taken before 2323. Special middle digits 70 through 99 are used to indicate special categories of courses. For example, 70 through 79 are used for variable topics courses in some departments; 80 through 96 are for special courses, individual studies and workshops; 97 is for Cooperative Education; and 98 for Honors Directed Studies, Seminars and Thesis. For example, Philosophy 2981 indicates an Honors Directed Study in that department.

The fourth digit (and fifth, in some instances) indicates the amount of credit that is granted for the course. For example, CORE 1013 indicates that three semester hours are considered attempted and three hours of credit are given for successful completion of the course. MUEN 1000.5, Concert Choir, indicates one-half hour of attempt or credit.

## **Offering of Courses**

All courses are open to duly registered students unless there are prerequisites or restrictions listed in the course description. Courses are usually offered at the times indicated at the end of the course descriptions.

The University reserves the right to withdraw or change courses; however, the indicated times of offering the courses will be observed as closely as possible.

The schedule of classes is available for distribution at least one week in advance of pre-registration. The Academic Affairs Office will make available information about the scheduling of specific courses upon request.

## **Grades**

Scholastic achievement at Ouachita is indicated by these symbols:

- A indicates superior work.
- B indicates good work.
- C indicates average work.
- D indicates the minimum standard for passing.
- F indicates failure to achieve a passing quality of work.
- I indicates that a student's required work is incomplete and is given at the discretion of the instructor for good and sufficient reason. A grade of "I" automatically becomes "F" unless the deficiency is made up before the end of the next semester of residency. Non-returning students must make up deficiencies within one year as a maximum.
- W indicates that the student officially withdrew from the course.
- AU indicates that a student was registered as an auditor, not for credit, and attended at least seventy-five percent of the class meetings.
- S (Satisfactory) indicates credit for work done on an elective basis under the Satisfactory-Unsatisfactory policy (below) which will not carry quality credits or affect the GPA.
- U indicates that Unsatisfactory work was done in a non-graded course and calculates as an "F" in the GPA.

**Satisfactory-Unsatisfactory Policy:** Junior and senior students with a cumulative average of 2.00 or higher may take two elective courses on a satisfactory-unsatisfactory basis with the approval of their school dean, advisor and the instructors of the courses. The student will be assigned the grade of S (for credit, satisfactory performance) or U (no credit, unsatisfactory performance). This provision will enable students to explore certain areas of interest outside their area of concentration without feeling the pressure of competition for grades with major students in the courses. Courses which are regularly offered on a Satisfactory-Unsatisfactory basis are the courses in observation in the public schools and in Student Teaching, the Washington Seminar, Honors Program studies and all credit by examination. A special course in a departmental major may be offered on an S-U basis when recommended by the department chairman and approved by the dean.

Permission to take a course on a Satisfactory-Unsatisfactory basis must be obtained during the first six days of a regular term, and during the first two days of a summer term.

### Changes of Grades

Changes of final grades are made by an instructor very rarely. When errors are discovered, they are to be reported immediately. A grade that has been allowed to stand unchallenged past Monday of the tenth week of the next semester is considered final.

### Quality Credits and Grade Point Average

Quality credits are assigned to the grades on the following formula: the number of semester hours credit times four for an A, three for a B, two for a C, and one for a D, and none for an F, I, W or U.

The Grade Point Average (GPA) is calculated by dividing the sum of quality credits by the sum of attempted hours for grades A through F, I, W and U and carried to three decimal places.

GPA requirements for graduation are 2.000 cumulative on all course work, 2.000 on all Ouachita course work, 2.000 in the major, and 2.000 in the minor.

### Academic Honors Recognition

The honor roll compiled at the end of a semester lists the names of undergraduate students whose grade records are considerably above average. The minimum qualifying quality credit average is 3.500 or above on those courses for which credits are given. Students who have a straight A or 4.000 quality credit average are named to the **President's List**. Students who have a grade point average of 3.500 up to 3.999 will be placed on the **Deans' List**. To be eligible for the President's or Dean's Lists, a student must not only have the stipulated quality credit average but also must be registered for at least twelve hours of academic courses and have no incomplete or failing grade for the semester.

Graduation with honors is accorded to graduates who achieve at least a 3.500 overall grade point average for both their college careers and on their work at Ouachita. Graduation with honors is based on the following levels of achievement:

<b>Cum Laude</b> .....	3.500 or higher cumulative GPA
<b>Magna Cum Laude</b> .....	3.750 or higher cumulative GPA
<b>Summa Cum Laude</b> .....	3.950 or higher cumulative GPA

The Faculty must recommend that students graduate with honors, and students must take at least sixty-four hours at Ouachita.

### **Academic Probation**

Academic Probation is the status of a student whose academic performance is below minimal standards. Soon after grade reporting time, the student, the parents, the advisor, the registrar, and the President of the University will be advised of the student's placement on Academic Probation, Continued Academic Probation or Academic Suspension.

A student will be placed on Academic Probation when the following requirements are not satisfied:

1. A cumulative GPA of 1.700 or above after attempting fewer than twenty-nine semester hours.
2. A cumulative GPA of 1.800 or above after attempting twenty-nine through fifty-eight hours.
3. A cumulative GPA of 1.900 or above after attempting fifty-nine through eighty-eight hours.
4. A cumulative GPA of 2.000 or above after attempting eighty-nine hours or more.

Continued Academic Probation is the status of a student who has been previously placed on Academic Probation and whose grade-point average for the semester was less than 2.000 or who has not raised the cumulative grade-point average to meet the above minimal standards.

Academic suspension takes place at the end of a regular semester if a student on continued probation, or continued conditional admission, does not make at least a 2.000 grade point average and is still below the minimal standards as outlined above.

At the discretion of the Academic Deans' Council, Continued Academic Probation may be permitted a student with eighty-nine or more semester hours credit who makes a semester grade-point of 2.000 or better.

While on Academic Suspension a student may not earn credit to be transferred to Ouachita. After Academic Suspension, a student may apply for readmission following a lapse of at least one regular semester. Application shall be made in writing to the Academic Deans' Council stating reasons for wanting to be reinstated and stating plans for making up academic deficiencies. A student who has been suspended for academic reasons and readmitted to the university will be placed in the Continued Academic Probation category. A student on Academic Probation or Continued Academic Probation who leaves the University and later wishes to re-enroll shall return on the same academic status.

Freshmen entered on Conditional Admission and students placed on Academic Probation must complete or have already completed a diagnostic reading examination and, if the examination results so indicate, enroll in ASKL 1031 Fundamentals of Reading or ASKL 1041 Developmental Reading. A student entered on Conditional Admission must enroll in ASKL 1001 Resources for Learning. The academic load of the student on Conditional Admission, Continued Conditional Admission, Academic Probation, or Continued Academic Probation is not to exceed, except by permission of the Director of Academic Skills Development, fourteen and one-half hours. Care should be exercised to arrange a program of study which will help make it possible for the student to attain regular academic status.

A student on Academic Probation, as a condition of registration, shall have passed or be enrolled in ASKL 1001 Resources for Learning and repeat such courses with D or F grades that will contribute most to the requirements of a degree. A student may repeat a course in which a D or F has been previously recorded. The second and any succeeding grades will be used to calculate the grade-point average.

A student on Continued Academic Probation or Continued Conditional Admission, as a condition of enrollment, shall have drawn up and signed a contract of participation in the Student Retention Program. A student's failure to honor the contract will be grounds for being asked to withdraw from school. As a minimum, a student on Continued Conditional Admission or Continued Academic Probation must repeat such courses with D or F grades that will contribute most to meeting requirements of a degree.

### **Attaining Regular Academic Status**

A student on Conditional Admission, Academic Probation or Continued Academic Probation may attain regular academic status if the following conditions are met:

1. The student must achieve a GPA of 2.000 for the previous semester and raise the cumulative GPA to meet the minimal standard as stated above. The GPA will be calculated for the purpose of attaining regular academic status at the end of the fall semester, the spring semester, and the second summer term.
2. A newly-admitted freshman who enters on Conditional Admission will be required to achieve a cumulative 1.700 grade-point average after either of the first two regular semesters to attain regular academic status.
3. The student must carry a minimum course load of twelve semester hours during a semester or a total of ten semester hours for two consecutive summer terms.

### **Academic Appeals**

The Academic Deans' Council will serve as final authority in all student appeals in reference to academic matters. Any student wishing to request an exception to current academic policy may submit a petition to the Deans Council. Petition forms are available in the Office of the Registrar or from the office of any school dean. The Deans' Council will notify the student in writing of its decision. If, on the recommendation of the Deans' Council, any academic decision is referred to the President, or if a student appeals a decision to the President, all such actions will be made in writing, with all records and reports pertinent to the matter attached. No appeal will be considered until all materials are furnished. The President's response to the appeal will be made in writing to the student, with copies furnished to members of the Deans' Council, the Registrar, and the Vice President for Academic Affairs.

### **Academic Honesty**

In order to promote scholarly endeavor and growth within a Christian environment, Ouachita expects a high level of academic integrity from all its students. Proven violations of proper academic conduct constitute a severe disciplinary problem, which will result in penalties that may include expulsion from class or suspension from the University. Full details concerning the University policy on this issue, including examples of academic misconduct and an explanation of an appeals process, are found in the Tiger, the student handbook, and are also available at the Office of Academic Affairs.

### Credit by Examination

Ouachita grants degree credit on the basis of a number of advanced-standing examinations. Except as described in the section about the Honors Program, the total credit by examination which may be counted toward a degree may not exceed twenty-four hours, and not more than nine of these may be counted in the major, nor six in the minor. For courses passed by examination, credit but no grade is recorded. Credit by examination is recorded on the Ouachita student's record only after a full semester of standard college credit has been earned.

A student may not receive credit by examination in a course if more advanced work has been taken in that subject, or if a grade below C has been recorded in a course which is prerequisite to the course in which credit is sought. All programs that lead to credit by examination are considered as advanced placement programs. Their recommended use is to allow students to take more advanced courses in each of the specified areas rather than bypassing portions of the general education curriculum.

**College Level Examination Program:** The Subject Tests (with the essay portion, when available) may yield equivalent credit when evaluated by the appropriate department chair. Credit will be awarded only for CLEP Subject Examinations.

Tests may be scheduled and taken at Ouachita or any other open CLEP center. Registration is required fifteen working days in advance of a test. Official score reports should be sent to the Academic Affairs Office at Ouachita.

It is important that the CLEP tests be taken no later than July, in order for the scores to be received before fall registration, November for spring registration, or April for summer registration. Credit by CLEP examination will not be given for a course in which the student is enrolled or in which more advanced work has been taken.

Information about the administration of CLEP tests may be obtained by calling or writing the Academic Affairs Office at Ouachita (tel. 870-245-5196).

**International Baccalaureate Program:** Credit may be granted for a score of five or higher on the higher level examinations. Credit is not awarded for tests taken at the subsidiary level. Scores should be reported to the Office of Academic Affairs at Ouachita.

**Ouachita Credit Examinations:** In subjects in which no CLEP subject test is available, a student may receive credit in a course by passing an examination given by the chair of the department in which the course is offered. Permission must be obtained from the Dean of the school in which the student is enrolled, and a fee of twenty dollars per semester hour must be paid to the Business Office in advance.

After the examination is completed, the instructor must submit the examination papers, the signed application, and the fee receipt or the fee receipt number to the Dean. The Dean of the School is responsible for having the credit recorded in the office of the Registrar. The examination must be completed with a grade of C or above. When credit is granted in this manner, credit rather than specific grade is recorded on the permanent record.

**Advanced Placement:** The University accepts credits established by a grade of four or higher in the Advanced Placement program of Educational

Testing Service. Tests are given by the high schools in May of each year. Inquiry should be made directly to the teacher of the course or the principal of the high school. Scores should be reported to the Office of Academic Affairs at Ouachita.

### Enrollment as an Auditor

Enrollment as an auditor is permitted in all courses subject to the approval of the instructor and the Dean of the School. An enrollment as an auditor may be changed to one for credit if the change is made not later than the sixth day of class of the semester or the second day of a summer term, and if the instructor and the Dean approve. Fees for enrollment as an auditor are the same as fees for enrollment for credit. The instructor will not accept from the auditor any papers, tests or examinations. Courses taken by an auditor will be listed on the transcript with the designation AU provided the student has attended at least seventy-five percent of the class meetings.

### Special Courses and Individual Studies

Group studies, readings and research courses are available in many of the departments of the University. The purposes of these studies are enrichment of the curricula, involvement in current issues, employment of expertise of resident or visiting scholars or study under topics not included in standard courses. Topics may be proposed by an instructor or three students on application forms supplied by the Dean of the School by mid-semester of the previous semester. The applications should describe briefly but specifically the bounds of the study, the design of the research, or the creative work to be pursued. If approved by the department chair and the Dean of the School, announcement of the opening of the course will be made in the regular class schedule. A student may take a maximum of twelve hours in such courses with not more than eight hours of these in the major. The course name shall be a brief but accurate description of the subject of the study and shall be recorded on the student's transcript. The course should not parallel another course in the catalog.

A special course may be offered on a Satisfactory-Unsatisfactory basis when recommended by the department chairman and approved by the Dean. The course so offered automatically will not contribute to the required 2.000 grade average in the major or minor or to the twenty-four hours of grades of C or higher required in the major.

### Courses By Conference

Seniors who lack required courses which are not currently scheduled and for which no suitable substitution can be found may take catalog courses by conference. They must secure in advance of registration the consent of the instructor, the departmental chair and the Dean of the School.

### Transcripts

Whenever a student wishes to have a transcript sent to other institutions, a request should be made at least a week before it is needed. No transcript or other evidence of attendance is issued to or for a student who is in debt to the University until such indebtedness has been paid in full. The request must be approved by both the Registrar and the Business Manager. Each transcript

## **Academic Information**

---

must include the student's complete academic record at the University. Transcripts are issued only at the written request of the student. Release of student academic records is subject to the provisions of the Family Educational Rights and Privacy Act (FERPA). There is no charge for transcripts.

### **Class Attendance**

Students are expected to attend all classes in which they are enrolled. Absentee policies are at the discretion of the individual faculty member.

### **Chapel Attendance Requirement**

Chapel programs are planned by the University Chapel Committee. Attendance is required of every student each semester until seven credits have been accumulated unless an exception has been made by the Academic Deans Council.

Seven chapel credits are required for receiving a bachelor's degree from Ouachita Baptist University. In order to receive one chapel credit, a student must attend at least three-fourths of the regularly scheduled chapel services during a semester. These records are kept in the Student Services Office. At the end of each semester, the record of "credit" or "no credit" will be registered on the permanent transcript and the cumulative chapel credits will be transferred to the Academic Affairs Office.

Transfer or accelerated students who are unable to accumulate seven chapel credits will work out this requirement through Academic Affairs. Students who have exceeded the number of absences and get "no credit" for any semester will need to make arrangements for the "chapel make-up" program offered through the Academic Affairs Office. Students who fall behind may not be permitted to register for additional semesters until the requirement is up to date.

### **Withdrawal from the University**

A student may withdraw voluntarily or at the request of the University. The student may be asked to withdraw if: (a) it is determined that the student's actions or attitudes are unworthy of a good campus citizen; (b) his or her scholastic record falls below normal expectations or for failure to remove academic warning status, as explained on page 49; or (c) the student's financial record is unsatisfactory to the University.

When a student withdraws from the University for any reason, he or she must report in person to either the Office of Student Services or the Office of Academic Affairs. From that point, clearance will be obtained from the Business Office and other check points. Withdrawal is complete when the residence hall check-out sheet is forwarded to the Office of Student Services. Failure to complete the process will result in continued charges for food and housing. Any student who withdraws or is suspended must leave the campus within twenty-four hours. Instructors will assign letter grades to any student who withdraws from the University during the two-week period prior to final examinations.

## **The Carl Goodson Honors Program**

**Professor Doug Reed, Director**  
**Associate Professor Byron Eubanks, Assistant Director**

To further academic excellence and to inspire intellectual curiosity, an Honors Program is provided for selected students of Ouachita Baptist University. Students selected to participate in the Honors Program may pursue their search for knowledge through independent study and through small group seminars. The Honors Program at Ouachita is named in honor of Dr. Carl Goodson, who served the University as Professor of Religion from 1961 to 1968 and as Vice President for Academic Affairs from 1970 to 1982.

### **Admission**

Participation in the Honors Program is voluntary. A student may petition for admission to the Honors Program after one semester in residence and the completion of fifteen semester hours with a minimum grade point average of 3.3. The petition must be accompanied by two letters of recommendation from faculty members. Final selection into the Honors Program will also entail a personal interview with a committee of selected faculty members.

### **Honors Study Programs**

The Honors Study Program will consist of Sophomore level directed studies, Junior level group seminars, and a Senior level thesis.

The directed study offers the opportunity for study in areas where formal courses are not offered. A student may select the faculty member under whom the study will be done. The directed study may be in any area.

Weekly interdisciplinary seminars will be offered each semester. Students may petition to have a seminar offered in a subject area of interest. All seminars will deal with a definite subject area.

The Honors Thesis will involve an in-depth study of a topic of special interest to the student. The study will be conducted over a period of two to four semesters under the supervision of a faculty advisor. Four hours of Honors Thesis should be taken over a period of two or three semesters. Prior to beginning the Honors Thesis, the honors student will select a second faculty member who, along with the project advisor, will serve on the Thesis Committee. A third member of the committee will be selected by the Honors Director. Upon completion of the Honors Thesis, the student will give an open oral examination. All three faculty members of the Thesis Committee will judge acceptability of the study. In the event that judgment is not unanimous, the thesis must be passed by the Honors Council.

Grading of all Honors Program studies will be satisfactory or unsatisfactory. The minimum credit standard will be a grade of B. No more than six hours of Honors Studies may be counted in the academic major, and no more than two in the minor.

## Administration

The Director of the Honors Program is appointed by the President of the University. The Director designates one faculty member from each academic division to serve on an Honors Council. The Honors Council provides general administration and coordination of the Honors Program.

## Graduation With Honors Recognition

A student wishing to graduate with Honors recognition should complete a one-semester-hour directed study, two one-semester-hour seminars and an Honors Thesis of four semester hours.

## Withdrawal From the Honors Program

A student may be asked to withdraw from the Honors Program if: (a) the cumulative grade point average drops below 3.3 at any time; (b) the student receives no credit in Honors Studies; (c) the student is uncooperative in the Honors Program.

## Honors Program Courses

The courses related to the Carl Goodson Honors Program will be conducted in the appropriate division or department of the studies. Using the prefix designating the division or department in which the study is conducted, the following course numbers and descriptions apply:

**2981. Honors Directed Studies.**

A special topics course designed to meet the needs of the individual Sophomore Honors student. **Fall, Spring.**

**3981. Honors Seminar.**

An interdisciplinary seminar designed for the Junior Honors student. **Fall, Spring.**

**4981-3. Honors Thesis.**

A critical study and analysis course designed for the individual Junior or Senior Honors student. **Fall, Spring.**

## Daniel R. Grant International Studies Program

**Trey Berry, Director**

The international studies program is named in honor of Dr. Daniel R. Grant, President of Ouachita Baptist University from 1970 to 1988. The program provides opportunities for students and faculty to have international study opportunities, both on campus and abroad.

The purposes of the Grant International Studies Program include:

1. To serve the Christian missions purposes of Ouachita, while promoting good will and the cause of world peace.

2. To be a catalyst for expanding the global consciousness of the university's student body and faculty with emphasis on the role of the church-related liberal arts university in addressing the challenge of global problems.

## **International Studies Program**

---

3. To integrate global awareness and concerns into the interdisciplinary studies component of the curriculum and to assist the departments of the university in meeting specific departmental interests and cross-cultural requirements of their majors, minors or pre-professionals.

4. To provide meaningful academically-oriented exchanges between peoples of other countries and the students, faculty, staff and constituent publics of the university while assisting sister institutions abroad to achieve their educational objectives.

5. To serve the regional community of Ouachita by providing certain types of expertise related to international concerns such as business, industry, agriculture, community development and education.

Courses in the international studies program relate in general to the courses which the student will take at the overseas institution. The departmental prefix appropriate to the exchange studies program will be used.

### **2801-3803. Summer Study.**

Appropriate credit is awarded through the following summer study programs: European Summer Study Tour, Russian Study Program, China Study Program, Israel Study Program, Belize Study Program, and Morocco Study Program. **Summer.**

### **3083. Model United Nations.**

See HIST 3083 and PSCI 3083. **Spring.**

### **4001. International Studies Seminar.**

A general education course designed for students who have completed an overseas study experience. The course will assist in assimilating the overseas experience into the student's degree program. **On Demand.**

### **4709. International Study.**

One or two semesters of study at an approved international site, including the following: Seinan Gakuin University in Fukuoka, Japan; Bilim Institute in Almaty, Kazakhstan (former Soviet Union); Salzburg College, Salzburg, Austria; University of Reading, Reading, England; University of Derby, Derby, England; Universitas Mare Nostrum, Altea, Spain; Alakhawayn University, Ifrane, Morocco; Hong Kong Baptist University. **Fall, Spring.**

### **4721-9. Foreign Study Practicum.**

A course designed to complement the international exchange experience. **Fall, Spring.**

### **International Studies Minor**

A minor in International Studies will include at least 27 hours as follows:

**1. Language Component:** The student must complete two years of study in one foreign language for a total of 12 to 14 hours.

At least one semester of the language must be taken prior to the overseas study experience. The language study must be in a field relevant to the overseas study experience. The student must demonstrate equivalency skill at the sophomore level in the language by passing an exam administered by the Modern Foreign Language Department after returning from the overseas study experience.

**2. Overseas Study:** The student must complete at least one semester of overseas study experience in a program approved in advance by the International Studies Committee.

**3. Senior Seminar:** The student must complete this one-hour seminar, GNED 4001, after returning from the overseas study experience.

**4. Additional Requirements:** The student must complete other approved courses to fulfill the 27-hour minor. These may include pre-approved courses taken overseas or on-campus courses related to the student's degree program. Such courses will include, but not necessarily be limited to:

PSCI 3013, World Politics

PSCI 4023, Comparative Politics

HIST 3813, Topical Seminar (only as approved)

RELG/PHIL 4043, World Religions

RELG 4203, Cross Cultural Communication

An approved advanced language course

The student must achieve at least a 2.000 GPA on all course work included in the minor.

### International Study Programs

Participants in any Ouachita International Study Program must be Sophomores, Juniors, or Seniors with a 2.500 cumulative GPA or higher. Participants must also be in good standing with the university and submit recommendations from at least two Ouachita Faculty members.

Ouachita conducts the following international study programs:

**Austrian Study Program.** Salzburg College, Salzburg, Austria. **Fall, Spring.**

**British Study Program.** University of Reading, Reading, England. **Fall, Spring.**

**Japanese Study Program.** Seinan Gakuin University, Fukuoka, Japan. **Fall, Spring.**

**Kazakhstan Study Program.** Almaty Power Engineering Institute, Almaty, Kazakhstan. **Fall, Spring.**

**China Study Program.** Peking University, Beijing, People's Republic of China. **Summer.**

**European Study Program.** England, France, and Italy study tour conducted by Ouachita faculty. **Summer.**

**Belize Study Program.** Rain forest study (natural science majors and minors). **Summer.**

**Morocco Study Program.** Alakhawayn University, Ifrane, Morocco. **Fall, Spring, Summer.**

**Hong Kong Study Program.** Hong Kong Baptist University, Hong Kong, China (business majors and minors). **Fall, Spring.**

**Israel Study Program.** Hebrew University of Jerusalem, Jerusalem, Israel. **Summer.**

**Russian Study Program.** Moscow State University, Moscow, Russia. **Summer.**

## English As A Second Language Program

Sharon Cosh, Coordinator

Ouachita offers an intensive English program for international students interested in improving their reading, writing, and oral skills in the English language. The goal of the English as a Second Language Program is to provide each student quality instruction in learning the English language. Instruction is also provided in American history and culture. Students have the opportunity to audit one regular course in their area of interest. Students will enroll in the following courses:

- English as a Second Language
- English Articulation and Pronunciation
- Conversational English
- English Listening Lab
- American History and Government
- American Culture
- Computer Writing Lab
- Sports Course
- Reading and Comprehension
- Study Skills
- Advanced Writing
- Keyboarding

These courses are separate from the regular Ouachita curriculum and are designed to enable students to become eligible for enrollment in degree programs within one or two semesters. At the end of each semester, the instructors in the English as a Second Language Program administer a comprehensive examination in order to evaluate student eligibility for enrollment in the regular degree programs. Students must pass this examination before entering a degree program.

Requirements for admission to the English as a Second Language Program:

1. A completed Application for Admission
2. TOEFL scores
3. A recent health report
4. A certified high school or college transcript
5. Two letters of recommendation

Degree seeking students who transfer to Ouachita from universities outside of the United States shall successfully complete one regular semester of college level courses at Ouachita before being granted any transfer credit.

## The Pete Parks Center for Regional Studies

Trey Berry, Director

Established in 1981, the Pete Parks Center for Regional Studies serves as an academic center for the study of the people and culture of Arkansas, Louisiana, east Texas and southeast Oklahoma. Faculty and students participating in the Center's various programs have a unique opportunity to research the history, folklife, architecture, politics, literature, art, music and religion of this region in an interdisciplinary manner. The Center also promotes service to others as an important component in understanding the peoples and cultures of this mid-south region. The programs offered through the Center include:

### 4173, 4183. Folkways of the Red River Region: I, II

This course deals with the cultural history of the Upland South in general and with the Red River Region of Arkansas, Texas, Oklahoma, and Louisiana in particular. Emphasis is given in the course to the literature, history, music and architecture of the region. The class is taught at Old Washington State Park in Washington, Arkansas. Double-listed in the English and History departments. **Summer.**

- \* "Voices of the South" Oral History Project ..... each semester
- \* The President's Symposium ..... Spring of even-numbered years
- \* The Arkansas Storytelling Festival ..... Fall
- \* Academic Research Grants ..... Fall, Spring
- \* Special Conferences and Workshops ..... each semester
- \* Research in Regional Studies ..... each semester
- \* "Regional Studies at Ouachita" newsletter ..... annually
- \* Academic Publishing

## Academic Skills Development Program

W. Dennis Tucker, Jr., Director

Courses in the Academic Skills Development Program provide assistance in the acquisition of college level reading, mathematics, English, and study skills. The number of hours required for graduation is increased by the number of hours taken in ASKL courses.

### 1001. Resources for Learning.

A study of basic learning skills including effective listening, note-taking, studying and test-taking. The course is required of certain students on academic warning. **Fall, Spring.**

### 1013. Intermediate Algebra.

A beginning course in algebra for students needing a foundation for college mathematics courses. A grade of C or better is required before a student is eligible to enroll in a higher mathematics course. **Fall, Spring.**

### 1031. Fundamental Reading.

A diagnosis of reading problems and an intensive search for their solution. The course is required of students who score below college level on the Nelson-Denny Reading Test. **Fall, Spring.**

## **The Cooperative Education Program**

---

### **1041. Developmental Reading.**

A course for acquiring and developing college reading proficiency. The course focuses on difficulties most often encountered in college-level reading. **Fall, Spring.**

### **1053. Grammar and Composition.**

An intensive course in English grammar and the rudiments of composition for students needing a foundation for further college written work. This course must be successfully completed before the student may enroll in CORE 1013, Composition. **Fall.**

### **1062. Writing Laboratory.**

A course designed to provide individualized instruction to those students needing improvement in their writing skills in order to meet the demands of college course work. Must be taken concurrently with CORE 1013, Composition. **Fall.**

## **Writing Across the Curriculum Program**

**Randall D. Wight, Director**

Recognizing that language guides behavior, builds community, and shapes the narratives of our lives, the Ouachita Faculty has established a Writing Across the Curriculum (WAC) Program to foster and promote language acquisition. Each department has selected at least one course within the major as a WAC course and requires the successful completion of at least one WAC course for degree completion. In WAC courses, students can expect: (1) to write on a continual basis throughout the semester; (2) writing will constitute a significant portion of their overall grade; (3) their writing's focus to include not only "learning to write" but, more importantly, "writing to learn" activities. The symbol 'WAC' designates writing emphasis courses both in the catalogue and on student transcripts.

## **The Cooperative Education Program**

Cooperative Education is a learning experience in a coordinated program of alternating work experience and study. It is an attempt to make more relevant the educational process through a blending of theory learned in the classroom with the practical application of these concepts in a real-life environment.

In this program full-time, paid employment positions related to the participant's academic major are approved by the department chairman. These positions become experiences of applied learning for the student. While some students are attending classes in the usual on-campus fashion, Co-op students are receiving up to four hours of academic credit for an on-the-job work experience. At the end of a six month period the off-campus students return to the classroom. Students may earn up to two credit hours under this program for a shorter work session of three (3) months. While on a work assignment, a student may take up to an additional four hours with the approval of the department chairman in which credit is being given, the dean of the school and the employer. Cooperative Education courses are graded on a Satisfactory-Unsatisfactory basis.

The main criteria for admission to the program are that the student must have an overall grade point average of 2.100 and a 2.400 in the area of concentration. The student must also have the recommendation of his or her academic advisor. The Co-op student must maintain the grade point requirements to continue in the program.

The following areas participate in the Cooperative Education Program and offer course number 3970-4, Cooperative Education, in their curricula. Information is available from the appropriate department chairman.

Accounting	Religion
Business Administration	Political Science
Health, Physical Education and Recreation	Psychology
Chemistry	Sociology
Physics	Music

### Cooperative Education Courses

Departments in which a Cooperative Education experience and credit are offered are indicated within the department course offerings. Using the prefix designating the department in which the study is conducted, the following course numbers and description apply:

#### **3970-4. Cooperative Education.**

The course consists of a work experience in the Cooperative Education Program under the supervision of the chairman of the department awarding the credit, the Dean of the School and the supervisor for the employer. Credit is granted when the student returns to enrollment as a regular student and files required reports and logs of the experience.

# School of Interdisciplinary Studies

Randall D. Wight, Dean

Ouachita's School of Interdisciplinary Studies offers a coherent curriculum designed to foster intellectual inquiry and breadth of knowledge. Ideas and events have consequences. Insight into these consequences requires developing frameworks and skills that interconnect intellectual and cultural domains within the context of the physical world. The School of Interdisciplinary Studies offers Ouachita's CORE curriculum, required of all graduates, as a means to nurture these skills and frameworks, as a means to foster inquiry and breadth.

The CORE curriculum's goals are...

- To construct coherent knowledge frameworks for ongoing intellectual, aesthetic, physical, and spiritual growth in the presence of diversity;
- To prepare students to understand and deal constructively with the world's diversity and the physical world in which diversity exists;
- To develop competencies in written communication and in both qualitative and quantitative reasoning.

True learning elicits voices from distant places and different times, making us heirs of our species and of our world. Our human inheritance increases in direct proportion to the ground we cover, the times we know, the voices we comprehend. The School of Interdisciplinary Studies seeks to acquaint students with this inheritance within the greater, transcendent context of Christ's sacrifice and love.

# School of Arts and Sciences

William Ellis, Acting Dean

## REQUIREMENTS FOR UNDERGRADUATE DEGREES

The School of Arts and Sciences confers the degrees of Bachelor of Arts, Bachelor of Science, and Bachelor of Science in Education.

The Bachelor of Arts and Bachelor of Science degrees are conferred upon students who meet the CORE requirements (see page 63) and the specific requirements of major and minor departments.

The Bachelor of Science in Education degree is conferred upon students who meet the CORE requirements (see page 63) and the specific major requirements as outlined in the Division of Education section of the catalog.

The School of Arts and Sciences provides the focus for the University's liberal arts mission. The fundamental aim of the School is to promote critical reflection and the advancement of knowledge by teaching the majority of the core curriculum; by offering comprehensive major programs for students; and by encouraging excellence in teaching, scholarly activity, and service on the part of faculty. Students are challenged to address the analytical, historical, cultural, and philosophical foundations of their disciplines, to think critically and creatively, and to communicate effectively in an open exchange of ideas.

The School provides academic programs in the humanities, in the social sciences, in the natural and mathematical sciences, and in education and other professional fields of study. These various programs offer students the opportunity to develop competence in traditional liberal arts disciplines and to undertake specific programs of professional study.

## **DIVISION OF EDUCATION**

### **Professor C. Chambliss, Chair**

The Division of Education includes the Departments of Education; Health, Physical Education and Recreation; and Family and Consumer Sciences.

The Teacher Education Program is a college-wide responsibility coordinated through a Teacher Education Council composed of representatives from all academic divisions. The primary purposes of the Teacher Education Program at Ouachita Baptist University are the development of specialized scholarship in subject matter areas, vocational preparation through professional education courses and competence in the teaching-learning process through the professional semester which includes responsible student teaching.

The curriculum sequence of professional education provides a systematic plan of orientation and evaluation designed to assist the prospective teacher to assess his or her vocational interest and aptitude for teaching after examining the requirements, responsibilities, and opportunities of teaching as a profession.

### **Objectives of Teacher Education**

To accomplish the purposes of teacher education, faculty members assist and encourage students to meet the following objectives by the time they have completed requirements for teacher licensure. Students completing Ouachita's education program will:

1. Communicate accurately and effectively, especially in their content area(s).
2. Maintain a professional rapport with their students and colleagues.
3. Obtain feedback from and communicate with students in a manner which enhances student learning and understanding.
4. Encourage the development of student involvement, responsibility and critical thinking skills.
5. Manage the classroom to ensure the best use of instructional time.
6. Create an atmosphere conducive to learning, self-discipline and development of realistic and positive self-concepts.
7. Use a variety of instructional media, methods and techniques.
8. Organize instruction to take into account individual and cultural differences among learners.
9. Plan instruction to achieve selected objectives.
10. Understand the human growth and development characteristics of the student and how to implement learning experiences based on these developmental characteristics.
11. Understand the value of self evaluation and reflective thinking.
12. Understand the importance of educational research.
13. Possess the knowledge of foundations of public education in America—historical, philosophical, political and sociological.
14. Understand legal responsibilities of the public school system, including state and district policies.
15. Arrange for conferral and referral opportunities, when appropriate.

## The Teacher Education Program

### Admission

Admission to the Teacher Education Program is generally completed during the sophomore year. Admission may be permitted at a later stage for transfers, students who desire to change their vocational objective, and students who fail to meet admission requirements during their sophomore year. However, a late admission may require an extra semester to complete the requirements of a teaching core and teacher education sequence.

### Procedures

A prospective teacher expresses interest in the Teacher Education Program by enrolling in Education 2003, Foundations of Education. To enroll, one must have a grade point average of 2.000 or above, including Freshman Composition with a grade of C or above. The purposes of Education 2003 are four-fold: (1) to acquaint the student with the historical development of our schools and the modern concepts of education; (2) to acquaint the student with the requirements, opportunities and responsibilities of teaching as a profession; (3) to provide for the compilation of pertinent data on each student, individual and group counseling, and the administration of tests to be used as a basis for evaluating the student's potentiality as a teacher; and (4) to give each student an opportunity to work as an observer-participant in an elementary or secondary classroom. Prerequisites for admission to the Teacher Education Program are listed under **Criteria for Admission and Retention**.

### Policies

The Director of Teacher Education begins and continues the development of the applicant's record based on data secured through Foundations of Education. This record is presented to the Teacher Education Council as the applicant's profile of potentiality as a teacher. The Council gives approval, disapproval, or postpones admission of the applicant to the Teacher Education Program. Official minutes concerning the Council's action are maintained. A student who is denied admission may apply again after completing at least one additional semester and removing the deficiencies stated by the Council.

### Criteria for Admission and Retention

1. Have a minimum 2.500 cumulative grade point average on a 4.000 scale in all work completed and a grade of C or above in Freshman Composition, Foundations of Education, and Applied Mathematics or an approved math elective.
2. Receive a satisfactory evaluation of academic and personal qualities by the academic counselor, by the Vice President for Student Services, by the instructor in Foundations of Education and by two other faculty members.
3. Receive a passing score on the Sophomore Composition Exemption Examination.
4. Receive acceptable scores on the Praxis I: Pre-Professional Skills Test (PPST).

### The Professional Semester

The professional semester includes professional education courses and student teaching. These courses along with student teaching will constitute a full course-load.

Application for approval to do student teaching during the fall semester must be filed at the previous spring semester registration. Application to do student teaching during the spring semester must be filed at the previous fall semester registration.

- A. Requirements for admission to the professional semester:
  1. Have admission to the Teacher Education Program.
  2. Have senior standing with a cumulative grade point average of 2.500 or above.
  3. Have a grade point average of 2.500 or above in the teaching field and a grade of C or above in all professional education courses.
  4. Receive a favorable evaluation as a prospective teacher by the department head of the appropriate teaching field.
  5. Have completed at least seventy-five percent of the required courses in the teaching field.
  6. Have a successful interview with the Teacher Education Council or the Department of Education.
  7. Have the approval of the Teacher Education Council.
- B. To be eligible for Student Teaching a student must have passed the appropriate Praxis II: Subject Assessments Specialty Area Test and must demonstrate competencies for Student Teaching during the professional semester as determined by the Education Faculty.
- C. Students who receive credit for Student Teaching and present an acceptable score on the Praxis II: Subject Assessments Core Battery Test of Professional Knowledge, are eligible to be recommended for a teaching license.

## Department of Education

**Assistant Professor J. Westmoreland, Chair**  
**Professors C. Chambliss, R. Ford, A. Westmoreland**  
**Associate Professors P. Arrington, F. Jolley**

The Department of Education offers programs leading to the degree of Bachelor of Science in Education. Early Childhood majors are prepared to teach preschool through grade four (P-4). Middle School teachers are prepared to teach grades four through eight (4-8). Secondary teachers are prepared in various subject matter fields.

### EARLY CHILDHOOD EDUCATION

Prerequisite: Sophomore standing or consent of instructor. **Fall.**

**3053. Argumentation.**

The study and practice of arguing about contemporary political, social, religious, and moral issues with an emphasis on identifying, evaluating, constructing, and refuting arguments. Prerequisite: Sophomore standing or consent of instructor. **Spring.**

**3093. Directing Speech Communication Activities in the Secondary School.**

A study of the role of the high school speech teacher with special emphasis on activities such as discussion, debate, oratory and oral interpretation. **On Demand.**

**4023. Communication Criticism.**

A critical analysis of the roots, nature, and effects of messages in a variety of communication settings including speeches, movies, television, music, advertisements, etc. Prerequisite: Junior standing or consent of instructor. **Spring.**

**4053. Organizational Communication.**

A study of how communication functions in organizations of all kinds to allow members to successfully balance the demands of being goal-driven and people-driven. Prerequisite: Junior standing. **On Demand.**

**4063. Contemporary Communication Theories.**

A study of current theories in the field of speech communication. The study will cover specific topics (e.g., systems theory, theories of discourse) and contextual themes (e.g., relationships, groups, organizations). Prerequisite: Junior standing or consent of instructor. **Fall.**

**4123. History of Preaching.**

A study of preachers and their preaching from Christ to the present with an emphasis on the influence of the Hebrew prophets and Classical rhetoric. Prerequisite: Junior standing or consent of instructor. **Fall of even-numbered years.**

**4801-4893 Special Studies in Speech Communication.**

Courses arranged to meet the needs of speech communication majors and minors. Independent study possible in most of the areas listed above. Prerequisite: Consent of instructor. **On Demand.**

## Communication Disorders

**Requirements for a major in Communication Disorders:** CMDS 1013, 2023, 3003, 3013 or 3113, 3023, 3063, 4003, 4013, 4033, 4040.5, 4053, 4063, minimum of 2.5 hours of 4040.5-3; ENGL 3073 or BIOL 3064; SPCM 1003; eighteen hours in one related field. The requirement for a minor is waived.

**Requirements for a minor in Communication Disorders:** CMDS 1013, 2023, 3003, 3023, 3063, 4053.

**1013. Phonetics.**

A study of the International Phonetic Alphabet and standard regional dialects. An analysis of speech sounds with an emphasis on phonetic transcription, pronunciation, and effective communication. **Spring.**

**2012. Sign Language I.**

Introductory course in manual communication. **On Demand.**

**2022. Sign Language II.**

Intermediate course in manual communication. Prerequisite: CMDS 2012 or consent of instructor. **On Demand.**

**2023. Introduction to Communication Disorders.**

The study of the development of speech in the child, etiology and principles of therapy of speech disorders, including the areas of articulation, language, voice and fluency. **Fall.**

**3003. Clinical Management.**

Clinical procedures for working in various practicum settings, using diagnostic and therapeutic techniques, writing behavioral objectives, observations and procedures for report writing. Prerequisite: CMDS 2023 or consent of instructor. **Fall.**

**3013. Voice Disorders.**

Study of normal voice function and voice pathologies including evaluation techniques and specific remediation procedures for patients with voice disorders. Prerequisite: CMDS 2023. [WAC]. **Fall of odd-numbered years.**

**3023. Vocal Anatomy.**

A study of the structure and function of the speaking mechanism. **Fall of even-numbered years.**

**3053. Language Development/ESL.**

A study of the sequential stages of normal language acquisition as well as the consideration of normal first language development as it pertains to teaching a second language. **Fall of even-numbered years.**

**3063. Language Development.**

An introduction to linguistics as well as a study of developmental psycholinguistics as related to the acquisition of language and speech as well as normal phonological development. Prerequisite: CMDS 2023. **Fall of odd-numbered years.**

**3073. Linguistics.**

See ENGL 3073. **Spring of odd-numbered years.**

**3113. Fluency Disorders.**

Study of the nature and theories of stuttering, diagnosis, and treatment procedures. Prerequisite: CMDS 2023. [WAC]. **Spring of even-numbered years.**

**3801-3893. Special Studies in Speech Pathology.**

This course is offered to provide competent students an opportunity to do directed study or research. Prerequisite: Junior or Senior standing and consent of instructor. **On Demand.**

**4003. Introduction to Audiology.**

An introduction to the problems of the deaf and hearing impaired, the classification of hearing disorders and development of audiometry through pure tone techniques are considered. **Spring of odd-numbered years.**

**4013. Diagnostic Methods.**

Procedural guide for evaluation of speech and language disorders in children and adults, and effective usage of available testing materials. **Spring of odd-numbered years.**

**4033. Fundamentals of Speech and Hearing Science.**

Basic principles of acoustics related to speech and hearing are studied. Areas covered include basic sound, mathematical computation of sound intensity and pressure, and physiological aspects of acoustics. **Fall of even-numbered years.**

**4040.5 Clinical Observation.**

Supervised observation of evaluation and therapeutic management of a variety of communication disorders. Prerequisite: concurrent enrollment in, or completion of CMDS 2023, 3003, or consent of instructor. **Fall, Spring.**

**4053. Language Disorders.**

A study of the etiology, pathology and remediation of language disorders and articulation disorders in children and adults. Prerequisite: CMDS 2023. **Spring of even-numbered years.**

**4063. Articulation and Phonological Disorders.**

Identification, classification, analysis, and remediation of phonological and articulation disorders in children. Prerequisite: CMDS 2023. **Spring of even-numbered years.**

**4140.5-3 Clinical Practicum.**

Supervised participation in evaluation and therapeutic management of a variety of communication disorders. (May be repeated for credit.) Prerequisite: CMDS 4040.5 and an overall grade point average of 2.500 or consent of instructor. **Fall, Spring.**

## DIVISION OF NATURAL SCIENCE

### Professor J. Jeffers<sup>1</sup>, Chair

The Division consists of the Departments of Biology, Chemistry, Mathematics and Computer Science, and Physics. The Division of Natural Science seeks to provide the highest quality educational experience for all students. The Division promotes student learning in an atmosphere that nurtures critical and creative thinking, an appreciation of the beauty and complexity of natural systems, the development of ethical codes in striving for moral excellence, the ability to communicate effectively in speaking and writing, and an understanding of the importance of service and leadership. Within the liberal arts tradition, the Division emphasizes the methods of science as it prepares all students for informed citizenship and as it prepares natural science students for positions of leadership in the professions. The Division places emphasis on the preparation of students for graduate and professional schools.

#### **2xx3. Earth Science.**

An introduction to the physical universe with emphasis on the processes, forces, and interrelations of the earth. The course includes selected topics, from geology, oceanography, meteorology, and astronomy. **Spring.**

#### **2801. Special Topics in Natural Science.**

A variable topics seminar course at the sophomore level in the environmental and natural sciences. **On Demand.**

#### **3xx1. Readings in Natural Science.**

A self-paced reading course for Natural Science students to acquaint them with general readings in the natural sciences. Meant as a companion to CORE 2001 and CORE 3001. Prerequisite: Sophomore standing. Must be completed before taking CORE 4001. Course is offered on a Satisfactory-Unsatisfactory basis. **Fall, Spring.**

#### **3003. Natural Science for Elementary Teachers.**

A course for elementary teachers including materials, methods and teaching units in natural science. Prerequisites: GNED 1054, 1064. **Spring.**

#### **3013. Methods in Natural Science for Middle and Secondary Schools.**

A methods course adapted to the teaching of science at the middle and secondary school level. It will involve practices, problems and trends in the sciences at this level. Emphasis will be placed upon correlating the lecture topics with computer applications and laboratory techniques. **On Demand.**

#### **3951-6. Workshop.**

Provides upper division students an opportunity to approach current topics and problems in a cooperative and concentrated manner. **On Demand.**

#### **3961. Laboratory Practicum.**

This course is designed specifically for students seeking teacher certification in one of the natural science fields. It is designed to enable them to plan, create and execute a laboratory in secondary school science courses. **On Demand.**

#### **4002. Medical Terminology.**

A programmed course designed to meet objectives related to career goals in biological and health-related fields such as medical secretary, social worker or records clerk. **Fall.**

#### **4801. Special Topics in Natural Science.**

A variable topics seminar course at the senior level in the environmental and natural sciences. **On Demand.**

**Suggested Sequences for Pre-Professional Training  
in Medicine, Dentistry, Pharmacy, Optometry\*, and  
Veterinary Medicine**

Students intending to pursue any of the above courses of study should have at least four units of English, one unit of algebra, one unit of plane geometry, two units of science, and two units of history from high school. The first-year curriculum is the same for all of the above courses of study. The first year student should register as follows:

<sup>1</sup> Students with weak backgrounds in high school mathematics and chemistry should take Chemistry 1024 before taking Chemistry 1004.

<sup>2</sup> Pre-pharmacy students may substitute algebra and trigonometry for Mathematics 1034.

<sup>3</sup> Pre-pharmacy students should substitute three hours of liberal arts for physical education if they plan to enter pharmacy school after two years at Ouachita.

<sup>4</sup> These courses will be required for admission to the University of Arkansas for Medical Sciences plus an additional English course. Options for the English may be obtained from the student's academic adviser.

\* Optometry students should consult the appropriate optometry school's catalog for subsequent semesters.

The School of Pharmacy requires a typing skill of at least thirty words per minute. A course in typing cannot be counted as an elective.

All students should consult their advisors in planning their programs as there are sometimes reasons for departing from the above program. Those students who plan to obtain a degree before entering one of the professional schools will need to modify the above program. Applicants to pharmacy school must take the Pharmacy College Admission Test, preferably in November or February of the academic year of application.

**Cooperative Degree Programs in Health Professions**

A candidate for the Bachelor of Science degree at Ouachita who later attends a school of medicine, dentistry, or pharmacy may count up to thirty-two semester hours of courses with C or higher grades taken at such a school in the minor or as electives. These courses will be regarded as Junior-Senior level. The student must complete a major in one of the natural sciences and must meet the conditions listed under CORE Requirements on page 63 of this catalog, except that the last hours may be taken at the professional school. At least sixty-six semester hours, including at least twenty at the Junior-Senior level, must be completed at Ouachita.

**Medical Technology**

The student who plans to complete the professional course at the University of Arkansas for Medical Sciences and get a Medical Technology degree from Ouachita should spend five semesters and one summer term at Ouachita and complete the 94 hours specified below. The professional curriculum at UAMS is comprised of four semesters in a 17-month period with a January beginning date. Students planning to do the professional curriculum at the Baptist Medical Center, a program of 12 months duration with a July beginning date, should complete the entire curriculum listed below with any modifications indicated in the footnotes, although it can be done over a six-semester period if desired.

A student planning to do the professional courses other than in Little Rock may have to modify the program outlined below.

## Pre-Dental Hygiene Curriculum

The courses listed are for the program in dental hygiene of the College of Health-Related Professions, University of Arkansas. The minimum courses required for admission are those listed for the first year; the remaining courses are required for a B.S. degree from the University of Arkansas.

### FIRST YEAR

### SECOND YEAR

HIST 2003 (or HIST 2013); PSYC 1013; three hours of philosophy, political science, literature or humanities; three hours of art, music, or theatre art; additional hours to total 55 including at least 11 hours at the Junior-Senior level.

For personal reasons a student may want to vary the above program slightly and should therefore consult with the counselor to see that the minimum requirements for admission to the Dental Hygienist Program are attained. A student who wishes to return to Ouachita to obtain a Bachelor's degree may be able to transfer some of the credits in the Dental Hygienist Program toward this degree and should therefore have the transcript from the University of Arkansas examined by the Registrar at Ouachita.

## Professional Chemistry

The professional program in Chemistry includes enough work in mathematics, physics and chemistry to prepare the student adequately for graduate study and to provide the minimum requirements for a career as a professional chemist. The minimum requirements are Chemistry, forty-three hours; MATH 3034 and necessary prerequisites; PHYS 2004, 2014; and GERM 1014, 1024, 2132, 2142.

## THIRD AND FOURTH YEARS

Third Year: CHEM 3014, 3024; GERM 1014, 1024; three hours of behavioral science; CORE 1023, 2213, 2223, 2413, 2423, or 3001; four hours of Biology; and CHEM 4033, 4031. Fourth Year: GERM 2132 or CSCI 2033; two additional of CORE 3113, 3123, 3133; CORE 4001; CHEM 4004 and five additional hours in Senior-level chemistry of which at least two hours must be research under CHEM 4201-4492 Special Studies. GERM 2132 may be substituted for two hours of senior chemistry other than research if CSCI 2033 is taken and GERM 2142 may be substituted for two senior chemistry hours other than research if CSCI 2033 is not taken. CHEM 4033 and 4031 must be taken in either the third or fourth year. Substitutions for the last three hours of Chemistry may be made from either Senior Mathematics or Physics with the consent of the chairman of the Chemistry Department.

## The Arts-Engineering Programs

Cooperating with the University of Arkansas, Vanderbilt University, Louisiana Tech University, and the University of Southern California, Ouachita Baptist University offers several combination programs.

The joint program with the University of Arkansas involves a three-year program of study at Ouachita University. Following one year at the University of Arkansas College of Engineering, the Bachelor of Arts degree or the Bachelor of Science degree, if all requirements are met, will be conferred by Ouachita University. At the end of the fifth year, the student will receive from the University of Arkansas the Bachelor of Science in Engineering.

In order to receive a degree under this program, a student must complete each of the courses listed below. At least sixty-six semester hours, including at least twenty at the Junior-Senior level, must be completed at Ouachita. In those cases in which the B.A. degree is conferred before the engineering degree, the student must have completed a total of 128 semester hours with a grade point average of 2.000 in all courses in which grade points are given.

Arrangements for students who will go to other engineering schools are possible. Such students should confer with a pre-engineering advisor.

**Third year:** MATH 3043; CORE 1123, 2323, 2423 and two courses from 3113, 3123 and 3133; two hours of Physical Education activities; PHYS 1112, 2123, 2133, 3003, 3011, 3123; SPCM 1003. Students who are interested in engineering should consult the curriculum of the Department of Physics on page 127 for the Engineering Physics Option.

## Pre-Engineering Programs

Students wishing to undertake a program of pre-engineering other than the Arts-Engineering programs should complete as many of the following courses as possible before transferring:

MATH 1034, 2014, 2024, 3034, 3043  
 PHYS 1112, 2004, 2014, 2123, 2133, 3003, 3011, 3123  
 CHEM 1004, 1014  
 CORE 1013, 2123  
 CSCI 1043, 2033

The Mathematics courses are especially important, since MATH 3034 is prerequisite to many Junior-Level courses in engineering. All the courses listed above are part of the Engineering Physics Option on page 133. Interested students should consider this option.

## Pre-Architecture and Pre-Landscape Architecture

The University of Arkansas School of Architecture permits the first year of their Architecture and Landscape Architecture programs to be taken at Ouachita with the following suggested curricula:

### PRE-ARCHITECTURE

First Semester		Second Semester	
English Composition .....	3 *	American Letters .....	3
College Algebra .....	3 *	College Trigonometry .....	3 *
Western Civilization I.....	3	Western Civilization II .....	3
World Literature I.....	3	World Literature II .....	3

\* Courses which are prerequisite to entry into the Professional Program (sophomore level)

(\*) Though both Botany and Geology are preferred, either one of the two will qualify a candidate to apply for the professional program.

Please note that pre-Architecture students must complete three courses on the campus prior to application to admission to the Professional School; for the benefit of transfer students, these courses will be offered during the summer session prior to a fall application.

## Department of Biology

Associate Professor T. Knight, Chair  
 Professors J. Jeffers, R. Wight  
 Assistant Professors D. Brooks, J. Taylor

The Department of Biology provides undergraduate instruction in the biological sciences to students seeking admission to graduate and professional schools; to students majoring in other disciplines who desire insight into biological principles; to students seeking certification as public school teachers; and to general, liberal arts students. The department seeks to serve students within the liberal arts tradition described in the University's mission statement.

### Requirements for a major in Biology:

B.S. degree: BIOL 1014, 1024, 4001, at least twenty-one additional hours in the Department. A minor of at least twenty hours must be completed in another department within the Division of Natural Sciences.

B.A. degree: BIOL 1014, 1024, at least sixteen additional hours in the Department including a minimum of twelve Junior-Senior hours.

### Requirements for a teaching field in Biology: See page 77.

**Requirements for a minor in Biology:** BIOL 1014, 1024, at least ten additional hours in the Department including a minimum of six Junior-Senior hours. A split minor may not be taken in Biology.

#### 1014. General Biology (Zoology).

A study of the animal kingdom from the standpoint of systematics with emphasis upon the progressive advances of tissue organization, physiology and reproductive adaptation, including a consideration of ecological principles and economic importance of the major animal groups. Three hours lecture and three hours laboratory. [WAC] **Fall, Spring.**

#### 1024. General Biology (Botany).

A study of the plant kingdom from the stand point of systematics with emphasis upon the progressive advances of tissue organization, physiology and reproductive adaptation, including a consideration of ecological principles and economic importance of the major plant groups. Three hours lecture and three hours laboratory. **Fall, Spring.**

#### 2014. Human Anatomy and Physiology I.

A study of the organization of the human body, its tissues and the structure and functional relationships in the integumentary, skeletal, muscular, and nervous systems. Prerequisite: Four hours of Biology. **Fall.**

#### 2024. Human Anatomy and Physiology II.

A continuation of BIOL 2014 concentrating on the cardiovascular, endocrine, respiratory, digestive, excretory and reproductive systems. Prerequisite: Four hours of Biology. **Spring.**

#### 2034. Genetics.

This course is a study of the basic principles, theories and mechanisms of heredity. It will address the tenets of transmission genetics, population genetics, and quantitative genetics. The laboratory provides an opportunity for hands-on demonstrations of the principles of genetics mechanism, as well as molecular techniques for studying DNA. Three hours lecture and three hours laboratory. Prerequisites: MATH 1003 and four hours of Biology. **Fall of odd-numbered years.**

#### 3014. Microbiology.

A study of bacteria and other life forms from the standpoint of classification, morphology, physiology and environmental factors, and of the relation of

bacteria to water, foods, industrial processes and diseases. Three hours lecture and three hours laboratory. Prerequisites: Four hours of Biology or CORE 2323; Eight hours of Chemistry; Junior standing. **Spring.**

**3034. Ecology.**

A study of principles governing the relationships between plants, animals and their environment. Consideration is given to local aquatic and terrestrial communities. Lectures, laboratories and field trips. Prerequisites: BIOL 1014, 1024 and four hours of Chemistry. **Spring of odd-numbered years.**

**3044. Cell Biology.**

This course is designed to address some general and specific principles of cellular and molecular biology. It begins by looking at the evolution of the cell and then progresses to the chemistry, anatomy, and physiology of the organelles. Commonly used molecular techniques will be introduced in both lab and lecture, and recent research in the area of cell biology will be discussed. Prerequisites: twelve hours of biology and 8 hours of chemistry. **Fall of even-numbered years.**

**3064. Neuroscience.**

See PSYC 3064. **Fall.**

**3801-3894. Individual Study, Group Study, Research.**

This course is offered to provide competent students an opportunity to do independent study and research. Prior to registration, a student is required to obtain approval from a professor in the department who consents to serve as faculty supervisor. Prerequisite: Permission of supervising faculty member and department chairman. **On Demand.**

**4001. Experimental Research.**

A course in lab or field research in biological science. Course may be taken only once for credit. Prerequisite: 12 hours of Chemistry; BIOL 1014, 1024 and 8 additional hours in Biology. **Fall, Spring.**

**4014. Histology and Microtechniques.**

Lecture and laboratory dealing with primary tissues of vertebrate animals. A practical course for laboratory technicians, pre-medical students, and other Biology students. Prerequisite: BIOL 2014. **Spring.**

**4024. Developmental Biology.**

A comparative study of the development of the vertebrate embryo. Cell division, gametogenesis, fertilization, cleavage, gastrulation and organ formation in the frog, chick and pig are studied. Lecture and laboratory. Prerequisites: BIOL 1014, 2014. **Fall of even-numbered years.**

**4082. Biological Monitoring.**

This course is designed to introduce the student to biological methods of ecosystem evaluation. It is interdisciplinary in nature and will consist of laboratory experiments which require the use of skills previously learned. Six hours of lab per week. Prerequisites: Consent of instructor; Eight hours of Biology; Eight hours of Chemistry. **Spring of even-numbered years.**

**4801-4894. Individual Study, Group Study, Research.**

See BIOL 3801-3894 for course details and requirements. **On Demand.**

## Department of Chemistry

Professor J. Jeffers<sup>1</sup>, Chair  
 Professors W. Everett<sup>2</sup>, A. Nisbet, J. Nix<sup>3</sup>  
 Assistant Professors J. Bradshaw, M. Perry

The Department of Chemistry provides the opportunity for students to gain professional level competence in the concepts and techniques of chemistry within the framework of a strong liberal arts tradition. The Department offers personalized attention in teaching and research to allow students to adapt this mastery of undergraduate chemistry to a variety of career objectives. The study of Chemistry has value for general education; for preparation for careers as laboratory chemists, high school teachers, science writers, science-oriented businesspersons, etc.; and for preparation for graduate school, law school, medical school or other health professions schools.

### Requirements for a major in Professional Chemistry:

B.S. degree: See page 110.

### Requirements for a major in Chemistry:

B.S. degree: CHEM 1004, 1014, 2004, 3005, 3014, 3015, at least one course from 3024, 4004, 4023, 4031 and 4033, 4063. A minor must be completed within the Division of Natural Science.

B.A. degree: CHEM 1004, 1014, 2004, 3005, 3014, 3015, at least one course from 3024, 4004, 4023, 4031 and 4033, 4063.

### Requirements for a teaching field in Chemistry: See page 77.

**Requirements for a minor in Chemistry:** CHEM 1004, 1014, additional courses in the Department to total at least eighteen hours. No more than two hours credit from CHEM 2981, 3981, 4201-4491, 4202-4492, 4701-4794, 4801-4893, 4981-4983 may be counted.

### 1004. General Chemistry.

An introduction to the field of chemistry including stoichiometry, atomic structure, bonding, and gas laws. Lecture three hours, laboratory three hours per week. **Fall.**

### 1014. General Chemistry and Qualitative Analysis.

Lectures on the theories and calculations involved in elementary qualitative analysis and the general chemistry of the metallic elements. Laboratory work consists of preliminary experiments and the separation and identification of the common cations and anions. Lecture three hours, laboratory three hours per week. Prerequisite: CHEM 1004. **Spring.**

<sup>1</sup>W.D. and Alice Burch Professor of Chemistry and Pre-Medical Studies.

<sup>2</sup>Charles S. and Elma Grey Goodwin Holt Professor of Chemistry and Pre-Medical Studies.

<sup>3</sup>Distinguished University Professor.

**1024. General and Organic Chemistry.**

Introductory course primarily for students in home economics, nursing and dental hygiene. The course may not be counted toward a major or minor in Chemistry. No science background is assumed. Lecture three hours, laboratory two hours per week. **Fall.**

**1034. General and Biological Chemistry.**

Designed to follow CHEM 1024. The course may not be counted toward a major or minor in Chemistry. Lecture three hours, laboratory two hours per week. Prerequisite: CHEM 1024 or 1004. **Spring.**

**2004. Quantitative Analysis.**

Gravimetric and titrimetric analyses, separation methods, chemical equilibrium, redox theory, statistical treatment of data, and an introduction to spectrophotometry. Lecture two hours, laboratory six hours per week. Prerequisite: CHEM 1014. **Fall.**

**2012. Instrumental Methods of Chemical Analysis.**

This course is designed to give the student experience in the use of chemical instrumentation in the areas of chromatography, atomic absorption spectroscopy, uv-visible spectrophotometry, and selected electroanalytical methods. Six hours of laboratory per week. Prerequisite: CHEM 1014. **On Demand.**

**2701-4. Special Topics in Chemistry.**

A course varied to meet the needs of the department. **On Demand.**

**3005, 3015. Organic Chemistry.**

A systematic study of the typical compounds of carbon emphasizing the relationship between structure and reactivity. Lecture three hours, laboratory six hours per week. [WAC] Prerequisite: CHEM 1014.

**3014, 3024. Physical Chemistry.**

An introductory course to theoretical chemistry. Lecture three hours, laboratory three hours per week. Prerequisites: MATH 2014; PHYS 2004, 2014 or PHYS 1004, 1014. Prerequisite or corequisite: CHEM 2004.

**3043. Advanced Quantitative Analysis.**

Theory and practice of modern analytical techniques, including electrical spectrometric and chromatographic methods. Lecture two hours, laboratory three hours per week. Prerequisites: CHEM 2004, 3014; Corequisites or Prerequisites: CHEM 2012, 3024. **Spring of odd-numbered years.**

**3203. Nutritional Biochemistry.**

A study of the structure, chemistry and metabolism of amino acids, proteins, carbohydrates, lipids, nucleic acids and vitamins. This course may not be counted toward a major or minor in Chemistry. Lecture three hours per week. Prerequisite: CHEM 1034. **Fall of even-numbered years.**

**3970-4. Cooperative Education.**

See the Cooperative Education Program section for the course description.

**4004. Modern Organic Chemistry.**

A course in modern synthetic methods and modern methods of identifying organic compounds. This course emphasizes the use of the chemical literature and of modern equipment. More complicated reaction mechanisms are also treated. Lecture two hours, laboratory six hours per week. Prerequisite: CHEM 3015. **Fall of even-numbered years.**

**4023. Biochemistry.**

An introduction to biochemistry including discussions of natural products, enzymes, metabolism and other physiological processes. Pertinent physicochemical problems are included. Lecture three hours per week. Prerequisites: CHEM 3005, 3015. **Spring.**

**4031. Advanced Inorganic Laboratory.**

A wide range of experimental techniques currently used in preparative inorganic chemistry research will be introduced in the laboratory. Techniques include inert atmosphere, ion-exchange, electrolytic, non-aqueous solvent, and bioinorganic preparations. Emphasis will be given to both the preparation and characterization of compounds prepared in the laboratory. Three hours of laboratory per week. Prerequisite or corequisite: CHEM 4033. **Spring of odd-numbered years.**

**4033. Advanced Inorganic Chemistry.**

Atomic structure and its relationship to the properties of elements and their compounds, types of bonding, and periodic arrangements. Lecture three hours per week. Prerequisite or corequisite: CHEM 3024. Concurrent enrollment in CHEM 4031 is required. **Spring of odd-numbered years.**

**4063. Radiochemistry.**

A study of the properties of radioactive atoms and nuclear radiations, and the use and safe handling of radioisotope materials. Lecture one hour, laboratory six hours per week. Prerequisites: CHEM 2004; PHYS 1014 or 2014. **Spring of odd-numbered years.**

**4201-4491, 4202-4492. Special Laboratory Topics.**

Laboratory courses suited to the needs of the student. **On Demand.**

**4701-4794. Special Topics in Chemistry.**

A course varied to suit the interests of students. The course may be repeated one time for credit. **On Demand.**

**4801-4893. Special Studies in Chemistry.**

Treats special problems or techniques in chemistry and varied to suit the needs of chemistry students. **On Demand.**

## Department of Mathematics and Computer Science

Associate Professor S. Hennagin, Chair  
Associate Professor C. Cagle  
Assistant Professors J. Diamantopoulos,  
A. Selph, T. Sergeant  
Instructors D. Buscher, A. Tollett

The Department of Mathematics and Computer Science has missions to several different populations, including non-science students in the School of Arts and Sciences, in the Hickingbotham School of Business, and in the Jones School of Fine Arts. Further, the Department has missions to serve the science students in the School of Arts and Sciences. The Department strives to serve these populations and their needs in the unique atmosphere of Ouachita Baptist University in a caring and responsible manner.

The mathematics curriculum is designed to meet the needs of students in all disciplines. The non-science student has choices of liberal arts mathematics courses, business mathematics, or college algebra, depending upon the major. Science students may take a variety of mathematics courses and, if desired, may obtain a major or minor in mathematics. One choosing a major in mathematics will receive adequate preparation for a career in the mathematics field, including preparation for graduate school, industrial employment, and teaching in secondary schools.

The Computer Science Program is designed to meet the objectives of service to the community, qualification for professional and industrial careers, and preparation for graduate study. Introductory courses are offered in several programming languages for general computer users. Two different majors and minors are available, namely a curriculum designed to emphasize the study of computer science as a discipline and another to emphasize the applications of computers in specific disciplines. All courses are taught with programming being an integral component.

Credit may not be earned in a departmental course which is a prerequisite for any course already completed. The Interdisciplinary Studies Mathematics requirement must be completed prior to Junior standing or during the first semester for transfer students.

All mathematics courses with the MATH prefix will require the student to have access to a graphing calculator. The TI-85 is the calculator of choice.

### **Requirements for a major in Mathematics:**

B.S. degree: MATH 2014, 2024, 2043, 3034, 3093, 4062; three courses chosen from MATH 3053, 4053, 4023, 4033; one additional course from MATH 3003, 3043, 3063, 3073, 4033 or 4053, 4073; CSCI 1043; PHIL 2043. A minor must be completed within the Division of Natural Science.

B.A. degree: MATH 2014, 2024, 2043, 3034, 3053, 3093, 4023, 4062, six additional Junior-Senior hours in Mathematics; CSCI 1043; PHIL 2043.

**Requirements for a teaching field in Mathematics:** See page 78.

**Requirements for a minor in Mathematics:** MATH 2014, 2024, at least ten additional hours in Mathematics including a minimum of six Junior-Senior hours.

- 1003. College Algebra.**  
Review of fundamentals, study of quadratic equations, solution of systems of linear equations, and other topics. **Fall, Spring.**
- 1013. Trigonometry.**  
Solution of triangles, identities, and equations. Study of graphs. Prerequisite: Plane Geometry. **Spring.**
- 1034. Pre-calculus Mathematics.**  
A course covering selected topics from College Algebra and Trigonometry intended for students who will take Calculus. Topics include functions, polynomials, rational functions, exponential and logarithmic functions, circular functions, systems of linear equations and coordinate geometry. Credit for graduation will not be given for this course and MATH 1003 or 1013. **Fall.**
- 1053. Business Mathematics.**  
A review of algebra concepts, linear equations and models, quadratic function, mathematics of finance, introduction to probability, and introduction to statistics. Business applications of these topics will be emphasized. Credit for graduation may not be earned for both MATH 1053 and CORE 1033. **Fall, Spring.**
- 1063. Business Calculus.**  
Intuitive coverage of calculus emphasizing applications in business. Derivatives, curve sketching, optimization, integrals, techniques and application of integrals. Credit for graduation may not be earned in both MATH 1063 and MATH 2014. Prerequisite: MATH 1053 or consent of instructor. **Fall, Spring.**
- 2014. Calculus I.**  
Introductory study of calculus and analytic geometry, including differentiation, application of derivatives, integration, and application of integrals. Prerequisite: MATH 1034 or 1003 and 1013 or consent of instructor. **Fall, Spring.**
- 2024. Calculus II.**  
Continuation of MATH 2014. Further study of transcendental functions, techniques of integration, sequences and series. Prerequisite: MATH 2014. **Fall, Spring.**
- 2033. Mathematics for Elementary Teachers I.**  
An introduction to the mathematical concepts underlying the traditional computational techniques for elementary school mathematics. The course may not be counted on a major or minor in Mathematics or for certification in secondary mathematics. Open only to Education majors. **Fall, Spring.**
- 2043. Discrete Mathematics.**  
A study of the basic principles underlying various areas of Mathematics: set theory, number theory, complex numbers, matrix operations, probability and graph theory. Prerequisite: MATH 2014. **Spring.**

**3003. Foundations of Geometry.**

A study of the axiomatic bases of geometries, their relation to "real" space; basic concepts of point, line, plane and space; projective and non-Euclidean geometries. Prerequisite: MATH 2014. **Spring.**

**3013. Mathematics for Elementary Teachers II.**

A continuation of the study of the number system: rational and real. Basic ideas of geometry including plane regions and space figures, measurement, relations, functions and graphs, linear equations, probability and logic will be studied. Prerequisite: MATH 2033 or consent of instructor. The course may not be counted on a major or minor in Mathematics or for certification in secondary mathematics. It is open only to Elementary Education students. **Fall, Spring.**

**3034. Calculus III.**

Continuation of MATH 2024. A study of polar coordinates, vectors, vector-valued functions, function of multiple variables, including partial differentiation and multiple integrals. Prerequisite: MATH 2024. **Fall.**

**3043. Differential Equations.**

Ordinary differential equations such as occur in geometry, physics, and chemistry. Course covers classical solution techniques including power series solutions and also treats the Fourier Transform Method. Prerequisite: MATH 2024. **Spring of odd-numbered years.**

**3053. Abstract Algebra I.**

A study of groups: symmetric groups, groups of integers, subgroups, group homomorphisms and isomorphisms, and other group theory topics. Prerequisites: MATH 2024, 2043; PHIL 2043. **Fall of odd-numbered years.**

**3063. Probability and Statistics.**

Counting techniques, probability, odds, mathematical expectation, distributions, moments, sampling, mathematical models and testing hypotheses. Prerequisites: Math 2014, 2043. **Spring of even-numbered years.**

**3073. Numerical Methods.**

See CSCI 3073. **On Demand.**

**3083. History of Mathematics.**

A survey of the development of mathematical theories and techniques from the early Egyptians through the eighteenth century. Emphasis is placed upon appreciation, but assignments include representative exercises. **Spring of even-numbered years.**

**3093. Linear Algebra.**

A study of vectors, vector spaces, matrices and determinants. Prerequisites: MATH 2043, 3043; PHIL 2043. **Fall of even-numbered years.**

**3970-4. Cooperative Education.**

See the Cooperative Education Program section for the course description.

**4013. Methods in Secondary Mathematics.**

A modular course for secondary mathematics education students including theories, purposes, activities, curricula and new developments in teaching. Prerequisite: Math 3003 or consent of instructor. **Fall of odd-numbered years.**

**4023. Advanced Calculus I.**

A more theoretical treatment than is provided by the basic calculus courses. Topics include: limits, continuity, derivatives and the Riemann integral; primarily in one dimension. Prerequisites: MATH 2043, 3034, 3093; PHIL 2043. **Spring of odd-numbered years.**

**4033. Advanced Calculus II.**

Continuation of MATH 4023. Topics include: series, functions of several variables and integrals other than Riemann-type. Prerequisite: MATH 4023. **On Demand.**

**4053. Abstract Algebra II.**

Continuation of MATH 3053. Study of rings, fields, polynomial rings, extension fields, Galois Theory, and other topics. Prerequisites: MATH 2024, 3053; PHIL 2043. **Spring of even-numbered years.**

**4062. Senior Seminar.**

A course designed to give experience in reading technical literature and to give extensive writing experience. Prerequisite: Senior status or consent of instructor. [WAC] **Fall.**

**4073. Introduction to Topology.**

A basic course in point-set topology. Topics include abstract topological spaces, topology of lines and planes, connectedness, compact spaces and continuous mappings. Prerequisites: MATH 3053 or 4023; PHIL 2043. **On Demand.**

**4801-4893. Special Studies in Mathematics.**

For students who wish to do independent work on advanced problems.

## Computer Science

CSCI Core: 1043, 1063, 2063, 3033.

### Requirements for a major in Computer Science:

B.S. degree: CSCI Core, CSCI 2093, 3043, 4043, 4023 or 4033, 4053, 4062; PHIL 2043; MATH 2014, 2024; one course from MATH 3034, 3053, 3063, 3093. A minor must be completed within the Division of Natural Science.

B.A. degree: CSCI Core, CSCI 2093, 3043 or 4043, 4033, 4062, six additional hours in Computer Science including at least three Junior-Senior hours; PHIL 2043; MATH 2014.

For a B.A. with Business applications it is recommended that the student take CSCI 2003, 3003 and select a minor within the School of Business.

### Requirements for a minor in Computer Science:

CSCI Core plus six additional hours in Computer Science including at least three Junior-Senior hours.

#### 1003. Computer Literacy.

A course for non-majors designed to introduce the student to computer history, terminology, and mainstream technology. The course provides hands-on experience in using word processors, spreadsheets, presentation software, e-mail systems, and web browsers. This course may not be counted toward a major or minor in computer science; nor may it be taken after completion of ADMS 2023 or any CSCI course. **Fall, Spring.**

#### 1043. Computer Programming I.

Introduction to computer science and to computer programming with emphasis on top-down design, stepwise refinement, and structured programming techniques. Topics include control structures, subprograms, character-based I/O, sequential file processing, arrays, and elementary sorting and searching techniques. Prerequisite: MATH 1003 or equivalent or consent of instructor. **Fall.**

#### 1063. Computer Programming II.

Continuation of CSCI 1043 in developing a disciplined approach to the design, coding, and testing of computer programs. Includes coverage of linked lists, stacks, queues, recursion, sorting and searching techniques, and binary files. Prerequisite: CSCI 1043 or consent of instructor. **Spring.**

#### 2003. COBOL.

An introduction to solving business problems using COBOL, emphasizing structured program design, data organization, control break logic, and elementary file storage and manipulation. Prerequisite: MATH 1003 or equivalent. **Fall of even-numbered years.**

#### 2013. RPG.

An introduction to solving business problems using RPG, emphasizing disk file processing related to generating reports. Prerequisite: MATH 1003 or equivalent. **On Demand.**

#### 2033. FORTRAN.

Elements of the FORTRAN language will be utilized in solving primarily scientific-oriented problems. Simulation and sorting applications will be included. Prerequisite: At least concurrent enrollment in MATH 2014. **Spring of even-numbered years.**

#### 2053. C.

Features of the C programming language will be used to implement stacks, queues, linked lists, sorting and searching algorithms, and recursive subprograms. Prerequisite: CSCI 1063. **Spring of odd-numbered years.**

**2063. Discrete Structures.**

Finite and discrete algebraic structures, including finite sets, relations, counting techniques, recurrence relations, algorithmic complexity analysis, Boolean algebra, and elementary graph theory. Emphasis is upon application of these areas to computer science. Prerequisites: CSCI 1063; PHIL 2043. **Fall.**

**2093. Assembly Language Programming.**

An introduction to assembly language programming that includes binary and hexadecimal number systems, computer structure, internal representation of data, addressing, subroutines, and interfacing with high-level languages. Prerequisite: CSCI 1063. **Fall.**

**3003. Advanced COBOL.**

Advanced programming in COBOL including built-in sort, table processing, and indexed and relative file processing. Prerequisite: CSCI 2003. **Spring of odd-numbered years.**

**3033. Data Structures.**

Study of the implementation and analysis of classical data structures including arrays, lists, trees, and hash tables. Includes advanced searching and sorting methods as well as an introduction of the application of the object-oriented programming paradigm to the implementation of data structures. Prerequisite: CSCI 2063. **Spring.**

**3043. Computer Organization and Architecture.**

Examination of architectural concepts such as elementary digital circuits, performance measures, design issues, instruction sets, memory organization, and interrupt handling. Prerequisite: CSCI 2093. **Spring of odd-numbered years.**

**3053. Computer Networks.**

Examination of modem networking terminology, concepts, and methods. Includes examination of modern protocols and network operating systems. Prerequisite: CSCI 2093 or consent of instructor. **Spring of even-numbered years.**

**3073. Numerical Methods.**

Provides a computation-oriented introduction to algorithms vital to scientific computing. Includes elementary error analysis and computational methods for roots of equations, linear systems of equations, interpolation, numerical integration, and initial value ordinary differential equations. Prerequisites: CSCI 1043; MATH 2014. **On Demand.**

**4023. Programming Languages.**

A survey of procedure-oriented languages, emphasizing the syntactic and semantic structures present in the language. Also includes an introduction to formal languages. Prerequisite: CSCI 3033. **Spring of odd-numbered years.**

**4033. Database Management Systems.**

Examines the design and implementation of database management systems. Specific assignments will be made utilizing database software packages. Prerequisite: At least twelve hours in computer science (excluding CSCI 1003). **Spring of even-numbered years.**

**4043. Algorithms.**

The design, analysis, and implementation of classical sequential algorithms, including greedy, divide-and-conquer, dynamic programming, and backtracking algorithms. Also includes an introduction to parallel

algorithms and algorithmic theory. Prerequisite: CSCI 3033. **Spring of even-numbered years.**

**4053. Operating Systems.**

Detailed investigation of modern operating systems including process concepts, issues in multiuser and concurrent systems, virtual memory systems, security issues, and an introduction to distributed operating systems. Prerequisite: CSCI 2093. **Fall of odd-numbered years.**

**4063. Computer Graphics.**

Introduction to elementary topics in interactive computer graphics. Input devices, display devices and techniques for 2-D and 3-D transformations will be explored. Projects will be used to emphasize data structures and applications to various disciplines. Prerequisites: CSCI 1063; MATH 2014. **On Demand.**

**4073. Artificial Intelligence.**

Fundamental concepts and techniques of intelligent systems including search strategies, representation methods, and interpretation of knowledge. Prerequisite: CSCI 3033. **On Demand.**

**4062. Senior Seminar.**

A course designed to help majors draw connections among the various courses they have encountered during their college years. This is accomplished through projects and through selected reading and writing assignments. Prerequisite: Senior status or consent of instructor. **[WAC] Fall.**

**4801-4893. Special Studies in Computer Science.**

Continuation of courses offered on a regular basis or areas of computer science not covered in the regular curriculum. Prerequisite: consent of instructor. **On Demand.**

## Department of Physics

Professor G. Good, Chair  
Assistant Professor B. Baker

Since physics is basic to other disciplines in the sciences and in engineering, our curriculum is designed to prepare students for a number of options after graduation. Many of our students pursue graduate work in physics directed toward employment in research in government, including laboratories, or teaching. Other students attend professional schools such as engineering, law or medicine; others work in related fields, such as Biophysics, or Geophysics. Finally, a number of our students go directly to work after receiving the bachelor's degree. These students benefit greatly from the option in Engineering Physics outlined below. This option is of value to the student who may be undecided about further work in engineering or physics or who pursues graduate work. This option is also of value to the student who is interested in the Arts-Engineering program described on page 113. Students undecided about these options will find our faculty informed and readily available to assist in making these important decisions.

### Requirements for a major in Physics:

B.S. degree (Physics Option): PHYS 2004, 2014, 3003, 3011, 3034, 4003, seventeen additional approved hours in physics (4043, 4183, and 4263 are strongly recommended); CHEM 1004, 1014; MATH 2014, 2024, 3034, 3043, three additional Junior-Senior hours in Mathematics; six hours of Computer Science, completion of a minor within the Division of Natural Science.

B.S. degree (Engineering Physics Option): PHYS 1112, 2004, 2014, 2123, 2133, 3003, 3011, 3034, 3123, 4003, nine additional hours in Physics chosen from PHYS 3013, 3043, 3051, 3203, 4023, 4041, 4043, 4183, 4263; CHEM 1004, 1014; MATH 2014, 2024, 3034, 3043, three additional Junior-Senior hours in Mathematics; six hours of Computer Science, completion of a minor within the Division of Natural Science.

B.A. degree: PHYS 2004, 2014 (or 1004, 1014), 3003, 3011, 3034, 4003, two additional courses in physics, one of which must be at the Junior-Senior level, for a minimum of twenty-four hours; MATH 2014, 2024.

**Requirements for a teaching field in Physics:** See page 78.

**Requirements for a minor in Physics:** PHYS 2004, 2014 (or 1004, 1014), 3003, 3011. Of the remaining six hours, only PHYS 1203 may be below the Junior level; PHYS 1212 may be taken with consent of Department chairman.

### 1004, 1014. Introductory Physics I, II.

Introductory non-calculus courses in the fundamental principles of physics. Lecture three hours, laboratory two hours per week. Corequisite or prerequisite: MATH 1003, 1013, or equivalent. **Fall, Spring.**

## Division of Natural Science

---

- 1112. Engineering Graphics.**  
Instruction in the proper use of drafting instruments, lettering, design, layout and projection. **Fall.**
- 1203. Astronomy.**  
The astronomical universe from the descriptive viewpoint. Some night observations will be included. **Spring.**
- 1212. Fundamentals of Acoustics.**  
The physics of acoustics. Vibrating strings, membranes and air columns as related to musical instruments will be discussed. **Spring of even-numbered years.**
- 2004, 2014. University Physics I, II.**  
Introductory courses in physics using calculus, designed for the physical science and engineering majors. Lecture three hours, laboratory three hours per week. Corequisite or prerequisite: MATH 2014, 2024. **Fall, Spring.**
- 2123. Statics.**  
A study of forces in equilibrium, especially stresses in loaded structures. Analytical methods are emphasized. Prerequisite: PHYS 2014. Prerequisite or Corequisite: MATH 2024. **Fall.**
- 2133. Dynamics.**  
A study of the kinetics and kinematics of a particle and of rigid bodies. Prerequisite: PHYS 2123. **On Demand.**
- 3003. Introduction to Modern Physics.**  
An elementary development of the principles of modern physics. [WAC] Prerequisite: PHYS 1014 or 2014. Corequisites: MATH 2024; PHYS 3011. **Fall.**
- 3011. Modern Physics Laboratory.**  
Experiments in modern physics. Corequisite: PHYS 3003. **Fall.**
- 3013. Optics.**  
Geometrical and physical optics. Prerequisite: PHYS 1014 or 2014. Corequisite: MATH 3034. **Fall of odd-numbered years.**
- 3021. Optics Laboratory.**  
Experiments in optics. Corequisite: PHYS 3013. **Fall of odd-numbered years.**
- 3034. Electricity and Magnetism.**  
A study of the principles of electricity and magnetism including fields, potential, capacitance, resistance, and inductance. Lecture three hours, laboratory three hours per week. Prerequisites: PHYS 1014 or 2014; MATH 2024. **Spring.**
- 3043. Electronics.**  
An introduction to the fundamentals of electronics. Prerequisite: PHYS 1014 or 2014. Corequisite: PHYS 3051. **Spring.**
- 3051. Electronics Laboratory.**  
Experiments in electronics. Corequisite: PHYS 3043. **Spring.**
- 3123. Electrical Circuits.**  
An introduction to the fundamental concepts of electrical circuits, including DC circuits, AC circuit analysis, network theorems, transient analysis, complex frequency and resonance phenomena and computer solutions to circuits. Prerequisite: PHYS 3034. **Fall.**

**3203. Strength of Materials.**

Stress and deformation of members in tension, compression, torsion and bending, and the design of these members, columns, statically indeterminate beams and simple connections. Prerequisite: PHYS 2123. **On Demand.**

**3970-4. Cooperative Education.**

See the Cooperative Education Program section for the course description.

**4003. Mechanics.**

A study of the fundamentals of mechanics as applied to particles, systems of particles and rigid bodies including harmonic, oscillators and central force fields. Prerequisites: PHYS 1004 or 2004; MATH 2024. **Fall.**

**4023. Thermodynamics.**

A study of the basic principles of classical thermodynamics and statistical mechanics. Prerequisites: PHYS 1014 or 2014; MATH 3034. **Fall of even-numbered years.**

**4041. Senior Laboratory.**

Experiments in thermometry, solid state, atomic and molecular physics. Open only to Senior Physics students.

**4043. Introduction to Quantum Mechanics.**

An introduction to the postulates and rules of quantum mechanics. Prerequisite: PHYS 4003; MATH 3043. **Spring of odd-numbered years.**

**4053. Mathematical Physics.**

Mathematical methods applied to physics. Prerequisites: PHYS 1014 or 2014; MATH 3034. **On Demand.**

**4061. Introduction to Physics Research.**

To introduce the student to the theory, techniques and methods of laboratory and library research. Open only to Senior Physics students. **On Demand.**

**4103. Advanced Modern Physics.**

A continuation of PHYS 3003; an intermediate course in atomic, nuclear and solid-state physics. Prerequisite: PHYS 3003. **Spring of odd-numbered years.**

**4183. Electromagnetic Fields.**

Vector analysis applied to electromagnetic fields; dielectric and magnetic materials; Maxwell's equations; radiation. Prerequisite: PHYS 3033; MATH 3043. **Spring of odd-numbered years.**

**4263. Advanced Mechanics.**

A continuation of PHYS 4003; rigid bodies, moving coordinate systems, continuous media, Lagrange's equations. Prerequisite: PHYS 4003; MATH 3043. **Spring.**

**4801-4893. Individual Study, Group Study, Research.**

This course is offered to provide competent students with an opportunity to do independent study and research or to study special topics. **On Demand.**

<sup>1</sup>May be taken at Henderson State University.

## DIVISION OF SOCIAL SCIENCE

**Professor H. Bass<sup>1</sup>, Chair**

The Division includes the Departments of History, Political Science, Psychology, and Sociology. Courses in geography are also offered in the Division.

### **Pre-Professional Curriculum**

Students planning professions in government, public administration, social work and other areas in the social sciences should plan to concentrate the major portion of their work in the Division of Social Sciences. Special attention and counseling are provided for those students whose vocational objectives require knowledge in these areas. This division maintains contact and exchanges information with graduate programs to insure the student maximum preparation opportunities.

### **Pre-Law Curriculum**

Law schools require a bachelors degree of those who apply for admission. While no particular major is specified for pre-law students, it is recommended that they select courses from history, political science, psychology, sociology, economics, accounting, business administration, philosophy, speech and English. Pre-law advisors are available.

#### **4103. Special Methods in Social Studies.**

A course designed to provide theory and methodology in social studies teaching. It emphasizes the use of the unit plan and problem approaches in teaching social studies and in providing learning. Prerequisite: SCED 2003. **Fall of odd-numbered years.**

#### **4951-6. Workshop.**

Provides upper division students an opportunity to approach current topics and problems in a cooperative concentrated manner. **On Demand.**

## Department of History

Professor T. Auffenberg<sup>1</sup>, Chair  
Professors M. Arrington, L. Cole, R. Granade  
Associate Professor T. Berry  
Assistant Professors W. Bowen, J. Caudle  
Visiting Assistant Professor P. Edwards

History studies mankind's past endeavors and achievements with particular concentration on its relevance to contemporary society. The study of history promotes an understanding of the interaction of individuals and groups and their effect on government, culture, religion, economics and society.

The history curriculum provides valuable research, writing and analytical skills that prepare one for a variety of careers in fields such as law, teaching, business, government service, communications, public history, social services, religion, and library and archival science. Many history students choose to attend graduate or professional school for further career development.

**Requirements for a major in History:** HIST 1003, 1013, 2003, 2013, 3813, 4003, additional courses in the Department to total a minimum of twenty-seven hours. Three Junior-Senior hours must be taken in both American History and in other areas of history (Neither Topical Seminar nor Research Seminar may apply to this aspect of the requirement).

**Requirements for a teaching field in Social Studies:** See page 78.

**Requirements for a minor in History:** A minimum of eighteen hours in the Department including at least six hours of American History, six hours in other areas of history, and three hours at the Senior level.

**1003. World History to 1600.**

A survey of major world civilizations from the dawn of recorded events to 1600 with emphasis on the interrelationship of ancient cultures, medieval civilization and the Renaissance and Reformation era. **Fall.**

**1013. World History Since 1600.**

Major developments in world civilizations since 1600 are surveyed with an emphasis on colonialism, the Enlightenment, modern ideologies, the great world wars and interrelated cultural movements. **Spring.**

**2003. United States History to 1877.**

Survey of the interplay of forces that have brought the evolutionary development of American economic, cultural, and political institutions from 1492 to 1877. **Fall.**

**2013. United States History Since 1877.**

Survey of the interplay of forces that have brought the evolutionary development of American economic, cultural and political institutions from 1877 to the present. **Spring.**

<sup>1</sup>R. Voyt Hill Professor of History

**3003. Ancient History.**

An introduction to the peoples, cultures, religions, and histories of the Ancient World from approximately 4000 B.C. to 280 A.D. The course will particularly emphasize the various peoples of the Ancient Near East, the Greek and Hellenistic civilizations, and the Roman Republic and Empire. **Fall of odd-numbered years.**

**3013. Renaissance and Reformation.**

A survey of the major political, social, economic, cultural and intellectual trends in Europe 1300-1600 with special emphasis upon the Protestant and Catholic reformations of the sixteenth century. **Spring of even-numbered years.**

**3023. Revolutionary Europe, 1789-1914.**

A survey of the major political, social, cultural, intellectual and economic revolutions that transformed Europe during the era of its greatest world ascendancy. **On Demand.**

**3033. England to 1603.**

A survey of the political, social, constitutional and religious development of the English people from Roman times through the Tudors, with particular emphasis upon England's unique contributions to western civilization's concepts of law and government. **Fall of even-numbered years.**

**3043. Research Seminar.**

Introduction to the methods and materials of historical research and writing. Directed research in special topics will acquaint students with the nature, use, and criticism of documents, bibliographic and manuscript preparation, oral history techniques, historical anthropology and preservation, and the utilization of computers for electronic access to national databases. [WAC] Prerequisite: Approval of the instructor. **Fall, Spring.**

**3053. History of Latin America.**

A survey of Latin America from the pre-Columbian era to the present. The focus will revolve around pre-Columbian empires, the European conquest, the centuries of Portuguese and Spanish rule, the struggle for independence and subsequent search for political and economic stability in contemporary Latin America. **Fall of even-numbered years.**

**3063. Military History.**

This course examines selected themes in military history from the dawn of organized warfare to the present day. While the subject matter may vary, the central focus will be on military leadership and war and society. **On Demand.**

**3083. Model United Nations.**

Participation in a regional simulated United Nations as the delegation from an assigned nation. Students study the issues and procedures of the United Nations as well as their nation's history and government. Approval of the instructor is required. Can also be taken for credit in Political Science. **Fall, Spring.**

**3113. Archival Administration.**

A course combining philosophical and practical aspects of archival work. Designed for students with an interest in extra-classroom experiences in history and in the area of public history. **On Demand.**

**3123. History of Christianity.**

See RELG 3123. **Spring of odd-numbered years.**

**4023. History of Russia and the Soviet Union.**

A survey of the history of Russia from its earliest beginnings through the 1917 Revolution to the present Soviet era. Cultural, political, economic, social and religious themes are examined. **Fall of odd-numbered years.**

**4033. Modern Britain Since 1660.**

A survey of the political, social and constitutional development of the British Isles from the age of the Puritan Revolution to the modern era, with emphasis placed on the struggle between Crown and Parliament, the impact of industrialization and the characteristics of the British Empire. **Spring of odd-numbered years.**

**4043. Twentieth Century Europe.**

Causes and results of World War I, the search for a permanent peace, the rise of totalitarianism, World War II, the Cold War and the search for security in an irrational world. **On Demand.**

**4053. American Diplomacy.**

A study of foreign policy in the United States in fact and theory, analyzing America's involvement in World Affairs from 1776 to the present. Current diplomatic policy of the United States is examined in relation to the past. **On Demand.**

**4063. American Colonial History.**

The political, economic and social history of Anglo-America society from the founding of Jamestown to the end of the American Revolution. **Spring of odd-numbered years.**

**4073. The American West.**

A survey of the history of the American West with emphasis on exploration and settlement, American Indians and the impact of the frontier on American culture. **On Demand.**

**4083. History of Modern Germany, 1815 to Present.**

A study of German social, political, and economic developments from the Congress of Vienna to the reunification following the collapse of Communism. Specific emphasis will be given to the quest for unification, the rise of Prussia, the Wilhelmine Empire, Germany in the World Wars, and divided Germany during the Cold War until the reunification of 1989-1990. **Spring of even-numbered years.**

**4123. Modern America.**

A study of American Society during World War I, the age of "normalcy," the Great Depression, World War II, the Cold War and the "coming apart" of the 1960's. The course traces developments in all areas of American life. **Spring of even-numbered years.**

**4133. The Antebellum South.**

A survey of the history of the American South from colonial times to the Civil War, emphasizing those political and social traits that made the region a cultural province conscious of its identity. **Fall of even-numbered years.**

**4143. Civil War and Reconstruction.**

Social, political, economic and intellectual backgrounds of the War; the military operations; analysis of Reconstruction; rise of big business, its influence on the growth and politics of the nation. **On Demand.**

**4153. The New South.**

A survey of the history of the American South from the Civil War era to the present, emphasizing the impact of the Civil War and Reconstruction, the "farmers' revolt," the struggle for civil rights, and the "new South" that emerged in the twentieth century. **On Demand.**

**4163. Arkansas History.**

The political, economic, social and cultural development of Arkansas from the coming of the Indian to the present, with special emphasis on Arkansas as a national and regional component. **Fall.**

**4173, 4183. Folkways of the Arkansas Red River Region: I, II.**

This course deals with the cultural history of the Upland South in general and with the Red River Region of Arkansas, Texas, Oklahoma and Louisiana in particular. Emphasis is given in the course to the literature, history, music and architecture of the region. The class is taught at Old Washington State Park in Washington, Arkansas. Double-listed in English. **Summer.**

**4813-4893. Topical Seminar.**

Special topics which will vary from semester to semester. Topics include: Vietnam, Nazi Germany, Revolution in the Modern World, Anthropology, Women in Modern America, The New Deal, and World Wars. Because a different topic will be offered each semester, the course may be repeated once for credit. Students will read a wide variety of primary and secondary sources. Prerequisite: Approval of the instructor. **Fall, Spring.**

**4801-4893. Special Studies in History.**

Independent studies in advanced topics of History. **On Demand.**

## Geography

**1003. Introduction to Human Geography.**

A study of the earth's surface and the relationship of its features to man's political and cultural development. **Fall.**

**2003. Natural Resources: Environment and Survival.**

A study of the principles and methods of conserving natural resources, with special consideration of such problems in the state of Arkansas. **Spring.**

## Department of Political Science

Professor H. Bass<sup>1</sup>, Chair  
Professors D. Grant, D. Reed,  
A. Westmoreland  
Assistant Professor K. Brennan

Political Science is the systematic study of government and politics, of institutions and behavior concerned with the struggle for power to make and influence authoritative decisions, and with the process of authoritative control in society.

The study of Political Science has value for civic education; for responsible preparation for jobs and careers as "representatives" of the political system, including law, law enforcement, public administration, civil service and education, as well as elective and appointive public office; and for a foundation for graduate training in the discipline.

**Requirements for a major in Political Science:** PSCI 2023, 2043, 3063, 4023, additional courses in the Department to total at least twenty-seven hours. Students planning graduate study are strongly encouraged to obtain additional training in foreign languages, research methods and statistics.

**Requirements for a teaching field in Social Studies:** See page 78.

**Requirements for a minor in Political Science:** PSCI 2023, 2043, 3063 or 4023, additional courses in the Department to total at least eighteen hours.

**1013. Introduction to Politics.**

An introduction to the study of politics and the discipline of Political Science, focusing on individual, collective and institutional political behavior. **Fall, Spring.**

**2003. State and Local Government and Politics.**

An introduction to formal and informal political institutions at both the state and local level, including a student simulation of political choices and behavior. **On Demand.**

**2013. American National Government.**

A survey of the guiding principles, dynamic processes and enduring institutions of American national government and politics. **Fall, Spring.**

**2023. Philosophy and Methods of Political Science.**

A consideration of the philosophy and research methods of Political Science for students who have had no previous training in statistics and only a normal high school mathematical background. **Fall.**

**2033. Arkansas Government and Politics.**

An institutional and behavioral analysis of Arkansas government and politics. **Spring of odd-numbered years.**

**2043. World Politics.**

An introduction to the study of how countries as well as other international actors interact with each other. **Fall.**

<sup>1</sup>Herbert and LaDelle Moody Professor of Pre-Law Studies

**3033. Constitutional Law.**

A case method analysis of landmark Supreme Court decisions addressing institutional conflict, basic criminal rights and procedures, first amendment freedoms, the fourteenth amendment and federalism. **Spring of odd-numbered years.**

**3043. The Judicial Process.**

A consideration of various theories explaining judicial decision-making, the political impact of these decisions, court structures and procedures, and the politics of judicial selection. **Spring of even-numbered years.**

**3063. Western Political Thought.**

An intensive analysis of the principal political theorists in the classical and modern traditions. Primary emphasis on their texts is complemented by consideration of the historical context within which they wrote. [WAC] **Fall.**

**3072. Washington Seminar.**

An on-site, in-depth topical study of American national political institutions and processes. A Satisfactory-Unsatisfactory graded course. **On Demand.**

**3083. Model United Nations.**

Participation in a regional simulated United Nations as the delegation from an assigned nation. Students study the issues and procedures of the United Nations as well as their nation's history and government. Approval of the instructor is required. Can also be taken for credit in History. **Fall, Spring.**

**3970-4. Cooperative Education.**

See the Cooperative Education Program section for the course description.

**4003. Parties, Campaigns and Elections.**

An examination of the place of political parties in the study of politics, with a heavy emphasis on American parties, their role in electoral politics, the conduct of election campaigns and the meaning of elections. **Spring of even-numbered years.**

**4013. American Political Thought.**

A critical consideration of the origins, development and content of American political thought, emphasizing the expressions of major political actors and the interpretations given to fundamental political concepts. **Spring of odd-numbered years.**

**4023. Comparative Politics.**

Concepts, approaches and methodologies for theory-building in comparing political systems. **Spring.**

**4033. Public Policy.**

An analysis of the formulation, making and content of American domestic public policies, acquainting students with salient issues on the policy agenda. **Spring of odd-numbered years.**

**4043. Public Administration.**

An in-depth seminar in the theory and behavior of large social organizations, specifically bureaucracies, focusing on the national government's administration of public policy. **Spring of even-numbered years.**

**4053. American Diplomacy.**

See HIST 4053. **On Demand.**

**4073. The American Congress.**

A consideration of the evolution, organizational structures, functions and processes of the contemporary American Congress and its place in the American political system. **Fall of odd-numbered years.**

**4083. The American Presidency.**

An inquiry into the evolution, organizational structure and operation of the contemporary American presidency, focusing on the relationship between the president and the political environment. **Fall of even-numbered years.**

**4801-4893. Special Studies in Political Science.**

Directed research in Political Science. Admission by consent of the instructor. **On Demand.**

## Department of Psychology

Professor R. Smith, Chair  
Professor R. Wight  
Assistant Professor K. Ross

Courses in psychology are designed to prepare students for graduate study as well as to give a strong supporting area for those majoring in religion, sociology, teacher education, philosophy, pre-med and other social service areas.

**ALL MAJORS:** PSYC 1013, 2033, 2053; two courses from Group A and two courses from Group B; additional requirements as listed below.

**B.S. degree:** PSYC 2063, 3052, 4003, 4061; either a minor from the Division of Natural Science or a minor plus twenty hours from the Division of Natural Science including at least six Junior-Senior hours. This degree is designed for students who plan graduate study in Psychology and desire a strong scientific background.

**B.A. degree:** PSYC 2063, 3052, 4003.

**Requirements for a minor in Psychology:** PSYC 1013, 2033; two courses from Group A and two courses from Group B (PSYC 2053 and 2063 may be substituted for one course in Group B).

**GROUP A:** PSYC 3013, 3073, 3093, 3103, 3113, 4013

**GROUP B:** PSYC 3023, 3064, 4033, 4043

Students majoring in Psychology must achieve a grade of C or higher in PSYC 2053 and no more than one D in the Group A and Group B courses.

**1003. Psychology of Adjustment.**

A study of the applications of psychological principles to the promotion of a healthy personality. May not be counted toward a major in psychology. **On Demand.**

**1013. General Psychology.**

An introductory course dealing with elementary principles, terminology and various aspects of different branches of the subject. Corequisite for Psychology majors: PSYC 1021. **Fall, Spring.**

**2033. Human Development.**

A study of human mental, physical, emotional, and social development from conception through old age. Prerequisite: PSYC 1013. **Fall, Spring.**

**2053. Statistics.**

A course in descriptive and inferential statistical techniques with emphasis on analysis of experimental data. Both manual and computer procedures will be covered. This course is strongly advised for students considering graduate study. Prerequisite: CORE 1033. **Fall.**

- 2063. Experimental Psychology.**  
The basic principles involved and the techniques used in experimentation, research and laboratory techniques. Prerequisites: PSYC 1013, 2053. **Spring.**
- 3013. Social Psychology.**  
A study of the group's influence on the individual. Includes such topics as person perception, attribution, interpersonal attraction, attitudes, conformity, obedience, prejudice and group behavior. **Spring.**
- 3023. Learning.**  
A study of the principles and theories of learning. Prerequisite: PSYC 1013. **Fall.**
- 3052. Research Methods.**  
A study of research methods in psychology. A research project and paper must be completed and accepted by the Department. Prerequisite: PSYC 2063. **Fall.**
- 3064. Neuroscience.**  
An introduction to the biological substrate of behavior and experience, especially as expressed in neuroanatomy, neurophysiology and behavioral neuroscience. Prerequisite: CORE 2323 or BIOL 1014. **Fall.**
- 3073. Psychological Testing.**  
A survey of the major principles, concepts and instruments employed in psychological evaluation. Prerequisites: PSYC 1013, 2053. **Fall.**
- 3083. Applied Psychology.**  
A study of the application of psychology to industry, personnel, engineering, environment, the consumer, community problems, counseling, education, medicine, law and religion. Prerequisite: PSYC 1013. **On Demand.**
- 3093. Abnormal Psychology.**  
A study of mental and emotional deviations and illnesses. Consideration is given to the incidence, causes, symptoms, dynamics, prognosis and theories of treatment of various conditions. Prerequisite: PSYC 1013 or SCED 3003. **Fall.**
- 3103. Personality Theories.**  
A survey of personality theories with emphasis on modern day approaches. Prerequisite: PSYC 1013. **Spring of odd-numbered years.**
- 3113. Psychology of Women.**  
A course designed to introduce students to research and theory in psychology of women, and to increase awareness of assumptions about gender and gender roles. Prerequisite: PSYC 1013. **Spring of odd-numbered years.**
- 3970-4. Cooperative Education.**  
See the Cooperative Education Program section for the course description.
- 4002. Advanced Statistics.**  
A continuation of PSYC 2053. This course focuses on advanced inferential statistical techniques and the use of computerized statistical programs, SPSSx in particular. Prerequisites: PSYC 2053 or consent of instructor. **Spring.**

**4003. History of Psychology.**

An historical survey of the development of psychology within intellectual and sociocultural contexts. Prerequisite: Six Junior-Senior hours in Psychology. [WAC] **Fall.**

**4013. Introduction to Clinical Psychology.**

An introduction to clinical psychology as represented by selected contemporary approaches. Prerequisites: PSYC 1013; PSYC 3093, 3103 recommended. **Spring of even-numbered years.**

**4033. Cognition.**

An experimental and theoretical study of the basic mental processes involved in thought. Prerequisite: PSYC 1013. **Spring of even-numbered years.**

**4043. Perception.**

A study of the process by which humans become aware of their environment through the organization and interpretation of sensory information. Prerequisite: PSYC 1013. **Spring of odd-numbered years.**

**4061. Senior Research.**

A course designed to give the student additional experience in conducting individualized psychological experimentation. Prerequisite: PSYC 3052. **Fall, Spring.**

**4062. Seminar.**

A course designed to strengthen area weakness in the training of the student and to give extensive experience in reading in the journals. May be repeated with permission of the Department chairman. **On Demand.**

**4801-4893. Special Studies in Psychology.**

A course designed to broaden the student's psychological knowledge through directed study or research. Prerequisites: Junior or Senior standing, and instructor's permission. **On Demand.**

## Department of Sociology

Associate Professor R. Mills, Chair  
Associate Professor J. Pounders

Sociology is the scientific study of human behavior. It studies the processes and patterns of individual and group interaction, the forms of organization of social groups, the relationships among them and group influences on individual behavior. Although sociology includes the study of all forms of social interaction and interrelationships, it has focused on the understanding of group or other collective factors in human behavior.

Training in sociology and social psychology aids the student in achieving effective participation and leadership in the various social groups of the community. Sociology, as professional and pre-professional training, also provides a broad liberal background for the understanding of, and professional employment in, the field of sociology, social work, higher education, religious-related vocations as well as business, engineering, government, law, medicine, teaching and administrative leadership at all levels.

The primary purposes of the Department are: (1) to achieve an understanding of persons as social beings, (2) to train and develop competent scholars who will carry on independent research on basic social issues throughout their lives, and (3) to develop mature persons who will assume significant roles in four specific occupational callings: sociology, religious-related vocations, higher education, and social work.

**Requirements for a major in Sociology:** SOCI 1003, 1013, 2013, 2023, 2033, 3003, 3013, 3033, 4053, 4103; three hours of Political Science.

**Requirements for a teaching field in Social Studies:** See page 78.

**Requirements for a minor in Sociology:** SOCI 1003, 2013, 3013, 3043, at least six additional hours in the Department.

### 1003. Introduction to Sociology.

An introduction to the systematic study of society; an overview of sociology. An orderly approach to the analysis and explanation of human behavior as it is manifest in culture, personality and social organization. Emphasis is placed on the acquisition of basic conceptual tools and sociological principles and their application in the decision making process. **Fall, Spring.**

### 1013. Social Problems.

Sociological knowledge is applied to the current social problems including the student's practical adjustment to college life. The serious sociology student is introduced to the nature, causes and treatment of basic social problems such as drinking in college, the relationship between dating and divorce, race relations, delinquency, poverty and the complex problems involved in making an occupational or marital choice. **Spring.**

- 2013. Social Factors in the Development of Personality.**  
Theories of personality organization; social development and behavior of the person in an environment of social conflict; organizing concepts used in observing and interpreting character development and behavior; the nature of culture and how it controls and orders human behavior; the structure and function of the human nervous system in relation to behavior. **Fall.**
- 2023. Introduction to Social Services.**  
An overview of past and present services available in the American society, and the reasons for these services rather than others. Consideration will be given to the attitudes and skills needed in administering social services, if they are to have a positive effect on the lives of the recipients. **Fall.**
- 2033. Research Methods.**  
Techniques of research in sociology including research design, questionnaire construction, collection of data, processing, coding, analysis and a brief review of statistics as a tool in social research; the interview as a fundamental tool in investigation and field exploration; graphic presentation of research findings plus the organization and analysis of data. Prerequisites: SOCI 1003, 1013. **Fall.**
- 3003. Statistics for Sociological Research.**  
An introductory course in the use of univariate and multivariate techniques for analyzing social research data. The course will focus on the derivation, computation, and interpretation of these techniques. Prerequisite: SOCI 2033. **Fall.**
- 3006. Supervised Hospital Ministry.**  
A supervised practicum designed to help students in religion, psychology or sociology to increase proficiency in inter-personal skills and ministry in a hospital environment. The course is offered at Baptist Medical Center, Little Rock. Prerequisites: Junior standing and faculty approval. **First Summer Session.**
- 3013. Social Psychology.**  
See PSYC 3013. **Spring.**
- 3023. Crime and Delinquency.**  
An examination of the nature, causes, and treatment of anti-social behavior, including riots, demonstrations, neurotic, psychopathic, cultural and political crime (war). Relation to broader issues of human personality and social policy are stressed; crime as a form of deviant behavior and its relation to social structure; causes of delinquency are stressed. **Fall.**

**Associate Professor D. Griffith<sup>2</sup>**

The Frank D. Hickingbotham School of Business seeks to combine Christian principles and academic excellence in preparing students for careers in business administration and for graduate study. Students will complete the interdisciplinary studies component, basic business school required courses, the business core, and then pursue a chosen business major.

Ouachita offers students an opportunity to study the disciplines of business in a strong Christian environment. Emphasis in teaching and leadership development provides opportunities for an excellent undergraduate education in business.

Housed in J.G. Lile Hall, the School of Business offers students a pleasant atmosphere for their academic pursuits. This facility houses all business faculty offices, business classrooms, and the business computer lab. Located in the Ouachita megastructure, Lile Hall is convenient to Evans Student Center and the center of the Ouachita campus.

Fully networked computers are available for Ouachita business majors. These workstations provide the latest in hardware and software plus full networking capability. In addition, a multimedia system provides the latest in audio/visual equipment for innovative presentations and computer instruction.

## **The Mission Statement**

The mission of the Frank D. Hickingbotham School of Business at Ouachita Baptist University is to provide an excellent education in accounting and business administration in concert with the mission of Ouachita as a church-related, liberal arts university. The School is committed to an educational philosophy that stresses the development of the individual within a framework of study that incorporates a broad general education and the various disciplines of business. The faculty are committed to provide excellent classroom instruction and advising to students. Additionally the faculty endeavor to maintain a personal program of intellectual development and to serve the School and University through committee assignments, church commitments, and other opportunities.

<sup>1</sup>George Young Professor of Business

<sup>2</sup>Holder of the Harvey Jones Chair of Marketing

## **Values and Beliefs**

1. The primary purpose of the School is to provide quality education in business in a Christian environment.
2. Students who are properly instructed and advised are more likely to succeed.
3. Opportunities to participate and excel in non-classroom settings expand the horizons of students.
4. The educational process should foster critical thinking skills in order to prepare the student for life's experiences.
5. The instructional process is enhanced by the faculty's pursuit of professional development and scholarly contributions.
6. Quality role modeling by the faculty is enhanced by service to the University, School, community, and local church.
7. All constituencies are important contributors to the maintenance of an appropriate educational program.

## **Student Organizations**

Membership in Phi Beta Lambda, a professional business fraternity, offers Ouachita business majors the opportunity to participate in one of the finest post-secondary student organizations in the nation. Leadership opportunities and professional speaker meetings are an important part of this organization.

Sigma Beta Delta is an honor society for business school majors. Membership is by invitation and is based on scholarship.

Students in Free Enterprise (SIFE) provides opportunity for student participation in educational outreach projects concerning the free enterprise system. SIFE participants compete at regional and national expositions, and SIFE participation can build career connections between college students and potential employers.

## **Business Student Advisory Council**

Business students at Ouachita may be selected to serve on the Business Student Advisory Council. This Council offers business majors the opportunity to interact with the administration of the Hickingbotham School of Business and to provide a student perspective in a number of important areas. Students are selected to the Council on the basis of faculty nominations.

## **School Organization and Degrees**

The Hickingbotham School of Business is organized into two departments: (1) Accounting, Economics and Finance, and (2) Management and Marketing. The School of Business offers a curriculum leading to a Bachelor of Arts degree. Three majors are available: Accounting, Professional Accountancy, and Business Administration. Business Administration majors will select an area of emphasis from: Economics, Finance, Information Systems, Management, and Marketing. No minor is required in the School of Business.

Each student who earns a Bachelor of Arts in the School of Business will complete the following courses, achieve at least a 2.000 cumulative GPA, and earn at least 128 hours (the Professional Accountancy major requires at least 150 hours). At least one-half of the total hours in business must be taken at Ouachita.

1. University CORE Requirements (See p. 63) ..... 49 hours

5. Jr/Sr Elective ..... 6-12 hours  
(Business Administration Majors)
6. Majors (The major requirements listed below are in addition to the requirements listed above).

## **Accounting**

The accounting major provides the background for entry level accounting positions in industry, not-for-profit organizations, and accounting firms. Graduates planning a career in accounting with a public accounting firm should also plan to meet the requirements to sit for the CPA examination as set forth by the Arkansas State Board of Public Accountancy. The Board requires, in addition to the OBU degree requirements for an accounting major, that CPA candidates satisfy the following:

- 1) Take the following:  
Accounting Electives (9 hours)
- 2) Earn grades of "C" or better in all 36 hours of required accounting courses
- 3) Earn grades of "C" or better in the following specified business courses (Law, Statistics, Data Processing, Business Finance, Microeconomics, Macroeconomics, Marketing, Management, Speech, Business Communications)

Accounting students should be aware that many states are requiring "150 hours of education" to sit for the CPA exam. The Arkansas State Board of Public

Accountancy has passed regulations requiring 150 semester hours of college credit, including at least a baccalaureate degree. The "150 hour requirement" is also important to students who plan to take the CPA exam in Arkansas and apply for a reciprocal certificate from a state requiring "150 hours of education." At this writing, 32 states have enacted legislation to require 150 hours.

All individuals sitting for the CPA examination in Arkansas will be required to have a total of 150 hours of college credit and the requirements listed above. The Bachelor of Arts in Professional Accountancy degree meets this requirement.

A major in accounting or professional accountancy requires the completion of the Business Core, the Basic School Requirements, and the course work designated for the chosen major. A GPA of 2.000 is required in the major, and at least 24 hours of "C" or higher are required in the major.

**ACCOUNTING MAJOR..... 21 Hours**

Students planning to sit for the CPA exam must take additional courses to establish eligibility to sit for the exam. In many states, the minimum number of hours is 150.

## School Mission Statement

#### Grounding Affirmations:

- We are human beings created in the image of God.
- We are followers of Jesus Christ.
- We are educators who teach and affirm evangelical Christianity within a Southern Baptist context while educating students to think critically about other theological and philosophical positions.
- We advocate a servant-leader model of Christian life and ministry.
- We seek to integrate quality scholarship with a vibrant Christian faith.

#### In Relation to our Local Community:

- We seek to transform our local community by living as responsible citizens (i.e., loving our neighbors as ourselves), by being servant-leaders in the community, and by offering an authentic Christian witness to the gospel of Jesus Christ in both word and deed.

#### In Relation to Churches:

- We seek to offer a liberal arts education in the context of a Southern Baptist university under the lordship of Jesus Christ.
- We seek to be involved in Christian ministry.
- We seek to prepare students for effective Christian ministry.
- We seek to offer resources to churches and church leaders.
- We seek to edify and enhance churches.

<sup>1</sup>J. C. and Mae Fuller Professor of Bible  
<sup>2</sup>Holder of the W. O. Vaught Chair of Bible  
<sup>3</sup>Elma Cobb Professor of Bible

In Relation to the Broader University Community (including students not majoring in the School of Christian Studies):

- We will serve as faculty for select Interdisciplinary Studies courses (e.g., Survey of the Bible, Interpreting the Bible, Introduction to Liberal Arts).
- We will provide a biblical, theological, and philosophical foundation for all students.
- We will promote the integration of faith and learning along with the development of a Christian worldview among administrators, faculty, staff, and students.

In Relation to Christian Studies Students:

(Please see the departmental mission statements.)

## **School Programs & Opportunities**

### **Ministerial Scholarships**

The Arkansas Baptist State Convention provides a Ministerial Scholarship for qualified students. Contact the Dean of the School of Christian Studies for more information.

### **Seminary**

Students planning to attend seminary are encouraged to enter the Biblical Studies-Language pattern. Some seminaries offer advanced standing for students demonstrating exceptional performance in this program (see Advanced Standing Programs).

### **Advanced Standing Programs**

Ouachita cooperates with four Southern Baptist seminaries (Midwestern, New Orleans, Southern, and Southwestern) in a program that offers qualified Christian Studies students the opportunity to enter a Master of Divinity degree track with advanced standing. While each seminary features a different program, advanced standing allows students to concentrate on advanced courses and may reduce the time necessary for completion of the M.Div. degree.

### **Israel Study Program**

Ouachita Christian Studies students may participate in the Israel Study Program at Hebrew University of Jerusalem. Qualified students will spend ten weeks in the summer studying at Hebrew University.

### **Bivocational Ministry**

Students wanting to pursue bivocational ministry are encouraged to major in Christian Ministries-Pastoral or Biblical Studies-General and select an additional major in another academic area (e.g., Business or Education). Completion of the two majors may involve more than the normal four-year program of study. Students who complete this program should have the opportunity to engage in significant Christian ministry in a bivocational context. Some churches may require additional, seminary-level study.

**Associate of Arts Degree in Christian Studies  
(Off-Campus Program)**

Ouachita offers the Associate of Arts degree in Religion at several off-campus centers around the state. The degree is intended to provide affordable quality ministerial training for pastors and lay leaders. The General Education Component for the degree may be completed entirely at other colleges and universities. *The Religion Component must be completed through Ouachita.* The Academic Dean's Council will consider accepting transfer credit in religion courses only upon the recommendation of the faculty of the School of Christian Studies.

**Requirements for the Associate of Arts Degree in Christian Studies:**

**1. Religion Component: 30 hours**

Basic Requirements (15 hours):

RELG 1003	Introduction to Ministry Formation
RELG 1013	Introduction to Church Ministries
RELG 2063	Biblical Backgrounds
RELG 2093	Baptist Heritage
RELG 2113	Biblical Interpretation: Principles and Practices

Biblical Studies Elective: 3 hours

Religion Elective: 6 hours

General Education: 6 hours

GNEC 1053	Old Testament Survey
GNEC 1063	New Testament Survey

**2. Interdisciplinary Studies Component: 34 hours**

Approved courses from each of the following categories:

Composition/English	6 to 9
History	6 to 12 (include 3 hours of U.S. History)
Science	3 to 8
Behavioral Science	3 to 6
Mathematics	3
Humanities	3 to 6
Speech	3
Physical Education	1 to 2
Electives	0 to 6

The Dean of the School of Christian Studies, the Dean of Interdisciplinary Studies, the Director of External Studies, and the Vice President for Academic Affairs must approve all Associate of Arts in Christian Studies degree programs. The Interdisciplinary Studies Component may vary according to specific courses taken at other institutions. Degree-seeking students must meet Ouachita admission standards. After the completion of no more than 30 hours, including at least 6 hours from the Religion Component, degree-seeking students must file degree plans with the Dean of the School of Christian Studies.

## BERNICE YOUNG JONES SCHOOL OF FINE ARTS

Charles W. Wright<sup>8</sup>, Dean

### Division of Music

Professors C. Fuller, C. Hamilton, G. Keck<sup>1</sup>, F. McBeth<sup>2</sup>, C. Wright<sup>8</sup>

Associate Professors S. Flora, C. Henderson,

P. Houlihan, O. Keck, J. Secrest, E. Thedford, D. Wehr

Assistant Professors S. Garner, R. Hodges

Instructors D. Ellis, D. Lockard

The Division of Music prepares students for careers in the fields of music performance, music education, theory-composition, history and literature church music and music theatre.

Emphasis is placed upon performance as a means of achieving technical excellence and as the synthesis of that which is learned through study, research and analysis.

Students interested in instrumental music are provided with a wide range of performance opportunities including the Marching and Symphonic Bands, the Wind Ensemble and the Jazz Band. Small instrumental ensemble experiences are offered in the areas of brass, woodwinds and strings. A handbell choir is offered to those desiring this experience.

A comprehensive program of choral ensembles includes the Concert Choir, the Ouachita Singers, the Chamber Singers, the Ouachita Sounds and the Praise Singers. The Opera Theatre and Music Theatre provide additional performance opportunities.

Music participation opportunities available to the non-music major include private music lessons, choral and instrumental ensembles and the Fine Arts—Music course.

Students majoring in music have the opportunity to combine professional studies in music with a liberal arts curriculum. CORE courses within the School of Interdisciplinary Studies are included in the degrees. (See page 63 for CORE requirements.)

The curricula of the Division of Music are established to comply with the standards of the National Association of Schools of Music, 11250 Roger Bacon Drive, Suite 21, Reston, Virginia 22090; telephone 703-437-0700, of which Ouachita Baptist University's Division of Music is a member.

The music education curricula meet the requirements of the Arkansas State Department of Education and of the National Council for Accreditation of Teacher Education.
