We also recommend that the next annual meeting of the Arkansas Baptist State Convention meet in the Convention Hall in Hot Springs, Arkansas, November 17-19, 1953, and that W. O. Vaught, Jr., of the Immanuel Baptist Church, Little Rock, preach the annual sermon, and that Rev. S. A. Whitlow of Hope serve as alternate.

CONSTITUTION

Article I.—The Name

The name of this body shall be "The Arkansas Baptist State Convention."

Article II.—The Purpose

The purpose of this Convention shall be to awaken and stimulate among the churches the greatest possible activity in evangelism, Christian education, and benevolent work throughout its bounds and to the ends of the earth; to cultivate closer co-operation among the churches and to promote concert of action in advancing all the interests of the Kingdom of God.

Article III.—Membership

Section 1. The Convention shall be composed of messengers from regular Baptist churches which are in sympathy with the principles and purposes of this Convention, and which desire to co-operate with the other churches through this Convention.

Section 2. Each co-operating church shall be entitled to three messengers, with one additional messenger for each additional one hundred members, or major fraction thereof above one hundred, provided however, that no church shall be entitled to a total of more than ten messengers.

Section 3. The Convention may appoint a committee on credentials at each session which shall make recommendations to the Convention with reference to seating messengers from any church not hitherto affiliated with the Convention.

Article IV.—Authority

Section 1. While independent and sovereign in its own sphere, this Convention shall never exercise any authority whatever over any church, nor shall it in any way interfere with the constitution of any church, or with the exercise of its functions as the only ecclesiastical body, but will cheerfully recognize and uphold the absolute independence of the churches.

Article V.—Officers

Section 1. The officers of this Convention shall be: President, First Vice-President, Second Vice-President, Recording Secretary, and Treasurer. Each officer of the Convention shall be elected annually, and shall continue in office until his successor in office shall have been elected and qualified.

Section 2. It shall be the duty of the President to preside over the deliberations of the Convention and to discharge such other duties

as may devolve upon the presiding officer of a deliberative body. He shall appoint all committees unless the Convention shall otherwise determine. In the absence of the President, one of the Vice-Presidents shall preside in his stead.

Section 3. It shall be the duty of the Secretary to keep a record of the proceedings of the Convention, to edit and arrange publication of a suitable number of the minutes for distribution among the churches, as the Convention may direct, as soon as reasonably possible after the close of the session. He shall file and keep in order all papers deemed important to the work of the Convention.

Article VI.—The Executive Board

Section 1. This Convention shall elect a Board of Trustees as provided for in the Convention's charter. This Board shall be known as "The Executive Board of the Arkansas Baptist State Convention." This Board shall be composed of fifteen (15) members chosen from the state at large, and one additional member from the bounds of each co-operating Association, and the President of the Convention for the duration of his term. No member of this Board shall hold any remunerative office under the Convention or any of its Institutions. One-third of this Board shall be elected annually to hold office for three years, and twenty (20) members shall constitute a quorum.

Section 2. The Executive Board shall be constituted and empowered by the Convention as its business and legal agent to administer all business Committed to it by the Convention, and to employ such paid agents as it may deem necessary in carrying out the missionary, educational, benevolent and financial enterprises of the Convention. The Executive Board shall raise, collect, receive and disburse all the funds of the Baptist Cooperative Program, both State and Southwide. The Office of the Executive Board shall be a clearing house for administering the business affairs of the Convention, and a headquarters for Baptist information. Its books, records and files shall at all times be open for the reference and inspection of any co-operating church who may desire to examine them.

Section 3. The Executive Board shall render to the Convention annually a complete and detailed statement of all its business for the year.

Article VII.—Trusteeships

The Convention shall elect trustees to manage and to operate its Colleges, Hospitals, Orphanages and any other Institutions it may possess, as follows:

Section 1. Ouachita College, 24; Arkansas Baptist Hospital, 18; Bottoms Baptist Orphanage, 18; Baptist Memorial Hospital, 9.

Section 2. One-third of the members of the Boards of Trustees shall be elected annually to serve for a term of three years.

Section 3. Each Board of Trustees shall elect from their membership a Chairman and a Recording Secretary and such other officers as seems advisable.

Section 4. All Trusteeships shall render to the Convention at each annual session complete and detailed reports of all transactions and business and any other activities for the year, and shall be subject to the direction of the Convention in all matters pertaining to the administering the affairs of the Institution with which their trusteeship is concerned.

Article VIII.—Operation of Agencies

Section 1. Each Board, Agency, and Institution of this Convention shall submit to the Executive Board at its annual Budget Planning Meeting, which is to be held prior to the annual meeting of the Convention, a detailed statement of its sources of income, and a budget of proposed expenditures for the ensuing year. When received and adopted by the Convention, these budgets shall become the basis for the operations for the ensuing year.

Article IX.—Meetings

Section 1. The Convention shall meet annually, "if God permit", on a date to be fixed by the Convention. The Executive Board is empowered in emergencies to call special sessions of the Convention and to change either the time or place of meeting or both should the occasion demand.

Article X.—Amendments

Section 1. This Constitution may be amended at any regular meeting of this Convention, two-thirds of the members voting concurring in the measure, except Article IV which shall remain forever unalterable in substance.

Section 2. Any proposed amendment to this Constitution shall be presented to the Convention in writing, for its consideration, upon the first day of the annual session, and may be voted on, on any subsequent day during the session, provided adequate publicity has been given in previous announcement.

BY-LAWS

In order to carry out the provisions of the Constitution, the following By-Laws are enacted for the government of the Convention.

1. Enrollment of Messengers

The Secretary of the Convention shall enroll, upon arrival, messengers who present proper credentials from the churches. These messengers, together with others who may be enrolled upon presentation of approved credentials during the session, shall constitute the Convention. Any contention concerning seating messengers shall be presented to a Committee appointed by the President for recommendation to the Convention for its action.

2. Officers

The President, First Vice-President, Second Vice-President, Secretary, and Treasurer shall be elected on the morning of the second day of the Convention, their terms of office to begin with the final session of the Convention; and the President shall appoint and announce a Nominating Committee to report at the next session of the Convention.

The election of all officers shall be by ballot; provided, however, there is only one nomination for the office, then the Secretary, or any other present, may be directed to cast the ballot of the entire assembly for the single nominee.

Each officer of the Convention shall be elected by a majority of all votes cast.

In case of removal from office, by death or otherwise, of the President, the Vice-Presidents shall automatically succeed to the office of President in the order of their election. The President may not be elected for more than two consecutive terms.

The Treasurer of the Executive Board shall be also the Treasurer of the Convention.

All elected officers of this Convention shall be members of churches co-operating with this Convention. This must also apply to members of the Executive Board and the Institutional Boards of this Convention.

3. The Executive Board

The Executive Board, being the legal trustees of the Convention, shall be empowered by the Convention to administer all business committed to it by the Convention.

The Executive Board is empowered to act for the Convention between sessions of the Convention, provided that it shall never exercise any authority contrary to the expressed will of the Convention.

When any unforeseen emergency occurs in any of the affairs of the Convention, or in any of the interests it controls, that in the judgment of the Executive Board requires action before the next session of the Convention, the Executive Board shall have full authority to take such action as may seem necessary, and all interests concerned shall be governed by such action, provided the Executive Board shall make full report of all matters pertaining thereunto to the next session of the Convention for its approval, and provided further, that nothing in this article shall be construed as giving the Executive Board authority to execute any matter already committed by the Convention to any of its Boards of Trustees or its Institutions unless such Board when so commissioned shall decline to act on the orders of the Convention.

All proposals requiring the expenditure of money by the Convention, or the Executive Board of the Convention, from the annual budget, shall be considered by the Executive Board, before being presented to the Convention.

This Board shall be charged with the responsibility to have the books and financial affairs of each and all of the Boards and Institutions of the Arkansas Baptist State Convention audited annually by an accredited firm of auditors, all audits to be accessible to the Executive Board at its budget planning session, and to be included in the Institution's Report to the Convention.

Members of the Executive Board, having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

4. Trusteeships

All Trusteeships of this Convention shall be amendable to the Convention on all matters, through its Executive Board. No Trusteeship shall conduct extra movements to raise money outside its regular revenue-producing sources, nor shall a deficit in running expense or debt be incurred without the approval of the Convention in session or of the Executive Board in case of aforementioned emergencies.

Members of Boards of Trustees having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

Not more than two (2) members of a Board of Trustees shall at the same time be members of the same local church, nor shall more than six (6) members reside in any one Association.

A member of a Board of Trustees of one Institution of the Convention may not at the same time be a member of any other Board of Trustees of another Institution of the Convention.

No member of a Board of Trustees of any Institution of this Convention may at the same time be a member of the Executive Board of the Convention.

5. Committee Members

1. A member filling an unexpired term not having served the full term of years as provided by the Constitution, shall be, at the discretion of the Nominating Committee, eligible for election to a full term.

2. "A member from an Association" upon moving from the bounds of that Association shall retain membership on the Board until the meeting of the next Convention.

3. Any member of the Executive Board or any institutional board who has served on such board or boards the number of years provided in the Constitution, shall not be eligible for re-election to such board or boards until one year has elapsed.

4. No member of a commission or committee delegated to study or make recommendations concerning our institutions shall be a member of any Board of Trustees of such institutions.

5. All associational missionaries or mission pastors receiving all or part compensation from the Convention through Executive Board shall be considered employees of the Convention and shall not be members of any Convention or institutional board. The President of the Convention by virtue of his office shall be a member of the Executive Board for the duration of his term of office.

PROCEEDINGS

FIRST DAY—MORNING SESSION

Tuesday, November 18, 1952—10:00 A. M.

The ninety-ninth Annual Session of the Arkansas Baptist State Convention convened in the auditorium of the Immanuel Baptist Church, Little Rock, Arkansas, at 10:00 A. M.

J. F. Moreland, Springdale, served as song leader, Mrs. Robert Green was at the piano and Mrs. Wilbur Beck was at the organ during the different sessions. A male quartette composed of Walter N. Hill, Lawson Hatfield, Bob McMillan and Paul McMillan presented special musical numbers at different times on the Convention Program.

Song leader Moreland led the messengers in singing, "All Hail the Power of Jesus' Name". President Sparkman sounded the gavel which called the Convention to order, then led in prayer for God's guidance during all the sessions of the Convention.

After the messengers sang, "Standing on the Promises", the male quartette rendered the song, "Deeper, Deeper". E. P. J. Garrott, Batesville, led our worship by reading Psalms 126:1-6, John 4:35-38, and leading in prayer.

Voted: That messengers now registered and those who will register at later sessions of the Convention be seated as duly elected messengers. Total number enrolled, 1,244.

Voted: That the tentative Program, as printed, be adopted, subject to any necessary changes required.

Voted: That the report be adopted, item by item, as it appears in the Book of Reports.

The following Resolutions were presented to the Convention:

1. We recommend that the Hospital Board be authorized to borrow up to \$750,000 for the enlargement of the institution and that a public campaign in Little Rock for funds be authorized, it being

understood that the goal will be \$500,000 to \$600,000 and that the above mentioned loan will be contingent upon the success of such a campaign. We further recommend that this Convention declare the existence of an emergency which makes this plan and program necessary.

2. We recommend that the Orphanage receive 40% of the amount received from the liquidation of the Central College property to be applied on capital needs with the understanding that Ouachita College also receive 40% and the Hospital 20%.

3. We recommend that the Board of Trustees of Bottoms Baptist Orphanage be authorized to enter into a building program which would include only the erection of three cottages, with the understanding that no debt be incurred.

4. We recommend that the Board of Trustees of Ouachita College be authorized to negotiate a loan with any recognized lending agency for the purpose of constructing buildings to be used for housing purposes as the Board of Ouachita College deems wise and necessary. It is understood that none of the physical properties of the college are to be mortgaged in the securing of said loan and that the loan will be retired out of income rentals from the buildings to be erected.

After a proposed amendment that \$69,000 be added to the 1953 budget and allocated to Southwide Causes and a substitute motion that the matter of percentages be referred back to the Executive Board for re-study, the motion was passed as originally presented.

B. L. Bridges was presented to the Convention and a standing vote of thanks was given for his leadership in the payment of the Old Debt.

Executive Secretary Bridges spoke to the Report with special reference to the Old Debt. With graphic charts, "Midnight", "A Star of Hope" and "Sunrise", experiences through the past years were depicted. Charts setting forth the Five-Year objectives of all Departments of our Convention work were shown.

REPORT OF THE RESOLUTIONS COMMITTEE

Whereas, the Arkansas Baptist Convention met with the Immanuel Baptist Church in its ninety-ninth annual session, November 18-20, 1952, and

Whereas, the Convention has been exceptionally well entertained by the host church

Be it Resolved:

That we express our sincere appreciation to the host pastor, Dr. W. O. Vaught, Jr., and to the Immanuel Baptist Church for the splendid manner in which they have provided for our comfort and needs.

Be it Further Resolved:

1. That we commend President Lloyd A. Sparkman and his vice-presidents for the fine manner in which they have presided over the sessions of the Convention and Rev. Dawson King for his tireless and efficient service to the Convention as Recording Secretary.

2. That we express appreciation to the Program Committee for a most interesting, inspiring and challenging program, and for bringing to us the outstanding visiting speakers who appeared on the program.

3. That we express our sincere thanks to the daily press for its complete coverage of the Convention proceedings, with sincere expression going to the Arkansas Gazette for the timely article appearing in Sunday's paper entitled, "Christians Must Be Honest".

4. That we be humbly grateful to the membership of our churches throughout Arkansas who under the leadership of our noble General Secretary remained true and faithful to the integrity of the Gospel of Christ in restoring our honor and retiring our old debts.

5. That we call the attention of all our churches to the challenging budget and forward reaching program adopted by the Convention and that we urge them to exert every possible effort to carry this entire program to its successful completion.

6. That we pledge our prayers and full co-operation to our Executive Secretary as he promotes this Kingdom program.

Also Be it Resolved:

1. That we re-assert our traditional view as Baptists of a free church in a free state and that we deplore any semblance of a state living off the church or the church living off the state, and that we protest any designs which may bring the two into any organic relationships.

2. That we further re-assert our time honored championship of freedom of worship, freedom of the dissemination of truth and freedom of the full and complete development of the individual in the spiritual life—and because of such register our vigorous protest to and abhorrence of Sabbath desecration, sale and use of intoxicating drink, advertisements of beer and liquor in all its means, gambling of all sorts, and the breakdown of the American home life by divorce, and worldly preoccupation.

Also, in conclusion, for the record's sake, that we authorize the Recording Secretary of the Convention to print and distribute the necessary number of copies of the annual and that he be allowed the usual honorarium for his services.

REPORTS

ARKANSAS BAPTIST

A favorite line in the **Baptist Record**, the state paper of Mississippi, Dr. A. L. Goodrich, editor, is this: "You can inform the unenlisted Baptists; you can never enlist the uninformed."

The **Arkansas Baptist** is committed to the mission of informing Arkansas Baptists. It is the purpose of the **Arkansas Baptist** to carry into the homes of our Baptist people throughout the state information concerning the progress of our churches within the state; information concerning the progress of our state institutions and our overall state program; information concerning the progress of our south-wide institutions and our south-wide missionary programs.

In addition to this denominational news, the **Arkansas Baptist** attempts to bring as much information as space will allow concerning movements, events, and persons outside the denomination, but which have a bearing upon religious conditions in general and our Baptist life in particular.

It is self-evident that the more information our Baptist people have concerning our own Baptist work locally, state-wide, and south-wide, the more interest they will have in our overall denominational program and the better prepared they are for making their own personal contribution to that program. The better informed our Baptist people are concerning outside influences and forces which affect our life, the better prepared they will be to meet these issues as they tend to affect our own individual church and denominational life.

Last year the **Arkansas Baptist** undertook to expand its circulation to reach a goal of 40,000 subscribers. We are glad to report that as of October 10 we had 40,030 subscribers. We reached this goal by the splendid co-operation of the workers at the Baptist building, the pastors throughout the state, the associational missionaries, and others who are interested in the **Arkansas Baptist** and its message to our people.

However, we are not satisfied to stop with 40,000 subscribers and, therefore, have set our goal at 45,000 subscribers by the meeting of the Southern Baptist Convention in Houston, Texas, next May. There is a concerted campaign throughout our Southern Baptist Convention territory to increase the circulation of the Baptist state papers. The goal for the combined circulation of Southern Baptist state papers is one million by the time of the Houston Convention. This goal seems within easy reach and it is confidently expected that the combined circulation of all our Baptist state papers will exceed one million by the time the Convention meets in Houston next May.

We are confident that the **Arkansas Baptist** can reach a circulation of 45,000 if we have the same splendid co-operation that we had in reaching the 40,000 goal.

The **Arkansas Baptist** has absorbed further increases in the cost of production during the current year. The cost of printing has been increased by \$30 per week. Freight rates on the shipment of paper stock has also been increased by \$45 per shipment. We have had an increase in postal rates which amounts to a considerable sum over a period of a year. The increased circulation has increased the volume of work in the addressograph room in addressing and mailing the papers. It has been necessary to employ extra help for a day or a day and a half each week to assist in this work.

Therefore, practically all the increase in revenue during the year has been absorbed by increases in expenses. It has been necessary to add to our equipment during the year. This equipment includes a Royal typewriter, an addressograph cabinet and trays, and an adding machine.

A comparison of receipts and expenditures as of October 1, 1952, with the same period last year, shows that for this nine months period receipts totaled \$58,019.01 as compared with \$48,797.93 in 1951, an increase of \$9,221.08; that expenses totaled \$59,543.89 as compared with \$50,924.23, an increase of \$8,619.66. The increase in income for this period was \$601.42 more than the increase in expenses.

Our cash deficit as of October 1 amounted to \$1,524.88. However, this is offset by accounts receivable in the amount of \$1,486.80. The best income months of the year are October, November and December. Judging from the collections in past years during these three months, it is confidently expected that the **Arkansas Baptist** will close the year with a net balance of income over expenditures. For instance, in 1951 the average income of these three months was \$540.11 above the average income of the first nine months of the year.

Recommendations

Your committee recommends:

1. That the subscription rates remain the same: Individual rate, \$2.00; club rate, \$1.50; budget rate, 12 cents per month per subscription, or \$1.44 per year.
2. That the Convention go on record as endorsing the goal of 45,000 subscribers to the **Arkansas Baptist** and call upon all denominational workers, pastors, missionaries, and churches to co-operate in reaching this subscription goal.

BROTHERHOOD

The Brotherhood Department continues its perennial march toward the twin objectives of:

1. A Brotherhood in every church.
2. An associational Brotherhood in every association.

During the 1951-52 Convention year, 50 new church Brotherhoods were organized; and 4 new associational Brotherhoods were set up. This means that there are now 357 church Brotherhoods in operation in our state, along with 38 associational Brotherhood organizations.

The above figures reflect the fact that since the Brotherhood Department was opened at Baptist Headquarters, on April 1, 1946, an average of "one new Brotherhood each week" has been maintained.

God's richest blessings continue upon Brotherhood work. The promotional work of the Brotherhood Department has always been directed toward the building of more Brotherhoods throughout the state, and also toward lifting the quality and enhancing the effectiveness of the work.

During the past year the Department began the regular publication and distribution of three quarterly publications. These are "Brotherhood Notes", "Brotherhood News-Letter", and the Brotherhood "Ways and Means" bulletin. One of these comes out each month. The mailing list includes all pastors and associational missionaries, all church and associational Brotherhood presidents, and interested laymen throughout the state.

The Brotherhood movement is centered wholly within our church and denominational programs of work. The Brotherhood ideals of Dedication, Stewardship, and Evangelism are projected toward the building of better and more effective churches, and toward a greater denomination.

The prayer of those in Brotherhood work in Arkansas is that every pastor, and every layman, and every church, shall give prayerful consideration to the necessity of enlisting our Baptist manpower in an organized and continuing program of work designed to set forward all that our churches and denomination are trying to accomplish.

That's Brotherhood!

CENTRAL COLLEGE LIQUIDATING AGENCY

August 22, 1950 to October 31, 1952

This report covers the entire period of time that the Liquidating Agency has existed. The Agency was created at the time of the special Convention meeting on August 22, 1950, when Arkansas Baptists voted to close the college.

A study of the following financial report of receipts and disbursements reveals that the college owed on mortgage and notes and current accounts payable a total of more than one hundred thousand dollars. In addition to this the Liquidating Agency was obliged to negotiate a cash settlement with teachers who had contracts with the college for

the ensuing year. The settlement was made on the basis of about three months salary payment. It was a happy day when the Agency was able to make the final payment on these obligations.

A total of \$97,732.58 has been received from the Cooperative Program since the college was discontinued in August, 1950.

The furnishings and equipment of the college at Camp Robinson were disposed of at the best possible price. A cash sale of \$85,000.00 for the Conway property has been made and completed. Considering all factors, your Committee believes this was a good sale. Assets of the Central College remaining as of this date are a few common stocks which the Committee did not wish to sell without the donor's consent, and about 170 acres of land in Camp Robinson, which was purchased at a very nominal price soon after the college was removed to the new site. This 170 acres was not returned to the government as was the other property.

The Liquidating Committee is thankful to God for His blessings upon us during this difficult assignment. The patience and cooperation of creditors and others have been deeply appreciated.

CHAPLAIN'S WORK

The Chaplaincy as an office and the Chaplain as an officer in the Armed Forces of the United States is a definite part of the military program. There was a time when the Chaplain was an unnecessary evil that had to be tolerated. His services were indefinite and unpre-scribed by any regulations, left for the most part to the whimsy notions of a Commanding Officer who might or might not be in sym-pathy with the Chaplain's work.

Today the Chaplain and his services are definitely regulated by Army regulations and definite regulations from the other branches of the Military Services. The qualifications of a Chaplain are never left to the decision of his particular denomination but are prescribed by regulations. The Chaplain has, therefore, a definite, respected, non-

ored, and effective position of service with all branches of the Armed Forces of our Country.

With the expanded military program of our country comes the increasing demand for Chaplains. This demand is particular and singular with reference to Baptist Chaplains. During World War II Baptists supplied a great many more than their quota of Chaplains for two reasons. First, some other denominations failed to meet their quota of Chaplains; and, second, because Baptist Chaplains were in demand by the Armed Forces. They were in demand then; they are in demand today, because they have a message and they are Ambassadors of the King.

From July to January, 1952 the Chaplains Commission of the Southern Baptist Convention is asked to supply an additional 116 Chaplains as follows: 44 for the Army, 40 for the Navy, 32 for the Air Force. The first half of this year the Armed Forces requested that we supply 114 Chaplains, 93 of whom were actually assigned.

We now have 420 Southern Baptist Chaplains on duty in all branches of the service. Dr. Alfred Carpenter, Director of the Chaplains Commission of the Southern Baptist Convention states, "If I had the 116 Chaplains now, I could use another 100 before the first of the year." This is an opportunity for effective service for any young man called of God to preach the gospel and win lost people to Christ. We would urge that our people give themselves to definite prayer that God would lay upon the hearts of many of our young preachers, who are qualified to meet the requirements, to serve as Chaplains in the Armed Forces of our country.

The Chaplains Commission of the Southern Baptist Convention is under and in connection with the Home Mission Board of the Convention, Dr. Alfred Carpenter, Director, located in Atlanta, Georgia. This Commission must endorse every application for a Southern Baptist Chaplain before the appointment.

According to the report to the Southern Baptist Convention last May, we had approximately 355,000 Southern Baptist Young People serving their country in the National Military establishment. Many of these are on foreign soil; numbers of them are in Korea.

Southern Baptist Chaplains now on duty are giving a good account of their spiritual ministry. According to the monthly reports from these Chaplains, more than 10,000 were won to Christ on profession of their faith last year. These Chaplains are God's Evangels in every nook and corner of the globe. Wherever there is a military personnel, the Chaplain goes, whether it is on the firing lines or on some secure post in the States. These Chaplains are also representing their King and their Denomination as Missionaries in Korea, Japan, Germany, and everywhere they are stationed. The Baptist work in Alaska is largely due to the services of the Chaplains during World War II.

The Chaplains Commission of the Southern Baptist Convention sponsors a Southern Baptist Chaplains Association which meets annually during the sessions of the Southern Baptist Convention. They also sponsor and encourage a Chaplains Association in every State of our Southern Baptist Convention. The majority of States maintain a Chaplains Association. Through these Associations active and former Chaplains stay in closer touch one with another and enjoy the fellowship of each.

We would recommend, first, that our churches and pastors seek to stay in constant touch with the men and women of their membership now serving their country. Second, that our preachers, who meet the qualifications for the Chaplaincy, give serious and prayerful consideration to this service. Third, that our people give themselves to prayer that God would lead into, and lay upon the hearts of God's men, this service.

CHRISTIAN EDUCATION

In this report the term Christian Education is used in a more or less restricted sense as herein we are concerned with our Baptist institutions of learning. In addition to the educational programs of our seminaries and colleges, our Christian homes, all our churches, and all agencies and institutions of the Arkansas Baptist Convention are engaged in Christian education and training. In the work they are obligated to do with our young people, our colleges are helped or hindered by the quality of Christian Education we give our boys and girls in our homes and churches.

We will not take space to argue long the cause of Christian Education. Baptists should be advanced far enough to know that it is the highest form of education and that it is the only education that will enable us to move forward in the accomplishments of salvation and righteousness. When we are ready to admit that our business as Baptist people is to forward the redemptive work of Christ, the character and objectives of our educational and training programs are prescribed. This means of course special training for our pastors, missionaries, and religious education workers, but it does not stop at that in meaning. Since it is the business of every Baptist—business man, laborer, housewife, college student, teacher, farmer, doctor—to be Christian and to promote the causes of Christ's Kingdom, all need the most and best possible in Christian Education and training. Christian education simply means education in a Christian environment, the facts of knowledge interpreted in accordance with Biblical truth, and education taught as a means of advancing the Kingdom of God on earth. Where Baptists have been strong in education, they have exemplified strength in evangelism, church growth, and missions. In the far-reaching world-mission program of Jesus, the Christian Education phase in his commission statement is emphasized, "teaching them to observe all things whatsoever I have commanded you." This is an inte-

gral part of the Great Commission at home and abroad and to promote it will safeguard us from the perilous condition of Hosea's day and cry: "My people are destroyed for lack of knowledge."

Seminaries

We are interested in our Southern Baptist Seminaries in general because of their indispensable usefulness to our Baptist program, and in particular because they furnish the opportunities for theological education and special training for Arkansas Baptist ministerial students, missionary students, and special workers in religious education, evangelism, and other fields of the work. We now have five seminaries with a total enrolment approaching the 5,000 mark annually. The addition of the two new seminaries in recent years indicates the growth of our Baptist program and the increase in young men and women giving themselves for full-time work in the Lord's Kingdom. Since so much of the work in the W. M. U. Training School at Louisville is duplicated at the nearby seminary, the program and specific objectives of the W. M. U. school are being reorganized. The new program will be more directed to training for the work of missions. Since social work in our large cities is a phase of mission work and a forerunner of evangelism, training for this type of work will be given.

Colleges

Arkansas Baptists have two fine colleges. While it is true that our Convention owns officially only Ouachita College, Southern Baptist College at Walnut Ridge belongs to Arkansas Baptists in a special way. In the main it was founded by Arkansas Baptist men and women, it enrolls our Arkansas boys and girls, promotes our Arkansas Baptist program, and shares in our Cooperative Program gifts. In addition to its regular Board of Trustees, our Convention names nine advisory members for its Board.

Our colleges have made commendable growth in the past year. For this we are grateful to the college officials and to the host of Arkansas Baptists who by increased stewardship have made growth possible. When we recall that in 1939 Ouachita College received only about \$6,000 from the Convention for operating expenses; in 1946 received \$36,000; in 1949 received \$48,000, and now receiving \$150,000 annually, the individual men, women, boys and girls in our local churches must be recognized as a source of power and devotion in the building and running of our institutions. In addition to Cooperative Program gifts, our people have contributed myriads of dollars through special campaigns. We are mutually dependent. Baptists cannot grow without their colleges. Our colleges cannot grow without Baptists.

Ouachita College

In many respects for the first time in its history, Ouachita College shows promise of becoming what we might term a well-established

institution of learning. The struggle has been long and difficult. To be convinced of this one needs only to read the record. However, in spite of hardships usually of financial nature, the college has served well throughout its history and has a background that all of us can be proud of and should make us rise to call the institution blessed. The college, with the exception of the special arrangement for building the new dormitory for men, is out of debt and is carefully operating within its income. Two new buildings are under construction. The J. R. Grant Administration Building should be completed within a few months and paid for in full from the accumulated "Old Main Fund", a fund of contributions from Alumni and friends started immediately after the burning of Old Main in May, 1949. A new dormitory for boys is under construction. It is financed through a loan from a government agency. No property has been attached in any way, not even the new building itself. Only a percent of the rental has been committed to retire the loan. Many needed improvements have been made to the physical plant and it is now in creditable condition. However, the buildings alone do not tell the story of the school's growth. The faculty has been strengthened by the addition of a number of qualified men and women. The curriculum has been reorganized and brought up-to-date in the matters of materials, courses, teaching methods and procedures. North Central Association representatives have supervised this reorganization that it might be in line with standards for accreditation. The library which was in times past always a weak place in the college program is now becoming a strong point in the college rating.

The new Ford Foundation experiment is not new to the liberal arts program which Ouachita College has always maintained. In fact, for the first four years of study for teachers the Ford Foundation is designed to adjust the other colleges strictly to liberal arts courses with little if any emphasis on professional training for teaching.

Another new and important feature to the Ouachita College program is the Extension Service to other cities. This year Extension courses are being given at Arkadelphia, Little Rock, and Texarkana, with a total enrolment of 186.

The current enrolment at the college numbers 556. A break-down of this number shows 206 freshman students, 146 ministerial students, and 12 states represented.

Ouachita College has made application to the North Central Association for accreditation. Through the years the college has had a great deal of difficulty keeping its academic rating with the accrediting agency. With the exception of three or four years of full accreditation it has been on a supervised rating and investigated by the agency every two years and sometimes every year. We hope those days are past and the college finances, faculty, program of study, athletics, and other things are in line so that the college can have

full recognition, confidence, accreditation and professional fellowship with the North Central Association.

Southern Baptist College

In the past year Southern Baptist College has made unusual progress in its program of education and service to the Arkansas Baptist program. The college had a slight decline in enrolment last year, but the current year is very good, showing substantial increases in the Liberal Arts College and in the Ministerial Training departments of the institution. Although a number of states are represented in the student enrolment, the large majority are from the immediate vicinity of the school.

In the past year Southern Baptist College has moved into a better financial condition. The college is now utilizing more than 850 acres of land, including a 400 acre rice farm, grazing for 140 head of beef cattle and 75 hogs. In respect to the college farm the goal is to have two hundred producing cows, one hundred registered hogs, two sections of rice land and two sections of good cotton land. Authorities feel that this investment will be the equivalent of a million dollar endowment. In addition the plan would furnish many students with needed employment.

Very unique among colleges is Southern Baptist College's ministerial program of practical mission work. Friends of the institution have given substantial sums of money from all over the United States to help with this work. Student preachers are sent into neglected areas of Northeast Arkansas to preach the Gospel and open the fields for Baptist churches. This unusual and effective mission program, known as the Fred Carter Mission Fund program, helps the student preachers with experience and finance, helps the college, the people at the mission points, and the Arkansas Baptist program in state mission achievements.

Southern Baptist College is able to reach thousands of people daily with a Gospel message by radio. The college will soon have the most powerful radio station between St. Louis and Memphis. Plans are underway for a stronger frequency that will enable most of Arkansas to hear the station.

Of special interest to this report is the recent revision of the Ministerial Training Department of the college. Since its beginning, the College has emphasized training of men to serve rural areas. The new program will enlarge this program to train men for the rural ministry. It is practically a seminary training program for men who have finished as much as two years of college work. The new department called "The Rural Theological Seminary of the South" has already attracted widespread attention. The plan offers no competition to the traditionally established seminaries, but rather places its emphasis on the training of men for rural churches and mission fields of the

Southland. For the next few years only the Th.B. degree will be granted for completion of studies and work in this Seminary.

For the type of work Southern Baptist College has set herself to do, the field of opportunity is unlimited. The college claims a field of Baptist college service from Hannibal, Missouri, on the north to New Orleans on the South, 1,000 miles along the Mississippi river. Other denominations are making plans to reach these people. Arkansas Baptists have a great educational and mission asset in this young but rapidly growing institution. It is the expressed aim of the college to remain a mission school but a mission school second to none, a real Baptist school of training for mission work. Through the medium of this report, Dr. H. E. Williams in behalf of the college desires to express appreciation and thanks for the moral and financial support of Arkansas Baptists and for cooperation in every way. Since most of us know what our Convention through the Cooperative Program has been doing for the college, Dr. Williams asks that we also be mindful of the significant contribution that the college is making to our work in the many ways that it is serving.

CHURCH MUSIC

On January 1, 1952 the Church Music Department became a separate unit operating on an equal basis with all other departments of Arkansas Baptist activity. Mrs. B. W. Nininger is the director of the department and is its only full-time worker. She has several qualified associates who serve in the Summer Music School program, teaching individual church music schools throughout the summer months. Miss Rose Mary Holt is secretary for the department.

Work of the Music Department includes Leadership Training, Music Schools, Choir Clinics and conferences in the individual church, and a program of Music Education for Baptist Youth through Festivals and Music Camps.

During 1952, 30 schools in individual churches were taught with a total enrolment of 1,844.

Four Associational Schools were taught by workers from this department with a total enrolment of 736.

Ninety-five Association Hymn-Sings were held with a total attendance of 8,374. Many such Sings are still unreported.

The state music director personally conducted 24 of these Hymn-Sings.

The Leadership School held for a week at Ouachita College was one of the best from the standpoint of faculty personnel and courses offered. The attendance was not nearly as large as was anticipated.

The Youth Music Camp operated for the first time this year was, in many ways, the most successful project yet undertaken by the Music

Department. Boys and girls from age 9 to 18 were accepted and the outstanding faculty handled the age-group classes admirably, teaching choral and instrumental music, theory, drama and simple composition. Handicrafts and a full program of supervised recreation strengthened by a daily devotional schedule gave to the campers a well-balanced diet of work and play. Everyone expressed a wish to come to Music Camp next year and asked that it continue for a longer period.

The Youth Choir Festivals continue to serve as an incentive to better music work in the individual church throughout the year. More than a thousand young people took part in them this year.

Attendance at the Association Hymn-Sings is increasing and more associations have elected a full music committee. The committee should include a Music Director, Youth Choir Director, Junior Choir Director, Cherub Choir Director and Accompaniment. The work of the Music Committee will be to plan music schools and conferences with a view to making more effective use of music in all associational meetings.

Music Goals for 1953

1. A music school in every church.
2. Director and organist of every church attending the Leadership School.
3. A Quarterly Hymn-Sing in every association.
4. The development of Graded Choir Training in all the churches.
5. Emphasis on more and better congregational singing.

Music Dates to Remember

1. Youth Choir Festival—March 27, 1953, Ouachita College.
2. Junior Choir Festival—March 28, 1953, Ouachita College.
3. Youth Music Camp—June 15-20, Ferncliff.
4. Hymn Playing Tournament—June 15-20, Ferncliff.
5. Leadership School—August 17-22, Ouachita College.
6. Planning Meeting—September 8, Second Baptist Church, Little Rock.

COOPERATIVE PROGRAM

"We are laborers together with God" is one of the scriptures that we think about when the Cooperative Program is mentioned. This God-given plan of financing Kingdom enterprises makes it possible for all Arkansas Baptists and all Southern Baptists to pool their gifts in a great cooperative mission program that reaches out to the ends of the earth with the Gospel message. No other plan has ever succeeded like this one in getting the money needed for all of our Agencies, Boards, and Institutions.

All of our work here in Arkansas and in our Southern Baptist Convention is on the march! In 1942, the Arkansas Baptist State Convention received \$141,340.15 through the Cooperative Program; and in 1951—nine years later—we received \$778,250.59. In 1942, Ouachita College received \$11,610.94 from the Cooperative Program, but in 1951, Ouachita received \$158,931.36 from the Cooperative Program. These figures reveal in an inspiring fashion the glorious achievement of the Cooperative Program plan. It should be noted that we have only just begun really to put this plan into operation. We are still hindered by “horse and buggy” thinking in that there are those who still want to put on the old, worn-out, high-pressure campaign for funds. Thank God our leaders here in Arkansas have caught a vision of the vast potentialities of the Cooperative Program, not only as the best way to raise money for our current operational needs, but also for capital needs.

The Southern Baptist Convention Budget for 1953 is as follows:

Current Operating Budget.....	\$5,192,000.00
Capital Needs.....	3,000,000.00
Advance Program	1,808,000.00

Total for Southern Baptist Convention.....\$10,000,000.00

The proposed investment of your 1953 Cooperative Program Mission Dollar in Arkansas is as follows:

Total Operating Needs.....	\$ 916,566.67
Capital Needs.....	155,000.00

Total\$ 1,071,566.67

The Cooperative Program is worthy not only of our **support**, but also of our finest **promotion**. Arkansas Baptists need to bring God's tithe and their love offerings and place them in their local church each Lord's Day. The church, in turn, must allocate a worthy percentage of the tithes and offerings of its membership to the Cooperative Program. There are challenging needs to be met in every church in Arkansas, and God expects His churches to provide more space, yea, to do everything necessary to minister to the local community, but at the same time, He expects our churches to support and promote all of His Kingdom enterprises **liberally** and **worthily** through the Cooperative Program.

The need of the hour among our Baptist people is really to put the Cooperative Program to the **test**! Let's be done with designations and high-pressure and spasmodic campaigns, and let's tithe through the local church which, in turn, will allocate ever-increasing percentages through the Cooperative Program for all the causes dear to the heart of the Saviour.

Our denominational leaders, our Agencies, Boards, and Institutions must constantly and prayerfully evaluate their work in the light of their expenditures. We live in a changing world, and our leadership must be alert and progressive.

The highest type of efficiency in methods must be achieved in order for the Cooperative Program Dollar to be most effective. No Church or Association in Arkansas should ask for and receive one dollar of Cooperative Program money if that Church or Association is able to carry its own load. Each Board, Agency, and Institution—State and Southwide—should serve within its own particular sphere so that there will not be the waste of duplication.

It is absolutely essential not only for the individual Baptist and the local church to be good stewards, but also for all of our Boards, Institutions and Agencies to be good stewards.

As workers together with God, we as Baptists can through Christ realize the full potential of the Cooperative Program plan. Surely, we will do it for Jesus' sake and because we love a lost world!

EXECUTIVE BOARD

To the Arkansas Baptist State Convention in session at Immanuel Baptist Church, Little Rock, Arkansas, November 18-20, 1952, the Executive Board of the Convention presents its annual report.

Your Executive Board, fully cognizant of the sacred trust committed to it as well as the great responsibilities that it bears, comes now to give account of its stewardship for 1952. We desire to confess and to give assurance that it is our chief joy to prosecute the work of the Arkansas Baptist State Convention, and to carry out the Convention's instructions and orders, not only as expressed, but also the unexpressed will and spirit of this great body. You must know that we are happy indeed to be able to report the signal blessings of the Lord upon our work, and much progress under His direction and power. While there is a great joy in the fellowship of service, and much gratification in all achievements, yet there is always a great chasm between the largest promise of ideal hopes on the one hand and the shabby experiences on the other. In spite of well laid plans and efficient methods in operation, there is usually much lost motion experienced on account of the resistance of spiritual wickedness. It corresponds to Ohm's law in the transmission of electric current. The current or power is equal to the pressure divided by the resistance. So, in denominational work, try hard as we may, there are always some discouragements and some disappointments. Nevertheless, this is a splendid year for our Baptist Zion, and with gratitude to God and with thanks to the brethren we make this report to the 99th session of this Convention, which is in its 104th year of operation. (This is a partial report covering the first 10-months of the calendar year, but

the full report will be printed in the annual in January to cover the entire 12-month period.)

1. Missions

Your Board holds missions and evangelism dear to its heart. We believe that it has the same spirit that the entire spread of our denomination has. It believes in and supports Foreign and Home Missions as well as State and Associational Missions. Our support for Foreign and Home Missions is given through the Southern Baptist Convention Agencies, of course, and our support to Associational Missions is given through the associational organizations, and through our State Mission Department, under the direction of Dr. C. W. Caldwell, we have two general missionaries giving their time to setting up missions and strengthening them and developing them into churches. This department will bring its own report more fully to this convention; hence we are making very little comment in our report on State Mission work. During this 10-month period your Board has spent \$77,338.27 on State and Associational Missions, and has remitted to the Southern Baptist Convention Executive Committee \$268,427.78 undesignated money, 50% of which was for Foreign Missions and 14% % for Home Missions, plus \$11,047.10 designated for Foreign Missions and \$1,487.62 designated for Home Missions. Offerings by the W. M. U. Organization and the churches for the Lottie Moon Fund and for the Annie Armstrong Fund are not included in the above mentioned figures.

II. Other Departments

Your Board operates, in addition to the above mentioned State Mission Department, the following other Departments: The Sunday School Department, The Training Union Department, The Baptist Student Union Department, The Brotherhood Department, The Music Department, and **The Arkansas Baptist** (weekly publication). Your Board is providing for a new department, The Department of Evangelism, to be set-up and operated beginning in January, 1953. At the beginning of the year, Your Board divided the Department known as "The Religious Education Department" into four different and separate departments: The Sunday School Department, The Training Union Department, The Baptist Student Union Department, and The Music Department.

The Sunday School Department

The State Sunday School Department is operated under the efficient direction of Dr. Edgar Williamson with Rev. George Hink as his able assistant. This Department has had a splendid year, and in addition to the annual meeting called the Sunday School Convention, the Department has conducted some enlargement campaigns, training schools and other conferences. For details of the work of this Department, we refer you to the report given by the Sunday School Department.

The Training Union Department

The State Training Union Department has been this year under the able direction of Rev. Ralph Davis. The work in this field of service has enjoyed the blessings of the Lord during the year, and the enrolment and general work of the Training Union throughout the state have been set forward. We refer you to the specific report of this Department for detailed information.

During the year this Department has conducted its first state-wide workshop for the nursery, for the beginners, and for primaries. Brother Davis has held a planning meeting for Associational Training Union officers, eight or ten associational leadership schools, and several conferences and enlargement campaigns and clinics. Special emphasis has been placed on associational work. The Department had a successful season in summer field work.

The Baptist Student Union Department

The Baptist Student Union Department of our State work has experienced unusual growth and development and has rejoiced in the fine accomplishments and the excellent spirit among our Baptist students in the colleges of the state. Until August of this year, Dr. Dale Cowling was the Secretary of the B. S. U. Department, and performed an unusually fine service. Never was there better interest; never was there more consecration; never was there more devotion and spiritual dedication manifested among our Baptist Students in the schools of Arkansas. The state organization lost Dr. Cowling from this Department in August as he accepted the call to become the pastor of the great Second Baptist Church here in Little Rock. Dr. Cowling's vision of a deeper consecration on the part of our Baptist students and his holy ambition for their lives to be dedicated to the spiritual advancement of the Kingdom of Christ had a marvelous impact upon our young people, and his spirit will continue and we shall still profit by his suggestions and services in this realm of activity. We refer you to the report of the B. S. U. for detailed information.

The State Music Department

The Music Department of our Executive Board is under the direction of Mrs. B. W. Nininger. The work of this Department is directed to the end that our churches shall have a better program of music and one that will emphasize the great hymns of our Baptist Zion. Music festivals and Community Sings are among the fine activities of this Department. We refer you to the report for detailed information.

The Brotherhood Department

The State Brotherhood Department is wielding a magnificent spiritual influence over our Baptist men, and is giving to them a new map of Christian activity. They are more and more becoming aware

of the true purposes and vast possibilities of the Brotherhood organization. It is not a "Lodge", nor is it a "Club" existing for its own sake and functioning for its own pleasure. It has an objective at which to arrive, and a task to perform. Its aim is to give the men of the churches a vision of their possibilities in spiritual service and to activate them in Stewardship, soul-winning and personal consecration. We say these things because this is a comparatively new Department in Arkansas. The Department is under the direction of Mr. Nelson Tull who constantly and tirelessly keeps himself busy among the churches setting up local Brotherhoods and ministering to them and through them. He will have an assistant next year who will work among the young men and boys. For details of the Department we refer you to its own report.

Our State Paper

A very important Department of the work of your Board is the weekly publication which we call **The Arkansas Baptist**. The paper has for some years been rated as one of the best of all religious newspapers in the nation. Its appearance is attractive; its subject matter is interesting and edifying; its "geography" makes it easy to turn to any particular item. The circulation of the paper is nearing the 45,000 mark. The small subscription prices and low advertising rates do not pay the cost of publishing the paper; hence the allocation for the paper in the State budget. Editor B. H. Duncan will give details in the report that comes to the Convention.

The Woman's Missionary Union

The work of the Arkansas Baptist Woman's Missionary Union is so well understood by all of us that little needs to be said here. We remind you, however, that the W. M. U. is not a Department of your Board's work, but rather an Auxiliary to the Arkansas Baptist State Convention. But it is financed by your Board through the general state budget. The major work of the W. M. U. is teaching direct missions and raising money in three special campaigns during the year for State Missions, Home Missions, and Foreign Missions. There is any number of smaller tasks that they perform. Miss Nancy Cooper continues to lead the organization. Their report will come in detail to this convention.

III. Benevolences

In our Baptist ranks our love for each other may not be as sentimental and tender as in former years, but it yields a large fruitage in material benefits. Early this year a series of tornadoes destroyed a half-dozen Baptist churches in the state. Most of them carried insurance, but not enough to replace them. The First Baptist Church in Judsonia had, largely through the interest and astute judgment and persuasion of one of its leaders, Mr. Herbert Graves, increased the volume of its insurance and collected nearly enough to rebuild; but

other churches very badly needed help. A simple appeal was made by your Board, and more than \$31,000.00 was given to help our unfortunate brethren rebuild their houses of worship. The fund was distributed, upon recommendation of a special committee, as follows: Judsonia First Church, \$2,414.38; Central, Bald Knob, \$25.00; Judsonia Negro Church, \$2,848.79; Midway Baptist Church near Bald Knob, \$10,574.46; Georgetown Baptist Church at Georgetown, \$4,797.49; Trice Chapel (Negro) Church near Cotton Plant, \$5,277.23; Eudora (Negro) Church, England, \$5,277.23. The churches have all expressed deep appreciation for our love and help.

The Bottoms Baptist Orphans Home

Our orphanage needs additional housing accommodations. The receipts for the Home have been larger for the last two years, and the present administration has been able to replace some of the capital funds that were spent for operations by the administration immediately preceding this one—funds which the C. R. Pugh administration had gathered and saved for new building purposes. The Home needs additional dormitory space so that more children may be cared for, and the institution's Board is planning the construction of buildings for this purpose. Some buildings have been constructed during the last five years, but they are for livestock and not for children. It is costing much more for current operations now than it formerly did, but it must be remembered that everything is more expensive now than they were in former years. During the depression years money for improvements and for operating the Home was not available in large sums. Then during the war years, 1939 to 1945, materials and satisfactory labor were almost impossible; hence the "run-down" condition of the orphanage. Now that both men and materials and money are available your Board believes that the facilities at the Home should be enlarged. It is the present policy to finance the institution partly through the Cooperative Program and partly by the Thanksgiving special offering. Your Board would urge the messengers of the churches to promote the special offering in their churches immediately upon their return home from this Convention. The H. C. Seefeldts are giving themselves unreservedly for the larger development of the orphanage. For more details about the Home we refer you to its report.

The Arkansas Baptist Hospital

Arkansas Baptists have in Little Rock a great institution of mercy. It is a great hospital "A-1" in its rating and service. This superb institution is doing a blessed ministry in healing the sick. The new office building is the last word in facilities for doctors' offices. The rental income will retire the debt occasioned by the construction of the building. The hospital should have another wing constructed in the near future. This would somewhat relieve the crowded conditions and would enable the institution to care for more patients. The

entire hospital should be air-conditioned. In addition to the allocation for the Nurses' Training School your Board is recommending an allocation in the 1953 State Budget for the current operation of the hospital on account of the immense volume of charity work done every year. Its Board of Trustees will make a detailed report to this Convention.

Minister's Retirement Plan

Four hundred more preachers ought to join the Minister's Retirement Plan at once. The one thing about it all that pains our hearts is that the one phase of our work with which only preachers are involved and which activity our preachers can either make or break has become the most neglected and the most poorly supported activity that we are pursuing. Our preachers are leaders, and they ought to make the Preacher's Retirement Plan head the list of all successful movements. We believe that the preachers ought to have as much consideration for their future as they do for their present, and for the sake of a few current dollars they should not neglect the future of their lives and of their wives. The Minister's Retirement Plan is in comparatively good condition. We mean that we are in a better condition in Arkansas regarding this plan than the average state, but your Board is not satisfied to be just a little better than the average, when the average makes a poor showing. The maximum membership dues in the plan is 3% of the current salary, month by month, and no one can pay more than \$10.00 per month regardless of the amount of salary. These dues beginning when one is eligible and paid monthly thereafter entitles one to a retirement annuity after age 65 in the amount of 50% of his average salary over the last 25 years of his participation in the plan. There is also a provision for a disability pension in the amount of \$500.00 per year. Membership in the Minister's Retirement Plan entitles a preacher to have membership in the Widows Supplemental Annuity Plan. This Supplemental Annuity Plan would necessitate an additional payment of 1½% of one's monthly salary, which dues are to be matched by the denomination. This arrangement would entitle a preacher's widow to a pension. Details of the plans may be had by contacting the office of the General Secretary.

IV. Christian Education

Here we should mention the fact that since the discontinuance of Central College in 1950 the Arkansas Baptist State Convention is striving to make a great Baptist college in Arkadelphia. We are concentrating on Ouachita College and we are improving it and enlarging it. During the depression, we left Ouachita College out of financial benefits so far as the Convention program was concerned. For several years the Convention provided no funds for the institution. It was left to its own, to survive or perish. It survived, but its plant deteriorated. Then during the war years when materials were scarce, the buildings experienced further decay, and some of them went to pieces. Then

we awoke to the fact that we were not doing right about our educational program. The Million Dollar Campaign for Ouachita College was conducted. This campaign including contributions made for replacing the Main Building which was destroyed by fire was 80% perfect. This was the best response that we have ever had, perhaps, for raising Christian Education money. New buildings dot the campus and we have a great plant there in Arkadelphia. At the present time two new buildings are under construction. One is the new Administration building, and one is a boys dormitory. Practically enough funds are in hand for the Administration Building and the income from the boys dormitory will finance that building. It is expected that the school will have full accreditation with the North Central Association of Schools and Colleges by March, 1953. The enrolment has been increased very much over that of last year, and the spirit is the finest that we have ever seen. Dr. H. A. Haswell is making a marked success in his administration of the school, and is to be commended as President of this great institution.

V. The Office Building in Little Rock

Baptist Departments are occupying the recently purchased office building at Fifth and Spring Streets in Little Rock. This building is located in one of the most desirable business areas of the city, and has practically doubled in value since we purchased it. It is fully paid for now, and we have full title to it.

VI. Out of Debt

Your Board is happy to announce to you that we have, through the past several years, carried forward on your instructions to pay the Honor Debt. You will remember that in 1937 we settled our debts on the basis of thirty-five cents on the dollar in principal amount. The Federal Court approved the action and declared the debts settled. They had no more legal status. When we had this settlement, we did not destroy the cancelled notes and cancelled bonds. We kept them. Then in 1943 you instructed us to pay the other sixty-five per cent in principal amount on all bona fide notes and bonds that were outstanding at that time. Your Board adopted a policy of paying ten per cent each year, and this year finishes all the payments. The last dollar of these old debts has been paid in so far as we are able to determine. There are a few bonds that seem to be lost and some of them may appear in the future, but your Board has advertised in the daily newspapers in St. Louis, in Little Rock, in Memphis, in Nashville, and in New York, and in New Orleans. We have done our best to find all the outstanding paper, and every bond and note that we have been able to find has been paid one hundred cents on the dollar in principal amount. The Convention, therefore, so far as your Board knows, has no indebtedness. Your Board has had many commendations from individuals and from organizations, both within and without the state, on

its action in paying a debt that had no legal status. The concensus of remarks is that we are living up to our Christian ideals. Your Board gets a great consolation and satisfaction out of the fact that we have done our best to keep faith with the people who loaned money to us, and is happy over the outcome of the whole situation. During the time that we have been paying these old debts, we have expanded our work in every direction. Your Board has been increasingly financing a great mission program from the local association clear on out to the ends of the earth. Our institutions have grown, and we have added department after department to our state work. The B. S. U. Department has been created, and the State Music Department, and the Brotherhood Department and a Department of Evangelism is now being created. God has marvelously blessed us all the time that we were paying these old debts. Thanks be to His Blessed Name that the denomination as such "owes no man anything but to love one another."

VII. The Work of the Churches

Your Board is not only the clearing house for the business of the Convention, but it is likewise a clearing house for information both in-coming and out-going. It has received many very fine reports official and unofficial from the churches throughout the state. Never was there a day when our Baptist churches were so busy and had such a progressive program going among their memberships. The churches are increasingly interested in world missions and are constantly doing more and more for the great world program of our Lord and Saviour, Jesus Christ. Our churches for the most part are very highly organized. Your Board hopes that the prayer life of the churches and the pastors is matching their programs and activities.

A total of 14,769 baptisms is reported for the year. This is an increase of 746 over last year and is, therefore, an encouraging trend. The number of baptisms really represents the progress of the Kingdom work, and should, therefore, be more or less a barometer in our work.

We ought to win more souls each succeeding year, and we have very little reason to say that we have won more to Christ than we have baptized. We trust that a Department of evangelism will greatly increase the results in our soul-winning effort and that next year we can report many more baptisms than we have ever had in any one year.

VIII. The Cooperative Program

Since the summer and fall of 1950 there has been a marked spirit of co-operation among our people and the contributions have been much better, and the Cooperative Program and State Budget have

fares much better during these two years. Your office has received all the money that it needed to pay the allocations for the past two years. This year the State Budget is \$876,283.33, and we have received every dollar that we needed to satisfy every allocation month by month, and we are a little bit ahead on our collections at the present time. Thus far, 980 churches have contributed for the Cooperative Program, and a few others have made designated contributions. Upon the inspiration of this record for the past two years, and upon faith in the future, your Board is suggesting an enlarged budget for 1953. It has voted to recommend a total budget of \$1,071,566.67. (See proposed budget on page 32.)

On December 31 we find that during 1952 1,030 churches made contributions for the general work of the Convention. 1,003 churches contributed through the Cooperative Program, and a total of \$923,932.25 was given for the Cooperative Program during this 12-month period.

IX. Other Items

Your Board is happy to report that your Central College Liquidating Agency is nearing the end of its journey. The personal property has been disposed of at the best possible price, and the property in Conway has been sold to the Arkansas Missionary Baptist Association for a flat sum of \$85,000.00. We refer you to the report of the Liquidating Agency for the details.

Your Board is also happy to report that the Arkansas Baptist Foundation Corporation has obtained the services of Mr. W. A. Jackson as Executive Secretary to promote the work and to obtain gifts and to encourage people to make their wills in favor of Baptist work and Baptist institutions.

X. Finances in General

Your Board is happy to report that the financial condition of all our work is in a healthy state of affairs. At the end of the year the auditors report will reveal that all monies have been carefully handled and disbursed according to the instructions of the Convention. During the ten months your Board has received \$758,824.13 in distributable funds and \$92,750.24 in designated funds. A designated contribution, of course, is not distributable and is, therefore, not counted as a Cooperative Program contribution, but any church and any individual has a perfect right to send in designated money for any cause that we operate, and your Board is just as faithful to disburse such designations according to the wishes of the donor as it is to disburse properly the distributable receipts of the Cooperative Program.

On December 31 we find that during the entire year of 1952 the Executive Board had received in undesignated contributions \$923,932.25. We received in designated contributions \$137,614.06, making a total of cash contributions amount to \$1,061,546.31. We also received in miscellaneous cash receipts, such as for Ministers Retirement Plan, the Sunday School Board's contribution, and other cash receipts, a total amounting to \$218,979.54 of miscellaneous receipts. The grand total, therefore, of cash contributions both designated and undesignated and all other cash receipts amounts to \$1,280,525.85. This amount coupled with the cash on hand at the beginning of the year made the Executive Board's office responsible for \$1,384,694.91, and the auditor's report gives full account of the handling of this money.

Your Board believes that Providential circumstances have brought us to the day of a great convention and have brought us to the sunrise of a new day and a brilliant future which call for a far-flung vision and plans not confined to the brief period of one year, but rather the projection of a far-reaching program and a worthy set of larger objectives. We therefore recommend the following five-year program as minimum goals to be achieved:

FIVE-YEAR OBJECTIVES

Your Board recommends the following five-year objectives, as minimum goals:

FOUNDATION

“And he spake a parable unto them, saying, The ground of a certain rich man brought forth plentifully: and he reasoned within himself, saying, What shall I do, because I have no room where to bestow my fruits? And he said, This will I do: I will pull down my barns, and build greater; and there will I bestow all my grain and my goods. And I will say to my soul, Soul, thou hast much goods laid up for many years; take thine ease, eat, drink, be merry. But God said unto him, Thou foolish one, this night is thy soul required of thee; and the things which thou hast prepared, whose shall they be? So is he that layeth up treasure for himself, and is not rich toward God.” (Luke 12:16-21).

The possession and use of wealth presents a responsibility on the one hand and provides an opportunity on the other.

Wealth is a power. The possession of it, and its right use is a responsibility we cannot dodge, and for which we must give an account in the day of reckoning. When the use thereof is directed by the Holy Spirit of God through the channels of the church and its organizations, it can be made a tremendous blessing, both to the possessor and to those whom it may be used to bless.

We need to create in the minds of our people a conscience of the proper use of wealth and its power given to us by our great God who created the heavens and the earth, who meant for us to use all our possessions for His glory and the perpetuating of His work by our support.

We as Arkansas Baptists have just in these last few years created a Foundation organization and recently employed Brother W. A. Jackson as our secretary, who will spend his time causing Arkansas Baptists to become acquainted with the work of the Baptist Foundation. Through this Foundation we can make our life savings a perpetual producer and support of our entire Cooperative Program, including our colleges, hospital, orphan's home, and all other missionary agencies. All of our institutions need and must have down through the years just such equitable and firm support as the Foundation offers. The Foundation presents to our Baptist people an opportunity for investment from every angle by gifts made through wills, bequests, cash, real estate, insurance policies in any amount as the donors may designate.

Since our Foundation is new, having had one secretary only for a short time, Dr. Freeman, who due to his health had to resign, and this our new secretary, Brother Jackson, is now taking on where his worthy predecessor left off, which will take quite some time before any great tangible or visible results may be seen, we must have patience

and remember that this is an organization to build steady, permanent and continuous support for all our work.

This organization will succeed in keeping with the support, cooperation, understanding, prayers and patience of the brethren in the Convention.

This board may be contacted by addressing Brother W. A. Jackson as secretary, or Dr. Ben L. Bridges, 403 West Capitol Avenue, Little Rock, Arkansas.

FOREIGN MISSIONS

The fact that "the field is the world" is being impressed upon our hearts more and more. Being forced out of some countries, our missionaries have not taken refuge in an "inactive status, to wait and see what will happen, but have been reassigned to other fields.

In many cases these are new fields which we had not previously entered. When Paul was in prison and adversity seemed to have fallen upon him he said, "The things which happened unto me have fallen out rather unto the furtherance of the gospel."

Southern Baptists might well echo that word. New doors are opening, new fields are beckoning, new vistas of fruitful service are appearing before our eyes.

A survey of our present activities in foreign fields reveals the names of hitherto unknown and unnoticed countries and areas. The Philippines, Malaya, Indonesia, Thailand, Formosa, Korea, Guatamala, Costa Rica, Honduras, Equador, and Venezuela. These are among the newer fields of service which have been entered.

The development of the new international seminary in Zurich, Switzerland is a further indication of world vision and of the response of Southern Baptists to the challenge. No less than eighteen different countries are represented in its student body.

The types of work done by our missionaries are almost as varied as the fields—preaching, teaching, healing, establishing mission stations, opening new churches, printing and distributing Christian literature, home visitation, evangelism in the highways and byways, helping young converts to grow in grace. These and scores of other activities are represented among them.

In it all the passion to make Christ known is supreme. Our missionaries are not concerned first of all about improving living conditions and leading other peoples to adopt the American way of life, they are concerned that people should **find life** and find it more abundantly in Christ.

Figures and statistics tell only a part of the story and they may become wearisome, but in order to get an adequate conception of the

wide sweep of our mission program we need to know a few concrete facts.

Southern Baptists had—early in 1952—a total of 832 missionaries serving in 30 countries of the world. Three hundred fifteen of these are men, 312, married women, 205 single women.

In their work they are associated with at least 3,000 national Baptist workers in 1,900 organized churches having a total membership of 189,225. During the year, 18,372 members were added by profession of faith and baptism.

To develop strong, growing churches which can meet the needs of such an hour as this our missionaries have promoted Sunday Schools, Training Unions, Missionary Societies and other organizations.

Any denomination which neglects the field of Christian education must inevitably fail in its final objective. Southern Baptists have recognized this fact and have vigorously promoted the development of schools, colleges, and academies in the lands afar.

Baptist churches in these lands have organized themselves into associations and churches. Through the conventions 400 schools are promoted which have almost 50,000 pupils. Of these schools 350 are below high school level. There are 18 high schools, four colleges, five normal schools, seven Training schools and 14 seminaries.

Who can visualize the possibilities wrapped up in the host of young people who are thus trained for various vocations in life?

Beyond the field of Christian education as such we have developed five publication houses, five hospitals, ten dispensaries and five clinics to minister to those where medical facilities are available for only a minute percentage of the population.

In 1951 Southern Baptists Contributed \$6,900,000. Approximately 95 per cent of this amount was appropriated for support of missionaries and work on foreign fields. Only about two per cent went for administrative expenses.

Was there ever an hour when we needed to push the work more vigorously? Was there ever a time when the message of the gospel was more urgently needed? "The field is the world" and by God's grace and with His help we must enter in!

HOME MISSIONS

Last year home missionaries reported 36,390 professions of faith in response to their 99,033 sermons. The evangelistic crusade in the southeastern states led by the Department of Evangelism of the Home

Mission Board resulted in the greatest number of baptisms ever reported in the churches in the area. This consummated the first phase of evangelistic crusades by divisions of west and east. In 1952 evangelism has turned toward smaller units for crusades by districts and associations. Some statewide crusades were held in the spring of 1952.

The meeting of the Southern Baptist Convention in San Francisco in June of 1951 focused attention upon the Home Mission Board's work in the west. Besides great increases in Convention states of the West—Kansas, New Mexico, Arizona, California, Oregon, and Washington—there has been an overflow of Baptist emphasis resulting in 150 Southern Baptist Churches in Utah, Wyoming, Nevada, Idaho, Colorado, Indiana, Ohio, West Virginia, and Michigan, affiliated with border states.

In the Department of Direct Missions, 344 missionaries, serving those who are shut off from the gospel by barriers of distance, racial distinction, language, and social and economic differences, won 6,767 converts. Each missionary in the department must serve an average of 27,000 people. In the Board's work among migrants, one missionary couple distributed 24,040 garments and 1,045 health kits last year. Churches are being encouraged to serve the migrants while they are working in nearby areas and thousands have come to look to the "mission on wheels" for a direct spiritual ministry.

Work recently started among isolated ranchers, oil field workers, and others out of touch with the Baptist message, has proved a blessing to scores of neglected households. Work in the outposts—Alaska, Cuba, Panama, and the Canal Zone—has shown gratifying progress during the past year. Simultaneous evangelistic crusades were conducted in Alaska and Cuba. The total number of baptisms in the outposts was 30% greater than the previous year.

Interest in Negro work in our Convention territory has definitely increased. The work of the eighteen Negro centers in which white leaders co-operate with the Negroes in a constructive educational and missionary program, the participation of hundreds of Negro churches in simultaneous evangelistic crusades, the institute work done by the 28 teacher-missionaries of the Board, the extension courses administered co-operatively by Negro colleges, state mission boards, and the Home Mission Board, and the general interest awakened by the widespread discussion of the race problem have all combined to stimulate Baptist concern for the eleven million Negroes in our midst. Workers of the Home Mission Board reached a record number of 51,000 Negro leaders in classes, conferences, and institutes during the year.

In the Department of Jewish Evangelism the first Southwide Jewish Fellowship Week sponsored by the Board was promoted November 5-11 last year with encouraging response.

Southern Baptists now have 402 active chaplains to serve the estimated 355,000 Baptist men and women in the armed forces. The chaplains reported 10,464 professions of faith in 1951.

The Student Summer Mission Program enlisted 305 students to assist regular missionaries during the summer months. They served on a thousand mission fields and reported 3,826 professions of faith and 1,030 surrenders for special service.

A total of 1,170 missionaries (including 305 students) served the Home Mission Board last year. The Board has work among the Chinese, the deaf, French, Indians, Italians, Japanese, Spanish-speaking, and the services of Good Will Centers, Rescue Homes, and the Emergency Home in the field of direct missions. In other departments the Board has ministry among the Jews, the Negroes, ranchers, and migrants. Through the Department of Co-operative Missions the Board serves in mountain missions, the rural church program, and city missions. Through its Department of Evangelism, Education, Schools of Missions, and the Outposts various types of service are rendered in many avenues; while ten general field workers spread their services over the whole Convention territory. The Chaplains Commission, the Board's radio ministry, and its church building loan funds all minister to the spiritual needs of our people.

We recommend that the churches consider the budget plan of subscribing for the magazine, **Southern Baptist Home Missions**, and send it to all church families.

We further recommend full co-operation with the Convention plans for enlisting unaffiliated Baptists.

We recommend also that in 1953 we join with the Home Mission Board in its Five-Year Crusade emphases upon ministering to minority groups.

HOSPITALS

ARKANSAS BAPTIST HOSPITAL

Little Rock, Arkansas

Arkansas Baptist Hospital reports its busiest year in the history of the institution. 17,428 patients were treated by its personnel. Pay patients and charity alike found our facilities excellent and nursing care up to its peak.

Through the help of the Mothers' Day offering, and the income of the Hospital, charity patients were cared for at a total cost of \$79,703.11. These patients received the same care as did our full pay patients, as we have no charity ward, but place our patients adjacent to pay patients.

The Hospital is pleased to announce that its Medical Arts Building, which was completed about the middle of January, is now about 90% occupied, and is on a paying basis. Cost of the building was approximately \$685,000.00, and the payments on our loan of \$460,000.00 and the operation of the building is now being paid by the rent received from the tenants themselves. We had estimated that it would take approximately two years to reach this point, and are therefore very thankful that our progress has even exceeded our expectations.

In the Medical Arts Building we have established a Drug Store, and a Coffee Shop which are run by the institution. Both of these departments were established for the purpose of serving our patients, their relatives, and our personnel. In addition they will offer income to the hospital. This administration feels that it must do everything in its power to create income from other sources than patient care, due to the high cost of hospital operation today.

Our Chaplain, Dr. J. F. Queen, spent a year of visiting patients, counseling with relatives, conducting chapel services, and teaching courses in Bible to all student nurses. He makes more than 900 visits to the bedside of patients each month. He also spends much time in public relations, and speaks to many churches and associations each year.

The medical staff now numbers 200, with specialists in every field, all joined together in order to give the best medical care to patients of this institution.

In looking to the future, the Board of Trustees and the Administration feel that it is necessary to take immediate steps to enlarge the facilities that are now used for our present operation. We should build private rooms with private baths, telephones, piped oxygen, air-conditioning, etc., and offer to the community equal facilities with other new hospitals that have recently been built or are now under construction. At least 100 additional beds need to be added, plus an addition to the nurses home. A psychiatric ward, contagion and physical medicine department are planned in such an expansion program.

Arkansas continues to grow as well as Little Rock. Forty per cent of our patients come from over the State. The patient load continues to increase and many people cannot be cared for when they require the services of a hospital bed. Consequently many patients die each year that might have been saved had we been able to care for them at the beginning of their illness.

We express our appreciation to the people over the State and our Baptist leaders for their fine support of our Baptist Hospital the past year.

BAPTIST MEMORIAL HOSPITAL
Memphis, Tennessee

Our Saviour placed great emphasis on the ministry of healing.

The part of our service which is susceptible to tabulation is recorded below. However, we should not overlook the important, though intangible, phase of our ministry. A wanderer led to Christ by the Chaplain, an intern volunteering for the foreign mission field, a half million visitors who come in contact with a Christian ministry and a Christian nurse comforting a sick, lost soul—these are the true reasons for operating a Baptist hospital.

To many of us figures are not interesting, but we must present certain statistics in order to show fully the work done by this institution. During the past year, the Hospital admitted the largest number of patients in its history, 24,327. Also, those treated in the Out-Patient Department, 13,746, represented the largest service in the thirty-nine years of the Hospital's existence. This means that on an average of every fourteen minutes, day and night, week-ends and holidays, someone called on us for assistance. During this year a total of 177,750 days of service was rendered. In other words, on an average the Hospital had 487 bed patients at all times. Leading medical authorities and hospital administrators feel that an institution cannot render its best service if it runs over 85% average occupancy, and yet we averaged 97.4. Many, many days every bed was filled, and it is estimated that we had to refuse admission to three thousand patients because of lack of space.

It is physically and financially impossible to satisfy all the demands made upon us for free service. Last year we rendered 15,708 days of free service, and 12,105 days of part-free service. Again, figures are uninteresting, but these show that on an average there were 76 patients in the Hospital at all times who were not paying for the cost of the service. This cost to the Hospital during the year amounted to \$288,281.13. Where, actually, does this money come from? We should give prayerful consideration to the tremendous number of requests for free service. As our endowment income is now being set aside for building, the only source of revenue for carrying on the charity work is income from the pay patients. An analysis of the above figures shows that each private patient, on an average, must pay \$13.41 more than the cost of caring for him in order for the Hospital to maintain its present charity program. This additional drain comes on the pay-patient at a time when he is least able to afford financial output. This is a serious matter and should be on our hearts.

During the year Chaplain Frederick P. Loman led thirty patients to accept Christ as their personal Saviour, and there were thirty-one re-dedications. During this period the Chaplain visited 5,721 patients.

The number of tracts taken by patients and visitors was 5,050. Another phase of our religious activities which is unique is the service held for colored employees. This year three colored employees were led to Christ, and five re-dedicated their lives. The Hospital has a religious program covering the needs of the student nurses. Patients and employees also attend the vesper services and the noonday services each day. Miss Margaret Reeves, our new religious secretary, is a graduate of Baptist Memorial Hospital School of Nursing, and she is doing an outstanding work among students on our campus.

We have been greatly blessed in the progress being made on our building program. Our present plans are to break ground early in 1953. This addition will enable us to render service to 12,000 additional patients each year. Of course, we decline to accept federal funds. It is interesting to note however that we could have received from the federal government over four million dollars based on allocations which the government has given other hospitals in Memphis. We are deeply grateful for the support which the Arkansas Baptist Convention has given us, and all funds are being set aside in a special building account which will be used for building purposes.

We solicit your prayers.

SOUTHERN BAPTIST HOSPITAL

New Orleans, Louisiana

Statistics for the Year 1951

A total of 31,764 patients were admitted to the hospital during the year. Of this number, 15,207 were bed patients, 13,202 out patients and 3,355 new born infants. A total of 125,394 Patient Days of Service were rendered. This was the largest number of patients admitted to the institution in its history.

It is interesting to note that the total number of admissions to the hospital during its 26 years of service is greater than the population of New Orleans.

New Addition Completed

During the year the new South Wing Addition was completed at a cost of \$2,250,000.00. The new facilities, completely air conditioned and modern in every respect, increase the total bed capacity to approximately 550 beds and 80 bassinets.

Also housed in the new addition are a new Laboratory, Blood Bank, an Auditorium seating 200 people, a new Medical Records Department, a new Cafeteria for student nurses and employees, additional administrative offices, storage facilities and a new lobby.

Other Improvements

A program of expansion and renovation is underway in the older sections of the building and will be completed as rapidly as funds are available. These improvements include renovation and remodeling of the Main Kitchen, the moving of the Pharmacy to a new location, the enlargement of the Out Patient Department, and numerous other improvements.

Jacksonville, Florida Hospital

Several years ago the hospital Board accepted the responsibility of establishing a hospital at Jacksonville, Florida, in cooperation with the Baptists and other interested citizens of that city. A beautiful site has been purchased and the plans for the first buildings to be constructed are well underway.

The Jacksonville Project has received the approval of the Convention and it is expected that the institution will be completed within the next two years.

Religious Program

The Southern Baptist Hospital maintains the services of two full-time chaplains, Dr. W. W. Hamilton, former President of the Southern Baptist Convention and of the Baptist Bible Institute, and Rev. J. Don Corley, his associate.

In addition to the chaplains, there is a full-time Director of Student Activities, who devotes her services to the religious, social and recreational life of the student nurses.

The hospital day begins with a devotional service for the patients, conducted over the radio facilities with a speaker at every bedside. The student nurses and other members of the House Staff conduct prayer meetings and vesper services both in the hospital buildings and in the dormitories.

School of Nursing

Several years ago the hospital School of Nursing was named for Miss Harriet Mather, who has served as its Director for a number of years.

Young women who are graduates of an accredited high school, in good health, and of good moral character are eligible for admission to the school. One of the greatest services Baptists can render to the hospital is that of assisting in the recruitment of young women for training as professional nurses. A substantial number of scholarships are available to those who can qualify. We urge upon our people to assist in interesting our fine young women in our training program by sending their names and addresses to the Director of the School.

Obituaries

It is not man's will that men die, but it is the will of God.

While there is cause for grief, there is no reason for despair, because Christ has won the victory over death. "For the Spirit of him that raiseth up Christ from the dead shall also quicken our mortal bodies." In our sorrow we cast our care upon Him, for He careth for us. Too, we remember that "All things work together for good to them that love the Lord." Our hope is in Christ who shall return to redeem our bodies and take us unto Himself. We prayerfully submit ourselves to the God of all comfort, awaiting the day of final victory through Christ, who shall change our vile bodies and make them like unto His glorious body.

During the months since our State Convention met many of our number have answered the call of the Lord and have taken up their citizenship in heaven. We recognize the providence of God in their departure. They died in faith. Their memory is cherished. Their works do follow them.

We do not sorrow for them as ones that have no hope. "For as we believe that Jesus died and rose again, even so them also that sleep in Jesus will God bring with Him." Our hope of the resurrection of the dead is in God our Saviour, for as Paul has said, "looking for that blessed hope and glorious appearing of the great God and our Saviour Jesus Christ."

In loving memory of the denominational and educational leaders, faithful ministers of the Gospel, deacons, Church leaders, and Christian citizens we read the following paragraphs from the Word of Comfort: 1 Corinthians 15:51-58.

BOTTOMS BAPTIST ORPHANAGE

As we make our report to Arkansas Baptists this year we would like to bring a few facts from the past, a brief appraisal of the present, and a challenge for the future.

PAST. We have heard considerable about Arkansas Baptists—"in the last century." We remind you that the Orphanage was established a little over a half century ago (1894), and by 1895 the reports indicate "Room for 50 children." Twenty years after the Orphanage was established, in 1914, the report indicates 186 children, and Arkansas Baptists reported 114,834 members, including the Landmark brethren. The 1915 report shows 192 children. The 1916 report reveals that 119 children had been placed in homes during the year and the population of the Orphanage pulled down to 98. In 1923 a fire destroyed a dormitory and it was in 1924 that the present building for boys and girls was built, which was over a quarter of a century ago. The 1924 report shows a total of Convention Baptists as 105,937 members. In 1937 there was another building destroyed by fire which was replaced by the present Administration Building in 1938, when we reported 136,585 Baptists in the State. We expect this year's report to show the total number of Baptists in Arkansas as approximately 250,000.

PRESENT. The need for child care today is so much greater than it was a quarter of a century ago. Then there was one broken home reported in every 25-30, whereas today the number of broken homes averages one out of three, over all, and in many of the large cities there are more divorces reported than marriages, during the course of the year. Broken homes by divorce, and desertion and due to the effect of liquor today is heart-breaking and appalling. If the breakdown in the home continues to increase as it has in the last quarter of a century, only God knows what another 25 years will bring. Our present facilities provide for only 72 children, although at the time of this writing we are caring for two more boys than we have room for, which is only a few more than the year after the Orphanage was established, over half a century ago, and much less than in 1915 when the Orphanage took care of 195 children and Arkansas Baptists numbered a little over 100,000 members. We would not want to stack children in as they once were and the State and Health Standards would not permit it if we did. Our present buildings were provided a little over a quarter of a century ago at the time when the division between Convention and Landmark Baptists was taking place and after the Landmark Baptists withdrew with 37,640 members it left the Convention Baptists with only 105,937 members. Today with Arkansas Baptists numbering around a quarter of a million and the need so great and urgent, surely we want to face our responsibility in the light of our present strength and the tragic need for child care.

FUTURE. Every Southern Baptist State we know anything about has made and is making enlarged provisions for more children. Arkansas Baptists stand at the bottom of the list in the number of children cared for. Arkansas Baptists, however, are taking renewed interest in the Child Care Program for which we are deeply grateful. We are grateful, too, for a suggested larger allocation in our State Operating Budget for the Orphanage next year, and we appreciate beyond words the fine response to that part of the Arkansas Baptist Program known as the Thanksgiving Offering, which has been and continues to be the main part of the Orphanage support. We were able to put some aside last year out of Special Offerings for Capital Needs, and our Board is promising this year that we will operate within our income, putting any amount not actually needed to operate aside for the Capital Needs or Building Program. We are deeply grateful for the allocation in the proposed Budget of \$40,000 for Capital Needs which was placed there rather than to have a Special Campaign for a Building Fund for the Orphanage.

Your Orphanage Board voted unanimously to proceed as rapidly as possible, when the money becomes available, in building a cottage for boys and one for girls, caring for 16-20 children each, and another cottage for children 4-5 years of age, caring for 20-24 children. This will call for an outlay of some \$200,000. Ernest L. Bailey of Cabot, Arkansas, has proposed giving 10% of the amount Arkansas Baptists raise and put into satisfactory permanent buildings. If we raise \$100,000 he will give \$10,000 but indicates he would rather give \$20,000 if Arkansas Baptists will raise \$200,000. Another friend in Little Rock has expressed a desire to do the same thing.

We urge the churches to get behind the entire Cooperative Program, including the Capital Needs item, and that the churches include the Thanksgiving Offering as a part of the regular Arkansas Baptist Program with the understanding that any amount received above the actual operating needs go into Capital Needs Funds. We further urge that you include the Orphanage in your prayer program—remembering it as a last resort for helpless, homeless children—also as a Hospital for Broken Homes, and a definite part of the Arkansas Baptist Mission Program.

We read in Matthew 19:13-14 where little children were brought to Jesus and the disciples would have sent them away, but Jesus said, "Suffer the little children and forbid them not to come unto me for of such is the kingdom of Heaven." Let us not join in the attitude of the early Disciples and send them away, but rather let us be true followers indeed of Christ, by making provision for the needy child.

RADIO MINISTRY

The work of the Radio and Television Commission of the Southern Baptist Convention has grown tremendously during the past twelve

months. In every area of activity more work is being done this year than at any time in the history of our Southern Baptist Convention. The last payment was made on Baptist Radio Center in Atlanta this spring, and the Commission is now operating on a sound financial basis.

The **Baptist Hour** is being heard each week by some four million people, as it is carried by more than 320 stations in 28 states and 5 foreign countries. The spiritual results of this weekly broadcast of the Gospel are amazing. Souls are being saved, lives are being remade, homes are being reunited and churches are being strengthened in all of their work.

The Southern Baptist Convention voted in Miami that the Radio Commission should continue to finance the **Baptist Hour** through voluntary contributions sent in by listeners, and through direct mail solicitation. It will take a minimum of ten thousand dollars per month from this source to continue the **Baptist Hour** on its present basis.

Television is becoming increasingly prominent in the thinking of Southern Baptists. To meet the challenge of this great new field, the Commission has set up a television department and has employed a full-time television man to direct this work. While carrying on the largest **Baptist Hour** in its history, and launching new programs in television, the Radio and Television Commission is also expanding its transcription library. A number of new 15-minute dramatic programs on the Christian Home are now in the production stage, and these transcriptions will be available next spring for use in connection with Christian Home Week the first of May. Several 15-minute devotional programs of the **Chapel Upstairs** series have been produced this year, and others are now in progress. Some new Christmas dramatic programs have already been planned for 1953, and will be available some time next fall.

The Radio and Television Commission continues to co-operate with all the agencies of our Southern Baptist Convention, with our state conventions, and with local groups. The organization produces and distributes the **Good News Hour** for Dr. J. B. Lawrence and the Home Mission Board, and does occasional work of a variety of kinds for a number of our Southwide boards and agencies.

The activities of the Radio and Television Commission will be featured in the November issue of the **Baptist Training Union Magazine**; the December issue of the **Baptist Student Magazine**; the January issue of the **Sunday School Builder**, the January issue of the **Baptist Program**, and the January, February and March issue of the **Brotherhood Journal**. It is hoped that other of our denominational publications will help us in familiarizing our Baptist people with the continually expanding work of the Radio and Television Commission.

We deeply feel the untimely loss of Dr. Sam Lowe, our Radio Commission Director. We gratefully acknowledge his pioneer ministry in this field and give credit to him for much of its success.

RETIREMENT PLANS

The Relief and Annuity Board was organized by the Southern Baptist Convention for the purpose of providing an income for aged or disabled Ministers, Ministers' Widows, and other employees of the convention. It began in 1918 with assets of \$100,000.00. It has grown to present assets of \$17,613,434.86 of which \$6,000,000.00 was earned on invested funds. It has paid out in benefits as of December 31, 1949, \$12,708,644.76.

In Arkansas there are 694 persons participating in the Ministers Retirement Plan, with 680 churches cooperating. As of September 1, 1952, there are 35 annuitants receiving a total of \$21,196.03 annually and 5 disabled who are receiving a total of \$2,048.42 annually. There are 205 holding the Widows Supplemental Certificates of which one is receiving an income of \$163.92 per year. There are numbers of other Baptist Board and Institutional employees participating in the plan. In the Relief Department, 31 Ministers are receiving annually \$5,130.22 and 29 widows are receiving \$3,253.50. In all there are 1,674 participating in some form of benefits offered by the Relief and Annuity Board with 129 beneficiaries receiving annually a total of \$43,083.09.

The Ministers Retirement Plan provides for all regularly ordained Ministers who are actively serving one or more churches, and lay workers who are employed full time by churches or Baptist Institutions, to participate in the plan by paying 3% of their salaries, with the churches by which they are employed paying a like amount. It is understood that a 15% allowance for parsonage is to be added to the cash salary to arrive at salary basis. The maximum salary basis is \$333.33 per month. Thus no participant ever pays more than \$10.00 per month into the Plan.

The benefits to the participant will be figured on the basis of salary received and the number of years participating. One may receive a lifetime income of \$2,000.00 per year after retiring at age 65. Or one may enter the Plan from 3 to 5 years after reaching retirement age and receive at retirement much more than he would by merely being on relief. It is impossible for one to lose by participating in the plan.

For an extra small amount those participating in the Ministers Retirement can participate in the Widows Supplemental Annuity which will provide an income for his widow in the event of his death.

Remember you are headed for retirement. Why not lay aside a small amount each month and let the Relief and Annuity Board take care of you when that day comes?

SEMINARIES

Southern Baptists can point with pride to a history of continuance from one seminary in 1859 to the present ministry of six great seminaries strategically located over our vastly expanding territory. As our seminaries have grown and prospered our work has grown and prospered. Southern Baptists have been wise in keeping advanced seminary training separate and apart from academic training. This does not mean that we have done it to the neglect of academic training but that each field of training has been duly appraised and given support unhampered and free. This policy has warranted itself in the highest seminary enrollments of any religious denomination on the face of the globe and a ministry of the Word remarkably unified in doctrinal contact and techniques of presentation. Blest be the ties that bind us together so closely through voluntary co-operation. Free thinking and training under the Holy Spirit have brought us along together.

The seminaries owned and operated by the Southern Baptist Convention are: The Southern Baptist Theological Seminary at Louisville, the Southwestern Theological Seminary at Fort Worth, the New Orleans Theological Seminary at New Orleans, the Golden Gate Theological Seminary at Berkeley, California, the Southeastern Theological Seminary at Wake Forest, North Carolina, and the American Baptist Theological Seminary at Nashville, Tennessee.

Our mother seminary at Louisville, Kentucky, under the capable leadership of Dr. Duke McCall enrolled 913 students as it began its 93rd year (90th Session) in September, and of this number 106 are in the Graduate School. Of this number 60 are working toward the degree of Doctor of Theology, and 46 toward the degree of Master of Theology. Three women are enrolled this year in the theological school, two of which are in the Graduate School.

The Seminary's School of Church Music has 54 major students enrolled, an increase of 15 per cent over last year. In addition, there are 92 special students, made up of theological students and their wives, and students enrolled in the W. M. U. Training School. Dr. Forrest Heeren has been named director of the School of Church Music. He was previously connected with the Southwestern Seminary, Fort Worth, Texas.

The present number of faculty members and teaching staff is 28. New members this year are, Dr. H. Leo Eddleman, in the Department of Old Testament, Dr. Guy H. Ranson, in the Field of Christian Ethics, and Dr. Denton Coker in the Department of Religious Education. Dr. Johannes Schneider, of Germany, is serving as visiting lecturer in the Department of New Testament.

The Seminary has two men from the Nigerian mission field, E. A. Agboola, and Emanuel Dahunsi, in this year's student body. Mr. Agboola is the first graduate of the Nigerian Baptist Seminary.

Plans for the future include the construction of a one hundred-family apartment building, missionary apartments, and a new library. The faculty has voted to recommend to the trustees at their next meeting the establishing of a School of Religious Education.

The enrolment at Southwestern Seminary reached the total of 2,074, an increase of 178 over the previous year. This includes 1,276 in the school of Theology, 731 in the school of Religious Education, 137 in the school of Sacred Music. The enrolment for the summer session was 662. The enrolment for the first semester of the 1952-53 session is the largest in the history of the seminary.

Four new teachers were added to the faculty at the beginning of the year: in the school of Theology—John P. Newport, Associate Professor of Philosophy of Religion; T. M. Bennett, Jr., Instructor in Old Testament; in the school of Sacred Music—Nettie Lou Crowder to teach Church Music Education; Gladys Day to teach Organ and Keyboard Harmony. Professor L. Sarle Brown, Director of the school of Sacred Music, Eastern Baptist Theological Seminary, is Guest Teacher of Voice and Vocal Pedagogy.

With over a thousand more students than they had seven years ago, Southwestern is literally "bursting at the seams", and yet, they have not been able to provide any new dormitories, or apartment houses, or even one single cottage, in the last twenty-five years—when the enrolment was 627. This means, too, that the faculty must be enlarged to insure thorough teaching and training. The present ratio is one faculty member to every fifty students, while the recommended maximum is one to twenty.

Our seminary at New Orleans reports every record of past years broken during the past session. There were nineteen full-time faculty members in addition to the general staff and tutors. The student body now numbers 635, representing 24 states and five foreign countries.

The big news at New Orleans is that the New Gentilly Campus, a beautiful 75 acre plot, is rapidly materializing into one of the most beautiful campuses in our nation. They hope to move the administration and the classes to the new campus by September 1953. Completed buildings include: Library, five apartment buildings, women's resident hall, seven faculty residences. Those nearing completion are: Administration building, classroom building, and two faculty residences. Buildings under construction include: Music building, elementary and religious education building, cafeteria, men's residence hall, and book store. There is no indebtedness on these buildings.

New Orleans continues to be America's most potential mission field and, every week, the faculty and students win enough people to Christ and to church membership to form a good Baptist church if they were all in one place.

Golden Gate Seminary opened its eighth session, its third as a Southern Baptist Convention agency, with a record enrolment of 200. Dr. Harold K. Groves, new President, is working at the task of locating a piece of property on which to build the new seminary buildings. This seminary stands in the midst of a great home mission field and at the gateway to the Orient.

Southeastern Seminary had 95 students last year; this year it has 215. Because of limited space, enrolment must be held down until additional buildings are provided. Dr. William Hersey Davis has left his entire library to this seminary and the appeal goes out for other ministers and leaders to remember Southeastern with gifts of books, especially the old books now out of print. Fifteen states are represented in the student body and prospects for the future are bright. A great faculty is being built up at Southeastern.

SOCIAL SERVICE

It is unbelievable what Arkansas is paying for liquor revenue. According to the research service of the Temperance League of Arkansas, in a ten year period—1942-1951—the liquor traffic cost Arkansas \$759,856,469.00. Following is the Temperance League's statement concerning this matter:

“In a ten-year period—1942-1951—the liquor traffic cost Arkansas annually, and in the ten years, the amounts listed below. Federal census of 1940 used in figuring crime-cost for years, 1942-1949. Census of 1950 used in figuring crime-cost for 1950-1951.

“Liquor traffic's total cost to Arkansas in:

1942.....	\$70,624,022.00	1947.....	\$86,296,773.00
1943.....	61,742,693.00	1948.....	79,115,086.00
1944.....	74,237,815.00	1949.....	75,863,164.00
1945.....	81,575,029.00	1950.....	71,255,671.00
1946.....	85,712,906.00	1951.....	73,433,310.00

Total.....\$759,856,469.00

“Each \$1.00 of liquor “revenue”, over the ten-year period, cost above \$13.00!”

In 1950, \$8,760,000,000.00 came out of American pockets for alcoholic beverages, according to the office of Business Economics, U. S.

Department of Commerce. The total for 1949 was \$8,550,000,000.00. In 1951 our total expenditures for intoxicating beverages in the United States was in excess of \$9,700,000,000.00. That is an increase of \$900,000,000.00 over the previous year.

By changing our liquor money into silver dollars, if there were that many silver coins in the world, it would require 9,062 ordinary railroad boxcars of 30 tons capacity to haul the silver dollars, each boxcar containing 960,000 each, or 60,000 pounds. It would amount to 271,875 tons of silver money. It would require 181 locomotives, each pulling 50 cars, making a train 70 miles long, traveling at thirty miles an hour, two hours and ten minutes to pass any given point.

Laying these 9,700,000,000 dollars flat edge to edge, they would reach a total of 206,000 miles or eight times around the earth. Laid face to face they would reach a total of 17,000 miles, a solid cable of silver one and one-half inches thick, three-fourths around the world or crossing the United States and back six times. Using a wheelbarrow, it would take one person 9,000 years to unload this silver, working eight hours per day.

Let us suppose that this money were in one dollar bills. It would reach a total of thirty-two times around the world. It would pave a street six feet wide all around the earth. An expert money counter counts about \$120.00 per minute. Imagine a young book clerk going to work at the age of twenty. Working eight hours a day, three hundred days a year, until he retires at the age of seventy, fifty years later, yet it would take him 514 years to count the liquor money for the last year. It would take 514 men, expert money counters, one year to count the money that was spent for intoxicating beverages during 1951.

We could have purchased with this money 1,450,000 houses, paying \$7,000.00 each for them. Or we could have purchased 145,000 school houses and paid \$70,000.00 each for the school buildings. Or we could have built 97,000 churches and paid \$100,000.00 each, or 47,500 hospitals and paid \$200,000.00 for each one of them. We could have bought 6,800,000 automobiles at \$1,500.00 each; 475,000,000 suits of clothes at \$20.00 each; 1,450,000,000 pairs of shoes at \$7.00 per pair; placed a Bible in the hands of every person in the world; placed 4,350,000 missionaries all over the world at a salary of \$2,500.00 per year. This amount of money would have bought 97,000,000,000 loaves of bread at 10c each. Someone has said in answer to the question of whether alcohol is a form of medicine, "It is like sitting down on a hornet's nest, stimulating but not nourishing."

During the period of 1942-1951 there were 3,452 traffic deaths in Arkansas. At the lowest estimate, 20% or 690 of them were caused by liquors. Some authorities across the nation state that 40 to 60 percent of traffic fatalities are caused by liquors. Arkansas has 75 counties—

39 DRY and 36 WET, during the year 1951—and 3,712 auto ACCIDENTS, as follows:

In 39 DRY Counties	1,301
In 36 WET Counties.....	2,411
	Total.....
	3,712

In the dry counties there were 137 deaths; in the 36 wet counties there were 294 deaths. Baptists have always tried to follow the instructions of our blessed Saviour and march according to our guidebook, the Bible. The stupendous task of stamping out the evil of strong drink is the personal business of every true Baptist. Let us not be impatient but keep constantly at the job.

* * * * *

There is another tremendous problem that is facing the church today and that is the drug addiction among our teen-agers. The principal factor in the rapid rise of drug addiction is youth. Teen-agers have been swept into a fad that is enslaving literally thousands of young men and women, high school boys and girls. Between 1947 and 1950 the drug addicts among teen-agers increased 2000%. Just as people who get drunk on alcohol react differently, so the users of marihuana also behave differently, some with remorse, while others appear to be gay and lighthearted, some are reckless, some are cautious, all are usually irresponsible. From the use of the marihuana cigarette, the budding addict moves to heroin or to morphine. A day's supply of heroine for the average addict today costs from \$10.00 to \$20.00. Teen-age addicts will steal, murder, and prostitute themselves in order to satisfy their craving for dope. Every Baptist should lift his hand, his heart, and his finance against this evil.

Arkansas, during the year 1951, faced another tremendous evil, that of the proposed Race Track in West Memphis. The Arkansas Racing Commission thought for sure they had won a victory, but through prayer, God's people gave to them a tremendous defeat. Each voter was contacted through a house to house visitation program to enlighten him on the evils of the race track. "The Commercial Appeal" on November 16, 1951, printed the following: "It (race track) is a magnet for panderers and thieves. It is an incentive for embezzlement and fraud. It attracts all the scum and shady characters the underworld spawns and entire areas are affected thereby. American prisons are filled with persons whose criminal careers started when they made a bet they couldn't afford at some convenient race track. Gambling of that sort brings on indebtedness and that, in turn, leads to crime, or at least, broken homes. The mid-south has been and is building to a tremendous economic and social destiny to which race tracks and their filth are not accompaniment."

On January 22, 1952, the God-fearing group, race-track-hating citizens of West Memphis went to the polls and defeated by a vote of 1,533 against the track to 1,360 for it, giving to the Anti-Race Track League a majority of 173 votes. More power to Baptists as they stand against all modern and present social evils.

STATE MISSIONS

Associational Missions

There are now 44 associations in Arkansas affiliated with the Arkansas Baptist State Convention and another, Motor Cities Association, in Michigan, making a total of 45. Perhaps the greatest contribution to State Missions our Convention is making is in supplementing the salaries of most of the associational missionaries. All but 13 receive some supplement from mission funds; the amount of supplement varies according to the numerical and financial strength of the associations. We lack only one in having a missionary in every association.

The Mission Department, through its Superintendent and Missions Committee, helps to correlate and unify the mission objectives and methods throughout the entire state.

The work of the associational missionary is many-fold. He resurrects inactive churches, comes to the aid of weak churches, organizes new ones, helps in building programs, gives assistance in finances, sets up proper organizations in the churches, promotes all denominational causes of all Departments and Institutions.

During nine months of this year, these missionaries have held 125 revivals; witnessed 707 professions of faith and 256 additions by letters; made 79 community surveys; revived 18 dead churches, and opened 24 new mission stations.

Pastor Missionaries

During this year of 1952, the Department of Missions has supplemented pastors salaries in 53 churches. Some of the churches being helped are new organizations; others have been inactive, and still others are advancing to full time. The purpose of helping these churches is to give them the benefit of a pastor on the field who will soon lead the church to become self-supporting.

These pastors have, from January 1 to September 30, reported 75 revivals, 486 additions by baptism, and 337 additions by letter.

Building Aid

Another phase of mission work is the financial aid given on church buildings where the churches are weak financially, but the

needs and possibilities justify help out of mission funds. Already this year 16 churches have been helped. The total amount being \$3,900. A new building will give these churches a new spirit and greater zeal in the Lord's work. Our Convention will reap some of the fruit.

Rural Evangelism

There are now associated with the Department of Missions two Rural Evangelists or State Missionaries. They are Rev. M. E. Wiles of Ft. Smith and Rev. R. A. Hill of Little Rock. Both of these men have served in their present positions for 5½ years. Their major work is evangelism in the rural churches. Sometimes they will stay with one church for a few months to get it well established, as did R. A. Hill this year in starting off the South Side Church in Little Rock. But most of their time is given in revivals in small churches. Their reports for nine months of this year show 17 revivals conducted; 253 professions of faith, and 126 additions by letter and statement.

These men also assist in organizing churches, speak in Schools of Missions, and help promote all the denominational work.

Negro Work

Your Department of Missions is not unmindful of its responsibility to the Negro Race. One Negro missionary is employed to work with the women and young people in organizing W. M. U.'s, R. A.'s, G. A.'s and directing Youth Camps during the summer. She is Gwendoline Luster, a college and seminary graduate, whose work is under the supervision of our State W. M. U. Department.

We also give financial aid to the two Negro Baptist colleges, one at Dermott and the other at Little Rock. A special campaign was put on this year on Christian Education Day in the interest of these two colleges. The slogan was, "Dollar Day for Negro Christian Education." The Negroes did a splendid job in promoting it among their people and the churches affiliated with our Convention gave \$1,527.89, which was divided one-third to Morris-Booker Memorial College, Dermott, and two-thirds to Arkansas Baptist College, Little Rock. It is hoped that these schools can be strengthened to the extent that they may become accredited colleges. Arkansas Baptists must show a greater interest and offer fuller co-operation in the educational program of the Negro Race.

City Missions

The shift of population from rural areas to the larger towns and cities makes it necessary for additional mission work to be done in the fast growing areas. It was reported to you last year that the Department of Missions planned to secure someone to help in promoting

church sponsored mission stations and to organize new churches in the cities and towns which have shown great increase in population. Dr. L. B. Golden has been employed and is making surveys, looking toward the establishing of new work.

Chaplain

For several years, the Department of Missions has maintained a full time chaplain at the State Sanatorium in Booneville. Rev. Charles Finch serves in that capacity and is rendering a great ministry to patients and employees of the institution. He provides religious literature, teaches the Bible, visits the sick and conducts public worship services. He wins approximately 250 people to the Lord each year. This is a far-reaching ministry.

Penal Institutions

Two of the state penal institutions have had revival meetings, sponsored by the Department of Missions, which resulted in 120 professions of faith. Rev. Purl Stockton was employed to do the preaching. He spent one week in the Negro Reform School for Boys at Wrightsville and another week with the White Boys Reform School at Pine Bluff. Plans are under way for revivals in the other penal institutions.

Migrant Missions

For the first time the Department of Missions has made some definite plans for mission work among the migrants, especially the Mexicans who come to the state to pick cotton. A Spanish speaking Baptist preacher, of San Antonio, Texas, Rev. Daniel Cantu, was employed to do the preaching in revivals sponsored by the churches in the cotton belt. He conducted revivals in Wilson, Keiser, Tyronza, and Lepanto. This work will probably be enlarged in 1953.

Silent People

Throughout the state there are many people who are denied the privilege of hearing sermons preached from the pulpits of the churches, because of the fact that they were born deaf. The only language they can understand is the sign language. Some of these people, who are Baptists and are working in the State School for the Deaf, have offered their services in going to towns over the state to speak to the deaf people in the silent language. The Department of Missions has provided transportation for these consecrated workers. They are teaching the Bible, preaching the gospel, and winning the lost to Christ.

Student Mission Work

Each year the Home Mission Board of Atlanta co-operates with the Department of Missions in Arkansas in giving a place of service to college students who are mission volunteers. This year, six young

people came to our state for the summer months to do mission work. They serve under the direction of our associational missionaries, conducting Vacation Bible Schools, assisting in revival meetings and doing personal work. The Home Board takes care of their salaries and the Department of Missions provides places of service and directs their activities.

Conferences

The Department of Missions has endeavored to help the pastors and churches through the sponsorship of rural church conferences. This year, two conferences were held—one at Ouachita College and the other at Southern Baptist College. About 200 of the rural pastors attended and received great blessings from these meetings. Similar conferences will be continued through the years. In addition to the conferences held in Arkansas, the Department of Missions urges the missionaries and pastors to attend the southwide Rural Life and Leadership Conferences. All of these meetings are helping to lift the churches of our state in the type of work and services conducted.

Your Department of Missions hopes to enlarge upon all phases of its work and will appreciate the interest and prayers of all our Baptist People.

STEWARDSHIP

If Arkansas Baptists would tithe one year, they would be able to run their regular program and do other amazing things for the Lord. They could give an extra million to the cause of world missions, invest five million in Ouachita Baptist College, grant Southern Baptist College two million for building and expansion, grant one million to the Children's Home for building and equipment, give the State Missions Department a million for Church buildings, use two million in the purchase of a more modern office building, and still have two or three million to give as the brethren saw fit. All this could be done and still adequately support and expand the local Churches.

If Arkansas Baptists would tithe every year, the world would hear immediately of the faith of these strange people and seek to know how and to follow the Christ whom Arkansas Baptists love. Their simple tithing faith would become attractive to all people over the world, and the world would look with sweet favor upon them. Our Church houses would soon be the best in the world, our institutions would be the finest and best equipped anywhere, and our faith would be the most simple and trustworthy to be found on the earth. If we tithed all the time, the word of the Lord would become as common over the earth as the waters are over the seas and men everywhere would find Jesus precious to their souls.

Perhaps it will be so in the not too distant future. This year the Simultaneous Stewardship Revivals have impressed the doctrine of Stewardship of money on the hearts of multiplied thousands of our

great people. Churches all over the state have had Stewardship Revivals with the emphasis on tithing, and others are still to have these revivals as time and schedule of the Churches will permit. It is likely that the program of Arkansas Baptists will be greatly accelerated as a result of these revivals in our Churches.

This Committee would like to urge a new and more far reaching emphasis on the stewardship of money. Perhaps we should have Stewardship Revivals every year as a concerted movement. A month of emphasis upon tithing each year with all the Churches urged to have tithing revivals during that period would greatly add to the financial power of all our Churches and of the denomination. Especially would this committee urge our state convention to enter heartily into the program of the Southern Baptist Convention next year in its emphasis upon Stewardship.

Perhaps we should remember, too, that Stewardship Revivals are good at any season of the year. If our Churches find it unwise to have this emphasis as the program of the convention calls for it, then let them make that emphasis in the Spring, Summer, or Winter. The important point is to preach and teach the Lord's doctrine of Stewardship and trust the Lord to give power and effectiveness to that teaching. He will honor His Word. . . .

STUDENT UNION

The Baptist Student Union seeks to provide a Christian atmosphere on the State and Denominational College Campuses, out of which will come consecrated, trained leadership ready to take its place throughout the communities of Arkansas. The Baptist Student Union endeavors to help the Baptist student grow spiritually as he grows intellectually on the college campus. It seeks to tie him to the local Baptist Church of the college community and to keep him loyal to the activities of that church so that when he finishes college and goes into a community to serve in some vocation, he will be a faithful and loyal member of the Baptist church and will make a real spiritual contribution to the community in which he lives. There are approximately five thousand of these fine Baptist young people on the college campuses of Arkansas. More than four thousand of these Baptist students are in state supported institutions. They have no religious guidance from any source except the Baptist Student Union.

The Baptist Student Union sponsors a daily devotional period and encourages each Baptist student to have a prayermate with whom he will meet for daily Bible reading and prayer. The B. S. U. also encourages each student to set aside a period each day for personal devotion. The B. S. U. sponsors Pre-School Retreats, Vocational Emphasis Week, and Youth Revivals. All of our Baptist Students are urged to participate in these activities. Each year the State Baptist Student Union

plans and conducts a state-wide Spring Retreat and a State Student Convention. This year the Convention was held at Ferncliff, eighteen miles west of Little Rock with the Arkansas Baptist Hospital School of Nursing acting as hostesses. The State Spring Retreat was held at Camp Couchdale, midway between Malvern and Hot Springs with three hundred and seventy-five registered and around four hundred total attendance. More than fifty students made definite decisions for the Lord during this meeting. Seventy-five Arkansas students attended the Southwide Student Retreat at Ridgecrest, North Carolina. The State Student Convention will be held in Second Baptist Church, Little Rock, December 5-7 this year.

The Baptist Student Union also seeks to utilize students in Christian service throughout the summer. Hundreds of Baptist students have served this summer throughout the state. They served in their own home church, in Vacation Bible Schools, youth revivals, and summer camps. Eleven students worked in the State Training Union Department in Summer Field Work. Eight of our students worked with the Home Mission Board.

The Baptist Student Union has promoted a unique program of youth teams through this past year. These teams are composed of a preacher, a singer, and two to six other lay-students. These teams conduct evangelistic campaigns wherever they are invited. They major on personal soul winning. More than thirty-five such teams have been sent into various churches in the state. Every campaign has been tremendously successful. This work trains the students who serve on the teams as well as winning scores to the Lord.

The Baptist Student Work is a department of the Arkansas Baptist Convention. Miss Rachel Quattlebaum is the office secretary of the department. Mr. Tommy Purnell, Ouachita College, is the State B. S. U. President for 1952.

SUNDAY SCHOOL

During 1952 the Baptist Churches of Arkansas seemed to be taking the command of our Lord concerning teaching more seriously. This is reflected by the following statistics:

Latest Records reveal that there are 1,040 Sunday schools not including mission schools. This is a gain of 21 schools over the previous year.

The reported enrolment of these schools is 175,978 as compared with 174,840 in 1951, a gain of 1,138.

A total of 9,245 Sunday school study course awards have been issued during 1952 as compared with 7,576 during the previous year.

There were 587 "known" Vacation Bible Schools during 1952 as compared with 337 during the previous year.

Several important promotional meetings were held during the year, as follows:

September 2-3, 1951—The State Associational Planning Meeting was held in Little Rock with 32 Associations represented.

September 16, 1951—Was Associational Planning Night.

October 13-14, 1952—The State Sunday School Convention was held with the South Side Baptist Church, Pine Bluff, with an attendance of more than a thousand people.

But if Arkansas Baptists could be stirred by the plea of our Saviour, mingled with the cry of the lost and doomed thousands all around us, we would do infinitely more for our Lord this coming year. And if the Sunday School workers of our churches will attend the following important meetings during the coming year they will be instructed and inspired to do just that. Here are the meetings together with the dates and places which we urge every Sunday School worker to attend:

January 5-9—Bible Study Week in the churches.

February 2-3—State Vacation Bible School Clinic. At First Baptist Church, Little Rock.

July 2-7—First Week of the Arkansas Baptist Assembly. Siloam Springs.

July 9-14—Second Week of Arkansas Baptist Assembly. Siloam Springs.

September 1-2—State Sunday School Planning Meeting. Second Baptist Church, Little Rock.

October 12-16—State Sunday School Administration and Teaching Clinic. Immanuel Church, Little Rock.

October 12-13 — State Sunday School Convention. Immanuel Church, Little Rock.

State Mission Day in the Sunday Schools is October 25.

We, your committee on Sunday School work, ask you to join us in expressing our grateful thanks to our capable Sunday School leader, Dr. Edgar W. Williamson and his faithful co-workers in this fine department of our work.

TRAINING UNION

Your secretary of the Training Union Department is Rev. Ralph W. Davis, and the office secretary is Miss Maylene Morgan. During the past several years there has been rapid growth of the Training Union work. According to the 1951 figures, there were 1,065 churches in Arkansas, with 761 reporting a Training Union enrolment of 72,269

members, an increase of 3,312 over the year before. In the fall of 1944, 423 churches reported an enrolment of 28,024.

Study course awards have increased year by year. From October 1, 1951, to October 1, 1952, there were 20,992 study course awards granted to the people of Arkansas.

The Training Union Department promotes Training Union work in the state in various ways. A number of churches are assisted with enlargement campaigns, clinics, and conferences. A large number of associations are assisted with associational officer's clinics, Central or group leadership schools, simultaneous study courses, and clinics. The rural or small town churches are helped through the work of organized summer field work each summer. State meetings, such as the State Training Union Convention, State-wide Nursery, Beginner, and Primary Workshop, and state planning meeting for associational Training Union officers are held each year. Through the work of the office, many personal letters are written and large quantities of free helps are sent to the churches.

What Did We Do In '52?

1. In '52 we held associational Leadership schools and clinics in the following associations: Mr. Zion, White River, Black River, Bartholomew, Delta, Red River, Greene County, Trinity and Clear Creek. Outside workers were usually brought to these associations with the expenses shared by the Training Union Department and the associations.

2. In '52 we held associational clinics for associational Training Union officers during the first part of the year in the following associations: Current River, Gainesville, Little Red River, Central, Mt. Zion, Trinity, Caroline, Clear Creek, Woodruff, Greene County. At these meetings the associational officers were assisted in making their plans for the year.

3. In '52 we presented the work of the Training Union Department in the forty denominational rallies that were conducted during February.

4. In '52 we conducted the first state-wide Nursery, Beginner, Primary Leadership workshop, which was held in Immanuel Baptist church, Little Rock, October 7, with a registration of 276.

5. In '52 the summer field workers had a successful summer. Although there were only six teams of college students this year, they worked in 48 churches and did an exceptionally high type of work. The following is their record for '52:

Associations served: White County, Greene County, Gainesville, Current River, Faulkner, Carroll and Boone, Rocky Bayou, Stone-Van Buren-Searcy, and Caroline.

Number churches served	48
Enrollment	2,167
Average attendance	1,547
Unions organized	59
Conversions	23
Bible readers enlisted	1,020
Awards issued	1,222
No. visiting on Sunday afternoon	406

6. In '52 we conducted enlargement campaigns in several churches and helped other churches to line up faculties.

7. In '52 another good State Training Union Convention was held at First Baptist Church, Little Rock, on March 14-15, with a registration of 1,259. Between 2,800 and 3,000 people attended the Friday night session, which was held at the Robinson Auditorium. Rev. D. C. McAtee, pastor of Immanuel Baptist Church, Fort Smith, succeeded Rev. J. T. Elliff, Fordyce, as convention president. Dr. Robert G. Lee and Mr. Howard Butt were the main speakers.

8. "M" Night was observed in the associations on December 10, 1951, with an attendance in Arkansas of 9,805, with 501 churches represented and 340 pastors present. These were the best "M" Night meetings ever to be held in Arkansas.

What Will There Be In '53?

1. In '53 there will be five nursery, beginner, primary leadership workshops during the week of February 9-13, and a state-wide workshop on September 22.

2. In '53 there will be a state Training Union convention at the Immanuel Baptist Church, Little Rock, on March 13-14.

3. In '53 there will be more associational Central and group leadership schools held.

4. In '53 there will be church enlargement campaigns.

5. In '53 there will be summer field work.

6. In '53 there will be a state Planning Meeting for associational Training Union officers at Second Church, Little Rock, October 26, 1953.

7. In '53 there will be goals for Arkansas Churches:

- (1) 100 additional churches with Training Union work.
- (2) 7,000 increase in Training Union enrolment.
- (3) 20,000 study course awards.
- (4) All associations reporting at least one study course.
- (5) 500 churches reporting at least one Training Union study course.
- (6) 250 churches observing Youth Week.
- (7) "M" Night attendance on December 7, 1953—11,000.

8. In '53 there will be "M" Night. The 1953 date is December 7, and the 1952 date is December 8.

Quantity and quality are important words as we face the future. We need more Training Unions and a larger enrollment. We also need to improve the quality of work done. This is the task of the Training Union Department as we work in co-operation with churches and associations.

WOMAN'S MISSIONARY UNION

Victorious Past

The year 1952 marks the sixty-fourth anniversary of the organization of Woman's Missionary Union, Auxiliary to the Arkansas Baptist State Convention. During those years the organization has striven to enlist Baptist women and young people in extending the Kingdom through prayer, through study of the missionary message of the Bible and world missions, through practicing and teaching the scriptural plan of giving, through personal witnessing, and through missionary education of young people. The latest records reveal a total of 2,173 Woman's Missionary Union organizations—614 Woman's Missionary Societies and 1,559 organizations for young people—with a reported enrolment of 31,469.

Recognizing the wisdom expressed by the prophet Hosea when he said, "My people perish for lack of knowledge", one of the major emphases has been the study of missions as taught in the Bible and the history, both past and present, of missions. Last year 3,319 classes were held in local churches, 60 in the summer camps promoted by the Union. Fourteen classes were provided at the Arkansas Baptist State Assembly and five at the Ravenden Springs Assembly, and scores of associational ones. In addition to the classes in missions offered at the assembly, a missionary rally was planned for Sunday afternoon, and four missionaries spoke daily in classes.

One hundred thirty associational and district officers met at Petit Jean, September 30 - October 1, for a two-day consideration of ways and means of extending the Kingdom through the strengthening of organizations from district to local levels.

The third annual conference for members of Business Women's Circles was held at Ferncliff, July 26-27. And previously the state B. W. C. Federation had met in annual session at El Dorado, April 2, with 225 attending.

Registration at the sixty-third Annual Meeting of Woman's Missionary Union of Arkansas held at the First Baptist Church, in El Dorado, April 1-3, totaled 1,196.

Believing that "the youth of a nation are the trustees of posterity" many of the activities of the organization have been planned to enlist and develop them in Christian graces. Eight camps were pro-

moted and directed during the summer months where intensified missionary training was given. One non-graded camp for boys and one for girls were held at Ravenden Springs. One each for junior and intermediate boys were held at Ferncliff; which was also the place used for two junior, one intermediate girls camp, and one young woman's camp. These were attended by 1,195 of Arkansas Baptists' finest young people.

Other activities for young people which were state-wide in scope were the Royal Ambassador Fellowship Supper, November 19, at the Second Baptist Church, Little Rock, attended by 375; Intermediate Girls' Auxiliary Conference, April 18-20, Petit Jean, attended by 140; Young Woman's Auxiliary Banquet, First Baptist Church, El Dorado, attended by 212.

"Honor the Lord with thy substance." Year 'round efforts are made to enlist every member of Woman's Missionary Union to give "tithes and offerings". Thirty-six percent of the reported membership are tithers (which is better than the convention-wide average). Concerning giving, first of all stress is laid on giving to missions through the Cooperative Program.

The three mission offerings, said to be "channels of compassion", and taken during observances of the special seasons of prayer, reached new highs during the past year:

Lottie Moon Offering for Foreign Missions	\$75,680.87
Annie Armstrong Offering for Home Missions	25,716.31
Dixie Jackson Offering for State Missions	19,514.01

A special effort was made to aid the library at Ouachita College, and a total of \$1,413.59 has been given since June for that cause. During the year \$1,394.63 was given for Narcotics Education Fund.

Organizations and individuals were urged to contribute to the payment of Arkansas Baptists' Honor Debt. This offering was made through the regular church channels and, therefore, there is no record of the amount given.

Assistance was rendered in planning and preparing for Arkansas' first Negro Baptist Youth Camp. Miss Gwendoline Luster was the able director and nearly fifty Negro young people and adult leaders attended.

Efforts are continually made to enlist every member of Woman's Missionary Union to be missionary at home—with the major emphasis on soul winning. A current companion emphasis was training in helping combat the alcohol problem. A Day of Prayer for Community Missions was promoted for observance in January.

One of the signs of progress was the employment of a State W. M. U. Worker—Mrs. R. E. Hagood of Dumas. She came to this

new place of service September 15th and will devote her time to promoting organizational activities in the sparsely organized areas of the state.

Challenging Future

Claiming the "victorious past" as prologue to the "challenging future", we press on. Nothing of the ageless fundamental principles are to be sacrificed, but some new approaches will be made, some plans extended.

One of the new enlistment plans is the first Woman's Missionary Society Focus Week to be observed January 18-23. During that period the purpose, work and value of the organization are to be magnified with extension of the influence of missions as the ultimate aim.

Leadership training claims attention! Nine teams of five persons each are to go to Jackson, Mississippi, February 3-6, for intensive training in leading young people's organizations. During the period, March 16-20, similar leadership courses will be offered in each of the eight districts in the state, and later within each association.

Five one-day interracial conferences for officers and members of the Negro Baptists Woman's Missionary Societies and young people's organizations will be held in strategic points in the state, December 9-15. Miss Gwendoline Luster, Negro Field Worker, is cooperating in planning, publicizing and directing these conferences.

In an effort to mobilize Baptist boys and men for Kingdom service, Woman's Missionary Union is co-operating with the Brotherhood in promoting boy-man missionary training as offered through Royal Ambassador work.

April 7-9 are the dates for the Annual Meeting of Woman's Missionary Union of Arkansas, which will be held at the First Baptist Church, Little Rock.

The camping program is to be expanded during 1953. Not only will full co-operation be granted in furnishing missionary education classes at the two Arkansas Baptist State Assemblies, and in promoting the Glorietta, as well as Ridgecrest, encampments, but there are to be two camps for girls at Ravenden Springs—one for juniors and one for intermediates—and a third camp for junior girls at Ferncliff.

Already plans are under way for full co-operation in every denominational stewardship emphasis during the coming year.

"To onward press

Whate'er befall!

This, too, is victory."
