Hey guys!

I'm sure you all hate that greeting, since I used it in every single email I sent! And I sent a lot of those! This year has been amazing and such an adventure! From the beginning of August when I had an epiphany for the look of the cover to July when you guys were still coming into the office to finish up pages. It has been a crazy ride, but I have loved every minute.

Family: Thank you for being there to listen to all my problems and welcome me with open arms after my month-long disappearances into my school-work. I love you guys, and I am so blessed to have you all in my life!

Rebekah, Kelsi & Mallory: I love all of you, and I am so thankful that I had a suite this year who listened to my complaints about this roller coaster I call yearbook. Thank you so much for being so understanding, and my hope is that next year I won't have to miss any friend time because of this job. I could not have handled this year without such a great support group. I love you guys and the rest of the gang!!

Aly: I'm glad we got to do the yearbook workshop in Searcy together. We had lots of laughs and it was a great start to the year. Your section looks awesome! Thank you so much for tracking everyone down for quotes and pictures, I know that wasn't fun!

Hannah: You worked so hard and went over your hours! I'm sorry all of your pages piled into the last deadline. It just kind of works that way with the clubs section! Trust me, I remember from the past two years! And thank you for coming back in the summer!

Faith: We have been so blessed to have you on staff this year. Thank you so much for being willing to do any little jobs we had for the book! You're an amazing person, and I know that you'll go far in this field!

Ben: Thank you so much for your work on the sports section. Without you, we wouldn't know what to do! Thank you for tracking down coaches for the highlights. Those may have seemed like a lot of extra work for nothing, but that was one of my favorite parts of the section.

Tori: Thank you for working on the ads. They look great! Thanks for helping me all year long. I loved your strategy with the yearbooks we had to mail out in the fall. We were able to stuff those envelopes in just a few afternoons! Much more efficient than years past. I am glad you were able to use the skill set you learned from your summer internship, and I'm sorry for being so stubborn about the ads! I hope you enjoyed your experience.

Jake: I am so glad that I threw you into the academic section this year. I know it was not the most fun section to edit, but I think you did an awesome job! I know it was much different than what you were doing before, but I

wanted to put you in something new. I hope you learned a few things, and I look forward to having such a hard worker once again!

Practicum: Trust me when I say we couldn't have done this without you! Without all of you, the ad runs and yearbook distributions and picture sign-ups and articles would not have gotten done and we would not have a book. I thank all of you for doing such a great job and being patient with me. I hope you guys will come back and hang out with us again for some more yearbook fun. Or whatever you call it!

Nicole: My staff bring the words and layouts to the book. You guys complete this book with your photography. We can literally say that we would not have a book without you. You have been such an amazing help and have enjoyed becoming friends this year.

Tanner: Thank you for your reassurance and advice on my layouts and stuff outside of work. I look up to you, and I hope to be as great a leader as you. And it wouldn't hurt for me to inherit your organization skills and perfect handwriting, too! I look forward to having to put up with you for another semester.

The other Tanner: Well, you were right. This job is stressful! Thank you for believing in me and throwing me into this adventure. You helped me with my layouts and you gave me confidence. As scary as it was, I'm glad I was able to follow in your footsteps!

Natasha: Thanks for all of your help and guidance. Without you, this book would fall apart. I loved getting to know you at the workshop last summer. Thanks for always being willing to help me!

Dr. Deb: Wow. This book would be a disaster without your guidance. I owe you so much for all of the countless hours you spent helping us with our pages. I think after a whole year I now know what I need to do! I hope next year I can relieve some of your stress by not procrastinating and by working much harder than I have this year. I have learned so many lessons, and most of the credit goes to you. I appreciate all you have done for us and am looking forward to an even better year with you and the yearbook staff next year. It's time for round two!

I was very hesitant about taking this job. I was skeptical that I was the right person. I had no experience in designing anything and I hadn't led a team in anything remotely close to this daunting of a task. In the end, I took the job because I knew I had a great team behind me and that you guys would make it happen. You all were the heart of this operation, and I cannot wait to see what next year will bring when I see all of your smiling faces again in August!

#Nicole Photo Lab Editor

As I look back on the past four years, I can't think of any experience that has given me as many opportunities and as many great memories as being Photo Editor. I can't believe my time here at OBU is over, but I'm so thankful for the person I am because of everything that Ouachita is.

Mom & Dad: I will never be able to repay you for everything you've done for me. Your love and encouragement keeps me going when I just want to give up. You have always supported me in every endeavor, even when that means you get late night phone calls filled with tears and stress. You have given me the world and everything above my wildest dreams and I will forever be thankful for the two of you. Thank you for constantly giving selflessly. I love you.

Jena: Four years of living together, lots of laughs and one of the best friendships I've ever had. Thank you for always listening to me after a long day or when I'm really stressed. Your constant encouragement and support have gotten me through each semester. The Lord has blessed me immensely with who you are and who you push me to be. I can't wait to be friends forever. The Roots: Thank you for being my family while I was away from my own. You two are exactly what make Ouachita different. I'm so thankful for your willingness to listen, encourage and support me in whatever I've faced while here. Because of the two of you I've been given an incredible amount of opportunities and you've always pushed me to be my best. Your family will forever hold a special place in my heart and I can't wait to visit for years to come!

Dr. Kluck: Thank you for feeding me every week. And thank you for supporting my goals as a photographer and as a person. The generosity of your family

is unmatched and I could never thank you enough! You've been such an inspiration to the person I want to grow to be. You have the biggest heart and I have been so blessed to have you as a mentor and friend.

Rebecca Jones: Thank you for being our advisor this year and trusting me enough to be in charge. Your support of my work, my staff and our plans has been incredible and I am so thankful for your work as a mentor in my life.

Kristen: I am constantly in awe of your heart for Jesus and others. You continually inspire me to be better. You have everything that it takes to be a successful Photo Editor—embrace this year and enjoy the moments (no matter how stressful), because this will be one of the most rewarding experiences of your life. So proud of you!

Work-Study: Thank you so much for your hard work and for always being willing to help at the last minute. Because of all of you, I have had the most wonderful two years as editor! You all have so much talent & I know you will go far. Good luck!

Practicum: Thank you for your hard work and always putting up with my scattered emails and crazy schedule. You have helped us create a great yearbook and even better memories!

To my EST friends, the Communications department and the Art department, all of my friends and professors I have encountered here at OBU: thank you. Because of each of you I am walking away with so much more than I ever imagined. I have been so blessed to serve this university and it will forever hold a special place in my heart.

#SPEAKNOW

Now is the time to speak. We cannot wait for someone else to speak our minds or wait until the future when we are more “mature” or “well-learned” or have “seen the world.” We must do it now, because we’re not sure we will get this chance again. What we do with our time at Ouachita Baptist University forms our character. We must speak in the present, through words and actions, because what we do now decides who we will be in the future. Now is the time.
