Article IV .-- Authority

Section 1. While independent and sovereign in its own sphere, this Convention shall never exercise any authority whatever over any church, nor shall it in any way interfere with the constitution of any church, or with the exercise of its functions as the only ecclesiastical body, but will cheerfully recognize and uphold the absolute independence of the churches.

Article VIII.-Operation of Agencies

Section 1. Each Board, Agency, and Institution of this Convention shall submit to the Executive Board at its annual Budget Planning Meeting, which is to be held prior to the annual meeting of the Convention, a detailed statement of its sources of income, and a budget of proposed expenditures for the ensuing year. When received and adopted by the Convention, these budgets shall become the basis for the operations for the ensuing year.

Article IX.-Meetings

Section 1. The Convention shall meet annually, "if God permit," on a date to be fixed by the Convention. The Executive Board is empowered in emergencies to call special sessions of the Convention and to change either the time or place of meeting or both should the occasion demand.

Article X.—Amendments

- Section 1. This Constitution may be amended at any regular meeting of this Convention, two-thirds of the members voting concurring in the measure, except Article IV which shall remain forever unalterable in substance.
- Section 2. Any proposed amendment to this Constitution shall be presented to the Convention in writing, for its consideration, upon

the first day of the annual session, and may be voted on, on any subsequent day during the session, provided adequate publicity has been given in previous announcement.

BY-LAWS

In order to carry out the provisions of the Constitution, the following By-Laws are enacted for the government of the Convention.

1. Enrollment of Messengers

The Secretary of the Convention shall enroll, upon arrival, messengers who present proper credentials from the churches. These messengers, together with others who may be enrolled upon presentation of approved credentials during the session, shall constitute the Convention. Any contention concerning seating messengers shall be presented to a Committee appointed by the President for recommendation to the Convention for its action.

2. Officers

The President, First Vice-President, Second Vice-President, Secretary, and Treasurer shall be elected on the morning of the second day of the Convention, their terms of office to begin with the final session of the Convention; and the President shall appoint and announce a Nominating Committee to report at the next session of the Convention.

The election of all officers shall be by ballot; provided, however, there is only one nomination for the office, then the Secretary, or any other present, may be directed to cast the ballot of the entire assembly for the single nominee.

Each officer of the Convention shall be elected by a majority of all votes cast.

In case of removal from office, by death or otherwise, of the President, the Vice-Presidents shall automatically succeed to the office of President in the order of their election. The President may not be elected for more than two consecutive terms.

The Treasurer of the Executive Board shall be also the Treasurer of the Convention.

All elected officers of this Convention shall be members of churches co-operating with this Convention. This must also apply to members of the Executive Board and the Institutional Boards of this Convention.

3. The Executive Board

The Executive Board, being the legal trustee of the Convention, shall be empowered by the Convention to administer all business committed to it by the Convention.

The Executive Board is empowered to act for the Convention between sessions of the Convention, provided that it shall never exercise any authority contrary to the expressed will of the Convention.

When any unforeseen emergency occurs in any of the affairs of the Convention, or in any of the interests it controls, that in the judgment of the Executive Board requires action before the next session of the Convention, the Executive Board shall have full authority to take such action as may seem necessary, and all interests concerned shall be governed by such action, provided the Executive Board shall make full report of all matters pertaining thereunto to the next session of the Convention for its approval, and provided further, that nothing in this article shall be construed as giving the Executive Board authority to execute any matter already committed by the Convention to any of its Boards of Trustees or its Institutions unless such Board when so commissioned shall decline to act on the orders of the Convention.

All proposals requiring the expenditure of money by the convention, or the Executive Board of the Convention, from the annual budget, shall be considered by the Executive Board, before being presented to the Convention.

This Board shall be charged with the responsibility to have the books and financial affairs of each and all of the Boards and Institutions of the Arkansas Baptist State Convention audited annually by an accredited firm of auditors, all audits to be accessible to the Executive Board at its budget planning session, and to be included in the Institution's Report to the Convention.

Members of the Executive Board, having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

The various Associations of Arkansas, whose churches are affiliated with this Convention, may submit to the Committee on Nominations names of those whom they believe should be considered for membership on the Executive Board as members from that Association.

4. Trusteeships

All Trusteeships of this Convention shall be amendable to the Convention on all matters, through its Executive Board. No Trustee-

ship shall conduct extra movements to raise money outside its regular revenue-producing sources, nor shall a deficit in running expense or debt be incurred without the approval of the Convention in session or of the Executive Board in case of aforementioned emergencies.

Members of Boards of Trustees having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

Not more than two (2) members of a Board of Trustees shall at the same time be members of the same local church, nor shall more than six (6) members reside in any one Association.

5. Committee Members

- 1. A member filling an unexpired term not having served the full term of years as provided by the Constitution, shall be, at the discretion of the Nominating Committee, eligible for election to a full term.
- 2. "A member from an Association" upon moving from the bounds of that Association shall retain membership on the Board until the meeting of the next Convention.
- 3. Any member of the Executive Board or any institutional board who has served on such board or boards the number of years provided in the Constitution, shall not be eligible for re-election to such board or boards until one year has elapsed.
- 4. No member of a commission or committee delegated to study or make recommendations concerning our institutions shall be a member of any Board of Trustees of such institutions.
- 5. All associational missionaries or mission pastors receiving all or part compensation from the Convention through Executive Board shall be considered employees of the Convention and shall not be members of any Convention or institutional board. The President of the Convention by virtue of his office shall be a member of the Executive Board for the duration of his term of office.

REPORT ON SEMINARY EXTENSION DEPARTMENT

The Seminary Extension Department is a creation of the seminaries of the Southern Baptist Convention in the Field of adult education for the purpose of helping those who cannot attend the seminary or college to secure adequate training for pastoral leadership and help in other areas of church life. The main focus of this work is on the pastor and church vocational leadership; yet in view of the hunger for more training on the part of many church workers, over sixty percent of those enrolled are laymen and women.

The Seminary Extension Department has been able to set up 110 extension centers over the territory of the Southern Baptist Convention. This is approximately half the extension centers operated by all educational institutions that Baptists own. The Colleges and the Seminary Extension Department have jointly enabled any student to go to the county seat to obtain training in Bible, theology, Christian doctrine, church work, Christian ethics, music and courses in Religious Education, all of which are set up to meet the needs of those who are hungry for training.

The Extension Department is operating centers for whites and for Negroes also. Co-operating with the Christian Life Commission

the Department offers a program of Negro extension work comparable to that of its own regular program. Patterns of work are available for extension services to fit every immediate need.

It must be understood, however, that the purpose of the Seminary Extension Department centers around helping to meet needs. Its main purpose is not connected with seminary credit. Some colleges have given a limited amount of credit for the program.

Last year 552 students were actively studying by correspondence. Three thousand were enrolled in extension centers and the prospects for this fall and winter are for an increased number of centers.

The method by which the Seminary Extension Department operates its program is to tie it to the association through an elected advisory committee whose duty will be to set up and operate the center. In some associations a permanent committee on seminary extension is set up. The association authorizes this committee to operate all extension programs, both white and colored. In those states where organized extension work is being carried on for Negroes as a distinct part of the state program no connection with the Seminary Extension Department has been established and in the following states, Alabama, Georgia, Virginia, Arizona, Central and Eastern Tennessee, and Florida, all the extension work is done through and by the senior colleges.

In Arkansas, the program operates jointly with Ouachita Baptist College.

Further information concerning "on-the-job-training" and courses offered in correspondence may be secured by writing Lee Gallman, Director, Seminary Extension Department, P. O. Box 1154, Jackson, Mississippi.

REPORT OF COMMITTEE ON CAMP BOARD OF CONTROLS

Arkansas Baptists have been in the Camp business for a long time, but until recent years most of our camping has been sponsored by the Woman's Missionary Union. In recent years the Brotherhood has been active in promoting camp programs for Royal Ambassadors, and occasional Mens meeting. Across these years Baptists have owned no Camp Sites, and have depended on renting facilities from other groups, especially the Presbyterians who have owned a Camp Site at Ferncliff. Realizing, that many times over we have paid for a Camp Site and yet owned none; we set out to establish a Baptist Camp.

Getting this sort of program started has taken several years, with several disappointments and a good many reverses. The great difficulty seems to have been, convincing people that there is a vast difference between Assemblies and Camps. Certainly there is a vast need for both, and one does not interfere in the least with the other.

The past two years has been strictly a pioneering project. Having purchased a tract of land just outside of Little Rock early in 1957, the Brotherhood Department set out to develop the Camp Site. To say that this site was in the rough is putting it rather mildly, but a location that suits itself perfectly for a long range Camp program. With proper planning this can be developed into one of the greatest Camping areas to be found anywhere. Thus far, all of the development that has been done, has been done by the Brotherhood Department, but the Camp Board of Controls, along with the Assembly Board of Controls have recommended to turn the promotion and development of both of these institutions to the Executive Board, and this we recommend to the Convention.

To date the Arkansas Baptist State Convention has, put into the Camp about \$11,900 including purchase price. The present assets of the Camp Ground, as of August 1, 1958 are very conservatively estimated at more than \$23,000. This increase in assets has come in most part from the Brotherhood Department, and the hard work and earnest efforts of Brother Nelson Tull and Brother C. H. Seaton, along with Mrs. Tull and many others who have given of their time and effort.

In 1958, this year we had four camps with an average attendance of 72, of these boys who attended Camp, many were lead to accept Jesus as Savior, and many others to a definite surrender of their lives for Christian Service.

There is no possible way of placing a valuation on this type of work, and Eternity alone will reveal the results. If there is any

who has doubts about the value of the Camp Program, I challenge such ones to volunteer their services for just one period of Camping, and they will be convinced of the value, and will lead their churches to participate in the development of the greatest Camp Program in all the land.

- 71. Loyd Hunnicutt, Magnolia, gave the report of the Nominating Committee. The report appears in the Directory of the Convention.
- 72. E. L. Crosby, Smackover, led the messengers in singing "To God Be the Glory".

REPORT ON RESOLUTIONS

We, your Committee on Resolutions, respectfully submit the following:

WHEREAS, the Arkansas Baptist State Convention has met in its 105th session with the First Baptist Church of Little Rock, and

WHEREAS, this session has been characterized by good reports, excellent fellowship and spiritual inspiration, and

WHEREAS, we have been made to remember the way along which we as Baptists have come, and

WHEREAS, the evidences of God's grace have been abundant and the needs of the world are now in every way clearly seen,

BE IT, THEREFORE, RESOLVED that we express our appreciation to the members of the First Baptist Church of Little Rock for their Christian hospitality and to their interim pastor, Rev. Wayne Smith, for his efforts in behalf of our comfort, and to the larger fellowship in the City of Little Rock for its cordial welcome.

BE IT FURTHER RESOLVED that we commend our convention's leaders and officers for their efficiency in handling the convention's program and business, the program being of a very high caliber and the business being conducted in the very finest traditions of Christian democracy.

BE IT FURTHER RESOLVED that we affirm our faith and firm belief in the historic Baptist position of a free Church in a free state involving the absolute and complete separation of Church and state, and that we positively positionize ourselves as opposed to the use of public tax funds for the support of religious agencies or institutions, whether such support be total or in part.

BE IT FURTHER RESOLVED that the cause of civic morality become a prime emphasis in our individual and corporate labors, and that simple integrity, sobriety, and moral purity be urged upon our Baptist people of all age groups. BE IT FURTHER RESOLVED that inasmuch as Sunday, the Lord's Day, is basic in the life of our Churches, and in the teachings of Christianity, we reaffirm our belief that it is a sacred and holy day. And that since certain forces are now moving to make possible the holding of general elections on Sunday, we express our staunch disapproval of all such efforts to make such possible in our state and land.

BE IT FURTHER RESOLVED that we pledge ourselves to prayer on behalf of the total life of the peoples of Arkansas, to the end that God might work His way of love, grace and good-will in the communal life of the state.

BE IT FURTHER RESOLVED that we express our continued approval of the Cooperative Program as the "sine qua nom" of the Baptist purpose of progress and prosperity, and that we give renewed emphasis to our support of the Cooperative Program and through the program to the total cause of Christ around the world.

- 92. A vote of appreciation was extended retiring Recording Secretary, W. Dawson King. Words of appreciation were expressed by the President for the news service provided by Miss Bobby Forrester and Glenn Moon with the Democrat and Mr. Stark with the Associated News Service.
- 93. Special music was provided by the Newport Y.W.A. Ensemble in the singing of "Were You There?"
- 94. Harold White, England, led in a moment of appreciation and loving remembrance of those who have gone to be with our Lord during the past Convention year, men and women who were members of our Convention churches. Malachi 3:16-18 and II Corinthians 5:1-11 were read for our meditation.

Ohituaries

As we approach the closing moments of this 105th Annual Session of the Arkansas Baptist State Convention we are mindful that ours is a goodly heritage. The excellent fellowship and marked spirit of unity prevalent throughout this convention are manifestations of the spiritual heritage of Baptists as labourers together with the Lord.

It is fitting indeed that we pause in the midst of this great Baptist fellowship to pay our tribute of love and respect to those of this fellowship who have recently gone to be "with the Lord". Since our Convention last met a number of our fellow-labourers have departed this life. As we pause in loving memory of these it might be said of each of them as it was of Abel, "he being dead yet speaketh".

It would be next to impossible for us to list the names of all who have, according to the appointed time of our Lord, laid aside the cross to take up the crown and to "ever be with the Lord". While we register our love and esteem for our beloved dead may we pledge ourselves anew to go forward in the Christian faith they loved so well until we, too, shall be summoned by the Master to join them to forever sing the "song of Moses and of the Lamb."

In this moment of blessed memory may we stand and let the Lord speak to us out of His word and remain standing as we lift our hearts in Prayer.

- 95. Bill Fowkes, DeWitt, led in singing "Fairest Lord Jesus".
- 96. The newly elected officers of the Convention were recognized and given a pledge of support and of our prayers as they lead us.
- 97. Honorable Brooks Hays, President of the Southern Baptist Convention, was presented to the Convention and brought a splendid message on Christian Democracy.
- 98. H. E. Williams, President of Southern College, Walnut Ridge, one of the educators selected by the President of the United States to study the educational system of Russia today, was presented to the Convention and spoke of the mighty challenge before us today in counteracting the Atheism and Materialism which are being taught our young people today.

Voted: That the message be placed in permanent form for general distribution.

- 99. Norman Ferguson, Fort Smith, in response to an invitation for a song, sang "He Hideth My Soul".
- 100. The Y.W.A. Ensemble of Newport sang "The Stranger of Galilee".
- 101. R. E. Naylor, President of the Southwestern Baptist Theological Seminary brought the closing message of the Convention on the theme, "Christianity Is The Religion of the Supernatural".
- 102. The Hour of adjournment having arrived the body of messengers stood for the singing of the Doxology and the final AMEN.

A total of 1,134 messengers have registered for this Convention.

RECOMMENDATIONS

 We recommend that Article Two of the Constitution of the Foundation be amended to read as follows:

"The purpose for which it is formed is to serve any benevolent, charitable, educational or missionary undertaking, institution or agency fostered by, or having the official sanction of, the Arkansas Baptist State Convention, such conjoined purposes to be executed simultaneously in the furtherance and development of benevolent, charitable, educational and missionary, activities in, and for the benefit of, schools, hospitals, orphanages, and other enterprises operated under the supervision of, or supported by, the Arkansas Baptist State Convention, and to such end may receive, by bequest, devise, gift, purchase or lease, either absolutely or in trust, any property, real, personal or mixed, and to administer such property, to convey such property, to invest and re-invest the same, or the proceeds thereof, in such manner as in the judgment of the Directors will best promote such objects, provided, however, the directors shall have authority at their own discretion to make loans to churches that are in full cooperation with the Arkansas Baptist State Convention, provided such loans are to be used in erecting houses of worship."

2. We recommend that Article Six of the By-Laws be amended to read as follows:

BOARD OF DIRECTORS

Section One—Regular Meeting: "The Board of Directors shall meet and organize as soon as possible after their election, which shall be their Organization Meeting. Thereafter, they shall hold at least two meetings annually, at such time and place as they may determine."

ARKANSAS BAPTIST HOSPITAL ANNUAL REPORT

Arkansas Baptist Hospital is the means by which the Gospel of Christ is communicated through a ministry of healing. Under the direction of the Board of Trustees, elected by the Arkansas Baptist Convention and through the leadership of the Administrator, Mr. John Gilbreath, the hospital continues to expand its ministry; while at the same time, the professional and accreditation standing of the hospital are maintained.

The new Surgical Building is under construction. Completion date of this \$1,070,000 structure is set for July, 1959. The building will be connected to the main structure by a passage-way which will be constructed on the former Twelfth Street property. This street was closed and deeded to the hospital by the city of Little Rock. The new structure will house 17 surgical rooms, an X-Ray Department,

Physical Therapy, Out-patient Services, Record Room and a suite of emergency rooms.

For years the hospital has been faced with the lack of parking facilities. This year arrangements were made for the hospital to purchase a vacant lot adjacent to, and East of, the Medical Arts Building. This property is now in use.

During the year the hospital remodeled the Five-West wing into a Recovery Room. All patients who come from surgery, with some exceptions, spend the post-operative time here. This means that the patient receives special care in the critical period following surgery. More than 5,000 surgical procedures were completed during the first six months of this year.

The Emergency Room is a community service. The continued use of this department by the community made it necessary for the hospital to remodel and expand the emergency facilities. There are now five rooms in this department, including a complete X-Ray service. There is a daily average of 28 emergencies. Through August there was a total of 6,849 emergencies treated.

The welfare of the patient is the first concern of the hospital. Patients came to the hospital from 73 of the 75 counties in Arkansas. Forty per cent of all patients came from outside the Little Rock area. Total admissions through August 31, 1958, was 13,354. There was an average daily admission of 55. There was an average daily census of 349. The average length of stay of the patients in the hospital was 13 days. The total number of out-patients for this period of time was 7,421. The total number of births was 1,427.

In order to provide the best possible care for the patients, the hospital is a community within a community. The Dietary Department provided 284,689 meals for the first six months of the year. Modern electrically heated food service carts bring the meals to the patient areas, hot and ready for service.

Approximately 100 people spend their working day in the House-keeping and Laundry Departments, providing for cleanliness of rooms and linens. Actually, there are 17 major departments in the hospital organization, for a total of more than 800 persons. Aside from the service to the patient, the hospital renders a rather dramatic service to the community of the Little Rock area in providing such a pay-roll for various employees in the hospital structure.

One of the newest departments in the hospital is the Physical Therapy Department. This department was officially begun with a four-wheel cart, but has increased to the point where in April, it became feasible to open a Physical Therapy section to take care of the volume of patients and to place more stationary equipment, such as whirlpool, ultra-violet light, short-wave diathermy and medcoson-lator. By the end of August, this year, an average of 17.5 daily prescriptions were given in the Physical Therapy Department.

During the year the Radiology Department reported a total of 12,944 procedures completed. This was an average of 2,157 per month. The class of students will complete their Radiology course on September 30, 1958. Six additional new students will be started on October 1, 1958. The excellent rating offered by the hospital's Radiology Department in the field of X-Ray technicians training has been recognized by the American Registry of Technicians.

The Residency Training Program in the Pathology Department continued with two residents. A good Clinical and Anatomical Pathological Laboratory must keep pace with, or precede, advances in the practice of medicine. A number of new techniques have been added which are used in the diagnosis of various illnesses. Among these are certain types of blood studies which are in use at the present time. During the year there have been a total of 159,425 tests completed by the Pathology Department.

Arkansas Baptist Hospital School of Nursing is fully accredited by The National Nursing Accrediting Service. This status was achieved this year and the School was notified January 4. This professional standing means that students receive training that is qualitatively equivalent to that of any non-degree school in the nation. The current enrollment of the School is 191. Two new classes were admitted in June and August, with a total enrollment of 29 and 53 respectively. Fifty-one students were graduated this year.

Academic responsibility for the School is maintained by a faculty of fifteen full-time and nine part-time instructors. Individual faculty member academic and professional standing is encouraged. There is an in-service training program in which the faculty seeks constantly to evaluate the curriculum in the light of the most recent trends in nursing education. Also, each student is given individual consideration, with every effort being made to enable the student to evolve a philosophy of vocation and life that is vitally permeated by the Christian ethic.

The Baptist Student Union, under the leadership of Director of Student Activities, Miss Juanita Straubie, reported one of the most satisfying years ever experienced. Professional leave was arranged for students to attend the Southwide Retreat at Ridgecrest. A successful revival was held in the fall of 1957 and a Christian Focus Week was held in March, 1958. Seven students made professions of faith and were baptized into local Baptist churches.

Noon-day chapel services are maintained, along with vesper and morning watch services. A great deal of time is spent in counseling with students. There are presently five students who are mission volunteers.

The specific pastoral ministry to the hospital community is the responsibility of the hospital Chaplain's Department. This department is composed of the chaplain, Dr. Don Corley, and chaplain interns and residents who may be students in the opportunities for Clinical Pastoral Education. During the summer months there were two ministerial students who studied in this program: Mr. Robert Baird and Mr. Joe Hicks, both from Baylor University. Mr. Walter Joseph, a recent graduate of the Southwestern Seminary, is presently engaged in a six-month's residency in this department.

A religious ministry to the patient is provided through chaplains as they function as part of the larger healing team. Every effort is made to present the claims of Christ in the light of the individual situation. The chaplains make an effort to see that pastoral ministry is available for patients at all hours.

Morning devotions are broadcast to the waiting rooms and patient areas each day, for thirty minutes. Also, a devotional booklet is personalized and sent to each patient in the hospital. During the year more than 20,000 of these booklets will be distributed. They are written with the Baptist Hospital patient in mind.

The chaplain's counseling ministry is of some concern. Individual difficulty in personal adjustment manifests itself in the need for personal counseling. There is a growing "family problem" type of counseling. Most of these counselees are patients of hospital staff physicians, who have been referred to this counseling service by their physicians.

Another workshop in Pastoral Care will be offered by this department on December 9. The theme is "The Minister and His Health." The growing interest of ministers in this field makes it imperative that the hospital continue the annual workshop.

Arkansas Baptist Hospital Auxiliary has made real progress during the past year developing its Volunteer Program. vividly demonstrated how volunteers can aid in spreading the welcome mat before all our patients. At the same time, the jobs they perform enable hospital personnel to perform other duties requiring professional skills. The Auxiliary provides volunteer service in the following hospital areas: in the Admission Office, they greet arriving patients, assist in making up their records and escort them to their rooms. At the Information Desk, they sort and deliver mail, deliver flowers and packages and run errands in addition to serving as information clerk. Clerical volunteers assist wherever clerical work is needed anywhere in the hospital. Hostess volunteers visit the patients and attend to minor patient needs, such as running errands, writing letters, shopping, providing magazines or just spreading good cheer through a smile or a little chat. Emergency Room volunteers are trained to help ease the tension of the families involved and serve as liaison officers between doctors and nurses and the waiting family. Pediatric volunteers are trained to assist in feeding children, to read to them and to entertain them. In addition, our Auxiliary has established a patient library which is maintained by volunteers. A total number of 76 active, and 20 inactive, adult volunteers have served approximately 5,000 hours through August of this year.

The "Candy Stripers", young ladies between the age of 15 and 18, have devoted many hours to the hospital during the summer and on week ends. They entertain children in Pediatrics, assist nurses in caring for patients and help in routine hospital duties. Fifty-one of these junior volunteers gave approximately 2,500 hours of service during the summer months.

Other projects of the Auxiliary include tray cards, flower arrangements throughout the hospital, a charity fund, a loan fund for student nurses and assisting in teas, picnics and other special occasions both in the hospital and School of Nursing. Plans for more projects are taking shape as the Auxiliary looks forward to a new year under the leadership of Mrs. James W. Littleton, president and Mrs. Clyde Scott, Director of Volunteers.

The audit report of the hospital shows the institution to be on sound financial status. In 1957, \$224,181.29 in free service was given; for the first six months in 1958, \$109,992.68 in free service was given. This means that for the past 18 months more than \$300,000 in free service was given by the hospital. Total plant investment, as of June 30, 1958, \$3,463,820.33. This figure will be considerably increased on completion of the new surgical building.

BOTTOMS BAPTIST ORPHANAGE 1958 ANNUAL REPORT Monticello, Arkansas

We are happy to make our Annual Report to the Convention and to all Arkansas Baptists on the work having been done at the Orphanage during the year 1958. We feel that more and more of our people are considering the work of "Child Care" as a very definite part of Arkansas Baptists work along side with Missions, Evangelism, Stewardship, Christian Education and Soul Winning, because it is all a part of Christ's program.

This year more than ever the Orphanage has become a part of Arkansas Baptists Program, and although the amount designated to the Orphanage in the Operating Budget was reduced from \$70,000.00 to \$40,000.00, the THANKSGIVING OFFERING was made a Number Four on the overall Budget, with a Goal of \$100,000.00. The Orphanage will need the full \$140,000.00 to operate and do the things Arkansas Baptists want us to do, and this can be realized if (as planned) ALL DEPARTMENT HEADS, EXECUTIVE BOARD and the CHURCHES, get behind the THANKSGIVING OFFERING, and then raise the full Budget for this next year.

Posters have been provided, coin holders for the children and envelopes for all—so that everyone may have a part in the offering, in order to help us reach the Goal. Half page ads have been in the Arkansas Baptist since the middle of September.

We rejoice in the fine spirit among the brethren and feel that we can let the other Departments and Institutions have the amounts requested and allocated in the Budget and raise this additional amount in the THANKSGIVING OFFERING and not hurt anyone.

166 children have been cared for during the past year. There were 133 children in the Home at the time this report was prepared. 33 children have gone out from the Home during the year and 44 new ones have come in. 40 of the children have joined the First Baptist Church in Monticello with 29 coming for Baptism and 11 by letter. We had two boys and two girls graduate from High School last year—2 of our boys are in Ouachita College in Arkadelphia—1 has gone into service and 1 of our girls was given a beautiful wed-

ding ceremony at the Home when she married one of the boys in the community.

Our children come from all over the State and are here generally because of some tragedy in their own home. In some cases it is death and others it is desertion or a break-down in the home, which is at times much worse than death. No one is taken until we are confident that there is no other place for them to live. Many of them are so distressed that it is difficult to make anything like a normal and happy adjustment. We are trying to take care of their emotional, spiritual, social as well as physical needs.

Rev. and Mrs. Michael Carozza have been added to the Staff. Brother Carozza as Assistant Superintendent and to assist in counseling with the children as well as Staff, and to help in the many details necessary in operating a Home of this size. Mrs. Carozza assists in counseling with the girls and also teaches piano. Brother Carozza is available for Church Supply, to represent the Home, and to discuss Child Care where needed. There is no way to measure the good that they will be able to do as they work in the Home.

The entire family attends the various organizations at the First Baptist Church in Monticello and the children attend Public Schools in Monticello. All of the children, Junior age and above, attended one of our Camps, or Siloam Springs Assembly this summer. All of the children were privileged to visit in homes throughout the state for a two weeks vacation, the first part of August, and we want to give a special "THANK YOU" to those who made the Camps and Vacations possible.

We have had very little sickness among the children for which we are indeed grateful. The Doctors in Monticello and in Little Rock as well as the Baptist Hospital have been most considerate and kind. We did have our first death this year, when one of our boys was injured while at play at High School. Everything was done that could be done and he was well cared for in the Funeral arrangements.

We would express our appreciation to the Organizations, Sunday Schools, classes and Brotherhoods, who sponsor children and provide for their clothing and personal needs. We are also most grateful for the amounts received monthly from the Home Helper Fund of the State W. M. U. and churches, which take care of many emergencies.

We appreciate so much receiving Memorial Gifts when someone has passed away and money is sent to the Home instead of giving flowers. A sympathy card is sent to the friends or relatives, and the money received is put into the Memorial Fund, for which many things have been purchased that has blessed the Home. The Birthday Banks have continued to be a blessing. The money received helps to provide for allowances given the children each week, amounting to better than \$50.00 per week—15c to 55c each and \$1.00 for their birthday. New bands for the banks will be provided upon request.

Coupons prove very valuable when accumulated in one place like we do, from all over the state, and we only wish that more of our churches would take seriously the value of Coupons by having a Coupon Chairman. Dishes, Silver and some cash is made available through Coupons.

We urge Arkansas Baptists to remember the Orphanage in their WILLS and ANNUITIES. These can be made directly to the Orphanage or through the Baptist Foundation. Any assistance along this line will be furnished by the Orphanage.

The TRUCK Schedule runs from October 13th through the first week in December. Lists by Churches have been furnished the churches and also published in the Arkansas Baptist. Canned and staple food, such as sugar, flour, jellies, canned vegetables and fruits are most acceptable.

We can also use good used clothing and linens. We appreciate getting feed, hay and corn. When as many as 125 bales of hay are available we are glad to make a special trip any time. Cows, calves, pigs and chickens are also most acceptable.

We suggest that each church and Association select an Orphanage Chairman who can lead in seeing that all material sent to the Churches is used and that the Orphanage is kept before the people.

"IS THERE ROOM IN YOUR HEART FOR A CHILD"? Pray for us—COME TO SEE US.

CHAPLAINS COMMISSION REPORT

FIELD WORK: The contacting of the chaplains in military and veterans administration installations, the visiting of colleges and seminaries and promoting of the various conferences has been some of the main objectives of the Chaplains Commission.

The Associate Director, Geo. W. Cummins, completed an itinerary in the Far East and Mediterranean areas which took some seventy-three (73) days. This was a most rewarding and fruitful tour. The military commands and personnel, the chaplains and the missionaries and the families of these groups were most responsive and appreciative of this interest in them.

THE RESERVE PROGRAM: Each of the military services have a reserve program and along with the Civil Air Patrol Chaplaincy

these are fast becoming very important. With the cutbacks which have been made this past year and the possibility of others to come, these programs will receive greater emphasis and there will be a continuous need for new chaplains in this area. This enables a minister to serve his local church and at the same time participate in these programs—he becomes a pastor-chaplain. Southern Baptist ministers are needed to become pastor-chaplains with these various units which offer a wonderful missionary opportunity.

ACTIVE DUTY QUOTAS: In all branches of the services are filled. Total commissioned chaplains number 1,053. 58 students are approved.

CURRENT NEEDS:

Civil Air Patrol—As mentioned above has urgent need for at least 185 pastors to serve as chaplains in this organization.

Army—Nat. Guard—Navy—Continues to accept in Reserves our well qualified candidates.

AIR FORCE—Vet. Adm.—Accepts our candidates only to fill So. Baptist vacancies.

ENDORSED—But not yet commissioned are: Army Reserve 46—Nat. Guard 37—Students 15—Navy Reserve 9—Students 12—Air Force 18—Students 1—Vet. Adm. 21—CAP 5—Total 164. In process of endorsement we have total of 22 applications. This year the military as commissioned 61 of our endorsees. 17 of our chaplains have separated from the services.

ENDORSEMENTS GRANTED this year total 255.

REQUEST for certification of ministerial status for deferment from military service was received from 15 applicants. Eight were granted certification and 2 declined.

SOUL WINNING—13,534 professions of faith this year is an increase over last year with 26% less new personnel entering the services. The chaplains evangelism knows no barriers. "This is the farthest north anyone was ever baptized (by immersion). We improvised a baptistry from a shipping crate and tarpaulin. Where there are Baptists they will find a way."

CIVIC MORALITY ANNUAL REPORT

Our world is a world of constant warfare between good and evil; God and Satan. No individual, no city, and no state is free from this constant fighting. The Christian forces must be alert to this challenge that is before us.

The liquor forces continue their nefarious march on the bodies, minds, and souls of America. They must be checked and stopped!

The gambler increases his hold upon the state of Arkansas. State laws written to hold him in check have been flaunted; he continues his inroads upon the good name of the state of Arkansas.

The dope and smut peddlers continue to take their toll in the youth of our land. Legislation must be promoted to halt such people; the public must be enlightened as to degradations resulting from dope and smut.

What can be done? Methodists, Baptists, and others, in some series of meetings, have concluded that a vigorous new organization must be launched in Arkansas. This organization would cover the complete field of civic morality: liquor, gambling, dope, indecent literature, and other related problems. It would have as its expression (1) organization, (2) legislation, (3) rehabilitation, and (4) education.

Your Civic Morality Committee recommends (1) that the year of 1959 be the year of launching this organization, (2) that we encourage the participation of all our churches in this endeavor, (3) that we work with other interested groups in this noble endeavor on behalf of Civic Morality.

THE COOPERATIVE PROGRAM

The Cooperative Program is the life line of support for all the missionary, educational, and benevolent work undertaken by Southern Baptists. It is an agreement between the Southern Baptist Convention and each State Convention. In the attempt to carry out the great commission of Christ, Southern Baptists have centered their attention upon the Cooperative Program. In practical terms, the Cooperative Program is a plan whereby we as Baptists unite together in spreading the Gospel of Christ to every area of the world. It symbolizes our unity and our willingness to cooperate. God has a plan for everything in the universe, and we as Southern Baptists believe that God has led us to the plan of the Cooperative Program. Our mission task is one mission task. The whole program can best be supported by a balanced support to each cause. Every cause within the whole program is important, and is a vital part of the total world mission task. Regular weekly support throughout the year is the type of support upon which every cause may rely with greatest assurance, and is the essential basis for planning missionary strategy and missionary advance.

The goals for the year 1959 are worthy of our best efforts. The budget for 1959 has been drawn up with an eye to support the entire

worldwide mission program of Southern Baptists. The budget goal is one million seven hundred thousand dollars. The only way that such a challenging budget can be met is that each individual must be willing to share the load. This is the way it can work. Each person should decide what portion of his income shall be given to the cause of Christ. He turns this amount into the treasury of his church. It is then that the local church decides what portion of its income will be used at home and what portion shall be used for world missions outside its own locality. On a state level, the messengers from the churches to the State Convention decide on what portion of income shall be given to all of the causes supported. It likewise holds true that the messengers of the Southern Baptist Convention make a like decision of the division of funds to home and foreign causes. The inspiring aspect of such a program is that each individual and each local church share in the support of all of the hundreds of missionaries, hospitals, colleges, seminaries, and benevolent causes fostered by Baptists.

The percentage plan of giving is the heart of the Program. This "percentage plan of giving" means giving to world missions through the Cooperative Program a definite percentage of the total church budget rather than a certain number of dollars, and increasing that percentage regularly. In many instances the proportion of missionary giving has had a downward trend. The church budget has increased, but the percentage of funds going to missions has not increased. If a church will stay on the percentage plan and increase that percentage year by year, it will prove a blessing to the church as well as for the entire cause of Christ around the world.

The Forward Program of Church Finance has been devised by the leadership of Southern Baptists in order to aid local churches in leading their people to become better stewards. The Bible teaches that every individual has a stewardship responsibility. It is likewise true that individual churches also have stewardship requirements. Many churches used the Forward Program of Church Finance during 1958, and found that it was a blessing to them. It is believed that many other churches will use this program of stewardship during the coming year. We can, therefore, expect more gifts to be given for the causes of Christ around the world.

More for missions is a possibility if a church will follow these suggestions:

(1) Use the Forward Program of Church Finance. This will greatly increase total receipts for local expense, building program and missions, and deepen the spiritual commitment of the members.

(2) Give to world missions through the Cooperative Program on the percentage plan of giving, and annually, or at regular intervals increase the percentage of the total budget given through the Cooperative Program. This will do four things: (a) Assure an increase in mission gifts in proportion to increase in total gifts. (b) Assure permanent advance in the proportion of missionary giving to total gifts. (c) Afford the simplest and most satisfactory plan for increasing missionary giving regularly. (d) Support every phase of the missionary, educational and benevolent work which is so important to missionary advance in any area.

Use of the Forward Program of Church Finance, plus use of the percentage plan of giving through the Cooperative Program, are twin packets for certain missionary advance. (1958 Annual Southern Baptist Convention, page 96.)

A worthy goal for the following year is to pray that God will lead every local church in Arkansas to make some contribution to the Cooperative Program during the year. Every church in Arkansas is encouraged to make contributions to the Cooperative Program on a percentage basis. Every church in Arkansas is encouraged to join with other churches in underwriting the challenging budget goal for 1959 of \$1,700,000.00.

EXECUTIVE BOARD REPORT

"Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you; and lo, I am with you alway, even unto the end of the world." This is our mission and commission. It is universal in its application and world-wide in its scope.

The Convention and its institutions exist for the purpose of enabling the churches to preach the gospel to every creature. Our mission is unchanging in nature but the methods by which we carry out this mission may change with the conditions of the times. This brings us under the solemn responsibility of constantly trying to devise the best ways and means of carrying out our world mission responsibility.

God's blessings have been upon Baptists. As we turn our eyes to the past we recognize many evidences of God's blessings upon Arkansas Baptists. Our numerical growth has been one of constant amazement. Along with this we have multiplied our institutions and agencies. And perhaps in instances these institutions and agencies have grown so rapidly and in so many directions that we have to

some extent failed to experience our highest degree of kingdom service.

Because of the rapid—and sometimes unplanned—growth of Southern Baptists, there is a general recognition on the part of many of our institutions and agencies and state conventions that our organizational life has become rather cumbersome. Because of this, professional management consultants have been invited in by our agencies and conventions to help us put our organizational house in order, that we might more successfully fulfill our world mission responsibility.

At the December 3, 1957, meeting of the Executive Board, the motion was passed "that we look with favor upon making such a survey at such time as our Executive Secretary may deem necessary."

After consulting with the heads of some of the Southern Baptist agencies and the Executive Secretaries of some of the State Conventions which had used the services of the professional consultants, the Executive Committee, at its January 14, 1958, meeting, voted to defer such a survey for at least one year. At the same time the Executive Committee voted to "appoint a joint committee composing of two members from the Executive Board and two members from the Headquarters staff, with the Executive Secretary and the Associate as ex-officio members." The purpose of this committee was (1) study our organizations in the Baptist Building with the view of coordination; (2) to study the work of our departments with the view of working out a cooperative program of work and coordinate the state, district, and associational meetings of the various de-(3) The committee will bring to the Executive Board its recommendation concerning the proposed survey by an outside concern. This, as you recognize, is a sort of a "do-it-yourself" survey committee. The membership was made up of Dr. Dale Cowling, Chairman, Rev. Roy Lambert, Dr. Edgar Williamson, and Dr. Tom Logue.

This committee has done a very thorough work and will recommend to the Executive Board (1) a re-organization of the staff in the Baptist Building, and (2) a proposed re-organization of the Executive Board. These two recommendations, if effected, will bring about a correlation of our work which should be felt throughout the entire Convention. Our work should be immeasurably strengthened by the work of this committee.

Growing out of the work of this committee, an invitation has been extended the Woman's Missionary Union to consolidate their bookkeeping with the accounting department of the Executive Board. We feel this would expedite the work of both the Woman's Missionary Union and the Arkansas Baptist State Convention. The leadership

of Woman's Missionary Union has been very cordial toward this invitation and we confidently expect satisfactory arrangements to be made concerning this matter.

What is the purpose of the Baptist paper?

Dr. E. C. Routh, himself a former Baptist editor, has answered this as being five-fold: information, instruction, inspiration, enlistment, and unification.

Before there was a Southern Baptist Convention, Baptists had seen the necessity of having their official papers for the promotion of their work at home and around the world. Some of the papers still in existence had their beginning in the time of Luther Rice, who established the Columbian Star in 1822.

More than two dozen papers, the most of them weekly, now serve their respective Baptist state conventions, across the nation. The Arkansas Baptist, first known as the Baptist Advance, has been published continuously since 1902 as the official organ of the Arkansas State Convention and is regarded as one of the leading periodicals in the Southern Baptist Convention. To it belongs the distinction of being the first convention-owned newspaper.

Serving as editor of the Arkansas Baptist is Dr. Erwin L. McDonald, a native of London, Pope County, who came into editorship March 1, 1957, following the resignation of Dr. B. H. Duncan.

More than 500 churches of the state now send the paper regularly to all their families through the Church Budget Plan. It is hoped that other churches will be joining these in large numbers as they prepare their budgets for the coming year.

The editor and his staff of three other full-time workers are assisted by the churches of the state and several news-gathering agencies in the production of the paper. They regard themselves as being on duty for Arkansas Baptists around the clock to help them keep informed and inspired through a well-balanced paper.

Your help is requested in their week-to-week goal of improving the quality of the paper and increasing its circulation. Churches interested in considering placing the paper in their budgets may have the paper mailed free for one month to all their families by supplying the Arkansas Baptist with their mailing lists.

Areas of Advance

This year has seen the employment of the first city-wide Baptist Student Director for the city of Little Rock. Mr. Jim Boyd, a graduate of Wayland College and Southwestern Baptist Theological Seminary, began his work with the students of Little Rock University and the medical, nursing and pharmacy students of the University of Arkansas Medical Center the first of the year.

Becoming available on the first of January for the proposed Baptist Student Center at Southern State College was \$15,000 from last year's capital needs item of the state budget. A local committee is in the process of raising the other half of the center's costs. When the building at Magnolia is erected, Arkansas Baptists will own six Baptist Student Centers as follows: University of Arkansas, Fayetteville; Arkansas State College, Jonesboro; Arkansas State Teachers College, Conway; Arkansas Tech, Russellville; Arkansas A & M College, Monticello; and the new building at Southern State College, Magnolia. There is a temporary building at Southern State College which is not owned by the convention but by Central Baptist Church, Magnolia.

Of great importance to the development of our student program is the opening of two chairs of Bible at two of our Baptist Student Centers this fall. At the University of Arkansas and at Arkansas Tech, our students have the opportunity of taking Bible in our centers. Through the splendid cooperation of Ouachita Baptist College,

college credit can be earned by those taking the courses. The class at the University is being taught by Dr. Alexander Best and the class at Arkansas Tech is being taught by Rev. Emil Williams.

The two classes are only a small start, but it is a significant step. Approximately eighty percent of our students are enrolled in other than Baptist colleges. It is hoped that eventually courses in Bible can be available for most of our Arkansas college students. In other states, such as Texas and Missouri, the Baptist Student Department of the State Convention has established chairs of Bible at most of the colleges.

BROTHERHOOD

Personnel:

Nelson Tull, Secretary
C. H. Seaton, Associate Secretary
Bonnie Blaylock, Office Secretary

The cardinal emphases of the Brotherhood movement are, perennially, Dedication, Stewardship, and Evangelism. These are accents which are applied in working with men and boys throughout the entire scope and range of the Brotherhood operation. And the over-all program of Brotherhood embraces completely the Royal Ambassador movement, the Southern Baptist project of work with boys.

During the past year the Department has stressed the development of Brotherhood work on regional lines; also the training of leaders on every level, the promotion of all phases of Brotherhood work, the development of the Royal Ambassador Camping program, and the holding of regional Brotherhood encampments.

The development of the Brotherhood movement in Arkansas has reached a state where emphasis on the training of Brotherhood and Royal Ambassador leaders and the enhancement of the quality and effectiveness of the work, are beginning to take precedence over the promotion of new organizations. This does not mean that such promotion has ceased or will cease; for the perennial slogan of the Department is, "Every Church Needs a Brotherhood". Toward this goal the Brotherhood Department shall ceaselessly point its work; and shall, at the same time, seek continuously to build the quality of Brotherhood work and the efficiency of Brotherhood leadership throughout the state.

Camps and Assemblies

These two programs have been under the direction of separate boards of trustees. Both of these boards of trustees have recently passed unanimous resolutions which will be presented to the Convention requesting that these programs be placed under the direction of the Executive Board. Without doubt these two agencies have rendered a monumental service to our people. However, on the other hand, we believe that this move will greatly increase the effectiveness of our camp and assembly in serving the total needs of our denomination.

Perhaps one of the greatest needs in our denominational life is to strengthen these programs. Arkansas Baptists need to put at least a quarter of a million dollars into the facilities of these programs so that they might be made useful the year round. If the buildings were winterized, our departments and agencies could use these facilities to a much greater advantage. Our camp and assembly programs are with us to stay and they can render a ministry that cannot be approached through any other method.

CHURCH MUSIC

LeRoy McClard, Secretary

Achievements

From October 1, 1957, to September 30, 1958, there were 2,125 people earning Adult Music Training Course Awards. In addition to the Adult Training Program approximately 1,200 children earned participation certificates. There were 156 churches reporting training in 34 associations.

Six Summer Field Music Workers assisted the Church Music Department by teaching schools of music in the smaller churches of the state during the summer of 1958. The workers were as follows: Joy Sanders, University of Arkansas; Nona Johnson, Mary Beth Taylor, and Wayne Smiley from Ouachita College; and Philip Nation, Baylor. These workers conducted 46 schools of music with a total enrollment of over 1,500. 508 adults earned Training Course Awards and approximately 450 children were given participation certificates.

Two State-wide Music Conferences were conducted, one on Ouachita College Campus where 259 were enrolled and another on Siloam Springs Assembly Grounds where 189 were enrolled. In each of these conferences there were four divisions: Elementary, Junior High, Senior High, and Leadership. Besides the choir for each division and the Music Camp Band there were classes in Theory, Conducting, Music Ministry, Voice, Hymnology, Instruments of the Orchestra, Piano, Organ, Vocal Pedagogy, Song Interpretation, Graded Choirs and spiritual guidance by the Camp Pastor.

Mr. Charles Smith of the Immanuel Baptist Church, Little Rock, was chosen Star Music Camper at the Ouachita Conference. John Gardner of the Grand Avenue Baptist Church, Fort Smith, and Janice Smith of the First Baptist Church, Calico Rock, tied for the Star Camper honors at the Siloam Springs Conference.

As usual the high points during the year were the State Festivals. Four State Festivals were conducted: Primary, Junior, Youth, and Adult. The guest conductor for the Primary Festival was Mrs. Haskell Boyter, Atlanta, Georgia. 17 choirs were present with a total of 328 choristers participating. Mrs. Dwight Phillips of Texarkana, Texas, was the guest conductor for the Junior Choir Festival. 755 choristers from 34 churches participated. The State Youth Choir was also well attended with 761 choristers from 38 churches. William Jensen Reynolds of Nashville, Tennessee was the guest conductor for the Youth Festival.

232 Choristers attended the first Adult Choir Festival. This festival was such a happy occasion that we believe it will grow to be our largest festival. Mr. Reynolds also was guest conductor for the Adult Festival.

Hymn Sings continue to be one of the most popular activities of the Associational Music Program. We have an accurate record of only 45 hymn sings where 4,338 people participated. We have every reason to believe that at least twice this many hymn sings were conducted with approximately 10,000 in attendance.

Each year the strength report of Associational Music Officers continues to climb. We have advanced from 13% to 52% to 66% in the last three years. A complete music organization for an Association includes the Associational Music Director, Missionary, Moderator, Pastor-Advisor, Director of Congregational Activities, Director of Graded Choir Activities, Director of Training, Director of Publicity and Promotion, and Director of Instrumental Activities. Planning Meetings were conducted for Associational officers in 38 of our 44 Associations.

Two churches received the Standard of Excellence for one quarter during the past year. They were First Baptist Church, Benton, Charles Mayo, Minister of Music and First Baptist Church, Smackover, E. L. Crosby, Director.

One State-Wide Graded Choir Workshop was conducted by Mrs. Haskell Boyter, foremost authority on childrens choirs from Atlanta, Georgia. 44 ministers of music attended the workshop.

Missions is the very heartbeat in the body of a true New Testament Church and has been the moving factor in organizing Associations and Conventions. We were organized for a missionary purpose and today we are facing our greatest challenge.

State Missions

We have churches, yet there are over 200 places where either a mission or church should be established. Our state population is decreasing, yet our larger towns and cities are growing at a rapid rate with new areas developing where new churches should be constituted. The multitude of Migrants who come to our state each year need the Gospel Message. The Negro Baptist Churches need our help in strengthening their leadership and undergirding their efforts in Christian Education. Institutions need a spiritual ministry for its inmates through service of Chaplains. Small discouraged churches need help in building programs and pastor's salaries.

The Department of Missions is endeavoring to supply these needs as funds are made available. Two State Missionaries as well as Associational Missionaries make surveys, conduct mission revivals, establish mission stations, and constitute churches in the needy areas. About \$20,000.00 of mission funds are used for new buildings. \$15,000.00 are used in providing pastoral ministry. Eleven teaching classes have been set up for Negro Pastors and church workers with an enrollment of 250 and two Negro Camps were held last summer as well as financial aid given to the Negro Baptist College. Full time chaplains are maintained at the Sanatorium and Boys' Industrial School. The total budget for the Department of Missions is \$129,500.00.

Evangelism

Early this year Dr. I. L. Yearby resigned as Secretary of the Evangelism Department due to ill health. C. W. Caldwell, Superintendent of the Department of Missions was requested by the Executive Board to serve as interim Secretary of the Evangelism Department. His major emphasis has been in the interest of the 1959 Crusade when seven Baptist groups in North America and Canada will unite in a gigantic year of Evangelism. Dr. Caldwell has stressed the importance of each Association electing a Chairman of Evangelism and Steering Committee. Plans have also been set up to conduct Associational Clinics in which the steering committee will be trained for the part in the Crusade. Special prayer services will be held New Year's Eve and Soul Winning Commitment stressed on the first Sunday in January.

The annual state-wide Evangelistic Clinic will be held with the Immanuel Baptist Church of Little Rock, January 26-28. Some of the guest speakers are to be Dr. Earl Guinn, Louisiana; Howard Butt, Charles Wellborn, and C. Y. Dossey.

Arkansas has been divided for two Crusades—Eastern Arkansas—March 8-22; Western Arkansas—April 12-26. With proper preparation and thorough performance our baptisms should go beyond

our record year of 1950. At the time this report is being written we are unable to give any statistics on the number of baptisms for 1958. Our objective for 1959 is more than ever before.

Forward Program of Church Finance

Another step has been taken in the life of Southern Baptists which many feel is the greatest thing since the Cooperative Program. This is the Forward Program of Church Finance. The Forward Program will do two things for any church which uses it conscientiously and completely. It will make a spiritual impact upon the life of a church that uses it. In the next place, it will develop a strong stewardship consciousness in the life of the members.

Here is what some of those who have used it say: "This has been equivalent to a revival in our church. People who have not attended church for years are coming back." (First, Booneville, Arkansas). "This was the most successful effort our congregation has ever undertaken." (Edgemont, Rocky Mount, North Carolina). "By using the Forward Program we are increasing our Cooperative Program gifts 75 percent. This is our answer to the challenge of World Missions Year." (Oakhurst, Decatur, Georgia). "It brings spiritual revival and deepened interest." (Second, Little Rock, Arkansas).

Following is a list of associations in which Forward Program of Church Finance clinics have been held this year under the direction of Dr. Ralph Douglas.

1.	Independence County	9.	Black River
2.	Delta	10.	Hope
3.	Bartholomew	11.	Red River
4.	Arkansas Valley	12.	Liberty

5. Tri-County 13. Dardanelle-Russellville

6. Ashley County 14. Caroline 7. Harmony 15. White County

8. Little River

Likewise, Dr. Douglas has directed finance conferences in the following churches.

1.	Lee Memorial Baptist Church	7.	Tuckerman, First
2.	Brinkley, First	8.	Temple, Crossett
3.	Hunter	9.	Fort Smith, First
4.	Levy	10.	Wilson
5.	Fordyce, First	11.	Searcy, Second
6.	Cabot, First	12.	Tyronza

Undesignated receipts for world missions received in our office this year (up to October 1st) are well ahead of the amount one year ago. Cooperative Program contributions for the third quarter of 1958 were the largest for any third quarter on record. Perhaps this is largely due to the more than fifty churches which used the Forward Program of Church Finance during the fall of 1957. Reports are coming to our office now of very good success being experienced by the churches which are employing this method of stewardship promotion this fall.

Hospital Coverage

The Executive Board is making possible a plan of hospital insurance on a group basis to all Baptist ministers and full-time church workers. The reason for this service grew out of the fact of the increasing amount of free services our two hospitals were having to render, and on the other hand, the desire to be of assistance to our pastors and full-time church workers in case of physical disability. This is in no sense an attempt to promote any particular insurance coverage but a desire to render a service at a point where it is sorely needed.

Promotional Meetings

When the proposed budget for 1959 was adopted by the Executive Board at its July, 1958, meeting, the Board also adopted a plan of presenting our work to the leadership of our churches. This plan called for a meeting, preferably a supper meeting, of the pastors, deacons, church treasurers and the missionary in each of our associations during the months of September and October. These meetings were to be arranged by the Board member from each of the associations. The President of the Convention, the President of the Executive Board, the Executive Secretary, his Associate or one of the heads of the institutions were to meet with each of these groups and discuss our proposed budget for 1959.

We were able to get into 26 of our associations for such meetings and to discuss the work with 1,605 pastors, deacons, and church treasurers. The response from these meetings has been highly gratifying. This gave our people an opportunity to ask questions and to discuss with the leaders of our work in an informal way the total program of Arkansas Baptists. Many have requested that we repeat this action each year.

Recommendations:

I. Budgetary

- 1. For 1959
 - (1) Cooperative Program \$1,600,000.00
 - (2) Bottoms Baptist Orphanage 100,000.00 (Thanksgiving Offering)

Total	 ,700	,000.	00

2. Percentage basis

We recommend to the churches that their budgets be formulated on the percentage plan—allocating to all causes supported by the church on a percentage basis—including cooperative missions.

- 3. We recommend to the churches the Forward Program of Church Finance as perhaps the most effective plan Baptists have discovered to teach and promote Biblical stewardship.
- 4. We prayerfully request the churches to consider increasing their contributions to world missions through the Cooperative Program for 1959 by at least two percent of their undesignated receipts.

II. Retirement Plan

- 1. We recommend participation of every church, pastor and full-time church worker in our Retirement Plan.
- 2. We further recommend the churches give further encouragement to their pastors participation in the Retirement Plan by assuming not only the church's part but also the pastor's part.
- III. Because of increased prices in building costs, we recommend that the Convention raise the debt limit of Arkansas Baptist Hospital to \$500,000.00 that it might complete the present building program.

SUNDAY SCHOOL

Personnel

Edgar Williamson, Secretary Mrs. Nancy Summar, Office Secy. Ernest Adams, Associate Secy. Mrs. Grace Hamilton, Office Secy.

In 1956-57 Arkansas reported 1,145 Sunday Schools with 204,840 pupils enrolled. In 1937, twenty-one years ago, the enrolment was 91,542 in 683 schools. With some decrease in population during past years, Arkansas Sunday school enrolment has increased. The enrolment for 1957-58 will not be known until all of the annual association reports have been tabulated.

For the past four years your Sunday School Department has centered its promotional activities largely in the associations. Ernest Adams, Associate State Sunday School Secretary, has for the past three years been in charge of this work.

The forty-four associations in the state have been divided into eight districts with a district superintendent working with and through the associations to promote a five point program of work. These are the objectives of this program.

- 1. Every association fully organized for Sunday school work.
- 2. Every associational Sunday school officer trained for his task.
- 3. Every association using the Associational Standard of Excellence as a program of work.
- 4. Every association each year conducting group or simultaneous training schools.
- Every association holding a simultaneous enlargement campaign.

In 1937 eighty-two Vacation Bible Schools were reported. This year, 1958, some 1,000 schools were held with \$12,122.70 being given by the schools through the Cooperative Program.

During the year individual church and association-wide training clinics and enlargement campaigns were held in addition to the State Vacation Bible School Clinics in February. Pastor-led enlargement campaigns have been held in Independence County, Centennial, Benton County, Caddo River, and Caroline Associations. A number of these campaigns are being scheduled for 1959.

In 1937 some 111,655 pieces of Sunday school and Training Union promotional literature were distributed in the office and through the mail. This year, 1958, more than 117,350 pieces of the Sunday school literature alone were distributed.

Thanksgiving Offering

The \$100,000.00 included in our 1959 budget for the Bottom's Baptist Orphanage at Monticello, Arkansas, to be raised at Thanksgiving, is a vital part of the financial plan of Arkansas Baptists. Last year approximately 800 of our Arkansas churches participated in the Thanksgiving Offering. It is hoped that every one of the 1,143 churches will have a part in this offering this year. Because the Orphanage allotment in the Cooperative Program was reduced by \$20,000.00 for 1959 it becomes more imperative that all of us have a part this fall in the Thanksgiving offering. Approximately 130 children will be depending upon the churches of Arkansas and the Thanksgiving offering.

Statistics

The latest available figures are those taken from the reports from the churches in the fall of 1957. At that picture of Training Union work in Arkansas there were 1,143 churches in Arkansas with 961 (84.1%) with Training Unions and 182 (15.9%) without Training Unions. These 961 churches with Training Unions reported an enrolment of 92,695.

Training Union members of Arkansas earned 26,298 study course awards from October 1, 1957 to October 1, 1958.

"M" Night is "Mobilization Night" and is observed in every association on the first Monday night in December, at which time the Training Union forces are mobilized to launch the Training Union program for the following year. Forty-three (43) of the 44 associations of Arkansas observed "M" Night on December 2, 1957, with an attendance of 17,122, with 796 churches represented and 629 pastors present.

2 Plus

The Forward Program is designed to increase income for all causes, such as local expenses, building, and missions. No church would expect to increase its income for local expenses without providing at the same time for a larger share in world missions. The Forward Program recommends that churches provide for world missions through the Cooperative Program on a percentage basis of their total budget. And it is further recommended that the church increase

their mission gifts through the Cooperative Program by at least two percent each year. That is, if the church has given 20% of its total undesignated income for missions in 1958 that it would increase that to 22% of the total budget for the year 1959.

If all of our Southern Baptist Churches would give 2 Plus for world missions through the Cooperative Program for 1959, that would mean more than a sixteen million dollar increase for missions. Think what this would mean in terms of increased services through our colleges, hospitals, orphanages, and preaching the gospel to the ends of the earth.

FOREIGN MISSIONS

"Advance" is the theme of our Foreign Mission Board as it thinks of the challenge it faces in girdling the globe with the Gospel of God's Grace. Through September of this year 93 missionaries had been appointed for Foreign service bringing the number of active missionaries under appointment to 1,255. The Foreign Mission Board hopes to reach 130 appointments during the calendar year. We felt discouraged when our missionaries were driven from China but it has led them to enter other open doors such as: Formosa, Hong Kong, and Macao, Malaya, and Singapore; in Thailand, the Philippines and in Indonesia. In addition to these fields our missionaries have gone to East Pakistan. The total population in these fields is 350 million or twice the number in the United States.

It is impossible to relate details of the work being done in all the countries such as: Africa, Europe, Near East, Latin America, Brazil, Chile, the Orient, Mexico and other countries where we have mission work. The 1958 Annual of the Southern Baptist Convention carries a 71 page report of our Foreign Mission Board's work. We quote Dr. Baker J. Cauthen's introduction to the report:

"Southern Baptists are becoming increasingly aware of the world ministry Christ is expecting in our generation. We can interpret the remarkable growth being experienced in Southern Baptist life only in terms of trusteeship on a world scale. Never in all history has the gospel of Christ been more urgently needed. It alone can bring to each individual release from sin and power for personal living. It alone can cause people to walk together in love and undertake to serve their fellow men for the glory of Christ.

To a greater degree than we have ever known, young people across the Convention are seeking to find God's will for their lives. Many ministers and other Christian workers who are fully trained and are yet young enough to go to mission fields are discovering that Christ is calling them into world mission service.

Doors are open in many countries where we have had mission work only a few years. The rise of Communist power in China thrust us out into a vast missionary expansion in the Far East. The entire map of Africa is being restudied from a standpoint of missions advance. We are challenged by large areas in the Moslem world where limited witness for Christ is found. Doors have been opened in many countries in Latin America where only a beginning has been made.

Southern Baptists ought to be sending forth no fewer than 200 missionaries under appointment by the Foreign Mission Board each year. Our hope is to be able to appoint 130 in 1958. What we are doing falls far short of the potential God has given.

We thank God for the growing reinforcement to world missions through support of the Cooperative Program and the Lottie Moon Christmas Offering. Growth in giving indicates that Southern Baptists will match with money the dedication of life that God is increasingly bringing to pass.

Our greatest unharnessed potential is prayer. If the Southern Baptist Convention can give itself to intercessory prayer, we will find power in our churches to lead toward heroic dedication of life and possessions. Missionaries and their fellow Christian workers throughout the world will feel fresh power in leading people to Christ and developing churches.

The report on the following pages tells the story of this world ministry in 1957. No statistical table can adequately describe the achievements of the world mission enterprise. Seeds have been sown, light has been made to shine in the darkness, human suffering has been relieved, and teaching has been imparted. Many glorious victories have been won but a high percentage of them cannot be described in any table of statistics or written report.

Behind all this labor there stands the life and dedication of the missionary. He goes today to face the same challenges to personal dedication, heroism, and surrender to the will of God that others have faced in earlier years.

This is a day of crisis. The world is bewildered, frightened and despairing. Human hearts everywhere are awaiting the positive victorious note which only is sounded in the gospel of Jesus Christ who died for our sins and arose from the dead.

This must be the golden generation of world mission labor or else we will miss the distinctive responsibility and privilege of our time. God is entrusting to Southern Baptists the potential. We must respond with unlimited dedication and service. May this Convention be a time when our hearts will be welded together as never before in intercessory prayer and will send us forth to call afresh each New Testament Church to its maximum effort in the Christ-given task of world missions."

ANNUAL REPORT OF THE HISTORICAL COMMITTEE OF THE ARKANSAS BAPTIST STATE CONVENTION FOR 1958.

Rev. L. C. Tedford, Chairman

The Historical Committee has worked on two projects this year: First, we have catalogued all the associational minutes we have in our collection, and the microfilm copies of the minutes which the Executive Board had made last year. We have secured microfilm copies of some old and rare minutes from outside libraries. The microfilm copies are kept in the library of Ouachita College under the care of Professor George T. Blackmon, who is a member of our committee. He is seeking to secure a microfilm copy of every recoverable Arkansas Baptist Associational Minute in existence. All he lacks in doing this is a little financial backing. We hope to find a way for him to complete this project.

Second, we are promoting what is called OPERATION BAPTIST BIOGRAPHY in our state. In the preparation of materials for the Southern Baptist Encyclopedia it was discovered that we are sadly lacking in biographical materials. The writers of biographical sketches for this work, although writing sketches of the outstanding Baptist leaders of the past, were embarrassed at the poverty of trust-The Southern Baptist worthy data available for these monographs. Historical Commission, under the leadership of Dr. Norman W. Cox, Executive Secretary, initiated a movement to collect 5,000 biographical sketches on Southern Baptist leaders, living and deceased. The collection is called "A Book of Remembrance", however, it is not a book but a file for reference. Every ordained Baptist preacher is urged to file his sketch with the chairman in his state, and sketches are wanted on the more faithful and fruitful laymen and women of our Baptist people, past and present.

The pastors of the churches are asked to lead in this project and help secure sketches on others of his church. Pastors of large churches are asked to appoint a committee to help secure these sketches. Our goal for Arkansas is 1,475. No Baptist will be denied the privilege of filing his biography in this collection.

The initial step in this operation has been taken at the annual meetings of the associations this fall. An effort has been made at these forty-four associational meetings to get material into the hands of everyone who was willing to cooperate. The moderators, clerks, and missionaries have shown a good spirit toward this movement

and are helping us make it a success in our state. The month of January, 1959, is set for completing this work and getting the sketches returned to the state chairman, L. C. Tedford, Baptist Building, Little Rock, Arkansas.

We are glad to report that we find an increasing interest in preserving our Baptist history. Several churches have observed centennials within the last year and supplied us with historical sketches. We know of two associations that have elected historians, viz., White County and Mount Zion.

HOME MISSIONS

Our Home Mission Board has a multitude of ministries in the homeland, Alaska, Panama and Cuba. Its total program embraces Evangelism, Language groups, Good Will Centers, Rescue Missions, Rural and City Missions, Pioneer and Mountain Missions, Military Personnel, Negro and Jewish work and a number of other ministries as well as Church building loans.

Increasing opportunities are challenging Southern Baptists to accelerate our Home Mission Board program of work. The doors which opened in the Western and North Western States a few years ago have led us into a great field of pioneer missions. During the past year New York and Canada have become centers of Mission interest. Paul S. James has become Director of Southern Baptist work in New York City. W. Bertam King has been appointed liaison worker in Canada. There are over 43 states being served by the Home Mission Board, which is an increase of 24 since 1940 or three times as much territory.

The Home Mission Board has given some assistance to our work in Arkansas. Two thousand dollars are given annually on Salary of Superintendent of State Missions. \$3,000 on salary of Director of Negro work; \$2,000 on salary of Secretary of Evangelism, and additional help for Negro Extension classes and Bible teaching in Negro Colleges. Our state benefits also from the Home Board's program of Missionary Education through Schools of Missions, Visuals, and Mission study books.

The Home Board now has 1,271 missionaries and has a goal for 2,000 by 1964. Another objective is to establish 30,000 new missions and churches by 1964. Dr. C. C. Warren is directing this program.

Arkansas should be especially interested in the Home Board's program of evangelism. "New Life for You" is the theme for the 1959 Evangelistic Crusade. This slogan has also been adopted by the Publicity Committee of the Baptist Jubilee Advance. Churches

are urged to cooperate fully with this program under the direction of the Department of Evangelism of the Home Mission Board.

The Home Board has re-organized its forces for more efficient service and is advancing along all lines as funds are available. We must save America if we change the world and Home Missions must spearhead the program to save America.

ANNUAL REPORT ON OUACHITA BAPTIST COLLEGE 1957-58

How to take care of largest student body in the school's history was the major problem of Ouachita Baptist College during the 1957-58 school year, as enrollment figures continued to soar.

For the fall semester the college enrolled 875 regular students and 34 special students (not counting those enrolled in extension classes). A total of 1,020 separate individuals were enrolled during the year. This total was the largest since the school's founding in 1886, according to records in the Registrar's office. The figure even exceeded the total during the boom years immediately following World War II and meant that the student body had approximately doubled within the past five years.

To accommodate this enrollment, Ouachita put an additional student in half of the dormitory rooms. While this is not sound educationally, it was necessary to keep from having to turn away Baptist boys and girls who wanted to attend their own school.

There were 72 members of the faculty and staff. Of the 52 members of the faculty, 17 held earned doctorates. A total of 510 separate courses were offered in 27 departments.

An important development in the academic life of the college was the vote of the Board of Trustees in July to offer graduate work on the Master's Degree level as soon as possible consistent with sound academic practices. With the present shortage of qualified teachers on the college level as well as in the public schools, the offering of graduate work is vitally needed to prepare teachers for our own Baptist institutions.

Represented in the student body were students from 31 states and 8 foreign countries, including Alaska, Brazil, China, Cuba, Guam, Hawaii, Israel, Korea.

One additional degree was added to the curriculum, the Bachelor of Science in Education being included to complete the college's already extensive program in teacher training. Ouachita is receiving far more calls for her graduates to teach than she can possibly fill.

The financial operation for the year was on a sound basis, and the school operated in the black. Budget for the year was \$675,465.00 including \$220,220.00 for teachers' salaries. While some funds were secured from foundations and other outside sources, the bulk of the school's support came from the Arkansas Baptist State Convention's Cooperative Program. The denomination provides slightly over one-fourth of the money necessary to educate a student.

As of the audit of May 31, 1958, the value of the college's property was shown at \$2,388,616.59. This sum is figured by adding the original cost of buildings rather than their present value. The actual value of the property is much in excess of the audit figures. The endowment Fund totalled \$844,162.89.

During the year there were 170 ministerial students enrolled and 57 others preparing for some other type of Christian service, or a total of 227 engaged in training for a church-related vocation. The college gave scholarships to ministerial students, minister's wives, and minister's children.

New buildings include the construction of Lakeside, a frame dormitory built to accommodate 40 additional boys during the 1958-59 school year, and the Ruth Lamb Memorial Swimming Pool, built as a memorial to a Ouachita student who drowned in the Ouachita River two years ago. The pool is a teaching adjunct of the Department of Physical Education.

Four pieces of property were bought adjacent to the campus to provide for future expansion. Plans are now on the drawing board to build a new dormitory for men, a dormitory for women, and the Bible Building. Since all building sites on the campus had been pre-empted by recent construction, it was necessary to secure additional property if the college is to continue to grow.

Construction on the new dining hall was begun in the spring, and it will be ready for occupance between Thanksgiving and Christmas. It will seat 400 students at a time and, under the cafeteria style of serving which will be used, can feed 1,200 at a meal. It is designed so that the eating area can be expanded later as needed.

One additional development in the work of the college is the establishment in October of 1958 of a temporary high school in Little Rock to make available schooling for boys and girls who have had none available since the closing of that city's senior high schools. The school was not intended as an involvement in the segregation-integration controversy but was intended only as a means of providing education for the innocent victims of a struggle completely beyond their control. The intention was to keep it open only until such time as the public schools were reopened under reasonably

normal circumstances. The school is being financed through tuition charges and contributions directly to Baptist High School, as the institution is called; no Cooperative Program money or other funds given to or for Ouachita are being used. The school is the result of a deep conviction that an institution which does not attempt to meet the needs of her people when they are in an emergency situation is derelict in her duty.

In spite of the rapidly-changing campus and a mushrooming student body, Ouachita's faculty and administration are making a conscious effort to preserve those basic Christian values which have made the school distinctive in earlier days. Teachings in the classroom, social activities, on and off the campus, chapel, the campus revival in the Fall and Religious Emphasis Week in the Spring, the Baptist Student Union, vespers, and numerous religious organizations are designed to give every student a wholesome Christian experience. The college makes no apology for being a Christian Institution and for saying frankly that its program is qualitatively different from that found on tax-supported campuses. It is the school's firm belief that if it does not do a job superior to that found in public institutions it should go out of business.

With prospects of a continually increasing enrollment if facilities can be provided, Ouachita faces the gravest responsibility of providing more dormitory space, more classrooms, and more teachers in the immediate future. These things, of course, all require more money. As the influx of "war babies" hit the campus, the school must either expand at once or put up a sign, "Sorry, no room," for Baptists who have been supporting this institution for years but cannot get their own children admitted. It is a challenge which should spur us all to action.

1958 ANNUAL REPORT

of the

Southern Baptist Radio and Television Commission 6248 Camp Bowie Blvd. Fort Worth 16, Texas

Dr. Paul M. Stevens, Director

I.

The guiding principle of our faith is the scripture "Go forth into all the world and preach the Gospel to every creature . . ." But it is only recently that God has given us radio and television with which to carry out this principle on a mass scale—even to the point of reaching the world. We believe in making the best possible use of these communications methods for carrying the Good News of Christ to the lost and hopeless of our world.

TELEVANGELISM

In April, 1956, Southern Baptists went on weekly nation-wide television for the first time. Since then, more than 200 TV stations have carried the dramatic series THIS IS THE ANSWER, to 90 per cent of the television homes of America.

With this brief but impressive television history, the Radio-TV Commission will launch an even more meaningful project in January, 1959, called TELEVANGELISM. Its purpose is to combine the evangelistic concern of the personal visitor with the selling power of a good dramatic film.

TELEVANGELISM will supplement the 1959 Evangelistic Crusades by adding the necessary follow-through needed for television and affording every visitor an opportunity to mention the revival in his local church.

Early this year, the Commission and the Home Mission Board's Evangelism Department, in cooperation with other agencies of the Convention, selected 13 moral and spiritual problems which hinder full acceptance of Christ. These have been projected into forceful half-hour dramas for television in a new THIS IS THE ANSWER series. A printed folder takes the story of each film beyond the TV solution, develops the plan of salvation and offers additional help from the Scriptures.

It is hoped that the Radio-TV representatives in more than 750 Southern Baptist associations will be able to encourage and challenge every church to participate in TELEVANGELISM.

TELEVANGELISM

II. DETAILED PLANS OF TELEVANGELISM

1. THE IDEA

TELEVANGELISM, centering around 13 special films of THIS IS THE ANSWER series, seeks to combine the persuasive force of television drama with the concern of personal visitation.

Basically, the idea is very simple and very direct. The purpose is to show the lost man his need of Christ, and to point the way of salvation. TELEVANGELISM is unique, however, in that it employs a new set of tools for the job. These new tools are:

- (1) 13 FILMS, each dealing with a specific problem that hinders a vital faith in Christ.
- (2) 13 VISITATION LEAFLETS, each dealing with one of the films. These leaflets tell the story of the film briefly, then deal in more specific detail with what God's Word offers as a solution for the problem.

Each film, using accomplished professional talent and production techniques as in previous THIS IS THE ANSWER episodes, shows how a common problem has damaging influence in the life of a man or woman. These problems include hypocrisy, revenge, alcohol, marital infidelity, etc. Then the film portrays how faith in Christ and trust in the Word of God offer the only solution to these problems.

The leaflets, carried by the visitor when he makes his visit and watches the program with the person about whom he is concerned, carry the problem beyond its screen conclusion and "get down to brass tacks" on the matter of answering the claims of Christ. If the visit does not produce an immediate decision for Christ, then the visitor should leave the leaflet for further study, along with an invitation to attend the meetings of the Simultaneous Evangelistic Crusade.

Churches in each TV area will be advised of definite times on these telecasts as stations are able to clear time. Most stations will carry the films on Sunday afternoons, to facilitate participation by the maximum number of church members.

2. THE ORGANIZATION

Coordination of TELEVANGELISM on the local level will be in the hands of the Radio-TV Chairman on the Association's Steering Committee for the Simultaneous Evangelistic Crusade.

It will be the purpose of the Association Radio-TV Chairman to enlist the cooperation of the churches within his Association for participation in TELEVANGELISM. He will contact pastors and lay-leaders in the various churches, urging them to organize TELE-VANGELISM visitation through the Sunday School, Brotherhood, WMU, or regular visitation programs in the churches.

The results of these contacts will be reported by the Radio-TV Chairmen to the Radio and Television Commission, so that publicity materials and visitation leaflets may be supplied to the Association in the proper quantities.

The Association Radio-TV Chairman will not be responsible for securing time for the 13 THIS IS THE ANSWER films on his local station. This will be handled by a professional agency. It is suggested, however, that he contact the stations with an expression of interest on the part of the Baptist people of the area, as encouragement to the stations to carry the series.

Across the Southern Baptist Convention, more than 700 Associations have chosen Radio-TV Chairmen to serve on the Steering Committee for the 1959 Crusade. In Arkansas, there are 10 Radio-TV

Chairmen at work to make TELEVANGELISM a success in their Associations.

3. ANTICIPATED RESULTS

TELEVANGELISM is designed to be a vital part of the 1959 Evangelistic Crusade effort. The immediate purpose of every visit will be to win a soul to Christ. However, each situation will dictate its own special approach, and a major result of the TELEVANGELISM visitation will be to build up a community-wide interest in attending Revival meetings during the Crusade.

If only one soul were won in each Association on each Sunday of TELEVANGELISM, there would be 13,000 regenerated souls during the campaign—a figure not to be disregarded. But this seems to be the lowest possible estimate. With participation by Baptist people in every TV area, TELEVANGELISM could result in the winning of many times that number . . . as well as in restoring thousands to active life in the churches and bringing thousands more to hear the preaching of the Gospel during the Crusades. Plan now to have a part in this exciting Kingdom project.

RELIEF AND ANNUITY BOARD REPORT

In its forty years of service to the denomination, the Relief and Annuity Board has come a long way in an endeavor to meet the needs of aged ministers and ministers' widows. Since its organization, the Board has paid out more than \$20 million in annuity benefits and over \$6 million in relief. At the close of 1957, more than 5,000 retired or disabled ministers and denominational leaders and widows were receiving these benefits.

Membership in all the Board's plans increased by 2,454 during 1957. At the close of the year, 16,775 pastors, denominational employees and full time church workers were participating in the plans, with nearly 20,500 churches, Boards and agencies cooperating.

There are approximately 9,000 pastors enrolled in the Board's protection program. This number represents about 35% of the total pastors in the Southern Baptist Convention. In order for the family protection and retirement program administered by the Relief and Annuity Board to fulfill its purpose, it must include the entire Baptist ministry. Many state conventions have already agreed to work with the Annuity Board, using every possible means to enlist the remaining 65%. Some conventions have begun a promotion campaign asking the churches to assume the full cost and provide this retirement and protection program for their pastor just as industrial concerns do for their employees. It is hoped that other states will soon

follow their example and that churches will see their responsibility toward their pastors in this matter and take the initiative in providing this protection program for them.

INVESTMENT PROGRAM

As the retirement fund reserves of the Relief and Annuity Board increase, the work and importance of the Investment Department increases too. The director and assistant director of this department, assisted by capable Christian businessmen of Dallas, work untiringly to invest these funds in the way that will bring the safest return.

As a part of this investment program, the Board is constructing a 15-story office building in downtown Dallas, which is scheduled for completion in late spring of 1959. In addition to being an investment, the building will answer the need of additional operational space for the Relief and Annuity Board organization which has increased from 74 employees in 1955 to approximately 100 at present. Two floors of the building will house the offices of the Board and the remaining space, 108,769 square feet, will be leased to bring an expected return of 4 to 5%.

Yes, the Relief and Annuity Board is engaged in business; the business of caring for the men and women who have given their lives in service to the Lord in and through the Southern Baptist Convention. The best investment any denominational worker can make is to join the plan that is available to him. It is either a three-for-one or a two-for-one investment.

THE SOUTHERN BAPTIST THEOLOGICAL SEMINARY

On the eve of its Centennial, The Southern Baptist Theological Seminary is blessed of God with many wonderful assets. Most important is the rootage of the Seminary in the life and love of the Southern Baptist Convention. Born in the dreams of Southern Baptists in 1859, it has been sustained through love expressed in sacrificial gifts, not only of money but of prayers and of the children of our Baptist families.

The faculty of the Seminary is organized into five schools.

- (1) The School of Theology—established in 1859—Henlee H. Barnette, acting dean. In 1957-58 it had 981 students, 32 faculty members, 7 instructors, 34 fellows and teaching assistants, and 11 student assistants and approximately 254 graduates.
- (2) The School of Church Music—established in 1944—Forrest H. Heeren, dean. In 1957-58 it had 105 students, 8 faculty members, 7 instructors, 4 fellows and teaching assistants, and 11 student assistants and approximately 41 graduates.
- (3) The School of Religious Education—established in 1953—Allen W. Graves, dean. In 1957-58 it had 133 students, 7 faculty members, 3 instructors, 6 fellows, and approximately 52 graduates.
- (4) The Summer School—established in 1954—Herbert C. Jackson, director. In 1957 it had 371 students and 29 faculty members. Its offerings are scheduled in two sections during the months of June and July. It serves students of all three schools of the Seminary, as well as alumni and other friends who desire to take some Seminary work or to take a refresher course.
- (5) The Evening School—established in 1952—Louise Foreman Blount, director. It is designed primarily for the wives of students. Classes are held two evenings each week throughout the regular school session. A special diploma is offered to those student wives who completed a prescribed curriculum requiring two years of Evening School work. In the current session 176 students are enrolled.

Faculty and Student Body

The instructional staff consists of 44 individuals with faculty status, 3 visiting professors, and 17 instructors. There are also 44 fellows who assist the faculty members.

The 1957-58 Seminary student body enrollment is 1,548.

James P. Boyce Library

The alumni of the Seminary voted to undertake the raising of \$500,000 for the completion of the James P. Boyce Centennial Library in the Seminary's Centennial year. As of this date, approximately \$360,719 has been pledged or contributed.

NEW ORLEANS BAPTIST THEOLOGICAL SEMINARY

The "School of Providence and Prayer" is celebrating its ruby anniversary, happy in its record-breaking student enrollment, faculty, curriculum, and building facilities. There is no indebtedness.

FOUR SCHOOLS IN ONE SEMINARY

- (1) The School of Theology is the primary interest, training ministers for all types of pastoral and missionary leadership. This school is accredited by the American Association of Theological Schools. There are 19 faculty members and additional teaching fellows.
- (2) The School of Religious Education trains leaders for Sunday school, W.M.U., B.T.U., Brotherhood services in churches and missionaries for home and foreign service. It is accredited by the American Association of Schools of Religious Education. Churches ask for about five times as many graduates as we can supply. There are seven faculty members and a number of tutors.
- (3) The School of Sacred Music trains for leadership in sacred music. There is a superior faculty and unexcelled equipment. There are six faculty members and four tutors.

SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY

It is a joy to report to the Convention further evidence of God's leadership in the affairs of Southwestern. The year 1958 is our Golden Jubilee Anniversary, and a book is being written by W. W. Barnes on the history of Southwestern's first fifty years.

Looking toward the Jubilee year and celebration, an expansion program was outlined in 1953, calling for an enlarged faculty and the construction of certain buildings and the increase of endowment. To date nearly six million dollars of that amount has been pledged or paid in. The teaching staff has increased in number by eighteen additions to the School of Theology, eight to the School of Religious Education, eleven to the School of Church Music or a total of thirtyseven. Endowment has increased by \$864,551.76. Two of the older buildings have been thoroughly renovated and modernized, the campus has been landscaped, two spacious wings have been added to Memorial Building, enlarging the library by 140 per cent and providing fourteen new classrooms and thirty-two offices for the School of Theology. In addition, forty-two acres of land have been acquired and paid for, and twelve apartment buildings have been completed, which will care for ninety-six families. The plan calls for an additional 404 apartments. The cost of construction is materially higher than anticipated, and the ten million-dollar figure first named will be insufficient if five million dollars is added to endowment.

THE ENROLLMENT

During the years 1957-1958 the net enrollment was 2,471. These students have come from thirty-five states and sixteen foreign countries and by schools are as follows: School of Theology, 1,513; School of Religious Education, 892; School of Church Music, 160; (these figures include ninety-four combination students.)

THE FACULTIES

Thoughtful and prayerful attention has been given to the enlargement of the faculty in numbers. The teacher-pupil ratio has been lowered by one-third over the past several years, and yet it is far higher than it should be. The faculty should be increased in number by at least 50 per cent.

The other three seminaries operated by the Southern Baptist Convention are—the Golden Gate Baptist Theological Seminary located in Berkeley, California, the Southeastern Baptist Theological Seminary located in Wake Forest, North Carolina, and The Midwestern Seminary at Kansas City.

SOUTHERN BAPTIST COLLEGE Walnut Ridge, Arkansas

The 1957-58 school year at Southern Baptist College was a year of growth and blessing. The college experienced a growth of approximately 10% over the previous year, showing a total of 265 different individuals in study on "The Campus of Christian Purpose." Current prospects indicate another advance for the coming year.

Four new building units were completed and put into use during the year which included a cafeteria, gymnasium, dormitory for women and theological classroom building. A new library and administration building were opened for use the previous year. The total floor space in buildings constructed and rebuilt during the last two years amounts to approximately 50,000 square feet. The college is grateful for the many friends who have aided in the building program. No funds have been solicited from churches nor the convention for building purposes.

Presently the college is attempting to build a new dormitory for men. The building is to be a nice modernistic style brick. It will have the latest appointments and conveniences. The overall size of the building will be 142' x 38' with the possibility of another wing later of the same size. The college asks our Baptist friends to pray that the Lord will lead individuals and firms to help with the program.

During the school year restrictions on the property acquired from the government expired giving the college unquestioned ownership. The large campus of 157.2 acres with the nice new buildings gives th institution a fine plant valued at \$2,086,986.34, as reported in the recent audit of the college.

The college has been greatly improved in every way during the last few years. During the recent school year a "self-study" was carried on resulting in application to North Central Association of Colleges and Secondary Schools for regional accreditation. The study revealed many fine things about the institution and it is hoped that the application may be favorably acted upon.

The college continues to participate in the Arkansas Baptist Convention Cooperative program, receiving \$29,700.00 for the current year. Her administration and many friends appreciate this help which runs about \$118.00 per student. All of this money is used for teachers salaries as the institution does not participate in the capital needs items of the budget.

Southern helps many young people each year in their struggle to get an education. She has a work program which many receive benefits from who otherwise could not attend college. She also aids many in that she keeps her rates low enough for salaried and farm families' children to afford. The average expense is \$59.22 per month when paid at time of enrollment. Southern also continues to carry the special three year course for men who did not finish high school and who may wish to train for service in the rural churches and associational mission tasks.

WOMAN'S MISSIONARY UNION

The objective of Woman's Missionary Union has ever been to enlist, enlighten and enrich the lives of Baptist women and young people through a program of missionary education and endeavor. Last year's record of accomplishment strengthened the already seventy year old foundation for the Third Jubilee Advance for which stimulating and challenging goals have been adopted.
