

A Tiger Serve Day team poses with young students outside Peake Elementary. Despite the pandemic, students still found ways to serve the community.
Photo by Sarah Dean

COMMUNITY

Ouachita's community sets us apart from the pack. Within every service opportunity, group project, and team performance on display, was unrivaled ***resilience.***

INVESTED in you

PLAN YOUR VISIT:
OBU.EDU/ADMISSIONS
1.800.DIAL.OBU

At Ouachita, we do more than learn together. We do life together. And when life gets hard, we're still there for each other, whether that means an extra Zoom call from across the country, working through a difficult concept for class or spiritual support through prayer. Our commitment to a love of God and love of learning means you'll leave here not only prepared for a meaningful career but also with a community to back you no matter what.

Come see how
OUACHITA
can invest in you.
We would love to
show you around!

COLOPHON

The 112th volume of the Ouachitonian yearbook was published by Jostens Printing Company, 451 International Blvd., Clarksville, Tenn. 37040. Cam Bardwell was the regional manager, Natasha Durham was the sales representative, and Brandy Wathke was the in-plant customer service representative.

Schools interested in obtaining a copy may contact the Ouachitonian by email at ouachitonian@obu.edu.

The majority of the photos were taken by student photographers. Portraits were provided by Alex Blankenship of Little Rock. The sports team photos were taken by Dr. Wesley Kluck.

The cover design was by Ben Swanger, Ouachitonian editor-in-chief. The cover photo was by Tyler Rosenthal. The theme spreads and section designs were by Swanger. All designs were created on the Macintosh iMac and Adobe Indesign through Jostens Monarch program. Fonts used in the book were AYT Foundations Sans and AYT Chris.

The 2021 Ouachitonian yearbook is a member of the Columbia Scholastic Press Association, Associated Collegiate Press, and Arkansas College Media Association.

The 2019 Ouachitonian won All-American and was a Pacemaker Finalist from ACP. The yearbook also won awards from the Arkansas College Media Association and Columbia Scholastic Press Association, including five Gold Circle Awards for individual achievement. ACMA recognized Ben Swanger as the Yearbook Editor-of-the-Year.

All students, as well as faculty and staff, receive a copy of the yearbook at no additional cost.

BEN SWANGER

This book is not just a yearbook, it is history. I have authored countless stories, but for these 256 pages, my favorite 256 pages, my sweat, and my staff's sweat, is poured into each story, design, and layout. I was honored to be given the opportunity to lead the documentation of such an historic year on Ouachita's campus. I spent countless hours in the newsroom brainstorming, editing, writing, and designing this book and I couldn't be prouder of the way it turned out. Years down the road when we all reminisce on the ups and downs of 2020 and 2021, my hope is you turn to this book to remember our resilience.

I could not have led the production of this book without the support of everyone in my corner and I am eternally grateful for everyone's input into this book.

Mom and Dad: You funded my way through college, and I would be a fool not to recognize how instrumental you have been financially, professionally, and spiritually in my life. Your lives and love are concrete proof that our God is real, and His love is abounding.

Olivia: You are the love of my life and on days I struggled with creativity you were always there to pick me up. Your ideas are certainly sprinkled throughout this book. At the beginning of the year, you left me a sticky note on the computer that read, "Hey :) I love you." I read that note everyday and the thought of you fueled me through each day.

Dr. Deb: Your guidance was everything. Dating all the way back to feature writing my freshman year, you made me realize my potential as a writer. You poured so much into me and I am forever grateful for your guidance.

Abby, Hannah, and the entire photo lab: A yearbook is not a yearbook without incredible photos. This year ran so smoothly, and your artwork paints the pictures throughout this book. Your photos will be heralded forever within this little piece of history.

Anna and Gracen: Your dedication to this publication was everything and more. You two gave me everything you had and your stories, design, and more will always be remembered. Your tag team effort for the 2022 Ouachitonian will be astounding and I am so looking forward to watching you two continue this legacy.

Taryn, Addy, and Brooke: I would be foolish to not recognize your great impact. For three years I observed and learned from three incredible editors. I would certainly not have been the editor I was if it wasn't for the countless lessons you three taught me.

My staff: I will genuinely miss our Monday meetings. You made this year run so smoothly and your eagerness to write stories and take on assignments astounded me. You should be so proud of the work you all did to make this little engine run. You are all award winners in my book.

Ouachita: You were where I accomplished my lifelong goal of playing college baseball. You were the place where I met the love of my life. You were the home away from home I will always cherish. I leave this place a changed man. I leave this home spiritually and professionally equipped for anything and everything because of you.

Thank you to everyone who has ever touched my life. Your impact is always noticed.

With love,
Ben Swanger

First, I want to thank God for placing me at Ouachita and providing me with the opportunity to work in the photo lab as an editor. I am so thankful for the ways I have grown and for having the ability to work and learn from amazing staff and editors. I am so excited for another year in this position!

Dr. Jones: I'm thankful for you and how you have encouraged me to be a better photographer and teaching me so much this year. Thank you for being a wonderful professor, advisor, and leader!

The Roots: Thank you for being wonderful contestant encouragers! The newsroom wouldn't be where it is without your leadership!

Photo lab work study and practicum: You are all amazing and have accomplished so much this year in the lab. I am so proud of all your hard work and beautiful photos. We did so great this year covering everything despite the circumstances. If you ever need anything give me a call I would love to help.

Caity and Ben: I am so glad I was able to work alongside two great editors. You are both amazing and navigated this year so well and I can't wait to see all the awards you will both win. I will miss seeing you both in the newsroom next year and wish you the best after graduation.

Alex: Thank you so for teaching me all about photography and getting me involved with the photo lab my freshman year. I look up to you and admire how hard you work and how much you love the Lord. I am so thankful to be your sister and have followed in your foot steps. I love you dearly.

Hannah: Thank you for everything! I am so glad we were co-editors together as I have learned so much from you. Thank you for loving the photo lab so much and leading the staff so well. I will miss you so much and can't wait to catch up with you soon.

Levi: You are such an amazing photographer and I am so excited to be co-editor with you. You have so much knowledge to bring to this staff and you are going to do great. I am looking forward to see all we accomplish!

ABIGAIL BLANKENSHIP

HANNAH SMITH

Dr. Jones: You were one of the first professors I ever met at Ouachita and have been one of my favorites ever since. You have helped me in many ways and have encouraged me along the way. I am forever grateful that you trusted me enough to give me the opportunity to be an editor. This past year was everything I have dreamed of, and more, and I'm very thankful for it. Thank you for helping my dreams come true, the encouragement, the help, and for the many delicious goodies you provided our team.

Dr. Sells: Thank you for always being a smiling face around campus, filled with encouragement, even on the first day of this school year. You were so excited for students to return to campus and for us to start this crazy year. During WOW Abby and I ran into you in Hickingbotham and you gave us the best encouragement that set the path for our Photo Lab team. You told us, "In 100 years someone is going to look through the yearbook and Signal wondering what life was like at Ouachita in 2020 and your pictures are going to show them. You're documenting Ouachita history." That became the mindset of not only Abby and me, but we also shared that with our team, and it helped us tremendously throughout this past year.

Photo lab work study and practicum: You all took on the challenge of this year and went above and beyond, despite all the problems we faced. You took "documenting Ouachita history" and ran with it. I am highly impressed by you all and am extremely proud of you. We faced a lot of problems this year with COVID, computers, events, and so on, and during all of it you all were happy as could be and came up with ways to work around the problems, and you did amazing! Thank you for all of your hard work, putting in more hours than before, and being so willing to do anything and everything. I am beyond thankful for each of you.

Caity and Ben: Thank you for always making the newsroom a fun place to work. You always kept us up to date with events around campus that we didn't know was happening. You both helped us tremendously in this past year, and it's been a joy to work with both of you.

Andy, Alex, Justin, and Danielle: Thank you for leading me in this path and for always encouraging me that my dreams are possible. You all have taught me many things since I got to Ouachita and have set an amazing example for what a hardworking photographer and editor looks like.

Abby: You are the best co-editor anyone could ask for. The amount of times you helped me in this crazy year, and stepped up when I was out, is amazing. I'm forever grateful for all you did and I'm so proud of you. Thank you for making this hard year a little easier. I seriously could not have done any of this without you. Thank you for always being there to help, to be a friend, and to just be you. As you go into your senior year, and second year as editor, remember, as I know you will, to work hard and to give this job everything you've got, but also go out and do something fun every once in a while, take a deep breath along with a break. You always work so hard consistently every day that you deserve a break, a deep breath, and to do something fun. You're going to do incredible this year, and if you need anything I'm just one text away.

Levi: You're an editor and this is a moment that we've both been waiting for a long time. Before I even met you I knew this day was going to come. At the very beginning of your freshman year Danielle and I were in the Stu and we saw your photography business cards all over the place and we both instantly wanted to meet you and wanted you to be part of Photo Lab because we knew you would go far. It's been an honor to get to know you over the past two years and to be your friend. I am extremely proud of you for everything you do. This year is going to be amazing, I can already tell, and you have the best co-editor by your side through it all. I am so happy that you are getting the opportunity to be editor, and I know you're going to be the best. If you need absolutely anything, remember the Photo Lab Junkies.

Isaac Sanders and Isaac Crow wave Vivian Pryor into home. Kickball served as a much needed source of joy to the players involved.
Photo by Madison Melcher

We rounded third with jubilation. We cheered one another on. And we made it home. The 2020-21 school year on Ouachita's campus will forever be remembered. Your marvelous efforts to maintain health and safety the entire school year will forever be heralded. It did not come without challenges, however. Our smiles vanished. Our large group gatherings were canceled. We drifted apart in the classroom. But despite the physical distance, the Ouachita community grew closer than ever. We moved hand-in-hand through a pandemic. We upheld high character and fostered countless friendships. This is by no means the end, though. March 2020 flipped the world upside down. The lessons we learned should not just be knowledge, but rather wisdom. We learned what it means to work together. We learned how to appreciate the little things. We learned to no longer take for granted the commonalities we have grown comfortable with. At any moment our comfort zone can implode. At any moment the author of life itself can change our lives. So, as we turn the page away from this brief, trying chapter, remember the lessons, remember the pain, remember the successes. Give the world everything you can. Serve the Lord with everything you have. And live a life filled with unwavering **RESILIENCE.**

RESILIENCE
