CONSTITUTION

Article I.—The Name

The name of this body shall be "The Arkansas Baptist State Convention."

Article II.—The Purpose

The purpose of this Convention shall be to awaken and stimulate among the churches the greatest possible activity in evangelism, Christian education, and benevolent work throughout its bounds and to the ends of the earth; to cultivate closer co-operation among the churches and to promote concert of action in advancing all the interests of the Kingdom of God.

Article III.—Membership

Section 1. The Convention shall be composed of messengers from regular Baptist churches which are in sympathy with the principles and purposes of this Convention, and which desire to co-operate with the other churches through this Convention.

Section 2. Each co-operating church shall be entitled to three messengers, with one additional messenger for each additional one hundred members, or major fraction thereof above one hundred, provided however, that no church shall be entitled to a total of more than ten messengers.

Section 3. The Convention may appoint a committee on credentials at each session which shall make recommendations to the Convention with reference to seating messengers from any church not hitherto affiliated with the Convention.

Article IV.—Authority

Section 1. While independent and sovereign in its own sphere, this Convention shall never exercise any authority whatever over any church, nor shall it in any way interfere with the constitution of any church, or with the exercise of its functions as the only ecclesiastical body, but will cheerfully recognize and uphold the absolute independence of the churches.

Article V.—Officers

Section 1. The officers of this Convention shall be: President, First Vice-President, Second Vice-President, Recording Secretary and Treasurer. Each officer of the Convention shall be elected annually, except the Recording Secretary and Treasurer who shall be the same as the Executive Secretary of the Executive Board, and shall continue in office until his successor in office shall have been elected and qualified.

Section 2. It shall be the duty of the President to preside over the deliberations of the Convention and to discharge such other duties as may devolve upon the presiding officer of a deliberative body. He shall appoint all committees unless the Convention shall otherwise determine. In the absence of the President, one of the Vice-Presidents shall preside in his stead.

Section 3. It shall be the duty of the Secretary to keep a record of the proceedings of the Convention, to edit and arrange publication of a suitable number of the minutes for distribution among the churches, as the Convention may direct, as soon as reasonably possible after the close of the session. He shall file and keep in order all papers deemed important to the work of the Convention.

Article VI.—The Executive Board

Section 1. This Convention shall elect a Board of Trustees as provided for in the Convention's charter. This Board shall be known as the "Executive Board of Arkansas Baptist State Convention." This Board shall be composed of one member from the bounds of each co-operating association with a membership up to 5,000, and one additional member for each additional 5,000 constituency, or major fraction thereof, provided however, that no association shall be entitled to more than five (5) members. The state President and the Executive Secretary of Woman's Missionary Union shall be ex-officio members of the Executive Board. Upon the removal of any Executive Board member from the bounds of his or her association, his or her membership on the Executive Board ceases therewith; his or her successor in office may be named by the Nominating Committee of the Executive Board to hold office until the next meeting of the Convention. No member of this board shall hold any remunerative office under the Convention or any of its institutions. One-third of this board shall be elected annually to hold office for three years, and twenty (20) members shall constitute a quorum. Any member of the Executive Board who misses all the Executive Board meetings and the Executive Board Committee meetings for one year shall be automatically dropped from membership on the Board.

Section 2. The Executive Board shall be constituted and empowered by the Convention as its business and legal agent to administer all business committed to it by the Convention, and to employ such paid agents as it may deem necessary in carrying out the missionary, educational, benevolent and financial enterprises of the Convention. The Executive Board shall raise, collect, receive and disburse all the funds of the Baptist Cooperative Program, both state and southwide. The office of the Executive Board shall be a clearing house for administering the business affairs of the Convention, and a headquarters for Baptist information. Its books, records and files shall at all times be open for the reference and inspection of any co-operating church which may desire to examine them.

Section 3. The Executive Board shall render to the Convention annually a complete and detailed statement of all its business for the year.

Article VII.—Trusteeships

The Convention shall elect trustees to manage and to operate its colleges, hospitals, orphanages and any other institutions it may possess, as follows:

Section 1. Ouachita Baptist University, 24; Arkansas Baptist Hospital, 18; Arkansas Baptist Home for Children, 18; Baptist Memorial Hospital, 9.

Section 2. One-third of the members of the Boards of Trustees shall be elected annually to serve for a term of three years.

Section 3. Each Board of Trustees shall elect from their membership a chairman and a recording secretary and such other officers as seems advisable.

Section 4. All trusteeships shall render to the Convention at each annual session complete and detailed reports of all transactions and business and any other activities for the year, and shall be subject to the direction of the Convention in all matters pertaining to administering the affairs of the institution with which their trusteeship is concerned.

Article VIII.—Operation of Agencies

Section 1. Each board, agency, and institution of this Convention shall submit to the Executive Board at its annual budget planning meeting, which is to be held prior to the annual meeting of the Convention, a detailed statement of its sources of income, and a budget of proposed expenditures for the ensuing year. When received and adopted by the Convention, these budgets shall become the basis for the operations for the ensuing year.

Article IX.—Meetings

Section 1. The Convention shall meet annually, "if God permit," on a date to be fixed by the Convention. The Executive Board is empowered in emergencies to call special sessions of the Convention and to change either the time or place of meeting or both should the occasion demand.

Article X.—Amendments

Section 1. This Constitution and By-Laws may be amended at any regular meeting of this Convention, two-thirds of the members voting concurring in the measure, except Article IV which shall remain forever unalterable in substance.

Section 2. Any proposed amendment to this Constitution shall be presented to the Convention in writing, for its consideration, upon the first day of the annual session, and may be voted on, on any subsequent day during the session, provided adequate publicity has been given in previous announcement.

Article XI.—Parliamentary Authority

Kerfoot's Parliamentary Law shall be the standard for deciding questions of parliamentary procedure.

BY-LAWS

In order to carry out the provisions of the Constitution, the following By-Laws are enacted for the government of the Convention.

1. Enrollment of Messengers

The Secretary of the Convention shall enroll, upon arrival, messengers who present proper credentials from the churches. These messengers, together with others who may be enrolled upon presentation of approved credentials during the session, shall constitute the Convention. Any contention concerning seating messengers shall be presented to a committee appointed by the President for recommendation to the Convention for its action.

2. Officers

The President, First Vice-President, and Second Vice-President shall be elected on the morning of the second day of the Convention, their terms of office to begin with the final session of the Convention; and the President shall appoint and announce a Nominating Committee to report at the next session of the Convention.

The election of all officers shall be by ballot; provided, however, there is only one nomination for the office, then the Secretary, or any other present may be directed to cast the ballot of the entire assembly for the single nominee.

The first vice president shall be nominated and voted upon and elected after balloting for the president has been completed and the winner announced, and the second vice president shall be nominated and voted upon and elected after the balloting for the first vice president has been completed and the winner announced.

Each officer of the Convention shall be elected by a majority of all votes cast.

In case of removal from office, by death or otherwise, of the President, the Vice-Presidents shall automatically succeed to the office of President in the order of their election. The President may not be elected for more than two consecutive terms.

The Treasurer of the Executive Board shall be also Treasurer of the Convention.

All elected officers of this Convention shall be members of churches co-operating with this Convention. This must also apply to members of the Executive Board and the institutional boards of this Convention.

3. The Executive Board

The Executive Board, being the legal trustee of the Convention, shall be empowered by the Convention to administer all business committed to it by the Convention.

The Executive Board is empowered to act for the Convention between sessions of the Convention, provided that it shall never exercise any authority contrary to the expressed will of the Convention.

When any unforeseen emergency occurs in any of the affairs of the Convention, or in any of the interests it controls, that in the judgment of the Executive Board requires action before the next session of the Convention, the Executive Board shall have full authority to take such action as may seem necessary, and all interests concerned shall be governed by such action, provided the Executive Board shall make full report of all matters pertaining thereunto to the next session of the Convention for its approval, and provided further, that nothing in this article shall be construed as giving the Executive Board authority to execute any matter already committed by the Convention to any of its Boards of Trustees or its institutions unless such Board when so commissioned shall decline to act on the orders of the Convention.

All proposals requiring the expenditures of money by the Convention, or the Executive Board of the Convention, from the annual budget, shall be considered by the Executive Board, before being presented to the Convention.

This Board shall be charged with the responsibility to have the books and financial affairs of each and all of the boards and institutions of the Arkansas Baptist State Convention audited annually by an accredited firm of auditors, all audits to be accessible to the Executive Board at its budget planning session, and to be included in the institution's report to the Convention.

Members of the Executive Board, having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

The various associations of Arkansas, whose churches are affiliated with this Convention, may submit to the committee on nominations names of those whom they believe should be considered for membership on the Executive Board as members from that association.

4. Trusteeships

All trusteeships of this Convention shall be amenable to the Convention on all matters, through its Executive Board. No trusteeship shall conduct extra movements to raise money outside its regular revenue-producing sources, nor shall a deficit in running expense or debt be incurred without the approval of the Convention in session or of the Executive Board in case of aforementioned emergencies, except, as follows: When an emergency arises concerning the opportunity to purchase needed property for expansion, the president of the Convention, the president of the Executive Board and the Executive Secretary of the Executive Board, (all three concurring) believing such an emergency exists and deeming it wise to incur indebtedness, may give the Trustees of an institution such permission, and make a full report to the Executive Board and to the next Convention in session.

Members of Boards of Trustees having served two full terms of three years each shall not be eligible for re-election until as much as one year has elapsed.

Not more than two (2) members of a Board of Trustees shall at the same time be members of the same local church, nor shall more than six (6) members reside in any one association.

A member of a Board of Trustees of one institution of the Convention may not at the same time be a member of any other Board of Trustees of another institution of the Convention.

No member of a Board of Trustees of any institution of this Convention may at the same time be a member of the Executive Board of the Convention.

5. Committee Members

1. A member filling an unexpired term not having served the full term of years as provided by the Constitution, shall be, at the discretion of the Nominating Committee, eligible for election to a full term.

2. No member of a commission or committee delegated to study or make recommendations concerning our institutions shall be a member of any Board of Trustees of such institutions.

3. All associational missionaries or mission pastors receiving all or part compensation from the Convention through the Executive Board shall be considered employees of the Convention and shall not be members of any Convention or institutional board. The president of the Convention by virtue of his office shall be a member of the Executive Board for the duration of his term of office.

"MEMORIAL MOMENTS"

Burton A. Miley, Springdale

It is inevitable that the issues of death must be faced in any established period of time.

Since last we met in annual convention some have been called to higher halls and more beautiful surroundings.

Death leaves us with a sense of loss and sorrow because we face the absence of a loved one. We are lonely because a brother has gone; a companion is away; and a worker has been relieved of his duties.

However, death has another side — that of promotion, release, and homegoing. Scripture sums it up in the words:

'Blessed are the dead which die in the Lord from henceforth.

Yea, saith the spirit, that they may rest from their labours and their works do follow them.'

We therefore offer Christian sympathy to the circle of loved ones who are left behind. We give thanks to the Benevolent Father for the life and service, and resultant Kingdom advances from these humble servants who have experienced the words of Jesus: 'And if I go to prepare a place for you, I will come again, and receive you unto myself that where I am, there you may be also.'

The following are the known ones who have passed into the safety of the arms of Jesus since last we met. Should there be another, or others, whose names should be added, we will be happy to cover our omission by listing them:

O. C. Harvey	Mark Roberts
H. S. Coleman	J. C. Langley
J. V. Chandler	L. W. Williams
H. E. Kirkpatrick	Lloyd Baldwin
Leonard Kaffka	Charles Finch"

Hoyt Mulkey sang "After" and Burton Miley led in prayer.

Voted: That the 1964 Annual be dedicated to those ministers listed who have gone to be with the Lord during the past year.

37. George T. Blackmon, chairman, Arkansas Baptist History Commission, read the report of his commission.

REPORT ARKANSAS BAPTIST HISTORY COMMISSION

Dr. George T. Blackmon, Chairman
Arkadelphia, Arkansas

Organization

The Arkansas Baptist History Commission is an agency of the Arkansas Baptist State Convention. It is made up of nine members, one from each of the eight districts and a chairman as a member-at-large, elected by the state convention and subject to all provisions of the convention's Constitution governing boards and commissions.

Purpose

The purpose of this commission is primarily to interest Baptists of Arkansas in their own history. More specifically, it aims to discover, collect, hold, and utilize historical materials of Baptists and of their work with a view to the production in the future of a comprehensive history which would trace each phase of work from its inception into the life of Baptists in Arkansas to a given date.

Holdings

The Commission holds in trust for the Executive Board of the convention sixty-six (66) reels of positive microfilm, which includes 4,186 separate documents—histories, minutes, biographies — of Baptists in Arkansas. Nearly 1,000 minutes are away for microfilming. It also holds a library of 320 books by or about Baptists. It has, in cooperation with Riley Library, collected associational minutes for 74 bound volumes of a decade or more in each volume. Three more volumes are at the bindery. The Library also holds a bound file of all minutes of the Southern Baptist Convention from 1845. It holds a bound file of minutes of the Arkansas Baptist State Convention from 1894 to date. Files of bulletins from over a hundred churches and associations in Arkansas have been started. Some form of history

of each association other than the new one and two late consolidations are also on file. It also holds about a hundred biographical sketches of Baptist men and women in Arkansas.

Use of Materials

The use of the materials being held by the Commission is increasing appreciably. This year three theses for the Master of Arts Degree have been written largely from these materials. The subjects were: **The Beginnings of Arkansas Baptists**; **Higher Education with Emphasis Upon Ouachita Baptist College**; **The Development of Educational Institutions Among Baptists in Arkansas, 1870-1900**; and **The History of Pickles Gap Baptist Church**. Two biographies, several local church histories, and three local associational histories are being written for which use is being made of these materials. Writers of two theses are using these materials as sources of information. The Commission invites anyone interested in preparing a history, thesis, or biography to come to Riley Library for using the materials for research. The Library has a microfilm reader.

Objectives for 1964-1965

The following are projections for the next convention year:

- (1) The election of a permanent secretary not on rotation nor on salary.
- (2) The location and obtaining on microfilm of all individual, church, and association collections of historical materials of all groups of both white and Negro Baptists in Arkansas.
- (3) The promotion of the **Church Book of Remembrance** by each church.
- (4) The collecting and binding of minutes back to 1920 of all associations affiliating with the State Convention.
- (5) The election of an historian in every Baptist association in the state.
- (6) The promotion of the Southern Baptist Historical Society and all its projects together with full cooperation with the Historical Commission of the Southern Baptist Convention.
- (7) The establishing of a continuing exchange of associational minutes with churches in Arkansas and with societies and institutions outside Arkansas. To accomplish this exchange service, may the Commission request churches and associational officers to send to it all duplicate minutes that may have accumulated in their possession.
- (8) The promotion of the Baptist Historical Museum as outlined by the Dargan-Carver Library and by the Historical Commission of the Southern Baptist Convention, as follows:

MUSEUM OF BAPTISTIANA

The Baptist Museum is a unit of the Dargan-Carver Library in Nashville, Tennessee. It is jointly promoted by the Baptist Sunday School Board and the Historical Commission of the Southern Baptist Convention, and is presently located on the fourth floor of the Tower Building, 127 Ninth Avenue, North.

Attractive displays of valuable artifacts depicting the history and life of Baptists are changed frequently.

Bibles make up one of the largest museum collections. The many rare and unusual editions have attracted wide interest. One of the latest acquisitions of particular value is a replica of the Gutenberg Bible (1455) with its illuminated pages.

Other interesting historical artifacts include gavels; Southern Baptist Convention badges and registration pins; a laprobe belonging to Richard Fuller; a letter written by Luther Rice; a replica of the desk used by James Marion Frost, first secretary of the Baptist Sunday School Board; a medal commemorating the founding of the Baptist Mission Society in Kettering, England; and numerous other items of historical interest including copies of rare and early Baptist publications and books.

Objects desired by the Library to be added to the Museum include personal effects of early Baptists, as well as historical artifacts of the Convention and its agencies.

You can support the Museum of the Dargan-Carver Library by becoming a member of an auxiliary organization, the Southern Baptist Historical Society. The annual membership fee is \$3.00. You can also aid the Library Directors in locating historical objects to be acquired.

58. Andrew M. Hall, Arkansas representative on the Radio and Television Commission, gave the report of the Commission.

1 9 6 4
A N N U A L R E P O R T
of the
Radio and Television Commission of the Southern Baptist Convention
Dr. Paul M. Stevens, Director

"Growth" is the key word in any conversation concerning Southern Baptists' Radio and Television Commission. Annual expansion in all areas of endeavor is now accepted as a characteristic of this agency.

Thus, breaking ground for a new and functional headquarters building in Fort Worth in June proved a highlight of 1964 for the Commission and for all Southern Baptists. The structure will be dedicated during the 1965 Convention to be held in Dallas.

The high quality of radio and television programming carried on by the Commission has resulted in increased acceptance of Southern Baptist programs, with a net gain of 269 stations since October, 1963. The agency now services with its programs an all-time high of 1,569 radio and television stations or mission outlets each week.

The commercial value of air time given Southern Baptists by U.S. radio and television stations in 1964 will be \$3,034,824.00, based on the present number of stations.

Programs produced by the Radio and Television Commission are broadcast by 27 per cent of Arkansas' radio stations and 20 per cent of the state's television stations, 15 1/4 hours each week. The annual commercial value of the time given by Arkansas stations is \$39,052.00.

This year sees an increase of more than 60 per cent in the time allocation made to the Commission and hence to Southern Baptists by the three major networks, NBC, CBS and ABC.

High point of the network year was the presentation by the National Broadcasting Company of WALK BESIDE ME, color film on the life and ministry of the Apostle Paul. It was the first hour-length special of this type ever presented on TV by Southern Baptists. Close to 100 stations carried the program at 3:00 p.m. Sunday, May 31, to an audience of millions. It will be telecast again by the NBC-TV network on December 26, at 2:30 p.m. EST.

Another such special film in production by NBC and the Commission which traces archaeologically the beginnings of the Bible and Christianity, will be shown in the spring of '65.

A dozen new films will be launched on "The Answer" series in January. Seven are dramatic, dealing with a variety of contemporary problems which have solutions in Christ. Five are documentaries, detailing facets of Southern Baptist mission work or providing graphic historic portrayals of the scriptures.

"Three Wise Boys" is the title of a special Christmas film to be offered to television stations for telecast during the week of December 20.

Of the 13 programs produced and distributed by the Commission, "The Baptist Hour" is the oldest and is on the largest number of stations—515. "Master Control"*, a variety program of interviews,

music and gospel, is on 306. "The Answer" on television is aired by an average of 100 stations throughout the year.

Other programs and the number of stations are: "Patterns"—174, "International Sunday School Lesson"—89; "La Hora Bautista"—84; "Moments of Meditation"—24; "Momentos de Meditacion"—44; "Control*Central"—68; "Music To Remember"—monaural and stereo—90; "Voice of Hope" (Chinese)—13; "Voice of Peace" (Russian)—4; "The Living Water" (Navajo)—8.

A new quarter hour radio program—"Youth Speaks To You"—is now being offered on a weekly basis. It features high school students discussing problems of their own age group.

Dr. Herschel H. Hobbs has continued to grow in popularity as the radio preacher of "The Baptist Hour." His expository, Scripture-centered messages have established this broadcast anew as the flagship of Southern Baptist programming.

In addition to preaching the Good News of Jesus Christ in so many varied ways, the Commission also continues to fulfill other vital functions of audience building, counseling by mail, and technical assistance to pastors and missionaries.

Voted: That the report of the Resolutions Committee be adopted.

REPORT OF THE RESOLUTIONS COMMITTEE

The Committee on Resolutions recommends the following:

1. A hearty expression of appreciation to the First Baptist Church of El Dorado, its pastor, staff and people for the warm hospitality extended to the Convention in its 1964 sessions. Further appreciation is also expressed to the other pastors, churches and citizens of El Dorado and Union County for providing a warmth of friendship.

2. We recommend that the Convention highly commend Dr. Ralph A. Phelps, Jr., President of Ouachita Baptist College, for his loyal, courageous and untiring direction of Churches United Against Gambling which resulted in a significant moral victory in our state. We also commend the leadership of churches, pastors, laymen, young

people and all who had a part in defeating Amendment 55. The Arkansas Baptist Newsmagazine also deserves special mention for its part in the crusade along with the secular news media which stood correctly on the important moral issue. We pledge our moral support and hearty cooperation to Dr. William E. Brown and the Churches United Against Gambling for their work, and to the Governor in his effort to make the laws more effective in creating a better moral climate in Arkansas.

ADMINISTRATION

The Executive Board reports a continuing progress for 1964 in most of the areas of our work. The Cooperative Program receipts for the first eight months of this year were 7.17 percent above that of the comparable period of 1963.

Elsewhere you will find a record of our camping program for the year, but we do want to mention here the progress made in our camp construction near Paron. On this 266 acre site located about forty miles from Little Rock on Highway 9, near Paron, Arkansas, we were able to complete construction in time for this summer's use of our water and sewer systems together with an excellent sewage disposal system, a swimming pool, a modern electric kitchen and dining room, a large activities building and twelve cabins each accommodating seventeen people. A very comfortable home for the camp superintendent was completed some months earlier. This installation together with the acreage is at an approximate cost of \$350,000. Additional buildings such as the auditorium, staff house, a lodge, chapel and other facilities will be erected as funds are made available. This facility has long been needed by our denomination.

A Baptist Building site of five acres has been purchased which is located about five blocks West of University on Markham and Hughes Streets. There is a pressing need for additional office space at this time which is hampering our work. We should erect this building at the earliest possible date.

The location of the building site is of special significance to all of our people. Hughes Street is to be an exit of the Eighth Street Expressway. When the fourth bridge is erected across the Arkansas River in the west part of Little Rock, one will be able to come from any part of the state to the Baptist Building without having to go through downtown Little Rock.

BSU CENTER, MAGNOLIA

The Executive Board has granted permission to the BSU at Southern State College, Magnolia, Arkansas to raise \$7,500.00 during the three year period beginning January 1, 1965, through 1967, from the present and former student members and the churches in Liberty, Hope and Little River Associations, to construct an addition to the present Center.

Budget Formula

Perhaps one of the most far-reaching advances during the year was the adoption of a BUDGET FORMULA to give direction in the preparation of a proposed budget for our Convention each year. After a careful study on the part of the staff in the Baptist Building, the institutions of our Convention, and the Executive Board, the following formula was unanimously adopted by the Board upon the recommendation of the institutions:

BUDGET FORMULA
for
ARKANSAS BAPTIST STATE CONVENTION

Base

1. The budget for next year shall be based upon and governed by the percentage increase (or decrease) for the first six months of the current year as compared to the corresponding period for the preceding year.

I. State Causes

2. The Executive Board programs shall receive a total increase (or decrease) equal to the percentage increase (or decrease) named in number 1.
3. Christian Education shall receive an increase of eighty percent (80%) of the percentage increase named in number 1, or if there should be a decrease in number 1 the decrease in allocation to this category shall be equal to that of number 1 plus 20% of the percentage decrease.
4. Benevolent causes (hospitals and children's home) shall receive an increase of seventy percent (70%) of the percentage increase named in number 1, or if there should be a decrease in number 1 the decrease in allocation to this category shall be equal to that of number 1 plus 30% of the percentage decrease.

II. Southern Baptist Convention

5. Southern Baptist Convention causes shall be based upon the total sum of categories number I, STATE CAUSES, and number II, SOUTHERN BAPTIST CONVENTION causes. The percentage allocation for 1965 shall be 37% of these two categories. Southern Baptist Convention causes shall be increased (or decreased) one fourth ($\frac{1}{4}$) of one percent (1%) when the increase (or decrease) in number 1 is seven percent (7%), and one-half ($\frac{1}{2}$) of one percent (1%) when the increase (or decrease) in number 1 is eight percent (8%) or more.

III. Capital Needs

6. In category III, CAPITAL NEEDS, the funds will be divided between Christian Education and other causes up to an increase named in number 1, and if there is a decrease in number 1 the decrease in allocation to this category shall be by the same percentage as in number 1.

IV. Advance

7. All funds received over the sum total of categories I, II, and III shall be divided as follows:
 - $\frac{1}{2}$ — to Southern Baptist Convention
 - $\frac{1}{2}$ — at the discretion of the Executive Board

A STRATEGY FOR GROWTH

The decline in the rate of growth in most areas of our Southern Baptist life has for the past few years been a matter of grave

concern. This has produced a depth study of our work which we feel could well mark a turning point in the life and ministry of our denomination. A renewed look at the teachings of the New Testament has brought about an awareness of the strategic importance of the local church. An instrument is being developed which many believe will enable the local church to set challenging but realistic goals and develop a strategy for the achievement of these goals. No one outside the church should set the goals for the church. If, however, the association, state and Southern Baptist Convention agencies are to assist churches in reaching their goals, these agencies must know what churches are attempting to do so that they can offer the best assistance.

A sampling of thirty-three churches in Arkansas has been scientifically selected to make a study of their needs looking forward to the eventual entrance of all of our churches developing a long-range program. The churches in our state then will be able to tell these agencies how they can best serve the churches. This plan for the setting of goals and developing of a strategy will be shared with all of our churches as rapidly as time permits.

EXECUTIVE BOARD RECOMMENDATIONS

1. Southern Baptist College Campaign

The Executive Board recommends that the convention grant the following request from Southern Baptist College:

“Southern Baptist College requests the privilege of a state-wide campaign with the blessing of the state convention upon an effort to raise approximately \$1,000,000.00 within three years from the beginning date of the campaign. It is understood that the campaign will not be church centered, therefore, no budget allocations or offerings will be taken in the churches. The college would expect to have the cooperation and support of the brethren in helping project the campaign, but every effort will be put forth to avoid any interference with the local church budgets and the Cooperative Program. The college proposes to organize the campaign to reach individuals and business organizations in raising the money. At the present moment it is anticipated that one-half of the proposed \$1,000,000.00 would go into buildings and one-half into endowment.”

ARKANSAS BAPTIST NEWSMAGAZINE

Erwin L. McDonald, Editor

AS this report was prepared, the number of our churches having the state paper in their budgets stood at 750, the same as the corresponding number a year ago. Current circulation is 59,908, 317 less than that of a year ago.

We are continuing our efforts to produce a paper that will be attractive, informative and inspiring to all who will read it, with as wide a reader appeal as possible.

Our magazine continues to be quoted widely. The nationally circulated magazine QUOTE carries something from it in almost every issue.

Last spring Baker Book House published a book, 75 STORIES AND ILLUSTRATIONS FROM EVERYDAY LIFE, by our editor, the material being chosen from his weekly feature, "Personally Speaking." This book has had favorable review and is now available through the Baptist Book Stores. The editor is coauthor with Ralph Creger of a book entitled A LOOK DOWN THE LONESOME ROAD, published last spring by Doubleday.

Since the Baptist state paper is the official organ of the Arkansas Baptist State Convention and the only means of keeping posted on Baptist affairs, pastors and churches are urged to make a place for it each year in the church budgets, sending it to all families. Churches which do not yet have it in the budget may have it sent free for one month to all their families by request and by providing their current mailing lists.

BAPTIST STUDENT UNION

Statistics

- 11,156 — Number of Baptist students studying in Arkansas in 1963-64.
- 16% — Percentage of students studying in Baptist institutions.
- 84% — Percentage of students studying in non-Baptist institutions.
- 199 — Number of International students studying in the state.
- 349 — Baptist faculty teaching in Arkansas.
- 9 — Number of Baptist Student Centers in Arkansas.
- \$346,050 — Value of Baptist Student Centers in Arkansas.
- 4 — Number of state schools where Baptists have Bible Chairs.

Advances in 1964

1. No new Baptist Student Center has been built yet in 1964, but it is hoped that the new center at Henderson State Teachers College can be begun this year. The architect is presently working on plans. A small house adjacent to Little Rock University campus owned by Pulaski Baptist Association has been turned over to the Student Department, redecorated, and is

already being used by students. A Baptist friend who bought a house next to the campus of the College of the Ozarks has recently donated this property to the Convention.

2. One of the most significant steps in student work during recent years has been the recent formation of Area Student Committees. Areas of five or six associations adjacent to a state college campus have formed Area Student Committees and meet regularly to review the Baptist Student program at the college. Committees are now organized at Southern State College, Arkansas A & M, Arkansas Tech, Arkansas State Teachers College, and Arkansas State College.

Needs

A. Personnel

1. An associate in the state office, who would be the first additional staff member since the creation of the department twelve years ago. This person would major in youth revivals, international students, campus visitation, publications, ministry to colleges where no director is employed, etc.
2. Associates or full time Bible teachers at University of Arkansas, Arkansas State College, and other state schools as the enrolment demands.

B. Property

1. Erection of Baptist Student Center at Little Rock University.
2. Erection of new Baptist Student Center at Arkansas Tech, replacing present frame building.
3. Remodeling and enlargement of Baptist Student Center at Arkansas State Teachers College.
4. Remodeling and enlargement of Baptist Student Center at Arkansas A & M College.

ANNUITY BOARD

On October 1, 1964, the Annuity Board broadened its ministry to Southern Baptists by putting into effect the new Life Benefit Plan, a group term plan.

The Life Benefit Plan provides low cost protection against death in active service, disability or age retirement for any church or denominational employee who receives a salary from a Southern Baptist agency or church.

Benefits in the Life Benefit Plan are based on the participant's annual salary and age. Benefits are between \$10,000 and \$30,000 for a participant through age 45. At age 46, benefits are scaled down progressively to retirement. The Plan also provides for double benefits in the event of accidental death; waiver of dues in case of disability; and a paid up benefit of up to \$1,000 if the participant joins when he is first eligible and continues actively for at least 10 years.

Cost for this protection is one per cent of the participant's annual salary with a minimum salary basis of \$4,000 and a maximum of \$12,000 a year.

Detailed information is available on this Plan from the Annuity Board, 511 North Akard Building, Dallas, Texas.

The Life Benefit Plan is the first in a series of life and health plans. Health plans including hospitalization, surgical and major medical are in the early stages of study by the Annuity Board and its actuary. They should be ready for announcement in January, 1965. So watch your mail and state papers for the announcements of these important health plans.

Annuity Secretary

Thurman K. Rucker is the Annuity Secretary for Arkansas. He conducts a program of promotion and education on all phases of the Annuity Board's protection ministry. He seeks first to enlist those pastors and church denominational employees who are not enrolled in a retirement plan. Secondly, he helps those who are in the plans to know more about the financial provisions they are entitled to, and advises them in seeking additional protection through the Board's supplemental plans. Dr. Rucker's address is: 401 West Capitol, Little Rock.

ARKANSAS BAPTIST FOUNDATION

Organized and incorporated to serve Arkansas Baptists, The Arkansas Baptist Foundation is dedicated to the task of undergirding all our Baptist work. The Foundation is authorized to handle any kind of trust fund for any Baptist cause or agency of the State or Southern Baptist Convention.

Foundation funds are rigidly protected and managed in strict compliance with the wishes of the donors. Funds are invested only in first-class securities, approved by the Foundation's Board. Security of funds is insured by combined forces of state laws and the highest

moral integrity and honor of the Baptist denomination. The financial audit of the Foundation is handled with the audit of the Convention itself. The bookkeeping is handled through the Convention itself.

Your Foundation serves individuals, as well as the denomination, in helping them carry out their continuing stewardship even beyond this life. We serve the institutions and agencies of our Convention as we pay them the income from the trust funds without deducting anything for service rendered.

Under the charter and by-laws we must have convention action each year on the income from any trust fund that does not have a designated recipient. This year we recommend that the income from undesignated trust funds shall go to the Cooperative Program of the Arkansas Baptist State Convention.

CAMPS AND ASSEMBLIES

This year Arkansas Baptists have had an expanded camp program. This was made possible with the opening of the new camp at Paron and with the Race Relations Department using the old camp near Ferndale.

The new camp at Paron has had an excellent reception. Now completed and in use are twelve cabins, an activities building, and a dining hall and kitchen. All buildings are of brick construction and furnished with equipment that will last for years if used properly. The swimming pool is one of the most beautiful in the state and the most popular place at the camp. The water and sewer system has also been completed using our own filter and treatment plants. Arkansas Baptists should be proud of their new facility.

Three new Junior teaching pavilions were erected at Siloam Springs last year. This has aided much in the Junior program at the Assembly. Mr. Gene Devor is the new resident assembly manager and is doing an excellent job.

Attendance at all camps and assemblies reached 3,811 this year. Following is a breakdown of the attendance:

COOPERATIVE PROGRAM AND STEWARDSHIP

Arkansas Baptists have been giving more money each passing year than the year before. Each year we have had the joy of saying, "This is our greatest financial year." If the churches continue to give through the Cooperative Program as they have the first ten months, 1964 will be our greatest year.

There is a note of sadness because we see a trend that is not good. The church members have more income than ever before but are giving a smaller percentage of that income through their churches. The financial receipts for all the churches in Arkansas have increased 105% in the last ten years, but the gifts from the churches through the Cooperative Program have decreased from 13.45% to 11.64%. All of this has come about because the average Arkansas Baptist gives approximately three cents of each dollar earned to the church.

If this picture is changed, and it can be, there must be a unified effort to get Baptists to become better stewards with their money.

A Tithing Emphasis

Southern Baptists are planning a twelve-month "Tithe Now" campaign. Beginning in April next year, every church will be encouraged to emphasize the Bible doctrine of giving.

Materials are being prepared now for the churches. A package of this material will be given to each church in our Convention, with definite instructions in how to enlist more tithers.

For the past few years, we have been emphasizing church budgets. This emphasis has helped the churches because it challenged the people to give more money to the churches. But, now it is time to start educating the people in proportionate giving.

Stewardship Chairman

Last year thirty-nine associations out of forty-three elected Stewardship Chairmen. This left only four that did not officially

elect one. In each of these four associations we asked a man to help us promote Stewardship and therefore had someone in each association committed to helping us promote Stewardship.

This year we are going all-out to get every association to officially elect a Stewardship Chairman, because the "Tithe Now" emphasis will challenge all of us.

The Proposed Budget

The Cooperative Program proposed budget for 1965 is \$2,151,169.81. \$721,932.83 of this will go to Southern Baptist Convention causes. If all Arkansas Baptists tithed in 1965, they would give \$54,888,367.00 to the churches. Then if the churches gave 20% through the Cooperative Program, the Arkansas Baptist Convention budget would be \$10,977,673.00 and still the churches would have over \$45,000,000 for local work.

We urge every church to give more through the Cooperative Program next year. It would be fine to adopt the slogan, "5 in '65" and then give 5% more through the Cooperative Program for '65.

— Ralph Douglas, Associate Executive Secretary

MISSIONS - EVANGELISM

State Missions is a great deal like farming. There must be: clearing of ground, planting of seed, cultivation, and then the harvest. In missions, as well as farming, some time must elapse between planting and the real harvest. The amount of clearing, planting, and cultivation usually determines the amount of harvest. This year's harvest in the realm of state missions may be the results of planting 10 years ago, while today's planting of mission seed may not bear abundant harvest for several years, but seed planted, like bread cast upon the water, will return in abundance.

During the past 11 years 182 churches have received some financial help from State Missions in pastoral support. Today 154 of those churches are self-supporting. Some of these churches received aid for only a few months while others were helped for several years. From the time they received some financial help through 1963, they have baptized 10,592 people. The Department of Missions has also helped 181 churches on their buildings, and these churches from the time they were helped through 1963 baptized 11,332 people. This means that the churches receiving financial help on pastor's salaries and buildings since 1952, baptized a total of 21, 924 people. When we add to this the number baptized through mission stations it is evident that over 10% of all baptisms, or over 1,000, are from churches and missions where mission money has been expended. Thus we are reaping a good harvest each year for all those past years of sowing and cultivating.

Another encouraging thing is that these churches, helped through state missions in their time of need, have contributed \$604,595 to the Cooperative Program since they first received help. They are now averaging \$120,464 per year in Cooperative Program giving. Then, too, these churches are providing many of the young people who are attending our Baptist colleges and Seminaries. Missions discovers missionaries and preachers.

What of the present? During this calendar year, we have provided a supplement on pastors' salaries in 32 churches. From January 1, through August, 72 baptisms were reported. Building aid has been given on 8 church buildings to the amount of \$5,850.00.

The Missions Committee has voted to participate in the purchase of new church sites in Pine Bluff, Fayetteville and Little Rock.

R. A. Hill has had a busy year in surveying church fields and promoting the Church Development Ministry. Many churches have enrolled in the program and have already experienced much growth and quickened interest. We hope to have some layman, in each association, to help enlist the churches.

Joe Johnson has been employed as worker with deaf people — giving one-half time to the First Church, Little Rock, and half over the state. The First Church, Little Rock, and the Department of Missions share equally in his salary. Regular services for deaf people are conducted in Mena, Fort Smith, Lake City, Corning, Fayetteville and Little Rock.

Ten Student Summer Missionaries served for 10 weeks conducting VBS, helping in revivals and making surveys of mission points. They served in 62 churches, assisted in 54 VBS and 12 revivals. They witnessed 111 professions of faith and 13 surrendering for special service.

The Department of Missions supplements the salaries of 19 associational missionaries. The amount budgeted is \$18,000.00 which is the smallest amount listed for associational missions in any state convention budget. A spirit of cooperation is evident among all missionaries in support of the total mission program.

The Annual Rural Church Conference was held at Spring Lake Assembly with 154 pastors registered and over 100 who attended the entire conference.

E. A. Richmond continues as Chaplain in the Boys Training School at Pine Bluff. He attended the National Chaplain's Association for Youth Rehabilitation Conference, Wilmington, Delaware, in October. His monthly reports show conversions in most of the weekly services.

Boyd Baker is the Chaplain at the Sanatorium at Booneville. The population of patients has decreased, but he still has a full-time job of visiting, teaching, counseling and preaching.

Jesse Reed, Director of Evangelism, is doing an excellent job in keeping evangelism before our pastors and churches and in making it perennial. The State-wide Conference on Evangelism last January was outstanding in every respect. Another is planned for January 25 - 27, 1965.

Some things which will be promoted with enthusiasm in 1965 are as follows:

- Soul-Winning Commitment Day
- Training in Soul Winning, and Cultivating Witnessing.
- Give attention to Non-Resident Members.

Associational Evangelism Clinics.
Deacon-led Spiritual Growth Program.
Revivals: Area, Simultaneous, Tent and Mission Revivals.
Orientation of New Members.
Cooperate in Sunday School Enrollment emphasis.

RACE RELATIONS

The Race Relations Department is a joint project of the Home Mission Board of the Southern Baptist Convention and the Arkansas Baptist State Convention. Financial support is obtained through the Cooperative Program, Home Mission Board, the W. M. U. Dixie Jackson Offering and designated gifts.

Extension Class teachers are: Norman Sutton, Educational Director, Hot Springs; Rev. Donald Dilday, Stamps; Rev. James Marlair, Blytheville; Rev. M. W. Williams, Little Rock; Rev. and Mrs. W. R. Rogers and Rev. and Mrs. Lonnie Lasater, Camden. 221 persons were enrolled in these classes during the past year, with an average enrollment of 37. Many attended classes without enrolling, 674 attended classes during 1963-64, with an average attendance of 113.

The purpose of the Race Relations Department is to help our Negro Baptist friends to help themselves in developing better churches, and through a program of sharing in Christian love, to build up a better spirit of Christian goodwill and understanding.

Our main focus points are centered in four areas:

(1) The training of in-service preachers and lay leaders. This is done in institutes, clinics, workshops, and especially through night extension classes.

(2) A stewardship program promoting a unified budget plan of church financing. The churches that have tried this plan have found their church income has doubled and tripled.

(3) Working with college students is always rewarding. One of the most fruitful phases of our work is at AM & N College, Pine Bluff. Here we have a beautiful modern Baptist Student building. Rev. Lacy K. Solomon is the Director of our program. He also teaches four three-hour courses in Bible, Christian Doctrine and Church Administration; 56 students enrolled in Bible classes during the past semester. Arkansas had 17 Negro college students volunteering for summer mission work; they met all requirements of qualifications of the Home Mission Board and were appointed to serve during the summer by the Home Mission Board. Twelve of these students were from AM & N College; eight of the 17 were assigned to work in other states (California, Texas, Georgia and South Carolina).

In the years 1960-64 the summer mission students, working in the State of Arkansas, have been in contact with 6,273 Negro children. In the Vacation Bible Schools there has been 567 professions of faith and 107 dedications. The experience in spiritual

blessings and personal contact with these children have been invaluable to them and immeasurable in the service for the Kingdom's cause.

(4) Along with college students our long range program is to place major emphasis on our camp program for Negro children. This year we occupied our own camp site for the first time, which is located near Ferndale. Four weeks of camp was another "first" for us — one week for each age group — junior boys, junior girls, teenage boys and teenage girls. The total attendance was 273, with 15 professions of faith. We are confident that this camp program will continue to be a success for it will not only be used for the Negro children but for Pastor's Retreat, Sunday School, Training Union, W. M. U. and Brotherhood meetings.

Statistics are sometimes confusing and even boring to some, but the following should be not only interesting but challenging. They reveal the great need of continuing and enlarging the ministry of the Race Relations Department which is devoted to the task of "helping Negro people help themselves in developing better churches."

The figures given below are the results of a survey of 420 Negro Baptist churches in 29 counties, and 416 white Baptist churches in 19 of the most heavily Negro populated counties in the state. In the 29 counties surveyed, the ratio of white to Negro is 2 to 1.

	Negro	White
Population in State	380,000	1,450,000
Number Baptists	62,321	321,229
Membership of Churches Surveyed	49,329	134,024
Number churches with part-time pastors	342	20
Sunday School Enrollment	17,327	100,883
Churches with Missions	2	31
Pastors Living on Field	118	297
Average Church Membership	118	322
Average Number Members to Win One	20	31.49

Other surveys reveal the grim facts that less than one out of three Negroes in Arkansas belong to any church. Is the Negro race a rich mission opportunity? The answer is found on the front page of most any daily newspaper or in any TV or radio newscast.

RELIGIOUS EDUCATION DIVISION

J. T. Eliff, Director

The past year of ministry to Arkansas Baptist churches through the departments of Religious Education has been one of increasing assurance that we are operating on a sound and practical basis. Well-defined departmental tasks, plus the necessity of constantly checking our assistance to churches by their actual "needs" afford a sound basis for doing denominational work.

With the unfolding of plans of the Southern Baptist Convention for correlation and growth, our departments of Religious Education find themselves in a position of advantage known to only a few other states in our convention.

One of the great concepts of the new programing process is the affirmation that the church is the important factor, not church organizations. Organizations may be given certain tasks to perform for the church, but the church is the main thing. The program organizations, Sunday School, Training Union, WMU, Brotherhood and Music, are available to carry out the tasks of the church. They do not have tasks of their own but operate to carry out church tasks.

We of the Religious Education Division are committed to this approach. We believe it is our business along with the association and Southern Baptist Convention to assist Arkansas Baptist churches in carrying out their functions. As has been said before, this involves "listening" to the churches to understand what their needs are and how we can best assist them.

Though it takes time for ideas to germinate and plans to change we will witness a shift to this procedure in denominational work. Plans are underway to determine on a state-wide basis the needs of Arkansas Baptist churches. From this will come a clear picture of the ministry of denominational agencies.

In addition to the work of correlation and coordination of the four departments, the following projects have been completed of interest to all Arkansas Baptists:

Siloam Springs

Three weeks of assemblies at Siloam Springs with a total attendance of 1,721. Changes in the program for young people resulted in three of the most meaningful weeks for youth we have ever known. A written evaluation of the program was made by all young people in attendance and their candid remarks evidence great enthusiasm for the new approach. This new approach was simply the forming of a separate Youth Assembly geared to youth needs for the morning period.

Another new feature at Siloam was the training of District Age Group workers for Sunday School and Training Union. More than 50% of a new group of workers in our State — the Special District Workers — were trained during the three weeks in ways they can assist in training associational leaders.

The Special District workers were called into being to implement the task of assisting churches through better trained associational workers. These volunteer workers, who will receive low mileage for trips to associations, are not only given specialized training, but will participate in a new evaluation procedure. From every conference they conduct will come anonymous evaluations of the meeting with suggestions as to how they can be improved. These evaluations will be sent to State Secretaries and shared on a group basis so that all workers can benefit from suggestions made.

Where at all possible, District Age Group Workers will also serve the same age group in an association and in his own church.

Leadership Training

We conducted our last Associational Leadership Clinic on a state-wide basis February 18th at Little Rock. The Associational Missionaries and other leaders felt the attendance could be

measurably increased if these meetings were held on a district basis in October. District Training Meetings are scheduled for this October.

PILOT PROJECT

The Pilot Project in District 4 is being continued under the leadership of Mr. Charles Gwaltney. Brother Gwaltney has served Central Baptist Church of Jonesboro as Minister of Music and Education for the past six years. He has had an unusually successful ministry, both in the church he served and as Associational Sunday School Superintendent for Mount Zion Association.

With the principles to be tested already clearly stated, it is believed that two years will reveal the merit of such an approach to denominational work.

PROGRAM BUDGETING

We are now in our first year of operation in the Division on the basis of Program Budgeting. This plan of operation continues to offer the most sound and practical procedure for doing denominational work known to us. By the very nature of Program Budgeting Arkansas Baptists are guaranteed that Cooperative Program money will be used for meeting the needs of churches by leaders who know how to use the money to meet the revealed needs.

A complete "change-over" from the former technique to that of Program Planning and Budgeting will not be effected until the third year (2 more years) but even now we trust some changes are noticeable. As denominational leaders we want to minister to the needs of churches. This procedure not only makes this possible but mandatory.

A part of this process is evaluation of our work by those to whom we minister. We are now receiving invaluable assistance from those who sit in our conferences or receive our services as to how our service can be improved. This is only one other process whereby we can maintain a "down-to-earth" relationship with those who work in the churches.

The following reports of the departments reflect further work done in the Religious Education Division.

BROTHERHOOD

For three years, now, adjustments have been necessary both within the emphasis and in the promotion of Brotherhood work in Arkansas and across the Southern Baptist Convention. The same is largely true of the other organizations, as together they have sought for a scheme of cooperation among themselves in order that each might make a distinct contribution in its own field, to the enhancement of the total programs of our church and denomination.

Brotherhood work has always been missionary in character; and the assignment of the Southern Baptist Convention to the Brotherhood will be the assignment of Missionary Education and Missions Promotion among Southern Baptist men and boys. This assignment takes the Brotherhood back to its original purpose, at its beginning in 1907.

In 1960, a new Brotherhood program was begun by the Brotherhood Commission, after several years of study and research; and men have been led under this program to work in four great areas of Christian service. These areas are: World Missions, Christian Witnessing, Personal Stewardship, and Royal Ambassadors. This same program will be continued under the above assignment, but with an added missions emphasis in each area. Thus, from now on, World Missions will emphasize Missionary Education, Missionary Commitment, and Missionary Involvement; Christian Witnessing will give emphasis not only to personal evangelism, but also to Missionary Service; and Royal Ambassador work will be dedicated to Missions Advance.

MISSIONS, as defined in the book "A Church Organized and Functioning", is "what church members do to extend the Gospel beyond the doors of the church building". This means that the activities program of the Brotherhood will be carried through largely outside the church plant, out in the community, and on out to the ends of the earth.

A fact of vital importance is that no other organization is charged with missionary education and the promotion of missions among the men and boys of our churches. Stated in another way, the Brotherhood is the only church organization to which the missionary education of men and boys is assigned. This means that a church without a Brotherhood will have no organization dedicated to missionary education and missions promotion, among men and boys. Take note!

During 1964, the Brotherhood Department has given emphasis to setting up a district promotional plan of work, with a district Brotherhood representative in each of the eight districts. These district representatives will have direct contact with the associational Brotherhoods within each district. The district representatives are already serving as liaison between the Brotherhood Department and the associations, and are primarily responsible for the training of associational Brotherhood officers and leaders in the associations. (The associational Brotherhood officers will, in turn, serve to train church Brotherhood leadership.) Each district representative will also search out and qualify men to serve as district workers. The district workers will specialize in the same areas of work as corresponding Brotherhood officers and leaders, and will assist in the training of associational Brotherhood officers and leaders.

During 1964, an important project of the department has been the enlistment of churches to make a manpower survey. Every reporting church has expressed appreciation of the facts revealed in the survey. During 1965, this survey program will be enlarged and continued, and will also include a boypower survey in many of our churches.

The basic RA leadership course has been offered in seven of the eight districts during the year. The present plan is to make this course available in each district every year, varying the associations within the district.

Some very helpful new Brotherhood materials are presently available. These include:

The Church Program Guidebook.
The 1965 Brotherhood Handbook.
1964 - '65 Associational Brotherhood Guide.
"The Role of Baptist Men and Baptist Boys in a Program
of Missionary Education".
"The Christian Man's World".

Brotherhood Department personnel is available to assist every association and church in the state in setting forward its work with the men and with the boys.

CHURCH MUSIC

A church has a music ministry when:

- a. it elects a person to direct the music,
- b. it has at least one music group (choir, ensemble, quartet, etc.) that meets regularly, and
- c. it uses music to strengthen worship, education, and evangelism.

Specific objectives of a church music ministry:

1. Teach Music — skills, appreciation, history.
2. Train persons to lead, sing, play music.
3. Lead persons to participate in congregational singing and understand Christian hymnody.
4. Assist in worship, proclamation, education, and ministry of the church.
5. Provide and interpret information regarding work of the church and denomination.
— Scope as defined by Baptist Sunday School Board

I. State Assistance to Associations and Churches.

1. State divided into districts, with a district music man serving as music representative between the state department and the local associations. These men:
 - a. conduct Training-Planning meetings for associational music officers,
 - b. guide the associational officers in the planning of calendar and music activities,
 - c. assist in central zone and local schools of music,
 - d. serve as consultant on music problems for the churches in their district,
 - e. assist in development and promotion of the total state music ministry.
2. Approved Age Group Workers
Age group workers for adults, youth, juniors, primaries, and beginners are used in associational graded choir workshops

and music conferences. The workers are available for any church or association and serve as specialists in development of music ministry for a particular age group.

3. Approved Music School Teachers

This past year, we have successfully used the "summer field worker" program. Upon request by a church or association, these workers are sent from this department to hold week-long schools and study groups. These schools have been well received and supported in almost every instance.

4. Festivals

Festivals are promoted on two levels, associational and state. The associational festival is mainly a parade of choirs, ensembles, quartets, trios, duets, solos, singing before congregations and two or more qualified adjudicators who give comments that prove helpful to the performing organization. The state festival program has proved to be the most widely approved and acclaimed program in our state music ministry. At present we are conducting four state primary festivals, four state junior festivals, three state youth festivals, and one state adult festival. Many new choirs are organized in each age group each year as a result of these festivals.

5. Summer Music Conference and Camps

A comprehensive program of music education makes up the curriculum in our two state music conferences. Classes are included for the accompanist, the song leader, the graded choir leader, choir members, as well as the music director and minister of music.

SUNDAY SCHOOL

The basic objective of the Sunday School Department is to assist the churches in their Sunday School programs.

Five persons serve in the department. Lawson Hatfield is the secretary and relates primarily to local church assistance and to the Adult Department of Sunday School work. A new addition to the department this year is Rev. Jerry Don Abernathy serving in associational work and relates to Young People's, Intermediate and Junior age group departments of Sunday School work. Mrs. Mary Emma Humphrey is the elementary director and relates to Nursery, Beginner, Primary, Cradle Roll and Extension departments of work. Miss Susie Session is office secretary and Mrs. Lexie Lee Sullivan is part time records secretary.

A major function of the Religious Education Division work is known as program planning. According to quarterly reports and evaluations the Sunday School department is operating efficiently both in projects planned and conducted and in budget allocations.

There are several major ways the department seeks to help the churches.

Eight district Sunday School superintendents seek to help the associations get an early start in the denominational year with newly elected organization of fourteen basic officers. These eight men and a staff of special district age group workers seek to help train the associational officers and assist in the planning of a year's work. The eight district superintendents are as follows:

Northwest	Homer Wilmoth, First Church, Rogers, Minister of Education
North Central	Leslie Riherd, West Church, Batesville, Pastor
North East	Richard Vestal, First Church, Corning, Pastor
West Central	Ben Haney, First Church, Ozark, Pastor
Central	Thurman Hitchcock, First Church, Conway, Minister of Education
East Central	Eugene Ryan, First Church, Lonoke, Pastor
South West	Earl Bailey, Central Church, Magnolia, Minister of Education
South East	Bill Hickem, First Church, Crossett, Pastor

Next, through associational surveys the major needs of the churches are discovered. The associations are encouraged to conduct four age group conference meetings each year. These meetings are intended to help meet needs of the churches. New manuals for 1964 - 65 have been provided by the Baptist Sunday School Board to assist in program planning. Other projects and meetings in the

association include annual Vacation Bible School Clinics, Associational Sunday School Pastor-Led Sunday School Enlargement Campaigns, Witnessing Campaigns, Central or Group Training Schools, and teaching and administration clinics.

During the past year the department assisted associations in 3 Pastor-Led Enlargement campaigns, 5 Administration Clinics, 2 Teaching Clinics, and 3 Witnessing Campaigns.

Through the local churches, the department seeks to conduct conferences, clinics, workshops and campaigns, teaching a seven and one-half hour course. This year 6 such meetings have been conducted by the Sunday school department. Numerous one day church conferences have been conducted.

The Sunday school department conducts state meetings to help train workers in local church and associational work. The Vacation Bible School Clinic was conducted with 250 associational team members present from 38 associations. 769 churches have conducted and reported schools the summer of 1964.

Siloam Springs Assembly is another training ground for Sunday school workers. A total of 120 leaders were trained at the assembly in three sessions in 1964. Numbers of leaders attend week-long leadership assemblies for training at Glorieta and Ridgecrest Sunday school weeks each year.

The State Adult Thrust Meeting provided 431 leaders with program information on the 1964 - 65 Sunday school program.

A Bible Teaching Conference scheduled at North Little Rock enlisted and trained 439. Sunday school workers in curriculum materials.

Through the RELIGIOUS EDUCATION NEWS, the department seeks to keep the churches and associations informed on the number of book awards earned in category 17 each month and periodically makes recognition of standard schools, departments and classes. This year three churches, the First Baptist of Cullendale, Central Baptist of Magnolia and First Baptist of Warren are Advanced Standard Schools. There are 12 in the Southern Baptist Convention.

The department secretary serves as church buildings consultant, placing churches in contact with the proper persons in the Sunday School Board's Department of Church Architecture.

The top five associations in percent of churches training in category 17 are: Stone-Van Buren-Searcy, Benton, Red River, Mt. Zion and Clear Creek.

The following table reflects the training awards recognition system used by the department.

TRAINING UNION

This is a report of the Training Union Department from January 1 - October 1, 1964. The same program structure which has been used in program budgeting will be used in this report.

Analyze, Test and Evaluate

1. Discover Needs of Churches

Through correspondence and personal conferences, needs of churches were discovered at the point of new member orientation, use of alternate adult organization, use of Training Union Magazine, and planning.

2. Use of Evaluation

Nine different programs of work have been evaluated by people participating which has led the department to make definite plans for improvement of the work in 1965.

3. Learning Improvement

Three department workers, six state approved workers and five district representatives attended the Learning Improvement Clinic

in Tulsa, February 10-14, 1964. They learned the best techniques of assisting Training Union in becoming "learning situations."

Department workers studied the following two books on learning improvement: **Guidance of Learning Experience**, Burton; and **Introduction to Group Dynamics**, Knowles.

4. Church Administration

The Secretary and the Associate attended the Church Administration Seminar #100 in Nashville, Tennessee on "Mastering Fundamentals of Church Administration," May 25-29, 1964.

Department workers studied **Leadership On the Job**, American Management Association; and **How I Manage**, Begg. Davis wrote a summary of Begg's book for all district representatives to read.

5. Trends in Training Union

242 churches representing 508 Adult unions responded to a questionnaire pertaining to use of the alternate Adult Organization. 216 Adult unions from 103 churches were using the alternate organization. 92% gave a favorable report.

Very little is being done at the point of new member orientation. This is one of the tasks of the Training Union which will be promoted in the years ahead.

Program Design and Adaptation

1. Training Union Secretaries' Meeting

Department Secretary, Associate and Director of Junior-Intermediate work attended the annual secretaries' meeting in Nashville, Tennessee, December 9-13, 1963. Davis attended the secretaries' meeting in Norman, Oklahoma, March 30 - April 3, 1964. Davis attended a committee meeting for four state secretaries and three from the Sunday School Board at Memphis on September 10, 1964.

2. Channeling of Audio-Visual Education

Department workers emphasized associations electing the director of audio-visual education as an officer of the associational organization.

3. Preliminary Statement Concerning Channeling Church Administration

Two designed conferences were held with Howard Foshee, Church Administration Department, Baptist Sunday School Board.

The Secretary and the Director of the Division of Religious Education formulated the following preliminary statement: "Church administration promotion will be budgeted in the Training Union Department with planning and execution shared with the Division Director. The Division Director will be mainly responsible for pastors, staff workers and associational leaders, and the Training Union Department will be mainly responsible for church officers and committees and promotion of Category 16 of the Church Study Course."

4. Preliminary Statement Concerning Channeling Vocational Guidance

Two designed conferences were held with Lloyd Householder of the Sunday School Board.

The preliminary statement is as follows: "The Training Union Department will have a definite part in channeling Vocational Guidance in Arkansas through the following methods: (1) make vocational guidance materials available at youth conventions and at assemblies each year; (2) plan and conduct conferences at youth conventions for church-related and non-church related vocation volunteers; and (3) plan conferences for associational youth nights."

Field Service

1. Enlistment and Training of Workers

- (1) The goal of enlisting 56 special district workers has almost been reached, with 54 enlisted. 33 of these workers were sent to the first assembly at Siloam Springs, June 29 - July 4. They attended leadership classes 1½ hours each day and one general leadership class of one hour each day.

4. Assisting Churches with Special Problems

Department workers have conducted conferences in 16 churches or associations to meet special needs such as help at the point of organization, planning, adult work, interpretation of literature, task of the Training Union, guides in planning for learning, etc.

5. Providing Information on a State-Wide Basis

One page in the RELIGIOUS EDUCATION NEWS was devoted to Training Union Promotion and was sent to all churches each month.

Junior memory-sword drill tracts were prepared. These tracts and other pamphlets and materials on the sword drill and speakers' tournaments were sent to church leaders in the churches and associations.

The mailing list of pastors and directors was kept up-to-date. The department provided forms for associations to use to attach to annual letters to get names and addresses of all church Training Union leaders.

Youth Week and Youth Night information was made available to all churches.

6. Drills and Tournaments

Thirty-one associations were represented in the district tournament for the Junior memory-sword drill, Intermediate sword drill, and speakers' tournaments. 101 Juniors, 22 Intermediates and 34 Young People participated. The average attendance in classes during this assembly was as follows: Leadership—85; Juniors—62; Intermediates—162; Young People—27; children—19.

10. Three-People Conferences

The Training Union Secretary and Associate conducted conferences with the missionary, moderator and associational Training Union director in 34 associations during July and August. In 1965 more time will be given for each conference.

Ralph W. Davis, Secretary

WOMAN'S MISSIONARY UNION

The spirit of challenge and commitment generated during the 75th Anniversary of Woman's Missionary Union, SBC, continued in 1963-64 as the 75th Anniversary of Woman's Missionary Union, Auxiliary to Arkansas Baptist State Convention was celebrated.

Returning to the place of beginnings—First Baptist Church, Little Rock, where the first state Annual Meeting was held in 1889—the Union claimed the emphasis of the final year of the Jubilee Advance to “celebrate worthily.” Recorded registrations totaled 1,871 and no attempt was made to register those who attended the historical pageant when scores stood throughout the performance and hundreds were turned away. At this historic Annual Meeting Mrs. Roy E. Snider of Camden was elected the eighteenth president of the Union succeeding Miss Elma Cobb of Little Rock.

Ninety-five local Woman's Missionary Unions and twenty-one associational organizations were recognized for attaining special Anniversary Goals, all of which were geared to strengthen not only the organization, but the church and denomination. One such goal was “Organize or participate in the work of one mission.” Sixty of the above local organizations met this requirement and thus participated in the 30,000 Movement.

Among other reports of progress are:

Net gain of organizations in local churches	124
(Total 2,856 in 709 churches)	
Net gain in membership (Total 37,735)	1,558

Contributions through the three special mission offerings promoted by the organization totaled \$417,045 and were divided as follows:

Lottie Moon Offering for Foreign Missions ...	\$297,122	(6% Gain)
Annie Armstrong Offering for Home Missions .	77,596	(1% Gain)
Dixie Jackson Offering for State Missions ...	42,327	(8½% Gain)

Efforts in leadership training included a conference for associational WMU leaders attended by 225 from 39 associations. This was followed by a Houseparty for local leadership where enrollment totaled 491. Both meetings were held at Ouachita College. A Sunbeam Band Workshop featuring specialized training in three phases of organizational work was attended by 115.

Attendance at annual WMU District Meetings totaled 1,776.

Among opportunities offered members of youth organizations fostered by Woman's Missionary Union were two Young Woman's Auxiliary Houseparties held at Ouachita College with a total registration of 341. Five one-week camps for members of Girls' Auxiliary, ages 9 through 15, were held at the new Baptist Camp near Paron with a total attendance of 973.

With the denominational emphasis for 1964-69 being “A Church Fulfilling Its Mission,” Woman's Missionary Union will take the lead in performing the following tasks:

1. Teach Missions.
2. Lead Members to Participate in Missions.

3. Provide Organization and Leadership for Special Mission Projects of the Church.
4. Provide and Interpret Information Regarding the Work of the Church and Denomination.

ARKANSAS BAPTIST HOME FOR CHILDREN

Monticello, Arkansas

J. R. Price, Superintendent

We praise God for a wonderful 1963-1964 year. The Home made several progressive steps in the field of child care.

The response the churches gave to the Thanksgiving offering promotion was tremendous. During 1962-1963, the total offering was only a little over \$60,000 and four hundred eighteen churches did not contribute at all towards the support of this important work. During 1963-1964, more churches participated and we received about \$83,000. Only two hundred thirty-two churches failed to give.

One of the most challenging jobs we have is to show Arkansas Baptists that the Children's Home is a state mission work. Our work is not confined to southeast Arkansas even though we are located here. We serve children from all over the state. We also need support from every church, and every Baptist, in Arkansas. We are confident Arkansas Baptists will get behind our program and help us reach our goal of one hundred per cent participation from every Baptist and from every church.

The Arkansas Baptist Home for Children is fortunate to have a very progressive Board of Trustees. They want to offer the state the best possible services. As an outgrowth of this attitude, the Child Welfare League of America made an extensive study of the Home during January, 1964. Several recommendations were made. Many of these have been incorporated in our program and others will be added later. The Home, because of its high standards and goals, has now been accepted as an Associate Agency of the Child Welfare League of America. We are the only such agency in Arkansas.

One of the plans to be put into service in the immediate future will be to open a branch office in Little Rock. This office will be more centrally located, and we feel we can give better service.

July 21, 1964, marked seventy years of child care by the Arkansas Baptist Home for Children, so one of the highlights of this past year was the Seventieth Anniversary celebration. Over five hundred sixty people registered during the "Open House" and over nine hundred plates of barbeque were served. Many people who had never been to the campus before got an opportunity to really get acquainted with our program.

During this past year, we have cared for one hundred sixty-one children. This number includes one hundred forty-one children cared for in the Home, eight in a Mother's Aid Program, six in college, and six in vocational and business school. The future trend

will be to care for fewer children in the Home, and more children in alternative programs. There will always be a need for institutional care of children, but the children needing this care will be fewer, but will have greater needs. Whatever the future holds, we pledge to you to do the best job possible.

In the near future, it will become necessary to expand our services more and more to keep abreast of current needs in our field. To do this, we will need additional funds. You have asked us to do a job. To do our job well, and to always carry out the program you have commissioned us to, we need your help! Will you pray with us that every Baptist will give during the Thanksgiving Offering drive, and that every church will do its part? If so, we cannot fail to reach one hundred per cent participation which is our goal for 1964-1965.

OUACHITA BAPTIST COLLEGE

Arkadelphia, Arkansas

Ralph A. Phelps, Jr., President

The 1964-65 session of Ouachita Baptist College at Arkadelphia opened with an all-time high enrollment that promised to hit 1,300 by the time registration closed. The figure included the largest freshman class in history. This is the College's seventy-ninth consecutive year of operation.

New dormitories housing 84 women and 102 men were opened during the 1964 spring semester and helped alleviate the housing shortage, but in two dormitories for women it has again been necessary to put three students in rooms built for two. Over-crowding in dormitories continues to be a problem, although classroom space is adequate for the present.

Ouachita continues to present a picture of a growing, vigorous school. The student body has approximately tripled in the past twelve years. Fourteen major building projects have been completed in this period. Because of increased Cooperative Program support and because of increased private gifts, the College has been able to expand campus, faculty, curriculum, and student body.

Academic Progress

Ouachita now offers 553 courses in 30 different departments. A student may major in any one of the following fields: accounting, business administration, economics, secretarial science, elementary education, physical education, psychology, secondary education, art, music, theory-composition, music education, church music, applied music, English, French, German, journalism, Spanish, speech, drama, biology, chemistry, home economics, mathematics, physics, religion, philosophy, history, political science, and sociology.

At commencements in May and August, a total of 223 men and women received degrees from Ouachita. This included six Master of Arts and three Master of Music Education degrees.

Ouachita's work is fully accredited by the North Central Association of Colleges and Secondary Schools. Specialized accreditation from various professional groups has also been granted in the fields of music, home economics, and teacher education. A student cannot

go to any school in the nation with any higher accreditation than Ouachita has. It is the deep conviction of those responsible for this College's program that education offered in the name of Jesus Christ to our finest sons and daughters should never be second-rate.

Spiritual Program

Although the campus skyline continues to change, the fundamental verities which underlie everything on which Ouachita is built remain unchanged. Beyond being organically related to the Arkansas Baptist State Convention, which owns the school and elects the trustees who establish the school's policies, Ouachita strives to be a Christian college in the fullest sense of that term. Her faculty, her philosophy, her program, her objectives, her general atmosphere—all these should be genuinely Christian. Ouachita firmly believes that there is no conflict between education at its best and true Christianity, for truth in its fullness will free men from the shackles which bind and restrict them.

Occasionally someone charges that some of the college's students are not so "spiritually minded" as they should be. We readily admit that a minority of the students could be more spiritual, and much of the effort of this Christian school is in the direction of raising the moral and spiritual standards of the student body. But it could be pointed out that the overwhelming majority of our students (some 90%) come from Arkansas Baptist homes and churches. Ouachita students are probably not much better or worse at Ouachita than they were at home. In fact, they complain rather frequently that the school's standards of conduct are much more rigid than those they have had to follow while growing up.

Quite a few students are far from the level of spiritual-mindedness the Administration and faculty desire—just as quite a few church members fall below standards their pastors wish they would achieve. But just as in the case with churches, the "congregation" of a Baptist college can be appreciated when compared with non-Christian contemporaries. When many American colleges permit girls in boys' dormitories at all hours of the night, when adultery is freely discussed as the norm of student conduct, when "mattress parties" are held openly and without censor in student housing, and when drunkenness among students and teachers goes unnoticed and unpunished, **THERE IS QUITE A DIFFERENCE!** Parents and others who push young people to attend prestige institutions without taking an open-eyed look at standards of conduct may share in the ultimate responsibility for shattered lives. Before exercising a final judgment, one should compare.

Financial Picture

Each year the problem of operating the school within the available income becomes more acute, for several reasons. First, the rate of growth in the student body has been approximately twice the rate of increase in denominational financial support, which support has been hindered by the fact that the school has grown much more rapidly than the stewardship program of the convention has grown. From the funds available, the Arkansas Baptist State Convention has supported generously Christian education at Ouachita, but there just has not been enough money to meet all needs. Ouachita in 1964 will receive \$300,000 for operations as compared with the

\$1,000,000 which a state school of similar size will get from tax sources.

A second reason is that the cost of running colleges continues to skyrocket; it costs more each year to educate each single student, without any increase in student bodies. Because American college enrollment will double between 1960 and 1970, competition for qualified teachers has run the "going rate" of teachers much higher than at any previous time. Ouachita's teachers receive approximately \$3,000 a year less than the national average for their academic rank, this despite the fact that the top teaching salary at Ouachita has increased 80% since 1953. The president of one of America's leading scientific institutions complained recently that he was losing key faculty members because he could not pay them more than \$25,000 a year! Both business and government are also bidding for the services of teachers, and professors in church-related schools such as Ouachita remain at their posts at great personal sacrifice.

A third reason is that Federal government grants to colleges and universities are placing huge sums of money in the hands of certain schools which, because of these grants, are expanding research, improving facilities, constructing buildings and raising salaries. All of these attract both faculty and students. Some of America's richest and best-known schools—Princeton, for one—now receive more than one-half of their operating money from Federal sources. This competition puts even greater pressure on schools which are not supported by tax funds.

The financial problems besetting all of our Baptist colleges must be solved if the schools are to stay in business as accredited, academically respectable institutions. Increased money for operations can come only from one or a combination of the following: (1) increased tuition, (2) increased denominational support, (3) increased private gifts, or (4) federal grants. Baptists must decide which course they want their schools to take.

Ouachita's Needs

One of Ouachita's most pressing needs will be filled this Fall if the gymnasium which has been under construction for a year can be completed. It has been built on a pay-as-you-go basis, mainly with student laborers whose salary checks help put the men through school. The building is approximately three-fourths completed, and about one-fourth of the cost must still be raised from interested friends. Ouachita's old gymnasium, which would seat less than half of the student body, has been packed more tightly than a can of sardines on many occasions within recent years. A flash fire when the wooden-frame building was filled could easily have taken several hundred lives. If one complains about the cost of building a fire-proof building for the use of students and guests, how could he set a price on human lives which could be lost in great numbers in the old building?

Needed already are at least two more large dormitories. An expanded science building and enlarged library are also needed. Mitchell Hall, the auditorium, will not begin to seat the student body and needs to be expanded.

Especially pressing is the need for additional scholarship and loan funds for needy and deserving students. The low per capita

income of many Arkansas families makes many boys and girls dependent on outside assistance if they are to get a Christian education. The student body has grown more rapidly than have student aid funds in recent years.

Ouachita needs more operating funds. If the three-year Endowment Campaign which ends on December 31, 1964, ends successfully, this will help meet this need. The objective of raising the Endowment Fund total to \$2,000,000 is within reach if Arkansas Baptists will give generously to the Cooperative Program between now and the end of the year. Just a little extra push will insure victory in this campaign.

Above all, Ouachita Baptist College needs the prayers, love, and support of Arkansas Baptists. The school, in spite of growth and academic recognition, is still a faith venture. Faith in her God and faith in the Baptists of this state keep Ouachita alive.

SOUTHERN BAPTIST COLLEGE

Walnut Ridge, Arkansas

H. E. Williams, President

1. Growth of the College

Southern Baptist College is experiencing unusual growth since it became fully accredited by the North Central Association of Colleges and Secondary Schools. During the 1963-64 school year the enrollment increased approximately 22 per cent, reaching 307, which was the largest increase percentage-wise among the colleges in the state of Arkansas. At this juncture enrollment of Southern Baptist College is well over 30 per cent greater than that for last year. Barring unforeseen difficulties, the college should continue to grow year by year from 10 to 20 per cent.

With the increased enrollment there came a large increase in honor students to Southern, "The Campus of Christian Purpose." Approximately 25 of the enrollees were honor graduates of their high schools, with about a dozen of them valedictorians. To Southern this is a strong indication of the growing favor the college enjoys in the academic world. It is all the more note-worthy when compared with the report of the prominent college in a nearby state which reported only three valedictorians in their student body last year, with an enrollment of well over 1,200.

At the same time the college grows in academic favor, she is still mindful of her obligation to those less fortunate in the area of educational opportunity. Her special course for ministers who did not complete high school and who have passed the usual age for such training continues to minister to a substantial number. This division is called "Adult Theological Education" and is a three year course designed with the rural pastor primarily in mind. Many men who could not have carried the regular college course have been immeasurably helped by this division. Some of them are making outstanding pastors in the rural and village churches of the Southern Baptist Convention territory.

More than two and one quarter million people live within 100 miles of Southern Baptist College, which gives it an unusually rich opportunity if it can secure additional facilities to provide for those

who want a Christian college education. All doubts as to the worthwhileness of the program of training were removed in the full accreditation of the college.

Southern Baptist College has made unusual strides in building and development since 1955 when she built her first permanent building. Since then she has added eight other structures to the program and has recently been the benefactor of a \$100,000 gift to be used on a new library building which will be built within the year. The college, therefore, has begun to attract large donations which certainly should enhance its opportunity to continue to grow.

2. Competition

The college is experiencing developing competition in its area from the Church of Christ. This organization is building a new junior college at Paragould, Arkansas and has \$350,000 on hand now with which to build its first buildings. They report also on reliable authority that they have pledges for one million dollars to be paid in the next three years. Recent news releases indicate that they plan a \$5,000,000 complex of buildings over 600 acres to be known as the Crowleys Ridge Christian College. This institution is approximately 30 miles from Southern Baptist College.

Since about 1930 the Church of Christ has had a large and growing institution at Searcy, Arkansas, some 70 miles southwest of Southern Baptist College. This institution, Harding College, has built more than \$7,000,000 worth of new buildings since the war. Both of these institutions, being in the territory of Southern Baptist College, has a marked influence on the religious life of the area.

Arkansas Baptists will not do wisely if they continue to be indifferent to the opportunity Southern Baptist College offers to maintain a strong missionary influence in the northeast Arkansas area. Northeast Arkansas is the most populous section of the state and offers an unusual future for Baptist life if we can properly enlarge our institutional service to the people.

Arkansas State College at Jonesboro now enrolls approximately 3,400 students. Some 10 years ago the president of that institution stated that they could enroll practically any reasonable number of students if they had the facilities. They have been getting the facilities, and they have proven the wisdom of his statement. The people are here by hundreds of thousands. Their children must be educated. It is up to Baptists to decide whether they will be educated in a Christian and Baptist oriented institution or in a Church of Christ atmosphere or a state college related institution. Thousands of them will not leave this area to seek college training and will attend whatever institutions are in the area offering quality work.

3. College Efforts

The College has made every reasonable effort to provide for her expansion. She has raised thousands of dollars from friends and business interests to provide facilities to date. She has also raised her student sources of income to the highest possible figure without pricing herself out of the reach of the Baptist boys and girls she wishes to serve. By strictest economy she has seen that every dollar has done double duty constantly in her program. The

administration of the college expects to continue to effect every possible saving to see that expenditures are wisely spent.

4. Accreditation

Southern Baptist College is fully accredited by the North Central Association of Colleges and Secondary Schools. Owing to this membership, she is duty bound to provide quality education to those who apply for training here. In order to do so, the college must have reasonable increases from time to time. It is hoped that our reports to the North Central Association will show a continuing improvement of the service of the college.

5. Service Rendered

Southern Baptist College has served 23 years in the northeast Arkansas area. During this time she has had well over 7,000 students of whom 1,000 or more were ministerial students. Presently almost one-third of the Baptist pastors of Arkansas are graduates or former students of Southern Baptist College. Approximately 900 others are serving in the public schools, colleges, and universities of America in the teaching field. The college has made a splendid contribution in every area of Baptist life.

The ministerial students have brought into the churches more than 40,000 people while preaching in the area week by week. Hundreds of their churches have become strong full-time institutions of service as a result of the influence of the college during these years. It is difficult to imagine reaching northeast Arkansas and the rich delta area of our state in a better manner than through Southern Baptist College, "The Campus of Christian Purpose."

6. Budget 1964-65

A review of the current budget will reveal that every item provides modest allocations. Salaries are low enough to be classified in the area of real sacrificial service on the part of those teaching. Qualifications of the faculty members are unusually high in view of the low salaries paid. In fact it is doubtful that any institution in the life of Southern Baptists today is serving more sacrificially than the faculty of Southern. All of the members of the faculty could go to better paying positions but have a dedication to the work of the college of a very high order.

The academic year of 1963-64 was the best in the history of the college. Every professor seemed well pleased with the quality of work done. All teachers returned for the coming year despite the fact that some were offered better paying positions at other institutions. There are now four on the faculty with doctorates. One other has completed the minimum residence for the doctorate. Two have completed sufficient graduate hours for the intermediate degree between the masters and doctors degrees. All others have at least the master degree. The faculty of Southern is of a very high quality and dedicated Christian people. Every member is an active Baptist.

Southern continues to carry the distinction of being able to provide fully accredited Christian education at less cost to the student than state colleges charge. The total expense for room, board and fees now runs only \$362.50 per semester, compared to over \$850.00 for the national average.

Southern makes it a policy to see that every dollar is spent as a trust from the Lord. It is the feeling of the administration that every expenditure should be carefully made so that no waste will weaken the effectiveness of the work of the Lord.

Southern would like to express her gratitude for the help received from the Arkansas Baptist State Convention, being in the 1964 budget for \$38,000 for operations. She asks the prayers of Baptist people everywhere and solicits their good will as she labors to make her motto a living reality—"The Campus of Christian Purpose."

ARKANSAS BAPTIST HOSPITAL
Little Rock, Arkansas
John A. Gilbreath, Administrator

Since the last Arkansas Baptist State Convention, this hospital has opened a new addition providing for 134 beds. These are the very latest equipped accommodations for patients, and are very acceptable to our public. At the same time around 100 beds in the original building were shut down for remodeling purposes. No remodeling has been done this year due to the fact that the construction project has continued through most of the year.

In addition to the 134 bed addition, the hospital has completed its cardiopulmonary laboratory, and remodeled the second floor of the original building for the clinical and anatomical laboratories. The new laboratories have been equipped with the latest diagnostic and electronic units available.

During the year the hospital has formally organized a separate corporation in order to construct the mental health unit. The members of this corporation are people of all faiths and are the leadership of the greater Little Rock area. Active work in raising funds for this project will begin shortly after the first of 1965. We would hope to have the new unit ready for occupancy in approximately two years.

The chaplains department of the hospital added one man to its staff during the current year. He is Reverend Jeff Campbell and has done an excellent job becoming a part of the hospital family.

During the past year Arkansas Baptist Hospital graduated 68 young women who will take examinations to become Registered Nurses. There were only 158 graduated in the entire state, which means that Baptist School of Nursing educated about one-half of the students in the entire state. Due to the serious shortage in the nursing profession, our Board of Trustees has established a practical school and enrolled its first class of 25 students in September 1964. It is the present plan to take two classes per year under this program.

The hospital is now engaged in a study to determine the direction the institution should go the next 20 years, and this will be available to the public within a short time.

Statistics for the hospital the past year are as follows: Total patient days, 126,565; total patients admitted, 19,363; emergency and out patients treated, 26,025; births, 1,778; surgical operations,

8, 929; X-ray examinations, 43,060; X-ray treatments, 10,154; physical therapy treatments, 14,115; pounds of patients linens processed by laundry, 2,600,000; total number of personnel, 777.

A detailed study is now being made toward the possibility of establishing a collegiate program for the school of nursing. Should this study develop a favorable report, the first class would be taken in September of 1965.

BAPTIST MEMORIAL HOSPITAL

Memphis, Tennessee

Frank S. Groner, Administrator

Hospitals are the chief benevolent agencies of our denomination. In their origin and conception they are institutions of religion as are schools and colleges, orphanages and missions. Christian churches believe in the value of spiritual therapeutics in the healing ministry, and to this end hospitals should be free to act for that great body of citizens who desire to avail themselves of a Christian hospital.

Here should be found the best in medical and surgical service, along with the spiritual and mental comfort. Baptist hospitals, serving in the name of Christ, have a responsibility to furnish medical and hospital care of the highest quality possible. To this end a constant review of service and improvement of equipment and buildings is fundamental.

The year of 1963 saw a lot of review and construction as well as growth at Baptist Memorial Hospital in Memphis. For the first time in its fifty-one year history, the hospital had over 1,000 patients in a single day. New highs were reached in the total number of patients admitted for the year (42,937), in the number of babies born (3,663), and in the total number of patient days of care (331,120). A significant number of these patients benefited from the hospital's charity program. The net cost of charity care for this period amounted to \$817,750.32.

The Lamar Unit of Baptist Hospital, in its first full year of operation, experienced an increasing demand for its services. The fifty beds at this facility were made available for patients with chronic diseases and rehabilitative needs. During the year new services were added in the areas of occupational therapy and social service. Another new program at the Lamar Unit involved the clinical training of student nurses in this aspect of hospital care. An additional fifty beds were made available in February of this year to relieve the acute bed shortage at the main hospital. These beds are for the acutely ill and have a full range of services available, i. e., surgery, lab, x-ray, and pharmacy.

The educational program of Baptist Memorial Hospital was expanded during 1963 with the addition of two new programs. A formal agreement was signed with the University of Tennessee to provide clinical training for under-graduate medical students and for students in the University's college of nursing. This brings the total number of training programs in the hospitals to twelve and pushes the number of students to over 400.

Baptist's Chaplain, the Reverend Charles McKnight, was elected president of the Southern Baptist Association of Hospital Chaplains.

At 33 years of age, Chaplain McKnight is one of the youngest ministers ever to head the convention-wide association. A review was made during the year of employees of Baptist Memorial Hospital who have served as presidents of their national organizations. It was found that five other individuals have had such an honor.

One of the biggest events during the year involving both hospital employees and the medical staff was the participation in a city-wide disaster drill designated as Operation Mercy 11. The event involved approximately 700 mock casualties from a tornado. Baptist Hospital received 150 of these casualties.

The above events describe the hospital's reason for being. The following was taken from the house organ of another Baptist hospital.

"A Baptist hospital exists to bring men into a saving relationship with God through faith in Jesus Christ by means of direct personal witness as occasion presents and by positive Christian interpretation of the experiences of disease, disability and death; functions as an instrument of God's grace in enriching and prolonging human life within the scope of Divine providence; enlists and encourages their maximum development in talent and skill, and provides the setting within which these may be performed as ministers of the highest order; makes available the full facilities of the hospitals to those people least able to pay in such ways to preserve human dignity and worth."

"Someone has observed that human life has four great hours: birth, marriage, sickness, and death. Since for a vast majority of people three of these four great hours will be passed in hospitals, Jesus' mandate to heal becomes a Southern Baptist imperative! It is inconceivable that a greater opportunity exists in any mission enterprise than through a relevant proclamation of the gospel of Jesus Christ through the hospital ministry of Southern Baptists."

MEMORIAL HOSPITAL
North Little Rock, Arkansas
Norman Roberts, Administrator

Memorial Hospital has been able to extend its ministry of healing during the past convention year. We have averaged more than 69 patients during the past twelve months. This is a continued pattern of growth that will, by all likelihood, extend over the next few years.

The advantage of a 118 bed hospital having association with Arkansas Baptist Hospital has assisted in the giving of better patient care as well as the extending of our Baptist ministry in this institution. In addition to the dollar savings and operating costs, there have been evidences of the advantage to patients in excellent scientific and professional equipment and personnel made available through the larger institution.

Plans for an addition which will contain a Physical Therapy Department are nearing completion. At the present time, this department is located in three patient rooms of our hospital, and the new facilities will enable an increase in the number of patients that can be served in this area.

Listed below is statistical information for the years 1963 and 1964:

FIFTH ANNUAL REPORT CHRISTIAN CIVIC FOUNDATION OF ARKANSAS, INC. 301 Waldon Building Little Rock, Arkansas

The purpose of the Christian Civic Foundation of Arkansas, Inc., is to promote abstinence by education and rehabilitation,

through the united efforts of the churches of Arkansas. With the same approach, we seek to deal with the problems of gambling, pornography, and salacious literature.

We inaugurated our program of visitation in the junior and senior high schools of the state on July 1, 1962. We reach all students in junior and senior high schools with an assembly program and with visitation in science, physical education, and health classes throughout the entire day. Jerry McBride, through November of 1963, visited 232 high schools, speaking to 52,283 students. In the summer of 1963 he worked in 14 summer camps, teaching and lecturing to 2,200 young people. Willard S. Campbell, from February 1, 1964, through May 12, 1964, visited 86 high schools, speaking to 22,362 students. In addition to the summer camp services, 318 schools have been visited, reaching 74,645 students.

The Liquor Situation in Arkansas in 1964

Arkansas has enjoyed a favorable place in the national statistics on the alcohol problem. Research discloses that in any state where the consumption rises the problem increases. Anything which keeps the rate of consumption down minimizes the problem. All the efforts of the Alcohol Beverage Manufacturers and dealers to increase consumption work against the efforts to control the alcohol-related problems.

A study of the per capita consumption of absolute alcohol for all of the states in the year 1962 is now available. The range of consumption is from 0.31 gallons in Mississippi to 4.223 gallons in the District of Columbia. Arkansas was the third smallest per capita consumer with 0.666. Only Alabama and Mississippi consumed less per capita. These figures have been compiled by the American Business Men's Foundation of Chicago from figures released by the United States Government. It is reasonable to believe that the low consumption in the lower-consuming states is due to the fact that the figures are for states under local option.

It is impressive to note that we have 44 counties now under local option, and 31 counties characterized as "wet" counties. The liquor forces offer the claim that bootlegging and consumption increases under local option. However, in 1960 the Alcohol Tax Unit seized 92 stills in 33 wet counties and 32 in 42 dry counties. In 1961 they seized 78 stills, of which 52 were in the 31 "wet" counties, and 26 were in the 44 local option counties. Liquor bootlegging in the United States today is as prevalent as during prohibition. Government agents are closing illicit stills in homes, stores, and factories at the rate of 1,000 per month.

We have called Local Option elections in Poinsett and Calhoun Counties, and in Jefferson Township in Jefferson County. Liquor forces have called elections in Ouachita, Cleburne, Newton, and Baxter Counties. These will be voted on November 3, 1964.

Legalized Gambling Greatly Increases Crime Rates

On July 7 of this year we formed the organization "Churches United Against Gambling" and have since been engaged in a serious effort to defeat proposed Amendment 55, an amendment that would legalize casino gambling in Garland County. Gambling and crime go hand in hand. Proponents of legalized gambling razzle-dazzle

the public with figures—figures indicating that all the “Land of Opportunity” has to do to solve its financial problems is to invite gamblers—Nevada style. But gambling has not solved the tax problem in Nevada, but rather added to it. And it will not solve the problem in Arkansas. Here are some figures that are not ‘razzle-dazzle.’ They are taken from FBI reports for 1963:

**Arkansas and Nevada Crime Record
— Per 100,000 Population —**

Murders	Arkansas	7.4
	Nevada	7.9
Robberies	Arkansas	25.1
	Nevada	118.7
Burglaries	Arkansas	295.5
	Nevada	1,147.0
Auto Thefts	Arkansas	76.0
	Nevada	672.6
Forcible Rapes	Arkansas	6.1
	Nevada	16.3
Total Offenses	Arkansas	648.2
	Nevada	2,990.1

Those who favor gambling for Arkansas must also favor more murders, more suicides, more robberies, more forcible rapes, and higher costs for law enforcement. Nevada appears to be a cesspool of death and violence when compared to Arkansas.

The Christian Civic Foundation of Arkansas deserves to be included in many more Baptist Church budgets. We appeal to you to include us with a generous amount, and on behalf of the Executive Committee and Board of Directors, express our gratitude and appreciation to the ministers and churches who have made our efforts possible through their financial, moral, and spiritual support.

The Christian Life Commission is the Southern Baptist Convention agency assigned to work in the area of Christian social ethics. The Commission's purpose is to help Southern Baptists to make practical application of the gospel in such aspects of daily living as family life, race relations, moral issues, daily work, and Christian citizenship.

With the conviction that Christians cannot be true to Christ and remain aloof from the changing world, the Christian Life Commission seeks to discern what obedience to Jesus Christ means in the concrete situations of modern life. The Christian gospel declares that love is better than hate, that honesty is better than falsehood,

that purity is better than filth, that peace is better than war, that justice is better than exploitation, that giving is better than getting, that "ideal" is more significant than "image," that character is better than popularity, and that it is better to suffer for Christ's sake than to compromise with evil.

The Commission seeks to inject strong ethical emphases into the mainstream of Southern Baptist life by channeling articles and lessons into Southern Baptist publications of all kinds. According to careful estimates, the Commission's written materials had a total circulation last year of 30,936,596. In addition, 261,537 tracts from the Commission's 39 tracts now in print, were distributed on request to Southern Baptists.

In addition to writing, the Commission's staff spends considerable time bringing messages on applied Christianity to all kinds of Southern Baptist audiences. Summer conferences in 1963 at Glorieta and Ridgecrest on "The Things That Make for Peace" attracted the largest attendance in the history of these conferences. The timeliness of the 1964 conference on "Christianity and Race" is obvious. A most significant Christian Citizenship Seminar was held for Southern Baptist leaders in Washington, D. C. in March, 1964.

The Commission works closely with the Christian Life Commissions in the various state conventions and in the associations. It publishes a Newsletter to keep in touch with these state and associational leaders. Special service is rendered to the denomination through a ministry in the areas of world peace with justice, human welfare, and counseling and guidance.

The Christian Life Commission is eager to strengthen associational efforts to create the kind of moral and social climate in which the Southern Baptist witness for Christ will be most effective. The Commission provides upon request a free copy of the booklet, **Associational Christian Life Committee Guide Book** and gladly gives its counsel and help with matters related to applied Christianity.

Excerpts from the
REPORT OF THE EDUCATION COMMISSION TO THE
SOUTHERN BAPTIST CONVENTION
In Its One Hundred-Seventh Session at Atlantic City, New Jersey
May 21, 1964

Rabun L. Brantley, Executive Secretary-Treasurer

Common problems and goals have done much in recent months to bring together more closely those who administer Baptist schools. Tremendous state and federal funds for higher education are serving as a sort of "handwriting on the wall" for Baptist school men to ponder. To determine properly the direction which the schools should take concerning government aid is causing much soul-searching.

Mobile College and Houston Baptist College are in their first year of operation and Kentucky Southern has moved to its new campus and is in its second year. Maryland Baptists, Atlanta, Charleston, Dallas, and St. Louis are in varying stages of starting schools. The Florida Baptist Convention, in its last session, approved the starting of another college as soon as plans can be completed.

Southern Baptists now operate 73 schools: 6 seminaries and a joint operation with National Baptists of another seminary, 37 senior colleges, 17 junior colleges, 7 academies, and 5 Bible schools. Only 3 of the colleges old enough to be accredited lack full recognition. Mars Hill is moving from junior to senior college status.

Qualified teachers for the schools continue to be a major problem. The sciences, English, and economics are areas critically short of Ph.D's, while there is a great oversupply of teachers of religion.

That the ratio of total Baptist students to those enrolled in Baptist colleges is widening is not necessarily discouraging. Baptists can never hope to educate all the Baptist students in Baptist schools at the present rate of support for the schools. The fact remains that the great majority of the leaders in the denomination will continue to be supplied by Baptist schools and seminaries. The colleges are giving careful attention to their recruitment program since they are generally unable to take all qualified applicants.

Enrollment and Support.—Enrollments of students have reached a record high for 1963-64 of 83,589 students compared to 80,987 in 1962-63.

Graduates from the 73 schools from September, 1962, to August, 1963, totaled 11,083 compared to 10,922 the preceding year.

State conventions and the Southern Baptist Convention increased gifts to the schools from \$15,514,770 to \$16,863,416, according to the reports from the schools. Gifts from the conventions for operations amounted to \$11,027,128 and for capital projects \$5,836,288.

In addition, the schools received \$15,888,961 in other gifts, grants, and donations. The total assets of Southern Baptist educational institutions are \$416,207,080 of which \$102,091,461 is for endowment. Because of common stock holdings, the market value of these book-value figures for endowment would probably be twice as much.

Institutional Changes.—Institutional changes for the year were: Charles E. Boddie succeeded Maynard P. Turner as president of the American Baptist Seminary; Olin T. Binkley followed Sydnor L. Stealey as president of Southeastern Baptist Seminary; Warren F. Jones retired as president of Union University and was succeeded by F. E. Wright; Roy C. McClung replaced A. Hope Owen, retired, as president of Wayland Baptist College; William K. Weaver is the president of the new Mobile College; and William H. Hinton leads the new Houston Baptist College.

Program Report

The Education Commission is active in the following four program areas:

1. **A Program of Christian Education Promotion and Information.**—A growing dependence on the Education Commission for information and assistance of a widely varying kind has added greatly to the office correspondence. According to comments from readers the service rendered to the denomination through the **Southern Baptist Educator** is increasingly used and appreciated. There is a real need for sending the **Educator** to all pastors and other key people who have an interest in the schools and what they are doing, but the budget does not now permit it.

The Commission awarded 18 loan-scholarships from the Robertson-Sheppard Fund and serviced many additional requests for aid which was unavailable. The Opdyke Fund provided 123 scholarships in 44 colleges. Letters of appreciation show the great need for additional funds.

Seventy-eight article suggestions for the Jubilee year were made for Baptist Sunday School Board publications, with emphasis on college preparation and selection of college.

The executive secretary spoke to the Southern Baptist business managers, field workers conference of the Home Mission Board, faculty retreat at Union University, convocation at Southern Baptist College, commencement at American Seminary and Campbellsville College, chapel at Southwestern Seminary, and other places. He also assisted with the planning for the annual meeting of the Baptist colleges at Oklahoma Baptist University, served on committees working with National Baptists, home life, and stewardship conferences, planned dinner meeting of Baptist educators attending the Southern Association of Colleges and Schools, planned program for meeting of American and Southern Baptist educators at the Washington session of the Association of American Colleges, attended inauguration services at American Baptist Seminary, Wayland College, and Bethel College.

The Commission prepared and published emphasis materials for all 50 states, the District of Columbia, and 3 countries on Christian education and Baptist schools on the theme "Christian Learning for Liberty and Light." The executive secretary assisted with the planning for a public relations project for Tennessee Baptist schools and sent information on the project to all Southern Baptist colleges. He also spoke at the Tennessee Christian Career Conference.

During the year the Commission assumed some of the responsibility for the preseminary testing program operated by five Baptist seminaries. The Commission serves as the operations center, storing and sending out the tests and compiling and distributing the test scores.

While serving as acting executive secretary of the Southern Baptist Commission on the American Seminary, the executive secretary has worked closely with groups and committees looking toward the upgrading of Negro theological education.

The executive secretary serves as editor of the *Southern Baptist Educator* and of *College and Career*, a paper for teen-agers.

2. A Program of School and College Studies and Surveys.—The Commission continued to assist new colleges with personnel and other matters and committees planning for new colleges.

The executive secretary visited twelve campuses during the year. He assisted with the plans for a state-wide promotion of Tennessee Baptist schools and contacted state secretaries, education committees, and college presidents about using the plan in their areas.

The Commission made a study of salaries, church-state opinion, and federal aid for distribution to the college administrators.

3. A Program of Teacher Recruitment and Placement.—An increasing dependence by the schools on the Commission for aid in

procuring teachers is evidence of a continuing shortage of qualified persons. With an assistant employed to begin work June 1, it is expected that the placement service will be able to render an even more effective service to the schools.

The Commission corresponded with hundreds of prospective teachers and many colleges about their needs and was instrumental in bringing about the employment of a hundred or more teachers by the schools.

4. A Program of Assistance in College Recruitment.—The Commission prepared and circulated materials for the annual emphasis in the churches on Christian higher education and Baptist schools, with a circulation of 1,534,689 pieces. Staff members participated in meetings of young people in state assemblies and retreats.

The Commission promoted Baptist College Day in churches on the third Sunday in February, and circulated 20,000 copies of a special orientation issue of **College and Career** to college freshmen. Special booklets were prepared on the schools for several states. There is a continuing heavy demand for tracts on college choice, preparation for college and Baptist schools.

Displays of materials were provided for Ridgecrest and Glorjeta assemblies and the Southern Baptist Convention's annual meeting in Kansas City.

FOREIGN MISSION BOARD
Southern Baptist Convention
Richmond, Virginia

“Southern Baptists must measure our mission undertaking by our potential—not by what we or others have done. When we put what we are doing alongside the reality of human need and the reality of open doors in the world, we recognize that we have hardly begun. We must measure what we are doing by the crisis of our day. This is the day of destiny.”

—Baker J. Cauthen, Executive Secretary

Missionary Personnel

The Foreign Mission Board came to the close of 1963 with a mission staff in excess of 1,800, an objective toward which we have been working since 1948. Appointments totaling 195 during 1963 and 32 from January to May, 1964, bring the number of foreign missionaries in active service to 1,819. Twenty-seven missionary associates are included in this number.

At the end of 1963, there were many urgent requests for new missionaries. Among the most pressing needs are those for people in field evangelism and church development, theological education, nursing, student work, and religious education.

Missionaries Serve

Southern Baptists now have missionaries under appointment to 54 political entities: Argentina, Bahamas, Brazil, British Guiana, Chile, Columbia, Costa Rica, Dominican Republic, Ecuador, France, French West Indies, Gaza, Germany, Ghana, Guam, Guatemala, Honduras, Hong Kong, Iceland, India, Indonesia, Israel, Italy,

Jamaica, Japan, Jordan, Kenya, Korea, Lebanon, Liberia, Macao, Malaysia, Mexico, Nigeria, Northern Rhodesia, Nyasaland, Okinawa, Pakistan, Paraguay, Peru, Philippines, Portugal, Southern Rhodesia, Spain, Switzerland (international seminary), Taiwan, Tanganyika, Thailand, Trinidad, Uganda, Uruguay, Venezuela, Vietnam, and Yemen.

Southern Baptist foreign missions reached out to two additional countries in 1963, and one in early 1964.

World Evangelization

Mission work is carried on through a varying number of institutions on each mission field—churches, schools, hospitals, publication plants, good will centers. But all are interactive and the goal of each is evangelization. Whatever their institutional duties, all missionaries participate in work of the churches in their stations.

The major lesson to be learned from the history of the last 25 years of foreign missions is that, in view of national and international circumstances which can greatly affect the work being done in any land, the wisest investment of missionary resources is in the cultivation of New Testament churches.

National pastors number 2,822. Most of the churches have Sunday schools, and many have other church-affiliated organizations. In 1963, the 3,943 churches and 6,999 chapels reported 540,849 enrolled in Sunday school, 41,147 baptisms, and 523,603 church members. (These figures include estimates for China.)

Receipts

Total contributions of Southern Baptists for foreign missions amounted to \$21,431,202.10 during 1963. Still, at year's end there were requests from the Missions (organizations of Southern Baptist missionaries) for more than \$3,000,000 for urgently needed land, buildings, and equipment. Funds from the 1963 Lottie Moon Christmas Offering totaled \$10,949,857.35.

Education

Educational work not only offers opportunities for evangelism, but also trains a strong national leadership. The 1,076 Baptist schools, which enroll 170,536 students, are served by 6,160 national and 328 missionary teachers. Among the schools are 39 theological institutions with 1,470 students and 6 women's training schools with 509 students.

The new Baptist high school in Mombasa, Kenya, was dedicated in the fall of 1963. Work in Thonburi and Bangkok, in Thailand, was projected on a community center basis. The official opening of the Concepcion, Chile, student center was held in May, 1963. Three theological institutions—in Lebanon, Ecuador, and Honduras—graduated their first classes.

Medical Work

The primary aim of missionary medicine is the healing of the whole man—both spiritually through a personal knowledge of Jesus Christ and physically through the best possible practice of medicine.

Medical mission institutions include 19 hospitals and 41 clinics and dispensaries with a total of 1,326 beds. There are 57 missionary and 99 national physicians, plus 55 missionary and 209 national nurses. They served 367,156 patients during the year, of whom 34,897 were inpatients.

In May, 1963, Baptists received formal permission from the Indonesian government to erect a 50-bed hospital in Bukittinggi. Two hospitals were dedicated: Hong Kong Baptist Hospital (November 17, 1963) and the Bangkok, Thailand, hospital (March 8, 1964). To meet emergency needs in mission hospitals, two special project nurses were appointed in February, 1964.

Publication Work

Strong churches need not only trained leaders, but also literature for evangelism and religious education. Our largest publication centers are located in El Paso, Texas (Spanish), and in Rio de Janeiro, Brazil (Portuguese). The major plant for Chinese literature is located in Hong Kong. Several other Missions have plants of varying sizes.

During 1963, the Margie Shumate Memorial Publication Building in Bangkok, Thailand, was dedicated, and the Bible Book Center was opened in Gwelo, Southern Rhodesia. A new Baptist book store was opened in Amman, capital of Jordan.

Eighteen publishing centers produced 12,965,885 pieces of literature during 1963. These included periodicals, tracts, and books. Sixty-four missionaries and 335 nationals serve on publication staffs.

Home Office

There are 134 people working at the Board's home office, 3806 Monument Ave., Richmond, Va. 23230.

The Board's magazine, **The Commission**, reported an average circulation of 90,728 last year.

- Mission force numbers 2,299
- Pioneer area stressed
- Language instruction started
- 30,000 Movement nears climax

"This is home missions' most urgent hour," Courts Redford, executive secretary of the Home Mission Board, reported to the Southern Baptist Convention in Atlantic City. "The entire world looks to America for Christian leadership, but America cannot give what she does not continue to have."

2,299 Missionaries serve in every state, Cuba, Panama, and Puerto Rico. An average of 30 missionaries were appointed each

month last year. Critical personnel needs exist in mission center and Spanish-language work.

More Than \$6½ Million came from Southern Baptists for home missions through the Cooperative Program, the Annie Armstrong Offering, and from other sources of income. This amounted to about 62 cents for each Southern Baptist, a nickel per month.

New Work and The Pioneer Areas received increasing support as the older and stronger states took additional financial responsibility. Two-thirds of the more than \$4 million spent by the Missions Division went to the newer states. Also most of the \$6½ million loaned 479 churches in 1963 went to pioneer areas.

645 Student Summer Missionaries served ten weeks in every state and Panama during the twentieth year of the ministry.

750 Southern Baptist Chaplains presently serve in the military or with hospitals, industry, and other institutions.

46,226 Professions Of Faith were reported by the missionary force. This was a decrease from the 48,700 reported the previous year and reflected a like percentage decrease within the Convention, which reported 355,325 baptisms.

The Latin American Refugee Resettlement ministry aided churches to resettle 450 persons, bringing to 1,100 the number assisted by Southern Baptists.

Mission Opportunities In Puerto Rico were studied, and the Board voted to support mission work there on a limited basis in 1964.

New Staff Members are L. W. Crews, director of Juvenile Rehabilitation, Metropolitan Missions Department; E. L. Golonka, field worker with Slavic-speaking people, Language Missions Department, and Gene E. Moffatt, photographer-technician, Promotion Department.

Cuba And Panama Work has been interrupted by the political situation, Redford reported in May. Most of the churches in Cuba continue to function; seminary enrollment is larger; and though two missionaries were forced to leave during the year, others remain at work. In Panama the work was temporarily interrupted but all workers are back on the field.

The Church Extension Program is receiving increased emphasis in preparation for its role as the major vehicle to continue the 30,000 Movement. The 30,000 Movement, in its climactic year in 1964, reported by January 1 that 5,884 churches and 16,016 missions had been started.

Language Instruction for missionaries has been emphasized by the Board in sending missionaries to study in Italy, Brazil, and special schools in the United States. A language instruction center was established for Spanish in San Antonio.

Educating Church Members In Missions, a plan to confront every Southern Baptist with the mission story, has been developed and stressed by the Division of Education and Promotion. This plan

shows the church how a year-round emphasis can be given to mission education, so the church member will have a conception that will lead to a commitment to missions, in both activities and in money.

Fourteen Programs of work were adopted by the Board at its midyear meeting, becoming effective January 1. They are church extension, associational administration services, pioneer missions, language missions, church loans, chaplaincy, metropolitan missions, urban-rural missions, Jewish work, mission center work, National Baptists, evangelism, survey and special studies, and special mission ministries.

NEW ORLEANS BAPTIST THEOLOGICAL SEMINARY

New Orleans, Louisiana

H. Leo Eddleman, President

World famous New Orleans in the heart of the Americas was honored in 1917 when Baptist leaders in the area at last launched a formal Bible teaching ministry. Preceded by decades of discussion and writing, the Baptist Bible Institute began with convention approval, though largely supported by Baptists in Mississippi, Alabama and Louisiana. From the beginning she was a "school of providence and prayer." One out of every 11 full degree graduates has served or is now serving under a foreign mission board. During the depression, when the Foreign Board was unable to appoint new missionaries, the student body financed a graduate from its own ranks as a missionary to the Far East.

THREE IN ONE

The School of Theology awards the B.D., Th.M. and Th.D. degrees. Two-thirds of the student body are enrolled in this school. It is

fully accredited, with 24 faculty members, and a number of tutors. It majors on the pastoral and preaching ministry to meet the needs of the people and the churches.

The School of Religious Education has 8 faculty members, one special instructor and several tutors. The degrees (M.R.E. and D. R.E.) are fully accredited by the American Association of Schools of Religious Education. Besides educational directors there is specialized training for youth workers, counselors, recreation leaders, student work, etc.

The School of Sacred Music has 8 faculty members, two contract teachers, and several tutors. It has never abandoned the concept of music "of the people, by the people, and for the people" that the joy of the Christian faith may be augmented for all through singing.

OUTSTANDING FEATURES

Faculty—able, consecrated, scholarly, 40 in all with numerous tutors and two contract teachers.

Enrollment—1963-64 stands at 857 not including summer school.

Student Expenses—include only small fees charged by all Southern Baptist seminaries. No tuition. Other costs like books, food and rent are moderate.

Church Work—Over 400 students hold such positions. The number increases annually. Greater New Orleans offers unlimited opportunities for remunerative employment.

Housing—includes 303 apartments for married students, 84 units for single girls, 258 for single men.

Summer School—lasts two months, classrooms air conditioned, embodies a semester's work in two courses or regular curriculum.

Extension classes and correspondence courses—available by writing Seminary Extension Department, 460 James Robertson Parkway, Nashville, Tennessee.

Field Mission Work—required of all students. It is part of the academic program. One-half hour credit per semester is given. Last session students reported 2,500 additions by baptism, 3,320 by letter and 1,687 professions of faith during other assignments for 40 weeks. This is an average of 179 decisions per week, or enough to start two or three churches each week if they were all in the same area.

THE SOUTHERN BAPTIST THEOLOGICAL SEMINARY

Louisville, Kentucky

Franklin P. Owen, Chairman of the Board of Trustees

Duke K. McCall, President

The Southern Baptist Theological Seminary expresses gratitude to the associations and the churches for the support which they provide by their gifts through the Cooperative Program, by the God-called young men and women they entrust to the Seminary for training, and by their call to seminary graduates to places of service as pastors and leaders.

Southern Seminary trains Christian disciples to function in a leadership role, to go wherever the Holy Spirit guides, to minister the true Word of God to lost and dying men.

Southern Seminary's own Abstract of Principles, the earliest such official statement of faith of the Southern Baptist Convention, adopted April 30, 1858, has, for the 105 years of the life of the Seminary, provided the covenant each member of the faculty makes and is required to keep. Both the trustees, elected by the Southern Baptist Convention, and also the faculty of the Seminary insist upon maintaining the obligations of this covenant "to teach in accordance with and not contrary to" the Abstract of Principles.

Here are the highlights of Southern Seminary's 105th year:

1. Enrollment increased for the second successive year to a total of 1,114 students.

2. The Seminary faculty consists of 54 professors, 31 instructors, and 33 fellows.

3. Two new endowed chairs have been established: (1) The William Walker Brookes Professorship, established by the bequest of Mrs. William Walker Brookes of Atlanta, Georgia as a memorial to her husband, will focus upon the area of the mission of the Christian church in North America. (2) The W. O. Carver Chair of Christian Missions and World Religions was established by the bequest of Joseph L. Sheppard of Chicago, Illinois. Endowment belonging to the Carver School of Missions and Social Work was added to the fund endowing this chair.

4. The original building of the Woman's Missionary Union Training School has been named appropriately Woman's Missionary Union Hall, and serves as a residence for single women. The administrative building of Carver School continues to bear the name of an honored Southern Seminary alumnus and missionary statesman—M. T. Rankin Hall. The entire campus of the Carver School of Missions and Social Work, merged with Southern Seminary in 1963, is designated "The W. O. Carver Campus."

5. Recognizing that the basic responsibility of Southern Seminary is to the pastoral ministry, the Seminary is initiating a new degree program in which the total role of the pastor rather than some specific function will be the focus. The degree will be the Doctor of Sacred Theology (S.T.D.), and will be tailored to meet the need of the minister of a Baptist church. The traditional Doctor of Theology degree will continue to be offered for those who require in their vocational purpose specialization in specific disciplines, including those planning a teaching career in a Baptist college or seminary in the United States or overseas.

SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY

Fort Worth, Texas

Robert E. Naylor, President

Dr. J. H. Steger, Chairman of Board of Trustees

The stabilization of enrollment, physical expansion and faculty enlargement highlight the annual report of Southwestern Baptist

Theological Seminary to the Southern Baptist Convention meeting in Atlantic City, May 19-22, 1964.

President Robert E. Naylor reported an enrollment of 2,031 for the academic year making the 13th consecutive year the enrollment has remained above the 2,000 mark. The School of Theology enrolled 1,249; Religious Education 634; and Church Music 148. Men outnumbered women 1,711 to 320.

Major projects in the campus expansion program reported is the student center now under construction. Ground was broken January 8, 1964, and completion is anticipated by December 1, 1964. The million dollar building will house all food facilities, reception areas, banquet and meeting rooms, some offices, snack areas, game room, student store, book store, post office and a commuters room equipped with showers and lockers. Dr. Naylor said, "This building will become our seminary community center."

Two buildings were completed in the J. Howard Williams Memorial Student Village bringing the total to 20 buildings now completed and 160 apartments. The seminary purchased 35 other housing units adjacent to the campus during the year. Even though the seminary now owns 350 family units, 800 seminary families must be housed in privately owned housing.

Other physical expansion plans call for the renovation of Fort Worth and Barnard Halls, both residence halls, and the construction of a children's building and a clinic. The children's building will house the kindergarten and day nursery work for the seminary and will provide enlarged facilities for clinical training of those interested in children's work.

The report showed a total of 70 faculty members. Additions to the faculty included: Jack H. Coldiron, assistant professor of voice; Thomas W. Hunt, assistant professor of piano and organ; James D. Williams, assistant professor of adult education; Miss Jeroline Baker, assistant professor of childhood education and director of kindergarten and nursery.

Dr. A. Donald Bell returned to the faculty as professor of psychology and human relations. Dr. E. Leslie Carlson, professor of Biblical introduction and Old Testament, retires this year after 42 years of distinguished service.

The report also revealed a total library inventory of 335,813 books and 995 current periodicals.

The annual missions conference held March 6-8 attracted more than 2,000 college students from 95 campuses and 15 states. Three evangelistic crusades were sponsored by the Department of Evangelism in Indiana, Illinois and in Ohio with 50 students participating. Other special events included the annual pastors' conference, the religious education association, church music workshop, and a church drama workshop.

* The Arkansas Baptist State Convention in its meeting November, 1959, approved the borrowing of funds up to \$200,000.00 for a camp site, assembly and camp facilities and to purchase a Baptist building site; this indebtedness to be liquidated from Cooperative Program budget items designated "Capital Needs" for such programs. Instead of borrowing from outside sources, these excess expenditures were borrowed from the surplus and accumulated monies of the various other funds of the Convention.
