CLASSES SCHEDULED FOR JUNE 23

BOARD OF TRUSTEES

Term to expire 1978:

Mrs. Clarence Anthony, Murfreesboro

W. C. Hargis, Jr., Warren

John McClanahan, Pine Bluff

Edward Maddox, Harrisburg

Don Moore, Fort Smith

Jess Odom, Maumelle

H. E. (Pete) Raines, Stuttgart

Term to expire 1979:

James R. Baugh, Dermott

Paul B. Gean, Fort Smith

Jeral Hampton, Booneville

Paul Henry, Batesville

Johnny Jackson, Little Rock

R. A. Lile, Little Rock

J. N. Shoptaw, Texarkana

Sherwin Williams, Arkadelphia

Term to expire 1980:

Carroll D. Caldwell, Harrison

Mrs. William E. Carter, West Fork

Miss Elma Cobb, Little Rock

Jay Freeman, Little Rock

Wilbur Herring, Jonesboro

Russell Miller, Mountain Home

Al Sparkman, Crossett

James Walker, Mount Ida

GENERAL OFFICERS

Daniel R. Grant, Ph.D	President
Ben M. Elrod, Th.D., Ed.D.	Senior Vice President and Director of Development
Carl Goodson, Th.D.	Vice President for Academic Affairs and Dean of the School of Arts and Sciences
William Ed Coulter, Ed.D.	Vice President for Administration
B. Aldon Dixon, M.S.	Dean of Students
Neno Flaig, M.S.E.	Dean of Women
R. Frank Taylor, M.S.E.	Registrar and Director of Admissions
Dewey E. Chapel, Ed.D.	Dean of the Graduate School
William E. Trantham, Ph.D.	Dean of the School of Music
Juanita M. Barnett, B.A., B.S. in L.S.	Librarian
Jim McCommas, M.A.	Director of Student Aids
Joseph A. Franz, B.A.	Business Manager

GRADUATE COUNCIL

Charles Chambliss, Ed.D
Everett Slavens, Ph.D
Thurman Watson, Ed.D
Charles Wright, Ed.D
Bill Trantham, Ph.D
Kenneth Sandifer, Ed.S
Gilbert Morris, Ph.D
Dewey E. Chapel, Ed.D., ex officio
Carl Goodson, Th.D., ex officio

GENERAL INFORMATION

Origin of the Graduate Program

The Board of Trustees of Ouachita Baptist University on July 24, 1958 authorized a program of graduate studies leading to the Master of Arts degree and on January 14, 1965, a program leading to the Master of Science in Education degree, to begin at such time as the faculty of the University deemed wise.

After a period of intensive study of the need and facilities for such a program, the faculty voted on April 6, 1959, to institute graduate programs in American Civilization and in Religion; the first classes began in September, 1959. Ouachita now awards a degree of Master of Music Education. The Master of Science in Education was initiated in September, 1967. The Master of Science in Education may be earned in one of the following areas: Elementary or Secondary Education.

Aims of the Graduate Program

The Graduate School of Ouachita Baptist University is designed to intensify personal and intellectual growth while preparing the individual to assume a role of leadership in the American society. The general purposes of the program are:

1. To provide students with opportunities and experiences which will contribute toward their intellectual, spiritual, and social maturity;
2. To provide students with opportunities and situations which tend to develop the ability to think critically;
3. To furnish a sound basis for further graduate study.
4. To train teachers for the public schools both at the in-service and beginning levels.

The University recognizes two types of graduate students: first, students who enter and become candidates for a higher degree; and second, students who, after receiving a bachelor's degree, wish to broaden their education without becoming candidates for a higher degree. A maximum of nine semester hours may be earned as a special student.

Administration

The policies of the graduate program are determined by the Graduate Faculty and are administered by the Graduate Council and the Dean of the Graduate School. Departments offering courses in the graduate program include Biology, Chemistry, Education, English, History, Mathematics, Music, Physics, Political Science, and Sociology

THE GRADUATE FACULTY

Graduate Faculty members, in addition to transcript qualifications, are recommended by department and division chairmen to the Dean of the Graduate School and approved by the President. The Dean of the Graduate School is the head of the Graduate Faculty.

Research Facilities

Library. The collection includes 102,000 volumes, 205,000 items in microtext (e.g. complete ERIC microfiche collection, American Culture Series, Black History Collection) and 1,000 serials titles. Through campus-wide AV-TV services 8,000 audio-visual materials are integrated with classroom teaching. As a federal depository library, 30,000 selected government documents are available.

Since 1958 the library has maintained a policy of open shelves, making it possible for every student to have direct access to books in the stacks as well as to those shelves in the general reading room. Materials on microfilm, microfiche, and microcard are available. Microfilm and microcard readers are available.

Bibliographic facilities include the American Culture Series, Applied Science and Technology Index, Cumulative Book Index, Bibliographic Index, Historical Abstracts and various special subject bibliographies. Other indexes available are Reader's Guide to Periodical Literature, International Index, Education Index, Business Periodicals Index, Music Index, Essay and General Literature Index, Art Index, and Public Affairs Information Service, as well as numerous special indexes.

Ouachita is a member of the Arkansas Foundation of Associated Colleges Cooperative Library Project. Books may be borrowed on inter-library loan from any of the other six member colleges and from the Arkansas State Library Commission. Borrowing privileges are extended to Ouachita Baptist University students by Henderson State University of Arkadelphia. Efforts are also made to secure needed materials from other sources according to the American Library Association Code for Inter-Library Loans.

A new wing now completed provides much-needed additional shelf space, more study carrels, copying services, microfiche research materials and readers, and an audio-visual center.

Faculty Research Grants. Through the generosity of the Arkansas Foundation of Associated Colleges, funds have been made available to the faculty of Ouachita Baptist University, enabling them to engage in research either on the campus during the academic year and summer or on the campus of another university. These funds make it possible for the instructional staff to participate in faculty improvement efforts, general research, preparation of course syllabuses, and work toward advanced degrees.

Food and Housing

Graduate students desiring University housing may be accommodated in dormitories and apartments. University food service is available for their use.

Placement

The University placement service will be available to those who enroll in the Graduate School. The Director of Placement will assist students in securing employment.

Fees

Tuition per semester hour	\$38.00
Admission fee (Not refundable)	10.00
Graduation fee, includes rental of the Master's degree hood and cap and gown	35.00
Thesis binding, per copy	4.00
Music Fees	
One lesson per week, per semester	40.00
Two lessons per week, per semester	75.00

Continuing Thesis Fee

The student will be charged a continuing thesis fee beginning with the first regular semester (excluding summer terms) after he has been enrolled for six semester hours of Thesis and has not completed his thesis. This fee for each semester will be equivalent to tuition for three semester hours. The charging of this fee will terminate when the thesis is accepted by the student's Advisory Committee.

Assistantships

Ouachita Baptist University has established several graduate assistantships for students seeking the Master of Music Education and the Master of Science in Education degree. The assistantships will be awarded on the basis of merit. Each assistant will receive a stipend of \$1,620, payable at the rate of \$180 per month, plus tuition for the two regular semesters in the academic year.

The number of assistantships awarded each year will be determined by the need of the University for teaching assistants, finances available for assistantships, and the number of qualified applicants.

Each teaching assistant is to teach a regularly scheduled course or the equivalent, assist in the department in which he is majoring, and devote the remaining time to graduate study and research.

Graduate assistants' class load for graduate work should be reduced according to the assistants' work load. It is recommended that a full-time assistant pursue nine semester hours of graduate work. A half-time assistant should enroll for no more than twelve semester hours.

Applications for fellowships must be filed with the Dean of the Graduate School or the Dean of the School of Music.

ACADEMIC INFORMATION

Areas of Specialization

Studies leading to two graduate degrees may be taken at Ouachita Baptist University:

1. The Master of Music Education degree.
2. The Master of Science in Education degree.

Admission

An applicant for any of the Master's degrees is admitted to regular, provisional, or special graduate status as follows.

1. **Regular** graduate status will be granted to a student who meets general requirements of the Graduate School and specific admission requirements for the graduate degree which he is seeking. This status will be granted by the Graduate Council. A student is classified in provisional or special status until he is approved for regular graduate status.
2. **Provisional** graduate status may be granted to a student who fails to meet fully the general and specific degree admission requirements. This is a probationary status in which the student must do satisfactory work and demonstrate that he is able to succeed in graduate study. Such a student may petition the Graduate Council through the Dean of the Graduate School for admission to regular graduate status after twelve semester hours of graduate study have been completed. If the Graduate Council approves admission to regular graduate status, credits earned in provisional status may apply toward the degree sought.
3. **Special** graduate status may be assigned to a student who has undergraduate deficiencies and does not plan to meet requirements for a degree but wishes to earn additional credits. Credits earned as a special student may apply for admission to provisional or regular graduate status.

Several general requirements apply to all applicants for admission to graduate study. In addition to the general requirements, certain specific admission requirements exist for each degree. Admission to graduate study does not imply admission to candidacy for a graduate degree.

General Admission Requirements

Each applicant should:

1. Hold the bachelor's degree from an accredited college or university.

2. Provide the Dean of the Graduate School with transcripts of all college and university work and completed application forms at least two weeks before enrollment.
3. Present scores from the Graduate Record Examinations (Aptitude Test) or the Miller Analogies Test to the Dean of the Graduate School. A total score on the Aptitude Test of 800 or a raw score of 30 on the MAT is necessary if the undergraduate record is below a GPA of 2.5 on a 4. scale.
4. Present an academic record which in the judgment of the Graduate Council qualifies him to undertake graduate studies.
5. Present a record of undergraduate training substantially equivalent to that given by Ouachita Baptist University in the specific subject matter field in which the student expects to do graduate work, and present adequate undergraduate training in closely related or supporting subjects sufficient to sustain advanced work in the field of his choice. A student not possessing these qualifications will be required to make up the deficiencies in a manner prescribed by the Graduate Council.

Specific Admission Requirements

1. For the Master of Science in Education.

A student who expects to become a candidate for the Master of Science in Education degree (1) should have completed an undergraduate record with a minimum grade average of 2.5 on a 4.0 scale for all undergraduate work, or if otherwise qualified, demonstrate ability to do satisfactory graduate work during the first semester of his graduate enrollment; (2) must have presented an undergraduate record in Education and/or subject-matter areas substantially equivalent to Ouachita Baptist University's requirements, or be prepared to make up deficiencies as prescribed by appropriate department chairmen, the Director of Teacher Education, and approved by the Dean of the Graduate School.

2. For the Master of Music Education.

Students who expect to become candidates for the Master of Music Education must have presented an undergraduate record substantially equivalent to the Bachelor of Music Education Degree as it is offered by Ouachita Baptist University.

The Graduate music faculty will administer a program of placements tests to all seeking admission to the graduate program in music. Tests will be administered in:

1. Written and aural theory, sight-singing, and melodic, harmonic, and rhythmic dictation.
2. History, literature, and analysis of music.
3. Music education and conducting.
4. Audition in principal applied area.

The tests will be given during or before the student's first enroll-

ment for graduate work. The test results will be used to determine whether a student may be deficient in any given area of music.

Advisory Committee

At the time of the student's admission to graduate studies, the Dean of the Graduate School will appoint a member of the Graduate Faculty as the student's advisor. The advisor will sign the student's trial schedule.

At the time of the student's application for admission to candidacy, the Dean of the Graduate School, in consultation with the student's advisor, will appoint the Chairman of the student's Advisory Committee and two other members. This committee will advise the student in the preparation of his final degree plan and the writing of his thesis. Upon approval of the final degree plan, the student may be admitted to candidacy.

Deficiencies

A student may remove deficiencies in undergraduate prerequisites in both Education and subject-matter areas in ways outlined under the "Requirements for the Master of Science in Education Degree." Student teaching or teaching internship experiences will be required for those who have not met certification requirements. Students with deficiencies are requested to contact the Director of Teacher Education for suggestions on meeting certification requirements.

Requirements for Admission to Candidacy for the Master's Degree

Having met the requirements for regular admission to graduate studies, a student who satisfies the following requirements will be notified of his admission to candidacy by the Dean of the Graduate School.

1. The student must have earned twelve hours of graduate credit with a grade-point average of at least 3.0 and must have completed the course in research. (See page 16 about grades and quality credits.)
2. The student must have maintained the University's standards of personal conduct during his graduate studies.
3. The student must have demonstrated satisfactory proficiency in the use of oral and written English.
4. The student's "Degree Plan" must be completed by the student, approved by his Advisory Committee, and approved by the Dean of the Graduate School. Candidates must meet the professional and scholastic qualifications as determined by the University's Teacher Education Council.
5. The student must submit an "Application for Admission to Candidacy" to the Dean of the Graduate School. (The forms

for Admission to Candidacy may be obtained from the Dean's office.)

6. The student's "Application for Admission to Candidacy" must be approved by the Graduate Council.

REQUIREMENTS FOR THE MASTER'S DEGREE

Several general requirements apply to all candidates for the Master's degree. In addition, certain specific requirements exist for the two programs.

General Degree Requirements

1. The student must fulfill the requirement for admission to graduate studies and admission to candidacy.
2. A minimum of thirty semester hours must be completed after admission to graduate studies with a minimum grade average of 3.0.
3. At least half of the required semester hours earned must be in 600 level courses.
4. The student must complete all required work for the degree within a period of five years after his enrollment in his first course for graduate credit. A minimum of twenty-four semester hours must be completed at Ouachita Baptist University. No more than six hours of work will be transferred from another institution. No credits below the "B" level will be accepted as transfer work. Any transferable credit more than five years old at the time of transfer must be revalidated by examination. No more than twelve hours may be taken by any combination of transfer, off-campus, or special studies.

Specific Degree Requirements

1. **For the Master of Music Education.**

In addition to completing the general requirements above, the candidate for the Master of Music Education Degree must complete the following:

All students must pass a keyboard proficiency examination.

All students must pass a performance barrier in their major applied area.

All students are required to participate in a music ensemble.

Required courses in Music Education:

6073. Seminar in Research and Bibliography

Eight hours from the following:

5132. Vocal Pedagogy

5142. Piano Pedagogy

6063. Seminar in Music Education

- 6022. Advanced Conducting
- 6032. Instrumental Pedagogy
- 6033. Choral Music Methods and Materials
- 6042. Choral Literature
- 6092. Instrumental Literature

Four hours of music theory courses selected from the following:

- 5263. Pedagogy of Theory
- 6072. Seminar in Music Theory-Composition

Three hours of music history courses selected from the following.

- 5243. 20th Century Music
- 5253. American Music
- 6083. Seminar in Music History

Four hours of applied music (Minimum requirement)

Ten to twelve hours of electives from the following:

- 6081-3. Independent Studies
Courses selected from Applied Music, Theory, Composition, History, Literature, Music Education, or Education (600 level courses).
- 6093-6. Thesis

For students anticipating doctoral studies, thesis is strongly recommended.

The student who elects to write a thesis shall proceed as follows:

- (a) The student must present a thesis prospectus to the Chairman of his Advisory Committee.
- (b) The Student's Advisory Committee will be responsible for determining the acceptability of the student's thesis prospectus. This will be done in a formal meeting of the student with his Advisory Committee. The Chairman of the student's Advisory Committee will notify the Dean of the Graduate School of the Committee's decision, and a copy of the student's final prospectus, signed by the Committee will be attached when the Committee accepts the prospectus.
- (c) When the prospectus is acceptable, the Advisory Committee will direct the student in the development of the prospectus into a completed thesis. A standard manual of style such as Campbell's *Form and Style in Thesis Writing* or Turabian's *A Manual for Writers* shall be used in writing the thesis.
- (d) One copy of the thesis signed by all members of the student's Advisory Committee will be filed with the Dean of the Graduate School who will arrange a review seminar composed of the student's Advisory Committee, an additional graduate faculty member appointed by the Dean as a reader, and the Dean of the Graduate School, to determine the status of the thesis.
- (e) Three copies of the approved thesis and three copies of an abstract of less than 600 words must be filed by

the Chairman of the student's Advisory Committee with the Dean of the Graduate School at least 14 days before the date on which the student expects to graduate. A final oral exam covering the thesis and the student's general music background must be satisfactorily passed.

Students who elect not to write a thesis must complete 34 hours of course work in music. Final written and oral comprehensive exams must be satisfactorily passed.

2. For the Master of Science in Elementary Education.

In addition to completing the general degree requirements, the candidate for the Master of Science in Education degree in Elementary Education must complete:

1. A minimum of twelve semester hours of graduate credit in Education. This must include Education 6003 and six semester hours of graduate work in specialized Elementary Education. Education 6003 must be completed prior to admission to candidacy.
2. A minimum of twelve semester hours in subject-matter areas: English, Natural Sciences, and Social Studies. A student's subject-matter area (or areas) will be determined by the needs of the student with the approval of the chairman of his Advisory Committee.

3. For the Master of Science in Secondary Education.

In addition to completing the general degree requirements, the candidate for the Master of Science in Education degree in Secondary Education must complete:

1. A minimum of nine semester hours of graduate credit in professional Education, including Education 6003. Education 6003 must be completed prior to admission to candidacy.
2. A minimum of eighteen semester hours of graduate work in the student's subject-matter areas of desired endorsement: English, Natural Sciences, and Social Studies. The eighteen semester hours must be in no more than two fields, and a minimum of twelve semester hours must be taken in one field.
3. Electives to complete a minimum total of thirty semester hours. Electives may be either in Education or in a subject-matter field.

4. Subject-Matter Areas.

Subject-matter areas include English, Natural Sciences, and Social Studies.

The student in Elementary Education must choose a minimum of twelve semester hours in subject-matter areas. These areas will be

determined by the needs of the student with the approval of the Chairman of his Advisory Committee and the Director of Teacher Education.

The student in Secondary Education must choose a minimum of eighteen semester hours in subject-matter areas. These eighteen semester hours must be in no more than two fields, and a minimum of twelve semester hours must be taken in one field.

Time of Registration

Students who qualify for admission may enter at the beginning of the fall semester, the spring semester, or any summer term. It is best to register during the specified registration period. Late registration is not encouraged and is forbidden after the third week following registration during the fall or spring semester.

In registering, the student is expected to consult with the chairman of his Advisory Committee, develop a tentative schedule, fill out registration and class cards, and arrange payments with the Business office.

Changes in Registration

After a student and the chairman of his Advisory Committee have arranged a semester's study program, changes in it are not encouraged. Any change of course during the first two weeks involves a fee of five dollars for each course. Beginning with the third week, a student may not add a new course. A change in registration requires the written permission of the student's committee chairman and the Dean of the Graduate School. Permission to add or drop a course during the first three weeks of a semester may be granted by the Dean of the Graduate School. In cases of unusual circumstances students may secure permission to drop a course after the three-week period by making application to the Dean of the Graduate School. If a course is dropped without permission, a failure is recorded. Even when permission is granted, a failure is recorded if the student is below a passing grade in the course at the time it was dropped. Credit will not be given in a course for which a student has not officially registered.

Applications for changes in registration may be secured in the office of the Dean of the Graduate School.

The Student's Academic Load

The maximum load for the graduate student during the fall or spring semester is fifteen semester hours. There are no exceptions to

this regulation. If a graduate student is working on or off campus, he should consult the Dean of the Graduate School about his academic load and should not plan to take more than six hours of academic work during any semester. A normal load is nine hours.

Grades and Quality Credits

Scholastic achievement at Ouachita is rated on a four-point scale and is indicated by these symbols:

- A is equivalent to four quality credits per semester hour and denotes excellence, the quality of work expected of superior students doing their best work.
- B is worth three quality credits per semester hours and indicates better than average work.
- C is worth two quality credits per semester hour and indicates average but satisfactory work of the average student.
- D carries one quality credit per semester hour and indicates passing but unsatisfactory work.
- F indicates failure to achieve a passing quality of work. An F may not be removed from the record. It may be offset only by taking the course regularly in class again.
- I indicates that a student's required work is incomplete and is given at the discretion of the instructor for good and sufficient reason. A grade of "I" automatically becomes "F" unless the deficiency is made up during the next semester the student is in residence. A grade of "I" must be made up within one year as a maximum.
- Dr indicates that a student officially dropped a course with a passing grade.

No grade lower than C may count toward a graduate degree. The graduate student must maintain at least a B average to remain in the graduate program.

Withdrawal from the University

A student may withdraw voluntarily or at the request of the University. He may be asked to withdraw if: (a) his actions or attitudes are unworthy of a good campus citizen; (b) his scholastic record falls below normal expectations; (c) his financial record is unsatisfactory to the University.

When the student withdraws for any reason, he is expected to report to the Dean of the Graduate School, to the Registrar, and to the Business Office before he leaves the campus. Checkout clearance will help to prevent any damaging additions to his official record.

COURSES OF INSTRUCTION

Courses numbered 6000 to 6999 are restricted to graduate students. Courses numbered 5000 to 5999 may be taken by graduate students on the approval of the Dean and the student's Advisory Committee and with the understanding that additional work beyond that required of undergraduates will be required of graduate students.

The second digit denotes the normal course sequence. The last digit indicates the number of credit hours for the course.

Unless otherwise indicated, all courses are open to all students. Stated prerequisites may be waived only with the consent of the instructor. Unless otherwise indicated, courses will be offered once each year.

The University reserves the right to withdraw or change courses; however, the indicated times for offering courses will be observed as closely as possible.

General Courses

6371-6. Graduate Institute or Workshop.

Provides graduate students with intensive study in selective theoretical or methodological aspects of education or music. A student may take this course more than one time, but the total credit cannot exceed six semester hours.

6381-3. Independent Studies.

Advanced research for graduate students concentrating in education or music.

6393-6. Thesis.

Optional. (See statements concerning "Continuing Thesis Fee" on page 7).

MASTER OF MUSIC EDUCATION

The specific purposes of the graduate program in music are:

1. To lead the student to develop musicianship by a comprehensive study of music history, music theory, music literature, and performance practices.
2. To lead the student to creative activity in the field of music.
3. To encourage the student to inquire into the elements of music, especially the elements of music of the present age.
4. To help prepare the student for a career in public school music.

Applied Music

Piano, Organ, Voice, Brass Instruments, Woodwinds, Strings, Percussion. On Demand.

Advanced applied study for graduate students. For one hour credit, one private lesson per week; for three hours credit, two private lessons per week. Jury exam required.

Music Education

5132. Vocal Pedagogy.

Psychological and physiological problems in the teaching of voice production. Instruction and supervision in the mechanics and methods of teaching private and class voice are presented. **Fall, Summer.**

5142. Piano Pedagogy.

A study of drill methods, fundamentals, teaching materials, and principal problems of piano teaching. **Spring, Summer.**

6022. Advanced Conducting.

An advanced study of vocal and instrumental conducting. **Spring.**

6032. Instrumental Pedagogy.

A study of techniques, methods, and materials of band and orchestral instruments. **Fall.**

6033. Choral Music Methods and Materials.

A study of techniques, methods, and materials for the choral music program. **Spring.**

6042. Choral Literature.

A chronological study of choral literature from the Renaissance period to the present with attention given to form of composition and style of performance. **On demand.**

6063. Seminar in Music Education.

A study of the psychological and philosophical elements of music education.

6073. Seminar in Research and Bibliography.

A study of theory and methods of research in music education. A study of bibliography of important music sources. **Fall, Summer.**

6092. Instrumental Literature.

A study and analysis of standard band literature as it applies to the current band's need.

Music Theory and Composition

Theory and Composition

5263. Pedagogy of Theory.

A course in the teaching of theory. **Spring, Summer.**

6000. Theory Review.

Review of undergraduate harmony and ear training for those failing to meet the required entrance standards. 3 hours. No credit. **On demand.**

6052. Advanced Composition.

Intensive work in free composition in twentieth century idiom. Prerequisite: Music 4202, 4212, or approval of the instructor after original compositions have been submitted. **On demand.**

6072. Seminar in Music Theory-Composition.

A specialized study in one or more specific aspects of Theory or Composition.

History and Literature

5243. Twentieth Century Music.

A survey of the trends in Western music of the Twentieth Century. Extensive listening to recorded music is required. **Fall.**

5253. American Music.

A study of American music from 1620 to the present; basically, an account of the music written in America and its impact upon American civilization. **Spring.**

6083. Seminar in Music History.

A detailed exploration of one or more specific period of music history.

MASTER OF SCIENCE IN EDUCATION

The general purpose of Ouachita's graduate program in teacher education is to improve the overall competence of persons engaged in elementary or secondary education. More specifically the program is designed:

1. To enable the student who has the baccalaureate degree with a liberal arts background to qualify to teach in elementary or secondary schools;
2. To permit the student with the baccalaureate degree who has met requirements for certification to enrich and expand his knowledge in his major subject-matter area(s) and develop his competencies in the teaching-learning process;
3. To enable a teacher to qualify to teach at a different level, e.g., a secondary teacher may wish to qualify to teach in elementary schools;
4. To strengthen the in-service teacher by up-dating both his knowledge of subject-matter area(s) and by increasing his competencies in the teaching learning process;
5. To give the experienced teacher the opportunity to meet requirements of local school in-service programs and/or legal provisions for the renewal of a teaching certificate;
6. To give the student a working knowledge of scholarly research techniques so that he may analyze various studies and be able to draw logical and practical conclusions from such investigations;
7. To give the student flexibility in planning for his particular needs;
8. To provide the student with a sound basis for additional graduate work in education and subject-matter areas.

Education

5006. Practicum.

For graduate students who have not completed student teaching. Not for degree credit.

5013. The Secondary School Curriculum.

A course in principles and practices in the organization and development of the curriculum for the secondary school. The course includes a study of content, purposes and objectives of the secondary school curriculum. **On Demand.**

5043-6. Practicum in Early Childhood Education.

Opportunities for observation, participation and teaching in kindergarten under direct supervision. **Fall, Spring.**

5951-3. Contemporary Problems in American Education.

This course is of a workshop nature concerned with the problems of compensatory education and current issues in American education. **On Demand.**

6003. Educational Research.

Required of all graduate students. Introduces the student to graduate work in education. Lectures pertain to work in bibliography, theory, and methods of research.

6013. Advanced Educational Psychology.

This course stresses the various theories of learning and their application in the classroom. Emphasis is given to problems in learning and motivation.

6023. Advanced Child Growth and Development.

The development of the child from birth through the sixth grade with special emphasis on the school-age child and his physical, mental, and social growth.

6033. Foundation of Reading.

Traces the historical background of formal reading instruction, and proceeds through the developmental stages of the reading process in elementary grades.

6043. Psychology of Reading.

A study of psychological principles of teaching and learning as they relate to the reading behavior of elementary pupils.

6053. Diagnosis and Correction of Reading Disabilities.

Studies techniques for assessing reading disabilities and steps to be taken in their correction.

6063. Practicum in Reading Improvement.

Furnishes actual experience in use of practical techniques designed for improving all major areas of the reading process.

6103. History and Philosophy of Education.

A study is made of American education from its historical and philosophical viewpoints. Historical and philosophical data are related to the understanding of learning.

6113. Principles of Guidance.

A survey is given of the guidance procedures and techniques as they relate to the classroom teacher in the secondary school.

6123. The Teacher and School Administration.

This course deals with the administration and administrative problems from the teacher's point of view; the role of the teacher in school administration is emphasized.

6133. Advanced Methods.

A study of resources and methods in stimulating, guiding, and directing learning and trends in organization for teaching in Middle or Secondary Schools. It is recommended that this course be taken concurrently with Educ. 5006.

6143. Elementary School Curriculum.

This course evaluates new developments in curriculum organization and in teaching methods applicable to the elementary school.

6153. Education and Society.

A study of education as a social system and its interrelationships with other social systems such as the family, religion, economics, government, and politics.

6273. Seminar in Elementary Education.

An analysis is made of the current issues in elementary education. These issues are studied in relation to elementary school organization, administration, and curriculum planning. Each student selects a project or problem as a major center of interest.

6283. Seminar in Secondary Education.

Concentrated courses concerning problems and trends in secondary education, the organization and administration of the curriculum, the philosophy and science of the teaching-learning process, and secondary subject matter areas such as social studies, mathematics, sciences, and English.

See page 17 for additional courses.

Courses of Instruction in Subject-Matter Areas

ENGLISH

5003. The British Novel.

A survey is made of the British novel with special attention being given to twelve to fifteen representative novels.

5013. The American Novel.

A survey is made of the genre with a study in depth of twelve to fifteen representative American novels.

5023. History of the English Language.

Beginning with a study of the Indo-European Languages, the course presents the various influences of Old English and Middle English upon the development of the English language of today. **Fall.**

5033. Chaucer.

A preliminary study of Chaucer's language is followed by reading *Canterbury Tales* and minor poems with attention to the Middle English types and values of the works. **Spring.**

5043. Shakespeare.

A study of the plays of Shakespeare. **Fall.**

6003. Seminar in British Literature.

The specific area of study will be announced in the current schedule and will be determined by the needs of students and the interests of the instructor. May be taken more than once for credit provided the topics are different.

6023. Seminar in American Literature.

The specific area of study will be announced in the current schedule and will be determined by the needs of students and the interests of the instructor. May be taken more than once for credit provided the topics are different.

6043. Seminar in World Literature.

The specific area of study will be announced in the current schedule and will be determined by the needs of students and the interests of the instructor. May be taken more than once for credit provided the topics are different.

THE NATURAL SCIENCES

BIOLOGY

5014. Histology and Microtechniques.

Lecture and laboratory dealing with primary tissues of vertebrate animals. Spring, alternate years and on demand.

5024. Developmental Biology.

A comparative study of the development of the vertebrate embryo. Cell division, gametogenesis, fertilization, cleavage, gastrulation, and organ formation in the frog, chick, and pig are studied. Lecture and laboratory. Spring, alternate years and on demand.

5801-4. Individual Study, Group Study, Research.

6004. Microbiology for Teachers.

A study of selected microorganisms from the standpoint of form, staining and biochemical properties, life cycles and their importance to man. Spring, On Demand.

6011-3. Biological Theories.

A study of the development and significance of selected theories of biology. On demand.

6023. Biology for Public School Teachers.

A study of the development of fundamental biological principles and theories, their relationships to each other and to other areas of the natural sciences. On demand.

6032-3. Contemporary Topics in Biology

A course utilizing tapes and visual material dealing with selected topics in biology. On demand.

6043. Principles of Taxonomy.

A study of the development of plant and animal taxonomy; laboratory study of a collection of local species of plants and animals. On demand.

See page 17 for additional courses.

CHEMISTRY

5004. Modern Organic Chemistry.

A course in modern synthetic methods and modern methods of identifying organic compounds. This course emphasizes the use of chemical literature and modern equipment. More complicated reaction mechanisms are also treated.

5054. Physical Chemistry.

An introductory physical chemistry course. This course includes pertinent topics in calculus and treats thermodynamics, kinetics, and various topics from electrochemistry and radiochemistry. Lecture three hours, laboratory three hours per week. Prerequisite: Chemistry 2004. Spring, 1978 and alternate years.

5701-4. Special Topics in Chemistry.

This course is varied to suit the interest of the student. Given on demand.

6023. Advanced Quantitative Analysis for Teachers.

Modern analytical techniques and applicable theory. This course treats instrumental methods and analytical techniques which will best help the teacher to understand topics he must teach and gives him an appreciation of modern chemical laboratory work. Lecture two hours, laboratory three hours per week. Prerequisite: Chemistry 2004.

6033. Advanced Inorganic Chemistry for Teachers.

Descriptive inorganic chemistry and theories of atomic and molecular structure. The elements are treated in periodic groupings and the theories are so correlated as to help the students make predictions about chemical phenomenon. Lecture three hours per week. Prerequisite or corequisite: Chemistry 4054.

6043. Advanced Biochemistry for Teachers.

A continuation of Chemistry 4023 treating blood, chemistry of respiration, metabolism and nutrition. Prerequisite: Chemistry 4023.

6051. Biochemistry Laboratory.

Procedures and techniques of preparation and analysis of biochemical materials. Prerequisite or corequisite: Chemistry 6043.

6063-6064. Physical Science for Teachers.

This course provides for the teacher an exploration of the basic concepts and principles of chemistry, geology, physics, and astronomy. Stress is placed upon the way in which scientific laws and theories are evolved. A foundation is given for understanding the importance of science and scientific problems of national importance.

See page 17 for additional courses.

MATHEMATICS

5003. Differential Equations.

Ordinary differential equations such as occur in geometry, physics, and chemistry. Prerequisite: Mathematics 3034.

5023. Advanced Calculus I.

A more theoretical treatment than is provided by the basic Calculus courses. Topics include limits and continuity, derivatives and differentials, power series, functions of several variables, partial differentiation and implicit functions. **Fall, 1977 and alternate years.**

5033. Advanced Calculus II.

Continuation of Mathematics 5023. The course covers various topics concerning integrals, including integrable functions with discontinuities, iterated integrals, stieltjes integrals, double and triple integrals, improper integrals and integration over a surface. **Spring, 1978 and alternate years.**

5063. Linear Algebra.

A study of vectors, vector spaces, matrices, and determinants. Prerequisite: Mathematics 1003. **Fall, 1978 and alternate years.**

5073. Introduction to Topology.

A basic course in point-set topology. Topics include abstract topological spaces, topology of lines and planes, connectedness, compact spaces and continuous mappings. **Fall, 1978 and alternate years.**

6053. Advanced Fortran Programming.

A continuation of Mathematics 2003. A study is made of problems dealing with arrays, matrices and surveys with cross-tabulation. Prerequisite: Mathematics 2003. **On demand.**

PHYSICS

5003. Mechanics.

A study of the fundamentals of mechanics as applied to particles, systems of particles, and rigid bodies including harmonic oscillators and central force fields. Prerequisites: Physics 2003 and Differential Equations. **Fall, 1978 and alternate years.**

5013. Atmospheric Physics.

A study of the physical principles involved in meteorology. Prerequisites: Physics 1013 or 2013 and Calculus III. **Fall, 1979 and alternate years.**

5023. Thermodynamics.

A study of the basic principles of classical thermodynamics and statistical mechanics. Prerequisites: Physics 1013 or 2013 and Calculus III. **Fall, 1978 and alternate years.**

5031. Physics Laboratory.

Experiments in atmospheric physics and thermodynamics. Co-requisite: Physics 4013 or 4023. **Fall.**

5043. Introduction to Quantum Mechanics.

An introduction to the postulates and rules of quantum mechanics. Prerequisite: Physics 4003. Spring, 1979 and alternate years.

5053. Mathematical Physics.

Mathematical methods applied to physics. Prerequisites: Physics 2013 and Differential Equations. Spring, 1980 and alternate years.

5061. Introduction to Physics Research.

To introduce the student to the theory, techniques and methods of laboratory and library research. Prerequisite: 18 hours of Physics. Spring.

5801-4. Individual Study, Group Study, Research.

This course is offered to provide competent students with an opportunity to do independent study and research or to study special topics. Prerequisite: Fifteen hours of Physics, Junior standing, permission of the supervising faculty member, and filing a copy of the prospectus with the departmental chairman. On demand.

6063-6064. Physical Science for Teachers.

This course provides for the elementary teacher an exploration of the basic concepts and principles of chemistry, geology, physics, and astronomy. Stress is placed upon the way in which scientific laws and theories are evolved. A foundation is given for understanding the importance of science and scientific problems of national importance.

See page 17 for additional courses.

THE SOCIAL SCIENCES

HISTORY

5013. Revolutionary Europe, 1789-1914.

A survey of the major political, social, cultural, intellectual and economic revolutions that transformed Europe during the era of its greatest world ascendancy. Fall 1979 and alternate years.

5123. Twentieth Century Europe.

Causes and results of World War I, the search for a permanent peace, the rise of totalitarianism, World War II, the Cold War and the search for security in an irrational world. Spring, 1978 and alternate years.

5203. American Constitutional History.

Constitutional development in the United States from English and colonial backgrounds through the present. Particular emphasis is placed on the emergence, evolution and change of doctrines and concepts from a changing social and intellectual base. Fall 1978 and alternate years.

5303. Arkansas History.

The political, economic, social and cultural development of Arkansas from the coming of the Indian to the present, with special emphasis on Arkansas as a national and regional component. **Spring 1980 and alternate years.**

5403. The American West.

A survey of the history of the American West with emphasis on exploration and settlement, American Indians, and the impact of the frontier on the American culture. **Spring 1980 and alternate years.**

5503. American Diplomacy.

Early problems with Great Britain, France and Spain; special emphasis on the Monroe Doctrine and Manifest Destiny; rounding out the national boundaries; emergence of the United States as a world power; expansion after 1865, with special emphasis on the 1890's; the diplomacy of Theodore Roosevelt's administration; special emphasis on the period from 1914 to 1945; the United States as the leading world power. See Political Science 4503. **Spring.**

5613. American Popular Culture.

A study of American culture from the colonial through the modern eras; the development of a national culture and its subsequent modification of ideas, institutions and technology; some of the key figures involved; and the result. **Spring 1979 and alternate years.**

5623. American Social History.

American society placed in historical perspective. Special attention is given to the shaping of American religion, the impact of the industrial revolution, social class, mobility, race and the family. **Fall 1979 and alternate years.**

6003. Graduate Research Seminar.

Introduction to the methods and materials of historical research and writing; directed research in special topics designed to acquaint students in history with library use, note-taking, preparation of bibliography, the nature, use, and criticism of documents, and preparation of manuscript. **On demand.**

6103. Graduate Professional Seminar.

Special topics which will vary from semester to semester.

See page 17 for additional courses.

POLITICAL SCIENCE

5003. Campaign Politics: Theory and Practice.

A practical approach to campaign techniques. The student will explore campaign organization, research, budgeting, advertising, the use of media and strategy. Fall.

5013. American Political Thought.

Problems and thought of selected men and historical periods, to discover the criticism and formulation of a democratic, constitutional theory.

5053. American Diplomacy.

Diplomatic problems and policies from the American Revolution to the present. Prerequisite: six hours of history.

6003. Seminar in American Politics to 1865.

An intensive analysis of selected events and times through class participations, individual conferences, and directed research to obtain a more comprehensive understanding of the American political scene.

6013. Seminar in American Politics since 1865.

An intensive study of the American political scene in the modern period employing similar class and research techniques. Primary stress will be upon the changing conditions of American political thought and society.

6023. Constitutional Government and Free Enterprise System.

A careful examination of the social, cultural, and economic institutions of our Republic as they have been influenced and shaped by legislative acts and judicial decisions and interpretations. Comparisons will be drawn between our Republic and other politico-economics systems. Fall 1978 and alternate years.

6033. Special Studies: The Presidency.

A detailed analysis of the characteristics, behavior, style and images that go into making up what is known as the American Presidency. Fall.

6063. Comparative Political Systems.

An intensive analysis will be given of the varied theories and systems of government and how they confront each other, with special emphasis on comparison and competition with the United States.

See page 17 for additional courses.

SOCIOLOGY

5003. Social Organization.

A basic course in the study of the role that power plays in the process of social organizational and social stratification; a survey of various agencies of social control (economic, political, military) and the methods by which these groups can be made effective in directing the behavior of others. Problems brought about by over-organization (bureaucracy) and under-organization. The democratic versus the authoritarian method of social control is reviewed extensively. **Spring.**

5013. Social Disorganization.

Consideration is given to the role that social change plays in bringing about personal and social disorganization. A study of costs and casualties as the price paid for survival and/or participation in an acquisitive society; status-seeking; waste of human resources (poverty); cultural limitations in the decision making process; and disorganization as found in families, social classes, political, economic and religious organizations. **Fall 1979 and alternate years.**

5023. The Sociology of Childhood.

The sociological approach to the problem of socialization as it is manifest in parent-child relationship. The course is especially designed for those who plan to work or live with children and want a professional understanding of life as the child sees it. Particular attention will be given to all social or religious agencies which work with children such as the Children's Colony, Church (Day) Child Care Centers and all Governmental programs such as Head Start and the Early Childhood Development program. **On demand.**

5043. Research Problems.

Techniques of research in sociology including research design, questionnaire construction, collection of data, processing, coding, analysis and a brief review of statistics as a tool in social research; the interview as a fundamental tool in investigation and field exploration; graphic presentation of research findings plus the organization and analysis of data.

5053. Sociological Theory.

The course in theory will provide systematic explanations and predictions relating to the nature, patterns, and dynamics of human social interaction. It will deal with basic principles and assumptions of social structure and process and will attempt to show the logical and conceptual framework of modern sociological thought.

5063. Race and Ethnic Relations.

A survey of the problems arising from the contacts of peoples who differ as to race and culture; perceiving and thinking about group

and minority differences; acquiring prejudice; character structure; reducing group tensions; promotion of social stability; special emphasis is given to a study of the economic, political, and social position of the contemporary American Negro. Fall 1978 and alternate years.

6063. Education and Society.

A study of education as a social system and its interrelationships with other social systems such as the family, religion, economics, government, and politics.

See page 17 for additional courses.

THE 1978-79 GRADUATE FACULTY

Dewey E. Chapel, Ed.D., Dean

(Date in parenthesis indicates first year of current tenure at
Ouachita Baptist University)

William Allen, M.A.

Associate Professor of Mathematics

B.S.E., Henderson State College, 1957; M.A., University of Arkansas, 1965; Northeast Louisiana State University, 1970-71. (1966)

Michael Edward Arrington, M.A.

Director of Academic Skills Development and Assistant Professor of History

B.A., University of Arkansas, 1968; M.A., *ibid.* 1970 (1973)

Pamela Arrington, M.Ed.

Instructor in Education

B.S.E., University of Arkansas, 1969; M.Ed., *ibid.* 1970. (1974)

Thomas Lynn Auffenberg, Ph.D.

Assistant Professor of History

B.A., Texas Christian University, 1969; M.A., Vanderbilt University, 1971; Ph.D., *ibid.*, 1973 (1973)

Harold F. Bass, Jr., M.A.

Instructor in Political Science

B.A., Baylor University, 1971; M.A., Vanderbilt University, 1974. (1976)

Thomas Wayne Bolton, M.M.

Instructor in Music

B.M., Ouachita Baptist University, 1968; M.M., North Texas State University, 1973. (1973)

Richard Brown, M.A.

Associate Professor of Biology

B.S.E., Arkansas A&M, 1960; M.A., George Peabody College, 1963. (1965)

Don Carnahan, Ph.D.

Assistant Professor of Mathematics

B.A., Arkansas College, 1967; M.S., University of Arkansas, 1969; Ph.D., *ibid.*, 1973. (1973)

Charles A. Chambliss, Ed.D.

Professor of Education

B.A., Ouachita Baptist University, 1960; M.Ed., Texas A&M University, 1963; Ed.D., University of Arkansas, 1969. (1965)

Dewey E. Chapel, Ed.D.

Dean of Graduate School and Professor of Education

B.A., Henderson State Teachers College, 1946; M.Ed., East Texas State College, 1952; Ed.D., North Texas State University, 1965. (1963)

Dorothy J. Chapel, M.A., M.L.S.

Associate Professor of Library Science

B.S., Henderson State College, 1946; M.A., East Texas State College, 1952; M.L.S., Texas Women's University, 1965. (1963)

Lewis Lavell Cole, M.A.

Assistant Professor of History

B.A., Northwestern State College, 1966; M.A., *ibid.*, 1968. (1969)

Frances Ann Coulter, M.Ed.

Instructor in History

B.S.E., Ouachita Baptist University, 1964; M.Ed., University of Arkansas, 1969. (1972)

William E. Coulter, Ed.D.

Assistant to the President and Associate Professor of Education

B.S.E., Ouachita Baptist University, 1965; M.Ed., University of Arkansas, 1966; Ed.D., *ibid.*, 1971. (1970)

Wilbur W. Everett, Ph.D.

Professor of Chemistry

B.S., Ouachita Baptist University, 1954; Ph.D., Purdue University, 1959. (1961)

Ralph Ford, Ed.D.

Associate Professor of Education

B.S.E., Henderson State Teachers College, 1956; M.S.E., *ibid.*, 1957; Ed.D., Northeast Louisiana State University, 1974. (1968)

Glen Good, M.S.

Assistant Professor of Physics

B.S., Louisiana Polytechnic Institute, 1963; M.S., *ibid.*, 1964. (1969)

Samuel Ray Granade, Ph.D.

Assistant Professor of History

B.A., Samford University, 1967; M.A., Florida State University, 1968, Ph.D., *ibid.*, 1972 (1971)

Raouf J. Halaby, Ed.D.

Assistant Professor of English

B.A., Ouachita Baptist University, 1968; M.S.E., *ibid.*, 1970; Ed.D., East Texas State University, 1973. (1973)

Paul Garnett Hammond, D.M.A.

Assistant Professor of Music

A.B., Morehead State University, 1967; M.C.M., Southern Baptist Theological Seminary, 1976; D.M.A., *ibid.*, 1974. (1973)

Joe Jeffers, Ph.D.

Assistant Professor in Chemistry and Biology

B.A., Ouachita Baptist University, 1966; Ph.D, Purdue University, 1972. (1972)

George Keck, M.M.

Assistant Professor of Music

B.M., University of Arkansas, 1965; M.M., *ibid.*, 1968. (1969)

Marvin Arnold Lawson, M.M.

Assistant Professor of Music

B.M.E., Hendrix College, 1952; M.M., University of Texas, 1958. (1962)

William Francis McBeth, M.M., D.M.

Professor of Music and Resident Composer

B.M., Hardin-Simmons University, 1954; M.M., University of Texas, 1957; Eastman School of Music, 1962-63, summers 1959, 1960, 1961, 1962, 1964; D.Mus., Hardin-Simmons University, 1971. (1957)

Clark William McCarty, Ph.D.

Professor of Chemistry and Physics

B.A., University of Kansas City, 1937; M.S., University of Nebraska, 1939; B.S.E., Central Missouri State College, 1940; M.A., University of Missouri, 1947; Ph.D., *ibid.*, 1953. (1950)

Betty Jo McCommas, M.A.

Professor of English

B.A., Baylor University, 1953; M.A., *ibid.*, 1954. (1954)

Richard O. Mills, Ed.D.

Assistant Professor of Sociology

B.A., Ouachita Baptist University, 1968; M.S.E., *ibid.*, 1970;
Ed.D., East Texas State University, 1973. (1973)

Winnifred Clyde Mims, Ed.D.

Associate Professor of Education

B.S., Northwestern State University, 1938; M.Ed., Louisiana
State University, 1953, Ed.D., McNeese State University,
1970. (1972)

Gilbert L. Morris, Ph.D.

Professor of English

B.A., Arkansas State College, 1958; M.S.E., *ibid.*, 1962; Ph.D.
University of Arkansas, 1968. (1962)

Alex Richard Nisbet, Ph.D.

Professor of Chemistry

B.S., University of Texas, 1959; Ph.D., *ibid.*, 1963. (1963)

Joe F. Nix, Ph.D.

Professor of Chemistry

B.S., Ouachita Baptist University, 1961; M.S., University of
Arkansas, 1963; Ph.D., *ibid.*, 1966. (1966)

Victor L. Oliver, Ph.D.

Professor of Biology

B.A., Ouachita Baptist University, 1949, M.A., Peabody Col-
lege, 1950; Ph.D., University of Alabama, 1961. (1966)

Virginia Queen, M.M.

Associate Professor of Music

B.A., B.M., Ouachita Baptist University, 1944; M.M., Amer-
ican Conservatory, 1949. (1946)

Randolph Quick, Ed.D.

Professor of Sociology

B.A., Baylor University, 1946; M.A., *ibid.*, 1948; Indiana
University, Ed.D., *ibid.*, 1966. (1953)

James Ranchino, M.A.

Associate Professor of History and Political Science.

B.A., Louisiana College, 1961; M.A., Texas Christian Univer-
sity, 1963; University of Wisconsin, 1963-65. (1965)

Ralph Rauch, M.M.

Assistant Professor of Music

B.M., Conservatory of Music of University of Missouri in Kansas City, 1947; M.M., Eastman School of Music of the University of Rochester, N.Y., 1952. (1966)

Bob Cowley Riley, Ed.D.

Professor of Political Science

B.A., University of Arkansas, 1950; M.A., *ibid.*, 1951; Diploma of Advanced Study, *ibid.*, 1956; Ed.D., University of Arkansas, 1957. (1957)

Herman Sandford, Ph.D.

Professor of English

B.A., Baylor University, 1947; M.A., *ibid.*, 1948; Ph.D., *ibid.*, 1968. (1959)

Charles Kenneth Sandifer, Ed.S.

Associate Professor of Biology

B.A., Ouachita Baptist University, 1949; M.A., George Peabody College, 1950; Ed.S., *ibid.*, 1964. (1961)

Jake Shambarger, Ed.D.

Associate Professor of Education

B.S.E., Arkansas Polytechnic College, 1952; Ed.D., East Texas State University, 1971. (1966)

Mary Shambarger, M.M.

Associate Professor of Music

B.M., Louisiana State University, 1955; M.M., University of Arkansas, 1962. (1966)

George Everett Slavens, Ph.D.

Professor of History

B.A., University of Missouri, 1955; M.A., *ibid.*, 1957; Ph.D., *ibid.*, 1969. (1961)

John Edwin Small, M.S.E.

Visiting Assistant Professor of Education

B.S.E., Henderson State Teachers College, 1959; M.S.E., *ibid.*, 1964; Ed.D., East Texas State University, 1975. (1966)

William Trantham, Ph.D.

Dean of the School of Music

B.S., Southwest Missouri State College; 1951; B.S.E., *ibid.*, 1951; M.M., Northwestern University, 1955; Ph.D., Northwestern University, 1966. (1960)

Thurman O. Watson, Ed.D.

Professor of Education

B.S.E., Southern Illinois University, 1949; M.A., University of Kentucky, 1950; Ed.D., North Texas State University, 1971. (1960)

Charles Eugene Wesley, M.Ed., M.M.

Associate Professor of Music

B.A., Arkansas Polytechnic College, 1959; M.Ed., University Arkansas, 1961; M.M., *ibid.*, 1964. (1961)

John Howard Wink, Ph.D.

Assistant Professor of English

B.A., University of Southern Mississippi, 1966; M.A., University of Arkansas, 1968; Ph.D., *ibid.*, 1974. (1973)

Charles W Wright, Ed.D.

Professor of Music

A.B., Ouachita Baptist University, 1960; B.M.E., *ibid.*, 1961; M.M.E., *ibid.*, 1964; Ed.D., North Texas State University, 1969. (1964)
