On October 9, the Development Council of Ouachita will have the first of their two meetings this year. That meeting will be in conjunction with a Board of Trustees meeting on the same date. On those two occasions each year, the faculty and students are asked not to park from the entrance at Flenniken all the way around behind the Student Center to Walton Gym. This group is a very important group from the standpoint of Ouachita's future development and since they come only twice per year, we try to extend to them the courtesy of parking fairly close to the buildings in which they will be meeting. The meeting will be from 9:30 to 3:00 p.m. Please circle your calendar and plan ahead for that day. We appreciate your co-operation.

About 125 freshman students have been selected to participate in a special testing program that will be used in the study of the GE Program at OBU. These have been randomly selected and will be notified by mail. The participants will be excused from their classes and Chapel on Oct. 14th from 9:30-11:30AM and Oct. 16th from 9:30-11:30AM. We appreciate your help in this research project.
