

At My Desk

Sierra Hagen

The flamingo wears an eye patch,
And stares at hippos who twirl and dance.
Yes, my socks do not match.

Lime green tipped fingers snatch
Candy at a given chance.
The flamingo wears an eye patch.

The most perfect love is found in a batch
Of snicker-doodles, romance!
Yes, my socks do not match.

A single pink egg begins to hatch
All the dinosaurs are in a trance.
The flamingo wears an eye patch.

In a silver box with a latch
Pez is kept hidden from a sneaky glance.
Yes, my socks do not match.

With all this said one would hope you'd catch
How odd it would be to see this desk by chance.
The flamingo wears an eye patch.
Yes, my socks do not match.
