Attention!

The Ouachita Baptist University Tigerette women's basketball season opener against Pittsburg State University from Pittsburg, Kansas scheduled for Saturday, November 17, has changed sites, according to Virginia Honnoll, head coach at OBU.

The game was originally to be played at the University of Arkansas at Monticello, where a basketball jamboree will be in progress, but has been changed to the Ouachita Physical Education Center at 11:00 a.m. on November 17.

Let this mind be in you, which
was also in Christ Jesus.

Phil. 2:5

The author James Michener recently gave \$2,000,000 to Swathmore College, his alma mater. He said that the amount is in repayment of a \$2000 scholarship which he received, with interest. Publicity at the time of the gift contained several quotes from Mr. Michener which should interest us:

The interest was 1000 to 1, just about the financial value of a good liberal-arts education. Of course, the spiritual value is a lot higher.

(My education) was crucial in my life... It unlocks opportunities in life in a way that nothing else could have.

(My education) enlarged my perimeters by about a factor of 50. I came in one person and came out another.

And I left Swarthmore with the understandings and tools that have served me for the rest of my life. A Ouachita education should serve these same purposes. These quotes are important to us for two reasons:

1. Here are some answers for the student who asks what he has to take "all this G.E. stuff."
2. These are goals which our courses, especially those in General Education, should seek.
