CLARK COUNTY CHRONICLES

By Wendy Klicker
For the Sitting

Barkman is known as the "Father of Class 1937," and was the husband of Rebecca Barkman. He was born in 1882, and died in 1952.

Rebecca Barkman has a fascinating story

She was a woman at fifty, weighing fully in the 180s. She was tall, with curly hair, and was known as any backwoodsman, all of whom... With her weight, she was an acquisition set to the team. She used to work at the mill, and later to the post office. She had a reputation for honesty, and was respected by all for her work ethic. She was a woman at fifty, weighing fully in the 180s.
