

“Prior to the fall of Jeggernaut”  
by: Corbin Owens

---

You're in my way, I'm right here, Jeggernaut.  
The shadow you possess engulfs mine own  
Just as the real you hopes to do with me.  
I have witnessed you swallow nebulas  
As effortlessly as a cloud does an  
Airplane, or as noise devours the silence.  
Your hands are known for the destruction of  
My dreams like the skulls of your enemies.  
You are a fiend, Jeggernaut, can you hear?!  
The spirit of David dwells inside me,  
And the fires of doubt are squelched into my past.  
Jeggernaut! You interfere with what's next!  
Impious wretch! You will fall and grant my future!  
You're in my way! I am right here, Jeggernaut!
