The OUACHI-TALK

April 3, 1995

Vol. 17, No. 15

"Untitled" by Benjamin Darley

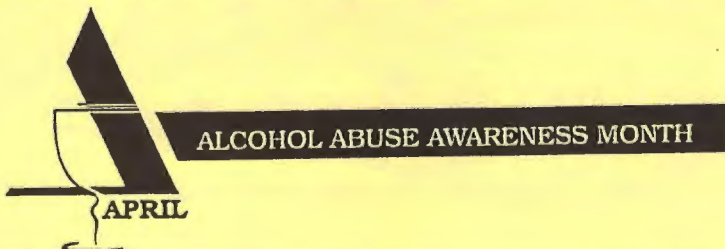

*We're not sure what this is, and we don't understand what it means, but we know it has something to do with April being **Alcohol Abuse Awareness Month** at Ouachita. (Don't worry, Ben, Picasso wasn't always understood, either.)*

But here's something anyone can understand:

According to a recent survey of 56,000 college students, students who report D and F grade point averages consumed an average of 11 alcoholic drinks per weeks.

Alcohol is the number one substance abuse problem among college-aged persons.

Remember: The best way to avoid alcohol-related problems is to choose not to drink.

IT'S ONLY BEER.

Beer contains alcohol. Alcohol is a drug. Alcohol is the number one drug problem in this country. Not marijuana. Not cocaine. Alcohol. Get the point?

Then the King will say to those on his left, 'Come, you who are blessed by my Father; take your inheritance, the kingdom prepared for you since the foundation of the world. For I was hungry and you gave me nothing to eat, I was thirsty and you gave me something to drink, I was a stranger and you did not invite me in, I needed clothes and you did not clothe me, I was sick and you did not look after me, I was in prison and you did not visit me.' ..."The King will reply, 'I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me.'"

Matthew 25:34-36, 40
