## REPORTS.

### REPORT A.

We your committee on Foreign Missions, report as follows: 1. We call attention to the great and growing destitution in Arkansas. Hundreds of thousands of people in our state have no gospel privileges. Great districts have no churches or preachers. Numbers of country towns are without the gospel. Foreign and American born people are moving among us daily. The state mission problem is growing greater and more difficult each year, and thus challenges our devotion the more.

2. We call attention to the growing opportunity as a denomination. Christian people of all faiths are learning to appreciate our faith and becoming interested. Souls are ready for evangelizing work. All things are ready.

3. In view of the needs and in view of the opportunity now presented, we recommend: 1st—That each pastor make special efforts to arouse his people to the needs of this work. 2nd—That every church in our bounds take collection for this work. 3rd—That our people take and pay for and read the state papers that they may be informed about this work.

H. L. WINBURNE,  
W. J. HINSLEY,  
M. H. MEADOR,

### REPORT B.

We your committee on Temperance ask to report: We do insist that all of our pastors preach at least once a year on temperance, and we do think that if the young people were taught that drunkenness would bring them to poverty as we read in Proverbs 23 chap. and 2 Cor. 6 and 11 that they would let the great soul destroyer alone and live a life that would make their mother happy and make the country better, as we need better people than we are to take hold of the church and carry on the great work of God. Some of us was taught to live a temperance life, we can look back and thank God that we were taught to shun the

very appearance of evil while we were young. From what we can see, the Red River Association has done a great work on the temperance question, we also learn from God's word that all Christians must add to their faith temperance before they can become a soul winner for Christ. We do insist that the churches and Sunday Schools teach the people that the use of intoxicating drinks destroy their usefulness for God and man in this great country that God has given us to glorify his name in.

Your Committee,

E. DELAUGHTER,  
JEFF NORTON,  
E. CATES.

## REPORT C.

Dear Brethren: We have been unable to get statistics on the Sunday School work. We judge from the reading of the letters that this work has increased over last year. The importance of Sunday School work is no longer questioned. That it is the best means by which the churches can teach the young people and children, no one doubts. Therefore we boldly assert that no church can do its best work without a Sunday School. Also we recommead that churches use care in selecting their officers and teachers.

## REPORT D.

Your committee on Orphans' Home report as follows: We have but little means of obtaining information as to the exact condition as they now exist in their home. We can only give a general idea as to its needs. Their are about 70 children in the Home, being well cared for comfortably clothed, and having a good school. and religious advantages. The home has been enlarged and refurnished within the last two years, but, owing to the increasing number of children to be cared for it is yet too small. Therunning expenses of the home is over \$300 per month. These helpless ones are dependent upon us brethren. Every dollar expended in their behalf must come from the brotherhood of Arkansas. God is putting it into the hearts of his people to care for them. The question with us is not whether they can get along without our help, but can we afford not to help? It is a noble work. Let the Baptists of Red River Association do their part, and God will abundantly bless them. Send all collections to Rev. O. T. Finch, Box 276, Little Rock, Ark.

## REPORT E.

Your committee on Associated Missions make the following report: We feel that the mission field that we represent is of more importance at present than our brethren realize, in as much as a new railroad is being constructed through our territory, causing new developments and new enterprises to spring up, and many more people are coming into our borders, bringing more opportunities and greater responsibilities on us to sow the seeds of truth. As the field broadens we may need new organizations as much as new life and greater awakening in the churches we already have. It seems to us that the field is nearly planted with organiztrions, but greatly need cultivation in church duty and responsibility. Therefore we recommend that our mission board be instructed to employ a missionary to be put into the field about the 1st of April next to aid pastorless churches and work all destitute places; also that we call for volunteers from the ministers to aid the Missionary fn revival meetings, work at such times and places as may

have need of such work, and that collections be taken and divided equally according to the length of time they have worked.

## REPORT F.

Report on Foreign Missions: The time has passed for discussing missions. The time for business is upon us. There is today large fields opening up for preaching the gospel than ever before. Therefore, there is great need for more liberal contributions. Therefore we earnestly urge that this association make greater efforts to send Missionaries to preach the gospel to those who have it not.

Respectfully submitted,  
J. F. NELSON,  
R. H. HALL, Comm.

## REPORT G.

We your committee on Pastorial Support, beg to report as follows: We find that the majority of the churches are paying their pastors far too little; 1 Cor. 9-14—"Even so hath the Lord ordained that they who preach the gospel should live of the gospel." James 5:4—"Behold the hire of laborers who have reaped down your fields which is of you kept back by fraud crieth; the cries of them which have reaped are entered into the ears of the Lord of Sabbath." Cor. 9-11—"If we have sown unto you spiritual things is it a great thing if we shall reap your carnal things? Since these things are true, we your committee urge that our churches should promptly pay their pastors for their services. A pastor is a man as we are brethren, whose family has to live same as we do. Pay him and see if good doesn't return you fourfold by way of spiritual things. You get out of thing usually what you put into it—the pastor is no exception to this rule. Brethren, did we not endorse the church government when we joined the Baptist church? Here is part of it. "We engage therefore by the Holy Spirit to walk together in Christian love, to strive for the advancement of the church in knowledge holiness and comfort, to promote its prosperity and spirituality, to sustain its worship ordinances, discipline and doctrines, to contribute cheerfully and regularly to the support of the ministry". Brethren if we do not support our pastors we have no right to be Baptists or be a member of the Baptist church. Let us wake up to this work, it is a Christian duty.

Respectfully your committee,  
JOHN BURROWS,  
W. H. DUKE,  
J. R. HART.

## REPORT H.

We your committee on Ministerial Education, submit the following report: The divine command is, "Study to show thyself approved unto God a workman that needeth not to be ashamed, rightly dividing the word of truth." Knowledge is one of the requirements the Lord commands in 1 Pet. 1:5. The crying need of today is for men who shall be able to teach others. These demands of the word of the God are upon us today. We find that Ouachita College and other schools correlated in our denominational system are becoming a great power for good. Last year there were in Ouachita College, aided by the board, twenty-five ministerial students. The probability is that thirty-five will have entered by the middle of this year. Ouachita students have already proven a factor of power for great good in our State. These young men are struggling to carry out the above scripture commands to study, to add knowledge in their requirements of their work of the ministry.

and will greatly need our assistance. We therefore recommend that our churches take collections and forward to H. L. Winburn, treasurer of the ministerial board, to assist young men in educating themselves for the ministry. We further recommend that we encourage our young preachers to attend our schools and equip themselves well for their work.

T. J. BENNETT, Ch'm.

Ministerial Relief. Your committee would recommend that the churches of Red River Association all see to it that their old ministers are tenderly and carefully cared for in their old age. ## MISSION BOARD REPORT.

We your Mission Board, submit the following: That we, according to the instruction of the association, asked all the churches of this association to give their pastors one month for revival meeting work, and have received favorable reports from some churches who tendered their pastor's services for this work, after which your board issued a request and had same published in the Baptist Flag and one of our county papers, for any church or community that doesn't receive revival work through the assistance of the board of said plan of work to notify us of the time and place, but received no reply from any place. Hence the board on coming together again, after viewing the field to the best of their knowledge, undertook to procure the material and field by arranging the work as follows: Bro. Fork at Antoine, who held a seven days meeting, preached fifteen sermons, and prayer session before each meeting, one conversion, collection was 20 dollars. Cost of going to place \$5.00. Bros. Smart and Winburn at Beirne, ten days labor by Brother Smart and five days by Bro. Winburne, resulting in 15 professions of faith, with 7 baptisms and one application approved for baptism. They are determined to build a house of worship and move forward.

## REPORT ON HOME MISSIONS.

The day for discussing Home Missions has passed and the time is here for real earnest and aggressive work. New opportunities are being thrust upon us every day and possibilities are great in this field of work. Every year millions of foreigners are coming to our shores, and they are fettered by the chains of Catholicism and other degrading and God dishonoring religions. Thousands of our own American born citizens know not of Christ. Besides are the new fields of Cuba, Panama, and the Isles of the Pines. The cry comes up from these souls saying, "Save thy self and us." We your committee recommend that our churches be urged to give liberally to the support of this work.

We further recommend that all of our pastors preach on Home missions once this year, and take a collection of this work. We also recommend that our people read the Home Mission Journal, and study it prayerfully that they may be in touch with the field and the great needs of it. Also that we support the work with our means as well as with our prayers.

W. H. STINGLEY,  
T. C. WHITE,  
W. M. MEAD. Committee.

## RESOLUTIONS.

Resolved that this body extend our thanks to the New Home Baptist Church and to the entire community for the hearty reception and great hospitality which we have received at their hands and that we pray God's blessing on the church.
