REPORT "B"

We, your Committee on Destitution, make the following report:

Whereas, we find places destitute of gospel preaching scattered from Saratoga to Wickes, Ark.

We recommend that this Association employ able missionaries to preach the gospel in these places and organize churches if possible, and support them by our means and prayers while they do the work.

F. S. GIBSON,
C. A. RAVAN,

Committee.

REPORT "C"

We, your Committee on Ministerial Support, make the following report:

Believing that we, as Baptists, more than any other people, are contending earnestly for the faith once delivered to the Saints (James 2:25), also believe that a very important part of our work is the support of our Spirit-called and God-given Preachers. We feel that we should prove our faith by our works.

Therefore, we recommend that each of our churches contribute liberally and systematically of their means for the support of their ministers, who are giving their time to this great work.

C. A. RAVAN,
H. B. CHANDLER,
W. H. CANADAY,

Committee.

REPORT "D"

Committee on Foreign Missions makes the following report:

The command of Christ to preach the gospel in all the world places the obligation upon all the churches to send and support missionaries in all places, Home and Foreign.

Inasmuch as we have several missionaries in foreign fields, we should urge dilligently collections from our churches to support them.

Our pastors should strive to awaken an interest in their churches in regard to Foreign Missions.

Jesus said "Ye should be witnesses unto me both in Jerusalem, Judea and Samaria and unto uttermost parts of the earth."

Therefore, we ask that regular offerings be made in support of those already on the field and means raised to support others as the Holy Spirit calls.

L. M. BYERS,
J. F. BOX,

Committee.

REPORT "E"

We, your Committee on Sunday School Work make the following report:

From the letters and reports we find several churches in the bounds of the Association are not maintaining a Sunday School.

Realizing the importance of a good, live Sunday School as a means of developing the rising generation, we therefore request every church to put forth her very best effort to maintain a good, live Sunday School.

From past observation we believe it is largely through the Sunday School that the rising generation is to be trained for future service and usefulness to the churches.

R. N. OWENS,
Committee.

REPORT "F"

We, your Committee on Ministerial Education, beg leave to make the following report:

Learning from God's word that our ministers are required to rightly define the word of truth to every class of people in the world.

In order to do this it is necessary that they understand language and arrangements of discourses that will be instructive and will define the doctrine of our creed against false teachers.

Therefore we urge our young ministers to prepare themselves for their work. We recommend Bod Caw High School as an institution worthy of their consideration.

C. A. TURNER,
H. M. JONES,
J. F. DENNIS,
Committee.

REPORT "G."

We, your commintee on Home Missions, submit the following report:

Whereas Home Missions consist of preaching the gospel of Christ in our home land, and inasmuch as illiterate and unregenerated people are constantly coming to our shores, we therefore recommend that our brethren devote more time and energy to this important work which Christ demanded the de-

ciples to preach the gospel to all the world beginning at Jerusalem.

T. L. EPTON,
E. HODGE,
J. F. BOX,
Committee.

REPORT "H."

We, your committee on Literature, submit the following report:

We recommend first of all a close study of the Bible, the word of truth. We also recommend "The Baptist," Little Rock, Ark.; the Land Mark Sunday School literature, published by the Land Mark Sunday School concern, Little Rock, Ark.; also "The Liberator," Magnolia, Ark.

J. M. COPELAND,
J. D. ALLISON,
Committee.

REPORT "T"

The committee on Young People's work made the following report:

As we have no organized work for the young people, we recommend that each member give his or her attention to the Sunday School work in order that we might know the will of Christ as revealed in His word. We furthermore recommend that each family should take a church paper and the young people should be encouraged to read it. We also recommend that each church send some of its young men as messengers to the annual session of the association in order that they might become interested in this great work.

L. C. AYERS,
M. P. BANDY,
Committee.

REPORT "J."

We, your committee on Woman's Work beg leave to make the following report: Whereas we see that Mary and Martha received Christ into their homes and administered to His wants and listened to his word and we believe that the sisters can receive and encourage Christ's ministers in the work. Christ says 'If we receive whomsoever He sendeth receiveth me (Luke 8:1-2) Also tells of certain women who administered to Him of their substance. Therefore, we recommend that the sisters organize auxiliaries in every church in the association, that

they may be able to render more efficient service in the master's work.

C. M. SEARLES,
S. E. THOMAS,
GEORGIA McFARLAND,
Committee.

REPORT "K."

We, your committee on State Missions, make the following report:

Realizing the importance of State Mission work and the lethargy the churches have fallen into in regard to same, we would recommend that they heed the command to go into all the world and preach the gospel to every creature, and take regular collections and send same to the treasurer of the state association to defray the expenses of those who are giving their time to this work.

F. S. GIBSON,
T. S. BURGESS,
E. H. ASKEW,
Committee.

REPORT "L."

We, your committee on Orphans' Home beg leave to make the following report:

Whereas we are commanded by the scriptures to visit the widows and orphans and as we have a three-story brick building with 10 acres of land, located on North Heights, of Texarkana, Ark., with thirty-three children in the home, twenty-three girls and ten boys, twenty-nine of which are in school, doing from fair to excellent work. We found that \$1800 would put the home out of debt. The committee urges that a collection be taken here and that the messengers from their churches take collections and send same to J. W. Sims, Marvell, Ark. We urge that all the messengers to the general association at Texarkana, Ark., on December 9-13, visit the home and ascertain the needs more fully and make a report at our next Fifth Sunday meeting.

W. S. LESLIE,
W. D. DAVIS,
T. S. BURGESS,
Committee.

REPORT "M"

We, your committee on nomination, make the following

report.

We recommend that the missionary committee be authorized to employ two missionaries for half time each, and that the churches support them. These missionaries are to spend this time in the destitute places in the bounds of the association. Since Antioch is the place of the sitting of this body one year hence, we recommend that Eld. T. F. Westbrooks preach the introductory sermon with Eld. J. A. Turner as alternate. We also recommend that the church send messengers to the General Association which meets at Texarkana, Dec. 9-13, and that each church take a collection to defray the expenses of the General Association.

W. D. DAVIS,

J. D. ALLISON,

W. M. BURGESS,

Committee.

REPORT "N."

We, your committee on aggression of Romanism in the United States, submit the following report:

The history of Romanism is a history of despotism, superstition and crime. The Catholic church (so called) has been the enemy to liberty, both politically and religiously, through more than a thousand years. She has lost her power in the last. It is her openly avowed purpose to make America Catholic. We regard the Romish here as the most dangerous enemy to our Republic. She influences legislation, attempts to control our public officers, assassinates and impeaches officials who will not be ruled by the Pope and his representatives. She publicly opposes free speech and free press, and would prosecute and even kill those who would dare oppose her. We find the Protestant and non-Catholic world asleep on this question, a few men fighting our battle for us. We would recommend to the churches and all American citizens to study the question, and also that they read and support "The Liberator," Magnolia, Ark.; "The Menace," Aurora, Mo.; Watson's publications, Thomas, Ga., and other anti-Catholic literature.

E. HODGE,

T. L. EPTON,

J. F. BOX,

Committee.

REPORT "P"

The committee on Intemperance made the following report:

Intemperance is no less a moral menace than a political issue. Drunkenness expels reason, disturbs the nerves, diminishes strength, inflames the body and causes incurable diseases of the mind and body. Besides this the lands are made barren, rulers reduced to tyrants, homes converted into houses, wives to widows, children to orphans, happiness to disappointments, regrets and wails and laws and order defied. Therefore to prevent the above wiles we recommend that our churches do not tolerate habitual dram drinking among its members, and report to and assist our officers in the enforcement of all liquor laws. Also that they, with other denominations who are friends to intemperance, do their utmost to suppress the manufacture of such liquors.

JOHN C. McWHORTER,

W. D. JONES,

Committee.

REPORT "Q"

The committee on Obituaries made the following report:

Since our last meeting it has pleased our Heavenly Father to call from our midst several of our beloved brethren and sisters, yet in the death of these, we bow in humble submission to His will.

ISAAC CORNISH,

J. M. COPELAND,

R. N. OWENS,

Committee.

REPORT "R"

We, your committee on Prayermeeting, made the following report:

We recommend that a prayermeeting be organized in every community and church, for prayer is the key that unlocks the door of mercy. We further recommend that a close study of God's word on the importance of prayer be made.

C. R. HATCH,

Committee.
