## REPORTS OF COMMITTEES.

### A

There seems to be some misapprehension as to the work of the Home Board, and we would explain that the field of this Board's operation is the destitution in all the Southern States, the Indian Territory and the Island of Cuba. A large number of missionaries are employed on this vast and very important field, and the work being done is of the most satisfactory character. The success of work in Cuba by Diaz and his helpers is phenomenal, and the house for their work in Havannah should be paid for as soon as possible.

The Home Board has long helped our work in Arkansas, not less than two thousand dollars a year coming from that Board to our State Board, thus placing our people under the most weighty obligation to contribute cheerfully and regularly to the work of this Board—and we would suggest that a collection be taken at this Association for the work of the Home Board; also recommend that all of our Churches take at least one collection every year for this work.

C. A. GOWIN,  
R. C. MERRELL,  
W. B. MILLER,  
J. W. STORY,  
W. M. HICKS.

### B

Your committee note with serious apprehension the increase in the sale of intoxicants, and the inroads that the indulgence, in their use, are making on society—its peace, happiness and prosperity. With shame we note that our Churches share in this ruin. Your committee would urge that the pulpits fearlessly hold up this great iniquity before their people—that they be the spotless, the blameless rather than stumbling blocks; that the Churches, in no sense, connive at this monstrous curse of our people.

C. M. PARTIN,  
DAVID HALL,  
G. W. C. LASATOR,  
Committee.

### C

We your committee on Sunday Schools beg leave to make the following report:

We are glad to find that our denomination are manifesting a greater interest in later years, in the Sunday School work than in former times. Yet but few Churches in our Association, if any, are as efficient in this as it is their privilege and duty to be. We believe that our denomination and Churches are losing much by the neglect of the early Biblical training of the children of our land. We also believe that there is *now* no better way available of getting access to the children than the Sunday School, hence we recommend, (1) that the delegates to this body urge the necessity and responsibility of the Sunday School on their individual Churches; (2) that the pastors during the coming year, preach at least one sermon *direct* to the *parents* upon this great work; (3) that they organize as far as practicable a Sunday School in each of their Churches.

T. W. ADAMS, Chairman.

### D

We your committee on education beg leave to report as follows:

We recognize that the day of ignorance is no longer winked at, and to keep from being ignorant we *must* educate. Whatever may have been said as to our

ignorance can no longer truthfully be said. Education and truth on our side have raised us to our now honored position. Again to be able to cope with atheism, infidelity and all the isms and cisms of the world, we *must* educate. Education is of vast importance both in public and private life, but it is more necessary in this advanced age of the world than ever before. Ignorance is the tyrant monster that keeps its victims chained in spiritual darkness "Having a form of Godliness but denying the power thereof." Hence, we, your committee, insist that parents should educate their children to the full ability that God hath given them. We further insist that our young ministers avail themselves of the opportunities now offered them in many of our schools and colleges to get an education free of tuition. While there are many good schools in our State, we would recommend the Ouachita College, as our State denomination college; is the best equipped and the most suitable place to educate our children and our young ministers; hence we insist that it be given our hearty support and patronage.

F. J. ALLEN,  
W. R. McLANE,  
J. W. RICHARDSON,  
T. W. ADAMS,  
A. B. BAKER,  
Committee.

State Missions,.....	6 00
Home Missions,.....	1 35

Total amount,.....\$77 10  
Respectfully submitted,

B. W. WEBB,  
D. K. MOORE.

### F

Your committee on Foreign Missions report as follows:

Whereas we have in this Association sixteen hundred and twenty-five (1625) members; and that a contribution of ten cents per member would amount to one hundred and sixty two dollars annually, probably more than double the amount now given each year Therefore

Resolved, That we earnestly urge, that each Church this associational year give not less than ten cents per member, thereby honoring the name, Missionary Baptist, and also doing what is asked from us in this centennial year of the modern Missionary movement—just 10 cts from every member. All of which is respectfully submitted,

L. ATKINSON, Chairman.

### G

The field is the world, and while we would reverently harken to the great commission "Go ye into all the world and preach the Gospel to every creature," we yet recognize the duty of improving the great opportunity now presented to us of planting the Gospel firmly and securely in every neighborhood of our own beloved State. Not only this but that we adopt systematic methods among our Churches in our Association by which funds may be raised to further the work of the Board. At least one collection should be taken annually in the interest of this work and not later than the second week in October. The demands on the Board cannot be met for want of funds. The highest obligation bids us as far as possible to supply the wants of these great white harvest fields. We think

it would help increase the mission interest if this Association would co-operate with the State Board. Its missionary become that of the State Board. We heartily pledge ourselves to raise what means we can in our several Churches during the coming year for this work and will aid with our practical assistance in every way in our power for the spread of the Gospel until every home within our borders shall have the preaching of the word in their reach. We recommend to the Churches a quarterly contribution. Respectfully submitted,  
W. F. FLOWERS.
