### **Friday Night Session.**

The Association came together by singing and prayer, Brother Forbes being recognized by the Moderator, read the report of the Associational Board. It is as follows:

#### **Report of Missionary Board.**

Report of Missionary Board of Red River Association, 1919-1920: First of November your Board employed Bro. D. P. Cagle for the ensuing year on a salary of \$125.00 per month. He worked nine months and resigned July 1st. The amount of labor as best we could find out from him is, he preached 80 times, keeping up the services at Antoine, Gerliffeld, Delight and other places, as Curtis, Gurdon, Graysonia, Camps and Black Branch. One Sunday School organized and one Pastor secured in a pastorless church. After Bro. Cagle resigned Bros. Horne Elliott and Forbes did some free work to help the work along. The Missionary has been hindered by these facts. The order of this Association made at Bethlehem that the Missionary go only to destitute places, and pastorless churches. He also turned aside from his regular work to aid in the 75 Million Drive. This created some friction. However the board was not responsible for this.

Respectfully submitted—P. T. Dunlop, H. J. P. Horne, Charles G. Elliott, J. M. Thomas, J. D. Bledsoe, James Medlock, W. A. Forbes.

---

Brother Forbes read the report on Associational Missions. It reads as follows:

#### **Report on Associational Missions.**

There have been but very few conversions reported in the past two years by our Missionary. There has been but little co-operation given our Missionary. In view of these conditions, we submit the following recommendations:

1st. The election of a strong man as Missionary to lead

us in our work, and that he be paid a living salary, and be furnished with a means of conveyance.

2nd. That a sufficient per cent of our 75 Million Fund be deducted to enable us to care for our Associational Mission work, and that we be given credit for same by our State Secretary, and asking whatever aid from the State Board needed to carry on our work.

3rd. That our Missionary represent all our organized work.

#### **Report on Christian Education.**

The day has past when our people need to seek an opportunity to educate. The opportunities are here. We have our free school system and our state schools.

But the training that is most vital to Baptists is the training received in our Baptist Schools. Therefore, we recommend to our Baptist folks the Baptist Schools of our state. And whenever possible we should patronize and support them. J. H. Smart, J. W. Webb, Committee.

---

#### **Report on Foreign Missions.**

Thereport of Foreign Missions was read by Bro. Forbes, and discussed by Miss Una Roberts and others. Report was adopted. It reads thus:

The Baptists are doing mission work in Africa, Italy, China, Japan, South America and Mexico and Roumania. To the several fields this year has been sent 100 men and women. Several of the F. M. Board of the S. B. Convention are on a tour of our several mission fields. Four families and trained nurses and single women have been sent to Africa. Four families and several single persons have been sent to South America. Seven families, one woman doctor and one man doctor and several single women have gone to Central China. Four families, three doctors and several single women went to interior China.

Thirteen families, several nurses and many single women have gone to North China. Eight families, two teachers, three doctors and several single women went to South China.

Five families, three teachers and single women went to Japan. For all the fields 197 missionaries, \$308,250. For needed property, \$1,872,750. For annual maintenance, \$2,000,000. In all is needed \$4,181,000. W. A. Forbes, Jas. Medlock.

---

#### **Report on Literature.**

Report on Literature read by Bro. Forbes. Discussed by Bro. Forbes and adopted. It reads:

The religious and all other good papers are means of propagating knowledge. The printed page and the public platform are the chief vehicles of civilization.

For Baptists in this state the Bible, the Advance, the Arkansas Baptist, Home Field and other good papers, are recommended. W. A. Forbes, Green Wilson.

#### **Report of Sunday School Committee**

The Committee on Sunday Schools reported, read by Bro. Horne. Motion to adopt report. The report follows:

We, your Committee on Sunday Schools, beg leave to make the following report: God commanded that we gather the men, women and children together, and the stranger within the gates to learn and fear the Lord our God, that we search the Scripture and meditate on His law day and night.

We therefore recommend: 1st—That each church member be a member of the Sunday School. 2nd—That each Sunday School have a home department giving equal opportunity to each member for self-development. Signed, H. J. P. Horne.

Motion to adjourn to 1:30 Saturday afternoon.

---

#### **Saturday Afternoon Session.**

Orphans Home read by Bro. E. H. Acuff. Motion carried to adopt.

We, your Committee on Orphans Home Work, beg leave to make the following report: There are two Baptist Orphan Homes in the State. One at Monticello under the leadership of Bro. W. F. Dorris, which has at present about 61 children, and the other at Texarkana under the direction of Bro. T. H. Carter, which has between 25 and 30 children. This orphanage work is very dear to us, and we should be very enthusiastic about it. In this work we to a certain extent become mothers to the motherless, and fathers to the fatherless. Let's remember them in much prayer and support the work with our means. E. H. Acuff, J. C. Ballentine, Bro. Hollingshead.

---

#### **Report on Nominations**

Report on Nominations was read by Bro. J. H. Smart and adopted. Following is the report:

We recommend that the next session of the Red River Association be held with the Missionary Grove Church, Nevada County, and that Bro. Sidney Smith preach the introductory sermon; W. A. Forbes, alternate. E. Wood, J. H. Smart W. T. Hollingshead.

---

#### **Report on Temperance**

Report on Temperance read by Bro. Forbes. Spoken to by Bros. Webb, Thomas, King and others. The report was adopted.

These one-two parties in this country—liquor and anti-liquor. This question has been made a political question for years. The passage of the Constitutional amendment excluding liquor from the U. S. was a God send and the result in many ways of the W. C. T. U., and also one of the benefits growing out of the war.

The liquor question has behind it vast sums of money in both political parties of the present presidential campaign.

We would recommend the exclusion from our church every person who would frequently drink or sell or encourage its use or manufacture the same. Every one of us should stand by the Volstead Act—by no means vote for any candidate for office who is on the whiskey side. A. W. King, S. M. Crawford, J. W. Webb.

---

#### **Report on Ministerial Education.**

The Ministerial Educational report was read by E. DeLaughter. Report was adopted after some discussion. Following is the report:

Few reports are more important than the report now offered for your consideration. The future hope of our churches lies in the leadership of our ministry. Our preachers are feeling more and more the need of better training. This being an age of specializing along every line of life. There are a number of ministerial students now in Ouachita College dependent upon the denomination for help.

Therefore we recommend that this Association support them, not only with their good will and prayers, but with their money. E. DeLaughter, Chairman, R. M. Cagle. Green Wilson.

---

Motion by W. A. Forbes to take a collection Sunday morning at the close of the preaching service.

---

#### **Report on Home Missions.**

Bro. Walters read the report on Home Missions. After some interesting discussions the report was adopted. It reads as follows:

Our Home Board works in co-operation with our State and district Associations and local churches. It helps both in raising funds and aiding in conducting the work.

Our Board this year in mountain school work has cared for 38 schools, 224 teachers and 6,152 students. In the past four years these mountain schools have given to the world 350 preachers, 200 lawyers, 225 doctors, 30 nurses, 30 missionaries and 2,500 teachers, besides many girls and boys have returned home to become home-makers.

Our Home Board work in evangelism has been great, until there are now some 50 evangelists and singers. Last year, through our evangelistic forces there were 12,203 saved, and 2,336 volunteers for missionary service. This department was organized in 1913.

Our Home Board organized what is known as the Church Building Department in 1912. The purpose of this department is to aid in the building of houses of homeless churches, of which there are 4,000 in the Southern Baptist Convention.

Our Home Board has helped the negroes of the South, which number 9,500,000, of whom 3,018,000 are Baptists. We have furnished them 35 missionaries.

Our Home Board is striving to reach the 4,000,000 we have in the South of every nationality on earth. Our Home Board is doing splendid work among the 300,000 Indians in this country, half of whom are in the South.

In 1886 the Home Board entered into their work in Cuba which has a population of 2,000,000, with 230,000 of these as foreigners.

The Home Board begun our Canal Zone work in 1905 and we now have eight churches and missions there.

We recommend Mission Study Classes in all of our churches on our Home Mission work, and also the reading of the Home and Foreign Field, and Training For Leadership by Maud Powell.

Your Committee.

---

Motion to adjourn until 7:30.

### Saturday Night Session.

Association came to order by singing. Prayer by Bro. Horne. Report of Women's Work was read by Miss Thelma Bishop. After an excellent discussion by Miss Bishop, Miss Roberts and Mrs. Patterson, the report was adopted. Among other things the women did, in the separate session, was the electing of Miss Jessie Mae Earle as leader of the Young People of our Association. A motion was unanimously carried ing and service, that this training and service makes stronger this work.

Motion to incorporate in the Minutes the various reports of the Women's work.

We, your committee on Women's Work, submit the following report:

At the last Association Mrs. W. S. Jones of Prescott was elected Associational Superintendent, but found it impossible to accept. At the Board meeting during the State Convention Mrs. L. C. Patterson of Arkadelphia was appointed superintendent.

The number of societies in the Association are as follows: W. M. S., 8; Sunbeams, 5; Girls' Auxiliaries, 2; and Royal Ambassadors, 1.

Knowing that these organizations are a means of training and service that this training and service makes stronger church members, and develops the church financially and spiritually, we recommend: 1st—That the pastors encourage Woman's Work and insist on organization of the young people. 2nd—Since real efficiency comes through interest and knowledge, that these organizations take and read Home and Foreign Fields, Royal Service and our State papers. Thelma Bishop, Mrs. W. E. Phillips, Mrs. J. M. Thomas.

---

#### **Report on State Missions.**

Report on State Missions, read by Bro. S. K. Huffman. Report adopted, and is as follows:

Your committee would like to impress on this body, and through you and the churches of the Association the great importance of our State Mission work. Many of us have lived to see that work develops from small beginning to where it now stands—touching in a helpful way every phase of Kingdom work. In former times "State Missions" was confined to strictly mission activities; the other phases of Kingdom work, such as religious education and benevolences each being considered a separate phase of the Lord's work; and each having its board to look after its interests. But in recent years, in order to lessen the somewhat cumbersome machinery necessary to carry on the work, and in order to abbreviate the Associational conflicts in interests that would arise the denomination in the state decided to place the entire duties of these several boards in the hands of one executive board or committee. Since this arrangement has been made, friction in the work has virtually disappeared. Now, therefore, "State Missions" is an expression that covers: Mission proper. Religious Education and Woman's Denominational Benevolences, Orphans Home, Old Ministers Relief, etc.

On account of the recent "75 Million Campaign," a great advance has been made in all activities of Arkansas Baptists,

but the movement is too recent for us to have in hand financial statistics to show what has been and is being accomplished.

It seems to those who have studied this forward movement that it is destined to accomplish great good in the spread of the Gospel. We would therefore urge on our people to co-operate in the work of State Missions. S. K. Huffman, J. R. Culp, Committee.

Motion carried to adjourn until 9 o'clock Sunday morning.

---

### Sunday Morning Session.

---

The Doctor seemed to be at his best, preaching an excellent sermon. Immediately a collection was taken for Associational Missions, amounting in cash and pledges to \$155.00. The session closed till 2 o'clock.

---

### Sunday Afternoon Session.

The Association came together by singing and a prayer by Bro. Smart. Bro. Smith read the report on Young People's Work. The report was discussed by Bros. Smith, DeLaughter, Horne and others. The report is as follows: our work lies with our young people, and that the end the following: Realizing our need of greater efficiency all along the line of Christian endeavor and that future hope of

our work lies with our young people, and that the enlisting and training of the young people, teaching the observance of all things in the commission rest with the churches of Jesus Christ; therefore, we recommend, 1st—That every church, as far as practicable, have a Baptist People's Union. 2nd—That as churches we align our work with all that is in keeping with the Commission using all help fostered through our Baptist cause for this purpose, the Sunday School Board furnishing valuable aid to this work. Respectfully submitted, Sidney Smith, R. S. Brown.

Motion to ask Miss Earle and Mrs. Patterson to keep an account of their expenses for the coming year.

This resolution of thanks was offered: Resolved, that the thanks of this body are hereby expressed to the members of this church and their friends, for the magnificent entertainment given us during the meeting of this Association.

Resolved, that the clerk be authorized to have a sufficient number of the Minutes printed and distributed to meet the needs of this Association, and that he be allowed \$15.00 for his services.
