## Appendix.

### "A."—TEMPERANCE.

Your committee on temperance respectfully report that after a careful review of the temperance work done during the past year we find that at last the Baptist people all over Grand Prairie Association are becoming fully aroused on this great question, insomuch that a determined fight has been made against the saloon and its evil influences. The blind tiger has been captured and destroyed in many places. We also find that where ever the saloon has been kept away and a determined fight made against the blind tiger, God's people have always come out victorious; therefore we earnestly pray God that He may incline the hearts of every Baptist here, and in this broad land to stand firm, make a united effort against the saloon that it may not be said that the Baptist people favor a place where our boys are made drunkards, criminals and convicts; our women are made widows and their children orphans, believing that with the saloon out of the way all law abiding people will help to drive the blind tiger out of the land.

A. H. SOERLAND.

### "B."—EDUCATION.

Never was the necessity for developing the mind more apparent than now. It is necessary for the Minister to be learned in order to better understand the meaning of philosophy of language, and to properly convey the truth to his audi-

case, as well as to successfully overcome the false doctrines taught by the opposers of the truth. It is necessary for the Christian, so that he may be enabled to better understand the truth when presented. True education enlarges our minds, increases our intelligence, and makes us useful Christians as well as better citizens. To those who desire to be better, wiser, happier and more useful on earth, we would say, if possible, procure a good education. And to those who desire an education, we cheerfully recommend the Ouachita Baptist Central College and Mountain Home as institutions of learning and refinement, second to none in the State, and in every way worthy of your patronage.

ROBT. F. ROUTH.

### “C.”—FOREIGN MISSIONS.

The Master said: “Go ye into all the world and preach the gospel to every creature”—Math. 28:19. And in obedience to that command Wm. Cary, of England, in 1892, cried for help to have the gospel preached to the heathens, and that cry was heard. Sixtyfive dollars was raised and one missionary was ready to go and this the begining of foreign mission work, and that work has continued until the present with great results. From one nation to six, from one missionary to 62 and 128 native assistants; 210 in all, 845 baptisms last year, 5,347 church members, \$125,681.99 contributions last year. With this start let us push on in God's name until the kingdom of this world shall become the kingdom of our Lord and Savior Jesus Christ, and that the Grand Prairie Baptist Association contributed their part of the amount asked of the Arkansas Baptists and that the churches be requested to collect five cents per member and the same be sent to R. J. Willingham, Secretary of Foreign Mission Board, Richmond, Va.

ROBT. F. ROUTH,  
J. W. ROBINSON.

### “D.”—HOME MISSIONS.

Your committee on home missions report that the home board of the Southern Baptist Convention are doing a great work for the Master throughout the territory occupied by its missionaries. The home board located at Atlanta, Ga., was organized when the convention was organized in 1845 in Augusta, Ga. The home board of the Southern Baptist Convention during its existence has established about one-eighth of all the white churches in the Southern Baptist Convention; and to these churches 262,802 members have been added. It is apparent therefore that not less than one-eighth of the numerical strength of the Baptists of the South is due to the work of home missions. There is another startling fact, and notwithstanding all that has been done by our churches and mission boards in the last fifty years and the great success that has attended their efforts, the Baptists have increased from 450,000 to 2,600,000. In this southern land it employed 653 missionaries last year, supplied 2,580 churches, baptized 6,552, total additions through its missionaries 12,383 members, organized 194 churches, built 92 church houses, amount expended in its work \$65,818 81,

N. G. WILLIAMS.

### "E"—STATE MISSIONS.

We, your committee on State Missions, submit the following for your consideration: The state mission board is that branch of missions which is fostered within the bounds of our own state convention and by that convention. It is a work from which every church within our state may expect some benefit sooner or later. This work deserves the earnest prayers of every Baptist in the state. We look with humility on the past, that the means contributed to this work by the churches of this association have been so small. The state board sustains the same relation to the state convention that the executive board does to the association. The state board is composed of one member from each association, and every effort is made to make its work a state work in deed and in truth. They seek to cultivate fields where no work is done, and so far as they are able to supplement salaries of pastors of churches which are weak but located in populous communities. The idea is to bring Baptist doctrine to the attention of the greatest possible number of souls. It is evident that the board is limited only by the means given it by the churches. Give the state board double the means next year that it has had and it will occupy double the number of unoccupied fields and supplement the salaries of pastors of twice as many weak churches as it has during the past year. We most heartily commend this work to the churches.

B. F. COBURN.

### "F"—EXECUTIVE BOARD.

Your committee would report that it has had regular meeting on Saturday before each 5th Sunday during the year and for want of funds very little has been done. At the meeting of the board in April there being a special contribution of \$30 to the board for a special work, the board employed Eld. R. F. Routh to do this special work which was to visit each church in the association and preach one sermon on missions to each church, take collections for missions and report the same to the clerk. His report here appended:

Report of Robt. F. Routh, Missionary of Grand Prairie Association.

Days of labor 30, miles traveled 643, public prayers 79, visits made 94, sermons preached 34, people preached to 2,491, average attendance 73, money collected \$28.25. R. F. ROUTH.

#### “I”—SUNDAY SCHOOLS.

We your committee on Sunday schools beg to report that we find a lack of efficient Sunday school workers within the bounds of this association. That many of our churches have no Sunday school at all is true; that several of our churches only avail themselves of this blessing a portion of the year is true, and it is also true that the churches who have a good live Sunday school all the time are abundantly blessed. In view of these facts we your committee wish to impress upon every one present the necessity of more earnest Sunday school work, and that every Baptist present go home from this meeting with a determination

to do more work in this line, for we, your committee believe with all our hearts that herein lies the future welfare of not only those present, but of this entire association; therefore we hope that an earnest effort will be made to the end that we may more fully carry out the wish of our Savior who said: "Suffer little children to come unto me and forbid them not, for of such is the Kingdom of Heaven." And furthermore that we earnestly recommend all our schools to use the literature furnished by the S. B. C., and American Baptist Publishing Society.

### "J."—PUBLICATION.

Your committee on publication respectfully report as follows: That we as an association have great reason to be thankful to the Great Ruler of the universe for the state of our board of publication, which is doing a grand and glorious work for the Master and the human race. We will state that we are highly pleased with the earnest and God-forbearing manner in which the Arkansas Baptist and other papers meet and confront errors, and pray earnestly that they may never cease to do so until the Master shall say, "Come ye blessed of my father, inherit the Kingdom prepared for you from the foundation of the world." We cannot too highly recommend careful attention to these publications and their general distribution among our people, and we do most earnestly recommend the doctrines of our church to the entire world, and humbly ask that they may be examined prayerfully and carefully compared with the Bible.
