ARKADELPHIA, Ark.—Gathering for Ouachita Baptist University's annual Faculty/Staff Banquet, the university recently honored 29 faculty and staff members who have served a combined total of 575 years at Ouachita. Among the longtime faculty and staff members honored, Clark Kuyper and David Sharp were recognized for 35 years of service each.

"Congratulations to our 29 faculty and staff members who were honored for significant service milestones," said Ouachita President Ben Sells. "Ouachita is known for its commitment to a love of God and a love of learning. Our dedicated faculty and staff are deeply involved in modeling and instilling those values as they serve our students and the university.

"Thanks especially to Clark Kuyper and David Sharp who each have served at Ouachita for 35 years," Dr. Sells added. "Their faithful service is representative of our many faculty and staff who embrace Ouachita's mission as a Christ-centered learning community."

Kuyper serves as the Ouachita Water Lab manager in the Patterson School of Natural Sciences. He holds a Bachelor of Science degree in biology from Henderson State University. He also has worked as a biological technician for the U.S. Fish and Wildlife Service and with the Arkadelphia Water Department.

"It's hard to believe I've been doing this for 35 years," Kuyper said. "When you enjoy your work and the people you work with, the time flies. The Ouachita Water Lab has done environmentally impactful work for 50-plus years thanks to the hard work of Joe Nix, numerous full-time technicians and literally hundreds of

student workers over the years. There are few lakes and rivers in Arkansas that have not had their water sampled and analyzed by the Ouachita Water Lab.

"I'd like to thank Ouachita, Joe Nix, Tim Knight and all the many students and technicians who worked in the lab over the years," he noted. "It's been a blast. I'm not going anywhere either so I'm aiming for 40 years."

Sharp has served since 1999 as director of athletics. He previously served from 1982 to 1998 as assistant football coach. He holds both Bachelor of Science in Education and Master of Science in Education degrees from Ouachita. Active in NCAA service, he has chaired the NCAA Division II Championships Committee, Football Committee and Golf Committee and currently serves on the NCAA Football Rules Committee.

"It has been an honor and privilege to serve Ouachita Baptist University," Sharp said. "I have been blessed by the number of relationships with students, faculty and staff and friends of the university.

"Serving at the institution where your entire family has graduated from has been very special," he added. "One of the highlights has been seeing my daughter, Ashlee, and son, Jordon, receive their degrees. Another highlight has been seeing the addition of so many new athletic facilities, including Cliff Harris Stadium. I cannot thank Dr. Rex Horne and Cliff Harris enough for their part in making that a reality."

In addition to Kuyper and Sharp, 27 other faculty and staff members were recognized for service milestones, including:
